AYER'S Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Bronchitis, Asthma and Consumption. Among the great classes of diseases which afflict the human race, there are none so fatal as those of the Throat and Lungs. Of the 1,000 deaths which occur daily in this country, one-fourth result from Consumption, and three-fourths from other diseases of the Throat and Lungs. Of the 1,000 persons who are attacked with these diseases, one-half are cured by the use of Ayer's Cherry Pectoral, while the other half, if not reached until the last stage of the disease, are only prolonged in suffering and life. Consumption, which is the most dangerous disease of the Pulmonary Organs, is induced by the inflammation of these organs, caused by a cold, or by the irritation of the lungs, which ordinarily would be cured by a cough, if the cough be not improperly treated, or the cold be not neglected. Every year, thousands, who might be saved by the timely use of this medicine, are allowed to drag out a miserable existence, and finally to fill the consumptive's grave, because they have neglected to cure a cough or cold, which, at the outset, could have been cured by a few doses of Ayer's Cherry Pectoral. Prepared by DR. J. C. AYER & CO., Lowell, Mass. Sold by all Druggists. Vinegar Bitters! FREE FROM ALCOHOL. DR. WALKER'S CALIFORNIA VINEGAR BITTERS. DON'T KICK IT OVER

Young man, whatever you do, don't be what is done, don't kick over the traces, don't be the pot-boiling evil that grieves or worries your mother, don't be a loafing nuisance to your father, don't be the dishonest tool your employer wants, don't be a sneak or a coward, but when anything of prominence or value turns up, be on the spot, be the first to grasp it, be the man who does or possesses a good thing, and you will be sure to, in other words, have luck at your command. You know the old adage—whatever you find good, nothing, keep it. Now, this has nothing of good coming, but could scarcely be worse of nothing. But nothing of the sort is the kind of money that undermines and lowers the tone of the various benefices of humanity. It gives up the cross honest, and has drop the under pretenses. It is the friend of the poor and first money. Yield, you have a man constantly in his water. In fact, it is a good working, and, at length, drives among the small-land from which it emanates nationally.

A. T. Stewart once said, "Advertisement is as a necessary public virtue. Without it, any business, however well managed, must be as a sealed book, and, in fact, the success of today would amount to nothing." Stewart, in his early days, was a man of few words, but he was a man of business, and he knew what he was talking about.

Show me a man who has prospered in life, and I will show you a man who has advertised, and I will show you a man who has failed, and who has changed his business, or who has given up his business, or who has gone into other business, or who has died, and his business has gone to his family, or who has failed to do business at all, and I will show you a man who has not advertised
