WEBER GRAND, SQUARE, AND UPRIGHT PIANOS.

THE WEBER PIANOS are constructed from the musician's standpoint, as well as that of the mechanic; hence these instruments are distinguished from all others by that pure and sympathetic quality of tone that contains the greatest musical possibilities; that consummation of mechanical excellence that admits of the MOST DELICATE AND IMPRESSIVE EFFECTS, while insuring the durability of the instrument; and that uniform superiority that enhances the pleasure of both performer and listener. Constructed from the very best materials and employing only the most skillful workmanship, these instruments combine the highest achievements in the art of Piano Making, and are comprehensively the best now manufactured.
