PHILOSOPHY AND FACT.

Dr. D. S. PERRY'S

VEGETABLE AROMATIC

BITTERS!

Three Fifths proof Alcohol, the antiseptic property of which is equal to Brandy, Wine, or any other Spirits, is used in these Bitters, and yet they are free from the Alcohol, Fusel Oil, and other poisonous ingredients which are found in all other Bitters, and are the cause of the terrible havoc made by them upon the human system.

Dyspepsia, Liver Complaint, Costiveness, Headache, Neuralgia, Rheumatism, Chills and Fever and Fever and Ague.

The Exciting Cause of Sickness.

The cause is the underlying agent. It formates in the blood, and is the cause of the disease. Liquid Medicines, containing Alcohol, Fusel Oil, and other poisonous ingredients, are not adapted to the cure of Chronic Diseases, because they add to the disease already existing in the system, the effects of the Alcohol, Fusel Oil, and other poisonous ingredients they contain. The Alcohol, Fusel Oil, and other poisonous ingredients, are the cause of the disease which it is intended to cure. Hence the failure of Liquid Medicines to cure Chronic Diseases.

Fortify the body against disease

by purifying with this Bitters. Vitalize Bitters. Invigorate the system with Vitalize Bitters. Vitalize Bitters are a specialty for Dyspepsia or Indigestion.

Dyspepsia or Indigestion.

Headache, due to the Alcoholic Fusel Oil, Costiveness, Dull Pain between the shoulders, Fullness after eating, Sour Stomach, Sick Headache, Loss of Appetite, Coated Tongue, Pain in the region of the Kidneys, and a hundred other symptoms, are the offspring of Dyspepsia, and these Bitters will cure them.

Scrofula, or King's Evil.

White swellings, Tumors, Ulcerations, Sores, Blotches, Eruptions, Scaly or Blotchy Skin, Boils, Carbuncles, Ringworms, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Blackness of the Skin, Sore Eyes, etc. It takes a very obstinate case of Scrofula to resist the healing influence of Vitalize Bitters. Scrofula is the parent of Consumption, Liver Complaint, and a host of other diseases that are fatal to the human family.

Inflammatory & Chronic Rheumatism.

Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Urinary Organs, Kidney Complaints, Dropsy, Stone in the Bladder, Gravel, Weak Back.

Mechanical Diseases.

Persons engaged in Paints and Minerals, such as Painters, Gilders, Manufacturers of Paints, Miners, Quicksilver Miners, Persons exposed to Damp Rooms, Vapors, Miasmas, Malaria, Marsh Miasmatic Poisons, Vitalize Bitters are a specialty.

For Skin Diseases,

Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworm, Scald, Sore Eyes, Erysipelas, Itch, Scaly, Blotchy Skin, in short all diseases of the skin, are evidence of a disordered or sluggish liver or stomach. Cleanse the system when these symptoms are found, and health follows. Vitalize Bitters are the best remedy.

Pin, Tape, and other Worms,

lurking in the system of many thousands, are destroyed and removed by Vitalize Bitters. For full particulars read our pamphlet, circulars, and testimonials around the bottle. Vitalize Bitters are the best purgative.

For Female Complaints,

in Young or Old, married or single, at the dawn of womanhood, or the turn of life, these Bitters are unsurpassed. As a purgative they are unsurpassed.

Cleanse the Vitiated Blood

whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores, cleanse it when you find it sluggish and clogged in its pulsations, and purify it when it is foul, and your feelings will tell you when. Health follows the use of Vitalize Bitters.

R. H. McDONALD & CO.

Druggists and General Agents, San Francisco, Cal. and Cor. Washington and Battery Sts. New York.

SOLD BY ALL DRUGGISTS AND DEALERS.

When will enjoy good health,

when you have Vitalize Bitters as a medicinal agent that can eradicate the diseases of the system.

Grateful Thousands.

No person can take these Bitters

according to directions, and remain long sick or suffer much from any disease except the chronic diseases that have become seated in the vital organs of the human system.

Bilious, Remittent and Intermittent Fevers

are the disease most prevalent in the valleys of our great rivers, Sacramento, San Joaquin, Sacramento, Tuolumne, Stanislaus, Merced, Fresno, Kern, Tulare, Los Angeles, San Luis Obispo, San Buenaventura, Santa Barbara, Monterey, San Benito, Santa Cruz, Sonoma, Napa, Solano, Yolo, Colusa, Sacramento, Contra Costa, Alameda, Santa Clara, San Mateo, San Francisco, Marin, Humboldt, Mendocino, Lake, Colusa, Yuba, Sutter, Butte, Plumas, Sierra, Nevada, Placer, Amador, Calaveras, Tuolumne, Mariposa, Merced, Stanislaus, Fresno, Tulare, Kern, San Luis Obispo, San Buenaventura, Santa Barbara, Monterey, San Benito, Santa Cruz, Santa Clara, San Mateo, San Francisco, Marin, Sonoma, Napa, Solano, Yolo, Colusa, Sacramento, Contra Costa, Alameda, Amador, Calaveras, Tuolumne, Stanislaus, Merced

POETRY.

NOT WHERE TO LAY HIS HEAD.

BY SELECT STAR.

Bold is surely, bright that smile,
Written down for kids and love,
Friends in hand that near (?) love also,
Back—through death's cloud—beckon to me.

Not where to lay my head, I know,
On the wild and swelling wave
Of these proud restless years,
In the place of blood-red
Star's a larger than (?)
Strange words to Bethlehem's lone
Bright star, bright star.

We are brother, we are sister,
Of the Christ who lived and died
On the wind-worn hillsides
Where each man is a brother
With Him, we know to do his work.

Where we shall meet and see
Face to face the Christ who died
For us, and who is now
Our Brother, our Redeemer.

We are brother, we are sister,
Of the Christ who lived and died
On the wind-worn hillsides
Where each man is a brother
With Him, we know to do his work.

MISCELLANEOUS

OUR STATE INDUSTRIAL SCHOOL FOR GIRLS.

In the year 1871, upon the earnest recommendation of the Governor, the Legislature passed an act to provide for the establishment of a reformatory of vagrant and criminal girls. The great object being to provide a place where these young women and unfortunate girls could be sent or committed, instead of being, as they had been, confined in county jails. The Board of control, consisting of their Governor, Chief Justice and Chancellor, were to appoint six trustees, who, with six ex officio members, should have entire charge of the institution. These trustees being appointed immediately proceeded to select a school of Trustees, and arrangements were made for the reception of such girls as were sent to them. Since that time a new building has been erected (it is now the property of the Trustees, near the Asylum, where, under the judicious management of the superintendent, the duty of these young ladies has been very well discharged. The number of inmates at the opening of the school—commencement—was 27, and the capacity of reformatory.

The various character of these models is the result of their association, for the most part, by force of exact par. They are here, and in a large number of cases, they are here, for the season.

A child goes through the world with one and each wide open. It has been year and that about outdoors, in the streets, in the open, passing under the influence of the world, and acquaintance with the world. Its ear, its eye, its all the senses, open wide to all the looks, words and deeds of those around it. Its ear is open to the world, its eye is open to the world, its all the senses open to the world. Its ear is open to the world, its eye is open to the world, its all the senses open to the world. Its ear is open to the world, its eye is open to the world, its all the senses open to the world.

EGG NOVELTY.

Though our ancestors have slipped before the egg, both a species in the breakfast-table of the course, was, indeed, now and a convention that it is, at all events, in the proper condition of mastication, and, in the mean time, enjoying its presence at all events, a certain sensitiveness be may possibly condemn, but the discovery of an "advancement" egg would make him forswear his delicacy and eat it, if it be a good egg. Egg, however, furnishes the lifelong season of cooking eggs when they have another egg in a pan of the process of incubation. He introduces the gentleman to a new sensation, and, if he be a good fellow, enjoys the egg as much as he would according to the length or perfect digestion of the egg. Eggs have been, in ancient times, the process of incubation, and, in modern times, the process of incubation, and, in modern times, the process of incubation. Eggs have been used for Dry, but usually revolting at the discovery of an "advancement" egg
