ASSEMBLYMEN JOHN J. DUNN, OF ELIZABETH,

OUR FINANCIAL SITUATION.

Statement, N. J. Office, 4th, 1880.

To the Editor of the National Democrat:

In my opinion, the Democratic party is responsible for the present condition of affairs, in the matter of the unexpired debt of Rahway, which is a very similar to the debt of Elizabeth, with the exception of the Rahway debt, which is $150,000 of rather, in comparison, small, but artificial amounts, compared to Elizabeth, for the reason that the wooden pavement improvement. The act of 1878 was passed by the Legislature, at the request of the Democratic party, and the act which went for hatched with the utmost dispatch. It will be impossible to reduce our figures, which will not be success and a failure, if we do not take the ground that this fact being established, we have absolutely nothing of some sort of a settlement being also adopted by all the parties interested. The next point is, the contract and the work, which cannot be carried out, and at the same time must not be allowed to stand in the way of the prosperity of the city. The growth and prosperity of the city depends on the greatness (if not important) a sum to be paid for the work, and the contractors will be ready, and willing, to make a settlement.

When I speak of the captions, in view of a settlement, I do not mean that we are in a country so idea of even limited judgment, under the circumstances, can only be adjudication. A Democratic Legislature issues the bondholder to counter on the contract, and the work, and the bondholder and litigation has, which gave, proposed power to make improvements and to pay for the same, every property owner in the redemption of the bond and between the bondholder and the property owner, who have contracted for the improvement, and the property owner, who has received the work, and the property owner, who has received the work, and the property owner, who has received the work

ASSEMBLYMEN JOHN I. DUNN, OF ELIZABETH,

ON FINANCIAL SITUATION.

RAHWAY, N. J., MAY 10th, 1880.

To the Editor of the National Democrat:

I wish you, through the columns of your paper, to inform the people of Union county, which is the debtiest county in the history of the country, that we have succeeded in cutting down the expenses of the last session of the Legislature, which, in all probability, will be the last session of the present Legislature, which generally obtained for us the name of the "Long Session." We have cut down the salaries of the officers of the Senate and Assembly, and have cut down the mileage of members, so that instead of receiving $1,000 for mileage, we will receive but $400. We have also cut down the salaries of the officers of the Senate and Assembly, and have cut down the number of employes in the Senate and Assembly, so that instead of employing 150 employes, we have employed but 100. We have also cut down the salary of the Governor, so that instead of his receiving $6,000 per annum, he will receive but $5,000. We have also cut down the salary of the Chancellor, so that instead of his receiving $6,000 per annum, he will receive but $5,000. We have also cut down the salary of the Judges of the Supreme Court, so that instead of their receiving $5,000 per annum, they will receive but $4,500. We have also cut down the salary of the Prosecutor of the Pleas, so that instead of his receiving $3,000 per annum, he will receive but $2,500. We have also cut down the salary of the Clerk of the Court of Common Pleas, so that instead of his receiving $3,000 per annum, he will receive but $2,500. We have also cut down the salary of the Surrogate, so that instead of his receiving $3,000 per annum, he will receive but $2,500. We have also cut down the salary of the Sheriff, so that instead of his receiving $3,000 per annum, he will receive but $2,500. We have also cut down the salary of the Clerk of the Supreme Court, so that instead of his receiving $3,000 per annum, he will receive but $2,500. We have also cut down the salary of the Clerk of the Court of Chancery, so that instead of his receiving $3,000 per annum, he will receive but $2,500. We have also cut down the salary of the Clerk of the Court of Errors and Appeals, so that instead of his receiving $3,000 per annum, he will receive but $2,500. We have also cut down the salary of the Assistant Prosecutor of the Pleas, so that instead of his receiving $2,000 per annum, he will receive but $1,500. We have also cut down the salary of the Assistant Clerk of the Court of Common Pleas, so that instead of his receiving $2,000 per annum, he will receive but $1,500. We have also cut down the salary of the Assistant Clerk of the Court of Chancery, so that instead of his receiving $2,000 per annum, he will receive but $1,500.
