WHITE SLAVE IS LOCATED IN CITY

After Search of Eighteen Months Marie Anderson, of Racine, Wis., is Returned to Her Home.

SHE LOVED NOT WISELY BUT TOO WELL IT'S SAID

WAS VICTIM OF FIEND WHO TRAFFICKED IN YOUNG AND PRETTY GIRLS.

ASHAMED TO RETURN HOME

Swedish Society Searched For Her Until She Was Finally Found—Is Now Enroute to Wisconsin.

After a search of nearly two years, Marie Anderson, of Racine, Wis., a victim of misplaced love, who was forced into white slavery by the man to whom she had given her heart, was found in this city late Wednesday afternoon. She was taken in charge by the police, but later given into the custody of Detective Sergeant Knieder, of Chicago, who left Thursday morning at 8 o'clock for Chicago, en route to Racine with the young woman.

Miss Anderson, a petite miss of 17, was a member of a prominent Racine Swedish family, an earnest worker in the church and a member of the Luther league, a very powerful and influential Swedish organization which has for its objects the betterment of the race. She was just on the dangerous age: just at the age when budding young womanhood casts about for some object on which to lavish its affections. She became enamored of a young man of rather unsavory reputation, but believed, as many others have believed in the past and will probably do in the future, that she could reform him; that in the crucible of love all the dross would be burned away and that he would come out all pure gold.

The young manwrose d and won her [illegible] first breaking over conventionalities, and later giving herself to him. [illegible] became enamored of the young woman as soon as she had gained the confidence of the young girl, and finally found the girl. She was told that her parents had learned of her treatment at the hands of the young man, of his desertion and of her shame; that they had forgiven and wanted her to return to them. She consented and after locking herself in her apartments and having a good, long cry, made herself ready for her return home.

she came to this city, where she has been known as Gladys Mills. Of late she has been staying at the house of Mrs. Williams, 109 Hayes street, and there she was found by officers Wednesday afternoon.

Immediately after the girl had disappeared the Swedish Luther League instituted a search for her and this was carried on until she had been found. Every city of consequence where it was believed likely she might be was visited, but no trace of her was found, and until recently it was believed that she was not living. Some time ago it was learned that she had been in Chicago. An investigation was made and it was ascertained that she had lived there. Detective Knieder, a member of the league, took it upon himself to follow up the investigation. After following the trail about Chicago, he learned that beyond question the girl had come to this city.

He came here Wednesday afternoon and enlisted the aid of a couple of the city detectives. They visited a number of disorderly houses before they finally found the girl. She was told that her parents had learned of her treatment at the hands of the young man, of his desertion and of her shame; that they had forgiven and wanted her to return to them. She consented and after locking herself in her apartments and having a good, long cry, made herself ready for her return home.

Minister Expects One or Denial of Guilt But It Is Believed He Will Spare Parent Further Disgrace.

(By Associated Press.)

RICHMOND, Va., Nov. 23.—Henry Clay Beattie, Jr., awakened at the usual time this morning on what by law was the last day of his life. Tomorrow, shortly after daybreak, he will surrender himself in the death chair in expiation of the murder of his young wife. He slept well, but had tossed restlessly as though bad dreams had been his companions throughout the long night. There were no signs of a breakdown this morning, the prisoner dressing with the same fastidious care that he has taken ever since he entered the state penitentiary and the death cell.

Rev. John J. Fix put in an appearance early, and probably will remain with Beattie during the day. The elder Beattie, Douglas Beattie, brother of the convicted man, and the attorneys who defended him in the trial that ended in his conviction of murder joined the minister soon afterward.

Neither Beattie's attorneys or relatives believe he will confess before his life is taken. His spiritual advisers are of another opinion. They entertain the hope that he will do so.

"If he is guilty I feel reasonably certain he will acknowledge it," said Rev. Fix. "To go to his death with a lie on his lips would be sacrilege. Beattie is at peace with his Maker."

The fact remains, however, that through all the ordeal attending his trial and conviction Beattie has shown in every way to spare his aged father as much as possible. The elder Beattie is said still to believe in the innocence of his son. It is a question whether the condemned man does not consider it his duty to owe it to those to whom he has brought so much pain and so much disgrace, to go to his death with seeming fortitude, as doubted by many that new-found religion will outweigh the prisoner's pecuniary condemnation if he believes is due his father and prompt a confession.

BEULAH NOT THERE.

A report that Beulah Binford, the 17-year-old girl for love of whom Henry Clay Beattie, Jr., is alleged to have killed his wife, had arrived here today caused a distinct sensation. The police at once denied the story, but made a close search for the girl, and their vigilance did not relax until word came from New York that the girl was still there and would make no attempt to come to Richmond.

MOTHER OBJECTS TO GIRL WEDDING BENCK

WOMAN OF HOLLOWAYVILLE, ILL., WRITES HERE TO ASK OF FORMER MARRIAGE.

Mrs. William Ludemeyer, of Hollowayville, Ill., "with a heart almost broken," writes County Clerk Date, that her daughter, 17 years old, is about to be married to one William Benck, believed to be a married man and a resident of Danville, a man already married, she has been told. Mrs. Ludemeyer says that on a recent visit to her home, Benck was told that her daughter would not be permitted to marry him, because he could furnish no proof that he had been divorced from his former wife, which Benck said had been done two years previously. In reply to a request for a copy of court records, Mrs. Ludemeyer said she told Benck that he could not have her daughter, but he became defiant and replied that he intended marrying the girl regardless of opposition. Mrs. Ludemeyer says that her daughter's heart was at the point of breaking. She asked the county clerk to tell her all about Benck, but Mr. Date says he does not happen to know a man of that name, either in Danville or elsewhere.

Mrs. Ludemeyer admits that Benck is almost a stranger to her and her daughter, becoming suddenly acquainted with the latter while employed where he was baggage master. The letter does not say that Benck ever lived here, or that he pretended to have obtained a divorce in this city. It appears that Benck has made threats against the girl, who, the mother says, is afraid of him.

The city directory does not contain the name of William Benck, nor is there any record of his divorce case at the court house.

NOTHING NEW FOR BILL

DR. BARROW PAROLED FROM CHESTER PEN

DANVILLE MAN, SENT UP FOR SLAYING GEORGE RODERICK WILL SOON HAVE LIBERTY.

HAS SERVED JUST A YEAR

Parole Board Making Inquiries Concerning Desperate Negress Serving Time from This City.

Dr. J. M. Barrow, convicted at the last October term of the circuit court of Vermilion county, of the charge of slaying George Roderick, an old friend, in a fishing camp a few miles northwest of Catlin, the previous night, has been granted a parole, and is expected to arrive in Danville within a few days.

Pratt Taylor, jailer, between whom and Dr. Barrow there has existed a strong friendship ever since the doctor had been arrested, has signed the parole papers, thus becoming responsible for Barrow's conduct until different arrangements can be made. After the jailer had received the papers Thursday, he remarked that he surely would sign them, for how could a man in Barrow and be also would believe in him.

The jailer's opinion is that Barrow has planned to become a member of the Soldiers' Home here, after having been discharged from that institution on account of the killing of Roderick.

Dr. Barrow in the one year that he has been a prisoner at Chester, made a splendid record, said Jailer Taylor. From the very start he was a "trusty," and for some months past has been dispensary at the hospital. He early won and easily kept the confidence of the parole officers formerly here and who have interceded for him with the board of paroles.

Instances are rare where a prisoner is paroled at the expiration of one year in the penitentiary. Two things combined to give the doctor his freedom so soon—good conduct at the penitentiary, and influence of friends in Vermilion county. Recommendations from people who had known convicted persons a long time, go far toward obtaining paroles and pardons. Aside from unlawful acts committed when the doctor's brain had been addled by liquor, it has been found that he was as lawabiding as the average man.

INQUIRING ABOUT NEGRESS.

Representatives of the parole board are making inquiries concerning the records of Harry Thomas negro burglar, and Ollie Holloman Saunders, and the negro Howell, who with Ida Davis, negress, furnished Deputy Sheriff Tom Shepherd and the police information on which all three later were sent to the penitentiary.

It is not probable that the records of either Thomas or Howell will do them any good with the board of paroles; but on the other hand, it is believed that reports furnished by Danville people, including the prosecuting attorney, the judge, the sheriff, policemen, and others will "put back" for several months the two negroes, who have not yet been in the penitentiary one year.

A "set back" for Thomas and Howell may mean that their cases will not again be taken up by the board for twenty-two months. But good conduct at the penitentiary will materially aid in the ultimate release of the two men.

GOMPERS MUST BE TRIED FOR CONTEMPT

LABOR LEADERS ARE INFORMED CHARGE AGAINST THEM NOT BARRED BY LIMITATION.

JUDGE WRIGHT IS SCORED

Gompers Declares Him Mentally Incompetent to Give Fair and Impartial Trial of Case.

(By Associated Press.)

WASHINGTON, D. C., Nov. 23.—Samuel Gompers, John Mitchell and Frank Morrison, the labor leaders, must again stand trial in the supreme court of the District of Columbia on charges of contempt, arising out of the Buck's Stove & Range case. Justice Wright today handed down a decision overruling the motion of the labor leaders for the dismissal of the proceedings under the statute of limitations. The court held that contempt of court is not classed as criminal and consequently not subject to the bar of the statute of limitations.

The supreme court of the United States recently dismissed the original cases against Messrs. Gompers, Mitchell and Morrison, but gave the lower court the right to renew the proceedings. Notwithstanding this, Justice Wright took the ground that the dignity of the district supreme court's order had been violated and again cited the labor leaders to appear and defend themselves.

Justice Wright declined to grant the request of Gompers and his associates that the testimony be taken in open court. He gave the respondents three days in which to agree with the committee of prosecutions upon the appointment of a commissioner to hear the evidence.

ATLANTA, Ga., Nov. 23.—"Insofar as the people of this organization are concerned, Justice Wright is mentally incompetent to give a fair and impartial trial of the contempt proceedings against us."

President Samuel Gompers, of the American Federation of Labor, in convention here, made this declaration today when announcement was made on the convention floor that Justice Wright had today handed down a decision overruling the motion of Mr. Gompers, John Mitchell and Frank Morrison, for a dismissal of the contempt proceedings arising out of the Buck's Stove & Range case under the statute of limitations.

News of the court's decision reached the convention while the committee

DANVILLE WILL BE IN ABORIGINAL BOOK

SMITHSONIAN INSTITUTE SEEKS INFORMATION FRO MCLERK DALE ON THE INDIANS.

ASK ABOUT OTHER RACES

Vermilion County Likely to Occupy Large Part in Book—Information Will be Furnished.

Vermilion county is going to get its name in the "Handbook of Aboriginal Remains of the United States," materials for which are being gathered from the former haunts of Indian tribes of America.

Collection of information is under direction of the Bureau of American Ethology of the Smithsonian Institution, at Washington.

County Clerk T. J. Dale has received a letter from the Smithsonian Institute requesting him to furnish all information he can get hold of concerning Indian tribes or other races of people who formerly lived in the territory embraced in the present territory of Vermilion county.

Village sites, favorite hunting grounds, burial places, quarries and other places linked with the life and history of the Indian tribes that once inhabited the territory, of which the present county of Vermilion was a part are of special interest to the persons who are compiling the "Handbook of Aboriginal Remains of the United States."

Mr. Dale is asked to furnish the institution with the names of all persons now owning land upon which stood Indian villages, burial places, or quarries, and to indicate the extent and location of such spots, and their distances from Danville.

Clerk Dale already knows of some places in Vermilion county that formerly were favorite haunts of the Indian tribes of this section of the country, and will interview old settlers and the sons and daughters of other old settlers in an effort to increase his stock of information along this line. He says that any correspondence relative to former Indian tribes of this section of the country will receive his prompt attention, for he is already deeply interested in the investigation.

To begin with, Mr. Dale has learned that Danville, though under a different name, was started by Indians, who had built a large village here at a time as far back as President George Washington's time. He acquired this knowledge from reading the history of Vermilion county. And it is reasonable to suppose that at least a portion of the ground which the present city of Danville occupies, was covered with Indian tepees many years prior to the discovery of this continent. PACKERS LOSE; WHITE SAYS NO

Chief Justice of Supreme Court Refuses to Grant Stay in Trial Scheduled to Start at Chicago.

REFERS ATTORNEYS TO THE ENTIRE BENCH

THEY WILL MAKE EFFORT TO HAVE CASE POSTPONED UNTIL SUPREME BODY MEETS.

MAY NOT SUCCEED

District Attorney Wilkerson of Opinion Cases of Criminal Conspiracy Will be Tried Monday.

(By Associated Press).

WASHINGTON, D. C., Nov. 23.—Chief Justice White today refused to grant a stay in the trial of the Chicago beef packers, but referred the attorneys making the application to the entire bench, with the statement that the matter was of too much importance for him to pass on individually. Attorney Miller announced that such an application to the entire court would be made at the first sitting, December 4.

Attorneys for the packers indicated that efforts will be made to have Judge Carpenter, of the United States district court at Chicago, before whom the indicted packers have been summoned for trial on Monday, to grant a further postponement until the supreme court passes on the application for a stay.

The application for the stay in the trial was presented to Chief Justice White at his residence by Attorneys John S. Miller and Levy Mayer. The ground for the application was gone over with some detail before the chief justice announced his decision to refer the matter to the full court.

The application before the court on December 4 will be for a "supersedeas," the technical term for a stay of proceedings in the lower courts. The writ was issued by the clerk's office of the court and docketed, the record of the habeas corpus proceedings before the United States circuit court in Chicago.

In that proceeding they had made an unsuccessful attempt to procure the release of the packers from custody on the ground that the Sherman anti-trust law as a criminal measure was unconstitutional.

The question was put to the attorneys as to what effect today's action would have on the Monday trial before Judge Carpenter. The reply was that Judge Carpenter could answer that. It was understood, however, that they would make application to the judge for a stay until the supreme court could pass on the application for the "supersedeas."

Attorneys Miller and Mayer returned to Chicago this afternoon.

BELIEVES TRIAL GO ON

CHICAGO, Nov. 23.—U. S. District Attorney James H. Wilkerson, when informed of Chief Justice White's decision, said:

"I cannot comment on the matter as I am not fully informed of the details in relation to the order. However, I am inclined to think the trial of the packers in Judge Carpenter's court will go ahead on Monday."

SUFFRAGETTES ARE ON TRIAL IN LONDON

ONE OF LEADERS IS SENTENCED TO MONTH'S IMPRISONMENT AND DOES NOT FLINCH.

ANOTHER PAYS A FINE

Prisoner Ill and Social Leader Thereby Refuses Jail; Crowd in Old Bow Street Hisses Court.

(By Associated Press).

LONDON, Nov. 23.—Mrs. Patrick Lawless, the head and front of Tuesday's suffragette riots, was today the central figure of the trial of those arrested during the demonstration.

Standing unconcernedly in the prisoner's dock at Bow street police court, she listened to the evidence in support of the charge of assaulting the police and obstructing them in the performance of their duties. When the magistrate sentenced her to a month's imprisonment she did not flinch.

According to the evidence, Mrs. Lawless, at the head of thirty women, stormed the police time and again. She struck a policeman in the face twice and struggled for fifteen minutes after she was arrested and taken away.

Mrs. Lawrence made a statement in which reference to the poster procession yesterday, calling on women to organize and "see fair play and protect women from being brutally violated by the police, as they were on Black Friday in 1910, when, as the result of ill-usage, one woman died and many were seriously injured," she said:

"I am glad to state that as far as the police in my vicinity were concerned there was no repetition on Tuesday of the brutal usage of women which inclined to think that what happened on the former occasion was not on the instructions of the government."

The others of the accused almost without exception took their sentences with indifference, choosing jail in preference to the payment of fines.

Mrs. Kathleen Rothwell managed to make a brief speech in spite of the protests of the magistrate. She had broken a big plate glass window on Regent.

"It is out of my great love for humanity and particularly my devotion to women and children that I did it," she said. "Sex disqualification is the root of all social evils, and I am prepared to do anything the militant branch of the suffragettes dictates in order to gain the vote for women."

Mrs. Rothwell was committed for trial at the sessions. She refused the offer of bail in the interval, saying she preferred to remain in jail until the trial.

Miss Fairlee Harmer, evidently of superior social position, paid, under protest, a fine and the cost of repairing the windows of a government building which she had smashed. Miss Harmer explained that her father was wealthy ill and on that account she would pay rather than go to jail.

Altogether a dozen of the accused were sent for trial at the sessions and another eight were sentenced summarily by the magistrate. The rest were discharged.

The court's sentences were heartily upheld by the public in the court.

JACK M'CARTHY TO TRAIL FOR CUBS?

FORMER DANVILLE MANAGER MAY SUCCEED GEORGE HUFF, IT IS ASSERTED.

Jack McCarthy is a candidate for scout for the Chicago Cubs. This announcement is made by Chicago papers, which assert that Jack "has done well over four hundred as a discoverer of big league possibilities."

Truth is stranger than fiction, so, at least, it has oft-been told and the former leader of the Speakers is being boosted for the position with the three times champions. Chicago papers assert that Jack, as he was formerly a Cub and for many years a room mate and chum of Frank Chance, stands an excellent chance of copping the plum pudding.

George Huff, who has for many years been scout for the Cubs, has resigned to act in the same capacity for the St. Louis Browns, a much wider field, and leaves an opening with the Little Bears.

WARRANT IS OUT FOR MORRIS FAULKNER

FORMER EMPLOYE WATER CO. SAID TO HAVE STOLEN DIRK KNIFE.

Francis Rairdon, an employe of the Danville Water Co., has caused a warrant to issue for the arrest of Morris Faulkner, who until recently is said to have been working for the same company, the charge being the theft of a dirk knife worth $1.50 and of a gold ring of the value of $4.

The writ has been placed in the hands of Deputy Sheriff Tom Shepard, who says that Faulkner is now in Muncie, Ind., where he probably will remain for some time.

The estimated cost of going after Faulkner is said to be $60, which looks big when placed beside the combined worth of the things said to have been stolen, but the deputy understands better than most people, that the majesty of the law must be upheld, however expensive. Therefore the deputy is making an effort to get Faulkner.

MAN WHO GAVE BOY WHISKY WHICH CAUSED HIS DEATH SWEARS OFF DRINKING.

(By Associated Press).

RICHMOND, Ind., Nov. 23.—The jury in the case of William Casey, charged with involuntary manslaughter in connection with the death of Ernest Weber, returned a verdict of not guilty late yesterday. The defense did not attempt to deny the fact that Casey had given whisky to the lad, but contended that Weber had smothered to death in a pile of blankets into which he had crawled to sleep.

At the close of the trial Casey made a promise to the court that he would never touch liquor again.

GRIM REAPER

ALMA J. LARSON

The funeral of Alma Jeanette Larson, infant daughter of Mr. and Mrs. Oscar Larson, 328 North Bowman avenue, was held at 3 o'clock Wednesday afternoon at the house, with burial in Springhill.

Vernon Gustin, son of F. M. Gustin, of this city, manager for one of the largest undertaking firms in Chicago, has taken the body of John E. Bliss, who died at the Soldiers' Home hospital, from the morgue of Turner & Gilmore to that city for funeral and burial. Mr. Gustin was sent for the body by wealthy Chicago relatives of the dead man.

CARD OF THANKS

Mr. and Mrs. Oscar Larson wish to express their heartfelt thanks for the sympathy and helpfulness of their neighbors and friends in their bereavement of their infant daughter, Alma Jeanette, also to those who sent flowers.

MRS. MORNING LEWIS

At the ripe age of 79 years, Mrs. Morning Lewis, a pioneer resident of Tangier, passed away at the home of her daughter, Mrs. Truman Orahood, at that place on Nov. 16. She was the last of a family of eight.

Morning, daughter of Josiah and Priscilla Lamb, was born in Orange county, North Carolina on March 9, 1832. In 1849 she was united in marriage to Ervin Lewis. To this union was born six children. Anderson who died in 1859; John W. who died in 1895; Mrs. Myra Stafford died July 2, 1901. Her husband dying Feb. 27, 1902.

Forty four years ago, she united with the Christian church and her everyday life has proven beyond a doubt that she was a devoted Christian.

Kind deeds never die. She has passed away, but her good work and loving service will live on and on.

Who will not remember the kind cheery words spoken by her. Her loving acts of kindness will be cherished as sweet memories and her life will live on in the lives of her children and grandchildren and their children's children, who will rise up to call her blessed. There are soft words murmured by dear, dear lips, far richer than any other. But the sweetest word the ear hath heard is the blessed name of "Mother." Though sick for many weeks she bore her sufferings with a Christian patience arranging for her funeral services as though going on a journey. It was a great consolation to her to feel her Savior by her side "to comfort when needed help upon life's changing tide."

She leaves to mourn her loss three daughters, Mrs. B. S. Pavy of Crawfordsville, Ind., Mrs. I. T. Ferguson of Danville, Ill., Mrs. A. T. Orahood of Tangier, Ind., twelve grandchildren with many other relatives and friends. All that loving hands could do, was done for this good mother, but after all these scenes of suffering. There was a trembling grasp of her loving hands

A farewell whisper low,
And she was gone to the Better Land
And beckon the loved ones here below.

Funeral services were conducted at the home of Mr. and Mrs. Truman Orahood, Saturday morning at 10 o'clock by Rev. Comtt of Danville, Ill. The music was in keeping with the solemn hour and was softly and sweetly rendered by Mr. and Mrs. Printy and Albert Burnsides and Wm. Severs with Miss Printy at the piano. The floral offerings were beautiful and showed the high esteem in which she was held. The pall bearers were six of the grandsons. Burial was at Covington. Relatives from Danville, Ill., Indianapolis and Cates attended the funeral.

SARAH J. POWELL

The funeral services of Mrs. Sarah Jane Powell, wife of George W. Powell, who resides at 201 Warrington avenue, this city, was held at the Vermilion Heights M. E. church at 3 p. m. Wednesday. Burial was at Stidell.

JOHN FOY

John Foy, an aged resident of this city, who has been in St. Elizabeth hospital for the past seven weeks, died early Thursday morning from the infirmities of old age. No funeral arrangements have been made as yet.

CUTICURA OINTMENT HEALED BAD SORE

Scraped Flesh Off Bone Below Knee. Suffered So She Couldn't Sleep. Also Says: "I Believe Cuticura Soap Is the Best Soap Made."

"Some time ago I was coming up some stairs when the board creaked under me like an egg shell, and my right limb went through to the knee, and scraped the flesh off the bone just inside and below the knee. I neglected it for a day or two, then it began to hurt me pretty badly. I put balsam fir on to draw out the poison, but when I had used it a week, it hurt me badly that I changed to Cuticura Ointment. That made it smart and burn so badly that I couldn't use it anymore, and that was the fourth week after I was hurt.

"Then I began to use Cuticura Ointment for the sore. It stopped hurting immediately and began healing right away. It was a bad-looking sore before Cuticura Ointment healed it, and I suffered so I couldn't sleep from two days after it fell until I began using Cuticura Ointment.

"Cuticura Soap is the best soap I ever saw. I have used all kinds of soap for washing my face, and always it would leave my face smarting. I had to keep a lotion to stop the smart, no matter how expensive a soap I used. I find at last in Cuticura Soap a soap that will clean my face and leave no smarting, and I do not have to use any lotion or anything else to ease it. I believe Cuticura Soap is the best soap made." (Signed) Mrs. M. E. Fairchild, 809 Lafayette St., Wichita, Kan., May 8, 1911.

Cuticura Soap and Ointment are for sale throughout the world, but to those who have suffered much, lost hope and won wish, out faith in any treatment, a liberal sample of each together with 32-p. Booklet will be mailed free, on application to Cuticura, Dept. Drug & Chem. Corp., Dept. 22A, Boston.

Falling Hair Stopped For 10c

A hair in the head is worth a dozen in the comb. Plez, 10c, is guaranteed to stop falling hair and dandruff with a few applications. Stops the itching at once, not next week, not tomorrow, but relief at once. It is so simple, so mild, yet so scientific and so sure: Get the name Plez fixed in your brain. The fact that Plez is small and sells more than is claimed for it is the reason for its wonderful sale.

If you do not find it today you will eventually buy it. Then will hear of its wonderful merits from your friends. After you do buy a box of Plez for only ten cents, forget the price and use it as per directions and you'll find up tell the truth—that it is the greatest household remedy on earth. Plez quickly stopped where costly remedies fail. Remember Plez is sold only by Rexall druggists in this city. Rexall Drug Store, Fifth and Commercial streets.

NEW CARDINALS ARE IN ROME FOR HATS

AMERICANS ARE GIVEN WARM WELCOME ON ARRIVAL IN THE ETERNAL CITY THURSDAY.

CONSISTORY ON MONDAY

It Will be Secret, But Public One Will be Held Thursday, When They Receive Regalia.

ROME, Nov. 23.—Cardinals-designate John M. Farley and Diomede Falconio arrived here this morning at 8:15. A large crowd of ecclesiastics had assembled at the station before dawn, but the train containing the two American arch-bishops was an hour and a quarter late. Both of the prelates looked well, notwithstanding the fatigue of their long journey.

All the ecclesiastics present knelt and kissed the rings of the new cardinals-designate, while many travelers and other persons about the station joined in emphasizing the cordiality of the reception. A characteristic note was given to the occasion by some of the clerical suite carrying rolled American flags bound with white and yellow ribbons, the papal colors.

The warmest congratulations and respectful greetings were then presented to the two cardinals-designate by Mgr. Thomas F. Kennedy, rector of the American college in Rome; Mgr. Dennis O'Connell, auxiliary bishop of San Francisco; Dr. Bernard J. Mahoney, of Albany, spiritual director of the American college; Father Dolan, rector of the English-speaking church of San Silvestre, here; Father Hilary Jordan, of St. Paul, and other American clergymen.

The superior procurator-general of the Franciscan monks took Cardinal-designate Falconio to the monastery of St. Antony, while Cardinal-designate Farley, accompanied by Mgr. Thomas F. Kennedy and Mgr. Dennis O'Connell, with Dr. Bernard Mahoney, drove to the hotel Brixton, followed by the suite.

During the usual papal audience this morning Cardinal Merry Del Val communicated to the pope the arrival of the two cardinals-designate and informed him of the cordial reception that had been accorded to them everywhere. The pope was pleased and said he was looking forward to receiving them soon.

The secret consistory will be held on Monday next, and the public consistory will follow on Thursday. At the secret consistory only the pope and the cardinals resident in Rome are present. At the public consistory, three days later, the ceremony is much more imposing, the new cardinals receiving their red hats from the pope.

Mrs. Matthew T. Scott, president of the National Society of the Daughters of the American Revolution, is the owner of a land tract of ten thousand acres in Illinois, on which she is conducting a "back to the farm" movement.

JONES MAILS HIS REPORT ON TRAIN

ENVELOPE CONTAINING IT PUT IN RAILWAY POSTOFFICE ON 'FRISCO.

Frank W. Jones, formerly city attorney, may be on a hunting trip, as he was seen to leave Danville with his repeating shotgun and modern Nimrod outfit, yet some of his friends here are of the opinion that he does not want his present whereabouts to become a matter of general knowledge in this city.

In proof that Attorney Jones is not advertising his whereabouts, a lawyer tells of the circumstance of the former city attorney sending to the judge of the probate court a report of the sale by him of Indiana land for a ward named Shaffer, living in Oaklawn. It was this ward's mother, a woman named Gray, who took judgment by confession for $1,440 against Jones, in the circuit court this week.

The envelope enclosing the report of the guardian of the Shaffer child is said to bear a railway postoffice stamp the letter having been deposited at a point on a Frisco road between Kansas City and New Mexico. Initials on the envelope indicate about where the railway postoffice stamp was applied.

Attorney Jones sent no word except the bare report of the sale of the land, which is said to be useful in adjusting the matter in the probate court.

For the present, the Jones matter is resting, says the sheriff. He has not found property enough to satisfy one rather small execution; but the creditors are said to be reasonably sure of a satisfactory settlement in some manner, by somebody. However, one lawyer, who represents the largest creditor, calls the story that Mr. Wade, of Pana, will pay his son-in-law's debts as "hot air." He says Wade has no intention of doing anything of the kind. Wade is said to be one of the wealthiest men living in Pana.

KIMBROUGH TO HOLD WINTER TERM COURT

HE HAS BEEN INFORMED THAT JUDGE THOMPSON WILL BE TOO BUSY.

Judge Kimbrough has been informed that Judge Thompson likely will be too busy with appellate court business to hold the January term of the Vermilion county circuit court, which means that Judge Kimbrough must keep on the job continuously for several more weeks. In fact, he expects to virtually merge the present term into the January term of court and keep the Justice mill grinding with as few stops as possible.

Last Monday, at the meeting of Judge Kimbrough and the lawyers, when there was a re-setting of the docket for civil cases, the judge gave a hint that he likely would have to hold the January term, and since that time he is said to have been informed that Judge Thompson expects to be too busy with appellate court business to preside in conformity to the assignment made by the judges some time ago.

Judge Kimbrough believes that the criminal work might be greatly lightened for the circuit court by certifying misdemeanor cases to the county court. With the help of the county court the present business of the circuit court could be cleared away, making a clean slate for the January term soon to be commenced.

Judge Kimbrough is said also to have suggested that there be no more criminal cases set for trial where there is any likelihood that the trials must be continued. Continuances are often unavoidable, but it is believed there would not be so many postponements of cases were the accused persons already in custody or within reach of the officers of the law.

The judge says that in all instances where the accused persons are in jail, criminal dockets may be set with a reasonable prospect of speedy trials or other disposition of the cases.

There was a report among the lawyers a few days ago that the re-setting of civil docket cases last Monday would be the last for the October term of court, but now it is said that there likely will be others, with the object of disposing of present business to be ready for the January term grind.

Court is in session every day, trials or no trials, in order that motions may be made and disposed of; and in this manner the present term's business is being cleared out of the way.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, removing gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1.00. One small bottle is two months' treatment and seldom fails to effect a cure. Send for testimonials. Sold by druggists. Dr. W. O. Hoxsey, 1911 Olive street, St. Louis, Mo. Sold by Arnstein.

A NOBLE RECORD

Of many hundreds of thousands of cures forms a well sustained basis for every claim put forth by the makers of DR. PIERCE'S GOLDEN MEDICAL DISCOVERY as a remedy for many of the troublesome affections which afflict mankind; yet it is not extolled as a "cure-all" by any means. No extravagant promises are flaunted before the public to arouse false hopes in the afflicted. Your neighbors probably know of some of its many cures; ask them.

Through strengthening and arousing the stomach, liver and bowels into vigorous action, digestion is promoted, whereby the blood is enriched and purified, disease-producing bacteria destroyed and expelled from the body, and thus a long list of skin, scrofulous and kindred affections are overcome and sound, vigorous health established.

The "Discovery" contains no alcohol and no habit-forming drugs, and has its every ingredient printed on its wrappers. This OPEN PUBLICITY places it in a class distinct from the ordinary secret nostrums with which it has no relationship. Physicians, therefore, do not hesitate to prescribe it in bad cases of indigestion, torpid liver or biliousness and in skin and blood affections. People of intelligence and keen discernment employ it. The "Discovery" is a pure glyceric extract of native medicinal roots of great curative potency, and can in no case do harm to either child or adult. The aged find it a great invigorator.

You can learn more about this time proven and popular "Discovery" from the People's Common Sense Medical Adviser, by Dr. R. V. Pierce, a newly revised, up-to-date edition of which is now offered, in cloth covers, post-paid, for 31 cents in one-cent stamps, to cover cost of mailing only; or in paper covers 21 cents. GO DIE WHEN TRAIN PLUNGES INTO RIVER

BRIDGE COLLAPSES IN SOUTHERN FRANCE PRECIPITATING 100 PEOPLE INTO WATER.

FLOOD IS THE CAUSE

Passengers Who Got Out of Car Windows Were Swept to Death by the Torrent; Boats Gone.

(By Associated Press).

RAUMUR, France, Nov. 23.—Sixty passengers, it is estimated, lost their lives through the plunging of a train into the river Thouet this morning, owing to the breakdown of a railroad bridge on the state railway at Montreuil-Bellay, in the department of the Marne-Et-Loire.

The train, which had started from Angers, was traveling to Poitiers. It contained about 100 passengers. While it was crossing the bridge over the Thouet the structure, which had been greatly weakened by recent floods, broke down, crashing with the whole of the cars into the swollen stream.

Many of the passengers who succeeded in getting out of the cars through the windows tried to save themselves by clinging desperately to the tops of trees which showed above the surface of the water. In most cases, however, they were quickly washed away by the rushing current.

Most of the boats in the locality had been carried off by the inundations, so that it was impossible for the people of the neighborhood to rescue many.

Ten corpses have been recovered at various points of the river.

Three of the cars were submerged, but the roof of a fourth car is still visible above the surface. Eleven persons, including some children, are still clinging to this, and during the afternoon thousands of people lined the banks watching them, but impotent to render aid.

Several small boats made ineffectual attempts at rescue, but the crews ran perilous risks as of the boats were nearly swamped on several occasions. Efforts at salvage still continue.

WHITECAP JURY IS UNABLE TO AGREE

MEN CHARGED WHIPPING CITIZEN OF BLOOMINGTON, IND., WILL BE TRIED AGAIN.

BLOOMINGTON, Ind., Nov. 23.—The jury in the trial of four men charged with having "whitecapped" Harvey McFarland, a farmer, came into court this morning and reported that it was ill hopeless disagreement and was discharged. The defendants, George and Arthur Hatfield, Wm. Snoddy and Jackson Grubb, alleged to have whipped McFarland because he would not deed a piece of land to Tobe Snoddy, all produced witnesses that testified they were not at the place of the "whitecapping" on the night it took place.

Afraid of Bright's Disease No Longer

Two years ago I was troubled with my kidneys and had terrible pains in my back. Oftentimes my back would hurt me so that I would be compelled to give up my work and sit down for a time to rest myself. Knowing of the dreaded disease called "Bright's Disease," I began to think that it was creeping into my system and I was fully decided to go to the doctor and lay my case before him. But as my mother was using Swamp-Root at the time, she induced me to try some. The relief it gave me was very encouraging. My back became strong and in fact the use of two and one-half bottles of Dr. Kilmer's Swamp-Root cleared my system of the kidney trouble entirely. I am a barber on my feet all day long, but have no trouble whatever with my kidneys. I am twenty-eight years of age and have gained thirty pounds in weight since cured, and I feel it my duty to tell every sufferer of kidney trouble of my remarkable cure by Swamp-Root.

You have my permission to use this letter in any form you see fit.

WITNESS SENT TO JAIL IN DIVORCE SUIT

CHAUFFEUR'S TESTIMONY IS REPUDIATED IN KELLOGG CASE AT DETROIT.

(By Associated Press.)

DETROIT, Mich., Nov. 23.—Harry Bernstein, chauffeur, was ordered into custody today by Circuit Judge Donavan during the divorce suit of Mrs. Vivian A. Kellogg against Frank J. Kellogg, wealthy manufacturer of Battle Creek. Bernstein said in his testimony that he had seen Mrs. Kellogg in a compromising position and was contradicted by two witnesses.

George C. VanNest, chauffeur, in prison at Rochester, N. Y., sent a deposition repudiating a previous one which charged Mrs. Kellogg with misconduct.

TWO MEN DIE FROM GAS IN INDIANAPOLIS

POLICE SUSPICIOUS AND START AN INVESTIGATION OF THEIR STRANGE DEATHS.

(By Associated Press.)

INDIANAPOLIS, Ind., Nov. 23.—Two men were found dead from asphyxiation in a room in a hotel today, and though there was no direct evidence they had committed suicide, the circumstances of their death puzzled the police. They registered last night as Ora Davis and Raymond Bridges, of Lexington, Ind. Today a porter who tried to arouse them crawled through the transom of their room and found both dead.

Bridges, fully dressed, was lying across the bed and his companion, half clothed, was on the floor. The room had filled with gas from a small heater. Since the men apparently had not been asleep, the police began an investigation a sto why they had not either attempted to stop the flow of gas or leave the room.

I. T. S. PAINTER IS TO MOVE HERE SOON

JAMES G. OLDER WILL COME HERE TO PAINT THE STREET CARS 'TIS SAID.

According to recent reports the street cars of the Danville Street Railway company are in need of an additional coat of paint. James G. Older, master painter for the Illinois Traction system at Decatur, is to move here for the purpose of engaging in the work of redecorating the cars. Mr. Older formerly lived here and has many friends who will be glad to see him return. He has been engaged for some time past in painting the cars of the Illinois Traction company but work in that line being slack at present Mr. Older will work on the property of the city lines for a time. He will be here the last of the week and will bring his family in a short time.

$1,000 CAT GETS A HANDSOME FUNERAL

LOGANSPORT FELINE BURIED IN CASKET WHICH COST $30; KILLED BY A DOG.

LOGANSPORT, Ind., Nov. 23.—The $1,000 Angora cat belonging to Mrs. F. P. Gentry, High street, which was killed by a bull dog, was buried today in a coffin which cost $30. The funeral was to have taken place several days ago, but was delayed because the special coffin had not arrived. The coffin was lined with silk, had silver-plated handles and the silver name plate bore the cat's name. The burial was in the back yard of the Gentry home.

TRAFFIC DELAYED BY THREE BREAKDOWNS

C. & E. I. OFFICIALS HAD TROUBLES OF THEIR OWN WEDNESDAY AND THURSDAY.

WRECKER TO PAPINEAU

Main Line of Chicago Division Blocked by Overturned Tank Early Thursday Morning.

The C. & E. I. employes who had charge of the dispatching of the trains Wednesday afternoon and Thursday morning had troubles all their own. Two breakdowns occurred on Thursday afternoon and although neither resulted in a loss of life or any great property loss, the traffic on some of the lines was badly blocked by the breakdowns and the officials hustled around the offices at an unusually fast rate, in their efforts to see that the broken engines were moved and traffic resumed.

The first accident reported was the breaking of an eccentric on engine 211 drawing train 21, when the train was near Flitwood, a small station just beyond Watseka. The break occurred about 1:18 o'clock Wednesday afternoon and traffic was delayed for some time as the train was able to proceed but slowly. Engineer Stoner was in charge. The engine which takes over the train at Villa Grove was sent out and met the crippled train at Royal, from which place it was double-headed into Villa Grove.

The second delay occurred when the fast south-bound passenger train 23 was held up at Momence by an engine break down. When near Momence the frame of the engine broke just behind the main drivers, and it was unsafe to run after that. Engineer C. M. Hazard was in charge of the broken engine No. 528. Engine No. 250 was sent out from Momence in charge of Engineer T. L. McCoot and the passenger was brought in here almost an hour late. The broken engine was run into the Oaklawn shops for repairs Thursday morning.

WRECK AT PAPINEAU.

While running near Papineau, a small station near St. Ann on the C. & E. I. the tank of engine 331, pulling train 24, was derailed by a hot journal and traffic on both tracks of the main line of the Chicago division was tied up for some time. The "Jumbo" wrecker was called from here to pick up the tank which was thrown from one track onto the other, thus effectually blocking both tracks. No one was injured although it is reported that the fireman had a narrow escape. The engineer and fireman in charge are not known here.

These numerous breaks on the passenger engines have worried the officials considerable as the C. & E. I. railroad is short on passenger engines and the breaks cause great inconvenience. It is expected that the eight new passenger locomotives which the road will has purchased will be delivered the last of this month and the problem of passenger motive power will then be settled.

ACCIDENT IN YARDS.

While switching a cut of cars onto one of the stone tracks Conductor Hall of the C. & E. I. at Oaklawn Thursday morning the engineer in charge of the yard engine bumped the cars standing on the track considerable harder than he intended, and as a result one of the cars used for storage purposes was driven over the bumper, stripping the trucks from beneath it and completely demolishing the car. It was thrown across the sidewalk east of the blacksmith shop and it is ridiculous that no one was hurt since hundreds of employes pass along the walk where the car was thrown, every day.

LOOMIS WITH C. & E. I.

Pitcher Loomis who was with the local Three Eyes team during the season just passed has accepted a position with the C. & E. I. railroad as brakeman, and has been placed on the extra list.

FINNEY RECOVERED.

J. R. Finney, an employe of the C. & E. I. in the back shops at Oaklawn, who was injured a few days ago when his head was caught between a car and a car coupler, is able to be around the shops again and will go to work soon.

TO NEW MEXICO.

William Heinatz, a machinist employed in the back shops at Oaklawn who is at present in St. Elizabeth's hospital, where he went some time ago to undergo a slight operation, will leave soon for New Mexico in search of better health. Heinats has never had good health here and it is in accordance with the advice of his physician that he is leaving.

The board of administration, reporting upon the affairs of a penitentiary in Ohio, declares that about $440 had been collected by the rector board for water that oozed out of the butter after its delivery.

Woman's Happiness

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers, which contains much valuable information, and many testimonials of truthful parties.

DANVILLE WRITER IS HAILED AS SUCCESS

FREEMAN ROBINSON, WRITING AS CHARLES FREEMAN, SCORES A HIT.

Writing under the nom de plume of Charles Freeman, Freeman Robinson, for several years one of the leading writers of Danville, has scored a hit. The Christmas number of Holland's Magazine contains "The Gray Masquerader" by Robinson and following the acceptance of the story the publishers have demanded more of the same kind. During his idle moments the author has "ground out" numerous short stories, some of which have been used by The Commercial-News. Recently he received the fee of offering one for sale and scored a hit on his first effort.

"The Grav Masquerader," a story of about 4,000 words, is well told and one's attention is held from the opening sentence until the denouement. It concerns the appearance of an apparently aged man at a well known metropolitan club where he asks for assistance. One of the club members sees a likeness to his father who had disappeared years before and the aged man masquerades as the father and is taken to the younger man's apartments, where he takes possession of money, jewelry and other valuables and flees, leaving a note explaining that professionally he is known as "William, the Weeper," a well known crook of the confidence game class.

Robinson's story is featured with those of such well known writers as L. M. Packard, Leslie Davis and Rupert Hughes.

SPECIALIST

"THE MAN WHO CURES."

What is a specialist? The Century Dictionary defines it, "A person who devotes himself to a particular branch of a profession, science, or art; one who has a special knowledge of some particular subject." To this I would add a special course of training and a long term of experience in the general practice of medicine of perhaps 10 or 12 years. As my professor in my college once said to the class, "Gentlemen, if you expect to become specialists devote 10 or 12 years to general practice first, then you will be fitted to handle any case that comes along, for very rarely comes the experience gained in general practice will be the means of helping you to a successful cure of the case." I am profoundly grateful to the old professor for that bit of advice, for the past 16 years as a specialist in diseases of men, has taught me the wisdom of what he said.

For this reason, go to as many specialists as you like, and when they fail, to cure you, then come to Dr. Williams and he will effect a cure. But the best way of all is to go to him at first, for a case is more easily cured, takes less time, and less money to effect a cure when he has the case from the start. This has been demonstrated time and again; so a hint to the wise is sufficient.

If you suffer from any disease of men, such as: Hydrocele, Varicocele, Stricture, Prostatic Trouble, Losses, Drains, Nervous Troubles, Diseases of Kidney and Bladder, Piles, Fistula, Skin Troubles, Eczema, Ulcers, Varicose Veins of Leg, Stomach Troubles, Rheumatism, or any old chronic trouble, go to Dr. Williams and get cured. He will be glad to see you and talk the matter over with you, which will be absolutely free, whether you take treatment or not. It is his business to point out to you the "better way," whether you take his advice or not. "That's up to you."

Motto:—Under no circumstances will I accept a case I think incurable.

BLOODHOUNDS SENT TO WAYNETOWN, IND;

COUPLE OF STORES THERE ROBBED DURING WEDNESDAY NIGHT.

The police were notified early Thursday morning that burglars had visited Waynetown, Ind., during Wednesday night and carried away a quantity of merchandise from two stores. The clothing store of S. M. Hendricks was "touched" for several suits and overcoats. The restaurant of Ike Sutton was also entered and a sum of money taken from the cash drawer.

The village marshal telephoned to O. J. ("Doc") Bersham asking him to bring the bloodhounds over and make an effort to trail the burglars. The marshal stated that the place where the men entered was being closely guarded and no one allowed to go near it so that the dogs would not get on the scent. Bersham, with both dogs, left the upper side to try for a trail.

SCRAPS.

The house in St. Petersburg which M. Stolypin occupied at the time of his assassination at Kieff has an evil repute, and merits the appellation bestowed upon it by a Paris paper, "La maison fatale." The property of the state, it is the official residence of the president of the council of ministers. Thirty-two years ago General Massenbach, the uncle of Mme. Stolypine, met his death there at the hands of revolutionists. Then his successor, General Potapoff, had a mortal attack. Now that the house has claimed the interior, Stipagin and Plehve, both came to an untimely end during their tenancy. On the other hand, three ministers filling the same position—Count Loris-Melikoff, Count Tolstoy and M. Dournovo—declined to live in the house, and they escaped attack. The present premier has taken over the official residence.

GOOD WORK ACCOMPLISHED

The previous administration can show such advanced and progressive results of the work accomplished by President Taft and his cabinet officers, of course as we increase in population, wealth and power there is more work to do and greater responsibilities to meet, but the present administration has not only been equal to the task but has taken up new plans and put them into execution with most satisfactory results.

In all this work the president and his cabinet have moved from a non-partisan standpoint. The trust prosecutions; the tariff board; the conservation measures; the economy and efficiency plans, by which millions have already been saved; the postal inquiries, the monetary investigation, and various commissions have all been inaugurated by the president for the ultimate benefit of the whole people, and it may be added that all of the appointments of President Taft have been nonpolitical, selecting and appointing in every case the man best equipped for the position.

The people can safely trust such a president and it is no wonder that his renomination and reelection is already conceded. A president cannot do all he would wish in a single term and it is a cause for universal satisfaction that President Taft is willing to carry on the work so well begun by him and his associates in the administration.

BIG BUSINESS BUILT UP UNDER PROTECTION

The youngest industry of its size in the United States is that of the electric railways. Twenty-five years ago it was a dream. Now the commercially running electric railways are capitalized at a total of $6,000,000,000, employ 350,000 persons and pay them $150,000,000 a year. That is an average of $600 for each employee. There is not a sane man in the United States who will claim that that could have been possible in a Free-Trade country containing no more than 90,000,000 people, even though it were admitted that the people as a whole would have been fairly prosperous under Free-Trade; for instance, as prosperous as the people of England are now. There is nothing on which to base an estimate that that tremendous new business would have been developed in this country under an industrial system different from Protective Tariff. No other country has anywhere near approximated that development in proportion to its population. More than 10,000,000,000 fares are taken on the trolley cars in a year. That means a gross income of $440,000,000 a year on 1250 railways, which run 250,000 cars on 250,000 miles of track. And that is all new business in a quarter of a century. The estimate of men in the industry is that the carrying capacity of the electric roads will be more than doubled in the next 25 years, provided the country goes on with its prosperity and does not have to wait up on the sidings and wait for the Free-Trade procession to expend its hot air energy.—Worcester Telegram.

CANNOT BLAME IT TO THE TARIFF

The Minneapolis Journal has been digging up the connection of the famous—or infamous, as you like—wool tariff with the cost of clothing with the following results:

"Take an overcoat that costs you $22.00, weight 8½ pounds, wool used 3 pounds, cost of wool 17c. Suppose it takes 3 pounds of raw wool to make enough cloth for the overcoat—12 pounds at 17c equal $2.04. The present tariff rule would equal 90c on the 12 pounds of wool or a total cost of wool with tariff added $2.94. Who gets the $20.36? You cannot blame that to the tariff."—St. Paul Times.

MISTAKEN IDEA OF PRESS LIBERTY

Boycott advertising was withdrawn from the Anderson (S. C.) Intelligencer on account of its approval of a recent lynching, that paper expressed with some warmth on the liberty of the press.

With the contention that one has the legal right to defend mob-murder to a degree, it is impossible to quarrel, says the New York Evening Post. On the other hand, the rights of an advertiser are equally certain. What there will see in the occurrence is something apart from either of these points. It is one of the signs that, however it may be with the unthinking, the solid portion of the citizenship of the south is waking up to the menace that lies in the defence, or even in the silent toleration, of lawlessness. If those who assume to speak for their communities deliberately elect to ally themselves with the lowest elements, it may be necessary to recall them to their senses by loss of patronage. It is not the liberty of the press, but the life of free government that is in reality at stake.

BREAKING A PETTY TYRANNY

Queen Mary of England, according to all accounts, has a will of her own and is disposed to exercise it. The latest manifestation of this trait, according to cable dispatches, is her refusal to abide by the dictates of fashion in women's dress.

Though she is the consort of the sovereign of the greatest and richest nation the world has ever known, she has appeared several times in succession at great social and ceremonial events in London, wearing the same gown and hat. They were appropriate in material and style for royalty, but this must have caused something of a commotion among the wealthy, titled leaders of English society who have come to look upon the use of a costume more than once on a conspicuous occasion as not to be thought of. But the queen is the arbiter of society in England and to be at odds with her in the matter of fashion is out of the question for those who wish to maintain a position in select circles. And inevitably the attitude of English society toward dress has some effect on society in this country.

It is sincerely to be hoped that the Queen's stand against the slavery of fashion is due to the principle involved more than to mere personal inclination. Twenty years ago, styles in women's dress changed not more than two or three times a year. Now they are changed so frequently that the result is a deplorable waste of money and much domestic trouble caused by the effort to keep up with the pace.

The first women's jury in California was dismissed because it was unable to agree on anything. Apparently the lawyers weren't wise enough to ask the forewoman whether or not they were Daughters of the American Revolution.

A New York paper has discovered that the game of baseball is 4,000 years old. "Having descended from the Hittites to the Giants." Correct. There can be no doubt that the Giants have descended from the Hittites.

The emperor of China says: "Much of the people's money has been spent, but nothing to benefit the people has been achieved." If he intended to do a bid for the job of mayor in Cincinnati or Philadelphia, he is too late.

A farm journal says the result of the experiment of mixing wine with feed for chickens was to increase the yield of eggs by 100 per cent. Probably the hens were unable to count straight.

DAILY SHORT STORY

"THE UNCLE AND THE RAVEN"

By J. H. ROGUE.

An immense flock of ravens always hovered over and around the two towers which flanked the chateau of my host, and often when we went out walking these black birds came quite close to us and flew croaking around our heads.

One morning when I expressed my surprise at this my host said: "Well, you see, the ravens and I once entered into an alliance."

He looked proudly and with beaming eyes across the fertile fields to the distant hills rising in the west.

"I will tell you how," he said. "I was brought up by my uncle, Athanase, a cold, calculating, greedy and sly man. He had charge of the estate left me by my parents on conditions which left him much freedom of action until my coming of age. He brought me up rudely and neglected me to many dangers in the hope that I should die and leave him my inheritance, as he was the only heir. But nature is not easily fooled. When I was turned over to Athanase I was pale, thin and sickly, but instead of suffering under this regime my health kept on improving. As I grew up I grew broad-shouldered, deep-chested, strong and muscular, and my health became insolvent, almost indestructible.

"When my uncle saw that neither exposure to cold weather, nor damp rooms nor insufficient nourishment were enough to put me into my coffin, he began to hate me. But, when I grew to be 14, he suddenly changed tactics and became disgustingly kind and friendly. He fed me well, gave me decent clothing and even a little pocket money. Evidently he was beginning to think of the day when he was to account for his management of my fortune. I understood him well enough. I could read his falsehoods in his yellowish eyes and hear his hatred in his coarse laugh. I loathed him and decided to make it as hard for him as my lawyers could possibly do.

"This praiseworthy resolution vanished, however, when I met Mademoiselle Helene Jeanne. She was three years younger than I and until my nineteenth year I had had nothing but friendship towards her. They very seldom permitted us to be together. As long as she was a child I thought very little of whether she was beautiful or not. Her hair, however, had always struck me by its length, golden color and thickness.

"When Helene Jeanne became sixteen, I suddenly discovered that she had wonderfully beautiful hair and from now on all my dreams were of her. It was not very dangerous, for I saw her only about five weeks a year, as she spent most of the year with an aunt.

"The year before I became of age, I saw more of her and my love for her grew. My uncle noticed it and did nothing to discourage it, but rather did what he could to make it grow. He never, however, allowed us to be together alone as much as a single moment.

"The day before my twenty-first birthday he encouraged me to speak. While we were walking together in the park, when I asked him for her hand, he said:

"'I have no objections to make and only one condition to impose. You must promise to say nothing about this to anyone, not even to her, for a month.'

"I promised and spent forty-eight hours in an ecstacy of delight. You may imagine my state of mind when Athanase presented certain papers for my signature. I was too excited and delighted to think of reading them very closely but simply signed one after the other. Once or twice he asked for my initials, however, and I did not listen; I just went on signing. I might have been signing my own death sentence for all I knew.

"When I had finished I had received only one-third of what ought to have been mine. I had given up my landed estates, chateau, farms, stocks and bonds of more or less doubtful value.

"After a month my uncle began postponing our engagement time and again. Helene Jeanne had disappeared. It is always discovered him she had written to me, now I received no more letters. One morning my uncle said to me:

"'She has changed her mind.'

"I was in despair. At first I thought of bringing suit against Athanase, but he had taken up his abode in Helene Jeanne would then be lost to me forever. I roamed restlessly in the country in the solitude of the hills and woods and often thought of committing suicide until the raven came.

"It was quite a young raven, of 20 or perhaps 30 years, a great black bird which settled down in the stone of Athanase's castle. I don't know what caused my uncle to hate it, but a war broke out between man and bird.

"Athanase tried to exterminate it with shots and gun. He sneaked up on it, stalked it himself or stationed the walls, hiding himself behind trees and bushes. His first shot came near killing it. A few shots actually hit it and it flew away croaking. Afterwards he found it impossible to get near it, as it always discovered him from afar, but it was as if it amused it to let him get almost near enough and then disappear as soon as he raised his gun.

"What exasperated Athanase the most was that, in spite of all he did, he could not drive the bird away. Contrary to the instincts of its race, it seemed to take a particular delight in braving danger. Snares were set, but it refused to be caught. They tried to poison it, with the result that Athanase lost two of his best retrievers and any number of chickens.

"The war went on throughout the whole month of September. Athanase lost all appetite and grew thin and haggard. Sometimes the bird disappeared for days at a time, but it always came back, settled down on the tower and croaked triumphantly.

"At the beginning of October he decided to put an end to the war and encamped himself on top of the tower like a lighthouse keeper and had all his meals brought up to him. The raven hovered about, taunting him, but one day it settled down within his reach.

"Nobody knows just what happened. Athanase was seen to lean far out, then he was probably seized with an attack of dizziness, gave a cry and tumbled over the edge, crushing out his life on the stones below. The raven croaked loudly and flew away.

"This accident served to arrange my affairs. I married Helene Jeanne and entered, as I said, into an alliance with the ravens."

SAYS QUININE WILL NOT BREAK A COLD

HOW TO CURE THE MOST SEVERE COLD AND END ALL GRIPPE MISERY IN JUST A FEW HOURS.

You will distinctly feel your cold breaking and all the Grippe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, pains, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research and it cost more than fifty thousand dollars, and contains no quinine, which we have scientifically demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine, which will cure your cold or end Grippe misery as quickly and positively as a few doses of Pape's Cold Compound, and the large 25 cent case is sold by druggists in every town in the world.

DINNER STORIES

"A neighbor of mine," said Tom Dunn, "used to bore everybody in the train, during the recent summer by bemoaning the vagaries of the lawnmower. He had about ten square feet of lawn that he used to shave every day. His lawnmower, however, seemed possessed of a mischievous demon of some sort. It would alternately fail to cut the grass at all and dig great furows in the soft turf. He tried to sell it, but no one would take it as a gift. At last, one morning, he showed me an advertisement in a paper offering for sale, at a ridiculously low rate, a patent lawn-mower that was warranted to cut grass as close as a nail and impossible of a failure. Early next morning I met him on the train and asked him if he had purchased the machine. 'Yes,' he answered, 'I got it, and it's a dandy. It cuts grass as close as a nail and never digs up the lawn. It's a dandy.' 'Then why,' I asked, 'do you look so glum?' 'Because,' he answered, 'I've lost the address of the fellow I got it from.'"

"I'm going to get that peerless lawnmower this very day," chortled my neighbor, 'and take it home to my wife as a surprise this afternoon. She's been wild to get rid of our old mower. From the description, this new one is just what we've been yearning for. And tonight I'll throw the old one into the dust-bin.

"The following day we were in the same train again, and I expected to be bored by a glowing account of the glorious new lawnmower. But, to my surprise, its possessor seemed trying to avoid me.

"'How about the new lawnmower?' I asked.

"'There is no new lawnmower,' he answered, shortly.

"'But that advertisement—'

"'Was that advertisement,' he replied, with terrible solemnity, 'was inserted by my wife.'"

F. F. Jerome, the secretary of the United States Hay Fever Association, said at the convention at Bethlehem, apropos of certain unpleasant hay fever symptoms:

"These symptoms are often made light of, but, for my part, I feel toward them as the man felt in the dentist's chair.

"This man had a bad tooth pulled out, and as soon as the paroxysm was over, he placed his forefinger on another tooth and said bravely:

"'Yank this fellow, too, doctor.'

"'But that's a good tooth!' remonstrated the dentist.

"'It aches,' said the man.

"'But,' said the dentist, 'the pain is only sympathetic.'

"'Yank it anyhow,' was the answer. 'Darn such sympathy.'"

A tourist in the mountains of Tennessee once had dinner with a querulous mountaineer who yarned about hard times for fifteen minutes at a stretch.

"Why, man," said the tourist, "you ought to be able to make lots of money shipping green corn to the Northern market."

"Yes, I orter," was the sullen reply.

"You have the land, I suppose, and can get it cheap."

"Yes, I guess so."

"Then why don't you get into the speculation?"

"No use, stranger," sadly replied the cracker, "the old woman is too lazy to do the plowin' and plantin'."

ITCHING PREVENTS SLEEP

ECZEMA SUFFERERS COULD HAVE COMFORT TONIGHT.

Try this Remedy at Our Risk.

Many persons around here suffer so much from eczema that they cannot sleep at night.

Sometimes the terrible itching does not begin till bedtime. Babies and young children not only suffer greatly but their crying keeps parents and others awake.

Applying a little Saxon Salve, our new skin remedy, would quiet the itching right away and permit sleep. And still better, it is a reliable remedy that it soon heals the eruption and leaves the skin smooth. Remarkable improvement is soon seen.

In all kinds of eczema, salt rheum, tetter, barber's itch, etc. Saxon Salve has wonderful healing power because it penetrates the skin pores and destroys the germs at the very seat of the disease.

We give back your money if Saxon Salve does not satisfy you perfectly. Owen & Raney Drug Co., 48 Vermilion street.

THE FADING YEAR

BY UNCLE WALT.

Another eager year is chasing itself away, and going fast! Ah, how the hustling years are racing along to swell the musty past! Another year! A little older we find ourselves, and heave some sighs; our blood has grown a little colder, how lines have come around our eyes. Our voices grow a little wheezy, our breath oft comes in labored pants; no longer do we find it easy to kick our heels and sing and dance. Our journey is a bit more lonely, for friends we loved are gone today, and we shall hear their greetings only when we have gone the same dark way. Our hearts have grown the least bit sadder, from mourning often for the dead; the path before is plunged in shadder, the path behind we cannot tread. The flying years mean mighty little to buoyant youth, so full of hope; but ancient men, whose bones are brittle, find little comfort in the dope. The new year seems all hunkydory to 'Pollo in his morning years, but to the old man, bent and hoary, it brings a message full of tears!

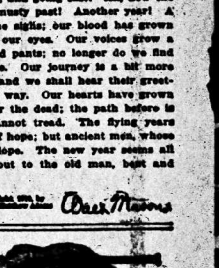
HEART and HOME PROBLEMS



MRS. ELIZABETH THOMPSON

"It is the old story of persistent effort—keeping at it—steady plodding. The horse that goes a mile in two minutes can't go a hundred miles as quickly as the horse that goes a mile in five minutes. What you gain in speed you lose in power and endurance."

Dear Mrs. Thompson—Is it proper for a young man to smoke when walking on the street with a lady?

MABEL.

It would be inexcusable for a man to smoke or chew on the street with a lady. If a man is smoking a cigar and meets a lady who bows to him, he removes the cigar promptly before bowing. If he knows a woman well enough to join her he throws away his cigar and may walk beside her in the direction in which she is going. They should not stand talking on the street.

Dear Mrs. Thompson—I am twenty years old and am going with a girl two years younger than myself. My parents object. They want me to go with a girl I don't like. The girl first mentioned is nice and has many friends. I think I am old enough to choose my own associates. My friends say it would be silly for me to quit on my parents' account. What should I do?

L. S. R.

Disregard the advice of your friends. I have said before, and I say it again, that parents are the best judges in matters of this nature. They are looking out for your future happiness, while your friends are thinking only of the present. However, if you feel that you cannot like the girl whom they favor, tell them so. Few fathers or mothers would insist upon a match in which love can have no part.

Dear Mrs. Thompson—What will darken hair? Is ethine a good lotion for freckles? Is there anything I can do to get thin?

ANXIOUS.

Sage tea is good for darkening the hair. The best thing for freckles is to wash the face in buttermilk every morning, then wash in tepid water and rub with a soft towel. Getting thin is a matter of exercise and diet. The safest way is to first consult a physician.

Dear Mrs. Thompson—Please tell me whether it is a bad omen for a young maltese cat with a white spot on her back to come to your house? I have chased her away but she comes again and again and seems to be quite at home. What shall I do?

MRS. S.

This is not an unusual occurrence. The kitten very likely wandered from its own home and finding in yours the same home-like atmosphere, decided to stay. If you are positive you will not have it, keep it out of the house and refuse to feed it.

WRESTLING CARD IN SIGHT FOR DECEMBER

MANAGEMENT OF GYM PLANS SOME MAT DOINGS REALLY WORTH WHILE.

Wrestling fans of the city will be pleased to learn that a card is in sight for the first of the coming month and that the management of the Gym has planned various bouts to continue throughout the winter season. Dick Sorenson, the Chicago lad who has appeared here for the past several winters, has been secured as athletic instructor and he will appear as one of the principals in the feature match of the opening card.

Sorenson will meet Dick Fitzpatrick, of Chicago. Both men have excellent records and have met before, going the time limit without either having scored, and are anxious to reach a decision as to which is the best man.

John Durr, the local wrestler, who defeated nearly everything against which he was pitted last year, will meet John Long, of Chicago. Long has been working about the theatres in the Windy City, going on in preliminary matches and doing "strong" acts.

In the preliminary Billy Lape and Young Gotch, both of this city will be hooked up. There will also be two other preliminaries, a card worthy of opening the season's sport in this city.

At present it is planned to present this card at the Gymnasium on the night of December 1, but this will not be definitely known for a few days.

BUSINESS COLLEGE BESTED GARFIELDS

WIN EASILY AND ISSUE DEFI TO ANY SCHOOL ELEVEN OF THE CITY.

Brown's Business college defeated the Garfield eleven in a one sided football game at English pasture Wednesday evening, the score being 16 to 0. Keesler, of the Business, three times got away for long runs down the field and a touchdown, Griggs kicking goal each time.

The easy victory gave the business college athletes a feeling of cheekiness and they immediately issued a challenge to any school eleven of the city, asserting themselves champions.

Sport Snap Shots by Dan McCarty

It takes from two hours to two hours and a half to play the average game of football. The teams are usually on the field that long, but strangely enough the players are in actual motion only about 15 minutes. This statement has been proved.

Last fall a Harvard man tried a most interesting experiment during the Harvard-Yale football game to ascertain how much time was used in actual playing, and his figures are astonishing. He confined his experiment to one period, but that was extremely painstaking and he had a man to assist him.

He used a stop watch starting it with each play with the snapping of the ball by the centers and stopping it at the blowing of the referee's whistle. He repeated this process through every play of the official 15-minute period and found that the players were in actual motion, struggling and fighting in offense and defense only three minutes and twenty seconds. If the time of actual playing in this period was a fair average the duration of physical exertion in the four periods approximated 15 minutes.

This is much less time than it takes to win and lose a Harvard-Yale boat race. Moreover, besides the partial letup between plays, there are three breathing periods of actual rest of 21 minutes. No doubt the personal contact of man against man accounts for the "using up" of players in football, but the sustained supreme effort of the oarsmen is of longer duration. There is no letup for him until he has exerted himself to his utmost for 20 or more minutes.

Eddie McGoorty, Wisconsin middleweight, has an offer to fight Jim Sullivan in London in January.

Ad Woldgast, Abe Attell and the other fighters could get a lot more fights if they didn't demand a fortune for their bit, win, lose or draw.

In the old days the champions used to say, "I'll fight him for charity."

Now they say, "I want $15,000 for my bit or there'll be no fight."

They're all alike. Tommy Burns claimed Jack O'Brien was hogging all the limelight and money, too. When Tommy got to the top he held out until he got $30,000 for a fight with Jack Johnson.

Members of McAleer's team that tuned up Athletics for the world's series received $300 each.

There were almost as many major league scouts as ball players on the Pacific coast last season after Vean Gregg had showed his caliber with Cleveland, and Joe Tinker says there will be twice as many scouts on the coast next season.

"The west develops better ball players than any other section of the country," says the Cub shortstop. "The men out there are bigger, stronger and have more nerve than in any other section of the country. The big league clubs will soon be buying men just because they were born in the west, waiting for them to develop into players and most of them will become stars."

ROCKFORD OFFER IS REFUSED BY LOCALS

HIGH SCHOOL OFFERED $225 TO PLAY THERE ON THANKSGIVING DAY.

That the residents of this city may have an opportunity to see in action the fastest football team Danville has ever turned out, the high school eleven has refused an offer of $225 to play at Rockford, Thanksgiving.

Glenwood Neary, manager of the local eleven, stated Wednesday that if the attendance here on that day was sufficient to justify it the Thanksgiving game would be made the annual feature event of the high school schedule, but if the attendance was not what it should be the team will schedule Thanksgiving games away from home in the future.

To test the worth of the South Lake eleven, one of the fastest teams in the Central association, will be brought here on that day. Coach Neary has been in correspondence with the manager of the Rockford team for the past week and has received a similar offer to that offered by Rockford. To assure a heavy attendance students are now selling tickets.

Announcement is made that the game will be played regardless of weather conditions. Danville, as yet unbeaten, being anxious to meet the much-touted team of Chicago.

Mrs. Ella Cole returned home on Sunday from a visit with her daughter, Mrs. Ora Hall, of Danville.

GYM TEAM WON THE OPENING CONTEST

INDOOR BASEBALL LEAGUE BEGAN ITS SEASON LAST EVENING AT THE ARMORY.

The opening game of the season of the newly organized indoor baseball league were played last evening at the Armory on Walnut street. A large crowd was present to see the contests, which was in the form of a double header between the Danville gymnasium team and a nine from Battery A. The second contest was between the Imperials and Company I.

WON IN THE SECOND.

The Gym and the Battery started the ball rolling. King Cole hurled for the gymnasium team was swatted hard in the opening stanzas and the Battery soon had a comfortable lead, but toward the fifth inning the King tightened up and was stingy with the hits. In the seventh inning the gymnasium team batted Starkey freely, the big ball screaming for mercy as it was driven to the farmost corners of the armory, and at the close of the inning it was discovered that the gymnasium nine had scored nine runs. The game was called in the seventh. Score: Gym, 21; Battery, 12.

In the second game, between Company I and the Imperials, the latter aggregation won by a score of 19 to 5. This was the first game of the season for the Co. I team and the Imperials have played a number of games. The Co. I team was in the lead with a score of 3 to 1 in the fourth inning but experienced a landslide in which the Imperials scored ten runs in one inning.

The next game will be on next Wednesday night, when the Imperials will meet Battery A in the opening game at the armory and Company I will meet the Danville gymnasium team. Good games are promised and it is expected that a large crowd will be in attendance as the balcony in the armory affords excellent facilities for seating a large audience where it can see the entire game. The crowd on Wednesday night was very good and now that some have gained an idea of the nature of the game and have found it to be fascinating and full of exciting incidents it is expected that larger crowds will attend in the future.

SULLIVAN ASKS TO HAVE A GAME HERE

HIGH SCHOOL BUNCH WOULD LIKE TO PLAY LOCALS THANKSGIVING; NOTHING DOING.

Hardly a day passes now but that some "dark horse" comes along claiming a right to argue with Danville and Kewanee for the state "prep" title. The last football team to put in a claim was Sullivan. Monday Manager Henry of the DeMville team received a letter from the Sullivan people asking that they might schedule a game with the locals for some open date, preferably Thanksgiving day.

In this letter the Sullivan manager gave a list of the teams which they have played, with the scores made. They have played nine games with such teams as Pana, Lovington, Decatur and Taylorville and have run up a total of 155 to their opponents' 13. Like Kewanee and Danville they have a clean slate, but have only played one town of championship class, and that was Taylorville. It appears that this team has waited until they saw that each contender had scheduled a Thanksgiving game and has then put in its claim.

The communication received by the local manager is written as an open challenge to all teams and insinuates that there is no team in the state that is not afraid to play them. Such threats as these have little effect on the Danville team, however, and it is going ahead with the arrangements already made for the future.

Coach Bookwalter has had the team out for practice every night this week and is running the squad through some pretty stiff work in preparation for the game with Jacksonville on next Saturday. With the proper share of good luck the locals will win that game with the greatest of ease because the work on the practice field has been the best shown this season. Having learned a lesson in the Wataska game, each man is doing his best and the results have been good, so far. Providing that none of the regulars is kept out of the game by being "down" in studies, the line-up for the battle should, in itself, scare the Jacksonville bunch so bad that it will have all the gameness taken out when time is called.

Manager Henry has already started his campaign for the Thanksgiving game with Lake High of Chicago. The town has been almost solidly plastered with posters, blueprints and tickets advertising this game, which promises to be the best played on the local field this season. Owing to the way the team has been playing, so far, and to the unusual interest it has aroused about the city, the admission at the gate has been raised to double the regular price, or 75 cents. With fairly good weather, and equally as good luck, a record-breaking crowd should witness the game and the management has made arrangements to accommodate at least two thousand people.

"The Best in the World"

As the bride led her friends into her cool, spotless kitchen, they broke into a chorus of approval.

"Well, I am proud of it," she said, "and proudest of all of my stove. It's a New Perfection Oil Cook-stove, and I think they are the best in the world. They toast, roast, broil and bake equally well—really to perfection—and the kitchen stays much cooler and cleaner than with any other range. This stove cuts my kitchen work almost in half."

There is no wood or coal to carry for a New Perfection; no ashes to clean up. It is ready for use as soon as lit; out at a touch of the fingers—economical as well as quick and convenient.

Made with 1, 2 and 3 burners, with or without cabinet. Also 2 and 3 burner stoves can be had with or without a cabinet top, which is fitted with drop shelves. Dealers everywhere; or write for descriptive circular to the nearest agency of the

Peel Off The Old Skin; Bring Out The New

(From Guide to Beauty).

You know that beneath that sallow, over-red or blotchy complexion you have a skin that is clear, fresh and white. If you could only have this more beautiful skin exposed to view instead of the horrid old skin you now behold in your mirror; You can—and by a very simple, painless, harmless process which you can use privately. Get an ounce of common mercolized wax at your druggist's and this evening spread a thin coating of it over your face and neck. Tomorrow morning wash it off with warm water. Small powder-like particles of the lifeless top skin will come off with the wax.

Repeat this treatment daily until all the worn-out scarf skin has been absorbed. Then you'll have a lovelier, healthier looking complexion than you ever think possible. Blackheads, pimples, brown spots, freckles, chaps or any other surface disfigurements will of course removed with the skin peel.

A Skin of Beauty is a Joy Forever.

Dr. T. Felix Gouraud's Oriental Cream or Magical Beautifier.

ATTEND WEDDING.

Miss Florence Burt of the federal court, is in Decatur, where she attended the wedding of her cousin, Walter Halstead Weaver, to Miss Ruth Barnes Summers, which occurred on Wednesday morning at 10 o'clock, Rev. Henry S. Robiee, pastor of the Congregational church, officiating.

The ceremony took place in the home of the bride's parents, Mr. and Mrs. Albert T. Summers, 443 North Edward street, and was unostentatious. The couple were unattended and the usual rites accompanying the ring ceremony were omitted. Immediately following the ceremony a three-course wedding breakfast was served, after which the bride and groom left over the Wabash for Chicago, where they will pass a few days, going from there to St. Louis and then south. They will return to Decatur during the holidays and will be at home in 360 West Prairie avenue after Jan. 15.

The Summers-Weaver wedding was one of the chief events in society circles this year and since the announcements of the nuptials some time ago the bride has been the guest of honor at a score or more functions. She was born and reared in Decatur and attended both the public school, James Millikin university and also St. Mary's college in Knoxville.

Mr. Weaver is the son of Mrs. Katherine B. Weaver and until recently resided in Champaign county, where he has considerable land interests. He is vice-president and manager of the Gillett Vulcanising Co.

RECEPTION CARDS.

Mrs. Benjamin Gleason, North Walnut street, has issued cards for a reception to be given Tuesday, Nov. 28, at her home. The hours from 3 to 5 and 4:30 to 6:30 o'clock. The guests will number 150.

ATTENDED WEDDING AT CHAMPAIGN.

Judge and Mrs. Lawrence Allen, who have recently returned from their wedding trip in the east, spent Wednesday at Champaign, where they attended the marriage of Miss Edith Willis and Rudolph Max Kauffmann of Washington, D. C., which took place at the home of the bride's parents, Mr. and Mrs. Godfrey C. Willis, on West Park street, at 8 o'clock.

The house was decorated in southern smilax, palms, laurel, bay trees and arbors of green.

The guests were received in the drawing room by Miss Edith and Mrs. Willis, assisted by Rudolph Kauffmann of Washington, D. C., father of the groom, and the bridesmaids, who were Miss Helen Gross, Hartford, Conn.; Miss Ruth Johnson, Columbus, O.; Miss Louise Crandall, Watertown, N. Y.; Miss Alice Kerwin, Neenah, Wis.; Miss Juliet Scott, Champaign; Miss Louise Crawford, Ind.; Miss Helen Shedd, Chicago; Miss Julia Mattis, Champaign.

BISMARCK COUPLE TO WED.

Announcement has been made of the marriage of Miss Edna Smith and Harry Cox, which will take place Wednesday evening, Nov. 29, at the home of the bride's parents near Bismarck. Both are very popular young people of that vicinity. Mr. Cox is the son of Mr. and Mrs. David Cox and is a school teacher at Columbia school. They expect to go to housekeeping on a farm south of Bismarck.

LODGE MEETING.

A meeting of Damascus lodge 84, I. O. O. F. will be held in Castle hall on next Friday night. Two members are to take the second initiatory degree and following this a smoker will be held.

To Disperse Wrinkles In a Half Minute.

(From Feminine World).

Many women in making their toilet for the theatre, dance or any social affair, bathe the face and hands in an astringent lotion having an immediate rejuvenating effect. An ounce of powdered saxolite dissolved in a half pint of witch-hazel, makes an ideal preparation for this purpose. It is wonderfully effective in promptly dispersing wrinkles and creases, as well as bagginess of cheeks or chin. Enlarged pores are reduced, the skin appears softer and finer-textured, and one seems to have suddenly lost several years from her age.

The results being so remarkable and coming so quickly, and the ingredients being obtainable at any drug store, this is a good formula to remember. The solution is entirely harmless.

HIGH SCHOOL DANCE.

The boys of the high school will entertain at a dance in the Elks' club rooms on Thanksgiving night. Excellent music has been secured for the occasion, which promises to be one of the biggest dances of the year.

DUTCH PARTY.

Mrs. George Barnhart, 1108 East Main street entertained seventy-five ladies of the Eastern Star lodge at a Dutch party on Wednesday, serving a dutch supper of kraut, rye bread, real Dutch salad and everything that goes with the supper. Seven long tables seated the guests. Mrs. Werren of Effingham, was a special guest.

PAULINE IS A MAMMA

WASHINGTON, D. C., Nov. 22.—Pauline Wayne, the white Indian cow, given to President Taft by Senator Isaac Stephenson of Wisconsin, received a second visit from the stork today, but the calf lived only a few minutes. Her first calf, "Big Bill," died a few weeks after it was born on election day of last year.

Friday and Saturday's Display of VELOUR COATS

In supplying a critical trade we are in a position, through our connection with the foremost makers, to offer style features far above the ordinary.

Distinctiveness and refinement in Women's Velour Coats does not necessarily mean increased cost, as an inspection of our showing will prove. The unusual lowness of our prices is gratifying to those who desire individuality in their garments at a most modest expenditure.

Eastern centers report a greatly increased demand for Velvets, Velour and Plush Coats in black. Some of these coats are trimmed with fur, others have large roll collars and show trimmings of braids and silk ornaments. The assortment just now is especially attractive.

HOUSEHOLD TALKS

By Henrietta D. Graul

It is quite as necessary for the college girl to have an intimate knowledge of the intricacies of fudge-making as it for her stalwart brothers to understand the tenets of football. Sometimes such accomplishments are shared by boy and girl alike.

Fudge-making used to require only chocolate, cream and sugar, but many and varied are kinds of fudge the young folks have created from this simple base. Each one seems better than the other and a simple proof that midnight reveries over chafing dish or gas jet should not be altogether discouraged.

All fudge contains chocolate, or it is not fudge. It can only be at its best when made of light brown sugar, as this gives the creamy softness that makes it so melting and smooth. Cream may or may not be used.

You must use milk; an extra quantity of butter will be needed.

Now, girls, everybody thinks her fudge is just a little better than anyone else's, but mine really is better than most. I have tried all the recipes and taken the best from each and now I am always asked to make it for church socialbles, which is the greatest compliment that a fudge maker can receive.

College fudge—Mix four cups of brown sugar with a fourth of a cup of cream, (or rich milk and two tablespoonfuls of butter). Add six tablespoons of chocolate, grated in fine bits. Stir all the time until it is boiling, then add a little of the syrup with half a teaspoonful of vanilla to three tablespoonfuls of cold water. Test the syrup and when it forms a soft ball in cold water remove from the fire and beat until it begins to thicken, then pour into buttered pans. Mark into squares when cold.

Maple fudge is made by omitting the chocolate, marshmallow fudge by cutting marshmallows in pieces and adding to the fudge after removing from fire and before beating. Nuts are added with the marshmallow and make the confection even more toothsome.

Fairy fudge contains honey. Make as directed for plain fudge, which indeed is the basis for all fudges, but add, with the cream, a fourth of a cake of honey, including the comb. Almond nuts and almond flavoring are used in this fudge.

Kris-Kingle fudge is boiled to a higher degree than ordinary fudge and after it is beaten until it commences to cream, is poured upon the well whipped white of one egg. Continue beating until it starts to thicken, then add chopped raisins, candied cherries and mixed ginger.

BACKACHE, HEADACHE, NERVOUSNESS.

Are manifestations, both in men and women, "mean kidney trouble. Do not suffer, it is progress beyond the reach of medicine, but stop it promptly with Doan's Kidney Pills. They regulate the action of the urinary organs. Tonic in action, quick in results.

HELPS FOR MOTHERS

(From the Woman's Journal)

Oatmeal should be well cooked. Two hours is none too long to boil it.

Hot applications, as hot as can be borne, applied in succession until the pain is gone, is the thing to do for sprains.

At this season adults as well as children suffer from coughs, colds and catarrh—for catarrh results from chronic colds. There is no reliable remedy that never fails. If you've never used it yourself, ask your neighbor about Mother's Love. It has no equal, and there should be a jar in every home, ready for use. If you've a child whose coughing and hacking keeps you awake, try this simple and inexpensive remedy. Colds cheese colds. They neglected, as they commonly are, are likely to be serious.

Cross is always dreaded, but Mother's Love makes Mother's Kisses [illegible]

LECTURE OF ATWOOD WAS WELL ATTENDED

BUSINESS MAN TALKS ON "SYSTEM" IN CIRCUIT COURT ROOM.

The lecture of Harry Atwood, given at the circuit court room Wednesday night under the auspices of the Industrial club, was well attended, despite the bad weather. Much interest was shown and it is believed much good will result from the series of business lectures which will be given from time to time.

Mr. Atwood is chief lecturer of the Sheldon school of Business System, and he talked at length on "System." He outlined a campaign for city building, asserting that it should be handled in the same manner as a private business. He stated that if the business men of the city were made right and conducted their businesses along the proper channel then the city must be right. He talked for an hour, illustrating his various points with humorous stories or experiences from real life.

MALONE PAID FINE FOR BREAKING GLASS

NEGRO SHATTERED BOTTLE ON EAST MAIN STREET WEDNESDAY NIGHT.

William Malone, a negro, despite the name, paid a fine of $14.10 or rather arranged for his employer to pay it, in police court Thursday morning. He was arrested Wednesday night on East Main street, where he was breaking glass on the pavement. Malone asserted that he was not breaking the glass for the purpose of cutting auto tires, but simply because he was angry and had to relieve his feelings.

DOES ANYONE KNOW RICHARD GRISWOLD?

POLICE ARE ASKED ABOUT MAN NOW IN FT. WAYNE, BUT THEY KNOW HIM NOT.

Who is Richard Griswold and did he ever live in this city? This question is being fired at friends of the police officers of this city, but as yet they have found no one who knows Griswold. The police of Ft. Wayne, Ind., have written to the police here asking about the man. He received a trunk which had been shipped from here and he asked that it had been held here for board. Griswold is a music store man, with light hair. He runs with a woman about 19, a blonde, whom he says is his wife.

RAILROAD NEWS

C. & E. I.

Engineer Ollie Bradford journeyed to Woodland, Wednesday, in search of spring rabbit or two. Either Bradford is not much of a shot or bunnies were not in abundance, as no great slaughter has been reported.

John Klink, formerly a foreman in the back shops of the C. & E. I., but who left the employment of the road in September, 1910, has returned to this city and is employed in the tool shops at Oaklawn. Mr. Klink purchased forty acres of land near Summerdale, Ala., a little over a year ago and moved his family there. He reports that the farm was a good one and the products raised were numerous and paying, but he returned here because of the inconvenient market. He has also been suffering from rheumatism for some time and was unable to do farm work.

Engine 196 has been run into the back shops to receive a general overhauling.

Engine Tamer Jack Werren has reported for duty after being absent several days on account of illness.

Conductor Jack Voss of runs 6 and 7 between Chicago and Evansville, has been granted a short leave of absence, and departed Tuesday for his old home in Iowa, where he will spend the most of his vacation visiting relatives.

Engineer L. Van Liew of the Villa Grove district, was a visitor in the city Wednesday.

Brakeman E. O. Spellbring has been assigned to caboose 159 in the Tenth pool service.

Engineer C. N. Order was sent to Brazil to work one of that city, on account of a shortage of engineers on the extra board.

Engineer J. C. Eagin has been reported on the sick list. Engineer B. Nitterhouse is filling the vacancy on the night "Bum" engine during "Jake's" absence.

Fireman M. Townsley has reported for duty after being absent several days on account of illness.

Engineer John Powell has reported for duty after being absent several days. John has been out in the country trying to scare up a few rabbits.

P. White is the name of a new brakeman marked up on the extra board Tuesday. Mr. White will work between this city and Dolton on the Chicago division.

Conductor F. De Lavergne has reported for his runs numbers 152 and 153 between this city and Villa Grove after being absent several days on account of illness.

Brakeman Mahon has reported for his run on Nos. 45 and 46. Mr. Mahon has been laying off on account of illness in the family.

Engineer C. H. Hibner and wife left Tuesday for a months' visit on his farm up in Michigan.

Engineer L. Bingham has reutned to work after being off several days on account of the illness of his daughter.

Engineer P. T. Nell of the Clinton mine engine was called to Ohio on account of the illness of his sister. Engineer A. C. McCarty of the Chicago division, is taking Mr. Nell's run during his absence.

Brakeman Dawson of runs 62 and 63 between this city and Momence, has reported for work after being absent several days on account of illness.

BIG FOUR

E. L. Wright, traveling passenger agent for the C., B. & Q. railway, was in the city transacting business with the Big Four representatives Wednesday.

Russell Hebbelthwaite, traveling passenger agent for the Queen & Crescent route, was a business visitor at the Big Four offices Wednesday.

WOMAN TOOK ARSENIC SO IT IS ASSERTED

MRS. CHARLES MILLER, BALDWIN STREET, SAID TO HAVE TRIED SUICIDE.

Mrs. Charles Miller, residing near English and Baldwin streets, is said to have attempted suicide Tuesday. It was asserted that following differences between her and her husband she took or pretended to take arsenic and that two physicians were called to attend her. Neighbors say they know nothing of the alleged attempt, but assert that the man and woman are now out of the city. A physician who is said to have been in attendance denied knowing anything about the case.

DAMAGE SUIT FILED CHAMPAIGN WOMAN

EMMA MAXTED SUES DANVILLE, URBANA & CHAMPAIGN INTERURBAN CO. FOR $15,000.

Lamb & Caraway and Ray & Dobbins, of Champaign, filed in the circuit court here, Wednesday, the praecipe in a $15,000 damage action for Emma Maxted, of that city, against the Danville, Urbana & Champaign interurban company.

Neither Danville lawyers nor local officials of the D. U. & C. know anything about the suit, except that it was brought to Danville from Champaign, in the belief, it is presumed, that a better brand of justice is to be had here than there.

It is believed to be a personal injury case, the result of an accident on the interurban in Champaign or Urbana.

MILLIONS OF FOLKS USE ONLY CASCARETS

They Never Have Headache, Biliousness, Sluggish Liver or Bowels or a Sick, Sour Stomach.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired results with Cascarets and quickly, too.

Don't let your stomach, liver and bowels make you miserable another moment; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the poison and effete matter which is producing the misery.

Take a Cascaret now; don't wait until bedtime. In all the world there is no remedy like this. A 10-cent box means health, happiness and a clear head for months. No more days or nights of misery, headache, biliousness or distress if you will take a Cascaret now and then. All druggists sell Cascarets, and the whole family—from little tots to grandpa—like their thrilling, cleansing effect.

GIRL HAS A NEEDLE BURIED IN HER HAND

DAISY REEDER WAS THE VICTIM OF A VERY PECULIAR ACCIDENT RECENTLY.

Daisy Reeder, the 15-year-old daughter of Mr. and Mrs. George Reeder, living north of the city, was the victim of a very peculiar accident the first of the week. The girl was employed at the home of Mr. and Mrs. Ed Leverich, near the county farm, and in stooping to pick up some pieces of cloth from the floor slipped and ran a needle into her hand. The force of the fall broke the needle and the piece which was left in the hand has not yet been located although it is giving the girl a great deal of pain. Several probes have been made, but all were unsuccessful and an X-ray picture will be taken in the hope of locating the missing point.

Almost endless are the uses of a Missouri inventor's door and window guard, consisting of upright pickets connected by horizontal wires to prevent it or an intruder to squeeze through.

Particularly the Ladies.

Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.

Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

For sale by all leading druggists. Price 50 cents per bottle.

Let Us Make Your Home Happy!

MR. WOODYARD WILL PROSECUTE HUNTERS

GUARDIAN OF 2,000 ACRES AND FRIEND OF FEATHERED GAME BIRDS GIVES WARNING

SIGNS HAE BEEN POSTED

Advising All Gunners to eKep Off His Lands Under Severe Penalty.

(Commercial-News Special.)

RIDGEFARM, Ill., Nov. 22.—Henry C. Woodyard, the well-known farmer of Elwood township, has for many years kept protected the wild game from the myriads of hunters on more than 2,000 acres of land which belongs to the various members of the Woodyard family. For years he has been known as the friend of the game birds and they are given the same protection from him as though they were the fowls of the barnyard. His heart and sympathy goes out for those birds which are fast being exterminated an dany hunters who happen to be caught upon his lands are shown no mercy. With the assistance of the game warden of the state, he is zealously protecting what few prairie chickens are left. Only a few years ago one could scarcely travel southwest from Ridgefarm during the months of October and November without coming in contact with great numbers of large bunches of the prairie chickens, but that day is past, and with all of the protection and care, there never will be but a few scattering bunches of chickens to be found upon these broad acres of prairie. Mr. Woodyard has given all hunters fair warning, by having all the farms in this section posted, "No hunting upon this farm, as the law will be enforced."

COMMERCIAL CLUB BUSY.

The Commercial club will again get into the harness. It was through this club that the people have the advantages of the electric cars that run to the city of Danville. What has been done can be done again; that is, to get together and plan on something that will be of benefit for the business interests of the town. A meeting will be held in city hall on next Monday evening by the business men being called together by the club. The president, E. E. Smith; secretary John Glick and Treasurer John W. Foster, cashier of the City National bank. There is money in the treasury, and there is no doubt but the club will do things.

BURNING OUT FLUE CAUSED FIRE ALARM

NEIGHBORS IN EXTREME NORTH END OF CITY THOUGHT GOBEN RESIDENCE ABLAZE.

The fire fighters of the city of Danville had one of the longest runs possible last night at 8:28 o'clock Wednesday night when a "still alarm" was sounded in from Raymond avenue, along the norther nedge of the city. There was no fire.

The chimney of the two story residence occupied by J. L. Goben at 123 Raymond avenue, was burning out and some neighbors thought that the house was doomed and tourned in an alarm. The tired horses dragged the heavy fire fighting apparatus through the mud to the scene only to find that there was no need of their services.

TAKEN TO HOSPITAL.

Henry Bredehoft, a well-known resident of Danville, who has been practically a semi-invalid for several years, on account of an affection of his locomotion, was on Wednesday evening removed to Lakeview hospital, where he will receive treatment.

Quickest, Surest Cough Remedy Ever Used

Stops Even Whooping Cough Quickly, A Family Supply for 50c. Money Refunded if it Fails.

If some one in your family has an obstinate, deep-seated cough—even whooping cough—which has yielded slowly to treatment, buy a 50-cent bottle of Pinex and watch that cough vanish. If it fails, money back promptly, and without argument.

A 50-cent bottle of Pinex, when mixed with home-made sugar syrup, makes a full pint—a family supply—of the most effective cough remedy that money can buy, at a saving of $2. Gives instant relief and will usually wipe out a bad cough in 24 hours or less. Easily prepared in five minutes—directions in package.

Pinex Cough Syrup has a pleasant taste —children take it willingly. It stimulates the appetite and is slightly laxative—both good features. Splendid for croup, hoarseness, throat tickle, incipient lung troubles, and a prompt, successful remedy for whooping cough.

Pinex is a special and highly concentrated compound of Norway White Pine extract, and is rich in guaiacol and other elements which are so healing to the membranes. Simply mix it with sugar syrup or strained honey, in a pint bottle, and it is ready for use. Used in more homes in the U. S. and Canada than any other cough remedy.

Pinex has often been imitated, but never successfully, for nothing else will produce the same results. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is in every package. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Indiana.

THE HINTON MURDER CASE CONTINUED

BY AGREEMENT OF THE PROSECUTOR AND HINTON'S COUNSEL TRIAL IS SET BACK

ALLEGE LACK OF TIME

Attorney for the Alleged Uxoricide at First Wanted Case Continued Until Next Term.

Judge Kimbrough has continued to Dec. 4 the trial of John Hinton, under indictment on the charge of murdering his wife, Bertha Hinton, on the night of Sept. 27, at their home, 904 Maple street.

The continuance was granted at 4 o'clock Wednesday afternoon at the conclusion of the reading of a supplemental affidavit made by W. E. Cundiff, attorney for the defendant, setting up certain things with respect to the alleged refusal of the Carter family and other relatives of the dead woman to permit the attorney to see or talk with Earl Hinton and Vina Hinton, young children of the defendant.

The continuance was granted after a day spent in the reading of affidavits and hearing of arguments by the opposing attorneys. Judge Kimbrough said that he did not want to configure the case, on account of the great expense to the people of the county, but under the circumstances felt that he must do so. The continuance to Dec. 4 was agreeable to the state's attorney, who had all day combatted an effort to have the trial postponed to the next term of court.

ONE PIONEER BOY OF ELWOOD TOWNSHIP

Salmon H. Brown is One of the Best Known of a Lot of Sturdy Old-timers.

(Commercial-News Special).

RIDGE FARM, Ill., Nov. 22.—There are a considerable number of the pioneer boys of Elwood township, who are residents of this place. Among the oldest of these is Salmon H. Brown, residing in one of the best homes in the city on south State street. Coming from Hoosier state to this township fifty-five years ago and from boyhood he has been engaged in general farming and has been successful, especially in that of raising corn. He says the key note of his success has been strictly minding his own business. While a young man he only enjoyed a very limited school advantage but has always been a great reader and is posted upon the events of the growth and settlement of the state, is recognized as a citizen of more than ordinary intelligence, a man of wide and varied experience and information. A good financier, he is an able manager, having his affairs under good control at all times. He possesses in a large degree those characteristics without which success in life is unattainable. He has no desire for the responsibilities of office or the anxieties of a public life but has served his local friends as a member of the board of education and has proved an efficient school officer. Mr. Salmon is an esteemedmember of Ridgefarm Lodge, F. & A. M., and also of the Knights of Pythias. He is also a loyal and faithful citizen. He prefers to give his time and attention to the improvement of his farm and the comfort and happiness of those with whom he is connected by the most sacred of earthly ties—that of wife, two daughters, two sons, and a grand-daughter. The latter the stork brought to him last Wednesday evening. All of these are fruits of his labor.

J. G. GARRIOT WAS INJURED BY FALL

WELL KNOWN FRANKLIN STREET SALESMAN FELL THROUGH THE HEN-HOUSE.

Mr. J. C. Garriott, a well known traveling salesman residing in the 500 block on North Franklin street, is suffering from a broken rib sustained in a fall through the hen-house of his premises while making some needed repairs a few days ago. The injury was quite painful and in keeping Mr. Garriott away from his duties.

MISS GLADYS HOSKINS AND G. BLANKENSHIP PLEDGE THEIR TROTH LAST EVENING

CORN MAKES GOOD YIELD

Asa Rayl Has Forty Acres That Is Making Seventy Bushels to The Acre—Other News.

(Commercial-News Special)

HENNING, Ill., Nov. 22—At the home of Mr. and Mrs. W. C. Hoskins this evening at 6 o'clock occurred the marriage of their daughter, Miss Gladys, to Grant Blankenship, son of Mr. and Mrs. William Blankenship.

The ceremony was performed in the presecene of fifty guests, by Rev. S. S. Jones of Danville, before an arch of pink roses and ferns, with a background of pink and white.

As the bridal party entered the parlors, Miss Ethel Hoskins of Danville rendered Mendelosohn's wedding march. During the ceremony, "There Le Me Rest." As the bridal party retired Lohengrin's wedding march.

The color scheme was pink and white, the latter being profusely decorated with pink and white-white roses. A thre course dinner was served.

The bride's dress was of white silk voile with bead trimming, and she carried a shower bouquet of white roses.

The bride and groom are both well and favorably known here, the latter being a farmer, having lived about six miles southwest of Henning, where they will reside and will be at home after December 10.

Among the out of town guests were Rev. and Mrs. S. S. Jones, Miss Ethel Hoskins, Misses Alta and Luis Lane and Mr. and Mrs. H. E. White, all of Danville and Miss Edith Miller of Charleston.

A GOOD YIELD OF CORN

While the corn yield in this vicinity is not going to be anything to brag about there are a few fields that are making exceptionally good yields. Asa Rayl, who lives southwest of this place, has forty acres and he is positive will make an yield of better than seventy bushels and it has the appearance of holding out this way until the finish. The ground was formerly in pasture and last year the cornfrom this piece of land went 80 bushels to the acre. This is the third crop of corn on the ground.

Mr. Rayl has thre men husking that have been making an average of a little over 100 bushels per day. The fields have ben such that heavy load could not be pulled out of the fields. He is planning to hitch thre horses abreast to each wagon so the men can husk higher loads and get out of the fields.

LOCAL NEWS

Among the Danville visitors Tuesday were Misses Bessie Dodson, Carrie Koontz and George Selmer, Asa Rayl and Frank Burrow.

Lawson McConnell has returned to his work as operator in Louisiana.

STONE IS STEWARD AT HOME HOSPITAL

SUCCEEDS BYRON R. FRANCE, RELIEVED FROM DUTY THE PAST WEEK.

Capt. Lewis P. Stone, commanding Barracks G, is hospital steward at the Soldiers' Home, succeeding Byron France, relieved from duty a few days ago. The appointment was announced Wednesday afternoon by Gov. Barger and became effective Thursday morning. Capt. Stone served in Company I, 57th Ind. Vol. Inf.

James W. Beadle had been advanced from a sergeancy to fill the position made vacant by the advancement of Capt. Stone.

Frederick Coleman is appointed to the place of first assistant to the steward, made vacant by the relieving of Edwin Hill. Charles Hill is appointed to fill the vacancy made by the promotion of Coleman.

Among the tasks imposed in recent years upon the busy servant of man, electricity, is the acting as assistant in the operation of dyeing.

THEY INJURE CHILDREN

Cathartics and Pills and Harsh Physics May Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest of medicine should ever be given. Ordinary pills, cathartics and purgatives are not apt to do more harm than good. They sometimes cause griping, nausea and distressing after-effects, and may actually injure the health, thus establishing a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as a safe and dependable remedy for constipation and associate bowel disorders. We have such faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy. Are immediately prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies not only relieve constipation, but help to remove the cause of this ailment. They also frequently overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really, in our opinion, no similar medicine so good as Rexall Orderlies for the purpose to which it is directed, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages: 12 tablets, 10c; 36 tablets, 25c, and 80 tablets, 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. Owen & Hazel, 31 North Main.

Cold Weather Suggests Whiskies

Cold weather suggests the replenishing of the whiskey bottle in the medicine cabinet. Absolute purity ought to be a factor included always in your whiskey buying, but positively when it's for the family use. I lay great stress upon purity.

In the buying of whiskey you'll search far and long to find a store selling whiskies with the same relative quality and price—and after you have sought you'll not find it. But its the whiskies themselves that interest you. Take each price—50c, 75c, $1 and on up—price for price you can't duplicate the quality I give in any liquor store in the country.

Good liquors are what I handle. I never care to recommend poor, cheap stuff. Fine liquors that please the most particular are here in any quantity desired. Holiday supplies are easily obtained at very reasonable prices. Those who are not well posted can have the value of my experience by asking.

Good liquor rightly used is food and medicine. I furnish the liquor—as pure to you in any quantity as I get it in the barrel—straight from the distillers, with no poison to craze you, no drug to stupify, and with no unholy mixture to put your natural appetite to sleep.

Ask any man who is a judge of good liquor, and he will tell you that my reputation for the finest goods at reasonable prices is not excelled by any one in this section, and if you want to see how true it is, give me a call.

HELD WAR COUNCIL WEDNESDAY NIGHT

REDMEN PLAN FOR AN EXTENSIVE MEMBERSHIP CAMPAIGN THIS WINTER.

On Wednesday night at 6:30 o'clock about 125 members of Tribe No. 73, I. O. R. M., met in the lodge hall on West Main street for a big feast of "delicate dainties" and speeches. The occasion was that of the opening of one of the most extensive membership campaigns ever inaugurated in the lodge. It is planned during the coming winter to double the present membership and the time Wednesday night was spent in feasting and planning the campaign. There were several members of the order from other places here, among them Junior Sagamore A. L. Sommers of Westville, and W. E. Young of Urbana.

CROP STATEMENT LOWERS WHEAT SOME

CLOSE, HOWEVER, IS FIRM WITH MAY ABOVE DOLLAR; CORN ALSO DECLINES.

MAY SHOWS A LOSS

Option Sales on Part of Cash Houses Make Oats Easier; Provisions Decline With Hogs.

(By Associated Press).

CHICAGO, Nov. 23.—Wheat prices varied today almost wholly according to crop prospects in Argentina, where the harvest is now in progress. The opening was 2-8c lower to a shade up. May started at $1.00 1-2 to $1.01, a loss of 1-8@1-4c to a sixteenth advance, and sold as low at $1.00 5-8@ 3-4c.

Subsequently, optimistic statements regarding the winter crop in the United States tended to bring about lower prices. The close, however, was firm, with May 3-8c down at $1.00 1-2 @1-8c.

Longs unloaded corn. May opened a shade to a like amount higher at 66 1-4 to 3-8c, and sank to 65c.

Afterward the market declined owing to prospect of increased receipts. The close, though, was steady at 64 7-8@65c for May, a net loss of 3-8c.

Option sales on the part of cash houses made oats easy. May started unchanged at 50 1-8c, and receded to 50c.

Provisions declined with hogs. Initial transactions were the same as last night to 15c down, with May deliveries at $16.75 to $16.90 for pork; $9.00 to $9.62 1-2 for lard, and $8.80 to $8.82 1-2 for ribs.

HORATIO THOMAS' BROTHER IN CITY

CLARENCE THOMAS, OF HEDRICK, IND., THINKS DEAD MAN IS HIS BROTHER.

Since W. M. Cannady received a telegram from Kansas City Tuesday night asking him to try and locate relatives of one Horatio Thomas, who died there, and the news was received and denied through the papers, Mr. Cannady has had many people in his office or residence, who knew Horatio Thomas when he worked as a car repairer in the Monon shops here, two years ago and all say that he was a brother from Scott Thomas, of this city, at present working in Ohio for a local firm. One of the many to call at Mr. Cannady's office was W. Scudder, of this city, who said Horatio Thomas had a brother, Clarence Thomas, at Hedrick, Ind. Mr. Cannady at once communicated with Clarence Thomas and told him what he knew. Clarence Thomas came here at once and departed Wednesday night for Kansas City to identify, if possible, the body of his brother. The brother said he received a card from Horatio at Ottawa, Kas., only a short time ago.

The telegram asking for relatives of the dead man was very brief and no letter has followed, so that none of the particulars is known. As to why the telegram should have been sent to the Woodman lodge here none of the members knows, as the deceased was a member of neither of the local lodges.

It is possible, however, in the opinion of the members, that the dead man wore a Woodman button and had letters or cards in his pocket with the Danville address on them. In such case the coroner would naturally think him a Woodman and write to the local order.

HOMER COLONY IN IDAHO PLEASED

THOSE WHO HAVE WENT TO THAT STATE SATISFIED; MORE JOIN COLONY

(Commercial-News Special)

HOMER, Ill., Nov. 22—The Homer colony at Jerome, Idaho, are said to be well pleased wit hiheir crops this year and are getting along nicely. A number of other Homer residents are registering for the land drawing that will be held at Jerome on December 5. At this time about 14,000 acres of land will be put on the market at $65.50 an acre, payable in yearly installments for the next sixteen years. It is expected that the Homer colony in the far western state will be materially increased within the next few months.

HORSES ARE AFFECTED

A number of farmers in this vicinity are reporting a disease among their horses that, while it has caused no deaths so far, is causing a little uneasiness among the owners, who thought the cold weather with the sudden changes we have been experiencing, has given the animals the distemper. Among the farmers who have sick horses are V. E. Crane and Oscar Forkman.

SHOW GIRLS TRIAL FOR STOKES AFFAIR

LILLIAN GRAHAM AND ETHEL CONRAD PRESENTED IN COURT —SELECTING JURY.

(By Associated Press.)

NEW YORK, Nov. 23.—Lillian Graham and Ethel Conrad, the show girls who shot W. E. D. Stokes, the millionaire sportsman, last June, were brought to trial today on indictments charging them with having attempted to take his life. Two other counts charge assault. Both young women were in the court room, stylishly attired.

Supreme Court Justice Marcus, of Buffalo, presided at the trial. Indications are considerable time will be spent in selecting a jury.

Facts About Indigestion

TEST SAMPLE OF MI-O-NA FREE

If you have indigestion, dyspepsia, sour stomach, dizziness or biliousness, no matter how long standing, F. A. Johnston guarantees MI-O-NA stomach tablets to cure, or your money back.

Thousands are getting rid of indigestion, using MI-O-NA. Here is what one man writes: "I want to speak a good word for MI-O-NA and say that it has done for me. I suffered something terrible with dyspepsia and indigestion. It was almost impossible for me to eat anything. Day after day I would go without eating. One day I read your advertisement in the Bangor Daily News. I got a box, and before it was gone I could sit down to the table and eat anything, thanks to MI-O-NA."—Herbert L. Patterson, Brewer (Bangor), Me.

MI-O-NA stomach tablets are made from the best prescription ever written—they cure to stay cured. They relieved distressed stomach in a few days. They are sold by F. A. Johnston & Co. and druggists in every town in the United States. Large box, 50 cents. Test samples free at Allerton & Kirby's Pharmacy. Don't be talked into taking something else. Insist on getting MI-O-NA. If your druggist has been out, he will do so.

BRYAN'S PARTY IS ON ANOTHER SHIP

ALL PASSENGERS TRANSFERRED AT SEA FROM PRINZ JOACHIM TO SEGURANCA

WILL LAND AT NASSAU

Wireless Message Received From Ill-Fated Vessel Which is Ashore in the Bahama Islands.

(By Associated Press.)

NEW YORK, Nov. 23.—All the passengers of the steamship Prinz Joachim, ashore on Atwood Key, a remote island of the Bahamas, have been taken aboard the Ward Line steamer Seguranca and are now on their way to Nassau. This news reached the Ward Line office here today in a wireless message from the Seguranca, which apparently had been relayed by the steamer Vigilancia, now at Nassau. The message read:

"Seguranca has all passengers from the Joachim. Bring to Nassau. Will arrive * * * will keep you informed."

W. J. Bryan, wife and grandchild are among the passengers.

Apparently the time when the passengers are expected to reach Nassau has been lost from the message, but at the Ward Line office it was said that the Seguranca probably would reach Nassau between 2 and 3 o'clock this afternoon.

TAR CASE ABOUT READY FOR THE JURY

ATTORNEYS MAKING CLOSING ARGUMENTS AND DEFENDANTS MAY KNOW FATE SOON.

(By Associated Press).

LINCOLN CENTER, Kan., Nov. 23.—Before tonight the three defendants in the Shady Bend "tar party" case may know their fates. Only two more closing arguments were scheduled at the opening of court this morning. Ritchie of Salina, Kan., spoke in behalf of the defendants. He was followed by S. N. Hawkins, assistant attorney-general of Kansas, for the state.

The jury was instructed last night, so they were ready to begin deliberations when the arguments closed. No one connected with the state is more certain that the men will be convicted than is Mary Chamberlain.

Following the close of Attorney McCurdy's address last night, A. N. Simms, one of the defendants, embraced the attorney and expressed a favorable opinion of the outlook.

Now that the cases of the three defendants, Sherrill Clark, A. N. Sims and John Schmidt are virtually ended, speculation is rife regarding what sentence will be passed on Everett G. Clark, Jay Fitzwater and Watson Scranton, who pleaded guilty to assault and battery in connection with the "tarring" on Nov. 16. Sentence was deferred on them until after the present trial.

Ritchie followed the lead of his colleague, Attorney McCurdy, who spoke last night in making a bitter attack on the "dirty gosen" of Beverly in general, and Chester Anderson in particular.

"It was with this crowd that the plan had its inception," he said. "These defendants did not originate it or take any part in the execution of it."

Regarding the meeting at the mill, the speaker said it could not be taken as proof that the defendants intended to take part in the assault.

The case went to the jury after a two and a half hour session of court.

No attempt was made by any of the attorneys for the defense to defend the crime. Every effort was directed toward proving that the accused men had no hand in the planning or carrying out of the assault.

When the judge began instructing the jury, the wife of Attorney Simms' wife, who faced the twelve men, leaned over and, buried her face in her husband's shoulder. She cried and did not look at the jury men. Clark and Schmidt, however, gazed straight into the faces of the jurors, as they have done ever since the arguments started.

The passing of the jury from the room did not diminish the crowd to any great extent. There is a feeling here that a verdict will be reached quickly and the "regulars" do not want to miss it.

on laws and adjustment was making a report on the charges against the labor leaders in which discontent was voiced at their "unwarranted persecution."

Vice President John Mitchell declared he was sick of the whole matter and that he was anxious to have the affair ended.

"I would go to jail," said Mr. Mitchell, "I want to have it over with. Under the present situation I am afraid to accept a position for fear it will be abruptly terminated by an order of the court. Under the present circumstances the only job I can take is digging coal, and I am not anxious for that."

EXPERT WITNESS CANNOT BE SHAKEN

PHYSICIAN IN POOLE CASE IN CLARKS GUN WAS HELD CLOSE TO DEAD MAN'S HEAD.

(By Associated Press.)

LAFAYETTE, Ind., Nov. 23.—Cross-examination of Dr. Richard Wetherell, expert witness for the state in the John W. Poole murder trial, today failed to swerve the witness from his positive opinion that the shot gun which produced the injury to the skull existed in the case was held close to the back of the head. Poole, it is believed from the attitude of the defense, in cross-examination, will endeavor to make the jury believe he killed Kemper accidentally, and that he was some distance away from him. The entire morning was occupied in cross-examination of Dr. Wetherell, and medical books were introduced in each case in an effort to make the witness change his testimony.

He told the jury in detail his findings and opinions. Poole may attempt to repudiate his confession, which it is said to have made to the authorities, for his counsel has not shown opposition to admit that the corpse found on the farm is that of Kemper.

DANVILLE WILL BE IN ABORIGINAL BOOK

Continued from page 1)

far back as white men have any record of it, there was an Indian village here.

West of Danville—in the vicinity of the salt springs—there was another Indian village. This village is said to have been built by Indians who had left their homes here and had taken their first move toward the west where they finally came to disappear. It was from the village at the salt springs that many Indian recruits were obtained by Tecumseh in his great uprising against the whites. The seat of hostile operations being in the vicinity of the present city of Lafayette, Ind.

There were also Indian villages and burying grounds at Brooks' Point and other sections of the county, the exact location of which it has been impossible to ascertain whit the object of communicating the information to the Smithsonian Institute.

Vermilion county will occupy a large chapter in the new book.

I HAVE A GOOD FARM OF 240 acres of northern Indiana land to exchange for merchandise or city property. Want to see a good grain farm. See R. C. Garrett, 215 Baum Bldg. 11-24

FOR SALE—RICH, BLACK LAND IN the new corn belt of the South in tracts of 3 acres or more. No pioneering, for we've plowed the land the first time for you. This land will raise more corn to the acre than the best Illinois farms, besides two other crops can be raised, making three in one season without the use of fertilizer for any farm. Mr. Reader, save the rent you are now paying the other fellow. Own a farm with rich, black soil and make more than double the money you are making now.

The extra profits and rent money will pay for one of our delta farms in less than five years. What would Illinois farms be worth if you could raise a crop of corn and two other crops in one season? That is what can be raised on this black farm land, which is the best corn land in the United States today. Yes, the healthiest and best climate in the United States. We want to prove these facts to you. It is the northern farmer from the Middle West now farming in the delta lands that are growing the largest crops of corn and sugar cane and are making money faster and easier than it is possible to make on the best Illinois lands.

We are owners of this land and for this reason we are anxious to interest the Illinois farmer. Our Mr. Chas. N. Tuttle is at the present time in the south with a party of Illinois farmers from this part of the state and will return in about ten days and will be glad to see all that are interested. Our next excursion will be Tuesday, Dec. 5. For further information write or call Louisiana Delta Farms Co., 32 W. Washington St., Chicago. Write us for booklet. 12-1

FOR SALE—ONE OF THE BEST all round black prairie land farms in Illinois, convenient to Danville. Good improvements, consisting of a good house, corn cribs, scales and scale house, hog house, well and one horse barn. Land is well tiled with good outlet. Three good drinking wells, with windmills. Farm is well fenced, practically hog-tight; close to market, three miles from one station and four miles to another, only ten miles from Danville. This farm cannot help but please any one who is looking for a farm of its size. The price is right. See Huff & Young for further details. 909 Daniel Bldg. 11-23

SUPERNATURAL POWER IN MYSTERIOUS DRUGS

CURES MADE BY UNITED DOCTORS INSPIRE AWE IN SPECTATORS.

People who have seen some of the wonderful cures that have been made by the United Doctors who have their office on the second floor of the Baum building, say that it almost makes one believe that the days of miracles have returned to see these earnest, sober men administer their wonderful new treatment to poor, broken invalids and then see health and strength return to palsied, shrunken bodies as if by magic.

Arthur Johnson, who is 58 years old and was partially paralyzed for two years, now walks without even a cane and says he expects to go back into business the first of the year.

In order to give everybody a chance to be cured by this wonderful method, the United Doctors have consented to a proposition made by a committee of citizens and will treat all cases that come to them before December 15th, free of charge.

Their examination and consultation is free to all. Even the treatment will be free; the only charges made to anyone will be for the medicines used in their case.

BARNETT & BOYLE,
Petitioner's Solicitors.
ADMINISTRATOR'S SALE OF REAL ESTATE.

By virtue of an order and decree of the Probate Court of Vermilion county, Illinois, made on the petition of the undersigned administrator of the estate of Henry Loewe, deceased, at the December Term, A. D., 1911, of said court, to-wit: On the 20th day of November, A. D., 1911, I shall, on the 21st day of December, A. D., 1911, next, between the hours of 10:00 o'clock in the forenoon and 5:00 o'clock in the afternoon of said day, sell at public auction at the door of the court house in Danville, in said county, the real estate described as follows, to-wit: Lot five (5) in Block Eight (8) in Danville, Illinois, in George W. Hooton's addition to Danville, Vermilion county, Illinois, subject to the mortgage of $700.00 given by the deceased in favor of the Danville Benefit & Building Association, a corporation, dated the 26th day of August, A. D., 1905, and another mortgage for $300.00 given by the deceased in favor of the Danville Benefit & Building Association, a corporation dated the 29th day of September, A. D., 1906, on the following terms, to-wit: Cash.

Dated this 22d day of November, A. D. 1911.

CHRIS R. LEINS,
Administrator of the Estate of Henry Loewe, deceased.

NOTICE TO CONTRACTORS.

Public notice is hereby given that the board of local improvements of the city of Danville, Illinois, will receive sealed bids for the paving of Logan avenue from Fairchild street to Madison street. All bids must be made out on blanks furnished by the city engineer, and must be itemized according to the estimate attached to the orinance for said improvement, and must be accompanied by a certified check for 10 per cent. of the amount of the bid. Bond will be required in the sum of $10,000. Said bids shall be delivered to the secretary of said board and must be in his hands at 7 o'clock p. m., of the 5th day of December, 1911 at which time in the mayor's office in the city hall the bids will be opened by the board in open session. Plans and specifications may be had with the city engineer. The special tax assessment for the improvement is divided into ten installments. The first installment is a non-interest bearing voucher. Bonds will be issued for the remaining installments bearing 5 per cent. interest. The board reserves the right to reject any and all bids.

Danville, Illinois, November 21, 1911.

W. R. JEWELL, JR.—
Attorney for Administrator.
ADMINISTRATOR'S NOTICE.

The undersigned Administrator of the Estate of Mary Hosch, Deceased, hereby gives notice that he has filed upon the November Term, A. D. 1912, of the Probate Court of Vermilion County, in the State of Illinois, for the adjustment of all claims against the said decedent.

All persons having claims against the said estate are hereby notified and requested to attend the said term of said Court at the Court House in Danville, for the purpose of having such claims adjusted.

Dated this 8th day of September, A. D. 1911.

AUGUST HOSCH,
Administrator of said Estate.

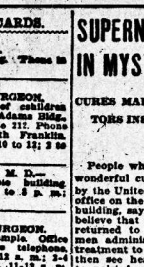
A statue of Mme de Sevinge was unveiled today at Vitre in Brittany not far from Les Rochers, where she loved to live and the scenery of which she exquisitely described in her letters. M. Paul Deschanel, the academician, delivered the inaugural address, and the company paid a visit to the Chateau de Les Rochers, in which the Netumitres family preserves many relics of its famous ancestress.—Paris correspondence London Times.

FREE BIBLE LECTURE

By Prof. Johnson, of New York.

A rare treat is in store for the citizens of Danville when, next Friday evening, Prof. P. S. L. Johnson, of New York City, under the auspices of the International Bible Students' association will deliver his celebrated lecture on "Does the Bible Hold Out Hope for Any of the Unsaved Dead?" at the Harrison hall, 14-16, East Harrison street, 7:30 p. m., Friday, Nov. 24.

How many of us have wondered what the future will be for those who have died in ignorance—infants, insane and heathen. We read that there is only one name whereby we can be saved.



Those who have heard Prof. Johnson tell us that he is a very eloquent speaker and uses the Bible only to substantiate his statements, and that he answers these puzzling questions to the full satisfaction of heart as well as head.

It is thought that Harrison Hall will be crowded on Friday night and those who come early will get the best seats which are free and no collection is taken. In fact, no collection has ever been taken in the history of this association. Lecture commences promptly at 7:30 o'clock. All thinking Christians and honest skeptics are invited.

"Curiosity" About the Ads Will PAY You!

Curiosity to know whether or not one or more of today's ads really appeals to you personally, directly, obviously—that sort of curiosity, satisfied every day by reasonable investigation, will make you prosperous—perhaps rich!
