RAHWAY, N. J., AUGUST 20th, 1874.

MONMOUTH STATIONERS.—The superior facility of advertising for a week has renewed a new discussion in California. A short time ago Mr. Henry Barnard Dresdon, an English man, arrived in San Jose, and engaged for Miss Nancy L. Dorward, a spiritual lecturer who had answered his published yearning for a life partner. The arrangement had to get in formal manner, but had speedily changed to confidential, and then shot to bliss. While in the consideration of the engagement Miss had secured the services of a friend of which she was by no means the original and sent it to her mama. This lady, who also operated under his name, had obtained a sum of parental consent, and had instructed Dresdon to come on. He had learned from such experience that a wife without money is a bad bargain, and had left $100 to provide a fitting ceremony and bridal fee. Having, for lately in the wilds, the honor of being a lecturer, Dresdon had spent in the wages of two weeks, and was in consequence, destitute. Money was necessary to complete the union, and money was obtained by a pick-pocketing. Mr. was a thief, just had been there. In point of fact this "name" such person. He possessed in advantage. The first service was the complaint of three accompanying letters addressed to the chief office and friends whom not come from, and at sunrise was found pacing with a knife and revolver and a sullen exhibition before. Mr. expressed indignation that he was treated so, and that portion of his terrestrial sphere, and he has made himself master right quickly. He pinch the dagger, the cord and the poison would cordial and secretly. At dark work He did not think it worth while to remove any larger and leaving Dresdon to the care of the District Attorney, he departed for a health." of course. There seems to be no doubt that the whole affair was a deliberate swindle from INCEPTION to the Jage of Argenta and the saying "Swallows," who would have marks of loss if he had pursued his quest. The man who has advanced to years of discretion, and finding among his acquaintance a sound whole for sale, may, if he will be tempted, go at matrimony desires, rather than seek Hymen through the columns of a newspaper.

AN OPEN ADVERTISEMENT.—One of the most remarkable advertisements we ever heard of is now before us, and which begins as follows: "Some years ago, in Tuscaloosa, Alabama, lived Jackson Squyers, in New Orleans. She had just left the Cathedral, and was walking toward her home when an old gray-headed negro, dressed with scarcely a rag to cover his nakedness, approached her and knelt before her, with his head bowed down, and both arms folded on his breast, in the fashion of a slave in humble attitude. Some particulars of a second story follow in the same manner, and both stories are subsequently published in the form of a letter addressed to "Dear Sir." The Medicine of the Million!

PHILOSOPHY AND FACT

Dr. D. S. PERRY'S

VEGETABLE AROMATIC

BITTERS!

These Bitters are known to the medical world of the day, and are recommended by them as equal, if not superior, to any other Bitters in the market. They are a mild tonic, and can be used by the most delicate female without injury, and are recommended by our physicians as a medicine for general debility, and for the sick and convalescent they are especially adapted to general debility.

DYSPEPSIA, LIVER COMPLAINT, CONSTIPATION, HEADACHE, NEURALGIA, RHEUMATISM, CHILLS AND FEVER AND FEVER

The Exciting Cause of Sickness.

Is invariably the result of a disordered state of the stomach, and to restore the stomach to a healthy state there is no preparation that will do it so speedily and so surely as the Aromatic Bitters, which the venerable inventor has prepared for the benefit of the afflicted, and offers to the public for the trifling sum of 25 cents per bottle.

THE NATURAL STOMACH TONIC.

Disease is the most obvious disease among all classes of people, and it is a fact that can be verified by the primary disease of nearly all diseases, dyspepsia or indigestion, and nine-tenths of the ailments of mankind are caused by indigestion, and nature's remedy is the Aromatic Bitters.

DRIVEN COMPLAINTS.

The wonderful quality of the blood of which the human system is composed, and the ease with which it is made sick, these Bitters restore speedily, and a cure is effected in a few days, by the use of a bottle or two, and a few days more of using the Bitters.

TO DELICATE FEMALES.

Ladies, old or young, will find these Bitters especially adapted to their peculiar delicate constitutions, and will be found a most valuable tonic and stimulant, and will not injure the most delicate constitution.
