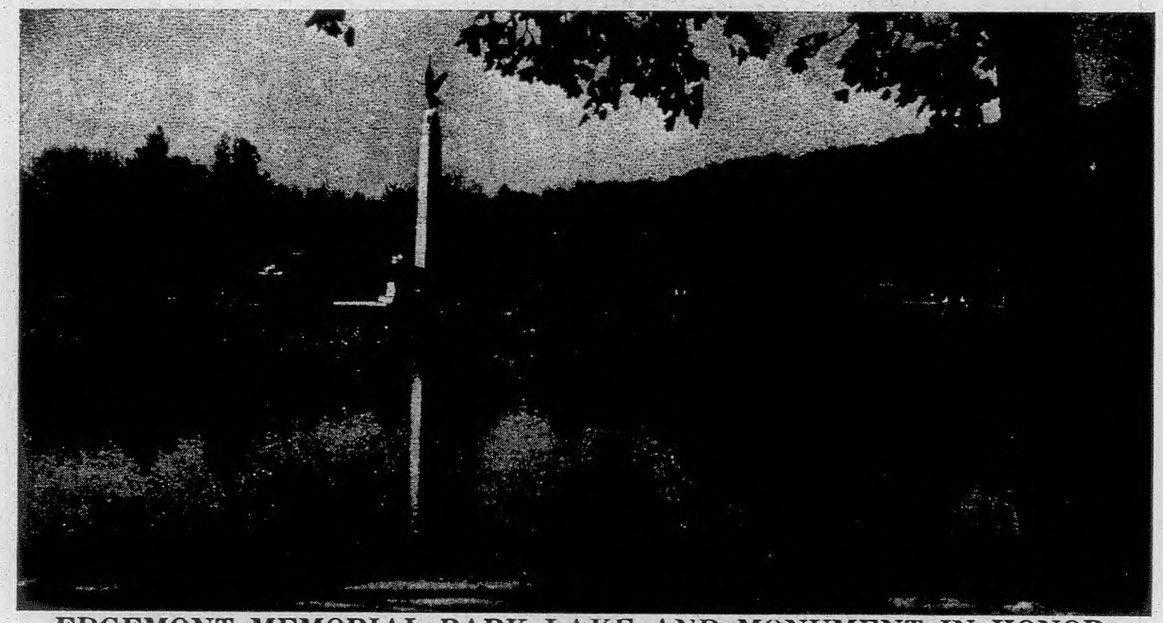
Montclair Yesterday and Today

Long before white men settled in this country an important Indian trail passed through what is now Montclair, crossing the mountain at Crane's Gap. In 1666, Connecticut families settled Newark, buying a wide region from the native Lenni-Lenapes. By 1715 offshoots of the settlement had spread to the outskirts of the purchased land, with at least one family living within Montclair's present bounds by that date. The present Upper Montclair was settled, perhaps equally early, by Dutch families.



Montclair is now a pleasant, highly progressive suburban town, fourteen miles west of downtown New York. It has tree-shaded streets, attractive homes, excellent public library, schools, adult school classes, and art museum. It has an efficient municipal government, exceptional shops and markets, and a wide variety of clubs, musical and dramatic organizations,

"WHAT YOU SHOULD KNOW ABOUT YOUR CITY"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops first, an intelligent interest; then, a sympathy, then a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women." — John Cotton Dana.

lectures, concerts, and theatres. Montclair has strong private schools and a Montclair State College accredited by the American Association of Universities.

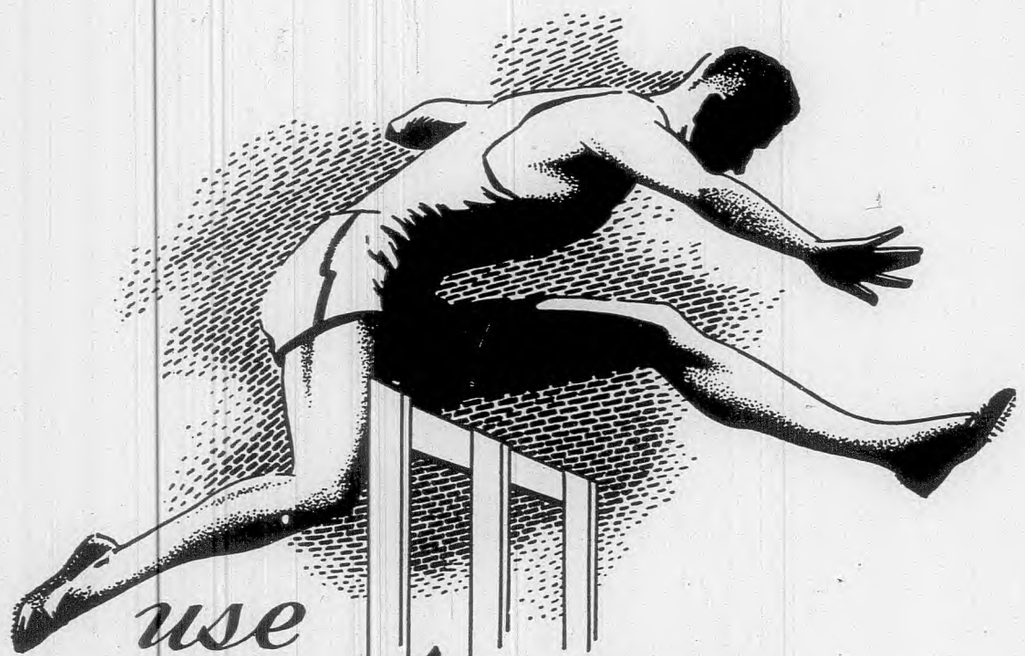
EDGEMONT MEMORIAL PARK LAKE AND MONUMENT IN HONOR
OF MONTCLAIR'S FIRST WORLD WAR VETERANS

Lying on the eastern slope of the Watchung Mountains and the gently rolling land at the foot, Montclair commands a beautiful though distant view of New York City. Its two hundred to six hundred and fifty foot elevation makes it well-drained and healthful. There are many beautiful short and long drives into attractive natural areas within reach.

For the large number of Montclair people who commute to Newark or New York there is exceptional transportation by the Erie-Lackawanna Railroad and DeCamp or Public Service buses. Between Montclair and the ferries or tubes for New York there are 34 trains each weekday, 17 east and 17 west, and buses in each direction at frequent intervals.

With the completion of the S3 Express Highway, travel time to New York via Lincoln Tunnel has been reduced considerably.

A large proportion of Montclair's people are executives or business or professional personnel, with a high percentage of college graduates among them. The rich facilities of New York City, and even those of more distant cities, are readily accessible.



THE MONTCLAIR LIBRARY

Newcomers are welcomed into Montclair's civic and social organizations. Information about the town may be obtained by a personal call to the Montclair Public Library, 50 S. Fullerton Ave., or the Montclair Chamber of Commerce, 492 Bloomfield Ave.

By the passage of Chapters 278 and 279, Laws of 1945, the two Newark District Courts, together with the District Courts at Irvington, Montclair, East Orange and Orange, were abolished and The District Court of the Essex County Judicial District was established.

By the passage of Chapter 384, Laws of 1948, The District Court of the Essex County Judicial District became The Essex County District Court.

All claims arising from motor vehicle accidents where the claim does not exceed $3,000.00.

The court has exclusive jurisdiction to hear and try suits between a landlord and the tenant. The court is also empowered by statute to sit as an appellate court on appeals emanating from the decisions of the Rent Control Agency and Appeal Board.

The Essex County District Court is located at 41 13th Avenue, Newark, New Jersey, in the Hall of Records. The court has a Presiding Judge and three associate judges.

The Clerk of the Court is the chief ministerial officer of the Court and all employees of the Court are subject to his control, after appointment by the Presiding Judge. All fees, payable to the Clerk of the Court, are paid over to the County Treasurer monthly.

How To Get Along With People

Keep skid chains on your tongue; always say less than you think; cultivate a low, persuasive voice. Make promises sparingly and keep them faithfully, no matter what it costs you. Praise good work done, regardless of who did it. If criticism is merited, criticize helpfully, never spitefully. Preserve an open mind on all debatable questions. Discuss but don't argue. It is a mark of superior minds to disagree and yet be friendly.

FISHING IN THE RIGHT SPOT ?

Have you ever noticed a dejected fisherman sitting for hours, without even a nibble — and the small boy fifty feet away pulling in the big ones?

It's just a case of fishing in the right spot. The directory is the right spot for your advertising — it will produce the results — the big ones.

How To Get Along With People

Keep skid chains on your tongue; always say less than you think; cultivate a low, persuasive voice. Make promises sparingly and keep them faithfully, no matter what it costs you. Praise good work done, regardless of who did it. If criticism is merited, criticize helpfully, never spitefully. Preserve an open mind on all debatable questions. Discuss but don't argue. It is a mark of superior minds to disagree and yet be friendly.

I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

First National State still an old-fashioned* bank.

Don't let our Full Service Banking fool you.

A visit to the bank, circa 1885. The Bettmann Archive

When we first opened our door more than 150 years ago, we had only a few services to offer customers. They could make deposits, borrow money, or buy the bank's currency.

As the bank grew over the years, we added service after service. Today we offer a long list of them to take care of almost every conceivable banking need.

Because so many people use these services, we are the leading Full Service Bank in New Jersey. We think this proves one thing: Our old-fashioned way of doing business is still the most important service we offer.

* ***old-fashioned*** *adj. 1. Time honored, proven through experience: assurance of service with traditional courtesy and integrity.*

I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.
