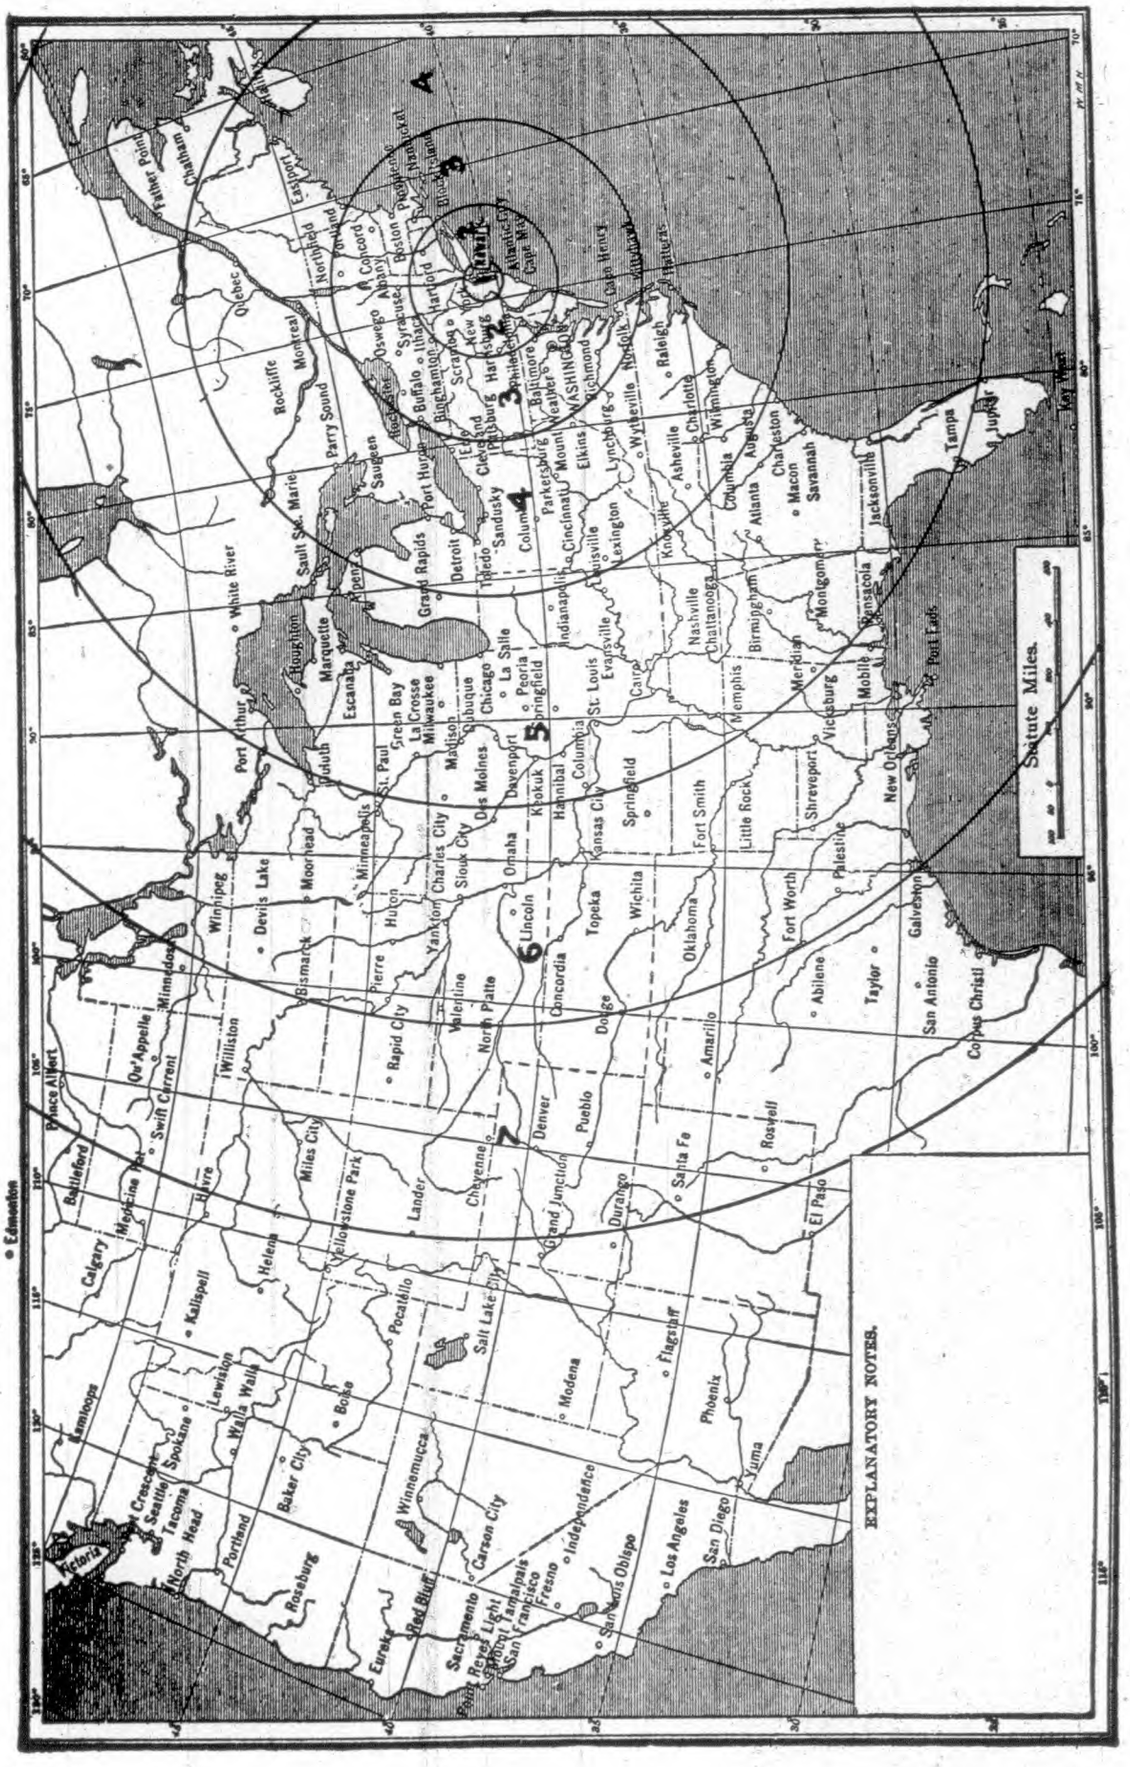
PARCEL POST MAP.



? ? ? ? ? ? By Van

"Who is the mayor of this town?
"Who founded it, and when?
"What is it gives it most renown?
"Who are its Councilmen?
"How has the population grown?
"And will you tell me, please,
"Some of the facts that are best known
"About its industries?
"Where shall I find the City Hall
"And those who office hold?
"Please name the nearest market stall
"Where sauerkraut is sold.
"Does Baxter Street run east or north?
"Where is the City Jail?
"And where does Uncle Sam hold forth
"As guardian of the mail?
"Where are the magistrates and courts?
"When do the lodges meet?
"Who keeps a file of stock reports?
"Where's Kosciuszko Street?
"Know of a man whose name is Burch,
"Who paints and plasters walls?
"Who preaches in the Baptist Church?
"Who sells good overalls?
"Where can I get an oyster stew,
"Where buy imported rugs?
"Who renovates the carpets? Who
"Exterminates the bugs?
"What car will take me to the zoo
"And public library?
"How can I find my friend, Carew,
"I've traveled miles to see?
"Now, if you'll kindly put me wise,
"And think me not a bore,
"I shall esteem it very nice—
"And ask you something more."

"Now, listen, friend, you'll ask no more
"Of me, a tired cop;
"I'm busy, and my semaphore
"Is set, you see, at 'STOP'.
"To find the folks you want to meet,
"And every place and street,
"Please look in the DIRECTORY—
"You'll find it there, complete;
"That book's compiled with greatest care
"For those who want to know;—
"You'll find one in the drug store, there:
"Now, when I signal, GO."

BUYERS' DIRECTORY

It's Practical Uses

To give permanence to paid-for publicity.

To detail more fully the products and service of industrial, commercial, financial and professional activities.

To form a quality background by the better use of type and paper.

To create a department of those in each community whose stability has built the foundation upon which progress has been attained. (The length of this advertising service automatically eliminates investments for space by those who question their ability to continue business activity.)

To safeguard the buyer by eliminating statements that mislead, or do not conform to business integrity.

"Who is the mayor of this town?
"Who founded it, and when?
"What is it gives it most renown?
"Who are its Councilmen?
"How has the population grown?
"And will you tell me, please,
"Some of the facts that are best known
"About its industries?
"Where shall I find the City Hall
"And those who office hold?
"Please name the nearest market stall
"Where sauerkraut is sold.
"Does Baxter Street run east or north?
"Where is the City Jail?
"And where does Uncle Sam hold forth
"As guardian of the mail?
"Where are the magistrates and courts?
"When do the lodges meet?
"Who keeps a file of stock reports?
"Where's Kosciuszko Street?
"Know of a man whose name is Burch,
"Who paints and plasters walls?
"Who preaches in the Baptist Church?
"Who sells good overalls?
"Where can I get an oyster stew,
"Where buy imported rugs?
"Who renovates the carpets? Who
"Exterminates the bugs?
"What car will take me to the zoo
"And public library?
"How can I find my friend, Carew,
"I've traveled miles to see?
"Now, if you'll kindly put me wise,
"And think me not a bore,
"I shall esteem it very nice—
"And ask you something more."

"Now, listen, friend, you'll ask no more
"Of me, a tired cop;
"I'm busy, and my semaphore
"Is set, you see, at 'STOP'.
"To find the folks you want to meet,
"And every place and street,
"Please look in the DIRECTORY—
"You'll find it there, complete;
"That book's compiled with greatest care
"For those who want to know;—
"You'll find one in the drug store, there:
"Now, when I signal, GO."

DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE MEDIA DEPARTMENTAL OF THE ASSOCIATED ADVERTISING CLUBS OF THE WORLD

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all Departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publication.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*

MONTCLAIR

Most beautiful suburb of New York, pre-eminently desirable as a place for homes of refinement, whether of the wealthy or of citizens of average means—pronounced by a competent and distinguished critic as "foremost representative of the highest type of Christian civilization in the entire world."

Population about thirty-eight thousand.

Thirteen miles from New York and six miles from Newark.

Elevation from 300 to 500 feet above tidewater, commanding extensive view over the Metropolitan district.

Unsurpassed schools, excellent roads, police and fire protection, conservative, honest government, pure water.

Clubs, churches, parks, banks and institutions of the finest type to be found in any suburban community.

Transportation to New York by Lackawanna and Erie Railroads. Express commutation service of about twenty-five minutes to Jersey City and Hoboken, where transfer is made to ferries or Hudson tubes. Six stations in town limits, and a total of over 100 trains daily.

A fine Athletic Club with every athletic and social facility at very moderate family dues.

Half a dozen excellent golf links surrounding the town.

"WATCHUNG" AND "UPPER MONTCLAIR"

Excellently served by the Erie Railroad and having their own community life including schools, churches, stores, banks, parks, etc., these popular sections of the town offer the best opportunities for the homeseeker. Attractive houses (many of them new) both modern and of the older type, are to be had in great variety at reasonable prices.

REAL ESTATE INVESTMENTS

There are hardly any investments that are better when properly selected and wisely made, and few that are surrounded by more opportunities for misfortune when unwisely or too hastily selected. Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

"Who is the mayor of this town?
"Who founded it, and when?
"What is it gives it most renown?
"Who are its Councilmen?
"How has the population grown?
"And will you tell me, please,
"Some of the facts that are best known
"About its industries?
"Where shall I find the City Hall
"And those who office hold?
"Please name the nearest market stall
"Where sauerkraut is sold.
"Does Baxter Street run east or north?
"Where is the City Jail?
"And where does Uncle Sam hold forth
"As guardian of the mail?
"Where are the magistrates and courts?
"When do the lodges meet?
"Who keeps a file of stock reports?
"Where's Kosciuszko Street?
"Know of a man whose name is Burch,
"Who paints and plasters walls?
"Who preaches in the Baptist Church?
"Who sells good overalls?
"Where can I get an oyster stew,
"Where buy imported rugs?
"Who renovates the carpets? Who
"Exterminates the bugs?
"What car will take me to the zoo
"And public library?
"How can I find my friend, Carew,
"I've traveled miles to see?
"Now, if you'll kindly put me wise,
"And think me not a bore,
"I shall esteem it very nice—
"And ask you something more."

"Now, listen, friend, you'll ask no more
"Of me, a tired cop;
"I'm busy, and my semaphore
"Is set, you see, at 'STOP'.
"To find the folks you want to meet,
"And every place and street,
"Please look in the DIRECTORY—
"You'll find it there, complete;
"That book's compiled with greatest care
"For those who want to know;—
"You'll find one in the drug store, there:
"Now, when I signal, GO."

DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE MEDIA DEPARTMENTAL OF THE ASSOCIATED ADVERTISING CLUBS OF THE WORLD

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all Departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publication.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*

Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

"Who is the mayor of this town?
"Who founded it, and when?
"What is it gives it most renown?
"Who are its Councilmen?
"How has the population grown?
"And will you tell me, please,
"Some of the facts that are best known
"About its industries?
"Where shall I find the City Hall
"And those who office hold?
"Please name the nearest market stall
"Where sauerkraut is sold.
"Does Baxter Street run east or north?
"Where is the City Jail?
"And where does Uncle Sam hold forth
"As guardian of the mail?
"Where are the magistrates and courts?
"When do the lodges meet?
"Who keeps a file of stock reports?
"Where's Kosciuszko Street?
"Know of a man whose name is Burch,
"Who paints and plasters walls?
"Who preaches in the Baptist Church?
"Who sells good overalls?
"Where can I get an oyster stew,
"Where buy imported rugs?
"Who renovates the carpets? Who
"Exterminates the bugs?
"What car will take me to the zoo
"And public library?
"How can I find my friend, Carew,
"I've traveled miles to see?
"Now, if you'll kindly put me wise,
"And think me not a bore,
"I shall esteem it very nice—
"And ask you something more."

"Now, listen, friend, you'll ask no more
"Of me, a tired cop;
"I'm busy, and my semaphore
"Is set, you see, at 'STOP'.
"To find the folks you want to meet,
"And every place and street,
"Please look in the DIRECTORY—
"You'll find it there, complete;
"That book's compiled with greatest care
"For those who want to know;—
"You'll find one in the drug store, there:
"Now, when I signal, GO."

PUBLISHERS OF DIRECTORIES

OF OVER ONE HUNDRED CITIES AND TOWNS

The difference between

Reference and ← Creative media → is their direction ↔

The seller's efforts to stimulate demand is well carried by outgoing, extensive, display media, but—

he should remember that initiative rests with the buyer, and when the hunt for the goods begins, creative media which may have built up the demand, are at a disadvantage.

It is the difference between coming and going.

The creative advertising is going after the prospect, to make him want to buy, but when you have him coming, reference media should be used to connect the demand with the local supply. Every effort should be made to direct the demand to the goods advertised, at the point where they may be seen.

It is here that reference media, directories, find their logical place in the cycle of the sale.

WHO'S WHO—AND WHERE?

SUCH questions can **only** be answered by the **Directory** and that is where people look when they want to buy. Are **you** properly displayed therein to get the business?

DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE MEDIA DEPARTMENTAL OF THE ASSOCIATED ADVERTISING CLUBS OF THE WORLD

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all Departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publication.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*

Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE MEDIA DEPARTMENTAL OF THE ASSOCIATED ADVERTISING CLUBS OF THE WORLD

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all Departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publication.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*
