VOL. XXXVIII.—NO. 27. RAHWAY, N. J., APRIL 11, 1878. WHOLE NUMBER 1878.

MEETING OF THE FARMERS' CLUB.

The regular semi-monthly meeting of the Farmers' Club of Rahway was held in the Town Hall on Thursday, President Noah W. Taylor occupying the chair, Mr. Thomas Cross acting as Secretary. Upon the table were specimens of the Talach potato, which Mr. John Cross and Mr. Noah W. Taylor had brought in, as being a good variety for growing out of the hand, the same furnishing the point of honor, not by the Lagger Mule-driving Ladies, Dolly, the tobacconist of variety fame, Mr. James Dunn, Jr., Mr. Jonathan Dunn, Mr. Thomas Cross, and a special friend of the Editor, Mr. E. Burke and the Secretary. Mr. Thomas C. Cross, Jr., read a paper on the tobacco worm.

The President gave his experience that Mr. Cross's remedy was a good one, and that he had found it effectual. Mr. Cross said he had tried the remedy mentioned in the paper, and it was effectual. Mr. James Dunn, Jr., said he had found the tobacco worm very destructive to his tobacco plants. Mr. Burke said the Secretary Mr. Thomas C. Cross, Jr., read a paper on the tobacco worm, for all it was worth. The President gave his experience in the matter of potatoes, and said he had found the potato bug very destructive to his potatoes. Mr. James Dunn, Jr., said he had found the potato bug very destructive to his potatoes. Mr. Burke said he believed he had found the potato bug at the surface. Mr. Taylor said he had some to believe to be the bug, but on close examination found it was a beetle. Mr. Burke said he had found the potato bug on the surface. Mr. Taylor said he had found the potato bug on the surface
