The peculiar taint of infection which we call SCROFULA, lurks in the constitution of millionaires of men. It either produces or is produced by an impoverished state of the blood, whereon disease finds a lodgment incompetent to sustain the vital forces in the struggle against the system is rendered a prey to the first comer. Scrofula will infect the blood, fall into disorder and decay. The scrofulous constitution is extremely susceptible to mercurial disease, low living, disordered digestion from unhealthy food, impure air, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its source, it is hereditary in the constitution, descending from parents to children unto the third and fourth generation—indeed, it seems to be the rod of Heaven with which God visits the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; on the glands, swellings which suppurate and become chronic sores; on the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaint; on the skin, eruptive and cutaneous affections. They all have the same origin, require the same remedy, viz.: purification and invigoration of the blood. Nearly one third of the population of this country have you. With a few dollars and a little time, you can be healthy, full, or corpulent, and have the blood, which is the life of the flesh, as healthy, you cannot have serious disease.

**Ayer's Sarsaparilla**

is compounded from the most efficacious alteratives that have been discovered for the alleviation and cure of the disease. That it is the best blood purifier yet known by all who have tried it, is the testimony of thousands. Its power to cure the most aggravated forms of scrofulous disease is well known in this community, where its virtues have been proved by almost every family. Its reputation is such that some people think there is any sickness it will cure. This is not so. It will not cure consumption, nor cancer, nor old sores, nor mercurial diseases, nor any other disease except those for which it is recommended. Dyspepsia, Liver Complaint, Dropsy, Neuralgia, Rheumatism, Gout, Erysipelas, Scrofula, Ulcers, Eruptions, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Ringworm, Coughs from tuberculous deposits in the lungs, Female Weaknesses, Debility, Sleeplessness, and Nervous Affections, are cured by it every day. Its power to cure these complaints is well known to the people of this country, and we do not publish the testimony here. Let the people who need it, read the testimony published by our agents in their own papers, and we will only say that we do not claim for it more than it has been known to cure, and we do not publish testimony which we do not know to be true.

DR. VELPAU'S FRENCH PILLS.

Ladies, take Particular Notice.

THE REAL VELPAU FEMALE PILL.

(WARRANTED FRENCH.)

THESE PILLS, so celebrated many years ago in Paris for the relief of female irregularities, and delivered from danger of their original employment by the practice of abortion, are now offered for sale for the first time in America. They have been kept in obscurity through the fact that the physician in Paris who invented them, gained a reputation of great wealth and still keeps them from general sale, and has without doubt prepared for himself, lest they should be exposed to Female Obstructions, Falling of the Womb, Whites, Green Sickness, Suppression, Relaxation, or Immoderate Flow of the Monthly Discharge, preferring rather to be truly conscientious, and save the food-gates from whatever source they may suppose these to have sprung, and all agents are hereby forbidden to sell them, under the penalty of forfeiture of all their sales, and notwithstanding that the object is unknown, yet it is certain that there is no reason to believe therefore that a man who has taken them, has committed any crime, and thus have in various instances been subjected to disgrace and its fatal results, where no healthy constitution. Hence it may be hardly conscientious, to deny a short cut to the average duration of human life. The vast importance of these considerations has induced the proprietor to prepare this remedy, which is adapted to its cure. This we now offer for sale under the name of AYER'S SARSAPARILLA, although it is compounded of ingredients, some of which are entirely foreign from the nature of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the corruptions that rot the strength in the blood, purge out the causes of disease, and vigorous health will follow. By its potent bar virtues this remedy unclutches the vital functions, and thus expels the disturbers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that have much and did nothing; but they will neither be deceived nor disappointed in this. It has been proven by many years trial, and there remains no question of its surpassing excellence. For the cure of the afflicting diseases it is intended to reach, Although under the same name, it is a very different medicine from any other which has been before the people, and is far more of a formal class than any other which has ever been available to them.

HARPER & BROTHERS,

Franklin Square, N. Y.

Orphan's Court Sale.

By virtue of the Orphans' Court of the county of Union, to me directed, I will sell at Public Vendue, on Thursday, the 26th day of October, next, at the house of Jacob Valentine, in Springfield, in said county, the following Real Estate of said decedent, to wit:

The Homestead of Jacob Valentine, late of Springfield, adjoining lands of Jacob Valentine, Jr., and others, containing about 50 acres, more or less.

Also, the undivided one-half part of the following described Lot of Meadow, situate in said township, and known as the property of Benjamin Valentine, deceased, viz.:

Beginning at a stake and stones, thence (1) N. 1 W. 4 chains and 50 links to a stake and stones; thence (2) N. 89 W. 1 chain and 50 links to a stake and stones; thence (3) S. 1 E. 4 chains and 50 links to a stake and stones; thence (4) S. 89 E. 1 chain and 50 links to the place of beginning, containing 1 acre

Your gentlemen readers inform us, which will Sensorium lurks in the constitutions of many women. In either producers or is produced by an enfeebled state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous operation. Hence the system is left into disorder and decay. The consequence is extremely amused by mercurial disease, low fever, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing cares, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, necessarily to prove fatal to children even the third and fourth generation; indeed, it seems as be the end of him who says, "I will visit the iniquities of the fathers upon their children." The disease it originates take various names, according to the organs it attacks. In the lungs, scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion; dyspepsia, and liver complaints; on the skin, eruptive and loathsome affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and those diseases disappear; make pure, vitalize fresh, and, or corrupted blood, you cannot be healthy; with that impure, you cannot be healthy, you cannot have scrofulous disease.

**Ayer's Sarsaparilla**

is compounded from the most powerful antidotes that medical science has discovered for the eradication of this destroyer, and for the cure of the disorders it entails. That it is the superior to any other remedy ever devised, is known by all who have given it a trial. That it does positively combine more really extraordinary in their effect upon this class of complaints, is indisputably proven by the testimonials of publicity known and remarkable cures it effects. Such diseases as Tetter, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Dropsy, Dropsy, Ulcers, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minor complaints, or even cases may be found in AYER'S AMERICAN ALMANAC, which is free to all who call for it, for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can testify to the virtues of this from personal experience. Scrofula depresses the vital energies of the constitution, and thus renders subject to disease and its final results such as Leprosy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to cure it. This we now offer to the public under the name of AYER'S SARSAPARILLA, in the hope that, by the use of this preparation, some of which exceed the best in alterative power, they may be saved from and you may protect yourself from the suffering and disfigurement. Purge out the foul corruptions that rot and fester the vitals, and the strength and health and vigorous health will follow. By its properties, it is the most effectual to cure the vital functions, and thus expels the disempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that have proved worthless, and fear that you will neither be deceived nor disappointed in this. It cannot have been your fault that first trial, and there remains no question of the superiority and excellence for the cure of suffering diseases it is intended to reach. Combined with the same name, is a very different medicine from any other which has been offered to the public, and it will be found at least than any other which has ever been produced to the public.

**DR. VELPAU'S FRENCH PILLS.**

Ladies, take Particular Notice.

THE REAL VELPAU FEMALE PILL.

(WARRANTED PERFECT.)

THESE PILLS are celebrated many years ago in Paris for the relief of female complications, and are universally acknowledged to be the most powerful and reliable remedy for all those cases of suppressed menstruation, from whatever cause, and are recommended by the physicians of Paris to be truly emmenagogue, bending upon the fond sex, from whatever cause they have arisen, and from which they are offered to the public with the full confidence that they will accomplish the result for which they are intended, when all other means have failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can testify to the virtues of this from personal experience. Scrofula depresses the vital energies of the constitution, and thus renders subject to disease and its final results such as Leprosy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life.
