Plan Dinner Mar. 10 to Honor Garden State Parkway Developers

Plans for a dinner Mar. 10 at Sea Girt inn in honor of the men who were instrumental in the development of the new Garden State parkway were made at a meeting Friday of a committee of the Monmouth and Ocean County Realtors and New Jersey Shore Builders association.

Invited guests and principal speakers will include Gov. Driscoll, Rutherford J. Abbott of Red Bank, state highway commissioner, and Paul Troast, head of the Turnpike commission.

The parkway celebration dinner committee is headed by Thomas A. Mathis, Ocean county treasurer, and E. Donald Fyner of Belmar, honorary chairman. Theodore Smith of Riviera Beach is general chairman. Representing the New Jersey Shore Builders association are William Markin, Elberon, president of N.J.S.B.A.; Joseph Fratanotto, Spring Lake, past president; Arthur C. Turner, Sea Girt, past president; Raymond Daniels, Point Pleasant, vice president; Harry Summa, Lakewood, treasurer, and Robert Skold, Sea Girt, and Allan Vautier, Toma River.

Board Representatives

The Monmouth County Board of Realtors is represented on the committee by Ernest L. Martin, Glendola, chairman; Rolston Waterbury, Red Bank, secretary; Theodore F. Appleby, Asbury Park, past president; Edward Van Ness, Spring Lake Heights, past state association president; James B. McAfee, Brielle, past president; Kenneth L. Walker, Shrewsbury, past president; L. D. Edwards, Sea Girt, and Raymond VanHorn, Fair Haven.

The Ocean County Board of Realtors is headed by the president, Robert Haag, Toma River. Serving with him are Ernest DeVoe, Point Pleasant; T. C. Hering, Seaside Heights; Stuart W. Gurney, Harvey Cedars; G. Clinton Griggs, Lakewood, and F. E. Simons, Adamston.

Board Adopts \$826,497 Budget

Red Bank's 1953-54 school budget, totaling \$826,497.54, was adopted by the board of education Thursday night after a public hearing at which no objections were raised.

The new budget is \$95,814.32 higher than the current budget of \$730,683.22. Of the total, \$508,761 will be derived from local taxes as compared of \$501,598 last year.

Paul Young, a letter from the Red Bank Teachers' association which analyzed the budget. According to the teachers' figures, the budget has a surplus of \$21,129 which they felt could be used to increase salaries. Mr. Young explained that the \$21,129 surplus anticipates that the board will operate next year with its present staff. The budget will be put before the voters in the Feb. 10 election.

Mrs. Peter Kocachok asked that the board provide \$200 in its budget to pay for the use of the high school building for classes for displaced persons. John Gibson, vice president of the board, explained the board didn't feel the cost could be borne by the budget. He added he felt employers of displaced persons in Red Bank might be willing to create a fund to pay for the education of their employees.

Red Bank Church Officers Installed

Newly-elected officers of the Red Bank Baptist church were installed Sunday. They are as follows:

Treasurer of benevolence, Victor Edelmann; deacons, one year, Mr. Edelmann and Truman Reeves; two years, Franklin Swenson; three years, Bruce Austerhul, Dewey Williams and William Winn; trustees, three-year terms, Charles Stephens, Elmer Cottrell and Alma Thompson; board of finance, one year, Mrs. William Winn and William Morgan; two years, Paul Grant; three years, Mr. Cottrell; chairman, Albert Leisher and George Chandler; board of Christian education, one year, Miss Ruth Scattergood and Francis Swartz; three years, Mrs. Alfred Perry and Mrs. Murray Little; church school, one year, Francis Swartz, superintendent; Miss Scattergood, treasurer, and Joseph Harrison, recording secretary and collector.

St. James PTA Membership Is 380

St. James grammar school Parent-Teacher association now has a paid-up membership of 380. Mrs. Thomas Strachan, membership chairman, reported at last week's meeting in the high school auditorium.

Mrs. Salvatore Petrillo, legislative chairman, gave the annual reading of by-laws and constitution. Father's night will be observed Feb. 6, with Richard Norris as chairman.

Pupils of Sister Mary Camillus' third grade won the attendance award for having the most parents present. Mrs. Charles Yakow won the meeting prize. The association will hold a card party in the school auditorium tomorrow night (Thursday).

Residents Flock To Public Hearing On School Budget

Board Defends Items, Architect Explains New School's Features

LITTLE SILVER—Nearly 200 persons attended Thursday night's public hearing of the board of education to hear board members explain the '53-54 school budget and the proposed \$225,000 new school building.

The budget and the new school provide two of five features of the Feb. 10 election. Another major issue will be the election of two board members. Mrs. A. Edwin Burdick and George W. Ryser seek re-election while Mrs. Walter Ingram and Karl Jacob seek election.

There will be two other questions on the ballot. One is an \$800 item to provide financial assistance to eighth grade pupils for their trip to Washington, D. C. The other is a \$1,500 item which proposes that the Tomalino property at the rear of the school on North Lovett ave. be purchased. If approved, the land would provide an exit to North Lovett ave. and relieve congestion now experienced on Markham pl.

'Shell' Proposed

Meeting in the auditorium to accommodate the large attendance, Lester W. Taylor, president, introduced W. James Taylor, architect, who explained the reasons for the proposed 12-room "shell" building. The board completes furnishing six rooms if the proposal is carried, adding other rooms as needed.

The architect said the proposal was decided upon because it is more economical. He added that through the medium of alternate bids, adequate construction could be obtained with available funds. Looking to the future, he said, it will be more economical to furnish classrooms as needed because such expenditures could be made in future budgets rather than by special referendums.

General notes of the meeting indicated the new school proposal would be favored. Various board members answered questions from the floor. Among the questions was Mr. Jacob, who asked why the board had not provided sufficient space prior to the present time.

Ryser Explains Finance

Mr. Ryser, who is chairman of the special committee studying the new school, answered that the board had anticipated using the basement in the wing built in '49 for three classrooms, a teachers' room and other facilities. He said when the school was built, the board had assurances from the county and state that the space would be satisfactory for classrooms.

In April, 1951, he said, the architect prepared plans for arranging those rooms but the county superintendent vetoed them because of a new ruling by the state department of education. An appeal of the superintendent's refusal did not change matters, even though the state deliberated on it for several weeks.

Mr. Ryser said the building project was delayed until this year, because the combined borrowing power of the board and the borough council was less than \$185,000. He said the borrowing power had improved because bond issues have been retired and the borough's assessments have increased. By waiting for 52 assessments, he continued, the three-year period needed for determining the average assessments reflected a higher amount. This in turn, he explained, will give the board a more favorable rate of interest for its bonds, since the experience of other boards in the county has been that interest rates are higher when bonds must exceed the legal borrowing capacity.

Budget Explained

In answer to another question, Mr. Ryser defended past boards by declaring the residents are not being asked to pay for "mistakes of previous boards of education."

Mrs. Burdick explained the "auxiliary agencies" represented in the budget, such as library service, William G. Sherwood, another member, said that the need for additional teachers next year has been filled in the budget. He added that, for the first time, a salary schedule providing automatic increases is now in effect which is satisfactory both to the board and the teachers. He also said that the slight \$800 repairs and replacement is possible this year because the school's repainting was accomplished in the present term as well as the purchase of chairs in the auditorium.

Praise of the school board was uttered by Alton Beckman, former chairman of the regional school committee and former president of the Red Bank board of education, and Gordon Padgug, both of whom supported the \$225,000 school proposal.

Two changes were made in the budget, necessitated by requests of those present. One increased the salary of Mrs. Charlotte Rish, secretary, from \$1,650 to \$1,800. Mrs. Rish has been a part-time employee. She will be employed full-time under the new rate. Second from the budget was \$80 for election expenses. Mr. Ryser said the item could be reduced from \$180 because the Feb. 10 election will take the place of what had been expected to be a special referendum for the new school proposal.

Mr. Goldberg is a member of the Chamber's retail trade committee, which is sponsoring the sales promotion.

License Inserts Available Feb. 1

As a public convenience, motorists can obtain their 1953 motor vehicle registration insert renewals and driver license renewals on and after Feb. 2, a full month ahead of previous years. Miss Edith I. Wenning, license agent at 19 Monmouth st., Red Bank, announced today. The inserts can be displayed on the vehicle immediately.

Heretofore, registrations and driver licenses were not issued until Mar. 1, but the increasing volume of business, which has reached approximately 1,750,000 vehicles and 2,000,000 driver licenses, prompted Motor Vehicle Director William J. Dearden to advance the issuance date a month.

The Feb. 2 regulation applies only to registration and driver license renewals and not to initial applications. No 1953 initial vehicle registration or driver license will be issued until Mar. 1.

The same orange and black registration plate issued for 1953 will remain on the vehicle during 1953 and succeeding years. Miss Wenning explained. These plates cannot be legally displayed on a New Jersey motor vehicle after Apr. 1, however, unless the cream-colored metal insert bearing the numerals "53" is attached to the lower part of the plate. The insert will be serially numbered and recorded on the registration certificate along with the plate number.

"I trust many motorists will take advantage of the opportunity to renew their vehicle registrations and driver licenses during February and thus help spread the work load," said Miss Wenning. The agency hours during February will be 9 a. m. to 4 p. m. daily and from 9 a. m. to noon Saturdays.

Small Changes Auto Death Plea

FREEHOLD—Scheduled to go to trial last week for the automobile death of a two-year-old Keanburg girl, Walter Small, 27, of 270 Carr ave., Keanburg, retracted a not guilty plea and pleaded non vult before County Judge John C. Giordano.

Small was driver of a truck which struck and killed Patricia Ann Donovan last May 10 near her home on Seelye ave. He was indicted for killing by driving a vehicle carelessly and heedlessly, and will be sentenced Feb. 27.

Previously he had been found guilty in Keanburg municipal court of drunken driving as a result of the accident. He filed an appeal of that verdict, but later withdrew it.

An indictment against Georgia Weeks, 37, of 44 Locust st., Bedford, was nolle prossed on the motion of Assistant Prosecutor John M. Pillbury. The Bedford woman was charged with forging a \$70 check of the Iron Hide Freighters, Matawan, while working there last July 2. Mr. Pillbury said the check was written at the direction of a company official and that the state is satisfied she had no intention of violating the law.

Hebrew Society To Mark Purim

A special program marking the observance of the opening of the Purim holiday, Mar. 1, and Jewish Music week, will be given by the Ladies' Hebrew society of Red Bank next Tuesday night at the Jewish Community Center on Riverside ave. Mrs. Martin Becker, program chairman, Mrs. Leater Grubman and Mrs. Arthur H. Herahon are in charge.

The center recreation room will be decorated with Purim symbols, and members of Browne troop 70, under the leadership of Mrs. Milton Main and Mrs. Louis Silver, a highlight will be the crowning of a society member attending as Queen Esther, in accordance with Purim traditions.

Mrs. Sidney Komar will direct the choral in a program of traditional music.

Total Eclipse of Moon Visible Here Tomorrow

A total eclipse of the moon— which occurs during a full moon when the earth and the moon are in a line with the sun, and the earth's shadow falls on the moon to deprive it of some of the light it receives from the sun—will begin tomorrow (Thursday) afternoon at 3:46 when the moon enters the penumbra, or outer shadow of the earth.

The moon will reach the umbra, or heavy shadow at 4:54 p. m. At 6:05 p. m. the moon will be completely eclipsed. It will remain so until 7:50 p. m. At 8:40 p. m. the moon will complete its journey to the outer edge of the umbra, and by 9:55 p. m. it will be out of the shadow area.

The magnitude of the eclipse is 1.53 of the moon's diameter.

Jr. Guild Plans Dessert-Bridge

FAIR HAVEN—The junior guild of the Chapel of the Holy Communion at a meeting last Thursday night at the home of Mrs. Edward Rogers, 26 Hillcrest dr., made plans for a dessert bridge to be held Monday, Feb. 9, at 8 p. m. at the Willowbrook.

Mrs. Harold Giblin and Mrs. Rogers, co-chairmen, will be assisted by a committee comprising Mrs. Hugh Distenhorst, decorations; Mrs. Edgar W. Dennis and Mrs. Hodge Boulware, awards; Mrs. Stanley Fleider, tickets, and Mrs. William G. Bomer, Jr., refreshments.

Those serving will be Mrs. William A. Wren, Mrs. J. William Morgan, Mrs. Warren Huguley, Mrs. Marjorie Longman, Mrs. Douglas Fredericks, Mrs. Joseph Lopez and Mrs. Irene Hinchcliff. A clock radio will be awarded as a special prize.

The group will establish a baby-sitting service for children of those attending Sunday services. Mrs. Boulware and Mrs. Rogers will be in charge. Children will be under the supervision of Miss Lynn Bomer.

Others present last week were Mrs. H. Lynnwood Minton, Mrs. Joseph Hunter and Mrs. Norman Aumack.

The junior guild will meet Thursday, Feb. 26, at the home of Mrs. Huguley on Battin rd.

Jeck Convicted In Contempt Case

FREEHOLD—Myron Jeck of Asbury Park was found guilty last Thursday of contempt of court by a jury before Superior Court Judge John R. McGeehan, who released him in \$1,000 bail pending sentencing Feb. 19.

The charge against Jeck resulted from his alleged attempt while a member of the Jan. 1, 1952, grand jury to have a complainant withdraw a charge. The prosecutor's office said that Jeck violated Felix Giordano, Asbury Park restaurateur, and allegedly asked him to withdraw an assault and battery complaint against Eugene Capibano, Jr., who was then 17, a son of the Asbury Park magistrate.

As a result of that action, also, Superior Court Judge Frank T. Lloyd, Jr., dismissed Jeck from the grand jury service and directed the prosecutor's office to file the criminal contempt complaint. The Superior Court Appellate division later upset Judge Lloyd's ruling that Jeck could not serve in the future.

His attorney, Harry Green, Little Silver, has indicated that when his client is due to be sentenced he will move to have the court set aside the verdict in the case, which is believed to be the first of its kind in New Jersey court history.

Assistant Prosecutor John M. Pillbury presented the state's case.

Firemen's Ball Well Under Way

Tickets for the 28th annual ball of the Red Bank Fire department are in the hands of the ball committee and are being disposed of rapidly. At this early date the affair promises to surpass any previous undertaking of the department of like nature.

The ball will be held at the Molly Pitcher Saturday night, Feb. 21, under the auspices of the executive council of the Red Bank Fire department of which Angelo Clagis is president, Robert Forbes, vice president; Kenneth Woodward, secretary, and Harry Hoffmann, treasurer. James Doug is chairman and Charles Knoll is co-chairman of the ball committee with Fire Commissioner Harold Hurley as honorary chairman.

Each of the six companies of the department have appointed a group to serve on the ball committee. They are Hook and Ladder, Ex-Chief Robert Forbes, Thomas L. Massey, Raymond Sergeant, Gerald Jordan and Joseph Calver; Relief engine, Ex-Chief Raymond grower, Charles Hendrickson, Fred Munder, Edmund F. Sikkels and Joseph Holiday; Independent, Chief Harry Aumack, John Hand, Calvin Carhart, Peter MacDonald and Eugene Patterson; Liberty, Ex-Chief Dominic Figaro, Sebastian Colino, Joseph Masza, 2d, Deputy Chief John Higgins and Alex Renzo; Union, Leonard Perry, Henry Higgins, Harry Hoffman and Jack Lovelands; Westside, Angelo Clagis, Louis De Lorenzo, Neil Gettis, Andrew De Pont, Deputy Chief and Kenneth Woodward.

Quite a number of tickets have been forwarded throughout the town to persons interested in the department in hopes that these tickets will be purchased to assist this annual affair. Tickets are being handled by Raymond E. Sergeant of the Hook and Ladder company at his home, 16 John st.

\$65.87 Tax Rate Shows 54c Drop

RUMSON—A budget calling for a tentative rate of \$65.87 per \$1,000 of assessed valuation—a decrease of 54 cents from last year's \$66.41 was introduced Thursday night by the mayor and council here.

The figure was reached by using the amounts paid last year for county and local school district taxes. The final rate probably will be higher, due to the report that county taxes will increase about 80 cents per \$1,000. The local school budget has but a minor increase over '52, thus should not seriously affect the rate.

Borough Clerk Albert A. Kerr, Jr., read the budget, public hearing on which will be Feb. 26. It appears in its entirety elsewhere in this issue of The Register. The next meeting of the council will be Wednesday, Feb. 11, instead of the following day, which is Abraham Lincoln's birthday.

In an explanatory statement the council said it did everything "in its power to reduce the cost of government." The total amount to be raised by taxation is \$151,805.32, an increase of \$13,979.79. The rate for local purposes only is \$24.20, an increase of \$1.02. It shows that local operating expenses have increased \$7,850, of which \$4,430 provides for salary increases for borough employees. The reduced rate was arrived at partially because of an increase of \$1,000 in anticipated revenue and increased rates of \$270,725. The budget's total is \$290,013.02, compared to \$289,170.38 in '52.

Councilman Peter Cartmell, finance committee chairman, reported that collections in 1952 were better than the previous year, the percentage being 95.72, compared to 94.56.

Council Holds Up Action on Move To Cut Inlet

Tells Auchincloss Information Is Needed Prior to a Decision

RUMSON—Because "we are in no position to make an answer," Mayor Francis J. Nary Thursday night directed Borough Clerk Albert A. Kerr to advise Rep. James C. Auchincloss that the council here could give no immediate opinion on a proposal to cut an inlet through the south beach area at Sea Bright.

Mr. Auchincloss asked the borough's advice in reference to efforts of Sea Bright officials and organizations to construct the inlet. The congressman wrote that when he was mayor here he opposed such an inlet because he feared the rush of tide water through the inlet would flood Rumson properties. He said, however, that he looked favorably upon an inlet at Spermacetti cove at Sandy Hook.

Councilman Charles B. Harding said Army engineers have never made a complete study of the proposed inlet. He said he desired more information on the commercial value of the project and the amount of freight it would bring to the Shrewsbury river. He added that an estimate of the cost obtained about ten years ago was \$1,000,000. He also said that the effect of tides had not been resolved, there being a wide difference of opinion on the question.

Councilman W. Dinmore Banks said he thought the inlet would create "higher high water" and "lower low water," but agreed that a more comprehensive study should be made.

In other business, council referred a request of Edwin Stewart for four separate assessments on the property he has sold to Mr. and Mrs. Frederick Thompson to the borough attorney and the assessor, Mr. Stewart's attorney, Thomas P. Doremus, wrote that Mr. Stewart subdivided his property and should be entitled to a breakdown of the present assessment.

No action was taken on a request by Joseph G. McCue for a hearing for rent decontrol in the borough. Councilman Peter Cartmell said the rent control law expires Apr. 30 and that setting a hearing date might almost extend to that time. Councilman R. Park Loomis added that "all things point to decontrol" in the present national administration. Mayor Nary directed the clerk to advise Mr. McCue that action on his request will be held up temporarily.

Council confirmed the mayor's reappointments on the juvenile conference committee. On it are Harry Weisford, chairman; Magistrate Arnold Tulip, Police Chief Henry Kruse, Frank A. Weinbaum, Rev. Joseph J. Sullivan, George A. Robertson and Mrs. Marie C. Clancy.

Councilman Garrison C. King reported that ten fire hydrants on Bellevue ave. had been checked and that the average pressure was 75 pounds, which he described as "very good."

Council approved Councilman Harding's request that Police Capt. William Zerr be detailed to attend a course on juvenile delinquency at Rutgers university. He will go to the five-day school with representatives of the Red Bank and Fair Haven departments.

An ordinance was introduced to amend the building zone ordinance as it affects the south end of the Rumson Park section, which comprises vacant land. The ordinance, which was submitted to the planning board for study, would change the land from an R-3 zone—% of an acre—to R-2—one acre.

George K. Allen, borough engineer, informed council the cost of construction curbs on Holly st., Bay st., Maple ave. and Cedar ave. would be \$7,938. The cost will be assessed against the properties concerned.

The borough attorney will be asked to advise if money collected through dog licenses can be used to make a donation to the county S.P.C.A. shelter at Eatontown. Ray Smith, local builder, made the request. He said the shelter "badly needs" \$5,000. He proposed that Rumson "start precedent" by turning over half the fees collected for the 600 licenses issued here. Mayor Nary said that before council vote for or against such a plan, it should be determined whether or not the expenditure would be legally permitted.

Bev. Anderson, Sale Chairman, Likes Response

Fifty-two stores are taking part in Red Bank days—a town-wide sales event—to be held this week-end—Thursday, Friday and Saturday by the Red Bank Community Chamber of Commerce. This is one of two such sales to be held each year with a concerted effort by all the local stores to give exceptional values and to offer close-outs in their various lines.

According to Bev Anderson of Anderson's Music shop, 21 Broad st., retail trade chairman, this is the first of Red Bank's annual winter sales events, and the committee is working toward eventually enlisting all 175 Chamber member stores into participation.

The next sale is scheduled for July and plans are already being made for this event.

"Even those stores which have already had January clearance sales will offer additional savings during Red Bank Days," Mr. Anderson said. Serving on the retail trade committee with Mr. Anderson are Robert de la Rouselle of Rouselle's Jewelers; Michael Schneiderman of Footcater Shoes; Ralph Allan, manager of Steinbach's; Abe Rosenberg of the Bob and Betty shop; Leo Goldberg of Yanko's; Leo Diamond of Straus company; Roscoe Angie of Albert S. Miller Shoe company, and Eugene Magee of Clayton & Magee.

Asked to Use Marine Park

During this special event all store employees are requested by the Chamber of Commerce to park their cars in Marine park on the river to provide parking space close at hand for shoppers.

As an added attraction and special feature, Atlantic Appliance has engaged Miss Ronnie Rudolph, Philco home economist, to demonstrate the preparing, packaging and storing of foods at the Atlantic store, 25 Monmouth st., Friday, Jan. 23, from 2 to 9 p. m.

A general invitation is extended to the public to attend the freer demonstrations, and refreshments will be served. With the purchase of a model GH122 Philco freezer, Atlantic is offering free of charge, \$125 worth of frozen food. According to the Atlantic management, there are absolutely no restrictions in choice of food. "The customer has the privilege of selecting what frozen food items he or she desires in whatever quantities desired. The food is delivered to the customers' home free of charge, states the management.

Set Fluoridation Supply Date Soon

LONG BRANCH—Jacob O. Herr, general manager of the Monmouth Consolidated Water company, has announced that the fluoridation of its water supply will start soon.

No definite starting date will be announced, Mr. Herr said, because immediately after the date is known "people would start imagining their chronic ailments have suddenly become worse."

The fluoridation was requested by the 20 communities supplied by the utility after the county medical and dental societies recommended the step be taken as a deterrent to tooth decay.

The major part of the program to start putting fluoride into the water has been accomplished, but two steps still remain before it can be actually accomplished on the unannounced date. First, is to get full permission from the state department of health. The other is to install a fluoridator at the company's main pumping station on Newman Springs rd., Middletown township.

He said these things should be completed and the fluoridation started within a few months.

Cubs Exhibit Travel Models

LITTLE SILVER—The cubs of pack 15 in January studied transportation methods and made collections, drawings and models of almost every known conveyance ever used for travel, from oxcart to Diesel engines and from dog sleds to rocket ships. The results of their work were exhibited at their pack meeting Friday at the school.

Many beasts of burden, formed of paper moulded with glue and painted for reality, were made by cubs of den one. Their art work included models and pictures of horses, elephants, huskies, oxen, donkeys and camels.

Cubs of den two displayed their work with vehicles without wheels, horse-drawn sleds, skis, historic Old Ironsides, birch canoes, drag sleds and similar conveyances. The development of American railroads was the topic for den three and their handwork included wooden models of railroad cars of the 1831-1837 period.

For the water enthusiast, cubs of den four made a variety of miniature sailing craft, including a pirate ship, a bottled square-rigger and a sailboat. Travel folders completed the display.

Boats of other lands were depicted by drawing, printed pages and hand-made models of kayaks, gondolas, gulfas, Chinese junks, sampans, butterfly boats and out-riggers, all the work of cubs of den five.

Another display was that made and assembled by the cubs of den six, which included early makes of automobiles, railroad bridges, aircraft, an aircraft carrier and gliders.

Den seven cubs assembled a pictorial story telling about the development of aviation, a story which included virtually every type of aircraft ever built, beginning with the bird-like creation of Leonardo De Vinci in 1490 and continuing through the years with the development of balloons and dirigibles, the

Wright airplane, World War I aircraft, including Camels and DeHavillands, to the more recent line of blimps, flying fortresses and commercial carriers, and the present-day types of stratosphere liners, warhawks, thunderjets and V-2 rockets, a large model of the latter ship being made by one of the cubs.

Highways and their vehicles, including a large model of a New Jersey traffic circle, was displayed by cubs of den eight. Miniatures of many gasoline cars and trucks, made by the cubs, were added to the highway scene to complete the picture.

Cubmaster Karl Jacobl announced that the annual Blue and Gold banquet in honor of the den mothers who work week-by-week with the cubs in order to "make the pack go" would be held Feb. 28.

Cubs receiving achievement awards were: Wolf award, Robert Pettit, George Ryser, Robert Longman, William Armstrong, Kevin O'Brien, William Asman, George Sebold, Wolf gold arrow, Wolfman Brockman, William Asman, Carleton Bessey, Robert Fritchie, Harvey Erving; wolf silver arrow, Wolfman Brockman, Carleton Bessey; bear award, Stephen Smith, William Holsten, Robert McAvoy, Charles Hance, Walter Ingram, George Nugent; bear gold arrow, Robert McAvoy, Charles Hance; bear silver arrow, Robert Paul, Walter Ingram; lion award, Robert Browne, Leonard DiNaples, Robert Hance; lion gold arrow, Dennis Longcoy, Robert Browne, Joby O'Brien, Robert Hance; lion silver arrow, Dennis Longcoy, K. Edward Jacobl, Robert Hance, and service star, Robert Zoldak, William Yodice, Frank Lepore and David Winfield.

Chairman Mel Berdahl presented graduation certificates to Larry Brodgen, Joseph O'Brien and Robert Hance during the cub Webelos ceremony.

The cubs of the pack joined Saturday with other cubs of Monmouth county to inspect railroad yards at Elizabethport. Despite the rain, the boys managed to ride on a Diesel-driven passenger car to the port yards and back again, and see a railroad shop in practice and engine construction as they toured the shops.

Sunday the cubs visited a model railroading display at the Long Branch station to end a week-end of scouting devoted almost entirely to the theme of the month, "Transportation."

Young GOP to Meet Next Wednesday

Army of Potomac Chapter Meets

ATLANTIC HIGHLANDS—Mrs. Paul V. Forest, Highland ave., regent, presided at a business meeting of the Army of the Potomac chapter, Daughters of the Union 1861-1865, Monday afternoon at the home of Mrs. Watson Wetherbie, Portland ave.

Members of this Civil War patriotic society voted to make a contribution to the Atlantic Highlands Health Nursing association toward needed supplies for the sick, and also to send potted plants to several sick members. The chapter will be represented at the annual Lincoln Day luncheon of the National Society, Daughters of the Union, to be held Feb. 12 at Hotel Statler, New York city. This organization was started in honor of Abraham Lincoln.

Mrs. Forest gave a report on the national society's December "get-together," which she attended at Hotel New Yorker. This was also the Christmas party to which all the New Jersey and New York chapters send delegates.

All chapter officers have been asked to have their annual written reports ready for the February meeting, at which the annual budget will be presented by the treasurer, Mrs. Elizabeth S. Neill.

Chapter members present were Mrs. Ella B. Clark, Mrs. Anna E. Brown, Mrs. Oliver R. Hatfield, Miss Anna M. Betz, Miss Ethel Sculthorp, Mrs. Forest, Mrs. Neill and Mrs. Wetherbie.

Kiwanis Club Hears Dr. Norman T. Sauer

LINCROFT—In observance of the 18th anniversary of Kiwanis International and Kiwanis Week, Dr. Norman T. Sauer, state district chairman of Kiwanis education and past president of the Asbury Park club, gave a talk at Thursday's meeting of the Lincroft-Holmdel group on the organization's motto for this year, "Freedom, Our Sacred Trust."

Founded Jan. 21, 1915, Kiwanis now has a membership of over 212,000 represented in more than 3,500 clubs throughout the United States, Canada, Alaska and Hawaii. The speaker was introduced by Laurence Buck, club president. Anthony Fiasconaro was song leader and LeRoy Stutz of the Keyport club was a guest at the meeting which was held at the Community chapel.

President Buck and Past President Joseph Mendres attended the installation of the New Jersey district officers last week at the Stacy-Trent hotel, Trenton, at which Mr. Gill was inducted as district governor.

The U. S. Marine Corps has participated in nearly 300 separate landings on foreign shores.

Firemen's Dance To Aid Building Fund

TINTON FALLS — Members of the fire company will hold a Valentine dance Saturday, Feb. 14, in the fire house, proceeds from which will be used to start a building fund.

On the committee are David Scott, president, Robert Seidler, chairman, John Overton, Sr., Robert Scott, Anthony Monzo, Sr., Mrs. John Tector, Mrs. Douglas Home-wood and Mrs. Margaret Bradley. Music will be supplied by Ben Harvey's orchestra, with Bob Cook, Sr., calling numbers for square dancing. Refreshments will be served.

Juvenile Boards Urged in 10 Towns

FREEHOLD — The 10 Monmouth county municipalities which have not yet created juvenile conference committees have been sent letters asking them to do so, it was disclosed by Referee John L. Montgomery, chief county probation officer.

The conferences operate under what has become known as the "Monmouth Plan" because it was originated in this county. A new Supreme court rule requires such a committee in every community.

Forty-two of the 52 Monmouth municipalities already have set up such organizations, which hear almost all juvenile cases. Most of them are decided by the committees and only the more serious of-

Insurance Agents Have Venison Dinner

LINCROFT—Robert McKee of Red Bank, presided Thursday night at a venison dinner-meeting of the Monmouth County Insurance Agents association at Lincroft Inn.

Alfred H. Grimmering of Red Bank, superintendent of the claims department of the Great America Indemnity company, described "the points that a claims man sees that breeds the ill will of the public" and suggested methods of rectifying conditions. Roy MacBean, president of the state association, and Charles Unger, executive secretary, were guests. Mr. MacBean announced that the state association's semi annual meeting will be at the Berkeley Carteret hotel Mar. 22-27.

Zagers to Read Service Friday

Rabbi Arthur H. Herashon will speak at the Sabbath services at Congregation Bnai Israel Friday at 8 p. m. on "The Second Generation of Reform Judaism—Was It Coherent?"

Mr. and Mrs. Abraham J. Zager will read the service. Mr. Zager, local attorney, is president of the Congregation. An "Oneg Shabbat" will follow services.

Junior Sabbath services will be held Saturday morning at 9 o'clock, with parents invited. At 10 a. m., there will be the regular adult services, with a discourse on the portion of the week by Rabbi Herashon.

Corinne Meyer Estate to Sons

FRESHFOLD—The will of Corinne B. Meyer, who died Jan. 3, was filed for probate last week in the office of Surrogate Dorman McFadden.

The Daughters of Israel Home for the Aged at Newark will receive \$1,000. Pictures, silverware, household goods, furniture and furnishings, wearing apparel and personal effects go to a son, Jerrold H. Meyer, who also will receive \$50,000 and one-half the residuary estate. The Hebrew Benevolent Orphan Asylum society of Newark will receive \$1,000. Another son, Victorien Meyer, will receive the other half of the residuary estate.

Lara P. Anderson of Sea Bright, who died Jan. 3, will leave her estate to her sister, Annie Ostling, with Bertha C. Umstead of Pittsburgh, Pa., named as contingent beneficiary.

Effie G. Lum of Middletown township, who died Jan. 11, will leave her estate to her children, Floyd and Anna Lum.

Edith Walling Cooper of New Shrewsbury, who died Dec. 11, set up a \$3,000 trust fund, income from which will go to Calvin C. Cooper of Tinton Falls. The rest goes to a niece, Alma Walling Dickerson of White Plains, N. Y.

Jennie May West of Long Branch, who died Dec. 17, will leave her estate to her daughter, Elizabeth West Adams.

Marie Anjoubaud of Ocean township, who died Dec. 18, will leave her estate to her son, Gabriel Emile Anjoubaud.

Mary Elizabeth Couss of Asbury Park, who died Dec. 14, will leave \$500 to her son, Elsie Patterson. The rest will be used to create a trust, income from which will go to the widower, William J. Couss.

Alice E. Worthington of Neptune township, who died Jan. 4, will leave \$20,000 jewelry, personal effects and apparel to a friend, Mrs. Emma Baird. Bequests of \$2,000 each go to the following friends: Mrs. Elizabeth Brelford, Miss Jane Brelford, Mrs. Mamie Havens, Mrs. Jennie Saxe, Mrs. Florence Watson, Mrs. Gertrude Breslin and Caroline A. Hannaford. Mrs. Elsie Gray of Ocean Grove will receive \$1,000. Miss Adelaide Traversa will receive \$3,000. Bequests of \$1,000 each go to the Salvation Army at Asbury Park, the Ocean Grove chapter of the Order of the Eastern Star, the St. Paul Methodist church of Ocean Grove and the Ocean Grove auditorium. Property at 70 Embury ave., Ocean Grove, goes to Emma Baird. The rest will be shared by the Methodist Home for the Aged, the Asbury Park Salvation Army, the Order of the Eastern Star of New York and the Masonic Hall and Asylum fund of New York.

Benjamin H. Thompson of Neptune township, who died Dec. 29, will leave \$2,000 to his sister, Bertha E. Gamar. Harold C. Thompson

Angola Minister To Give Lecture

LITTLE SILVER—A pioneer builder of the Christian church among the Kimbundu-speaking natives of Angola, Portugal's large colony in West Africa, Rev. August Klebsattel, superintendent of the Quessua, Luanda and Dembos districts under the Methodist church, will be the guest-speaker at the Embury Methodist church Sunday-school this week at 9:45 a. m.

Rev. Mr. Klebsattel will speak on conditions among the peoples of Angola, where he has served for 40 years. In addition to his Methodist connection, Mr. Klebsattel is secretary of the Evangelical Alliance of Angola—an interdenominational missionary agency in Luanda.

In normal times, Luanda is a city of 10,000 whites and 30,000 native peoples. These numbers were greatly swelled during the war years, Angola taking a large part in the production of foodstuffs and supplies for the Allied nations. Most of that population

Save the Twin Lights

We are happy that Rep. James C. Auchincloss, State Sen. Richard R. Stout and Assemblyman Alfred N. Beadleston have heeded the call of so many civic-minded citizens in regards to the preservation of the Twin Lights at Highlands for historical purposes. The lights themselves and the area in which they are located are rich in this nation's history. Too often in recent years have we Americans tended to forget the many great things and events which have helped make the United States the most wonderful country under heaven.

We in Monmouth county have much of which to be proud. It is heartening, then, to note that our elected representatives are aware of the need to safeguard every symbol of patriotism. We wish them well in their efforts to "save" the Twin Lights and would suggest that you tell them so the next time you meet them or write to them.

The Council, At Work

Mayor George H. Krauss and Councilman Ralph W. Lawrence of Sea Bright deserve the thanks of their townsmen for their concentrated and successful effort to get the state to put up \$40,000 for repairs to the mid-town jetty. The improvement should do much to build up the beach there which is of major recreational importance to the North Jersey coast and, in general, the metropolitan area.

Sea Bright leaders do a lot to save their town money. Former Mayor Thomas Farrell, now a councilman, went out and got the lion-sized contributions for the North Beach sea wall from state and county. For the last two years the Sea Bright officials worked for and got a sea wall for the South Beach, and last year, council went after and got state money for the improvement of that wall. Another Sea Bright go-getter has been the Lions club, headed by former Councilman Lawrence McCormick, now pressing for a Sea Bright inlet to help save time for commercial fishermen.

Mr. Lawrence also is now out to get a state Civil Defense contribution of about 50 per cent of cost to give the borough a new fire pumper, sorely needed. And various officials are pressing the state to take over Ocean ave. as a state highway. Higher government bodies recognize that they have to do business with Sea Bright. Taxpayers find that a very good thing.

Controller Views Controls

More than meets the eye is involved in the government's program to control wages. This is made clear in the 1952 report of Arthur J. White of Red Bank, chairman of the Wage Stabilization board (W. S. B.) in Region two (New York state and northern and central New Jersey). He said his office last year handled 10,911 cases, plus many more issues covering such "fringe benefits" as pay for vacations, holidays, premium work and shift differentials. Additionally, 140,000 inquiries came in which, Mr. White said, indicated "the desire of labor and management to conform to W. S. B. regulations."

On an over-all basis, Mr. White, who is the husband of Mayor Katharine Elkus White, said his office approved 70 per cent of these cases. On the wage issue alone, the ratio was 86 per cent approved, 14 per cent denied or modified. "Fringe benefit" approvals ran 78 per cent to 22 per cent rejections or revisions.

Opponents to Washington controls might say these ratios illustrate their ineffectiveness. Mr. White explained, however, that this result came about largely because "inquiries are made from us in advance as to just what increases are approvable." He said he believes the W. S. B. has been "carrying out the basic objective" of the program, designed to "prevent an inflationary spiral resulting from uncontrolled wage increases, and at the same time to correct or prevent hardships and inequities."

Mr. White said that, in practice, the W. S. B. created neither a "wage freeze," as many charge it did, nor a "rubber stamp" for all proposals but, instead, "contributed materially to a reduction of industrial problems which automatically rise in the dynamic economy we have today."

This evaluation of W. S. B.'s usefulness in a studied one, particularly if "dynamic economy" is construed to mean the "crisis" or "emergency" economy into which this

nation plunged as a result of Korea and other tensions. But, can a controlled economy be a good thing for a progressive America? Surely, are not controls more a treatment than a cure for free men; don't they put a drag chain on free enterprise? Time seems at hand to put controls aside. They have taught a lesson, and served their purpose. Unless Congress rules otherwise, the end comes Apr. 30.

Mr. White has rendered a very valuable service to the government, to business and to labor, by his careful handling of a difficult and often thankless job. We congratulate him for having done it so well.

What Price Patriotism?

If Charles E. Wilson serves four years as President Eisenhower's Defense secretary, published figures show he'll lose about \$3,000,000—some \$600,000 in taxes against the sale of his General Motors stock, plus around \$600,000 a year in assorted earnings. As Defense boss, he'll get \$22,500 a year. Brother! What a cut in take-home pay!

Before deciding to sell out his G.M. stock and take the tax beating, Mr. Wilson was sizzled on the griddle by Senate investigators. Surely, this was an embarrassing sell-off for the brand new Administration. True, advised attorneys might have headed off the whole thing before it became a public issue. But then, if injustice is involved, now seems the time for correction.

Mr. Wilson stands high among America's top business men. He has the "know how" of key industry, skills of evident use in government. Patriotic enthusiasm saw him ready to snap all business ties, heard him say openly that his was "a much bigger stake in our country" and that "I will be like Caesar's wife, above suspicion." Indeed, in no other way could he help the Eisenhower "crusade." The President had ruled that all around him must be "as clean as a bound's tooth."

We cannot believe General Motors President Wilson ever wanted to evade the so-called "conflict of interests" law. This dictates that fines or imprisonment await any government official who does business with concerns in which he is "directly or indirectly" interested for profit. Stockholder Wilson had an obvious direct interest in G. M. which holds \$5 billions worth of government defense contracts.

It was quite apparent: If Mr. Wilson was to be a "Caesar's wife," he'd have to get out of G.M. lock, stock and barrel. That, from the start, he said he was willing to do. What he tried for awhile to avoid was to also take a tax beating on holdings previously earned. In fairness, who can blame him?

Others with big dollar problems have been in and out of big government—the late War Secretary Robert P. Patterson, ex-Postmaster General James Farley, Democratic Presidential Candidate W. Averell Harriman and many more. A number of such men are just now entering office. In the past, some put their holdings into U. S. bonds; some lost heavily in other arrangements; to rise above suspicion. Few met punitive taxation like Mr. Wilson's.

Considering the Wilson case, some scoffed that any sacrifice he makes is like nothing compared to blood-letting by a soldier. So true. But that isn't the issue.

It is this: In spirit, the "conflict of interests" law is good, for it bars corruption, wards off profiteering. In intent, we can't believe it is aimed at subjecting past-earned fortunes to a tax purge. In cases like this, we see no reason why there could not be a one-time tax forgiveness to allow the transfer of "forbidden" stock to "harmless" securities of equal value. Certainly financial torture is a poor way to attract the successful "brainy" men we need to guide our intricate government.

A Record of Grief

Fire, the unmerciful devastator of the nation's wealth and resources, set another new record in 1952. The loss ran to \$784,953,000 worth of property, a figure 7.3 per cent above that for 1951, 14 per cent higher than 1950's. The record is one of grief.

These figures, given by the National Board of Fire Underwriters, illustrate a failing by Americans, whose efforts have been able to turn out goods and services worth more than at any time in history, to cope with fire, the great destroyer. For while, since 1935, the annual value of our gross national product has jumped from \$72 billion to some \$343 billion, fire losses went up 3.3 times in the same period. The production is a tribute to man's initiative; the destruction certainly is not.

Fire frequently burns up things that cannot be replaced however hard men work. And most fires are wholly unnecessary, the result of sheer carelessness. Great sections of our national forests have been swept away; huge buildings and small homes, industrial plants and farmers' barns, have been gutted, because of something somebody forgot. Again we have a new year, a fresh start, in which we can do just a little more about preventing this waste. That's your job, every day. Remember it.

IN HITLER'S STEPS?

What goes on in Josef Stalin's land behind the Iron Curtain? Are the men in the Kremlin getting ready to whip their people into a new-world war as a "shot in the arm" to their weakening power?

The latest outburst of Communist anti-Semitism in Russia, following the anti-Semitic purge trials in Czechoslovakia, recalls how the late Adolf Hitler used anti-Semitism as a means of fermenting the hate instinct of his people in preparation for his fatal wars of conquest against Europe and the world.

It is too much to believe that, in the Soviet land of centralized super-planning, anything like the present anti-Semitic campaign can be an isolated event unconnected with the main stream of Soviet policy. Stalin and his boys do their own cooking, when it comes to concocting new popular movements and trends of public opinion.

The present purge outburst goes awfully far, even for the purgahappy Kremloites.

The Russian regime, after more than 35 years in power, is in effect announcing to the world and to its own people that it is shakier than ever, that it cannot trust its leading doctors, that its policy of absorbing racial and religious minorities is a failure, and that no Communist official dares trust any other person not even his doctor. What a nightmare!

Judging by past experience, we may expect the accused doctors to stand up in court and "confess" that they and many other leading Russian doctors are dedicated to the task of murdering Soviet officials in behalf of an American government conspiracy functioning through Zionism.

There should not be much doubt about the ability of the Kremlin bosses to obtain such "confessions" when it is recalled that Stalin got his victims to "confess" a plot with Hitler shortly before he carried out his infamous treaty with Hitler!

When it comes to the big lie, the Stalinists know no limitations or difficulties. They can do anything in that field.

What will be the effects of this new wave of purging? Internally, it will give the Kremlin bosses a far greater terroristic power.

It means that every Russian who has ever had anything to do with Jew or Gentile, or a law or a doctor or a friend of a doctor will be at the mercy of any Communist who wishes to suspect him. It means, in other words, that the dictatorship will be fastened on the people more tightly than at any time since the revolution of 1917.

In world affairs, what can it mean? It may well mean that things have been going badly in Russia, production, that categories are needed and that the way must be paved for drastic worsening of the standard of living of the people, so that more war production can be obtained.

It may also mean that Stalin, facing old age, and fearing rival ambitions, may feel pressured by history toward a final gamble as between inevitable collapse and failure under him and conquest abroad.

The Nazi purges and anti-Semitic outrages, it will be recalled, were the preliminaries to bold military adventures by Hitler—preliminaries to a few years later the later stages of Nazi aggression.

The Kremlin may move a trifle more cautiously, but the death of Stalin and his successor could lead to a stepped-up outburst of aggression, if not a total collapse.

What we are witnessing now indicates that the situation inside Russia is potentially explosive and that anything can happen. The American people, under the circumstances, should feel reassured by the fact that they are about to inaugurate a new, vigorous administration, one in which a man who knows how to keep his head and how to act with calm judgment.

Newark Star-Ledger.

SPIES

The response of Americans to the new spy case should be measured not by hysteria but by two naturalistic citizens have been indicted for selling defense secrets to Russia is naturally shocked. It is a reminder that constant and active vigilance is required.

But it is also notice that American counterespionage is effective. For the charges disclose tracks leading already to one Soviet official in Washington, and quite possibly further segments of the web have been under observation. Considering the fanaticism of Communist the amount of effort put forth and the number of Americans at this time, it is remarkable that so much headway has been made against espionage and sabotage.

But it is necessary to realize that spying and counterespionage are definitely states of the kind of world the United States now lives in. The people of many countries have long been used to it. They take the presence of a certain number of spies for granted—much as they do the knowledge that their air is never completely free from impurities. Americans may not soon get used to living in this atmosphere, and certainly all reasonable measures must be taken to purify it. But the emphasis should be on intelligent combating of causes rather than on mere alarm over symptoms.

Red spies in the main respond to two kinds of inducement—money and ideology. Every example of detection and punishment should provide some deterrent effect, particularly where money is the motive. Against ideology the battle rests more on exposure, education and the correction of injustices, too, requires the use of common wisdom.

GOVERNOR DRISCOLL'S DECISION

Governor Driscoll's decision not to seek another term must be viewed as an act of statesmanship in search of faith to reinforce the moral decisions that this age demands.

LETTERS FROM OUR READERS

SEES SAME PATTERN

Box 127, Rumson, N. J.

Jan. 24, 1953.

To the Editor:

Your correspondents—the Richards Straburgers—would be embarrassed, I feel sure, if they realized how closely their many letters follow the Communist line, as indicated from this provision and he could run for office again this year. Yet the Governor has determined to forgo the opportunity in order to abide by the spirit of the new constitutional law.

His decision enhances the importance and quality of his statesmanlike message to the new State Legislature Tuesday. This was both a review of the notable advances made during his administration and a constructive program of reform and action for the future. In addressing himself to the state's crisis situation, the Governor frankly acknowledged that public complacency and underestimation, at all levels of government, of the power of criminal syndicates had enabled them to gain a foothold in New Jersey and with equal frankness, he said that the vigorous steps finally taken to combat the syndicates still do not satisfy him.

His proposal to make the New Jersey Law Enforcement Council a permanent watchdog agency, to tighten up the responsibilities of county prosecutors and give them better compensation, to require the forfeiture of office by public servants who refuse to testify in criminal investigations, to change judicial procedures in order to streamline present overlapping functions, all are reforms which could greatly aid in the state's battle against crime.

There was much more to the Governor's message. All of it seemed to be sound, even though some of it will be controversial in this gubernatorial year. But Governor Driscoll has proved his vigor and talent for leadership, and it is not doubted that he will succeed in pushing much of this desirable program through the present Legislature. That would crown a fine gubernatorial record.

WINTER QUARTERS

We do not believe that the officials of building-trades unions in New York and Essex county can take any satisfaction in the results of their ban against the erection of prefabricated huts by soldiers manning anti-aircraft defense batteries.

Their threat to strike on the first priority mass huts and other installations led the Army to back down in its attempt to provide the most comfortable quarters for our anti-aircraft guardians.

Acting on orders from Washington, Army officers here conferred with the building trades officials, as they had elsewhere, before directing the enlisted men to set up the comfortable plywood and metal shelters. Although the unions in Washington, Baltimore, Norfolk, Pittsburgh, Camden and Niagara readily agreed that the prefabricated huts, as regular Army issue, should be set up by the enlisted men, the local union officials in this region objected, even though aware that the work involves no skilled operations whatever.

As a result the Army in this area is being compelled to store several hundred prefabricated huts for the winter and, to house the men in Arctic-type canvas Jansaway huts. These canvas shelters had to be brought in from distant points at a transportation cost that runs into five figures, a wasteful expenditure of the taxpayers' money; building-trade workers as taxpayers helped defray this expense.

Perhaps the time has come for the local building-trades unions to reflect a bit on what constitutes good public relations policy.—N. Y. Times.

RELIGIOUS UPRISING

In the short space of two months, more than 1,000 copies of the new revised version of the King James Bible were sold. It's a publishing record untouched in book-selling history. What does it signify?

On the surface, it would seem to mean that the new version—the product of almost 20 years' work by a committee of biblical scholars—is immensely attractive to a great many people.

But it's just possible that there is more to it than this, more also than the fact that the Bible always has been the top "best-seller." It's just possible that this remarkable appetite for the new Bible is another evidence of the change in religious interest that is characterized the postwar years.

People in America, like men and women across the globe, are living suspended in an atmosphere of crisis. They recognize that the dilemmas of our time are moral more than they are political or economic. And they are looking to religion in search of faith to reinforce the moral decisions that this age demands.

EVENTS OF YEARS AGO FROM REGISTER FILES

Fifty Years Ago.

At the meeting of the town of officials, J. B. Rue declined the job as police captain, stating that he would not accept the position if several of the other men had to be discharged to make room for him, and he returned his bond to commissioner Mort V. Pach.

Walter B. Voorhis, a member of the crew of the United States tug Layden which was wrecked off Newport, R. I., after a stormy voyage from San Juan, Porto Rico, wrote a letter home telling of his thrilling experiences.

A dinner party was given at Shrewsbury by Benjamin W. Vanderwee. The aged six of these present aggregated 443 years. Mrs. Vanderwee was 78 years, Mrs. Ann Southerland of Oceanport, 60 years; and other elderly guests present were Mrs. Mary Williams of Oceanport, Edwin Williams of Little Silver, Henry Corlies of Eatontown and Mrs. Mary Hutchinson of Trenton.

Robert B. Mitchell brought suit against the town of Red Bank for \$5,000, claiming this amount was due him on account of the work on the town's sewer system.

Misses Madeline Conover, Marie Rackless, Jessie Strassburg, and della Jordan arranged for the Schubert Glee club of Asbury Park to give a concert in the Red Bank town hall for the benefit of Trinity church.

An underwear concern commenced operation in the building at Monmouth and Maple ave. Mrs. Ely Kirby and Elmer E. Turnbush were the proprietors. They began operation on 24 machines and had a large contract to fill for John Wamaler and E. Altman of New York city.

Mr. and Mrs. John Glensmann of Oceanic, received a surprise visit from a group of friends in celebration of their sixth year of marriage. The party was arranged by Alice Fenton and Leona Ligier. Others present were Mr. and Mrs. Ira Emery, Mr. and Mrs. John Corlies, Myrtle and Mattie Fenton, Lulu, Emily and Daisy Ligier; Eva VanNest, George Allen, Elmer Pearson, Ralph Longstreet, Albert Bosch, George Turkington and William Brill.

Miss Charlotte E. Smith and Aehel W. Borden, both of Shrewsbury, were married at Spring Lake by Rev. Thaddeus Wilson, a former pastor of the Shrewsbury Presbyterian church.

The Pilgrim Baptist church of Red Bank was incorporated. The incorporators were: Harry L. Basic, Junious Clanton, Rufus Foster, Moses Johnson and Charles Jefferson, all of whom were trustees of the church.

A feature of the series of skating races was an open race for half-mile for Red Bank boys. A dozen or so started, but the race lay between four of them. They were John White, Ollie Brown, Horst Wiggins and Prior Lee. Wiggins and Lee were bootblack in Clarence White's shoe store and were the champion cake-walkers of the town. The event was won by White with Brown second. White thought he had to go under the tape instead of hitting it, and when he dove under, he slipped and slid on his face for several yards.

Harry L. Kingsley, son of Edwin A. Kingsley of Broad st., was crowned the river here while skating. The boy went to his death in the presence of a large number of folks standing on the ice, and it was of general opinion that the boy could have been saved if someone witnessing the tragedy had acted more quickly. A vein attempt was made by William, Ferdinand and Reuben White to rescue young Kingsley. The White brothers, who were at the Monmouth Boat club, were not aware of young Kingsley's plight until they heard the screams of the onlookers. Monmouth Boat club was several hundred yards away.

John Kemp, who for several years had been associated with Dr. Walter VanFleet of Little Silver in hybridizing flowers and fruits, moved to Pittsburgh to take charge of a large nursery near that city.

The family of William L. Chadwick, Fair Haven, was nearly asphyxiated by coal gas. It was only due to the promptness of Dr. Armstrong that members of the family escaped.

John H. Lane closed his pool room at Little Silver on account of lack of patronage.

The contract to remove the debris of the burned Portland hotel at Atlantic Highlands was awarded to John R. Schneider. It was estimated that there were 250,000 bricks to be cleaned and moved away.

Two bowling matches were scheduled to take place at the Sheridan hotel and they were attracting much interest among the bowling fraternity of the county. One match was between Thomas H. Emery of Atlantic Highlands and Charles Emmons of Red Bank. The other was between Murray Foster of Atlantic Highlands and Fred Frick of Red Bank.

Fructus Laboris, a magazine, published in Latin by the pupils of the Red Bank high school, made its appearance. Anna Black was editor; Margarette Hendrickson and Sidney Hodan, assistant editors, and those setting in other departments were Janet Mackay, Polly Bruyere, Leonard Yanke, David Rusk, Irving Hance, Graco Brooks, Abby Alkin, Teresa Papp, Francis Blaisdell, Mary Knott, Francis Hammett, Stephen Knott and Carolyn and Anna Erb.

Nine pupils completed their study at the Red Bank high school. There was no commencement exercises held at the mid-year so they were not to receive their diplomas until June. They were Ellen Mattson, Dorothy Tunington, Chloette Noller, Edna Van Keuren, Stephen Canonico, Victor Marachio, John Pettito, George Burgum and Delphine Archetto.

The Navesink Hook and Ladder company of the Red Bank fire department observed its annual drill at night at the Riverside Grill. The

address of welcome was given by C. Harry Smock, president of the company. Joseph E. Fig. Jr. was toastmaster. George Lilley was chairman and he was assisted by Reginald Van Brunt, George Woolley, Austin Boyce, Harry C. Degenring and Mr. Smock.

James Wilde was appointed councilman at Little Silver, to succeed John H. Bates, who had served two years on the council.

Ground was broken at Dana's nursery at Little Silver for a greenhouse which was to be the largest in this section of the state. It would have a capacity for 17,000 rose plants.

The first radio to be installed in a Monmouth county store was set up in the United Grocery and Meat market on Broad st., managed by George J. Mack and Edward Deacy. The customers at the store were to be entertained by radio while making their purchases.

The Red Bank Board of Education was to ask the taxpayers for \$122,000 to operate the school system for the ensuing year which was \$1,822 less than the previous year.

A new real estate firm was incorporated and opened an office at Monmouth at the incorporators were Joseph P. Peck, and the real estate firm of Bettina & Applegate, Hamilton S. Battin and Daniel M. Applegate. The firm was to continue conducting a general real estate and insurance business. Mr. Peck was to be interested in the field of development and subdivision.

Ice yachtsmen were awaiting favorable conditions for starting their official season. Trophies for the season's events had been offered by William W. Vaughan, Thomas Irving Brown, Paul de la Beaulieu, Harold S. Allen, Augustus M. Mintz and George M. Dooliver. Mrs. John H. Cook of Maple ave., gave a talk on China to the Junior group Christian Endeavor society of the Red Bank Presbyterian Sunday-school. Mrs. Cook, in addition to her talk, showed various assortment of Chinese subjects.

Hilton Park of Middletown desired to be annexed to Highlands borough and a hearing on the matter was to be given by the Middletown township officials.

Thirty-one tables were in play at the Eastern Star card party in the lodge rooms in the Eisner building on Broad st. Prizes were won by Mrs. Arthur V. Gregory, Mrs. Reba Miller and Charles Wenning. Mrs. William Currier, Jr., was chairman of the party and she was assisted by Mrs. Elsie Kirk, Mrs. Lulu Miller, Mrs. Elizabeth Stokols, Mrs. Margaret Wilson, Mrs. Minnie White, Mrs. Emma Man Scholt, Mrs. Adelle Conover, Mrs. Amanda Wenning, Mrs. Eleanor Burdge, Mrs. Ella Davis, Mrs. Etta Robinson, Mrs. Charles Hammond and Mrs. Ada Kennedy.

Augustus Wolfing of Fair Haven, completed 50 years as a salesman for a Long Island manufacturing concern and the directors of the company conferred upon him the title of "Varnish Engineer" in recognition of his long and faithful service and his knowledge of varnish manufacturing.

Mrs. Edith Worth of Brown pl. and Miss Eunice West of Irving pl. were spending a vacation of several weeks in Florida.

The newly formed athletic club, connected with the Shrewsbury Post American Legion, elected Richard Bengon, president; Raymond Mancini, vice president; Robert Nicolson, treasurer and George T. Meyer, secretary. Other members of the club were: Charles Nicolson, George Vaughan, Milton Howard, Anthony Flacciano, Meyer Liborsky, Edward Chasney, George Sanborn, Carter Krahnet and Harry Johnson.

Know Your Government

LESS GOVERNMENT IN BUSINESS

Proposals that the federal government step out of some of its far-flung business operations and turn others on a more businesslike basis are being discussed before the 84th Congress.

Growth of the corporate form since the government went into business with the purchase of the Panama Railroad company in 1903 has been tremendous. It received great impetus during World War I, declined during the first post-war decade, then grew by leaps and bounds during the depression period and in World War II.

Interest in the problem has paralleled growth of governmental business activity. Touching on one phase of the problem, the New Jersey Taxpayers association cites as part of a program of sound federal finance the need for curbing "the head of federal competition with private enterprise."

In 1946 the Hoover commission directed the spotlight of public attention to government business when it reported that "there are about 100 important business enterprises which the federal government owns or in which it is financially interested." Fields of activity range from finance, insurance, power and transportation to agriculture and metals. The commission estimated the government's direct investment at \$30 billion; future commitments at \$16 billion; indirect investments in the form of deposits and mortgages of about \$60 billion and life insurance written by the federal government totaling \$40 billion. Numerous recommendations for greater regulation and control of the government's business ventures were advanced by the commission.

The scope of governmental business activity is described as "the greatest business monopoly outside the Soviet Union" by Rep. Caudett of New York. He is urging Congress to look into the problem with a view to recommending ways and means of getting the vast commercial and property activities of the United States government as can be efficiently operated in private ownership, consistent with the public interest.

PEARLY EVERLASTING

The name everlasting is applied to many plants of different species and of different genera. The straw-flowers commonly sold in bouquets at roadside stands in the West belong to the genus Helichrysum and are not too closely related to our subject here considered. Helichrysum is a native of Australia which has become established in America, Europe, Africa and Asia. Our Pearly Everlasting is Anaphalis margaritacea which is native of North America ranging there from Newfoundland to Alaska and south to Oregon and North Carolina. It has become established in Europe and Asia.

The Pearly Everlasting grows to a height of about three feet with the stem rather well branched in its upper area. It is covered with a dense white, woolly substance and has an abundance of leaves. These leaves are about 1/2-inch wide and to five inches long. Their margins are incurved and the lower surfaces are lighter in color and more heavily downy than are the upper surfaces.

The flowers appear in numerous crowded heads grouped into compact, flat-topped clusters that may be to eight inches across. The individual heads are about 1/2-inch across with the outer bracts short and pearly white. The pistils occur in tufted flowers and the stamens in narrow rows both of which are usually to be found in the same head. The flowers are mature from July through September, but may appear to be viable long after the regular flowering period. The stems are substantial and may hold the flowers erect on into the winter or if picked and put into a vase they do not wilt easily but continue to appear as though they were fresh.

Pearly Everlasting has been grown in gardens as an ornamental and in this capacity provides an attractive cover and requires little attention. Furthermore it does well on poor soil and may survive where more exacting plants could not. The plants are often found as about the last survivors of some garden that marks the site of an abandoned house. Sometimes they are found in cemeteries, but more commonly they grow in poor pasture lands that have not been disturbed for a long time.

This plant cannot withstand cultivation and so it is simple to control it in pastures that are part of a managed cycle calling for cultivation at intervals. Popularly it is sometimes considered as a weed but a number of plants bear these names. Such plants may form indigestible cuds in cattle and may cause trouble sometimes. Besides controlling the plant by cultivation it has been suggested that close cutting or spraying with sodium chlorate gives effective control.

While we do not find the plant listed as edible or as poisonous, we do find that it has gained public recognition probably as an ornamental and it has many common names such as Moonshine, Silver Button, Silver Leaf, Poverty Weed and Cotton Weed.

Newark Accident Fatal to Trainman

NEWARK — A West Belmar trainman was killed Sunday when he was knocked off a freight train and run over by the locomotive of a Pennsylvania railroad in the Waverly yards at the foot of Peddie st.

The victim was C. Arthur Rothacker, 39, a brakeman, of 1155 Eighteenth ave., who was standing on the steps of the locomotive and signaling the engineer when he was struck by a stationer supporting overhead electric wires and fell under the locomotive, whose wheels passed over his neck.

A member of the Sea Bees during World War II, Mr. Rothacker belonged to the Veterans of Foreign Wars, South Belmar, and the Brotherhood of Railroad Trainmen. He is survived by his wife, Mrs. Dorothy Thompson Rothacker; a son, Eugene; two sisters, Mrs. Charles Walker, Newark; Mrs. Lindsey Poole, Arlington, Mass.; and a brother, Donald, Irvington.

The C. H. T. Clayton and Son funeral home, Adelphi, was in charge of arrangements.

Keyport

Mrs. Esther Steneck was installed as a councilor of Freedom council, Sons and Daughters of Liberty, last Thursday night at Scheyichbi hall by Miss Norma Norman of Red Bank. Other officers inducted were Mrs. Medora Trux, vice councilor; W. L. VanGieson, associate vice councilor; Mrs. Rosaline Hubbard, guide; Mrs. Barbara DeWaine, recording secretary; Miss Florence LeRoy, associate secretary; Joseph Maynard, junior councilor; Mrs. Mildred Dunham, associate past councilor; Mrs. Iola King, inside guard; Elmer Trux, outside guard; and Mrs. Dunham, trustee for term of 18 months. Guests were present from Fride of Monmouth council, Red Bank, and Starry Flag council, Freehold. The junior guild of St. Mary's Episcopal church, meeting last Thursday in the parish house with Mrs. Alfred Chinery as hostess, decided to organize a new merchandise club. Mrs. William Hill is chairman. Mrs. Clifford L. Bray, new president, appointed Mrs. Lester Stoney, Jr., chairman of the sick committee. Miss Gretchen Kightlinger will present a program on Navajo Indians at the Feb. 12 meeting.

The Couples club of Calvary Methodist church heard Mrs. Hermina Browne, head of the music therapy treatment at the Marlboro state hospital, describe the origin of this type of therapy at last week's meeting and how it is used in mental illnesses. Marlboro is the only mental hospital in the state using this type of treatment at the present time, said the speaker. Fred Jensen, president, conducted a short business session.

Mrs. Leroy Aumack has succeeded Mrs. Frank Boyce as president of the Keyport Hook and Ladder company auxiliary. Other officers include Mrs. George Rinear, vice president; Mrs. John Ross, secretary, and Mrs. Robert Wallace, treasurer. Mrs. Julia Rosato and Mrs. Robert Rosato are new members.

A trophy night dinner-dance will be held Saturday by St. Joseph's council, K. of C., at the clubhouse on rt. 35. A Valentine dance, sponsored by the council, will be held Feb. 14 at the American Legion hall in Matawan.

Neptune Music Circus Producers Seeking Talent

Manuel Davis in association with Abe and George Vogel, producers of the Neptune Music Circus, are in the midst of plans for their second summer, ten-week season of musical comedy successes. In the near future the selection of shows will be announced and a spring subscription plan presented.

In the meantime they are sponsoring two road companies of "White Cargo" and "Gentlemen Prefer Blondes," which are at present in rehearsal. They will play Allentown, Reading and Hershey, Pa., the latter part of this month and Wilmington, Del., the early part of February. Kyle McDonnell, famous stage, TV and radio star, is playing the leading role in "Gentlemen Prefer Blondes."

The present shows are in the nature of a talent showcase for up and coming professional Broadway players. There will be considerable auditioning also and those meeting with approval will be signed for summer roles under the big "Music Circus Top." As in the past season, however, the leads will be played by well known Broadway stage personalities.

Methodists to Erect Several New Churches

Campaign to Raise \$1,500,000 for State Assistance

Bishop Fred P. Corson, resident bishop of Philadelphia area of the Methodist church, has announced that members of the New Jersey and the Philadelphia conferences are joining in a campaign to raise \$1,500,000, principally to build new churches. Similar campaigns are being conducted throughout the country, as the denomination recognizes that a population movement of vast proportions is taking place in America.

The church is attempting to follow the people as they change their places of residence, even as it did in other areas of our country's history. Not for several decades have so many people moved in so short a time.

Dr. John D. Herr, superintendent of the Northwest district of the Philadelphia conference, has been appointed by Bishop Corson as the director of this program, which has other phases than the financial campaign.

Belford Man Promoted By Thomas & Betts Co.

BELFORD - George B. Edwards of this place has been promoted to head of the sales department of Thomas & Betts company of Elizabeth.

George B. Edwards

Mr. Edwards, who joined the firm in 1938, worked his way up through the organization as a receiving and service clerk and assistant service manager. In World War II, he served three and a half years as an Army infantryman. He spent a year overseas where he earned the combat infantryman's badge and was promoted to sergeant. Mr. Edwards was educated at Cranford high school and Los Angeles city college. Before joining Thomas & Betts, he worked for the Simmons company in Elizabeth and Los Angeles. He and Mrs. Edwards, the former Miss Barbara Weir, are parents of a year-old son and a month-old daughter.

Memorial Fund Set Up by Church

KEANSBURG - Realizing many people desire to do something permanent to perpetuate the memory of the deceased, the official board of the Methodist church here has established a memorial fund. The pastor, Rev. Edward S. Zelley, Jr., announced today that money donated to this fund will be used only for items needed in the church that would not ordinarily be purchased from the regular funds of the church. Such things as hymn books, Bibles, furniture, bulletin boards, hearing aids, musical instruments, equipment for Sunday-school children, etc., will be included in the list of possible memorials. Whatever is purchased from this fund, Rev. Zelley said, will be marked as being in memory of the individual or individuals whose memory they represent.

The pastor explained, "When a person dies friends and relatives may make a donation to the fund in their memory. They will be given a beautiful folder that can be presented to the family of the deceased and displayed at the funeral service. The folder carries a message of comfort as well as a statement that a gift has been made to the memorial fund."

Mr. Zelley further explained that the memorial fund could be used at any time to honor the dead. This may be done by making a contribution to the fund. "Then, in addition to receiving the folder, an announcement will be made in the weekly church bulletin of the memorial."

New Jersey State Elks Start Drive

30th Annual Campaign For Crippled Kiddies

The appointment of William J. Jernick, former mayor of Nutley, to head the New Jersey State Elks' 1953 fund-raising drive in behalf of crippled children, has been announced by Joseph F. Bader, Lyndhurst, president of the state assn.

This is the second successive year Mr. Jernick serves as chairman of the Elks Crippled Children's committee. In discussing the appointment, Mr. Bader termed the selection "a token of recognition for his splendid achievements in coordinating the efforts of our brother Elks during the 1952 campaign so successfully concluded."

Under Mr. Jernick's direction 63 member lodges of the Elks State Assn. expended \$156,987.93 last year for services to crippled, handicapped and mentally retarded children throughout the state. Accepting his designation at a special meeting at Elks headquarters, 972 Broad st., Newark, Mr. Jernick pledged the "full and earnest co-operation" of all Elks and urged continued public support for the organization's 1953 drive—"Our 30th annual campaign to give New Jersey crippled kiddies a measure of care and comfort."

Long active in Elks affairs Mr. Jernick is past exalted ruler of the Nutley lodge and past state president. A former chairman of the New Jersey State Elks Youth Activities committee, he also served in that capacity with the Grand Lodge State Association committee and Grand Lodge Activities committee. He is currently grand lodge trustee.

Mr. Jernick served as mayor and director of public safety for Nutley from 1944 until 1952, and as director of revenue and finance. During the war he was general chairman for the Nutley defense council.

He is presently associated with Thomas A. Edison, Inc., of Belleville, and is president and treasurer of Dolan Dining company, Inc. Mr. Jernick is president of the Nutley Rotary club and has previously served as chairman of the Essex County Cerebral Palsy League campaign.

All green plants use the radiant energy of the sun in the process of manufacturing their food from chemical elements in soil, water and air.

Heads Aviation Group

Vice Admiral Charles E. Rosendahl, USN (ret.), of Toms River, was appointed executive director of the National Air Transport Coordinating committee. Rosendahl, former commander of the Naval Air Station at Lakehurst, is a veteran of 30 years experience in aviation, including command of the U. S. airships Los Angeles and Akron.

Auxiliaries Discuss Fund Raising Drive

HOLMDEL—Discussion centered on a fund raising campaign at a meeting of the Atlantic and Bantam township auxiliaries of the Monmouth County Organization for Social Service held last week at the health center here. Mrs. Douglas Newbold presided. It was voted to invite the Holmdel Parent-Teacher association to send a representative to the auxiliary meetings.

The resignations of Mrs. E. Murray Todd and Mrs. Henry Stocker were accepted. Attending the meeting were Mrs. S. B. Boynton, Mrs. Philip Matthews, Mrs. J. H. Hance, Mrs. VanJohnston, Mrs. Robert Rex, Mrs. Frederick Noble, Mrs. Charles E. Ely, Mrs. Wayne B. Darland, Mrs. Fred Jensen, Mr. and Mrs. Harry S. Willey and Miss Ruth Williams, public health nurse.

Reuther Cites New Law Requiring Wheel Flaps

Violators of the new state law requiring buses and trucks with a gross weight of three tons or more operating on public highways to be equipped with flaps over the rear wheels will be given a warning after their first offense and a summons thereafter. Police Chief Frank W. Reuther said this week.

Purpose of the law is to prevent rear wheels from throwing dirt, water and other materials on the windshields of following vehicles. Maximum fine for violation of the law is \$50 or imprisonment for a period not exceeding 30 days or both.

IT'S A DEAL!

During 1952 we made over \$1,241,000 in mortgage loans to folks in this community. Many of these loans were for the construction of new homes. Our community has been made a more desirable place in which to live.

This year we expect to assist even more people to purchase homes. Perhaps we can help you. Come in and talk over your home owning possibilities with Mr. Ed Conover.

Dates, Place Set For 4-H Fair

FREEHOLD—July 17 and 18 are the dates set for the annual fair of the Monmouth County 4-H club and Freehold raceway is the place where the two-day event will be staged.

Three additional members were voted to the executive board at the quarterly meeting Thursday night of the club leaders' association held at the extension office here. The new board members are Mrs. Everett Warriner, Mrs. Carl Whitel and John Chereh. Leonard Williams, 4-H club agent, announced that July 28-Aug. 4 is the camp week allotted to the county members. Camp counselors are to take instruction from July 21 to 23. Committees were appointed for the activities during the year. Leaders for projects at the county fair, the state fair at Trenton, state show, state dress review and state beef show were named as follows: Dairy, John Chereh, Belmar; beef, Charles I. Smith, Allentown; flowers and vegetables, Mrs. Carl Whitel, Middletown, and Joseph Wilson, Freehold; forestry, Mrs. Irene Rooney, Perrineville; dress review and clothing, Mrs. Harold Potter, Englishtown, and Mrs. Everett Warriner, Allentown; foods, Mrs. C. Levinson, Roosevelt, and Mrs. Douglas Ring, River Plaza; poultry, Clifton Wardell, Neptune. Leaders for special activities, including 4-H club, national 4-H week, state club congress, recreation, and county-wide picnic, are Miss Jennie Kostuk, Freehold; Victor Harnyk, Middletown, and Wilton Dangier, Asbury Park. Leaders for contests such as demonstration in county and state, dairy and beef judging and tractor contest are Thomas Blanchett, Freehold; Wilton Dangier, Englishtown; Harold Potter, Englishtown; Charles I. Smith, Allentown; Mrs. Laura Donovan, Freehold, and Mrs. Irene Rooney, Perrineville. Leaders for record books and achievements are Clifton Wardell, Neptune; Wilbert Swain, Freehold, and Mrs. Thomas Kraan, River Plaza.

The next meeting of the association will be held Thursday, April 23, at the extension office.

Trinity Club Honors Rector

The Mr. and Mrs. Club of Trinity Episcopal church, at their meeting last Thursday at the parish house, gave a coffee table to Rev. and Mrs. Robert H. Anderson, who will lead this week for Lynn, Mass., where Rev. Mr. Anderson, has accepted a new rectorship.

The club will hold a card party tonight (Wednesday) at the parish house on West Front st., with Mrs. William Pratt as chairman, aided by Mrs. Charles L. Reeves, Jr., Mrs. Richard A. Kirby, Mrs. J. Ernest Boskey and Mrs. John H. White, 3d.

The annual talent show for children of the Sunday school will be held Apr. 17, with Mrs. Charles L. Reeves, Jr., as chairman. Mr. Reeves was named chairman of a membership drive.

Arrangements are under way for a year-round project to make articles to be sold at the Woman's guild Christmas bazaar. Bryan L. Syer, president, is chairman of the

Leo J. Carling, Jr.

Samuel Howard

Howard Wilkinson

George Winning

Pictured are the four candidates for the three seats at stake in the Feb. 10 board of education election at Eatontown. Mr. Carling, president, Mr. Howard and Mr. Winning, district clerk, seek reelection. Mr. Wilkinson is a newcomer to the school board wars.

Mr. Carling has been a member of the board the past four years, succeeding the late Richard B. Roberts. Son of Mrs. Rosalie Carling of Fair Haven and a native of Stamford, Conn., he is a graduate of Princeton high school, Jersey City, and the Newark College of Engineering. He came to Monmouth county in 1940, when he moved to Fair Haven, and has lived in Eatontown since 1945.

He and his wife live on Wyckoff rd. They have four children, James, an eighth grade pupil; Margaret, third; Kathleen, kindergarten, and Leo J. Carling, 3d, a sophomore at Long Branch high school.

Active in a variety of civic affairs, he is a past president and member of the Eatontown Home and School club, chairman of the Eatontown planning board which he helped form, serving his second term as president of the Monmouth Archers, a member of the New Jersey Archery association, a past commander of the Shrewsbury Power squadron and past junior commander of Flotilla 311, Red Bank Coast Guard Auxiliary. He was a chief boatswain's mate in the Coast Guard temporary reserve.

A special agent for Continental Insurance and Fidelity Phenix, he previously was a research and development engineer with General Electric in the vapor and lamp division in Hoboken. Prior to that, he was with the America Fore Insurance Group as a special representative of the power plant division of the boiler and machinery department. Later he became special agent for Central Jersey, handling casualty insurance and bonds.

Mr. Howard has been a member of the board the past 15 years, presently being chairman of the transportation committee. A resident of 30 Broad st., he has lived here about 30 years. A native of Red Bank and a graduate of Red Bank high school, he is the son of Mr. and Mrs. Samuel T. Howard. Twice president of the board, he now serves as vice president.

His wife is the former Miss El Odell, sister of Councilman George V. Odell. They have two children. A member of the Home and School club, he is employed

by the Optimus Equipment company of Matawan.

Mr. Wilkinson was born in Wakefield township, Mass., in 1913. He has lived in the county since 1919, having graduated from Oceanport grammar school, Long Branch high school and the Newark College of Engineering. He and Mrs. Wilkinson have lived in their present home on Clinton ave. the past five years. They have three children, two of whom already are attending the local grammar school.

His business activities include ten years as electrical engineer for Jersey Central Power and Light company, electrical designer for the A. G. McKee company of Union, and electrical engineer the past 4½ years with the Signal Corps Engineering laboratories. An officer in the 129th Naval Construction battalion in the Pacific in World War II, he served as a member of the Oceanport fire company and has been a vestryman, Sunday school superintendent, Sunday school teacher, and junior

warden in St. James Memorial Episcopal church.

Mr. Winning, a native here and educated in the local grammar school, was graduated from Long Branch high school. He and his wife reside at 40 South st. They have one daughter, a pupil in the sixth grade.

Active in civic affairs, he is chief of the fire company—of which he has been a member the past nine years—and has been a member and officer of the local Volunteer Ambulance corps since it was formed. He also is a charter member of the Eatontown Lions club.

On the board the past six years, he succeeded the late Mr. Roberts as district clerk, a post he has held the past four years. Son of the late Mr. and Mrs. George Winning, his father was a former member of the board and was a teller with the Second National bank and Trust company of Red Bank. He has been with the local Henry Allen and company since 1938, a firm in which he is a partner.

Parsons to Speak
At Keyport Dinner
KEYPORT—Attorney General Theodore D. Parsons will be the speaker at a testimonial dinner to be held tomorrow night (Thursday), at the Cottage Inn in honor of Mayor Herbert R. Rothenberg. The affair is being sponsored by the county Republican executive committee of the borough.

Herman Distler, an attorney and active member of the Newark Bar association, will be master of ceremonies. Dinner arrangements are in charge of John J. Haley and Harold A. Woolley.

Meeting Feb. 6 For Dairymen

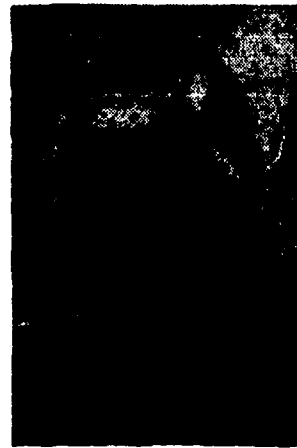

FREEHOLD—An all-day dairy meeting will be held Friday, Feb. 6, at Monmouth grange hall on highway 33. The program will start at 10 a. m. and the schedule calls for adjournment at 3 p. m. There will be provision for lunch at noon.

Questions about control of flies in the dairy barn during the coming year, the use of the new antibiotics in dairy rations, discussion of whether silage is a dangerous feed, and the results of the four-year hay survey in New Jersey will be featured.

All of the speakers, with one exception, are members of the faculty at Rutgers university. Dr. Elton Hansens, entomologist, will lead off at 10 o'clock. Prof. Krueger, extension engineer, will be on the program with Rodney Briggs, the crops specialist, at 10:40. Dr. Raymond E. Kerlin of the state bureau of Animal Industry will discuss abortion control at 11:20. After lunch the program will begin at 1 o'clock with Wallace Mitchell, soils specialist, followed at 1:40 by Dr. Oleksie of the dairy department, and at 2:20 by E. J. Perry, also of the dairy department.

Marine Corps Recruiter To Visit Post Office

Staff Sgt. Ernest LiCain, non-commissioned officer in charge of the Asbury Park Marine recruiting sub-station in the Asbury Park post office building, will visit the Red Bank post office next Monday morning at 9:30 to interview applicants for enlistment.

Staff Sgt. Ernest LiCain

The sergeant also will be at the disposal of young men who are considering enlisting in one of the armed forces and who would like to know what opportunities are

offered in the expanding Marine Corps.

Applicants must be at least 17 and not more than 28 years old.

Local Ministerium Honors Rev. Anderson

Members of the Red Bank Ministerium and their wives gave a farewell luncheon last Thursday at the Molly Pitcher hotel for Rev. Robert H. Anderson, Jr., rector of Trinity Episcopal church. Rev. Mr. Anderson and his family will leave next week for his new pastorate in Lynn, Mass.

Rev. Charles S. Webster, president, presided. Guests were Rev. and Mrs. Roger J. Squire, Capt. and Mrs. Robert Rightmire, Rabbi and Mrs. Arthur H. Horshon, Rev. and Mrs. A. Kenneth Wagner, Rev. and Mrs. Harold H. Hornberger, Rev. and Mrs. Wallace L. Gallup, Mrs. Webster, Mrs. Francis E. Swartz, president of the Red Bank Council of Church Women; Mrs. Arthur S. Joice, Forrester Lee, executive secretary of the Westside "Y," and Donald Babcock, general secretary of the local "Y."

Appointed Manager Of 'Amco' Plant

KEYPORT—The Asbestos Manufacturing Co. of Huntington, Ind., has appointed Russell M. Federsen, a former resident here, as its plant manager. The company is nationally known by its trade name of "Amco." It is connected with the Thermoid Co., Trenton, and employs about 300 persons.

Mr. Federsen was graduated from the local high school in 1935, and attended Rutgers university and Stevens Institute of Technology. He was an instructor in Rutgers extension evening courses sponsored by the government. He moved with his family to Indiana from Riverton, N. J. early in 1931, accepting a position with Amco as industrial engineer. He was made production manager a year later, holding that position until his latest promotion.

SEE CHILDREN'S GIFTS

Members of the Blessed Virgin Mary sodality of St. James Catholic church are conducting a drive for needy children from 2 to 16 years of age. Those desiring to donate clothes, toys, books or candy are asked to leave the articles at St. James convent tomorrow (Thursday).

GOLD CIRCLE ELECTS

Col. James Burke has been elected president of the Gold Circle club of St. James Catholic church. Other officers are Jack Oswald, vice president; Mrs. June Petrillo, secretary, and Mrs. James Walters, treasurer.

VISITING IN FLORIDA
Mrs. Helen Wenzell Smith of Long Branch and her aunt, Mrs. Margaret Wenzell of Philadelphia, have been spending the past five weeks at St. Petersburg, Fla., and will spend the remainder of the winter in Miami. On a recent trip, the women visited Mrs. Smith's son-in-law and daughter, Lieut. Col. and Mrs. David T. Griffin at Fort Leavenworth, Kan. Mrs. Griffin is the former Miss Alice Marie Smith.

Many of the animals classed as carnivorous actually live mostly on plants—the bear being one example.

New Procedure
Ordered by Court

FREEMOLD — County Judge John C. Giordano announced Friday that municipal magistrates hereafter must witness the signing of drunken driving complaints in their jurisdiction.

The jurist's announcement was made when he dismissed a drunken driving conviction appealed by Leroy Clayton, Lakewood, who was found guilty Dec. 11 by Magistrate Eugene Capibianco. Clayton's counsel moved for dismissal of the complaint after Patrolman John Tilton testified he signed a complaint without Magistrate Capibianco witnessing it.

Judge Giordano instructed Assistant Prosecutor John M. Pillbury to advise all magistrates and police departments in the county.

Legion Post Host

To Ball Team, Coach

ATLANTIC HIGHLANDS—Members of Sandy Hook Bay post's American Legion junior baseball team and William Lehman, coach, were guests of honor at a dinner Wednesday night of last week at the post home, East Washington and First aves. here.

Guilavie Huesenitz, past commander, was toastmaster. Mr. Huesenitz is county vice president of the junior baseball league. He introduced Mayor Waldron P. Smith, C. Donald English of Fair Haven, Police Capt. James J. Egidio, Councilman Harry B. Murtha and C. Eugene Allen, post commander, who spoke briefly. Team members also were introduced. Dinner guests observed a minute of silence in memory of the late Anthony Stavola, a former team member.

The post again will field a team this year, it was announced, and boys under 17 were invited to try out. Team members present were Bruce Kerrigan, Robert Generella, John Loftus, Robert Loftus, Frank Stavola, Peter McVey, Richard Collins, Frank Gaskill, Arthur Balke, John Gallagher, Robert Leonard and Robert Letts. Other guests were Charles W. Leher, George H. Leddy, John W. McMullan, Charles Mandia, Jr., Theodore W. Scott, Frank Cassone, Andrew P. Lynch, Robert T. Abrams, Frank Kozak, Eugene J. O'Rourke, Dale B. Otto, Kenneth A. Wilson, Samuel H. Bouldin, Robert J. VanPernis, Chester D. Growcock and Edward M. Townsend.

Middletown

Mr. and Mrs. W. T. Matthews and daughter Susan entertained Mrs. R. S. Wood and daughter Barbara at a dinner party recently.

Mrs. Walter Hull has returned from Florida.

Mrs. R. S. Wood entertained at a baby shower luncheon last Wednesday for Mrs. Walter Grubb, Jr., of Wickatunk. Guests were Mrs. Walter Grubb, Sr., Mrs. William Bohn, Mrs. W. I. Matthews, Mrs. Anthony Bishoff and Mrs. Stanley Kerr and son Richard of Middletown, Mrs. Thomas Sennett and daughter Merri of Fair Haven and Mrs. Thomas Morford, Jr., and son Robert of Vandenberg.

Mr. and Mrs. Robert W. Crawford have returned home after attending the Presidential inauguration and spending a few days' vacation in Virginia.

Friday afternoon from 1:30 to 3 p. m. the ladies of the Reformed church will hold a food sale in the churchrooms.

The next meeting of the Middletown branch of the Needlework guild will be held Tuesday, Feb. 2, at the Baptist chapel on King's highway. Hostesses are Mrs. Max Woack, Mrs. John Ransley and Mrs. Peder Christiansen.

Mr. and Mrs. Harry MacDonald are parents of a son born Saturday.

Bridge club winners Friday were Mrs. Milton Ireland, Mrs. Wylie Felt, Mrs. Thomas Gopelli and Mrs. Kenneth Robinson. The next meeting will be held at the home of Mrs. Ira Crouse.

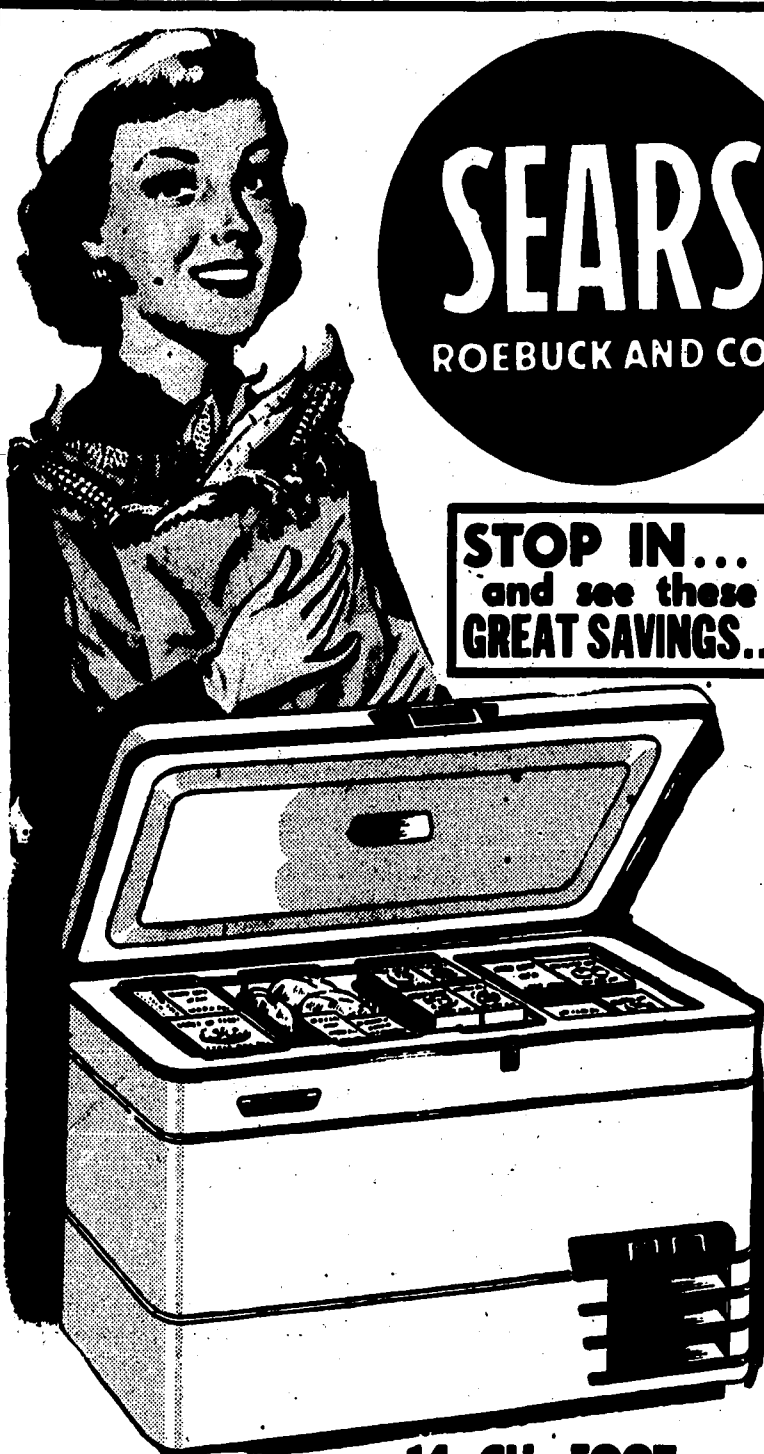

Mr. and Mrs. Walter Grubb entertained Mr. and Mrs. Stanley Kerr at dinner Sunday and Mr. and Mrs. Thomas Sennett for supper the same day.

Stanley Kerr was made a councilman in the Red Bank Lutheran church Sunday.

Harry Gullick had his classmates from Middletown school at his home Tuesday to watch the Presidential inauguration on television.

At the food sale Friday the P.T.A. of the Middletown school netted \$40.

A bachelor dinner was held recently at the Veterans of Foreign Wars hall in honor of Ralph Gentile of Red Bank. Mr. Gentile is to be married Feb. 1. Over 70 men attended.

Bell Labs Sold In Ocean Twp.

D. E. C. Somers, realtor, of Deal and Jersey City, announces the sale of the Bell Telephone laboratories property at Deal rd., Whale Pond rd. and Dow ave. in Ocean township. The purchasers are the Fangman-Scott Co., of Jersey City, who have no immediate plans for the property, as the Bell laboratories will remain in possession as tenants for one year.

The property comprises 208 acres of land, improved with six buildings used for laboratory purposes, two large garages and an administration building containing 22 office rooms.

The site has a frontage of approximately 2,382 feet on Deal rd., 2,726 feet on Whale Pond rd. and 1,553 feet on Dow ave. A chain link fence is on the road frontage lines and Whale Pond brook flows west to east through the center of the property.

Mr. Somers states the buildings are well maintained and in daily use. The land is all cleared and in prime condition, and is one of the few remaining large tracts of land in this section of Monmouth county.

John G. Segelken represented the Bell laboratories in the transaction.

FINED FOR FIGHTING

MATAWAN—James McCormick of the Freehold rd., Wickatunk, was fined \$100 and William Bastedo of New Brunswick ave., Brownstown, \$25 Saturday night by Magistrate James H. Martin.

Both men were charged by Police Chief John Flood with starting a fight Friday night at the Town restaurant on Main st.

Rose Cooper, Texas rd., Matawan, was fined \$5 for careless driving.

Questions and Answers To Vets' Problems

Q. I have a chance to get an Atomic Energy commission fellowship at a university. Would I also be eligible for monthly education allowances under the Korean G.I. bill?

A. No. The law prohibits V.A. from paying the allowances to veterans whose education is paid for completely by the U. S. government. Your A.E.C. fellowship would come under this category.

Q. I'm a World War II veteran and I've just finished training as an accountant under the old G.I. bill. Now I'd like to take a C.P.A. coaching course, since I have some G.I. entitlement remaining. Could I do it?

A. No. V.A.'s post-cut-off-date regulations allow you to take advanced training only when it's a normal progression from your basic course. Review or coaching courses—such as the C.P.A. coaching course—do not represent an advancement to a higher level of knowledge, and, therefore, may not be taken after you've completed your basic course.

Q. I'm the widow of a World War I veteran and I'm figuring my annual income to see whether I qualify for a V.A. death pension. From time to time during the year my relatives have given me gifts of

money. Are they counted as income?

A. Yes. Gifts must be included in computing your income for pension purposes.

Q. I got a G.I. home loan when the top guaranty was \$4,000. I understand it has been raised to \$7,500. Am I entitled to another loan which would be guaranteed for the difference?

A. Yes. You would be entitled to another G.I. home loan which could be guaranteed for \$3,500—the difference between the old and new top guaranties.

Cpl. McGuire Graduates From School in Berlin

BERLIN—Cpl. John J. McGuire, son of Mr. and Mrs. John A. McGuire, 89 Willow st., Fair Haven, recently graduated from the U. S. Army Non-Commissioned Officers school in Berlin.

He completed a six weeks' course stressing leadership, tactics, instruction methods and the use of weapons.

Stationed in Europe since Aug. 1951, Cpl. McGuire is serving in Berlin with a Medical company of the 6th Infantry Regiment as an aidman. His unit provides security for American installations in the former German capital.

Poems

"TO MOTHER"
Sometimes I get to thinking, Mom,
Of what you've done for me,
And then I think of what I've done,
To cause you misery.

I've put those lines upon your face,
And the gray into your hair,
I've brought a bunch of heartaches,
That I know were hard to bear.

But what I have to tell you, Mom,
Will bring you happiness,
For it is you, my darling Mother,
That I love the most and miss.

I blame myself for your ill health,
And condition that you are in,
For I have always been reckless,
And committed so many sins.

And all the dreams you've had for me,
They never have come true,
For I was always selfish,
And never thought of you.

But now that I've had time to think,
My thoughts are all of you,
And maybe if I try once more,
We'll see your dreams come true.

And now that I have confessed,
Please wipe those tears away,
And try to forgive a lonesome son,
The one that you named Ray.

RAYMOND A. KING,

Ambulance Need Explained at Council Meeting

Fair Haven Residents Question \$10,000 in Budget for Purchase

FAIR HAVEN—The need for a new ambulance, for which \$10,000 has been appropriated in the borough's proposed budget was explained by members of the council and first aid squad at Monday night's session of the mayor and council.

Although a public hearing on the budget is not scheduled until Feb. 24, explanation of the ambulance appropriation and of other items in the budget was made in answer to questions presented by citizens.

Fred Burt asked why a new ambulance is needed when the present ambulance has traveled only 30,000 miles. Councilman Russell H. Minton replied that despite the low mileage on the ambulance, it is 14 years old and the body is beginning to deteriorate. The first aid squad, he added, is concerned over the fact it might break down in an emergency.

Low Mileage Cited
Robert VanBrunt, a former captain of the first aid squad, who said the body of the present vehicle is beginning to rust out pointed out around members serve voluntarily. "All we're asking," he said, "is a decent piece of equipment so we can keep on serving."

Frank N. Sibley of Hillcrest rd., who earlier had announced to council the formation of a Fair Haven Civic association, which he said will work for the betterment of the community as a whole, asked "Why get rid of an ambulance with only 30,000 miles on it?" Referring to the fact that the ambulance makes an average of three calls a week and that it makes fire calls with the fire apparatus, he asked, "Why does the ambulance have to chase the fire truck every time it goes out?"

In answer to this question, Mr. Minton explained the ambulance answered fire calls because an emergency might arise and "time is of the essence." Mr. Minton called attention to the annual report of the first aid squad which stated the vehicle answered 165 calls during 1952. The ambulance, he explained, is a 1939 Cadillac and "has served its purpose."

Mr. Minton explained that on recent trip to Toms River a spring broke and the trip had to be completed by the Toms River squad.

Councilman Tony Hunting making the concluding remarks in the discussion, said "When a Fair Haven resident is injured or is taken ill out of town, the first aid squad brings him home. Squad members don't feel they want to make a long trip in an ambulance in poor condition."

After Mr. Sibley referred to the budget, which exceeds \$300,000, as "big business," Councilman Peter J. Eichele pointed out that state and county taxes come out of the total, and that of the money raised by taxes in Fair Haven, the borough controls only a small percentage.

School Budget Explained
Explaining the increase in the school budget, Mr. Minton, who is president of the board of education, pointed out that the board recently built an addition to the Knollwood school and is planning to alter the existing school buildings to include five additional classrooms. Other reasons for the increase, cited by Mr. Minton, were pay raises for teachers and increased tuition to Rumson high school. He added the board is planning to construct another addition to one of the schools.

It's a Joke!
M. Floyd Smith, borough clerk, read a letter from Sanford Bates, commissioner of the State department of Institutions and Agencies, instructing the borough to appoint a five-member welfare board by Jan. 31. Heretofore the job has been done by Mr. Smith as acting overseer of the poor. The borough, said Mayor Edgar V. Denise, has only three residents on relief and added, "I don't know why we need a five-man board to take care of them. If that's a joke I don't know what it is." He said however, he would select five persons for the board and submit their names to council at the next meeting.

Mr. Smith read the December report of H. Lynnwood Minton, building inspector, showing permits had been issued for buildings totaling \$100,400. Permits were as follows: Richard C. Dahman, 808 Cambridge ave., enclosed porch, \$600; Cleve Stone, Poplar ave., 134 Third st., garage, \$400; Allan Brothers, six dwellings on Spruce dr., at \$15,000 each, and Arthur Berry, 84 Maple ave., garage, \$400.

Mayor Denise reappointed the borough's juvenile conference committee comprising Harry Wolford, county probation officer, chairman; Police Capt. Carl Jakubec, John Mathilda Arnold, Magistrate John V. Crowell, Harry Fieldt, Mrs. Mary N. Crowell, William B. Blair, Jr., Elizabeth Worden, Harry Worden and Newman Walden.

Council agreed not to change the name of Park lane after hearing Mr. Smith read a petition signed by 27 residents of the street objecting to the proposed change. Council has been considering the change because of the similarity of the name to that of other streets in the borough.

Aliens Must Report By January 31st

NEWARK — R. G. Hottel, officer in charge of the Immigration and Naturalization Service at 1000 Broad st. here, announces that an alien in the United States as of Jan. 1 must fill out an alien address report card during the month of January.

Address report cards can be obtained at any post office or immigration office. Aliens who fail to report may now be taken into custody and deported, with possible prosecution. Those who do not have final citizenship papers must report. Those who are uncertain whether or not they are aliens should inquire at the Newark Immigration office. Hottel added that all aliens are required to carry alien registration receipt cards at all times.

Amateur Players Now Organized

Grandin K. Hammell Heads New Group

RUMSON—Grandin K. Hammell, former theater stock company director, and radio script producer, was elected director of the Monmouth Players, a newly formed group of amateur theatrical aspirants in Rumson. Mr. Hammell, who attended the University of Richmond, Va., and the American Academy of Dramatic Arts, acted in stock companies for two years. He directed both professional and amateur theatrical groups in the shore area, Newark, New York and Connecticut, and has written and

Grandin K. Hammell

produced radio programs for ten different stations, including WPAT, WJLK, WNRJ and WTNJ.

Formed mainly because of the lack of opportunity in Monmouth county for individuals to express themselves on the amateur stage, Mr. Hammell outlined plans for the organization which would include working with local communities for civic advancement, charity fund drives and children's plays.

Personnel urgently needed for the group include advance men, stagehands, scenic designers, property men, wardrobe, makeup and lighting committees. Mr. Hammell stressed the need of hard work and undying interest of all members to insure success.

The group plans to present plays as soon as possible and the reading of scenes from ten plays will commence at the next meeting, to be held Feb. 3 at 8 p. m. at Mr. Hammell's residence, 76 East River rd., Rumson.

Also elected at the meeting were Miss Nancy Branch of Middletown as secretary, and Mrs. Warren Jailer of Shrewsbury as publicity chairman. Those interested in the group may contact Mr. Hammell by phoning Rumson 1-6111 any evening between 6 and 7 o'clock.

\$128,947 County Red Cross Goal

The Monmouth county Red Cross chapter must raise \$128,947 in the 1953 campaign, Clarence Unterberg, county drive chairman, announced today.

The sum of \$63,000, almost half of the total, will be used within the county. Monmouth, which has more than 250,000 residents, and thousands of servicemen stationed here, many accompanied by their families, presents a constant challenge to the chapter to supply the needed health and welfare services.

The national Red Cross will receive \$65,947, a slight increase over previous years, representing the increased recreational program for the armed services, and the new gamma globulin blood program. In addition to securing blood for the Armed Forces, the Red Cross is receiving and processing gamma globulin, the new discovery in the treatment of polio.

Mr. Unterberg said: "If you want the blood to go out to Korea and gamma globulin available for the children threatened at home, please give generously when the drive solicitor in your neighborhood, probably your next-door neighbor, knocks on your door."

Building Sites In Rumson Sold

Several sales of vacant land in Rumson and vicinity, indicating an active demand for building sites, are reported by the firm of William H. Hintelmann, realtors of Rumson.

Mrs. George Morris, widow of a former superintendent of schools of Rumson, has sold a plot on the south side of River rd., Rumson, in the Farmly Park section to Edward F. Draetal, who will shortly improve the property with a new home. The plot has a frontage on River rd. of 82 feet and a depth of 275 feet. Mr. Draetal also acquired two building sites from Mrs. Anna Bolten. These are situated on the east side of Forrest ave. and north side of North st.

Home C. Methot, associated with the Hintelmann agency, has sold a tract comprising 1 1/2 acres, situated on the north side of Aldwood la., Rumson, for Richard B. Dutty to Richard J. Costello. The property has a frontage of 200 feet on Aldwood la. Mr. Methot also negotiated the sale of a tract of land fronting on the south side of Ridge rd., Rumson, on the former Schiff estate, for the account of Philip A. O'Neill, to Robert E. Norton. This tract comprises approximately 2 1/2 acres of land. He also negotiated the sale of a two-acre tract for Charles E. Harding to Peter C. Firing. This tract is situated on the west side of Bellevue ave., in the "Thornton farm" section of the borough.

Mr. Hintelmann also reports the sale of a tract comprising approximately 1 1/2 acres for Mrs. Marie S. Howard to William Weyer and Correy L. Simonson. This property is situated on the east side of Oakwood rd., Rumson.

Charles E. Harding has sold a plot comprising approximately 1 1/4 acres at "Thornton Farm" to John F. Maguire. The Hintelmann agency also reports the sale of a building site situated on the crest of Honey-suckle hill, Rumson, for Edward Macklin to Joshua A. Rich, 4th. This plot contains 1 1/4 acres and has a large frontage on Sheraton la. It adjoins the country estate property of Richard Marsen and is directly opposite the country home of Charles R. Beattie.

Andrew Tanner has sold a plot on the northwest corner of Holly st. and Cedar st., Rumson, to Lawrence Harrington. The plot contains about a quarter of an acre.

Township Nurses Have Big Program

MIDDLETOWN TOWNSHIP — From October through December, nurses of the Middletown township Public Health association made 2,378 visits to private homes and schools. Nurses also held nine clinics, both pre-natal and baby clinics, at the township health center at Campbell's junction.

Of the 2,378 visits made, 181 were for bedside patients, 318 for chronic cases, 90 for communicable disease and 88 for maternity cases. Health supervision visits were given for 88 infants; 154 to pre-school children; 978 to school children, and 976 to adults. Nurses also made 119 visits to tubercular patients and their contacts.

In the three-month period, 383 visits were made to the school, and these included 503 parent consultations, 472 teacher consultations and 2,692 pupil nurse contacts. Nurses made 79 sanitary inspections, and gave 81 classroom talks. They also assisted in the examination of 743 children by the school doctor, weighed and measured 899 children, gave 922 vision tests and 58 hearing tests. Nurses also made 644 routine inspections of children's health, 6,729 for symptoms of communicable disease, and 6,785 for symptoms of skin disease.

To carry out their duties, nurses traveled 12,700 miles. They also transported 793 persons during the three months' period.

Wojciechowicz Joins Adams Agency; To Sell Residential Properties

Adam A. Kretowicz, licensed real estate broker and proprietor of the Adams agency at 16 East Bergen pl. this week announced that Alex Wojciechowicz of Wanaamassa, All-American center when he was keynote of Fordham's "Seven Blocks of Granite," has joined the firm as a real estate salesman.

Formerly associated with George W. Bray and the Willis Conover agency, Mr. Kretowicz received his license in November. He is a graduate of Holy Cross college, Worcester, Mass., and former physical education instructor and athletic coach at Red Bank Catholic high school and Sayreville high school. A World War II veteran of the Marine Corps, he is a past commander of Shrewsbury post, American Legion. He is physical education instructor at Holy Cross grammar school, Rumson.

Mr. Kretowicz is a member of the Red Bank lodge of Elks, Red Bank council, Knights of Columbus, and St. James Holy Name society. He also has taught physical education at St. Joseph's school, Keyport, St. Ann's school, Keansburg, and Star of the Sea school, Long Branch.

Alex Wojciechowicz

He has completed courses in recreation and property management at Rutgers university and insurance and real estate courses at the Vale school, Newark. A member of the Newark Bears professional football team in the old American league, Mr. Kretowicz has lived and taught in New England, California, North Carolina and Virginia, and declares that this background has given him "a close knowledge of present-day values and educational systems" for prospective buyers of residential properties and farms listed by his firm, its specialty. He resides at the Bergen pl. address.

A graduate of South River high school, where he was all-state in 1933, Mr. Wojciechowicz was All-American in 1936 and 1937 at Fordham. He played pro ball with the Detroit Lions between 1938 and 1945, and was a member of the Philadelphia Eagles from 1946 to 1950—and a member of its 1948 and 1949 championship teams—he has been elected to football's Hall of Fame.

Associated three years with the Bankers' Life Insurance company of Iowa, N. J., Mr. Wojciechowicz has specialized in casualty insurance, with an office in his home. He will sell residential properties and building development sites throughout Monmouth county. He also is proprietor of the All-American day camp at Wanaamassa, which he has maintained during summers for three years.

The Adams agency offers free consultation service—"how to sell or buy your home." Mr. Kretowicz added, "We outline procedures for securing a mortgage to those interested in buying, and offer free estimates to those persons who want to sell their homes." He said.

Group to Study Municipal Affairs

FAIR HAVEN—Announcement that the organization of a Fair Haven Civic association was in progress was made at Monday night's meeting of the mayor and council by Frank M. Sibley of 2 Hillcrest rd., temporary chairman of the group.

Mr. Sibley told Mayor Edgar V. Denise and members of the council that it will be the purpose of the civic association to co-operate with them on all matters for the benefit of the residents of Fair Haven.

Expressing pleasure at the announcement, the mayor said, "We've tried for years to have more people take an active interest in borough affairs."

Later Mr. Sibley referred to the attendance at the meeting of more than 75 persons who are directly interested in forming and supporting the civic association, as evidence of the "great need and interest shown in the formation of the new association."

Public notice, Mr. Sibley said, would be made of the first meeting to be held by the association in the immediate future, giving the place, date and time of meeting. "All residents of Fair Haven," he said, "are urged to attend this meeting and give their support to the benefit of the Fair Haven Civic association."

Marine View Re-elects Four

ATLANTIC HIGHLANDS—Four directors of the Marine View Savings and Loan association were re-elected for three-year terms at the annual meeting last week. Officers of the association were appointed at the meeting.

Re-elected directors were William Dennis, Stanley F. Sculthorn, W. Raymond VanHorn and Stanley J. Marek. Officers appointed were: Timothy M. Maxson, Jr., president; Mr. Dennis, vice president; Mr. Sculthorn, treasurer; Ralph H. Sweeney, secretary; Milton Kruse, assistant treasurer, and Howard W. Roberts, counsel. Other members of the board of directors are Frank S. Siegfried, Victor E. Grossinger, Harold D. Willett, D. A. Caruso, Frederick Katz and John M. Pillsbury.

At the close of business Dec. 31, assets of the association amounted to \$2,694,916.32—an increase of \$420,609.86 over the previous year, it was reported at the meeting.

Total savings receipts for 1952 were \$624,489.59. These savings were principally invested in home financing here and in this vicinity to buy or build homes, and to finance repairs, alterations or improvements. Home finance loans made by the association, the report continued, were part of the \$2,000 homes financed by the savings and loan associations throughout the state. They helped to establish a new high in the number of families in the state owning their own homes. Home loans held by the association at the end of the year amounted to \$2,188,474.71. Funds advanced for the financing of homes during the year totaled \$732,848.86.

Members' accounts in the association are insured against loss to the extent of \$10,000 per account by the Federal Savings and Loan Insurance corporation.

March of Dimes Canvass Planned

One of the most dramatic efforts for the 1953 March of Dimes campaign will be conducted in a score of Monmouth county communities tomorrow night (Thursday) when the "Mothers March on Polio."

Hundreds of volunteers will make a door-to-door canvass of their home towns to collect donations. Home owners are asked to turn on their porch lights, or a front light, between 7 and 9 o'clock, to help the women volunteers, who have enlisted from Parent-Teacher associations, church organizations, women's clubs and other social and civic groups.

The communities to be covered and their chairmen are: Rumson, Mrs. John Galm; Sea Bright, Ralph W. Lawrence; Highlands, Lewis D. Smith; Atlantic Highlands, Mrs. Frank Siegfried; Eatontown, Mrs. Katherine Adams; Monmouth Beach, Mrs. William George; Long Branch, Mayor Alexander Vineberg; Neptune City, Mrs. Chris Olsen; Ocean township, Peter Arnold; Spring Lake, Mrs. Richard Leonard; Wall township, Rev. Second National Doubles Profit, Taylor Reports

VanMater Declines Election as Director, Others Re-elected

Miner McCall Taylor was re-elected president of the 88-year-old National Bank of Red Bank yesterday at the annual shareholders' meeting, which found a record \$76,439 of the 520,000 shares being represented.

Miner M. Taylor

In his report Mr. Taylor pointed out that the operating profit before income taxes and adjustments was \$127,903.18, more than twice 1951's \$53,048.69. The operating income jumped from \$354,896.95 to \$502,907.18 while the operating expenses increased from \$301,848.25 to \$375,004.

Describing 1952 as "one of substantial progress," Mr. Taylor said deposits, loans and earnings increased. The total deposits are \$19,149,805.38 compared to \$15,318,596,538.40, an increase of 153,106.98. Loans totaled \$3,396,617.41, an increase of \$1,582,722.60, which he said was largely due to mortgage and personal loans although all classes of lending were greater.

Included in the accomplishments of the year were the addition to the building which gave needed space to the bookkeeping department and the trust department and the curb teller on Wallace st. which Mr. Taylor said has been a great help to checking account depositors, who are able to deposit or withdraw without leaving their autos.

He added that the convenience to the bank's patrons was not the only favorable result of the curb teller, saying that fewer people must tour the streets looking for parking spaces and thus the municipal parking problem has been relieved.

Concerning loans made by the bank, the president said the year had found the institution active in assisting churches, making it possible for new construction. He particularly cited loans to the Methodist and Presbyterian churches and the promise of a loan to the Christian Science church.

Along with other banks in the county, Second National participated in furnishing money to the county. Mr. Taylor pointed out that the bank barely missed out in its bid to finance the Red Bank high school addition, being bid \$200 to \$300 more on the combined interest rate. The bank placed second in the bidding. The bank also arranged to lend the legal limit to the state highway authority, which is building the Garden State parkway.

With the exception of James B. VanMater, who declined to seek re-election as director, the board will remain the same. No one was elected to succeed Mr. VanMater. The directors are Alton Beckman, Jr., Weeber W. Brook, C. M. Cubbage, Homer C. Methot, Leon Reussable, Jr., Mr. Taylor and J. D. Tuller.

All officers were re-elected. Besides Mr. Taylor, they include James VanPelt, executive vice president; Mr. Reussable, vice president; William B. Lyman, vice president and cashier; Arthur T. Parla, controller and assistant cashier; Paul N. Janney, trust officer; Elsie B. Mason, assistant trust officer; Elwood A. Dunne, assistant cashier; William B. Little, Jr., assistant cashier, and Harry B. Mazza, assistant cashier.

Lt. Col. Deerin Attending School

FORT LEE, VA.—Lieut. Col. James B. Deerin, whose wife, Mrs. Lucy L. Deerin, lives at 319 Branch ave., Little Silver, has been assigned to the Quartermaster school here and will enroll in the associate advanced quartermaster officers' course.

A veteran of five years of active duty, Col. Deerin served in the South Pacific and the Philippines in World War II. He was assigned to the 368th Quartermaster Truck company from August, 1945, to September, 1945.

He is a graduate of Seton Hall Preparatory school, and worked as a reporter for the Newark News before entering the Army.

Col. Deerin wears the Bronze Star medal, the Asiatic-Pacific theater ribbon with four battle stars, and the World War II Victory medal.

The Red Cross bloodmobile will be at the Salvation Army headquarters, 20 Riverside ave., Wednesday in an effort to reach a quota of 150 pints, which is due to the added collection of blood in fighting polio.

The government has asked the Red Cross to collect blood to be processed into gamma globulin for use in prevention of paralysis in polio. Mrs. James E. Grady, Jr., chairman of the Red Bank branch, said it is necessary to collect 5,000,000 pints of blood in '53. She added that "the importance of collecting blood cannot be stressed too heavily when we realize that it may be of aid to our own children should they be exposed to polio."

The blood collected by the Red Cross has four uses. First is for the armed forces in Korea, next is the building of a safe plasma reserve for national defense purposes, third is the need for whole blood in civilian hospitals and fourth is providing blood for the gamma globulin program. The needed blood represents the highest peak of any year during World War II.

"It is a recognized fact that giving a pint of blood is no more strenuous than playing a game of golf," Mrs. Grady said, adding that the bloodmobile has the approval of the county medical society and the national Health Institute. She asks that volunteers call the Red Cross, RE 6-3443, to make an appointment. Donors, who are examined before being accepted, should not eat fried foods, fatty seasoned or cooked with fat, fatty meats, butter or mayonnaise, pie or cake, milk or shortening, or cream for four hours before the donation.

Elect Officers, To Mark Birthday

MARLBORO — Officers were elected and Mrs. Ada Mc Cue was named chairman of the committee for the party to be held next month in celebration of the fifty anniversary of the Ladies' auxiliary of the fire company. The meeting was held Monday at the fire house and was attended by 26 members. Plans were discussed for the annual New York trip in April, when the group will see one of the Broadway shows. Mrs. Margaret Voorhes is in charge of obtaining theater tickets.

The present officers will serve for another term. They are Mrs. Alice Stolz, president; Mrs. Lila Buckley, vice president; Mrs. Dorothy McCue, secretary, and Mrs. Frances H. Mancini, treasurer. The revised by-laws were read and approved by the group.

A farewell gift of a hammered aluminum serving tray was presented to Mrs. Mabel Lowerre, a charter member, who is leaving soon to make her permanent home in Florida. The recipient was also surprised when she saw the party cake, decorated in her honor and wishing her "Good Luck." Ice cream and coffee were also served by the refreshment committee comprising Mrs. Stolz, Mrs. Emily Tilton and Mrs. Ada Schwartz.

Mrs. Ann McMoine showed the group a series of colored slides. Many were views of the auxiliary at various meetings and parties at the fire house, and others showed the men and women in uniform at firemen's parades. There were also views of Mrs. McMoine's immediate family.

Members present, besides those mentioned, were Mrs. Dorothy Cook, Mrs. Jean Borkenbagen, Mrs. Lillian Conover, Mrs. Isabel Sickles, Mrs. Theresa Sickles, Mrs. Maude Conover, Mrs. Verna Molnar, Mrs. Katharine Sadowski, Mrs. Adeline VanCuren, Mrs. Eva Divens, Mrs. Florence Tyan, Mrs. Eleanor Mancini, Mrs. Lillian Rippey, Mrs. Edith Sickles and Mrs. Adrienne Marks.

Palsy Unit Plans A Nursery School

LONG BRANCH — A nursery school will be opened Saturday in the clinic of the United Cerebral Palsy unit of Monmouth and Ocean counties Saturday at Long Branch with Mrs. Mildred Roth as supervisor. The school is planned to give children afflicted with cerebral palsy a chance to have contacts with other children and supervised play time.

Arrangements for the school opening, and the hiring of an occupational therapist for the clinic, were made at a meeting Thursday at the Long Branch Elks club. A film, "A Place in the Sun," made by the Junior League of California, was shown, covering the program for cerebral palsy children in that state. Three members of the Long Branch Amateur Movie club showed the film, and offered their assistance to the club to show the film to other interested organizations.

The following were elected: Armand Agamemnon, president; Mrs. James Dolg, vice president and financial secretary; Luke Pryor, treasurer; Mrs. Pryor, recording secretary; Mrs. William Dowell, corresponding secretary, and Mrs. Michael Valenti, membership secretary.

Mr. and Mrs. Wallace Hankins of Manasquan, two new members, were introduced. Mrs. Pryor was named publicity chairman, to be assisted by Mrs. Harry Abbott.

Friday Mr. Pryor, Mrs. Morris Lillon, Joseph Putterman and Nicholas Connor, representing the unit at the meeting of the state cerebral palsy group at Essex House, Newark, the unit is now affiliated with both the state and national cerebral palsy groups.

Chorus Directors

Meet at Little Silver

LITTLE SILVER—The board of directors of Monmouth Civic chorus met recently at the home of the director, William Gordon Padgug, on Little Silver Point rd. The major work of the chorus this winter will be the presentation of Mendelssohn's oratorio, "Elijah." The chorus, consisting of 70 voices, will be assisted by well-known professional soloists as well as a large orchestra.

Millard Sherk presided and reports were given by Mrs. Hosea Clark, Miss Betty Macintosh, Oscar Henning and Donald MacLean, Jr. Also attending were Marjorie Groot, Polly MacLean, Edward Wall and Edward C. Hinkelman.

Rumson Nursing Group Hears Resume of Activities

RUMSON—Activities of the Public Health Nursing Association of Rumson, Sea Bright and Fair Haven, were outlined in reports given by committee chairmen and staff nurses at the annual meeting last week in the nurses' offices in the borough hall here.

Mrs. Iris C. Wilson, one of the association nurses, reported the nurses made 2,460 visits in the three boroughs, giving service in non-communicable diseases. Nurses also helped patients to become admitted to Glen Gardner and Allenwood sanatoriums for tuberculosis treatments, and in the same category, did follow-up work with discharged T.B. patients.

Nurses helped the association physician, Dr. Irving K. Lovett, at well-baby conferences conducted in the three boroughs. In this service, nurses made 241 visits to infants, and delivered 144 birth certificates. At the well-baby conference, Dr. Lovett cared for 233 pre-school children and 113 infants. This program included weight checking, giving advice on general health questions, and immunization treatments. Nurses also secured baby carriages, bassinets and layettes, and a layette was placed with the social service department at Monmouth Memorial hospital. Replacements were made when the layettes were given to needy mothers.

Visits to Schools
Nurses made 436 visits to school children at home and 140 visits to pre-school children. They also made 880 visits to the five schools in the three boroughs, seeing 891 children in school health rooms. They weighed, measured and vision tested the children, and also gave hearing tests and physical examinations to pupils of the first, fourth and eighth grades. After examinations parents were notified of defects found, and arrangements were made for the children to attend clinics. Eyeglasses for children were partly paid for with contributions by the Fair Haven Lions club.

In co-operation with Parent-Teacher associations of the three communities, the nurses also carried on summer round-up programs. The immunity program for school children included giving tetanus toxoid to 50 children in the Sea Bright school in April. In the adult health service program, 211 patients were visited. The association's hospital beds were in constant use, and were transported from home to home by employees of the Rumson borough. Last year, the association was given a folding wheelchair by a Sea Bright resident. Money also was expended for X-rays for clinic patients, medicine for needy families and Christmas baskets, toys and clothing.

Visual Aid Work
Nurses also conducted an educational program in the schools using visual aids. Several films including the Walt Disney cartoon, "How to Catch a Cold," were shown. The education committee, of which Mrs. George Burt is chairman, assisted with this project. Officers of the

association spoke at meetings of the P.T.A. and other groups, explaining the association's program. Miss Marion Duckers, Rumson school nurse, brought several social hygiene classes to the nurses' offices to study the group's health program, as also did the Junior Service League of Red Bank. A new film to be shown next month in the schools is "The Modern Guide to Health."

Mrs. Bennett Vroman of the dental committee said 153 children were given dental care, and that Dr. Louis Melacel held 15 clinic sessions. Dr. Lloyd Vaccarella, 17 and Dr. Oscar Kraut, 32. Ten pupils of Holy Cross school received treatment at the clinics, 34 from Rumson public schools, 33 from Sea Bright, and 76 from Fair Haven. Children made 311 visits to the three mentioned dentists, and 507 fillings and 88 extractions were made and 52 X-rays taken.

Mrs. E. Jackson Batchelor gave a report of the school child committee. Mrs. Garrison King, she said, secured volunteer workers to assist nurses in carrying out the program from the association membership, the P.T.A. and interested residents of the three communities. These volunteers worked in the schools making eye tests, weighing and measuring, and assisting with general physical check-ups.

Audiometer Bought
Last fall the association purchased an audiometer for hearing tests. A Rumson resident gave \$50 toward the cost, the Fair Haven Lions club \$275, and the balance was paid for by the association. The audiometer cost more than \$500.

The welfare committee received assistance from a number of organizations. Girl Scouts of Rumson kept storage rooms in order, and during the summer repaired toys and dressed dolls for Christmas gifts. At Pitkin, Monmouth Memorial and Riverview hospitals, the association kept outfits so that mothers in need from the three boroughs would have new clothing for their babies.

Organizations gave food, clothing and money to the committee. Contributions were received from the auxiliaries of Rumson, Oceanic, Sea Bright and Fair Haven fire companies, Rumson Presbyterian Ladies' Aid society, Women's Society of Christian Service of the Sea Bright, Rumson and Fair Haven Methodist churches; St. Mary's and St. George's guilds, Woman's clubs of Rumson and of Red Bank, Junior Service League, Sea Bright Home and School association, P.T.A.s of Rumson, Fair Haven and Holy Cross, and pupils of the Rumson Country Day school.

Officers Elected
Officers elected were Mrs. Burt vice president and Miss Grace Foster corresponding secretary. Elected directors for two years were Mrs. George Coe, Jr., Mrs. William Heatley, Mrs. Manton Metcalf, 3d, Mrs. Richard Scudder, Mrs. Norman Teerge, Mrs. John Cullen, Mrs. Lloyd Lawrence, Mrs. John Miller, Mrs. Randall Keator and Mrs. Francis H. P. McCarter.

Committee personnel named by the president, Mrs. Robert G. Lisle, were as follows: Mrs. Vroman, appeals; Mrs. Scudder, care; Mrs. Bayard Stout, Christmas; Mrs. Jerrold Meyer, community affiliations; Mrs. Eurt, Mrs. Cullen, Mrs. Batchelor, Mrs. Joseph Hunter and Mrs. Russell A. Strothman, community education; Mrs. Merritt Lane, files; Mrs. Heatley, Mrs. King, Mrs. Scudder, Mrs. King, Mrs. Stout, Mrs. Scudder, Mrs. King and Mrs. Horace K. Horner, finances.

Mrs. Keator, Mrs. Teerge and Mrs. James G. VanNostrand, infant and pre-school child; Mrs. Metcalf, Mrs. Lawrence, Mrs. Scudder and Mrs. Coe, nominating; Mrs. Hsley, Mrs. Burt, Mrs. Batchelor, Mrs. Hunter and Mrs. VanNostrand, nursing; Mrs. Strothman and Miss Porter, publicity; Mrs. Batchelor, Mrs. Hunter, Mrs. King, Mrs. Keator, Mrs. Heatley, Mrs. Cullen, Mrs. McCarter and Mrs. Miller, school child; Mrs. Strothman and Mrs. Vroman, welfare; Mrs. Keator, Mrs. King, Mrs. Lane and Mrs. Metcalf, volunteers.

The guest speaker was Mrs. Rose Wilkerson, executive secretary of the youth consultation service of the Protestant Episcopal church of the diocese of New Jersey. This group, she said, gives service regardless of religious affiliation on the recommendation of social organizations, doctors, hospitals, clergymen and other professional people.

Visual Education Methods Explained

HOLMDEL—John W. Weed, director of visual aid in the Long Branch schools, was the speaker at the meeting of Holmdel Township Parent-Teacher association Tuesday at the school. He showed films and discussed the advisability of learning from seeing, to learning from reading.

The P.T.A. was asked to join the cookie parade of the county P.T.A. and to supply cookies the week of Feb. 9. The cookies will then be packed and distributed to Air Force members serving at various points in the county.

Tentative arrangements were made for a food sale to be held at the Keyport auction. Members were invited to attend the county P.T.A. founder's day luncheon Feb. 17 at Joseph's restaurant at West Long Branch.

Mrs. Edwin Liebenow, president, announced that school board election will be Feb. 10 at the Township hall at Holmdel.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set. Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

BY

ROLSTON WATERBURY

The C. P. A. discussed income taxes with his client.

"Don," he said, "if your tax bracket you'd be smart to own your own home. Besides the pleasure you'd get out of it, there's definite income tax advantages."

"Like what?" Don said.

"Like extra deductions," the C. P. A. replied. "Provided his personal deductions exceed the standard allowance, a home owner can deduct interest paid on his mortgage, and his real estate taxes."

Don whistled. "That would amount to about \$600 a year."

"Yes," the C. P. A. replied. "In your bracket you'd pay \$182 LESS income tax if you owned a home. That's a tax savings of over \$15 per month!"

"Don't tell my wife," Don said with a grin. "I'll surprise her. I'll tell her I've found a way to trim \$15 per month off the budget."

The C. P. A. grinned too. "Seriously, though," he said, "even in the lowest tax bracket at 22 percent, those extra deductions are worth looking into."

Contestants in Shrewsbury's School Board Election

William E. Crome

Mrs. Nathan Iselin

Fred C. Lewis, Jr.

Vincent J. McCue

SHREWSBURY—Shown are the principals in the Feb. 10 board of education election in Shrewsbury, at which time three seats will be filled. Mrs. Iselin is the only incumbent. The vacancies were caused when Mrs. Arthur Ross and William Fluhr declined to seek re-election.

Mr. Crome was born and educated in Illinois. Coming East in 1932, he has lived in Shrewsbury the past five years in his home on Sycamore ave. Married, he has two children.

Until his resignation in 1947, Mr. Crome was employed 23 years by Cuneo Press, Inc., in Chicago and Philadelphia as estimating department manager and as methods department manager. Next he became consultant to printers and publishers, continuing in that line until entering the employ of McGraw-Hill Publishing company in New York in July, 1948. He is the manager of the production department with that firm, specializing in production cost control and budgeting. Mr. Crome has been a trustee of the Presbyterian church the past two years and has served on the local Boy Scout committee.

Mrs. Doris Iselin

Mrs. Iselin, a native of Freeport, L. I., where she was graduated from high school and business school, has lived on the Jersey shore since 1942, moving to Shrewsbury in 1947. She and her husband,

Mr. and Mrs. John Kronenberger and Mr. and Mrs. Martin Lohsen attended the performance of Guys and Dolls and visited the Latin Quarters at New York city last Thursday.

Mrs. John Aitken attended the wedding of Douglas Foulks, West Keansburg, Jan. 24 at Bayonne.

Initiation of members of the Daughters of America, Bayville council and birthdays of secret pals was held Friday evening. New members received were Mrs. Constance Christie, Mrs. Dorothy Fo-

who is associated with Korell Dress Manufacturers in New York city, live at 945 Broad st. They have two children, Ann, a seventh grade pupil, and Martin, fourth grade. She is chairman of the local Girl Scout troop committee and a member of the Little Silver Woman's club. On the board the past year and a member of the teachers' committee, Mrs. Iselin was elected last February to fill the unexpired term of John D. Newman, who resigned because of moving from the borough.

Fred C. Lewis, Jr.

Mr. Lewis was born in Newark, graduated from Columbia high school in Maplewood and in 1939 received his bachelor of science degree in mechanical engineering at the Newark College of Engineering. Holder of a professional engineer's license, he has been associated with various engineering and manufacturing firms during the past 14 years. He is now with Colgate Palmolive Peet company, in the research and development department at Jersey City. Prior to that, he was with the Kellogg corporation doing atomic plant design engineering; maintenance supervisor for Hoffmann-La Roche, incorporated, a pharmaceutical concern in Nutley, and plant engineer during the construction of the modernistic plant for the Ortho Pharmaceutical corporation at Raritan.

After graduation from college, Mr. Lewis spent seven years with the Worthington corporation. Dur-

ing the war, Worthington sent him to power plants throughout the U. S. as a specialist, trouble shooting, redesigning, enlarging and developing power-plant equipment to meet emergency requirements of war production. He also assisted in the development of the "packaged" power plants which were used by the armed forces in bomb- ed out cities.

Mr. Lewis is married to the former Philletta Hotz of Maplewood, a graduate of the Newark State Teachers college. Mrs. Lewis was a teacher in the Morris county school system and is now a substitute teacher here. They have two children attending the local school.

Mr. Lewis is a member of the Second Reformed church and Franklin lodge 10, Free and Accepted Masons, in Irvington. He is active in Monmouth Boat club and a member of the Lightning class fleet, Shrewsbury Parent-Teacher association, Sigma Pi fraternity and the Survivors' club of the ill-fated "Brokers."

Vincent J. McCue

Mr. McCue is a native of Shrewsbury, educated here and graduating from Red Bank high school, the University of Notre Dame and New Jersey Law school. He is a partner in the Red Bank law firm of Quinn, Doremus, McCue and Russell. Both his sisters are members of the Red Bank school system, Miss Mary McCue being principal of the Oakland Street school and Miss Louise McCue being a member of the Mechanic Street school faculty.

Married to the former Miss Helen Mazza of Red Bank, Mr. McCue and his family live at 748 Broad st. There are five children, three of whom attend the school here. Vincent J., Jr., fourth; James, first, and Marie, pre-primary. A member of Shrewsbury Hose company and a veteran of Army service in World War II, he is a member of the New Jersey Bar association.

SPLITS and MISSES

BY PAUL A. ALBRECHT

We start this week's column on a sad note. Many an old timer, and most of those who have been bowling since before 1930, will remember Al Dessart, Jr. Al was an active member of the Monmouth County Bowling Association from its inception. He rarely missed a meeting and was a big factor in making it the well run, large organization it is today. He moved up through the ranks of vice presidents and was president during the season of 1947-48. He was tournament chairman the year before, when this event was held in Bradley Beach. These were the years that this event was feeling its growing pains and developing into the largest sports event in the county. Al did most of his keeling in and around Bradley Beach, Belmar and Asbury Park and was one of the best liked. He never quite reached the heights as one of the top bowlers in the county but proved his knowledge of the game and great understanding of the bowler's trials and tribulations while he held office. He attended meetings faithfully until 1949 when he moved to West New York to live with Al, Jr. Even then he would attend at least one meeting a year. In fact it was the meeting before last that he made his last appearance in Monmouth county. It was last Wednesday that he left to join the bowling league where all games are 300. Those of us who knew him and worked with him will really miss him.

There was some very good bowling last week and also some odd games. Last Monday night Fred J. Bruno had the Red Bank Businessmen's loop holding its collective breath for eight straight frames as he opened the evening with that many strikes in a row. He failed to get the ninth one but did total a whopping big 377 count to move into possession of high single game in this loop. This topped Howard Gage's 357, the previous high. His three-game total of 1056 fell one pin shy of tying Bob "Chick" Forbes for high series. Besides the league honors, Fred will also be the recipient of one of those bowling clocks awarded by Nat's Jewelers for any male kegger who rolls 275 or better in a sanctioned league. The ladies will collect a like award for a game of 230 or better. So far we have not heard of any woman kegger in Monmouth or Ocean county rolling this high. If any of you readers know of a distaff kegger who has rolled 230 or better this season, in a sanctioned league, please let us know. In order to be eligible for this award, the original score sheet must be presented to Ed J. Bahr with the signature of the loop's secretary, as proof.

There was some high class bowling in the "A" division of the Shore Firemen's loop Friday evening. Up in Highlands, two hot teams faced each other as the county seat representatives invaded Highlands. Freehold totalled 2,789 but could only win the last game with a nice 981 count. Highlands rolled 986, 988 and 923 for a neat 2,898 total. Tom Tomaine continued his unbeatens kegerling with games of 200, 212 and 191 for 603 while Babe Anthony just couldn't connect for a strike on alley four. It wasn't until the tenth frame of the last game that he was successful in this and then he struck out. With it all he had games of 195, 194 and 194. This means that he had a strike on alley three almost every time. In fact that first game was a "Dutch 200" if he had gotten a strike on the last ball, but he only got eight. This was close, but not quite as good as he was Wednesday when his scores of 210, 175 and 200 for 603 was the best single effort of the team men in the Bahr's Landing vs. N. J. Natural Gas Co. match in the Highlands Wednesday Night loop. Even then Babe was playing in hard luck as his Natural Gas gang still managed to lose two games. In that "A" match, Les Clayton was top man for the losers with 203, 195 and 200 for a 604. Phil Daly's took the odd game from Eatontown to remain in first place and even increase its lead to two games. Liberty 1, 906, gained ground as it swept through Oceanport to the tune of 905, 1,005 and 927. The Liberty men look as though they have finally found themselves and are rolling as we know they can. That 1,005 middle game is high for the loop and all five men carried their share of the load. "Blinging" Subby Golino was high man with 222. Pat Ambrosia had the distinction of being low man with 203. Amory Caborn hit for 207; Lupe Ruffin, 210; Denny Arnone, 220, and Fred Sacco was scorekeeper. An unbeatable combination if we ever saw one. Denny was the leading light in this charge as he totaled 642 for the night. They lost game, 576 to 527, was no walkaway as it would seem. Liberty went into the tenth frame on the short end of the score. After Subby spared out, the roof fell in on poor Oceanport. Pat, Denny, Amory and Lupe all followed each other in striking out. Yes, these boys finally look like "A" kegers. Keep it up, gang. This leaves you 4 1/2 games off the pace.

There are only two openings left on the 8 p. m. squad of the Totley Trophy event in the Monmouth County Bowling Association annual tournament. This is always a hotly contested event with the winners walking off with cash as well as the trophy. Red Bank Recreation has always had a team in this event and to make sure of it this year they were the first team to send in their entry. The others who are in on the 8 p. m. squad are Liberty 1 of Red Bank, Turf Bar of Oceanport, Larchwood of West Long Branch, Andy's Service Station of West Long Branch, Champ's Bar and Grill of Keanburg, Meulin Boogie of Eatontown, Highlands Recreation, Schwab's Real Estate of Spring Lake Heights, Shore Bowling Center of Manasquan, Monmouth Gardens of Freehold and Middletown Township. The 8 p. m. squad now has Keyport Recreation, Spring Lake's Steve's 4N club, Atlantic Highlands's Atlantic bakery, Long Branch Bowling Center, Fair Haven's Willowbrook, Key-Mat Recreation, Asbury Park Recreation, Wall township, Bradley Beach Recreation and Red Bank Bowling.

January is the March of Dimes month and throughout the county bowling is putting on special matches to raise funds for this great cause. There are scheduled matches between picked teams from the Bayshore loop and the Bradley Beach Major; a special two-event match at Dan Dillon's West Long Branch lanes Feb. 1, and a match is cooking between the Red Bank Businessmen's and the Red Bank Bowling Center City leagues. That match in West Long Branch should be a humdinger. There will be a three-game event with Sid Baum vs. Joe Menzopoulos, Bruce Ottmer vs. Ed Taylor and Nurdy Aschettino vs. Tex Tomaine. Following this, Sid, Bruce and Nurdy will team up against Joe, Ed and Tex in a three-game team event. You will recall that at the last county meeting, Sid, Bruce and Nurdy were awarded prizes for rolling the highest three-game total in the country for a three-man team. Joe, Ed and Tex are capable of duplicating this performance. So you see, this should be a match well worth watching.

The North Shore Church loop and the Shore Church loop met Saturday night for the first half of their March of Dimes match. This half was held at the Red Bank Bowling Center with the Shore Church group as hosts. The Aces donated the use of the alley for this fine match and should be given a big vote of thanks for doing their part to help this great cause. The boys who did the work, however, were Gill Twelves, 418; Don Newman, 408; George Patterson, 319; Bob Oliver, 315, and Hank Davis, 408, for the Aces of the North Shore league. For the Shore boys it was Fred Satter, 323; Sam Zel, 403; Bob Bennett, 384; Ray Corvett, 328 and 349; Herb Wood, 386 and 348, and Ralph Citadine, 324. This means that the North Shore loop will be hosts this Saturday at the Belmar lanes and have a 100-pin deficit to overcome. There is a prize for high three game donated by Cliff Kunkel, president of the North Shore Church league, and also one for high single game for the Shore Church league. So far, Ray Corvett is in line for both of them but so are the only one breaker is a man Herb Wood would be next. This could be changed Saturday, however. The B team ended a little closer in this first half action, but the Shore loop was again on top. For North Shore it was Jack Williamson, 501; John Logan, 491; Earl Gardner, 401; Ray Trimmer, Jr., 484, and Leon McLaughlin, 472. For the Shore group it was William Morahan, 500; Sam White, 394; Harry Garcon, 584; Harry Matthews, 397; Melvin Longstreet, 488, and Steve Carter, 385. There is a mere 20-pin difference here so it is hard to predict the winner.

Sunday afternoon, Red Bank Recreation was once again the scene of a March of Dimes match, this time between the day and night shifts of Bendix. Bendix was behind this all the way by counting a beautiful trophy that will be awarded for each year and each team that wins the trophy. The night team led the day team out of the gate in the first game by rolling an 800 as against 718 after being down 75 pins at the end of the second game. The day shift did come up with the only 600 game, a 598. For the night side it was Art Cummins, 484; Jim Williams, Jr., 478; John Pickens, 325, and 500; Pat Carson, 348 and 384, and Don McCue, 318. The day shift apparently wasn't used to bowling in the afternoon and just couldn't maintain the fast pace they set in the first two games. A Jack Smith, 434; Joe Croyman, 500; Russ Munson, 432; Jim Osborne, 388, and John Bonadenti, 516. Carson's 348 was high single and his 388 tied Osborne for high three. Nice going, all you March of Dimes warriors.

That Oakhurst Businessmen's loop means business. Last week it came up with a slew of 300's and three 600's. Wait Ward, fresh from a trip to Florida led the league-leading Danielson's Masons to a double win over Nick's bar with 540 and 612. Nick's put up a stiff fight with the anchor man, Roy Townsend, tossing that hook for 542 and 635. John Hornish was high man, though, with 333 and 630. Danielson's put together a 1,044 game but was topped for the evening by Long Lane's new league high single game of 1,045. Long Lane is on the march out of the cellar at long last. In fashioning that 1,045, the first four men struck out. This is what we call bowling.

Bendix March of Dimes Winners

John Pickens, captain of the night shift bowling team, holds trophy pinners received in winning the Bendix March of Dimes bowling match last week. Others in the picture, standing, left to right, are Pat Carson, Ed Webb, night shift secretary, and Ken Sutphin. Kneeling, left to right, are Art Cummins, Jim Williams, Jr., and Don McCue.

Dr. Marc Krohn

Heads Gun Club

MIDDLETOWN—Dr. Marc Krohn of Belford was recently elected president of the Middletown Rifle and Pistol club at the annual election of officers meeting.

Others elected were Gerald F. Fuller, Little Silver, vice president; Frank J. Triolo, Fair Haven, treasurer; Hartsu R. Wilkinson, Monmouth Hills, executive officer, and Ben P. Nussbaum, Little Silver, secretary.

At the next session films will be shown which will feature safety training and instruction in pistol and revolver shooting, including position, grip, trigger squeeze and all important points in hand gun shooting.

The annual club venison dinner will be held next month. Herbert Parkell is chairman of the affair.

The club is seeking new members and interested pistol and rifle men are requested to contact Mr. Nussbaum, club secretary.

ESTABLISHED 70 YEARS

Seek Return to Board Seats

Mrs. A. Edwin Burdge

George W. Ryser

LITTLE SILVER—Present members of the board of education who seek re-election in the Feb. 10 election are Mrs. A. Edwin Burdge and George W. Ryser. They are opposed by Mrs. Walter Ingram and Karl Jacob.

A native of Little Silver, Mrs. Burdge is the daughter of Mr. and Mrs. James Lane of Prospect ave. She received her elementary and high school education in Red Bank schools. She was graduated from Rider college in Trenton as teacher of business and business administration, remaining on the college faculty for a year before entering public school education as a member of the faculty of Bristol high school, Bristol, Pa. In her second year there, she became supervisor of the commercial department. After her marriage, she was a substitute teacher in Red Bank high school and did considerable adult education in private schools. She moved back to Little Silver 13 years ago.

The mother of five children, two

daughters are in the eighth grade here; a son is a sophomore at Red Bank high; a son is associated with his father in business, and a married daughter lives in Ames, Iowa.

Mrs. Burdge has been active in the local Parent-Teacher association, serving as secretary in 1948-49 and as president from 1949 to 1951. She now is president of the Monmouth County Council of Parent-Teacher associations, a member of the Married Couples Bible class and the church choir of the Red Bank Methodist church.

An advocate of the need for more public interest in and co-operation with the school board, Mrs. Burdge regularly attended meetings of the board the past four years. In July, she was appointed by the board to fill the unexpired term of Mrs. LeRoy C. Tyack, who moved from the borough.

In announcing her candidacy, Mrs. Burdge told her "beloved" in the public school system of education as a vital factor in our demo-

cratic way of life" and pledged "service to the community through a co-operative effort with other members of the board, with administrative and professional personnel and with parents and other lay citizens in obtaining the best possible education for every child in the community."

Mr. Ryser came here in 1925 from Kane, Pa., and was graduated from the school in the old building in 1929, now the borough hall. He joined the Railway Express agency in 1927 and, after having served in various offices in the Eastern division, has been appointed manager of the Red Bank branch. Before becoming manager he was chairman of the North Atlantic Lodge, Brotherhood of Railway Clerks, and vice chairman of the Allegheny system, Board of Adjustment, which handles labor disputes in six states.

He has been a board member the past six years, four of which were served as president. He is chairman of the finance committee and chairman of the special committee to build new facilities.

Married to the former Miss Margorie E. Poole of Long Branch, they have three children, twin daughters and a son. They live at 24 Salem lane.

Active in local affairs, he is a charter member of the Community club and chairman of the club's scout committee which formed the cub pack and boy scout troop here. A former Y.M.C.A. leader, he served six years on the borough's zoning board of adjustment and a member of the fire company.

In announcing his candidacy for re-election, Mr. Ryser said he is motivated by a sincere desire, "to attempt to serve the board and all of the residents of the borough by continually improving the excellent educational system we now enjoy."

Country Club Estates

Dr. and Mrs. George Wagner of West Wilson circle were hosts to the Friday club which met at their home last week.

The executive board meeting of the River Plaza Women's club met

at the home of its president, Mrs. George Wagner.

Mrs. Joseph Kelly of Navesink River rd. is a surgical patient at Monmouth Memorial hospital.

Mr. and Mrs. George Hoffmire of Lake Shore dr., were hosts at a canasta party Friday. Guests were

Mr. and Mrs. J. B. Foley of Red Bank and Mr. and Mrs. Charles L. Bowen of East Roosevelt circle.

Expected home this week from their vacation in Florida are Mr. and Mrs. Russell McConnell and song John and James of East Wilson circle.

Mr. and Mrs. Mitchell Colker and daughters Dinah and Paula of West Roosevelt circle returned last week from a four weeks' sojourn in Texas and Mexico.

Scientists believe the world is gradually growing warmer.

Car Through Rail, Driver Unhurt

Dr. P. M. Mortenson of 30 Bayview ave., Atlantic Highlands, escaped injury early Friday when his car, above, crashed through the guard rail at the Navesink end of Claypit creek bridge to Locust. A wrecker's efforts to move the car were unsuccessful, and a crane was employed to haul the vehicle to the road, Middletown township police said. Observers at the scene, left to right, Melvin Card, John Herbert and Robert Stanton.

Court to Hold Russians' Money

FREEDHOLD—After hearing the report of Bernard H. Weiser, local lawyer appointed guardian ad litem of Donna Demidovich, Alexandre Demidovich and Vladimir Demidovich, all infants who, if alive, live in the U.S.S.R., County Court Judge John Giordano, sitting in the probate division, Thursday ordered the three \$1,000 bequests left them under the will of their uncle paid into court.

The uncle, James Demidovich, who died July 8, 1948, a resident of Monmouth county, left his sister's three children each \$1,000. Arthur Knaster, Jersey City attorney appearing for the Russian appointed attorney for the legatees, had petitioned the court for a distribution of the monies in the estate which prompted Judge Giordano to appoint Mr. Weiser to investigate and make a report.

Mr. Weiser told the court Thursday that an uncle of the children who lives in Chicago had written him advising that he believes that not all three children still live and also read to the court a letter from the State department, which advised that though there may be no regulatory obstacle to a private remittance to an individual in the Soviet Union, the Secretary of the Treasury is authorized by law to determine the countries to which United States treasury checks

LOCAL BUDGET NOTICE

Section 1.

Local Budget of the Borough of Rumson, County of Monmouth, for the fiscal year 1953.

BE IT RESOLVED, that the following statements of revenues and appropriations shall constitute the local budget for the year 1953.

BE IT FURTHER RESOLVED, that said budget be published in the Red Bank Register, in the issue of the 20th day of January, 1953.

Notice is hereby given that the budget and tax resolution was approved by the Borough Council of the Borough of Rumson, County of Monmouth, on the 22nd day of January, 1953.

A hearing on the budget and tax resolution will be held at the Memorial Borough Hall, on the 20th day of February, 1953, at 8:30 o'clock P. M., at which time and place objections to said budget and tax resolution of the Borough of Rumson for the year 1953 may be presented by taxpayers or other interested persons.

EXPLANATORY STATEMENT

The 1953 budget of the Borough of Rumson, submitted for your approval, is prepared on a full cash basis, a required statutory procedure.

Borough Council is very conscious of the fact that taxes should be kept to a minimum and has done everything in its power to reduce the cost of government for the forthcoming year. The amount to be raised by taxation for local government purposes is \$187,825.53, an increase of \$5,920.21. The 1953 tax rate for local purposes, the only rate over which the Borough Council has any control, is estimated to be \$2.83 for each \$100.00 of assessed value, an increase of \$0.01. Final determination of the total 1953 tax rate will be made when the exact amounts to be collected by the Borough for county and local school taxes have been determined. On the basis of actual levies by these two governmental bodies in 1952, the total tax rate for 1953 would be approximately \$2.83 per \$100.00 of assessed value compared with \$2.82 for 1952. However, preliminary estimates indicate that the requirements of these two units will be up sufficiently over last year to require a further increase in the final tax rate.

Appropriations for operating expenses have increased \$7,640.00 over 1952, of which \$4,430.00 represents provision for salary increases to Borough employees. Appropriations for other expenses remain substantially the same as last year with the exception of the road department, which includes an appropriation of \$4,100.00 for new equipment in the operating section of the 1953 budget. A similar appropriation in the 1952 budget was listed under the capital improvement section and offset by a charge against surplus cash. Anticipated revenues reflect an increase of approximately \$1,000.00 which, together with increased ratables of \$270,725.00, are a contributory factor in reducing the tax rate.

Debt service appropriations are approximately the same as last year. \$80,000.00 has been appropriated from surplus of cash \$29,000.00 is being transferred from current surplus to the capital account and is not being spent. This is a budget procedure required by State law and it reserves the money for future capital expenditures. \$1,000.00 has been appropriated to offset increased appropriations for operating expenses.

Rumson completed operations for the year 1952 with a cash surplus of \$25,000.00 after providing for \$94,000.23 due the local school district during the first six months of 1952. Taxes collected for 1952 were \$5,720.00 of those levied, compared with \$4,540.00 for 1951.

The budget has been carefully prepared, is consistent with sound financing and is as low as it can be made without departing from the conservative policies which motivated the members of the Council in preparing it.

Death by Tree Called Suicide

FAIR HAVEN—John V. Morris, 72, of 1 Minton lane, who died Friday night at Riverview hospital three hours after being struck by a falling tree, committed suicide, Dr. Julius A. Toren, county physician, said this week.

Mr. Morris was struck by a tree on the property of Mrs. Harriett A. Smith, 852 River rd. The tree was being felled by Michael Braces and Bobby Setzer of Highlands, contractors. According to the report of Patrolman George Chandler, who investigated, Mr. Morris' wife, Mrs. Louise Kautz Morris, said she was standing with her husband on the north side of River rd. when he crossed the street into the path of the falling tree.

Setzer who attempted to push Mr. Morris from the path of the tree after shouting a vain warning, was struck a glancing blow but didn't require medical attention, said police.

Mr. Morris who suffered broken legs and a possible broken back was treated at the scene by Dr. John Powers and removed to hospital. Dr. Toren said this week the death certificate lists his death as suicide.

Born in Middletown, Mr. Morris was a son of the late John R. and Elizabeth Morris. Surviving besides Mrs. Morris, are a daughter, Mrs. Marie Parker, Union Beach; a sister, Mrs. Caroline Stryker, Red Bank; eight grandchildren and five great-grandchildren.

The funeral was held Monday afternoon at the Bedle funeral home, Keyport, with Rev. William B. Magam, pastor of the Fair Haven Methodist church, officiating. Burial was in Cedarwood cemetery, Keyport.

First Aid Squad Installs Officers

John Higgins was installed as president of the Red Bank First Aid and Rescue squad at a meeting last Thursday night. Others installed were Charles Bennett, vice president; Charles Knoll, Jr., secretary, and Edward Keefe, treasurer.

Line officers installed were Mr. Knoll, captain; Samuel Scalso, first lieutenant, and Frank Loversidge, second lieutenant. George Smith was the retiring president and James Dolg, retiring captain.

BENEFIT CARD PARTY
SEA BRIGHT—The Sea Bright Lions club at a meeting Monday night at Harry's Lobster house planned a card party for Mar. 6 at the lobster house for the benefit of the Home and School association. The action was in answer to a request from the association. The club will hold a scrap paper drive Sunday, Feb. 1.

FIRST CHURCH OF CHRIST, SCIENTIST

Red Bank

Services in First Church of Christ, Scientist, 209 Broad st., are held Sundays at 11 a. m. and 8:15 p. m. Sunday school meets at 11 a. m. Wednesday evening testimonial meetings at 8:15.

The Lesson-Sermon entitled "Love" to be read in Christian Science churches this Sunday shows how the prayerful acknowledgment of God's almightiness helps one to overcome fear and experience Love's guidance and protection.

The Golden Text is from Jeremiah: "Let him that glorieth glory in this, that he understandeth and knoweth me, that I am the Lord which exercise lovingkindness, judgment, and righteousness, in the earth." (Jer. 31:24.)

The following passage from the King James version of the Bible will be read: "There is no fear in love; but perfect love casteth out fear: because fear hath torment. He that feareth is not made perfect in love." (I. John 4:18.)

From the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the following correlative passage will be read: "The understanding, even in a degree, of the divine All-power destroys fear, and plants the feet in the true path—the path which leads to the house built without hands 'eternal in the heavens.' Human hate has no legitimate mandate and no kingdom. Love is enthroned." (p. 454.)

BAPTIST

Middletown

The Lord's Supper will be observed at the 11 o'clock Sunday morning service. Rev. John E. Bates will preach on "Seeing the Best Through the Eyes of God."

At the 11 a. m. worship service, Rev. James W. Marshall will have as his theme, "How to Deal With Dark Days." The senior choir will sing Beethoven's "The Heavens Are Telling." The choir will use for the first time as a response after the benediction, "The Seven-Fold Amen." For the prayer response they will use "Let All Mortal Flesh Keep Silence." The words are from the liturgy of St. James and are used with the music of a French traditional carol. The altar flowers will be presented by Mr. and Mrs. George Ivins in memory of their son, Willard.

The Methodist Youth fellowship will meet Monday at the parsonage at 7:30.

Rev. James W. Marshall will be guest speaker at the Oakhurst Methodist church Tuesday. He will speak on the Revised Standard Version of the Bible.

The senior choir will meet in the sanctuary at 7 p. m. Wednesday. At 2 p. m., the W.B.C.S. will meet at the home of Mrs. Harrison Shampore, Willow dr. Miss Marie Wilby will be co-hostess.

Tread Lightly-Proud Foot!

That's a mighty proud foot you see there. It's resting on the accelerator of a gorgeous 1953 Cadillac.

But we have a serious and timely warning for that proud and happy foot! Tread lightly!

Down under that accelerator is a dynamic 210-horsepower engine—coupled with the smoothest, quickest-acting Hydra-Matic Drive in history.

That great power was put there for the driver's safety in an emergency—and to provide that smooth, effortless, steady ride which is the essence of luxurious motoring.

It was not put there to enable a Cadillac to dominate the highway—or to dash out

into the lead when the traffic light turns green—or to out-manuever the other motor cars on the road.

So don't ever exhaust that accelerator—unless you're in an emergency, and must do so for reasons of safety.

If other drivers covet the honors at the stop light—just let them go. They are first away by your courtesy—and that should be satisfaction enough for anybody.

Just be happy and satisfied with the great luxury this powerful engine brings you—the infinitely smooth, quiet performance... the quick "life" that comes when you nudge the accelerator... the great

reserve for a burst ahead in case of necessity

And be happy, as you can't help being, with the scores of other wonderful things about this magnificent car—its easy, relaxing ride, for instance... its distinguished and inspiring beauty... its rich, luxurious interiors... its honored and respected name... and its truly amazing economy.

Yes—there is so much about a Cadillac to inspire and delight its owner that he doesn't need the additional thrill of unleashing its spectacular performance when it isn't necessary.

That's why we know he'll "Tread lightly!" He isn't in competition with anyone.

Atlantic Highlands Budget Shows Tax Rate Hike of \$4.32 per \$1,000

ATLANTIC HIGHLANDS—Borough council last night introduced the 1953 municipal budget for \$268,125.51 and set 8 p. m. Tuesday, Feb. 24, for public hearing.

Of the total, \$97,080.51 is to be raised through local taxation for municipal purposes, including an item of \$185 for delinquent state aid to the school district. The figure represents an increase of \$12,582.96 over the amount similarly raised in 1952. It will cause an increase in the tax rate of \$4.32 per \$1,000 of assessed valuation.

According to an explanatory statement in the budget, "principal factors contributing" to the \$12,582.96 increase are: Increased costs of garbage removal; salary adjustments for full-time employees; increases in insurance premiums; increases in the cost of materials and supplies due to the continuing inflationary spiral; and a reduction in gross receipts tax revenue from \$26,442.76 in 1951 to \$14,028.02 in 1952.

\$2,500 From Harbor Surplus

"The above increases, however," the statement continues, "were partially offset by a contribution of \$2,500 from the surplus funds of the harbor commission." The contribution, from the harbor commission's surplus of \$23,000, was accepted in a resolution by council before the introduction of the budget.

Borough Attorney John M. Pillsbury last night called attention to the decrease in gross receipts tax revenue. He said he is investigating the loss, and declared it is founded in the conversion of County Gas company to New Jersey Natural Gas company. This loss alone, Mr. Pillsbury said, was the cause of an approximate \$4 increase in the tax rate. The amount is fixed by the state.

Not included in the tax rate hike were a 60 cent increase anticipated for county taxes and a hike of about 35 cents for the school district budget. The budget was adopted Monday night. It shows an increase of about \$705 in the amount to be raised through local taxation.

Curry Presides

Councilman Everett C. Curry, council president, was in the chair in the absence of Mayor Waldron P. Smith, who was prevented, by the illness of his wife, from attending the session.

Mr. Curry's suggestion that the board of education again write to council—telling in detail its reasons for seeking parking restrictions on East Washington ave. and its suggestions for solution of problems caused by parents in cars picking up pupils at the school exit—drew the assent of Robert Earle, a member of the board, and council. Mr. Earle declared that suggestions of Sgt. John P. Galvin of the school traffic safety division of the state police that school pupils be educated to cross at the corner under the protection of a borough patrolman and that parking then be restricted were inadequate to cover the situation at the school exit. He said children will continue to dart from behind parked cars, and that parking restrictions on both sides of the street could decrease the hazard.

Attendance OK'd

Council authorized the attendance of Patrolman Nelson J. Morley at a five-day course in juvenile delinquency problems at Rutgers university and the payment of \$84.30 to the state civil defense division—half the cost of medical supplies for the civil defense council help.

Councilman Reamer Keller will investigate the need for an exception to the zoning ordinance which, in a letter to council, was recommended by the zoning board of adjustment to permit construction of a home at Forest dr. and Ocean blvd. The exception would permit construction within 15 feet of the intersection.

Randall Changes Plea in Fatality

FREEHOLD—Judge John C. Giordano fixed Feb. 13 for the sentencing of William F. Randall, 36, Middle rd., Keyport, when he pleaded a not guilty plea to a manslaughter charge Monday, and pleaded non vult to a charge of assault with a deadly weapon. The charge was made in connection with the death of John Doyle, 45, Oct. 2, ten days after he was pushed by Randall during an argument at Doyle's restaurant, Carr ave., Keansburg.

Assistant Prosecutor George A. Gray told the court the prosecutor's office approved of the change in the charge, and the plea, because the state had a weak case to prove manslaughter.

Edward F. Juka, attorney for Randall, said that Randall and Doyle were close friends for many years, and the fatal incident happened after they had visited several bars. He said Randall pushed Doyle away and he fell and struck his head. He added there was no evidence that Randall had punched or hit Doyle.

Red Banker Fined, Has License Revoked

EATONTOWN—William Pinckney of 275 Mechanic st., Red Bank, was fined \$225 and had his driver's license revoked for two years Sunday afternoon when he appeared before Magistrate Elmer Hurley to plead guilty to a drunken driving charge.

Pinckney was arrested on Broad st. early Sunday morning by Patrolman Henry Riddle. Taken to Long Branch police headquarters, he was examined by Dr. Jacob Goldberg, who pronounced him unfit to drive.

National Guard Awarded Trophy

Mayor Katherine Elkus White presents the Remington Centennial trophy to First Lieut. Frank Friscia of the 644th Tank battalion, Red Bank, last night at the National Guard command review at the local army. The trophy was won by the local pistol and rifle team when it captured the annual small bore match at Sea Girt, last October. Others in the photo are Maj. Frank N. Kaiser, left, Fair Haven, commanding officer of 156th Transportation Truck battalion of Long Branch National Guard unit, and Lieut. Col. Hans A. Kessler, River Plaza, commander of the local unit. Mayor White, Assemblyman Alfred N. Beadleston and mayors of several municipalities reviewed the three units that participated.

Tests Show Local Pupils Rank High

The average pupil in Red Bank's public elementary schools is a better reader and ranks higher in arithmetic and language than the average pupil in the United States, according to a study just released by the Red Bank public schools.

According to Dr. M. Gregg Hibbs, superintendent of schools, standardized tests published by the California Test Bureau have been administered in the past three years to all pupils in grades three through eight in reading, arithmetic and language. The tests have been scored and the results compared with the results of similar tests given to groups all over the country.

Reading tests, which examine proficiency in vocabulary and comprehension, reveal that in 78 per cent of the 88 groups tested, Red Bank's average pupil exceeded the average pupil in the nation. Ten of the few reading groups in Red Bank schools which fell below the national average were homogeneous groups of slower readers who have been organized to facilitate their instruction.

In 81 per cent of the groups tested in arithmetic, the average Red Bank pupil was found to be equal or above the country's average. In the 11 groups which fell below average, eight were groups of slower students.

Language tests which included spelling, punctuation, capitalization and usage revealed that 81 per cent of the groups tested here equalled or exceeded the national average.

Dr. Hibbs said this week the test results confirm his statements that Red Bank schools offer a sound academic program. "Not only do the pupils have the three R's," he stated, "but they also have a modern school program which includes music, art, science, health, physical education, school activities and splendid assembly programs." Dr. Hibbs added "Citizenship" and character also are major goals. It can be stated that the people of Red Bank have justification for being proud of the achievements of the Red Bank elementary schools.

Circle Doesn't 'Give' As Cars 'Blaze Trail'

EATONTOWN—Drivers of two cars failed to negotiate the traffic circle on highway 35 here in the past few days, results of which include two summonses for careless driving, two wrecked autos and two injured men.

Julius Sims of 217 River st., Red Bank, a Marine on leave from Cherry Point, N. C., drove his car through the circle Saturday at 8:30 p. m. He was taken by the Volunteer Ambulance corps to Fort Monmouth hospital where he is being treated for a fractured rib. A passenger, Bernard Jones of 25 Prospect ave., Red Bank, was taken to Riverview hospital for a possible wrist fracture. The next to crack the circle was Herman Grieson of 124 Brook st., Long Branch, who did the trick at 3:30 a. m. yesterday. He was uninjured.

Parking Charges Cost Perth Amboy Man \$15

Edward Barnes of Perth Amboy was fined \$15 this morning by Magistrate John V. Crowell on two charges of overnight parking. Barnes, for whom a warrant was issued after he failed to appear on court Jan. 16, was fined \$5 on one count and \$10 on the other.

Others fined this morning were Lester Lunceford, 7th st., Rutherford, improper registration, \$5; William T. Koch, Rutherford, Little Silver, speeding, \$5; Robert McKee, 6 McLaren st., Red Bank; Michael Miglaccio, 106 Shrewsbury ave., Red Bank; Anthony R. Pace, 26 Chestnut st., Red Bank; and Mrs. Mary Baldaasari, 248 Lighthouse ave., Red Bank, overnight parking, \$5 each. Philip Webster, Long Branch, improper parking, \$5; Mr. Miglaccio, improper parking, \$5; and Nora Parker, 11 Tilton ave., Red Bank, overtime parking, \$5.

Merchants Trust Re-elects Directors

The board of directors was re-elected yesterday when the shareholders of Merchants Trust company held its annual meeting. The board will meet tomorrow (Thursday) to elect officers and hear the report of Kenneth H. McQueen, president.

On the board are Charles R. Englich, Mr. McQueen, Thomas P. Doremus, Edgar N. McClellan, Harry C. F. Worden, James S. Parkes, Ronald W. Allen, J. E. Rue, Jr., and David W. Russell.

Baptists to Let Building Work

Plans for the completion of Fellowship hall of the Red Bank Baptist church were approved at the annual church meeting last week, and the trustees were instructed to proceed with awarding of contracts. The exterior of the building is complete, and plans now call for completion of the interior.

Elwood D. Powers, chairman of the board of trustees, reported on plans for the completion of the building. Alfred C. Beck, moderator, conducted the business meeting.

Mrs. Albert Laehder gave the report of the nominating committee, and the following were elected: Victor Edelmann, treasurer of benevolence and deacon; Truman Reeves, Franklin Swenson, William Winn, Bruce Austermuhl and Deway Williams, members of the board of deacons; Charles Stephens, Elmer Cottrell and Miss Anna E. Thompson, board of trustees; Mr. Cottrell, chairman, Mrs. Winn, George Chandler and Mr. Laehder, board of finance, and Francis Swartz, Miss Ruth H. Scattergood, Mrs. Alfred Perry and Mrs. Murray Little, board of Christian education.

Church school officers are: Mr. Swartz, superintendent; Mr. Swenson, assistant superintendent; Miss Scattergood, treasurer, and Joseph Harrison, recording secretary and collector.

Mrs. Larney Buys In Neptune City

EATONTOWN—The Chaffin real estate agency this week reports the sales and rentals of several properties in this vicinity.

Included was part of the Charles A. Ticklenburg estate—a bungalow at 86 Hawthorne ave., Neptune City—which Mrs. Ruth Larney of Port Monmouth purchased from the Chaffin Park National Bank.

Salvatore Costanzo purchased a bungalow on Wayland rd., part of the DeHagen estate, from the Aubury Park National Bank. Jesse Goebury of Elizabeth purchased lot 15 in Penelope, the Stanley Stillwell development in Holmdel, on which Mr. Goebury intends to build a new home. Joseph Magnoia of Englewood purchased a bungalow in Frank Mansons' development in River Plains.

Raymond Place of Branchport ave., Long Branch, purchased a house at 287 Rockwell ave., Long Branch, from Stanley B. Wilbert, 610 Irving pl., Long Branch. Rentals included apartments in the new Sunnyside buildings on Wyckoff rd., owned by Mrs. Alice Maurice of Avenel, to Richard E. Nameth of Port Monmouth, Hans W. Menzel, Mrs. Ericka E. Burnhart of Long Branch, and Eugene Stoner of Port Monmouth. Donald H. Logan of Port Monmouth rented a highway 35 apartment from Adolph Kosciuszko.

Hit Utility Pole, Faces MV Charge

EATONTOWN—William A. Chassey of 60 Second st., Keyport, was charged with careless driving early Sunday morning after his car struck a utility pole on highway 35 opposite the American Legion home.

Chassey told police he was going north when lights from an oncoming car blinded him, forcing him off the road on the property of the Kosciuszko Florist shop.

WEATHER REPORT

Occasional rain today, with high near 50. Clear and colder tonight, with low of 35 by tomorrow morning. Fair tomorrow with high of 55-61. Fresh south and northwest winds, becoming strong west to northwest today and fresh north-west tomorrow.

\$83.36 Tax Rate Set in Budget

LITTLE SILVER—The mayor and council last night introduced a budget calling for a tax rate in '53 of \$83.36 per \$1,000 assessed valuation, an increase of \$12.87 over '52.

In a statement read by Councilman Victor Satter, chairman of the finance committee, it was pointed out that the rate is a realistic one in that it includes anticipated increases in county and school taxes. Mr. Satter said some neighboring boroughs have not anticipated those increases and thus the rates they have publicized fail to give a definite picture.

"Because of increased assessments derived from new construction in the borough last year, our total assessed valuation for purposes of tax apportionment would lower the tax rate payable in 1953 to \$6.68 per \$100 of assessment if there were no increases in the school, county or municipal budget for 1953," Mr. Satter declared, adding: "However, the increase due to the school budget alone would raise this figure of \$6.68 by 92 cents to \$7.60 and the previously mentioned increase in the borough's operating budget would further increase this figure by 46 cents to \$8.06 per \$100 of assessment. To this must be added the increased county tax of 6 cents per \$100 and 22 cents largely representing surplus or reserve additions, including reduction of surplus for a bonus paid the police force during 1952, interest and amortization of the fire engine debt and reserve for uncollected taxes."

Mr. Satter pointed out that the total tax dollar in '53 would be divided as follows: 20 cents to the county, 56 cents to the school district and 24 cents to the borough. The total to be raised by taxation is \$72,953.91, an increase of \$22,957.96. Of the increases in the operating budget, \$2,296 represents increases in salaries. Garbage collection, road repairs and maintenance and added drainage work are other factors cited for the increases.

Settle Auto Death Suit Before Trial

A suit instituted to recover for the death of Emil Wilberg was settled for \$1,200 Monday between Mrs. Edith J. Palm of Tannock and Jay Filippone of County Line rd., Lakewood. Mrs. Palm was the only surviving daughter of the deceased, who was 75 years of age and was employed and living with his daughter at the time of his death.

Mr. Wilberg was struck by the automobile of Filippone May 4, 1952 on rt. 4 in Freehold and was killed instantly. There were no witnesses to the accident, according to the reports of investigation made by the state troopers who claimed that the man was walking in the middle of the road with his back toward traffic.

The case was scheduled for trial at Freehold this week, but was settled between Edmund J. Canonsa, of the firm of Parsons, Labrecque, Canonsa and Combs, and Arthur Goldberg, who represented Mrs. Palm, and the firm of Townsend and Doyle, Jersey City, who represented the defendant.

Wichmann Resigns, Porter Appointed

LITTLE SILVER—William T. Wichmann last night resigned as magistrate here. He had held the post and that of recorder the past five years. In his letter of resignation, Mr. Wichmann cited the pressure of his law practice with the firm of Wise and Wise and the restrictions imposed on lawyers holding the office.

Terming the local police "excellent" and "well trained," he said he had experienced the "heat of cooperation and assistance" from all members of the force. The resignation, effective Feb. 1, was accepted with regret by Joseph C. Davidson then appointed Richard D. Porter, a local resident who practices law from offices in Newark.

RETURNS TO DUTY

Patrolman William Brooks of 19 Leroy pl., Red Bank, returned to his duties at the dock at police headquarters Tuesday after being confined to his home since Wednesday of last week with a respiratory infection.

120 Point Rate Increase Seen In Sea Bright

\$93.10 Is Indicated As New Tax Rate for \$180,577 Total Budget

SEA BRIGHT—A prospective 120-point increase in the general tax rate, bringing it from \$81.10 per \$1,000 of assessed valuation last year, to \$93.10 this year, is called for in the borough's record \$180,577 budget, advertised in today's Register.

The total budget is \$19,436 higher than last year's \$161,141, but contains provisions for an average ten per cent, and with one voluntary exception, an across-the-board salary increase for borough employees as well as important local improvements.

Borough auditor Joseph J. Seaman, in an explanatory note called the finances of Sea Bright sound. He also said "the mayor and council are making every effort to maintain this sound financial condition and still give the best services possible to borough residents, taxpayers and seasonal visitors."

Hearing Set Feb. 24

The budget, drawn up at a session Jan. 19, was referred to only briefly at last night's regular meeting of the governing body which set the public hearing of the document for Tuesday night, Feb. 24, in the borough hall.

However, reporters were briefed on its content by Councilman John J. Picknelly, finance chairman, and Mayor George H. Kraus, who said it represents the greatest possible economy in line with progressive planning for the year ahead.

Actually, the budget boils down to a levy against taxpayers of \$22,373.01, or \$20,293.53 gain over the 1952 levy of \$63,079.48. The difference between the \$22,373.01 and the over-all \$180,577 in general appropriations—which includes provisions for local, school and county money requirements—is made up for by revenue aside from taxes.

One thing that was done, Mr. Picknelly said, was to take from surplus \$20,000. This money, he said, represents an average year's net income from operating the municipal beach. "If we did not have that money-maker, local taxation would be much higher."

Low School Increase

Probably the Sea Bright school levy represents one of the very lowest increases in the county. It is \$38.225—but only \$33.50 higher than last year's, which should be good news for the citizens. There is a \$349.29 gain in the amount levied for county taxes, going up from \$24,897.03 to \$25,436.32, also not much.

Auditor Seaman said that the increase in municipal operating services shows a gain of only \$5,647. In fact, he said, "all appropriations have been kept as low as possible without curtailing necessary minimum services. He placed

Air Raid Attack Set for Feb. 8

LITTLE SILVER—All is in readiness for the Civil Defense council's air raid test which will be held here Sunday, Feb. 8.

John Berger, director, announced this week that the Red Bank squadron, Civil Air patrol, of which First Lieut. Kenneth C. Paris of Atlantic Highlands is commander, will assist. The CAP plane will be used to set the attack and later as a "friendly" craft to help detect emergencies in the borough.

Second Lieut. Alfred Allocca of Fort Monmouth will be the pilot, assisted by Second Lieut. Charles H. Wilson of Atlantic Highlands. The squadron will also supply a mobile vehicle which will be assigned to the local director and the observing officials' party. James Crews of Middletown will be in charge of it.

A CAP radio truck with two-way transmitter and receiver will maintain communications between the aircraft and the local control center. Warrant Officer William Appert of Shrewsbury will drive the truck. The radio operator will be Second Lieut. Alfred Reinhardt of Rumson, the squadron's executive officer.

Also on hand from the squadron will be Warrant Officer John J. VanKirk of Atlantic Highlands, First Lieut. Robert Brandt of Red Bank, Master Sgt. Victoria Houston of Navesink and Master Sgt. Violet Maxson of Navesink.

The alert will be sounded when the attack plane is sighted, Mr. Berger said. Officials from the state, area and municipality are expected to inspect the test.

Wichmann Resigns, Porter Appointed

LITTLE SILVER—William T. Wichmann last night resigned as magistrate here. He had held the post and that of recorder the past five years. In his letter of resignation, Mr. Wichmann cited the pressure of his law practice with the firm of Wise and Wise and the restrictions imposed on lawyers holding the office.

Terming the local police "excellent" and "well trained," he said he had experienced the "heat of cooperation and assistance" from all members of the force. The resignation, effective Feb. 1, was accepted with regret by Joseph C. Davidson then appointed Richard D. Porter, a local resident who practices law from offices in Newark.

Board Grants Appeal to May In Railroad Plaza Sale Case

LITTLE SILVER—The Morris May Realty corporation last night won an important step in its legal fight to construct a gasoline station and Dairy Queen refreshment stand on the triangular plot on Branch ave. opposite the railroad station.

Subject of several months' argument, W. James Taylor, chairman of the zoning board of adjustment, last night informed the mayor and council that the board granted the corporation's appeal from Building Inspector Winfield S. Wainwright's denial of building permits. The decision of the five-man board, made Jan. 12, was unanimous.

In the formal resolution, it was pointed out that the appeal was based on two points, parking and subdivision. The decision noted: "In connection with point one, re the matter of parking facilities, there was insufficient evidence presented to warrant the withholding of a building permit on this point. The board felt that the business contemplated to be erected on this site, namely one gasoline dispensing station (without car repair facilities and services), and one Dairy Queen ice cream self-service unit, would in no way affect the traffic and parking situation in this area, any more than now exists."

Two Points Involved

"In connection with point two, re the matter of a subdivision of property, it was determined by the board that no subdivision had been involved by reason of the following: a-all copies of Little Silver tax maps indicate the properties of the New York and Long Branch railroad as being divided into two parcels of land, one lot #5 which includes railroad right of way, station and parking area; the other, lot #4, being a triangular shaped parcel of land similar to that as described in all deeds. b-the applicant Morris May Realty corporation had received and paid tax bill set forth by tax collector of Little Silver borough for tax on such lot #4 as indicated on tax map. c-all

maps, deeds, bills of sale, etc., submitted as evidence by Morris May Realty corporation were based on such lot #4, d-the wording of deed, dated Nov. 17, 1875, conveying a triangular piece of land to the New York and Long Branch railroad would indicate that such a triangular piece of land resembles the same triangular piece of land hereinafter referred to as lot #4 on tax map."

According to Harry Green, attorney for the corporation, the board's action is tantamount to an order to the building inspector to issue the desired permits. Borough Attorney Howard W. Roberts declined to comment on Mr. Green's assertion, however, saying he preferred to first study the board's resolution.

Still pending is the borough's suit against the corporation and the railroad company based on the argument that the railroad should not have sold the property to Morris May without first having requested approval of the planning board. The borough's contention is that the sale of the triangular plot represents a subdivision of land and that state statute requires that all subdivisions be first submitted to the planning board.

Green to File Answer

Mr. Green told reporters he will file a six-page answer to that suit today in the chancery division of Superior court. It will include a claim that the Public Utilities commission, which approved the sale, had paramount jurisdiction, that the planning board; b-that the lot in question has been shown on the tax and zoning maps of the borough since 1924 as a separate lot and thus there is no subdivision; c-that his client paid taxes on the property as a separate lot; d-that the 1875 deed described the property as a separate lot; e-that his client was denied redress to proper borough boards, and f-last night's decision of the zoning board of adjustment.

Middletown Board Approves Budget; Compton Raises Lone Objections

LEONARDO—The Middletown township board of education Friday night adopted the 1953-54 school budget totaling \$665,201 after objections were voiced by J. Crawford Compton, a member of the township committee, at public hearing at the grammar school here.

Of the total budget, \$691,760 is to be raised through local taxation, an increase of \$156,774 over the current budget's figure similarly raised. The increase, which is expected to result in a tax rate hike of \$14.25 per \$1,000 of assessed valuation, includes \$119,700 for personnel costs.

Mr. Compton, speaking as a taxpayer, declared that his objection to the \$14,000 appropriation was based on the fear that the step would lead to the eventual closing of non-teaching principals for each of the township's ten grammar schools. He said each principal then would want a car. This, he said, would mean that the township would have to pay \$12,000 for each principal. He said that, with the shortage of teachers, "it would be unfair" to take teachers from that work and make them non-teaching principals.

A real estate developer, Mr. Compton said that items such as the \$5,000 for after-school activities bus transportation made him feel that higher taxes will force many owners of lower-priced homes to give up their homes.

In reply, Francis W. Lawley, a member of the board and its representative to the Kellogg Foundation Group of Co-operating School committees, said that committee members, on a recent visit here, were surprised that the school system does not employ a co-ordinator for the grammar schools. Committee members also were amazed, said Mr. Lawley, that the principals are employed in each of the township's grammar schools.

Luedeke Also Replies

The \$14,000 appropriation is made for a non-teaching principal for the central school on Tindall rd., New Monmouth, now under construction. Edward Luedeke, another board member, told Mr. Compton, he said the 21-classroom school will need a full-time principal, and declared that some of the township's grammar schools have grown to such an extent that they, too, require non-teaching principals. Mr. Luedeke also cited an increase from \$210 to \$240 in per pupil cost, during the last two years, an increase in line with other school systems in the area.

Harold Comland, president of the school board, called Mr. Compton's attention to the decrease in the tuition rate, which will bring a drop in receipts. He said no increase in state aid will be forthcoming, despite increased enrollment.

After waiting the full hour required for the public hearing, the board adopted the budget. Voters will indicate approval in the school district election Tuesday, Feb. 10, when three members of the board will be elected.

Bride of David A. Crowell

Mrs. David A. Crowell

Sunday afternoon at the Red Bank Methodist church, Miss Jean Stadler, daughter of Mr. and Mrs. Henry Stadler of River rd., Fair Haven, became the bride of David A. Crowell, son of Mrs. Marjorie Crowell of Rumson, and the late Stewart Crowell. Rev. Charles S. Webster, pastor of Red Bank Presbyterian church, performed the ceremony.

Mr. Stadler gave his daughter in marriage. She wore a gown of white satin and ruffled lace, designed with a fitted bodice and a full skirt which had a long train. Her headpiece was satin and net, and her veil was full length. She carried a bouquet of white gladioli and white carnations.

Miss Phyllis Stadler was her sister's honor attendant. She carried a bouquet of pink roses with her dress of American beauty red, styled with a lace bodice and a bouffant nylon tulle skirt over taffeta. She had a matching styled bonnet.

Miss Sally Crowell of Rumson, the bridegroom's sister, and Miss Mary Hennessey of Fair Haven, were the bridesmaids. Their dresses were made like the honor attendants' with matching bonnets in hyacinth blue. Their flowers were yellow roses.

Carol Cooke and Peter Cooke, Jr., children of Mr. and Mrs. Peter F. Cooke, were flower girl and ring bearer. The flower girl's frock was pink net over taffeta, worn with a matching bonnet. She carried a basket of rose petals.

Stephen Crowell was best man for his brother. The ushers were Cpl. Theodore Peggum of Cherry Point, N. C. and Ernest Hubbard of Keyport.

Mrs. Stadler chose a costume of aqua crepe and lace, with mauve accessories and a corsage of matching roses. The bridegroom's mother wore dusty pink crepe with matching hat and a corsage of gardenias.

A reception followed at Willowbrook restaurant which is owned by the bride's parents. Pete Galatro's orchestra played for dancing. For her wedding trip to the Bahamas the bride wore a light blue wool suit with navy blue accessories and a corsage of carnations. When the couple return they will make their home on DeNormandie ave., Fair Haven.

Mrs. Crowell was graduated from Rumson high school. She attended the Barabon School of Modeling in New York city and the Wilfred Beauty Culture school at Newark. She has been associated with her parents in the management of Willowbrook.

Mr. Crowell was graduated from Keyport high school. He served for 15 months with the Tenth Field Artillery battalion in Korea. He is now employed at Willowbrook.

Working with the committee were Torrance Terhune, Manasquan; Robert Van Brunt, Fair Haven; Walter Bowne, Oakhurst; Ralph Martin, Atlantic Highlands, and Charles Brahn, Spring Lake.

Fair Haven Man Settles Case—Frederick A. Summers of 18 Clay st., Fair Haven, was the successful plaintiff in a case which was scheduled for trial last Thursday before Judge Frank T. Lloyd, Jr. in Freehold. Settlement of the case was effected after a conference in court between Theodore J. Labrecque of the Red Bank firm of Parsons, Labrecque, Canzona and Combs, representing Mr. Summers, and Henry F. Hoey, Jr., of Newark, who represented the defendants.

The amounts of the settlement were not made public, but were reported to have been \$4700 for Mr. Summers and \$1000 for Mr. Whitaker.

Mr. Summers suffered a broken arm and other internal injuries when his car was involved in a head-on collision on rt. 35 with a car driven by Richard Coupe of North Arlington and owned by his father, William A. Coupe. The accident occurred two blocks north of the state police barracks near the Haslet lunch. In addition to Mr. Summers, both Mr. Coupe and Robert J. Whitaker, a passenger in his car, received injuries which required their admission at Hasard hospital.

Reports by the state police at the time of the collision indicated that the Coupe car had been traveling north and that the driver crossed the white line and collided head-on with the Summers car. Mr. Coupe was reported to have told the state trooper in charge that he must have fallen asleep at the time.

Under the new rules governing New Jersey courts the companion suit of the passenger in the car was also scheduled for hearing before Judge Lloyd.

Rumson License Agent Explains '53 Renewals—RUMSON—Motorists can obtain their 1953 motor vehicle insert registration renewals on and after Feb. 2, a full month ahead of previous years. Miss Alice MacIntosh, license agent with office at 18 Center st., announced this week.

Mrs. MacIntosh said the same orange and black registration plates issued for 1952 will remain on the vehicle during 1953 and succeeding years. The plates cannot be legally displayed, she added, unless the orange metal insert bearing the numerals "53" is attached to the lower part of the plate. The insert will be serially numbered and recorded by the registration certificate along with the plate number, Mrs. MacIntosh explained.

The Rumson license agent said this week: "I trust many motorists will take advantage of the opportunity to renew their vehicle registrations and driver license during February and thus help spread the work load." Agency hours during February will be from 9 a. m. to 4 p. m. daily and from 9 a. m. to noon Saturdays.

HAPPY BIRTHDAY!—SEA BRIGHT—Happy birthday! The health board in its 1952 report said there were never so many births here as last year—31 all told, compared to only six deaths.

Health Board Secretary Michael Devereaux said also that 13 marriage licenses were issued and 12 marriages took place in the borough.

"Look! like we'll have a good birth rate this year, too," observed Clarence Stevens, collector-clerk.

Both barley and oats can be grown in climates too cold for wheat.

Mike Jacobs Buried Monday

NEW YORK (A.P.) — Notables from the sports world and boxing were among the mourners Monday at the funeral of Mike Jacobs, famous boxing promoter who died Saturday morning from a heart attack in Mt. Sinai hospital, Miami Beach, Fla.

Jacobs, 72, had been a resident at Rumson for 12 years and he once announced that he preferred the prize-winning tulips he grew at Rumson to the power he wielded in the sporting world. He would also rather have his friends praise the cooking he did there while relaxing than to swing a \$10,000 championship boxing show.

Known generally as "Uncle Mike," the promotional lightning struck Jacobs one night back in the 1890's when he was peddling papers and sandwiches and some one gave him two fight tickets. He was offered \$2 for the tickets and sold them promptly.

Ernest Becklund Hit-Run Victim

UNION BEACH—State police at Keyport barracks are still investigating the hit-run case of Ernest Becklund, 62, of 701 Bayview ave., here, who died Friday night in Monmouth Memorial hospital of a cerebral concussion and internal injuries suffered when he was struck by a car on R. 24, East of Union ave. in Raritan township, earlier this day.

He was taken to the hospital by the Union Beach first aid squad. Mr. Becklund was struck by a car going east on the highway as he walked along the south side of the road. A woman motorist told police that she saw the incident and reported the hit-run car to be a green Ford coupe, a late 50's model. She said that she was abreast of the vehicle when it hit Mr. Becklund. When she pulled up to a traffic light here, she told police, she thought she saw the other car stop at the scene. State police have broadcast an alarm for the car.

Mr. Becklund was born at Kearny, son of the late Niles and Emma Peterson Becklund. A resident of North Arlington most of his life, he moved here about three years ago. Mr. Becklund was employed by Jersey Central Lines as a passenger car inspector at Jersey City. He was a veteran of World War I.

Surviving are his wife, Mrs. Elizabeth Murphy Becklund; two sons, Daniel Robert Becklund, who lives at home, and John Joseph Becklund of this borough; a daughter, Sister Frances Elaine of the Sisters of St. Joseph, Philadelphia, Pa.; two sisters, Mrs. Elsie Dug-

SCHOOL NEWS

TINTON FALLS
Seventh and Eighth Grades
Social Studies and Science
by Eugene O'Rourke

Our eighth grade class is working on the 13 original colonies in social studies. We have been divided into groups. Each group is studying one colony. We report on the geography, nickname, religion, founder, manufacturing and location of each colony. Each pupil is making a booklet on the colony he is studying. These booklets will be turned in to Mr. Bloom, our social studies teacher. We find the work very interesting. In science this month we are working on several different projects. One project is centered on communications. The members of the group studying communications are Fred Kocen, Jimmy Tector, Stanley Nappé and Arthur Kravetz. The boys hope to be able to demonstrate the different methods of communication, such as early sign language, signaling with flags, radio, walkie-talkie sets and telegraph. We are trying to borrow a walkie-talkie from the army.

Miss Galavitz's Party
by Judith Bernstein
Margaret Hulick

On Jan. 12, we had a birthday party for Miss Galavitz, one of our eighth grade teachers. While she was in our room, Barbara DeFazio came in and said that Grant Jones had fallen down the stairs of the school. Miss Galavitz went down to see how he was. While she was gone we got ready for the party. Mrs. Rigby and Mrs. Brown helped with the party. When Miss Galavitz came up and came into the room we all sang "Happy Birthday." She said it was a very nice party.

Inauguration Day
by Arthur Kravetz, Barbara Gordon

On Tuesday, Jan. 20, we had two television sets in our school so that we could watch the inauguration ceremonies. One of the sets was in Mr. Finn's eighth grade room and the other was in our cafeteria. The seventh and eighth grades watched the program from 10:30 until 12:30, then the fourth and sixth grades saw it while we were at lunch. The students were all anxious to see such a momentous event. The television sets were loaned to the school by the Easton-Town Radio and Television corporation.

S. F. C. A. Drive
by Barbara Gordon

Billy Brown, a boy in the eighth grade, is organizing a campaign to raise funds for the S. F. C. A. This organization claims that they have not sufficient funds to care for homeless dogs. This means that if there aren't funds any number of dogs will have to be killed. Let's have all dog lovers support this campaign. Remember, a dog is man's best friend.

PTA Meetings Are Important
by John Wolcott

The Tinton Falls school has an important meeting once a month. We call that meeting the PTA. It is a meeting at which the parents and teachers can talk over the things that are going on in the school. They also talk about improvements in the school and necessary equipment. The meeting is for the benefit of the parents and teachers alike. It informs the parents as to what's going on during school hours and it gives the teachers an opportunity to gain a better understanding of the student's home life and how it might affect his formal education. So now you know why the PTA is so important. Please attend our next meeting.

Soccer
by Sheldon Lichter, Fred Kocen

Nine boys from the eighth grades are planning to start a soccer team. They include Stanley Nappé, Arthur Kravetz, Matthew Rose, Walter Cohn, "Moonie" Walsh, Clark Ganson, Michael Burns, Sheldon Lichter and Fred Kocen. The boys have learned how to kick and pass. They are trying to get the knack of bouncing the ball off their head. The boys hope to play other soccer teams. Our team has some good players but each player realizes there is room for improvement. Soccer is a fascinating sport. It's played mostly in Germany and other European countries. In the game

a round ball is used (smaller than a basketball). Each team consists of 11 players. The goal is usually made up of two poles about six yards apart. The ball is maneuvered and kicked through the goal. When the ball is kicked through, it must go no higher than the goal's head. The goal is the goal keeper. He stays near his team's goal to try to stop the ball when the opponent tries to kick it through. The ball can be hit by the legs, body, arms and even the head. (This is called heading). It can be touched by any part of the body except the hands and wrists.

The Girls Cheerleading Team
by Beatrice Parker
Shirley Minor

The girls of the seventh and eighth grades have formed a cheerleading team. We have not as yet gotten our uniforms. There are eight girls. The captain is Ruth Dotz; co-captain, Ella Hart; Katherine Sadler, Beatrice Parker, Judy Bernstein, Barbara Gordon, Margaret Hulick and Shirley Minor. We have gone to two games. We played Little Silver in a practice game and Oceanport in a league game. Miss Chupka sponsored us and Miss Galavitz drove us to the games. Our colors are blue and gold. We are getting blue skirts, yellow sweaters, and yellow socks. The captain and co-captain are getting blue skirts, sweaters and socks. Our principal, Mr. Malone, is getting our letters. They will be gold with a blue background.

Basketball
by Tom Ryder

The Tinton Falls basketball team is shaping up fairly well. We lost our first game to Little Silver Jan. 15 on their home court, 35-30. Our captain is Eugene O'Rourke. Frank Aumack was high scorer. Others who made points were Eugene O'Rourke, Joe Rigby, Joe DeFazio, James Tector, Jackie Robinson and John Wolcott. The score at the half was Little Silver 23, Tinton Falls 13. In the third and fourth quarters we used a full court press on defense. This worked fairly well and by the end of the game we had cut the other team's lead in half.

The starting players were Joe Rigby right forward, Robert Van Brunt left forward, Frank Aumack center, Eugene O'Rourke right guard and Grant Jones left guard. Last Thursday we played our first league game with Oceanport which we won by a score of 37-15. High scorers were John Wolcott center, Joe Rigby right forward, Frank Aumack left guard, Eugene O'Rourke right guard and Robert Van Brunt left forward. Substitutes were Jack Huff right forward, Tom Ryder left forward, James Tector right guard and Jackie Robinson left guard. We hope we win the rest of our games.

Movies on religious and educational subjects will be shown Friday night following a meeting of the combined youth fellowship groups of the Reformed church. Sixty-five persons attended the covered dish supper and congregational meeting Friday evening at the Reformed church. The Helping Hand circle sponsored the supper. Mrs. Robert Malsel has returned from Chicago, where she attended the funeral of her father. Mr. and Mrs. William DeJonge of Grandview farm are vacationing in Florida. Mrs. John Riley, rt. 36, has returned home from Filkin hospital with her infant daughter Joanne. Atlantic township Parent-Teacher association is sponsoring a square dance Friday night at the school. Mr. Tipton of Holmdel will be the caller. Refreshments will be served. Mr. and Mrs. William Nickau are home from Jacksonville, Fla., where they visited relatives. The township committee will meet tomorrow night (Thursday) at the hall.

It pays to advertise in The Register.

Hear Officials**

LONG BRANCH — George A. Bang of Omaha, Neb., member of the board of trustees of the Mutual Benefit association, spoke on proposed future legislation benefitting the letter carriers at the quarterly meeting of the Monmouth and Ocean District Letter Carriers association Saturday night at the American Vespucci hall here. Postmaster John O. Guire welcomed the 123 members and guests present. Henry Anderson, national officer and member of the hospitalization committee, spoke on the growth and advantages of the National Letter Carrier association sponsored by the National Association of Letter Carriers. Other speakers were officers of the New Jersey State Letter Carriers. They were Frank J. Hueslein, president; James Kennedy, Elizabeth; Joseph W. Esposito, Jersey City; John W. Stillings, Long Branch, and Calvin Patterson, Asbury Park. Visiting officials were Steven Turzanski, president

of the Jersey City branch, and John Lewis of Newark. President George W. Rochkovsky of Belmar was presiding officer and Louis B. Caffie was recording secretary. The next meeting will take place Apr. 15 at Lakewood and the state convention will be held June 20 and 21 at Asbury Park. The Republican Party of the United States was first organized in 1854. Rabbits breed four to eight times a year, having litters of six to eight.

Bucs Post 6th Conference Win, Defeating Lions

Booth, Condina Pace
55-46 Triumph Scoring
15 Points Each

Red Bank high school kept its Shore Conference undefeated record unblemished last night when the Buccaneers shook off a stubborn Middletown township quintet, 55-46, on the Red Bank high school court.

For the first time in Conference competition the Bucs came up with a ragged game, which was accounted for by the absence of Jim Scarbrough, hard-fighting guard, who was forced to the sidelines by illness. Adding to Coach Frank J. Pingitore's headaches was Gene Booth, who was ailing before game time. Despite a 15-point performance Booth was not his smooth-working self on the floor.

Middletown peeked away at the Bucs in the first quarter and then after falling behind in mid-period the Lions outscored Red Bank by five points in the final session. Middletown led at three stages in the initial quarter, where most of the tight action of the contest took place. Bob Anderson opened the scoring with a set shot, but the Bucs retaliated with five points to take a 5-2 lead. Dick Collins dunked in a deuce for the Lions and after Booth hit with a foul, John Genereil scored on a push shot.

An exchange of baskets knotted the count, 9-9. Middletown then grabbed the lead on Hugh Dickie's foul and made it 12-9 on Collins' push shot. Mitt Morris hit for Red Bank and "Nipper" Vaughan converted a foul for the Lions. The Bucs then racked up five points to recapture the lead, 16-13, and Genereil closed out the period with his set shot.

In the second period, the Bucs started to pull away and then wrapped up the lead in the third period when posting a 14-6 tally over the Lions.

Booth and Joe Condina led the scoring attack with 15 markers each. Booth scored on five and five, while Laney Condina hit with seven baskets and a lone foul. Vaughan led the Lions with 18.

The Bucs sent the Lions home empty handed when the Red Bank Jaycees posted a 64-58 triumph. Marty Brenner and Tom Shafter combined in the scoring department with 14 and 13 points, respectively.

Tigers Trounce Indians, 71-41

ATLANTIC HIGHLANDS—Coach Roy Finn's Tigers romped to their sixth consecutive triumph in Shore Conference competition last night by overwhelming Toms River, 71-41, on the high school court here.

The Tigers practically protected their unbeaten record in the initial quarter when romping off to a 26-4 start. Once stacking up a good-sized margin Coach Finn inserted reserves and used his big guns just a little more than two quarters.

After a 15-12 second quarter, Atlantic went on the rampage again in the third, posting a 25-7 score. The Indians gained some consolation in the final session when the Tigers were outscored, 18-8.

John Bordulis sparked the Tigers with 21 tallies. Jim Hudson acquired 12 markers on five baskets and a pair of fouls, and Maynard Reed and Jim Snyder were double figure scorers in the Tiger cause with 11 points each.

Rumson Trounced By Fliers, 89-52

NEPTUNE — Posting margins in every quarter, Neptune high school slaughtered the Rumson Bulldogs quintet, 89-52, in a Shore Conference encounter here last night.

Rumson held the Fliers to a 22-19 first quarter score, but then lost their defensive talent as the Fliers romped to a 23-6 count in the second quarter to lead, 45-25, at intermission time.

The only thing the Fliers couldn't do right was to stop Rumson's Ronnie Schanck, who once again shook the cords for 21 points.

Bill Robbins was high scorer for Neptune with 25. John Clark was next in line with 18.

Glaucoma—Dark Enemy
More than 2,000 persons in the United States are made blind by glaucoma every year. This disease is now regarded as one of the most dangerous of all the diseases of the eye, responsible for more blindness than any other eye malady. Its cause is not known. Its principal manifestation is an increase of fluid under tension or pressure within the eyeball.

It is estimated that one person out of every 40 has unrecognized and undiagnosed chronic glaucoma. Its symptoms include reduction of vision; acute headache above, behind, or in the eye, accompanied by nausea; halos or rainbow colors around lights; and, as indicated above, increased tension within the eyeball. Discomfort after use of the eyes in poor light is a sign of considerable value in discovering glaucoma. Treatment of the disease may be either medical or surgical, as the judgment of the eye physician (ophthalmologist) indicates. One thing is certain, none of these symptoms of eye distress should be neglected. If untreated, glaucoma leads to blindness. The light of vision when once thus totally extinguished can never be restored.

THE AMERICAN SCHOOL

The next time you pass a school building, pause a moment to think what the school means to humanity. Recall the long, dark centuries when the masses of people were kept in ignorance and subjugation, when greed and oppression ruled the world. From the very beginning of man's continuing struggle for knowledge, self-respect, and the recognition of his inalienable rights, the school has been his greatest ally.

Our system of free public education is an achievement, perhaps the most significant achievement of American democracy. Throughout the world wherever people are struggling to improve their lot the American common school is being copied.—By Paul C. Stevens, Superintendent of Schools.

Editor's Note: In commenting on this splendid editorial of Superintendent Stevens, we might add that without the schools there would be no newspapers for the people would not know how to read. With no one to read, there would be no advertising and consequently no big and prosperous businesses. Without business there would be no factories. Life as we know it today would never have been and could not continue without a training of all the people as is now being done in our public schools. . . . It is for these reasons that the people of Jefferson county and Denison are justified in spending millions of dollars to enlarge and improve their schools.

NO LUXURIES, PLEASE

No nylon stockings, please; no silk dresses or anything like that. It runs a message smuggled out from behind the Iron Curtain to a friend in the United States specifying what gifts are welcome and what are not. The trouble is that the possession of luxuries will cause the recipients to be suspected of "capitalist connections in the United States"—and that could be dangerous.

Even new things are unwelcome because of the exorbitantly high duty on them. But when old coats, dresses, underwear, stockings, or shoes are sent, they should be warm, clean, substantial and mended. The reason for this last is clear: in the new workers' paradise few can afford any mending. Too much energy, no doubt, must be put into patching up the holes in Communist propaganda.

The possession of material things is not the sole gauge of a social system's success, but can cast a revealing light on the system's pretensions, as this letter does. It is not luxuries that these behind the Iron Curtain want, but simply to stand in the shoes (even the old shoes) of those who walk in freedom.

MUNICIPAL DAYS IN COURT

Form of government, taxation and assessments are involved in three recent court cases which concern municipal government but have statewide significance, points out the New Jersey Taxpayers' association.

Constitutionality of New Jersey's optional municipal charter laws is at stake in a suit which the state's attorney general will help defend because of its public interest. The action was brought by Hoboken citizens to upset results of the Nov. 4 election in which local voters approved adoption of the mayor-council form of government provided in the Faulkner acts. Hoboken now is under commission government.

Constitutionality of Jersey City's new business tax, designed to raise approximately \$4,000,000 in revenue, has been challenged by a group of local taxpayers. A temporary injunction by state Superior court restrained municipal officials from putting the tax into effect on Jan. 1 pending decision on the constitutional question.

In another case of wide significance, state Superior court ruled that a group of Essex county prop-

erty owners, appealing from increased assessments, might take their case directly into law court instead of following the usual administrative channels through the county and state tax boards. This case is on appeal to state Supreme court.

PARRILLO PLEADS NON VULT

FREEHOLD—A non vult plea was entered before County Court Judge John C. Giordano yesterday by Charles Parrillo of 6 Peninsula ave., Sea Bright, who is charged with obtaining a check for \$1,500 from Philip Giarmata of 88 Portland rd., Highlands, by a false promise. The suit alleges that Parrillo was to have delivered an auto to Giarmata.

BOTHERS CHANGES PLEA

FREEHOLD—Howard Bother, Jr., of East Millstone yesterday entered two pleas of non vult to charges of escaping from Kearsburg jail last Dec. 26 while being held on a charge of taking his stepfather's car without permission and of desertion and non support of his wife Margaret and three daughters of 39 Forest ave., Kearsburg, Jan. 20, 1951. County Judge John C. Giordano set Feb. 13 as the sentencing date.

Know Your Government

New Debt or New Suit?

The New Jersey Taxpayers' association today translated into terms of its meaning to the average man, woman and child in this state, the vast 78.6 billion dollar budget proposed to Congress for federal government spending in the next fiscal year.

Unless Congress and the new administration slash the super spending proposal, it is expected that income will be nearly ten billion dollars short of the outgo proposed for the year ending June 30, 1954.

Estimating New Jersey's "share" of the tremendous federal tax burden as nearly 3 1/2 per cent, the taxpayers' association placed this state's proportion of the prospective deficit, alone, at \$338,580,000. This exceeds the entire amount appropriated by New Jersey for the operation of its state government this year by more than 125 million dollars.

In terms of the average man, woman and child in New Jersey, the estimated deficit represents a prospective addition to the per capita debt burden of more than \$70—the price of a number of items the average man probably would consider far more useful—a new suit, for example.

Peas and Carrots—Pretty and Popular Combination

The rich orange color of carrots combines with the spring-like green of garden fresh peas to make one of the most eye-appealing vegetable dishes we can serve. No need, however, to serve this delicious combination in its "natural" state. Dress it up with a few simple variations. Try DULANY frozen Peas and Carrots this way. Easy to fix and amazingly good eating.

Peas and Carrots with Peanuts

Sauté 1/4 cup chopped onions in 2 tablespoons butter or margarine until lightly browned. Add 1/2 teaspoon salt, 1/4 teaspoon sugar, 1/2 cup water and 1 package of DULANY frozen Peas and Carrots and cook slowly until no moisture remains, about 13-15 minutes. Add 1/2 cup chopped (or whole) roasted peanuts. Serve at once. Serves 3 to 4.

Bible Words to Live by

I CORINTHIANS: 13:8—"Love never faileth; but whether there be prophecies, they shall fail; whether there be tongues, they shall cease; whether there be knowledge, it shall vanish away."

This is my favorite verse of scripture because it contains a truth that shall solve all the problems of man, whether they be personal, community, national or international.

The Bible tells us God is love. The creative power of the universe—the philosopher's "cohesive principle" and "spirit of mutuality;" the biologist's principle of life found in every cell; the physicist's power and energy of the atom; the psychologist's urge and means to an integrated personality—all of these are descriptive of God in action, the love that never fails.

This creative energy of the universe at work on the human level in social relationships is kindness—honesty—righteous—just—humble—unselfish—is not easily provoked—thinks no evil—gives the other person the benefit of the doubt. The sum total of all these attitudes is love in action.

This energy controlling man's thinking and motivating man's attitudes and actions will solve all his problems. Love never fails.

You Can't Go Wrong by Sowing Seeds in a Flat

Flats come "knock-down" and are put together with a few nails.

Among numerous meanings which the word "flat" has acquired, ranging from an apartment to a piece of stage scenery, it signifies to the gardener a shallow box in which seed is sown, usually for growing in the house, in a cold-frame or hot-bed. This simple device has been used for more than a century without anyone being able to improve it. The modern form comes knock-down and is easily put together with a few nails. It is a standard item in the garden trade.

Anyone planning to start seed in a seed-box cannot go wrong if he uses a standard "flat." It is a serious mistake to use substitutes which are too small, too fragile, or otherwise unfitted for the job of holding enough moist soil to nourish a vigorously growing plant from the time the seed is sown until it is safe to transplant in the garden.

A flat should be large enough for the plants, and not too large or heavy for the planter to handle. Standard sizes range from 12 1/2 inches, 3 inches, to 15 1/2 inches, 3 1/2 inches deep. The important dimension is depth, two inches being the minimum required to allow unchecked development of the roots of a seedling plant. When spaced, as usually practiced, two inches apart each way, each plant has eight cubic inches of soil in which to grow.

Knock-down flats are made of half-inch cypress or pine, both resistant to dampness. Between the boards on the bottom, narrow cracks are left to allow excess water to drain away. When filled with soil, a flat provides a seed-bed adequate for the plants, yet easily moved around indoors and out to locations which provide favorable conditions for growth. They are easily placed on a table or bench to eliminate bending over when sowing seed, thinning out or transplanting seedlings to pots or other flats. They can be moved from sunshine to shade outdoors and kept in a place convenient for watering. When it is safe to set out plants in the open, the flat can be carried to the garden and transplanted done with a minimum of shock to the plant and disturbance to the roots. A single flat of minimum size has room to develop 60 seedling plants to transplanting size without check if the seeds are sown in rows two inches apart and thinned out to stand two inches apart in the row. The excess plants can be moved to other flats if desired, and thus all seedlings saved, for transplanting to exactly the place desired in the garden. Plants started in the home, or in the cold frame before the weather is warm enough for outdoor operations, get a head start which results in an earlier harvest of flowers or vegetables in spite of the brief setback which they may receive when transplanted. Flowers which should be started early, if possible, include petunias, marigolds, and asters, all of which germinate and grow slowly. Most of the annual flowers can be started early, enabling them to be started earlier than when sown direct in the garden. Vegetables which need an early start include egg plant, peppers, cabbage, broccoli and cauliflower.
