MOVERS

The State Board of Public Movers & Warehousemen, 124 Halsey Street, Newark, NJ 07102 (973) 504-6475, licenses and regulates public movers in the State of New Jersey. In order to perform moves within the state of New Jersey, movers must be licensed by the state of New Jersey. If a mover does not have a state license in its advertisement but only has an ICC number, it may only perform interstate moves and *it may not be authorized to provide local moving services solely within the state of New Jersey. Please* call the Board of Public Movers & Warehousemen to confirm that a mover has a current license in good standing.

CONSUMERS BEWARE

State licensed movers must be used for moves made solely within the State of New Jersey. Unlicensed movers increase the risks associated with moving your goods. Some tips to consider when choosing a mover:

- Verify the mover has a license for the type of move you are planning: moves made within the State of New Jersey are required by law to be performed only by movers with a New Jersey license. Interstate movers are required to have an I.C.C. license from the federal government.
- Make sure the mover has sufficient insurance to cover your goods and premises.
- Obtain a written estimate before the move, also ask if there may be additional charges added after they have your goods.

Most Importantly, call the Board of Public Movers and Warehouseman to check whether a mover or warehouseman you are considering is licensed by the State of New Jersey and to learn their consumer complaint history.
