REAL ESTATE Bought Sold or Exchanged

TERRACE PARK
WESTFIELD, N. J.

Situated in the heart of the town. High land and varied landscape. Sewers, water, gas, electric light. Macadam roads, stone walks, shady trees. Restricted property and near station.

This property is not "being opened for development." It is already developed and the improvements are there. The restrictions placed on all lots insure the character of the neighborhood. The half hundred houses already built and occupied nearly all by their owners, ranging in cost from $4,000 to $30,000, have fixed the quality of this locality as a high class residential center in a distinctly residential town.

You do not have to guess its future. Your money is not risked —The place is established. If you have had an experience in real estate you will appreciate what that means.

Prices and terms are made attractive to the home-builder.

We will make appointments to meet you and drive you about Terrace Park and the rest of the town.
