A FAMILY MAN WITHOUT A FAMILY.
"Hans Parrice Le Conner" narrates the following:
"I was travelling! says he, 'about seven years ago, on business, from Hide-Park to Bender of Missouri. What object I have in this journey I do not to the benefit of the times intended, I am not at liberty to tell. Suffice it to say, that I was neither Lyer nor Thief. I was just a speculator. Anything you guess is lawful.
"Well! I was lonesome, Certain-ly! Very lonesome! Leastways I was, since my wife died, which I had married in Hackensack, and I was a-goin' to Bender to bring a female to my home, and make her my wife. Well, I was lonesome, I tell you! Lonesome as a Cat! Lonesome as a Dog! Lonesome as a Sick Man! Lonesome as a Fool! Lonesome as a Lawyer! Lonesome as a Preacher! Lonesome as a Tailor! Lonesome as a Cow! Lonesome as a Hen! Lonesome as a Pig! Lonesome as a Sheep! Lonesome as a Goat! Lonesome as a Mule! Lonesome as a Hoss! Lonesome as a Jackass! Lonesome as a Fiddle! Lonesome as anything! Lonesome as Hell! The National Democrat.

RAHWAY, THURSDAY, MARCH [illegible]

ESPECIAL NOTICE.

[illegible] JOSEPH [illegible]

[illegible] postponed until the June term of the District Criminal Court.

The United States Supreme Court has just issued a decision affecting the right of the States to tax the shares of National Banks.

The Michigan Democratic Convention, which met on Tuesday at Detroit, passed resolutions denouncing the reconstruction bill and declaring the enfranchisement of negroes and the disfranchisement of whites, by pretending Congressional action, as unconstitutional, arbitrary and revolutionary.

The National Democratic Committee held a meeting in New York on Tuesday of last week. The Committee came to the conclusion that it was inexpedient to call a national convention previous to the regular nominating convention next year. Measures were set on foot, however, for a thorough organization of the Democratic party throughout the Union.

SIGNIFICANT MOVEMENT.—It is announced that the colored citizens of Columbia, S. C., have held a meeting to celebrate the passage of the bill enfranchising them, when they were addressed by Wade Hampton, and other prominent white citizens, and two colored orators. Sentiments of [illegible] with the [illegible] white population were expressed, and one of the colored orators stated that they would urge Congress to repeal the disfranchising clause. A similar meeting was held in Savannah, when three thousand negroes were present.

The inference will naturally be drawn that the leading white men of the South have determined to accept the degrading terms offered by Congress, and depend upon controlling the negro vote in their own interest.

This result has been anticipated by most men who were conversant with the real relations existing between the two classes at the South. The Radicals have a habit of deeming every Southern negro 'loyal,' while the fact is, that nine-tenths of them sided with their masters during the war, and will probably be governed by the same influence at elections.

Should the Radicals make this discovery, it would not be surprising that they would devise some plan to prevent the negroes from voting, unless they would vote the Radical ticket. Perhaps the military may manage it by excluding from the polls all negroes who are so 'disloyal' as to vote against the political interests of their Yankee masters. We shall watch this new movement with some interest.

THE SPRING ELECTIONS.

In almost all the places where elections have been held, the result has been a great gain for the Democracy. A 'good thing' occurred in Monmouth County — the new township called Lincoln, which was formed out of a long strip of one side of Ocean township, by the Legislature, (who supposed they were creating a republican township), went democratic by a majority averaging forty. In the Legislature, George Thompson, the 'gay and festive' Democratic member from Bordentown, the next day moved that, whereas the township had gone 'locofoco,' the name be changed to 'Johnson.' The Republican members are very much 'rigged' over this result of their gerrymandering, and do not like to hear of it.

In Burlington county, the Democrats achieved a triumphant victory, electing a majority of the Board of Freeholders for the first time in more than ten years; last spring the the radicals had a majority of two.

In Camden county the Democrats have gained largely on the Freeholders. The Board now stands nine Democrats to five Republicans. We believe the Board was republican last year.—Ex-Congressman Starr, whose term expired March 4th, ran for Chosen Freeholder in Newton township, and was beaten 88 votes!

The People's Ticket in Vineland has beaten the Union League ticket by one hundred.

In Salem county the Board of Freeholders stands 11 Democrats to 10 Radicals.

In Pennsylvania, Iowa, and other places where elections have been held the radicals have lost greatly in some of the townships the Democrats electing their whole ticket for the first time in many years.

Our friends in Connecticut are sanguine of success, taking as a symptom, the gains made in the election in New Hampshire.

Let us not be remiss in our duty in this city, but let good men consent to be candidates for the offices, and we can have the satisfaction of perfecting the change in our government, so favorably commenced last spring.

LOCAL AND STATE AFFAIRS.

The spring elections thus far [illegible] Democratic gains.

The Morris Canal bill has been approved by the [illegible]

We see it announced by bills that [illegible] New York will [illegible] at 10.15.

Rev. A. DeBois, D. D., of the [illegible] has received a call from the Reformed Dutch Church of Metuchin.

A company of capitalists have purchased a tract of land on the Salt Meadows, back of Bergen, and intend to erect at least 500 cheap and comfortable dwellings for workingmen.

Mr Jonathan Harrison, one of the oldest and most respected citizens of Elizabeth, died on Wednesday evening last, at the age of ninety years.

Among the graduates at the 60th annual commencement of the New York College of Physicians and Surgeons (medical department of Columbia College) was Thomas Terrill, Jr., of this city.

The Paterson Common Council has repealed the ordinance restraining the speed of Erie Railroad trains through that city, and appointed a committee to confer with the company.

S. Maupay & Co., of Rising Sun, Philadelphia, have our thanks for a package of seeds of their "Superior" tomato, which is a cross of the old "Bright Scarlet" with the "Feejee Island." The fruit is very desirable for its smoothness, flavor, solidity and productiveness.

Interesting exercises will be held in the Second M. E. Church, on Sunday afternoon next, at 3 o'clock, on the occasion of the quarterly Sunday School gathering. It being during the session of Conference, a number of ministers of note will be present and make short addresses, among them Rev. Dr. Crane, T. H. Landon and others.

Considerable opposition to the bill to charter the Coal Railroad, (to run from this city, [illegible] the Central Road), having been manifested in certain quarters, a petition was circulated among our citizens, asking for the passage of the bill, and in a short time over 700 names were subscribed.

On Thursday, a man named Chas. E. Mackey, of Metuchin, was taken before Recorder Martindale, of Jersey City, on a charge of being a dealer in obscene books and prints, but was discharged on his own recognizance, to appear when wanted, it being the opinion of the District Attorney that there is no law in the State of New Jersey to reach cases of this character.

Blitz, the magician, gave an entertainment at Union Hall, on Monday evening last. The audience was small, but the tricks performed were very good. He announced that he would give two performances next week.—He did not try the following:

Take two large wrought iron nails and wire them together in the form of a cross, it will then be found impossible to swallow them.—There is no deception in this.

SOUTHERN RELIEF.—Bishop Odenheimer has issued a pastoral letter to the clergy and laity of the Diocese of New Jersey, recommending that a collection, for the relief of the sufferers by famine in the South, be made in each church, chapel and mission of the Diocese, at the earliest day possible; and that the proceeds be immediately forwarded to Jas. M. Brown, Esq., No. 61 Wall street, New York, Treasurer of the Southern Relief Commission.

GAMBLING IN THE CARS.—A gentleman who came from Philadelphia on Wednesday last, informs the editor of the Elizabeth *Journal* that in the train and car which bore him thither, not less than fifteen hundred dollars changed owners having been lost and won by card playing.—There are, it is said, "black legs" who make it their business to operate on victims found aboard, the trains, and whose blandishing manners deceive many of the unwary.

A young German, who has been working for Dr. E. B. Silvers, was arrested on Wednesday morning for appropriating to himself a suit of clothes and other articles, belonging to the Dr.'s household. He was lodged in the station house, and the officer went out to get the proper articles of commitment, preparatory to taking him to Elizabeth, and upon returning discovered that he had taken "leg bail," having made an opening in the grating of one of the windows large enough to creep through. He had not been re-arrested at last accounts.

The Horse Disease has appeared at Piscataway, Middlesex Co. The animal refuses to eat, becomes weak, and dies in a short time. A postmortem examination was made and showed nothing unusual except that the stomachs were very much depleted and blood not coagulated. The brain was pronounced perfect; spine healthy; windpipe and gullet free from inflammation or obstruction; lungs sound; spleen, liver and kidneys, bowels and bladder, all gave evidence of being in a condition to do their prescribed work. Three of the stomachs were analysed by Prof. Cook, of the Chemical Department of Rutger's College, and found to contain no poisonous substance.

CLERK OF GRAND JURY.—Under the act passed this winter for the appointment of a permanent Clerk to the Grand Jury we learn that Judge Depue has appointed George H. Ropes, Esquire, of Elizabeth. By the provisions of the act all Justices of the peace and Coroners of the county are required to send the complaints, examinations and recognizances taken before them to the Clerk of the Grand Jury at least six days before the commencement of the term of court. His office will be for the present at the Clerk's office in the Court House, and all Justices and Coroners are earnestly requested to comply with the law and to send their papers by the 27th instant.

The Democratic Association of Plainfield, on Saturday evening last, adopted with acclamation the following resolutions:

"Resolved, That Andrew Johnson, President of the United States, is justly entitled to receive the earnest thanks of every true friend of the Constitution and the Union for his noble defence of those safeguards of a Republican form of government against the vindictive and destroying spirit of Radicalism, as exemplified in his recent message vetoing a bill establishing despotic rule over ten States, each as sovereign in the sight of the Constitution, as New Jersey or Massachusetts."

"Resolved, That the members of this Association deem it both duty and pleasure to testify unto President Johnson their humble, but sincere appreciation of his fidelity to Constitutional obligations, and of his patriotic advocacy of free representative institutions."

DEATH OF AN OLD CITIZEN.—Mr. Hamswell, for many years a resident of this city, died suddenly of apoplexy at [illegible] in Newark, on the 11th inst., in the [illegible] year of his age. Mr. H[illegible] was well known in this vicinity, was an experienced and successful farmer, and for many years supplied Rahway with [illegible]. His funeral took place in this city on Thursday [illegible] and was attended by a large concourse of people.

ANOTHER CONDUCTOR ARRESTED.—Conductor [illegible] was arrested in this city by Chief Boswell, on the arrival of the midnight train from New York on Wednesday morning. It appears that a gentleman wished to go to New York on the [illegible] train from this city on Monday night, and not being acquainted with the rules of the road asked for an excursion ticket, ("good for this day only") which was given him, and on coming back on Tuesday morning offered the return ticket, which the conductor refused, and when this side of Elizabeth forcibly ejected him from the train, although he offered to pay his fare, under protest. The gentleman obtained a warrant for assault and battery and had it served on the conductor as above stated. He was taken to the station house and held in $500 bail. Supt. Watson going his surety.

HELP FOR THE SOUTH.—The Northern people in various places are responding very liberally to the appeals which come from the South for relief from the almost starving condition in which many of the inhabitants of the Southern States are now placed. The following extract is one of the many appeals sent to the Southern Relief Commission, in New York, from South Carolina:

"We have neither money nor corn. Can and will you let us have any bushels till [illegible] fifteen freedmen hired and we can get no corn. If your Christian people could see our sufferings, I feel that the sympathetic tear would come to their eyes. Only think for a moment; last year we had eleven weeks and no rain. Our corn fell in the fields, and there is nothing but abject want before us."

Corn is the most acceptable article to them, although other substantial commodities will be thankfully received. We hope the people of this vicinity will not be backward in responding to these applications from a starving community, but will give as liberally as their means will permit. Judge Hugh H. Bowne, at Clark township, or Joel Wilson, Esq., at the Savings Bank, in this city, will attend to forwarding the articles.

AT HOME, IN THE COUNTRY, March 18th, 1867.

To the Editor of the National Democrat:

The past has been one of the most severe winter's experienced for a number of years.—We have [illegible] first one occurring on the [illegible] of November. It is now the 18th day of March, the sleighing most excellent and truly it may be said, "Winter lingers in the lap of Spring." Farming operations are at a standstill, and unless there is a speedy and radical change in the weather—as well as in *Congress*, the future, for some time to come, is not very promising, for early planting or the prosperity of our country. Still, there is here and there a ray of hope. The snow which has covered the earth for weeks past, has been most favorable to the grain and grass crops, and the buds on the trees furnish evidence of a good yield of apples, pears, peaches, cherries and other fruit.

A large and enthusiastic meeting of the citizens of a neighboring village heretofore known by the uncouth name of "Dog Tavern," took place some few evenings since, and after much discussion unanimously agreed on a change of name," and the village of "Dog Tavern" will in future be known as "Altonville." There is considerable improvement going on in that vicinity—among others, Mr. Lewis M. Earl, formerly a resident of Rahway, has built on his farm a splendid two story dwelling. Altonville is located about three miles from Plainfield and six from Rahway. There is no more beautiful or better farming country in New Jersey, than lies between Rahway and Plainfield, and farms are in great demand and command a good price. The farm belonging to Mr. Knox in this vicinity, was sold last week at Public Auction, for $12,000. The purchaser we understand would not take $[illegible],000 for his bargain.

Some little excitement was created hereabout, recently by the appearance of a flock of wild geese in this vicinity—having selected for their feeding ground a buckwheat field on the farm of Mr. Theodore Wood. Several of the neighbors turned out with guns and one of the feathered tribe was "brought down" by a gun in the hands of Master Lewis Cass Shann, a lad aged about fourteen years. Of course, he took the "prize." It was a very fine bird, and when dressed weighed nine pounds.

Mud, in the country, we have an abundance, yet judging from the appearance of your avenues and streets, you need not be informed that this may be truly be called a "season of mud." Many of your streets are really impassible, and are a hundred per cent worse than the country roads. While in Rahway the other day, I was told by one of your oldest citizens, that never within his memory had the mud been so deep as it had been during the past several weeks in the streets of Rahway. Milton avenue, in particular, has been in a most horrible condition. Horses have not only been seen to mire up to their middle, but it is said, (for the truth of which we will not vouch) that a horse wagon and driver, while endeavoring to get over that avenue, suddenly disappeared beneath the mud, and doubts are entertained in what section they landed. The ground has been surveyed, and a "ten penny nail" is the only indication of the spot where the unfortunate concern disappeared. By the way, would not the present be a favorable time to commence "City Improvements?" Mortar is so plenty, you know, in any part of your city. What say you, City Fathers? Hurrah for city improvements! Rahway is bound to flourish—one of these days. PROSPECT HILL.

Reader! whatever your circumstances or sex, after reading, carefully, in another column, the advertisement headed "Staten Island Fancy Dying Establishment," lose no time in conveying to the office of said establishment (No. 5 and 7 John street, New York), any articles of wearing apparel, &c., which you may have been induced to cast aside for the very insufficient reason that they have (without really being "worse for wear") somewhat degenerated in appearance. You will see from the advertisement referred to, however, that the operations of the above company are by no means confined strictly to matters of dress, but comprehend articles generally, and the writer can vouch for the admirable manner in which everything entrusted to their charge is dyed, cleaned, or refinished, by the proprietors. By all means give them a call and become convinced of the wisdom and prudence of so doing.

Among the proceedings of the United States Senate on Tuesday, Mr. [illegible] introduced a bill to facilitate the [illegible] of a canal [illegible] New Jersey, [illegible] "Civil Society Company," [illegible] day, in the vicinity of New York, through the State of New Jersey and into the [illegible] of Pennsylvania. Referred to the Committee on Naval Affairs.

If you are troubled with Indigestion, Heartburn, Sour Belchings, Acidity of the Stomach, or any other form of Dyspepsia, avoid all stimulating drinks which relieve only temporarily, and take Coe's Dyspepsia Cure, which will surely afford permanent relief.

Special Notices.

Wistar's Balsam of Wild Cherry. Coughs, Colds, Bronchitis, Asthma, Croup, Whooping Cough, Quinsy, and the numerous as well as dangerous diseases of the Throat, Chest and Lungs, prevail in our changeable climate at all seasons of the year; few are fortunate enough to escape their baneful influence. How important then to have at hand a certain antidote to all these complaints. Experience proves that this exists in Wistar's Balsam to an extent not found in any other remedy; however severe the suffering, the application of this soothing, healing and wonderful Balsam at once quiets the disease and restores the sufferer to wonted health.

A Young Lady returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any lady's toilet. By its use any lady or gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. Plated Ware—or Solid Silver! While many of our old families cling to their silver tea sets and other house-keeping articles of the precious metals, watching them by day and night, lest they be stolen—often storing them in bank vaults while at their country residences, not to speak of the tax on silver, there are thousands of housekeepers who prefer first class plated ware, such as cannot be distinguished from silver. But whether it be good or bad, heavy plate or light? "that's the question." The difference cannot be ascertained until it is put to use; hence the importance of purchasing from those who have been tried and proved—which reminds us of the "reconstructed" store of Lucius Hart & Co., Nos. 4 and 6 Burling slip, at the foot of John street. Mr. Lucius Hart, the senior member of the firm is well known to need any recommendation from us. The multitude who have been in the habit of dealing at this well known store, which he established more than thirty years since, can testify to Mr. Hart's correct way of transacting business.—A mere look at those shining ice pitchers, on the polished waiters, almost compels one to keep cool, though "the dog star rages!" and, on the other hand, the urns and tea sets have a tendency to "take off the chill." Such beautiful castors, cake baskets, butter dishes, napkin rings, knives, forks, spoons, etc. Well, it does not take a very long purse to furnish one's house; for although Messrs. Hart & Co. do not part with their goods in "given quantities," yet we are safe in saying that, for the quality of their wares, their prices for moderation will compare with those of any other dealers in the city.—Home Journal. This is no humbug, as thousands of testimonials can assert. She will send when desired a certified certificate, or written guarantee, that the picture is what it purports to be. Fresh and fragrant as April blossoms is Demorest's Magazine. The present number is redolent of spicy stories. Literature and illustrations incomparable for the season of Spring. You must see to believe how much can be had for three dollars per year. We see Demorest advertises a Mammoth Prize for the smallest Millinery, etc. a [illegible] much need. That is the article [illegible] 473 Broadway, New York.

STUMP PRAYERS.—A contemporary thus gives the point and pith of the prayers delivered in Congress of late:

'O Lord, Thou knowest that the minority is always right and the majority wrong; bless the majority and curse the minority, and Thou shalt have our good opinion and thanks.'

Even this would not be so bad, if the chaplains ended with it, but they enter into details in their prayers. They refer to particular measures which they wish to succeed, or which they desire to defeat. They deliver arguments on this side or that, give illustrations this way or that, and make hits [illegible] tells, &c. Some of the members feel (or might be supposed to feel) like culprits at the bar, while others evidently feel like patrons of Deity. To a person possessed of reverence, sensibility or intellect, these displays would be shocking, if they did not rouse his scorn. We have suggested the Lord's Prayer or a Hebrew Psalm as a substitute for these stump prayers and we venture to say that in course of time Congress will either fall back upon those or abolish the chaplaincy altogether.—*N. Y. Times*.

JAY ON WOMAN'S RIGHTS.—A subscriber to the Union *Sentinel* having suggested that journal take a 'bold stand' on the subject of the women's rights, among other reforms mentioned, Charley Jay replies thusly:

Friend H., we are with you in all your programme, except the right of woman to vote. There are evil influences enough always arrayed in corruption against the integrity of the elector.—suppose a lovely women should stand at the polls, with a three cent postage stamp on her head for a bonnet, with a horse's tail tucked up behind her head into a waterfall, dressed within an inch of her life in all the hues of a dozen rainbows—an angel, with just enough of mortality to tempt one toward the other place instead of Heaven, and this Pandora's Box in Petticoats should approach a good Union man like yourself, as you were advancing to the polls, and should place her dear arm in yours, and, with a smile that would win a saint from paradise, should say, 'Now my dear Mr. H. for my sake, vote the Jeff Davis ticket this once!'—How the devil could you get out of it? No! No! let well enough alone, Mr. H! We are willing that every woman shall be armed with a man,

"For 'tis their nature"

but they shall not be armed with the ballot while our Sentinel is on duty.

Over-exertion, either of body or mind, produces debility and disease. The usual remedy is to take something stimulant, the effect of which is the same as giving a tired horse the whip instead of oats. The true way is to fortify the system with a permanent tonic like the Peruvian Syrup, (a protoxide of iron), which gives strength and vigor to the whole system.

Resolutions appropriating $30,000 to test the constitutionality of the Military Reconstruction bill have been passed in the Louisiana Senate.

LEGISLATIVE SUMMARY.

WEDNESDAY, March 12.—In the Senate, Clark introduced a supplement to act appointing commissioners to lay out streets in Elizabeth. An act to authorize the borrowers and lenders of money in the counties of Essex, Hudson, Bergen, Passaic and Union to contract for the payment of taxes, was lost. An act to establish a [illegible] between the Passaic and Delaware rivers (Morris [illegible]) [illegible] and after discussion was passed, 14 to 6.

In the House, Mr. Murphy, from the Special Committee to whom was referred the petitions of ladies of New Jersey, asking that right of suffrage may be extended to them. The report enters at length into the discussion of the subject and concludes with a recommendation that the Judiciary Committee report a bill providing for the calling of a convention to form a Constitution for the State. After discussion was on motion indefinitely postponed. A motion to take from the table to reconsider the vote by which the charter of the Elizabeth and New Providence Railroad company was passed, was not agreed to. The bill to encourage the building of railroads, being the special order, was taken up on its second reading. An amendment requiring railroad companies organizing under this act to construct and keep in repair bridges over or under any road with which their railroad may intersect; also to keep a good and sufficient fence along the line of their track unless a special contract be made between the owners and the company; also that the bill should not go into operation until the 1st of January, 1869, were agreed to and the bill was ordered to a third reading. A discussion was had on the bill to establish a system of Public Instruction, but the hour for adjournment arrived before any definite conclusion. An evening session was held and was occupied in discussing the suffrage question.

THURSDAY, March 14.—In the Senate Clark presented a remonstrance against the incorporation of Plainfield. Little moved to reconsider the vote by which an act to authorize the borrowers and lenders of money in certain counties to contract for the payment of taxes, was lost. Agreed to. Act to prevent cruelty to animals; to incorporate New Jersey Pneumatic Transportation company; a further supplement to an act to prevent accidents by the use of locomotive engines on railroads, (regulating the speed of trains passing through towns and cities to 15 miles an hour were ordered to a third reading.

In the House, Runyon presented a remonstrance against incorporating the city of Plainfield. The Morris Canal bill as amended by the Senate, was taken up, and after discussion passed, 32 to 21. Heller introduced an act relative to the State House (appropriating $25,000 for improvement and enlargement of the Assembly Chamber.) Ball moved to take from the table the motion to reconsider the vote by which the charter of the Elizabeth and New Providence Railroad company passed. Agreed to, and the motion to reconsider was lost. The House resumed consideration of the bill to establish a system of public instruction. Several amendments were made and a long discussion held, extending into an evening session, and the bill was finally ordered to a third reading. To incorporate the Pneumatic Dispatch company and to revise and amend the charter of Elizabeth, were ordered third reading.

BROWNLOW AND HIS BRETHREN.—Brownlow, the billingsgate 'Governor' of Tennessee, has come to grief. His pretensions to a re-election to gubernatorial honors are disputed by a very unexpected rival. A negro, who calls himself Dyer, has written to Brownlow, announcing his intention, if the Legislature resolves the restriction from the suffrage bill which, while it allows negroes to vote, debars them from holding office, to run for Governor of the State. He tells Brownlow and his party that, although the negroes in Tennessee have wool on their heads, it is not long enough to be pulled over their eyes. They don't care about having the right to vote if they are only allowed to vote Brownlow and his friend into office. What will Brownlow say to this? Will he charge Sambo with ingratitude, and compare him to the adder which turned upon the man who had warmed it into life, and go for kicking his sable protege out of the State, as the adder was hunted from the house of the man who had befriended him? Or will he feel as Cæsar did when stabbed by Brutus, and allow himself to be slaughtered without opposition by his negro competitor?—*True American*.

A Western paper says if the negro was taken out of politics, what a tremendous hole there would be in the Republican party.

An Invaluable Medicine FOR THE PURIFYING OF THE BLOOD. Dr. J. W. POLAND'S **HUMOR DOCTOR,** *A Positive Remedy for all Kinds of Humors.* PARTICULARLY ERYSIPELAS, NETTLE RASH, SALT RHEUM, SCROFULA, CARBUNCLES, BOILS, AND PILES.

[illegible] It is not always easy to prove it. It is, however, exceedingly gratifying to the Proprietor of this medicine, that, while he declares to the public that this is a most Wonderful and effectual remedy for Humors, as stated above, he has abundant proof at hand to sustain his statement. [illegible] every year has increased the value of its reputation, and the amount of its sales. In New Hampshire, where it originated, no remedy for humors is so highly prized. An eminent physician, now an army surgeon, when practising in New Hampshire, purchased between fifty and sixty gallons of it, during some seven or eight years, and used it in his practice. He has since then ordered it for the Hospital where he was stationed. Other physicians have purchased it, and have used it in practice with great success. When the proprietor lived in New Hampshire, at Goffstown Center, for the space of thirty or forty miles around, and in Manchester particularly, the Humor Doctor was well known, and highly valued for the numerous and wonderful cures which it effected. [illegible] supply was frequently exhausted, and purchasers had to wait for more to be made. In that region some very severe cases of Erysipelas were treated with it, and they were cured. Erysipelas sores, or carbuncles, those ugly, painful ulcers, were entirely removed wherever this medicine was faithfully used. So it was with Scrofula and Salt Rheum. The Humor Doctor cured them.

For the sake of showing what is thought of it, a few testimonials are here inserted:

MILTON GALE, Esq., BOSTON.

I hereby certify that I was troubled with [illegible] Boils for two years, developing themselves upon my limbs and other parts of my body. The sufferings which I endured from them are indescribable. Suffice it to say that I faithfully tried several of the most popular humor remedies, but without removing the affliction. At length, by the earnest request of an intimate friend, I was induced to try Dr. J. W. Poland's Humor Doctor, and am very happy to attest that all my Boils were removed, and my health was restored by using Dr. Poland's aforesaid medicine. MILTON GALE. Boston, January 14, 1866.

N. C. WALLACE, Esq., MANCHESTER, N. H.

Dr. J. W. Poland—Dear Sir: I very cheerfully give my testimony in favor of your Humor Doctor as an excellent remedy for humors. My numerous acquaintance in Manchester know how severely I was afflicted with Boils and they know how perfectly good my health is at present. Your Humor Doctor cured me. Please refer to me for particulars in my case. N. C. WALLACE. Manchester, N. H., June 11, 1866.

MRS. WHEELER, STONEHAM, MASS.

I very confidently and earnestly recommend Dr. J. W. Poland's Humor Doctor as an excellent remedy for humors, having been wonderfully benefitted by it myself. My own case was a very severe and obstinate one. For more than two years the skin upon the inside of both my hands, and even down on the wrist, was constantly cracked and broken up, so that I was unable to use my hands in any kind of wet work, and was obliged to wear gloves in sewing to avoid getting blood upon my work. The humor which so afflicted me was probably a combination of Erysipelas and Salt Rheum. My general health was quite poor. Soon after I began to use the Humor Doctor I could perceive signs of healing. I continued to take the medicine till I was finally cured. My hands are now perfectly free from humors, and have been for several months. I used eight bottles before I felt safe to give it up entirely, but they cured me. HARRIET WHEELER. Stoneham, Mass., July 5, 1866.

MRS. PORTER, DOVER, N. H.

Dover, N. H., July 22, 1866.

Dr. Poland—I have received your letter inquiring as to the effects of your medicine on sea-sickness. I am happy to say that I think it is "the medicine" for that dreadful sickness. I tried various prescriptions, but found none that settled the stomach and cleared the head like the Humor Doctor. I felt as though I could hardly [illegible] ship chandlery stores, that it may find its way to those who suffer upon the mighty deep from sea-sickness. If captains who take their families with them, or carry passengers, should try it for once, they never would be willing to voyage without it.

I have used it for my family since its introduction to the public for bilious habits, headache and humors about my children, and have always found it a sure cure.

I am not fond of having my name appear in public, and would not consent to it on any other account but to relieve the suffering; but if the foregoing will be of any service to you or the public, you can make use of it. HARRIET M. PORTER.

Much more might be stated in relation to this medicine, as contained in testimonials, but it is needless.—All Manchester druggists know about it, especially E. W. Blake, at Barr's. Inquire of Mrs. Henry [illegible], of Bedford, whose wife was cured of Salt Rheum. Ask almost any person in Goffstown, and they will declare its value as a remedy, as used in their own cases or by their friends.

The Humor Doctor was formerly sold at fifty cents per bottle; but the cost of every ingredient composing it has gone up so enormously, that the price has been raised to SEVENTY-FIVE CENTS ONLY, and that by compulsion.

The Humor Doctor is prepared at the New England Botanic Depot, for the Proprietor, J. C. French. Sold by Medicine Dealers everywhere. DEMAS BARNES & CO., General Agents, New York. March 14th, 1867-6m.

FELLOWS' WORM LOZENGES, ARE, WITHOUT EXCEPTION, THE MOST EXTRAORDINARY MEDICINE OF THE AGE. Comprising, as they do, REMARKABLE POWER IN EXPELLING WORMS, with *PLEASANT TASTE & PERFECT SAFETY.*

THEY CONTAIN NO MERCURY, NO MINERAL, NO TURPENTINE, NO OIL OF WORMSEED, NO POISON, NOTHING INJURIOUS.

They are Entirely Vegetable.

SYMPTOMS OF WORMS. Itching of the nose, feverishness, twitching or starting suddenly during sleep, pain in the stomach, loss of flesh, paleness with hectic, appetite sometimes voracious, at others feeble, a dullness of the eyes, drowsiness, a swelled upper lip, tongue whitey, furred and studded with red spots, fetid or garlic breath, grinding of teeth during sleep, a sensation of lodgment in the throat, an unnatural craving for dirt, chalk or clay, fretfulness and irritability of temper, cholic, fits and palsy.

INTESTINAL WORMS Are among the first to undermine the constitution in the list of diseases. They often occasion severe disease, ending sometimes fatally, particularly when they ascend to the stomach. Their presence in their most ordinary situation is attended with unfavorable effects upon the general health.

EMINENT MEN ASSERT That all are more or less troubled with worms, and that many die annually from this cause, who, by the timely administration of a proper remedy would be saved. As Fellows' Worm Lozenges may be taken without any unpleasant results, and as most children are fond of them, their use is recommended to those apparently healthy, and thus dispel the cause of what would produce suffering.

BE CAREFUL WHAT YOU USE. Various remedies have from time to time, been recommended, such as Calomel, Oil of Wormwood, Turpentine, &c., so that dangerous and even fatal consequences are produced. The necessity of a safe and sure remedy has caused much research and study by the proprietors of Fellows' Worm Lozenges. They are positively safe, pleasant and effectual. They do not kill worms, but act by making their dwelling place disagreeable to them.—In order, however, to guard consumers against deception by a base compound, the analysis of Dr. A. A. Hayes, State Assayer, proving the above statement, is annexed: "I have analyzed the Worm Lozenges prepared by Messrs. Fellows & Co., and find that they are free from Mercury and other metallic or mineral matter. These Lozenges are skilfully compounded, pleasant to the taste, safe, yet sure and effectual in their action. Respectfully, A. A. HAYES, M. D. Assayer to the State of Mass."

PLEASE REMEMBER That Fellows' Worm Lozenges are prepared with great care from the concentrated extracts of two plants. They do not act as a purgative or emetic, will not debilitate the patient, are so simple an infant may devour a whole box without harm, and will at the same time expel the worms in an extraordinary manner. Fellows' Worm Lozenges is the only Worm Remedy in existence combining harmless qualities with delicious taste and amusing power.

PRICE TWENTY FIVE CENTS PER BOX. FIVE BOXES FOR A DOLLAR. The signature of FELLOWS & CO. is attached to each genuine box. Sold by Medicine Dealers Generally. PREPARED AT THE New England Botanic Depot, FOR THE PROPRIETOR, J. C. FRENCH. DEMAS BARNES & CO., General Agents, New York. March 14, 1867-6m.
