Biggest Court Tilt Yet Here This Friday Night

The biggest game on any basketball schedule of Rahway High School since the game became a major sport at the Campus Street institution is the game this Friday night and will be the first time that Rahway and Roselle Park have met in a basketball game. The game will be the second game of the best Class A quintet of the Red and Black.

Roselle Park comes here with a strong over stalwart team, which they will have to give everything they have got in it and stand ready to do nothing else but. The game promises to be a record breaker.

In addition to the main attraction a preliminary game between the Rahway Junior High Reserves and Carteret Boys Club will be played. The Carteret and Rahway objective in any sport has always been rivalry and the fact that the Visitors are late hour substitutes for the local B.V.C. makes the game doubly interesting.

Finally, another attraction for the game is the dancing to follow the game. The dancing will be led by Prayer, spell—Tuesday evening the Rahway Junior High Boys will have a big class initiation. The Elizabeth Junior High Boys will be the guests of the evening. Tuesday evening the boys will have a big class initiation. The Elizabeth Junior High Boys will be the guests of the evening. A large number of Rahway boys will be present to witness initiation candidates, which will be performed in the presence of grand lodge officers. Thursday evening the bowling team will resume activities on McCartney's alleys.

Music and refreshments followed the meeting last evening in the new home, which has been extensively refitted and redecorated. Secretary James Halwell was unable to attend because of the death of his mother. His position being temporarily filled by Lloyd Hammer. The application was balloted on.

Make It a Habit

Under the stress of the Great War our citizens came to realize that thrift was both a patriotic service and an economic necessity. After the Armistice came relaxation and extravagance. The Public then had contracted the same feeling of the practice of thrift that the convalescent patient feels as to the observance of a careful diet. It is the same kind of impatience that the soldier awaiting demobilization felt on matters of discipline or military theory had been worn thin and ceased.

National Thrift Week, beginning with the birthday of Benjamin Franklin—Sunday on January 17, will remind us that the measures by which we are enabled to surmount individual, business and national crises are merely the intensification of those which are essential for the preservation of private and public welfare in ordinary times.

If we would have health, we must follow rules of right living while we are well, not alone when we are sick. An efficient army must be as responsive to discipline when in camp as when in the front trenches. If we would have individual and national prosperity, we must adhere to economic principles both in ordinary times and in times of stress.

Thrift is preached not because any right thinking person wants to save, but because (1) it is an essential of adequate national strength, as well as of individual welfare; (2) because its practical, widespread and continued application requires a persistent campaign of instruction and (3) because it actually has Beetle forces arrayed against it.

We are serving our neighbors, our country, and the world as well as ourselves, when we practise thrift. We will all gain by giving special thought during the week of January 17-23 to the practical application of principles of thrift to our personal and community problems. Then let's try to be thrifty till another Thrift Week rolls around!

Liability for Safety Patrol Boys

Following the recent decision of State's Attorney General Katzenbach, in the case of the Netter boy who was injured while on patrol duty, school men of the State are anxious to have the question of liability definitely settled. In the opinion of the Attorney General the principal of a school who assigns the boy to traffic duty is responsible.

Many school men believe this ruling inequitable, albeit for their sources. Since the patrol boy is engaged in a service for the community, with the sanction of public school and police officials, he should have the same kind of protection that is given to policemen and firemen. In the event of injury to a boy on traffic duty, if the principal who assigned him to duty has no property, the boy would receive no compensation.

Martin L. Cox, principal of Robert Treat School, Newark, vice chairman of the Newark Principals' Association, in discussing this matter before the Association said:

"It is not the intention of any principal to place a boy in a dangerous position. The intelligent supervision of the traffic about his school is a short section of the street day when children are coming to and going from school.

"There is no question that the boys have been saved and injuries have been prevented by the splendid work of the boys of the patrol. The committee wishes to recommend to the State authorities a change in the conditions under which they now work, namely, that the State authorities should be assigned as the school for brief periods every day, the only means of controlling traffic, without seriously interrupting or diverting it, seems to be the safety patrol.

N. J. Farmers Ready for Big Week at Trenton

Rich in promise of big dividends to farmers during the coming year, in return for every hour invested in the sessions, the complete program of New Jersey Farm Week, at Trenton, January 13 to 16, has been announced by Secretary Alva Agre of the State Department of Agriculture. The program is the result of a year's planning by the program committee of the State agricultural convention and fifteen other organizations holding their meetings at this time will feature the pressing problems of farm credits and better marketing.

Six big week's activities have been planned in appeal, not to the farmer alone, but to every member of the rural household, and it is expected that thousands of farmers will bring their families to Trenton for the celebration. In addition to the important technical and business sessions, there will be meetings of many farmers' marketing associations, including the Farmers' Union. A rural church conference also will bring together leaders in country life development along social and religious lines.

The session open Tuesday afternoon with the annual meeting of the New Jersey Federation of County Boards of Agriculture of the Armory, and the annual meeting of the State Board of Agriculture follows.

Governor Silzer will address the agricultural conference of the State Board on Tuesday afternoon. New Jersey's agricultural policies will be discussed in the address of President Joseph S. Fralinger of the State Board, starting at 2 o'clock. Relations with all other industries will be the subject of an address by George H. Roberts, vice president of the National City Bank of New York. Another important discussion is to be led by former Governor Edward C. Stokes on "Good Roads Finance." Mr. Roberts also will speak Wednesday evening at a farm federation meeting on "The Past War Crisis and Recovery," and at the same session "Farm Tax Problems of Wartime," by Professor H. C. Nixon, director of research in taxation of the American Farm Bureau Federation.

With exhibits interesting city as well as rural visitors, the New Jersey Farm Products Show will be held in the Second Regiment Armory during farm week. State production championships will be settled in competitions on various staple crops at this show, and there will be many exhibits touching farming and allied industries. Trenton's winter poultry show will be held in conjunction with the Farm Products Show and will be under the auspices of the Mercer County Poultry Association.

Something to Think About

President Coolidge has announced his intention to call a conference of commissioners of revenue of the several states to consider problems presented by the federal and state inheritance estate or succession taxes. In the United States of America, the United States, There is a striking lack of uniformity in laws. Overlapping of taxes, double taxation, double trick taxation and many problems of the chase for substantiation are scheduled for the meeting.

An inheritance tax is primarily a tax on capital as opposed to income and, therefore, as taxing authorities see, commerce and not producers of wealth are subjected to the burden of taxation. In other words, subtraction from the common wealth. In other words, it must obviously apply as to a capital levy.

Excessive estate taxes discourage the thrifty and lessen the legitimate accumulation of wealth from which fortunes are begun, reserves are created, enterprises are fostered and develop the country. Constitutional objections, which have prevented ready application of a people to point of economic impoverishment.

States are already beginning to relax or drastic inheritance tax laws as they see that such measures are driving the property industry and employment from the commonwealth, and lessen the permanent taxable assets of a state.

That Is a Good Sign

The Westfield Leader thus comments upon the action of the Union County Board of Freeholders in deciding to reject all bids for the construction of the new public building at Elizabeth:

The board seems to have awakened to the fact that the public is unlikely to approve any unnecessary expenditure of public funds until there has been a perceptible reduction in taxes and public expenses.

The value of an elaborate office building for the county officials is doubtful. More space may be needed than is available in the present court house, but there is no reason why office building should be palatial in appearance or in its furnishings. Its utility and a proper regard for the preservation and protection of the county records is vastly more important than the construction of an elaborate specimen of architecture.

As far as the county fail is concerned, a jail is a jail and there is apparently no good reason why a structure for that purpose should be made the architectural equal of our modern hotels. There is quite enough of the spirit of extravagance in the construction of our jails and there is no reason why the individual who has committed a crime should be given comforts that can not be found in the homes of many honest people.

The Union County Board of Freeholders is made up of some very level-headed business men and it is doubtful if the citizens of any county in the State of New Jersey have been handled with better judgment. It is therefore unlikely the Board will indulge in any architectural extravagance in its new building.

Restock With Western Rabbits

Carrying out plans prepared several months ago, the State Fish and Game Commission is bringing in 15,000 Western rabbits for the restocking of New Jersey's hunting grounds. Barely had hunters cleaned and laid away their guns at the close of the hunting game and deer hunting seasons than distribution of the rabbits was begun under direction of Wardens. Approximately 700 rabbits will be placed in Union County.

The importation of the Western rabbits for restocking purposes is equally pleasing at this time. New Jersey gunners, who say this type of game was plentiful in many localities, during the Great War period, when spring and summer floods that drowned young rabbits in their nests is believed to be the chief cause for the short supply.

Wardens say the Western rabbits are reaching their destination in good condition and with little loss from the long journey in crates. Most of the rabbits destinations for the rabbits have come from farmers. No rabbits are being placed on posted lands, nor in any game preserves.

A scientist attached to one of the government bureaus, while gathering specimens from the wilds of the Missouri river in South Dakota, reported a curious phenomenon that sometimes occurs in that region. It seems that about once in every two or three cases to the scientist's care a heavy report, sudding, or jolting, that may be taken to mean that a meteor has actually fallen on the river. On the morning in question the scientist had crossed in the morning he found an immense hole opening upon 100 feet wide and 100 feet in depth, averaged 50 inches in thickness. The theory is that this meteor, coming from impinged air gradually accumulating in a favorable spot, where it is subjected to tremendous pressure by the force of the river current.

The consumption of expense payments in Sweden has had a beneficial effect on Swedish currency, the krona rising from 58.10 cents, on March 3, to 36.40 cents on April 15. The note circulation has increased from 114,000,000 crowns on March 15, to 203,000,000 crowns on April 15, and gold reserves remained unchanged at 219,000,000 crowns, representing a 100 per cent. The national debt, of which less than 20,000,000 crowns was floating debt, was reduced by substantial amounts during the period, the debt standing at 1,042,000,000 crowns on the last day of the month.

Nearly all the delegates to the Conference of Nations were or less naive in its legislature for the purpose of protecting the purity of domestic affairs of another, perhaps more than one, has been doing a precisely the American lobbying cross on the ground that it is interfering with its export trade in the Orient.

Was enterprise the idea that a bobbed-haired girl in tight-bloomed breeches and a sweater, with a pipe in her mouth, has caused with a tender-hearted girl in high-heeled pumps, her curtsey with a tender-hearted girl in high-heeled pumps, her curtsey with a tender-hearted girl in high-heeled pumps, her curtsey

Opera Music Made Available To Radio Audiences Through Star Broadcasting Experiment

America's most famous opera stars have been placed at the disposal of the radio public through the efforts of H. Johnson, president and then general manager of the Victor Talking Machine Company, in connection with the American Telephone and Telegraph Company.

The departure from what Herbert Hoover recently termed "an endless diet of jazz" in radio programs, is the outgrowth of a movement on the part of music companies to improve the standards of radio music, and it is believed that the talking machine sentiment, by the encouragement which has the influence of good music, will be a stimulating factor in the growing child as the influence of happy environment and home life. Under tentative arrangements between the two companies the Victor artists will appear at regular intervals during the present year, giving radio recitals and concerts.

Among the more famous artists whose names are household words to American homes. They are Lucrezia Bori, Harold Bauer, Francis Alda, Mischa Elman, Giuseppe de-Luca, Miguel Fleta, Jean Gordon, Maria Jeritza, Giovanni Martinelli, Marguerite Matzenauer, John McCormack, Mme. Pederzini, Ernestine Schumann-Heink, Antonio Scotti and the Flonzaley Quartet.

Lack of $25 a Year Ends English Custom

London, Eng.—So old the English custom of the Dorset countryside has lapsed and the "Shadford bell" which has tolled twice a day without a break for centuries, will be heard chime no more.

Shadford, a tiny village in the heart of Thomas Hardy country, is rich in ancient tradition, and one of the last customs was the daily ringing of a time bell in the church tower at one o'clock in the day and again in the evening.

The custom goes back to a period when clocks were unknown to the humble natives, who measured time by the sun's course or were apprised of the hour by the ringing of a public bell.

A month ago a new rector came to the village. He had no objection to the ancient custom, but church funds are not what they used to be, and the bell ringer gets $25 a year. The rector argued that if the town wanted its old custom it should pay for it out of public funds. The town council replied that the question long antedated the World War, and by a majority of one decided that Shadford bell must serve as the taxpayer has to foot the bill.

WORLD COURT

(Continued from Page One)

amongst the task of organizing a Court. Article XIV of the Covenant of the League therefore provided that "The Council shall formulate and submit to the Members of the League for adoption plans for the establishment of a Permanent Court of International Justice. The Court shall be competent to hear and determine any dispute of an international character which the parties thereto submit to it. The Court may also give an advisory opinion upon any dispute or direction referred to it by the Council or by the Assembly."

On February 17, 1920, the Council of the League appointed an Advisory Committee of Jurists to draft a plan for the Court. The Committee had twelve members, all eminent for their knowledge of international law, and all but one of them were citizens or subjects of nations members of the League. The one exception was Hon. Elihu Root, formerly Secretary of State of the United States, in addition to Mr. Root, the members were Messieurs Adatci, envoy extraordinary and minister plenipotentiary of His Majesty the Emperor of Japan, at Brussels; Rafel Altamiray Crevea, senator, professor of the Faculty of Law of the University of Madrid; Clovis Bevilaqua, legal adviser to the Ministry of Foreign Affairs of Brazil; Baron Descamps, senator, Minister of State, Brussels; Fernandez Prida, Deputy, Minister of State, Madrid; Count Ferdinand Lansing, former Secretary of State of the United States; Mr. Loder, formerly President of the Supreme Court of the Netherlands; Baron Phillimore, member of the Privy Council of His Majesty the King of England; and Albert Rhoutsos Bey, Minister Plenipotentiary of His Majesty the King of Italy, legal adviser to the Ministry of Foreign Affairs, respectively.

The Committee of Jurists drafted a statute of law for the Court and submitted it to the Council of the League, which after considering it decided that it should be submitted to the members of the League for their consideration, and after some changes, it was finally adopted by the unanimous vote of the Assembly of the first Assembly of the League of Nations in November, 1920.

On December 12, 1920, the Assembly unanimously adopted a resolution providing that this statute, with a protocol prefixed to it, should be submitted to the member nations for ratification. The protocol, or protocol of signature, merely stated that the member nations, through the signatures to be attached of their authorized representatives declared their acceptance of the annexed statute for the Permanent Court and accepted its jurisdiction in accordance with the terms of the statute and subject to the conditions of it.

The Nations Now in the Court

Forty-seven of the 55 nations that are members of the League have signed the protocol of the Court. These 47 nations are Abania, Australia, Austria, Belgium, Bolivia, Brazil—British Empire, Bulgaria, Canada, Chile, China, Colombia, Costa Rica, Czechoslovakia, Denmark, Esthonia, Finland, France, Greece, Guatemala, Haiti, Hungary, India, Japan, Latvia, Liberia, Luxemburg, Netherlands, New Zealand, Norway, Panama, Paraguay, Persia, Poland, Portugal, Roumania, Salvador, Siam, Sweden, Switzerland, Union of South Africa, Spain, Sweden, Uruguay and Venezuela.

The Nations Not in the Court

Fifteen nations or states of the world are outside the Court.

They consist of 7 states that are members of the League but not all signatories of the protocol, viz. Argentine, Bolivia, Chile, Peru, Salvador, Uruguay, Venezuela, and of 8 states in the world that are not members of the League, viz. Afghanistan, Bhutan, Ecuador, Egypt, Germany, Mexico, the Russian Union of Socialist Soviet Republics, Turkey, and the United States of America.

Bori And McCormack Thrill Unseen Millions, Paving Way For New Era In Radio Music

Lucrezia Bori and John McCormack, stars of the Metropolitan Opera Company, sang to an unseen audience on New Year's night. Millions heard their golden voices over the radio, inaugurating the first step in an extensive plan of giving radio fans an opportunity of hearing the finest musical talent in the world.

The voices of McCormack and Bori were transmitted through a special wire from the Metropolitan Opera House to station WEAF, the station of the American Telephone and Telegraph Company, the flagship of radio broadcasting. The voices were transmitted simultaneously over the wires of the Western Electric Company, the manufacturing and selling agent for the Bell System, and were picked up by the station WEAF and broadcasted.

Rahway High's Basketeers Gain Great Court Victory

Red and Black Invades Queen City and Romps Off With 23-12 Win—Reserves Also Triumph Over Plainfield Opponents

Perfect team work both on the offensive and defensive coupled with the ability to work the leather down the court and through the opposition gave the Rahway quintet a decisive victory Friday afternoon over the Plainfield High courtsters on their own floor. The final score was 23 to 12 and that was a mark set by the coach as the best he has had to score in a number of years. Rahway's chances for the All-County title were given a big boost. The victory was all the more sweet because it came at the Cinderbed's own stamping ground. Rahway played well as a team and further proved that it is one of the strongest combinations in Union County. In the Cinderbed's own backyard, in the heart of the Queen City, Coach Walter has created a team that will go far in the game, merits especial Rahway attention and was of brilliant calibre.

A play-by-play account of both games follows:

Plainfield had great chance to score as Tony missed a foul shot. Plainfield then drew first blood when Zimmer tossed one from scrimmage. Tally by Zimmer with no foul shot made it 2-0 for Rahway. Plainfield then scored by Custer and Rahway then took the lead when Coppola made good on two chances from the foul stripe. Tally by Castor missed a foul try but scored the first goal from the field. Tally by Decker. Coppola missed both chances for a free throw. Rahway leading, 5 to 2. Tally by Zimmer. Plainfield then scored by Castor. Rahway 7, Plainfield 4. Tally by Castor.
