CONSUMER TIPS

Dear Customer,

The Executive Consumer Advisory Panel, in conjunction with New Jersey Bell, would like to offer you some tips for shopping the Yellow Pages.

ASK QUESTIONS. As Yellow Pages users, you should request information that may not be included in an ad. Ask for the names of the persons to whom you speak and where they may be reached in person. Inquire about estimates and contracts, prices and credit details, service and repairs, guarantees, warranties, and licensing. It makes good sense to be an informed buyer.

READ THE AD CAREFULLY. Do not look at size alone; scrutinize the factual information contained in the ad.

INVESTIGATE. "Authorized," "certified," "licensed," and "guaranteed" are terms with specific meanings that must be understood by the buyer. Ask the advertiser to explain these terms to you. For example, what are the conditions of the guarantee? What is the advantage of dealing with an "authorized" dealer?

SHOP AROUND. Get several prices. Compare quality and terms. Consult other consumers, neighbors, and friends when possible. Ask the company for references from satisfied customers. Study any contract before you sign it.

COMPLAIN. The responsibility for truthfulness in directory advertising rests with the advertiser. But as publishers of the Yellow Pages, New Jersey Bell wants you to be satisfied with its product and to use it frequently. New Jersey Bell will not knowingly accept misleading or unethical advertising. If wording not meeting its standards is found, it will be investigated.

If you discover any **misleading or unethical statements** in Yellow Pages advertising, call New Jersey Bell's Consumer Hot Line toll-free at **1-800-624-0657**. A brief form will be sent to you, requesting the facts surrounding your complaint. New Jersey Bell's office of Directory Standards and Ethics will follow up on all written complaints it receives.

If you have a complaint about the **quality of an advertiser's service or product,** register your complaint with either your local Better Business Bureau or local Consumer Affairs Office. The numbers for one or both of these offices are located on page two in the Customer Guide Section in front of your phone book.

SENIOR CITIZENS

The Logo pictured above was designed as a certification mark of the New Jersey Bell Yellow Pages. It is designed to assist Senior Citizens in locating businesses that are willing to offer discounts to Senior Citizens. Businesses displaying this Logo in their advertising want to do business with Senior Citizens and offer them discounts. They may offer other special services as well.

Look for this Logo in all display advertisements in your New Jersey Bell Yellow Pages. When you see this Logo displayed by an Advertiser of your choice you should:

- **Contact the Advertiser to determine what their Senior Citizen Discount Guidelines are.**
- **Ask the Advertiser at what age you qualify for the discount.**
- **Ask the Advertiser what level of discount is offered.**
- **Ask the Advertiser if there are other special services that they offer to Senior Citizens.**
- **Tell the Advertiser you noticed the Senior Citizen Discount Logo in their advertisement.**

By following these steps you will be able to realize the maximum benefits of the Senior Citizen Discount Program. Lastly, please tell the Advertiser you found them in the

NEW JERSEY BELL YELLOW PAGES. Thank You!

"Advertisers displaying the Senior Citizen Discount Logo have indicated that they offer discounts to Senior Citizens. Discount levels and age requirements are established individually by each advertiser displaying the Senior Citizen Discount Logo. New Jersey Bell is not responsible for any loss arising from use of the SCD Logo."

★ People who use the NJB Yellow Pages are shopping now.

How to be a better buyer

Millions of people "Let Their Fingers Do The Walking" and shop the Yellow Pages. They find the Yellow Pages an easy, convenient source of telephone numbers and buying information.

As publishers of the Yellow Pages, we want you to be satisfied with our product and to use it frequently. And we know that the best way to do this is to keep your confidence in our directories. We are proud of our record! We will not knowingly accept misleading or unethical advertising. If copy not meeting our standards is found, it is quickly removed.

To help you get greater value in all your buying, we have listed some good shopping tips which are worth remembering.

Price. Service provided after a sale may affect the selling price. Ask if the selling price includes delivery, installation and service charges. Also ask about returns and refunds.

Estimates and Receipts. On major purchases, obtain estimates from more than one company. Receipts should be obtained for all payments, as well as for appliances taken from your home or left for repair.

Service and Repair. Check the cost of service calls by telephone. When the repairman is on the premises, ask for an estimate of the total cost of repair, then get an itemized bill before paying.

Contracts and Credit Details. Don't be rushed into signing a contract if you are unfamiliar or unsure. Ask for a copy to take home for a careful review. Learn the terms, interest rate, and payment plan. Be sure to retain a copy of everything you sign.

Guarantees. All guarantees and promises should be in writing. Find out who is responsible for carrying out the terms of the guarantee. If there is a registration card, be sure to send it in.

We know that you will find Yellow Pages Buying a rewarding experience. But if you should run into any problems or have any suggestions, don't hesitate to call us. We'll be here to help you.
