

Herald-Family Service Launch Annual Camp Fund Appeal

The eighth annual Summit Herald-Family Service Association Camp Fund was opened this week with initial contributions of \$65 to launch the 1956 season. It is hoped that the fund this year may surpass last year's record breaking \$2,160.

With emphasis on providing for as many two-week summer camp vacations for as many Summit boys and girls as possible, readers of The Herald, local business and organizations are asked to send in contributions.

No solicitations are made by the fund, nor are any mailing requests sent out. All contributions are acknowledged in The Herald, unless otherwise requested, and gifts are turned over to Harold T. Graves, Jr., treasurer. All contributions received go to the Family Service Association which administers the fund, makes the camp selections and operates the camp program. Day camping is included in the program.

Only for Local Children
Only Summit children are considered for the camp vacations and the screening and final selection is made by Family Service. Children given vacations in past years total 406.

Mrs. Ann S. Brokaw, executive secretary of Family Service, reported that she had been notified by all camps used that fees for this year have been somewhat increased. The average cost of sending a child to camp for two weeks is now \$60.

"There is no set quota for the Camp Fund," Mrs. Brokaw explained. "The number of children we send will be proportionate to the generosity of contributors and the amount of money we have on hand. That is why every gift is so important, for we can only sign up children when we have the money to cover their expenses."

The Camp Fund was first launched in 1949 and closed with a total of \$1,873.28, which was sufficient to send 64 local children to camps. It has grown each year and last summer reached an all-time high of \$2,140.

Goal is \$1 per Subscriber
Most contributions are modest ones and the small contributions are encouraged. If every Herald subscriber would send \$1, the fund would have more than \$5,000.

The Camp Fund has no "carry-over" from year to year. It spends all it receives each summer and ends the season with a depleted treasury. It has no administrative expenses.

Since its inception the fund has been given the following:

1953	\$2,140
1954	2,124
1955	1,906
1952	1,873
1951	1,583
1950	1,484
1949	1,373

Contributions may be mailed or brought to The Summit Herald Camp Fund, 22 Bank Street. Donors names will be listed weekly.

The Summit Herald and Family Service Association gratefully acknowledge the following contributions to the 1956 Camp Fund. Donations may be sent to The Summit Herald Camp Fund c/o Summit Herald, 22 Bank Street.

All contributions will be acknowledged in The Herald unless otherwise stated by the donor.

C. P. Clark, Jr. Elected Family Service President

Charles P. Clark, Jr. of 27 Valley View Avenue was elected president of the Family Service Association at its annual dinner meeting held last Tuesday at the YWCA. He succeeds George D. Smith.

Other officers elected were Ernest M. May, vice president; Raymond J. Klinger, treasurer; and Mrs. Thomas Armstrong, secretary. Elected trustees were Miss Alice Carter, Mrs. Lester E. Crone and Judge Albert H. Burman.

The meeting marked the 43rd year of service in Summit by Family Service.

The speaker for the meeting was Dr. Ralph Brancolo, medical director of the Menlo Park Diagnostic Center.

Plans Begun for Ninth Annual July 4th Program

Plans have been started by representatives of the city's civic, business and social organizations for the ninth annual community Fourth of July celebration to be held at Memorial Field.

Headed again by George H. Hufnail, a committee consisting of representatives of the Common Council, Board of Recreation, Kiwanis, Rotary, Lions, Optimist and Elks clubs, Summit Area Chamber of Commerce, Red Cross, DAR, Italian-American Civic Federation, Boy Scouts, American Legion and VFW, are at work mapping plans for the holiday event. The program will follow the same general pattern as of former years, it was announced.

Assisting Mr. Hufnail in arrangements are Mrs. Joseph Strnad, vice chairman; Ernest P. Patten, treasurer, and Harlan S. Kennedy, secretary.

Tentative plans call for the day-long program of events opening with a 21-gun salute and flag raising ceremony at 9:45 a.m. This will be followed by track and field events for boys and girls and at 10 a.m. pony and mechanical rides will be put into operation and will continue throughout the day.

At 11 a.m. there will be a baseball game between the re-activated Summit Red Sox and an opponent from the Union County Baseball League.

The highlight of the afternoon will be a six-act circus provided by the George Hamid organization that will begin at 2 p.m.

The evening portion of the program will include a flag lowering ceremony, a band concert and the grand finale of an hour-long display of fireworks.

Further details will be announced at later dates by the committee.

Boro Girl Wins \$6,000 College Scholarships

A \$5,000 four-year college study grant has been made to a Summit High School senior by her father's employer, Englehard Industries of Newark.

The winner, Evelyn E. Jaeger, 17, of 60 Clinton Avenue, New Providence, plans to use the grant for study at Valparaiso University in Indiana where she will major in education. The University also awarded the Borough girl a \$1,000 scholarship.

The scholarship was the first to be made annually to sons and daughters of Englehard employees of five years or more service. Evelyn's father, Henry, is an accountant with the company's American Platinum works at Newark.

The scholarship provides for four years of study at \$1,250 per year. College grades must be maintained at a passing level to continue the scholarship. Under the terms of the contest, entrants must be seniors in high school and must submit a 2,000-word essay on "Why I Want to Attend College." Miss Jaeger's essay was on her choice of a vocation, which will be teaching of English and science.

Miss Jaeger is a member of the High School Service Committee and is active in church groups. She is employed after school as a file clerk at Lumbermens Insurance Co.

West Summit Civic Group To Hear Traffic Report

Council President Ogden D. Gensemer and City Engineer Frank Murray will discuss the McCrosky traffic survey and the city's traffic problem at the annual meeting of the West Summit Civic Association to be held next Thursday, May 10, in the municipal court rooms at City Hall.

New directors of the Association will be elected at the meeting. James L. Parris is chairman of the nominating committee. Philip H. Regan is program chairman for the meeting.

Morristown Sees Federal Aid Key To Slum Problem

The bitter pill of federal subsidized housing, which gagged Summit several years ago, was again proffered in a sweeter coating as a possible solution to the city's slum problems by Morristown officials at the SCOPE public forum on housing held Monday night at the YMCA.

An audience of about 125 heard Morristown's Mayor J. Raymond Manahan and John Waverczak, director of housing for that city, explain how their community had made great strides in eliminating slums through the assistance of federal agencies. However, it also was pointed out that Summit's present zoning and planning acts put stumbling blocks in the path of any similar program for this city.

The forum panel, which consisted of Ramon J. Cabrera, a member of the Sub-Standard Housing Committee and the Mayor's Committee on Housing, Philip N. Trowbridge, chairman of the Mayor's Committee on Housing, Miss Capitola Dickerson, a member of the Sub-Standard Housing Board, plus Mayor Manahan and Mr. Waverczak, thoroughly discussed the local housing problem, particularly that of Weaver Court where 28 tenants are facing eviction. Edgar B. Young, former chairman of the United Campaign's Central Committee, was moderator.

Weaver Court Background
In giving the background of the Weaver Court case, it was explained that the dwelling which has been a sore point with city and civic leaders for many years, was built in the early 1900s as a temporary shelter for silk mill workers and is at present still used as living quarters by 28 families who pay \$25 each per month rent.

The building has been declared "unfit for human habitation" by city agencies and the landlord, Michael Hamway, a few months ago was ordered to improve the property or face court action. Because of the large expense involved in modernizing the building, Hamway decided to vacate it and served eviction notices upon his tenants effective March 1. No eviction action has yet been taken but neither have the notices been recalled.

Tenants 'Old Timers'
It was explained that the families residing in the dwelling are predominantly "long-time" Summit citizens. Some of them are natives of Summit and most of them have lived at the Weaver street from 10 to 15 years. A survey made among the tenants by the Housing Board last summer showed that they would be willing to pay an average of \$60 monthly rental for a home, not including heat or utility services.

The problem of what to do with Weaver Court, as well as other properties that are ruled substandard or are considered marginal, is now under study by a special committee appointed by Mayor C. Philip Dean a few months ago. So far the Committee has made no recommendations or report.

Have Built 44 Units
Mayor Manahan described how Morristown also faced a serious housing problem in its "hollow area" of the city, a section originally occupied by Italian families and later by Negroes. He said that in making his bid for Mayor on the Democratic ticket he campaigned to great extent upon the "forgotten minority groups" and following his election created a Housing Authority that has built 44 low-rent units and has a federal okay on an additional 36.

Morristown aims to use federal housing measures to completely raze its "blighted hollow area" and rebuild it with garden apartments that will be surrounded by play areas and parking lots.

Mayor Manahan also disclosed that his city has a plan under way to turn over a large piece of property to private builders so that low-cost homes in the \$12,000 price level may be built by families desiring to own their own property. In addition to the land he said the city would contribute the installation of utilities.

"We found through a survey that people prefer to own their homes rather than rent apartments," the Mayor stated.

Operate on Deficit
Morristown's present 94 low-rent units operate at present at about \$15 to \$20 monthly deficit each, the Mayor explained. This

COMELY CHORUS—One of the feature numbers on the program tomorrow evening at the annual spring concert of High School music groups will be the appearance of the above triple quartet, known as the "Cheaper by the Dozen Quartet." The group will sing "Bain Street Blues," "Carolina Morn" and "Ten Little Indians." Left to right are Flor-

ence Staplin, Linda Lander, Gay Ferrara, Mary Pecca, Sonia Bedrosian, Betty Sue Limbach, Emily Jane Shipley, Sue Skiles, Sue Smith, Bea Robinson, Mary Irwin and Sara Rafferty. The enlarged quartet also will be heard on Monday afternoon at the PTA meeting. (Wein photo)

High School Music Groups To Give Concert Tomorrow

The annual spring concert at Summit High School will be presented tomorrow evening at 8:15 p.m. The program will include instrumental solos, vocal and instrumental ensembles, selections by the band, orchestra, and chorus, and a group of five madrigals by the modern dance group.

The orchestra will open the program with an arrangement of "On the Trail" from Grofe's "Grand Canyon Suite." This will be familiar to many as the theme music of the Phillip Morris radio program. Other selections by the orchestra include excerpts from the "Pathétique" Symphony by Tschaiakowsky and "The Entrance of the Sirdar" by Ippolitov-Ivanov.

Charles Gusmer, concert master of the orchestra, will play the "Meditation" from Thais by Massenet. He will be accompanied by Graeme Cowen.

Dances by the modern dance group under the direction of Lilian Berg cover a variety of moods and styles. One of these—"Eloise"—should appeal to those who have read the recent book concerning that fascinating young lady.

The boys' glee club will offer two selections, "The Sea Gypsy" and "Stout-hearted Men." These will be followed by a group of five choral selections including "The Lost Chord" and the Fred Waring arrangement of "Dry Bones."

After a brief intermission the program will continue with a male quartet, a girls vocal ensemble and a clarinet quartet. Bringing the program to a close the band will play a varied group. One number will feature Eric Hansen as soloist on the euphonium. Another of particular interest is the "Broadcast from Brazil," a Latin American selection employing many unusual percussion effects. This was played by the

Chairmen for 1956 Follies Appointed

Mrs. George D. Smith, president of the Women's Auxiliary of Overlook Hospital, has announced the appointment of Mrs. John D. Herrigel of Valley View Avenue and Mrs. William S. Sterns, Jr. of Brook Court, as co-chairmen of the 1956 Overlook Follies.

This will be the eighth annual Follies sponsored by the Women's Auxiliary to raise money to supply the linen needed by the hospital. The budget for linen for the 1956-1957 year, as submitted by Robert Heinlein, director of the hospital, is \$12,000.

The 1956 Follies will be held on November 30 and December 1. Mrs. Herrigel will be in charge of the production assisted by a director from the Jerome Catgill Producing Co. Mrs. Sterns is organizing the advertising, tickets, patrons, program, and all other committees to do with the business part of the undertaking.

May Program Of Co-Ed Club Features Dance

A high spot on the May program of events of the Co-Ed Club of the YWCA, is a dinner dance planned for Saturday, May 12. This is the last of this season's monthly social dances, scheduled by the YWCA, for young adults in their twenties and thirties. The dances have been well attended by young people from many communities in this area.

Dinner will be served from 6:45 to 8 and dancing will be from 8:30 p.m. Dining and "heel and toe" specialties will take place in the YWCA ballroom and on the Japanese lantern-lit patio, weather permitting. The buffet style dinner is to be prepared by members of the Co-Ed Club who promise "all you can eat of homemade casseroles, fresh salads, turkey and ham." A well known band will be on hand as usual.

All young adults are welcome, "stag" or "drag." It was ascertained at the last Co-Ed dance that eighty per cent of the young men and women had come separately on their own. Dress is informal.

Co-chairmen for the dinner dance are Laura Doyle and Marge Sterner of Short Hills; publicity by Fred Kadri of Madison; dinner chairman, Mary Lou Goett of Chatham; decorations, chairman, Jerrie Barr of Summit.

For those coming only to the dance, tickets will be available at any time. For diners, reservations must be made prior to May 6, either at the YWCA at 282 Morris Avenue, Summit, or by phoning CR 3-4242.

Other May Co-Ed activities include a trip to Barnum and Bailey Circus on May 5 and one on May 19, to see cinerama, "Seven Wonders of the World," with dinner following, reservations for both of which events are already closed. Other meetings still open to persons wishing to join in Regional High School in Spring-Co-Ed YWCA activities include a symposium on Friday, May 25, at Regional High School in Springfield on the subject of "Life On Other Planets." A group will leave the YWCA at 7:30 p.m. on Sunday, May 27, bowling enthusiasts will leave the YWCA at 2 p.m. to try their luck at the alleys in Livingston. The final May event will be a Memorial Day picnic on Wednesday, May 20, at Highpoint.

Dinner Planned to Honor Coach Elwood C. Cornog

Arrangements are being made for a testimonial dinner to be given in honor of Elwood C. Cornog, High School sports coach for the last thirty years, who will retire at the end of this school year.

The dinner will be held May 23 at 7 p.m. at the Blue Shutter Inn, Union.

Tickets may be obtained at S. Balish & Son, 1 Beechwood Road and 522 Morris Avenue, or by calling Samuel Balish at CRestview 3-6263.

Three Families Forced To Flee Home in Fire

Three families were routed from their homes at 105 Park Avenue Tuesday at 9:25 p.m. when a fire damaged a ground floor bathroom and kitchen and spread to a second floor stair and roof before being subdued by firemen in a 1½-hour battle.

The families of Gus Edwards, T. R. Gray and Charles Smart were made temporarily homeless but re-occupied their apartments later in the evening.

Council Promises Decision on Meter Shift at Next Meeting

Definite action on the city's controversial traffic ordinance that will cut business section parking meters from one hour to one-half hour will be taken at the Council's May 15 meeting, it was announced following another lengthy hearing that produced a record turn-out of local merchants protesting the proposed traffic changes.

Civil Defense Units Get Good Mark on Test

"Operation May Day," the statewide civil defense exercise held Tuesday evening, found Summit fully prepared and was marked in this city by an unusual degree of public cooperation.

From the time the red alert was received in Summit at 6:55 p.m. until the white or all-clear signal sounded ten minutes later, traffic in the city came to a nearly complete standstill.

Police Chief Edward K. Egan and Auxiliary Police Chief Edward Trayford reported to Civil Defense Director Maxwell Lester, Jr. that no incidents of failure of the public to comply with civil defense instructions had been noted. Mr. Lester and Deputy Director Harry C. Kates were on duty at City Hall CD headquarters shortly after the yellow or warning alert was received in Summit at 6:15 p.m.

Just prior to the red alert, Mr. Lester drove to the Lackawanna station where most of the activity was expected to take place. Fifteen auxiliary policemen had been assigned to patrol the station and vicinity. Civil defense precautions permitted passengers to board departing trains, but those passengers arriving were required to remain in the station during the red alert.

Just Missed Commuter Rush
The test just missed the commuter "rush hour" period which ended with the arrival of the 6:48 p.m. from New York just before the sounding of the red signal. The 6:50 p.m. arrival, the railroad said, was "usually late," and might have been expected to unload its commuters in the middle of the alert. The white signal, however, sounded before its arrival.

During the total time of the red alert not more than a dozen passengers, inbound and outbound, were confined to the station. The eastbound 7 p.m. arrival discharged no passengers. No more than three or four wives and families were waiting at the station; those nearby took shelter in the building while others remained quietly in their cars.

The streets were deserted except for a few pedestrians, who, unaware of the test, strolled on until auxiliary policemen asked them to take shelter. Motorists caught under way pulled to the side of the road.

Generators Tested
Auxiliary generators at City Hall, Overlook Hospital and the Hotel Suburban were tested during the alert. At Red Cross headquarters (Continued on page 25)

Should Heed Merchants
Harold Spitzer pointed out that the local businessman was "closer to the problem than you Councilmen" and that the city should pay heed to the sincere objections expressed by merchants, the Summit Area Chamber of Commerce and the many customers who have signed petitions protesting the meter change. "Listen to the merchants on this," he urged.

Councilman Forsberg pointed out that "no one, not even McCrosky, has a complete solution" and explained that Council is seeking only to do the best it can with the information that has been furnished by a recognized traffic expert.

Councilman John M. Mackie asked the merchants what consideration they are giving to the new parking lots that are being provided by the city for shoppers who desire to park longer than 30 minutes and requested of the merchants that they "go along" on a trial of the proposed meter change.

William Siebert, Bank Director, Dies at Overlook

William Charles Siebert of Bernardsville, formerly prominent in Summit business and banking affairs, died Tuesday at Overlook Hospital. He was 68.

Mr. Siebert lived here for many years and from 1906 to 1939 he operated a food store on Springfield Avenue. He was president of the Businessmen's Association, forerunner of the Summit Area Chamber of Commerce, from 1924 to 1925 and was one of the founders of the Citizens Trust Co. and until his death a member of its board of directors.

He was a charter member of the Summit Rotary Club, a director of Hill City Savings & Loan Association for thirty years and president of the Summit Mortgage & Finance Co. He also was a local real estate broker and a real estate appraiser for Citizens Trust Co.

He is survived by his wife, Mrs. Irma Conner Siebert, a son, William Charles Siebert, Jr., and a daughter, Mrs. Edmund C. Allenberger, all of Bernardsville.

Private funeral services will be held Saturday from the Burroughs and Kohn funeral home, 309 Springfield Avenue. The family has asked that no flowers be sent.

Local Man Loses Country Club He Bought at Sale
 A Summit man and his wife who last February acquired Shackamaxon Country Club at Scotch Plains were ordered on Friday by Superior Court to turn the property over to two custodial trustees and to refrain from participating in the club's management operation.
 The court order was the latest legal move to come out of the complex litigation that has involved H. Jardine Samurine and his wife, Gertrude, of 648 Springfield avenue, since they took over the club on February 26 at a bankruptcy sale.
 Samurine is in the home building and real estate business here. He constructed several homes on Springfield avenue at the corner of Pine Grove avenue and has built others in different parts of the city.
 On Friday Superior Court Judge Mark A. Sullivan, Jr. ordered foreclosure of a \$1,050,000 mortgage on the club and appointed Julius Kwalick of Elizabeth and Augustus S. Dreier of Plainfield, both attorneys, to "put the club back on its feet."
 Ownership "Clouded"
 Sullivan ruled that foreclosure proceedings against the club, initiated by Jacob Moskow of Paterson the holder of a \$768,190 third mortgage, be continued.
 The question of club ownership is "extremely clouded," the court said, and is based on nonrelated suits against Samurine by plaintiffs who gave him money. John and Anthony Rocco of Newark claim a co-ownership for a \$25,000 advance; Mark and Nora Zaren and Simon Metrick of New York City claim full ownership on the basis of their possession of all shares in the Royal Shackamaxon Country Club which they acquired when Samurine defaulted on loans of \$30,000 and \$24,000 given him.
 Before designating the trustees, Sullivan declined a recommendation by Nelson Siamler of Elizabeth, representing Moskow, that John Handberg, former owner of the club originally held the third mortgage but assigned it to Moskow.
 Barred from Club
 Under an order issued previously by Sullivan Samurine had to show cause Friday why he should not be barred from entering the club; turning over the assets of the club to the plaintiffs; present an accounting of all monies received by the club; present a determination of all liabilities incurred by the club; and why a judgment of \$30,000 for the Zarens and \$24,000 for Mitrick should not be awarded.
 Moskow claims he still is owed \$768,190 under the mortgage and that payments were in default by \$100,000. Judge Sullivan permitted the foreclosure on the grounds of an allegedly worthless check for \$21,854 paid by the Samurines as a monthly installment.
 Also argued in court were two

Eight Win Top Honors in YM Bridge Games

A total of eight persons won special honors in the monthly master point bridge game sponsored by the Summit Bridge Club at the YMCA last week. Frank Hammond of 753 Springfield avenue, director of the club, announced the winners.
 Those winning included Henry R. Crigler of 20 Edgemont avenue and H. G. Hanford of 120 Mountain avenue, first prize with one whole master point each. Second honors were awarded Mrs. A. G. Rusen of Short Hills and A. W. Gridley of Livingston, 50 fractional points each. In third place

with 25 fractional points each were Mrs. Frank Hammond of 753 Springfield avenue and A. J. Hamilton of Irvington. Final awards went to Mrs. G. Moore of 62 Blackburn place and H. Pinepicks of 9 Valley View avenue, each with 15 fractional points.
 Mr. Hammond referred to the growing interest in duplicate bridge in Summit and invited persons interested in the game to telephone him at CR 3-3579 for a

Library Gets New Gift From Fortnightly Club

A gift of four books was made to the Summit Public Library by the Fortnightly Club in memory of Mrs. George Wilcox, first president of the Fortnightly Club.

The Wilcox Memorial was founded in March, 1904 and has given more than 1,200 books to the library from its inception. Mrs. C. A. Sprague is the current chairman of the Wilcox Memorial Committee.

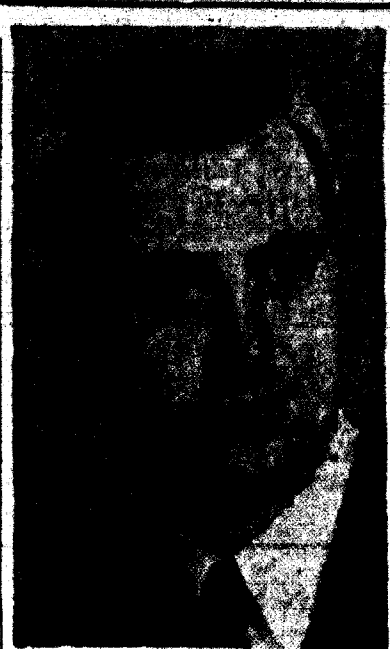

Chosen for this year's gifts in the fields of art and music are: "A Journey to Greatness; the life and

music of George Gershwin" by David Ewen, outstanding author of books on music and musicians; "Victor Book of Ballet and Ballet Music" by Robert Lawrence for the balletomane, musician and general lover of ballet. This is also a book for those who want a description of the choreography and selection of the musical themes that would identify the ballet.

Bernard Berenson's authoritative book "The Italian Painters of the Renaissance" combines his essays, which are considered the very basis for understanding the art of this period, with 400 illustrations, many of them in color, to make this a most informative volume for both beginner and connoisseur.

"Glory of Egypt" by P. Gayet-Tancrède is an unusual book of text and photographs of the wonders of the civilization of the Nile. Written by a French documentary film producer and photographed by Michael Andrain, it is an outstanding contribution to the appreciation of Egypt.

Lyons Hospital Cites Work of 12 Summit Area Aides

Twelve Summit area residents were cited Monday night at the tenth anniversary recognition ceremonies of Lyons Veterans Hospital for volunteer work performed there. A total of 60 veterans, welfare and service organizations participated in the program.

Hospital manager A. E. Trollinger presented each volunteer with a certificate of appreciation for his service. The certificates were issued on the basis of one hundred, three hundred, five hundred and one thousand hours of service.

The following Summit residents, all members of the Red Cross, were honored: Mrs. Mary Conant, Mrs. Mildred Faul, Miss Bernadette Flynn, Mrs. Martha Fox, Mrs. Ethel Green, Mrs. Georgina Tellin, Mrs. Pauline Glasser and Mrs. Elinor Hopkins. From Berkeley Heights, also representing the Red Cross, were Mrs. Theresa Maslow, Mrs. Lee Tamaroff and Mrs. Clara Corrigan. Harry Engleman of New Providence was honored as a non-affiliated volunteer.

Trollinger said that during the last year almost 19,000 volunteers from surrounding communities contributed over 62,000 hours of service. He said, "Volunteers bring a breath of 'home' and 'community' into the hospital and help check the tendency of patients not wanting to leave the hospital and its protected environment. They are symbols of hope, health and normalcy."

Former Resident Gets Grant From Ford Foundation

S. George Walters, formerly of Summit, assistant professor of economics at Lehigh University, is one of 15 American university teachers granted a Ford Foundation fellowship on the writing and teaching of cases in business administration.

The purpose of the special course at the Harvard Graduate School of Business Administration is to acquaint university professors of undergraduate and graduate faculties of business administration in the United States with the case method. It is designed to present teaching techniques which are applicable to the case method and to train faculty members in the writing of cases.

The case method is based on a principle that discussion, as opposed to lecturing, is to develop a student's analytical ability. The objectives are to help students develop the ability to evaluate a business situation and act on the basis of their evaluation.

Those selected for the Ford Foundation grants will observe teaching methods and techniques at Harvard, then do case research of some firm in the nation which will be visited. In addition, Walters will teach several cases at the Harvard Graduate School of Business Administration.

A native of Summit, Walters has been a member of the Lehigh faculty since 1950. He is a graduate of Western Maryland College and received advanced degrees from the Graduate School of Business at Columbia University.

Local Man Gets Third Army Command Post

Col. George W. Rhyne of Summit, for the last year deputy chief of staff at the Signal Corps Training Center at Fort Gordon, Ga., will leave the end of this month for a new assignment.

Col. Rhyne has been named Signal Officer for the Third Army, and will make his headquarters at Fort McPherson, in Atlanta, Ga.

The assignment will be in the nature of a homecoming for the colonel—he attended the Army's

West Point Preparatory School at McPherson in 1933. He went on from there to the U. S. Military Academy, graduating in June, 1938.

During World War 2 Col. Rhyne was Signal Officer for the 83rd Infantry Div. He landed at Normandy with the 83rd on June 8, 1954, and participated in campaigns in Northern France, the Ardennes and Alsace, Central Europe, the Rhineland and the drive to the Elbe River.

After the war, he commanded the 63rd Signal Bn. at Vienna, Austria. In 1947 he returned to the States for duty with the General Staff of the Army in Wash-

ington. The colonel has commanded the Signal Corps Photographic Center on Long Island, was assistant chief of staff of the Signal School at Fort Monmouth, N. J., and served as Signal officer for the Army's Korean Military Advisory Group and Signal advisor to the Republic of Korea Army.

His mother, Mrs. Josephine Brandt Moore, lives at Pasca; gould, Miss. He lists Summit as his permanent home, but has been residing with his wife, Vivian, and three sons, George Jr., Theodore and Joseph, at 2447 Leslie Circle, in the Fleming Heights community near Augusta, Ga.

Man's true selfhood as the perfect child of God—possessing God-given dominion over sin, disorder, and failure—will be set forth at Christian Science services Sunday.

Readings from the King James version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the Lesson-Sermon en-

itled "Adam and Fall of Man." From the Bible will be read this passage from II Timothy (3:16,17): "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works."

Included in selections to be read from Science and Health is the following (304:14): "The perfect man—governed by God, his perfect Principle—is sinless and eternal."

"Every Heavy Smoker Gets Cancer"

BELOXI, Miss., April 18 (UP)—Dr. Alton Oschner, famed New Orleans, La., cancer specialist, has warned that "every heavy smoker eventually develops lung cancer unless they die of some other disease first."

"No one," Oschner told the Alabama Dental Association here yesterday, "is in a better position to discover cancer of the mouth than dentists." He urged the dentists to advise heavy smokers to get early chest X-rays to detect possible cancer.

If your dentist is a smoker, he may not know how smoking affects the heart, and circulatory system. Tell him to have a cardiogram made after smoking two cigarettes and a temperature record of his toes before and after smoking. Both coffee and cigarettes shrink the blood vessels and in some smokers, the temperature after smoking may be as much as 12° F. below the blood temperature of 98° F. This is why some smokers get "Buerger's" disease, the only cure for which is to stop smoking.

If this is neglected, the usual alternative is an amputation of the feet, or hands. This information was sent by Air Mail to King George VI when his doctors were threatening an amputation of his leg. A short time afterwards the "New York Times" printed a picture of His Majesty with an article saying that the King had stopped smoking and that he had become so cross and irritable he was going out to Windsor Castle to recuperate. Another Air-Mail letter was immediately sent to him in which he was advised that it had been our experience that when a smoker stopped smoking without stopping the use of tea and coffee he was apt to be nervous and irritable. A short time afterwards, we were gratified to receive a letter from the King's Private Secretary in which he said that His Majesty had commanded him to write and thank us for our letters. (The King's leg was not amputated).

If you, Doctor, or your patients know anyone who is threatened with a premature death by smoking you owe it to yourself in your practice of dentistry and "The Golden Rule" to speak up, especially to the boys and girls and the youth of our country. They are even more worth saving than their teeth.

ASK YOUR DENTIST

Good teeth are a great asset and should be brushed not only at regular intervals, but should be cleaned by your dentist at least once a year. The next time you visit your dentist take this leaflet to him and ask him to read the advice of Dr. Alton Oschner, the famous cancer specialist!

Resident Gets Top Award of Radio Society

Formal presentation of the 1956 Fellow Awards was made by the Institute of Radio Engineers last Friday at a dinner held by the New York section of the IRE. Col. J. Z. Millar, assistant vice president, development and research of Western Union Telegraph Company, received the Fellow Award at that time for administrative contributions to military communication, and for commercial application of microwave systems.

Col. Millar lives with his family at 72 Blackburn Place. He is a graduate of the University of Illinois in Electrical Engineering and has done graduate work at George Washington University and at Columbia University. He started with Western Union as an engineering apprentice in the Washington, D. C., office and then was transferred to the telegraph company's electronics research laboratories where he specialized in radio and wire line transmission systems for 15 years. He served with the Signal Corps as deputy president of the Signal Corps Board and as Signal Officer for the Normandy and Loire sections, European Theater.

After the war Col. Millar returned to Western Union and was appointed radio research engineer. He became director of research

Col. J. Z. Millar

in 1949 and was appointed to his present position in 1953. He is on the board of directors of Microwave Associates, Boston, Mass., and of Technical Operations, Inc., Arlington, Mass., and on the board of trustees of Central Presbyterian Church. He is also a member of the AIEE and AFCEA. Since the war, Col. Millar has served as a consultant to the Department of Defense. He was formerly with the research and development board, and more recently with the technical advisory panel on electronics, OASRD.

Beacon Hill Civic Group Elects Ganz

"We must continue to oppose down-zoning and strive to maintain Summit primarily as a community of homes," said Albert G. Ganz of 16 Edgemont Avenue following his election Monday evening to the presidency of the Beacon Hill Association. One of the city's outstanding neighborhood associations, the Beacon Hill group was formed in 1950, in the words of retiring president Charles L. Case, "... to preserve the character of Summit as a residential community..." The Beacon Hill area generally comprises that part of Summit west of Essex Road between the apartments north of Springfield and the Morris and Essex Turnpike.

Guest speaker at the meeting was Councilman John M. Mackie who urged Association members to study the McCroskey traffic survey which is on file at the library. In addition to the parking problem, Mr. Mackie discussed the city budget and the new building code.

Elected first and second vice presidents respectively were Carl J. Ahlers of 18 Fernwood road and John E. Fleming of 88 Bellevue avenue. John D. Farrington, Jr. of 10 Sherman avenue was elected secretary and Alfred C. Parker of 81 Hobart avenue became treasurer. Trustees elected are Charles L. Case of 16 Waldron avenue; Hector C. Griswold, 28 Hillcrest avenue; Henry D. Richardson, 15 Lorraine place; E. Rufus Searles, 29 Edgemont avenue and Dr. G. McKay Stephenson, 200 Summit avenue.

Chemists Institute To Honor Residents

Dual honors will be bestowed upon two Summit residents by the American Institute of Chemists when that organization holds its annual meeting on May 11. John W. Library's Art Is Where You Find It

There's art outside and inside the Summit Public Library these days.

The famous cherry trees outside the Library have burst into breathtakingly beautiful bloom and are attracting the attention of local and nearby visitors, many toting cameras.

And, inside the Library is an exhibit "Art and Techniques" arranged by Mrs. Reginald J. Billado, Mrs. Edward S. Gilson, Mrs. Albert A. Miesem, and Mrs. Robert Trowbridge, of the Summit Art Association. The exhibit, which will be on display during the month of May, features a representative group of paintings, drawings and sketches showing different media and techniques.

Among them are oils done on canvas with brush and palette knife. Others have had the paint applied directly from the tube, contrasting bold colors against each other.

There are water colors, gouache, pastels; sketches done in charcoal and some with pen and ink.

The subjects include portraits, still life and studies.

With the exhibit of paintings is a collection of the materials used by the artists — tubes of color, palettes, brushes, palette knives, canvas, etc.

The Library has on exhibit a large collection of its books on methods and techniques, as well as representative books on art.

Jefferson PTA to Hear Student Music Program

A musical presentation by the school orchestra and choir under the direction of Roy Fulmer and Miss Margaret Thorpe, in charge of elementary music in Summit schools, will highlight the final meeting for the Jefferson School PTA season on Monday, May 7. Robert Teel, president will conduct a brief business session at 7:30 p.m. for the nomination and

election of officers and the approval of the new by-laws. Annual reports of the various committees will be distributed to the members.

Refreshments will be served following the musical program.

Ever wonder why the front rungs on old chairs got so worn? Drafty floors were responsible. It seems the ladies of the house customarily kept their feet on the front rung to avoid the cold.

A Political Frankenstein?

There is one aspect of last month's election that everybody seems entirely to have overlooked. This is that not Estes Kefauver, not Governor Meyner—but President Eisenhower who turned out to be the star and the surprise of the Primary balloting.

And this happened on the day after he vetoed the farm bill—an act which everybody said was political suicide.

But what happened? The President not only left Senator Kefauver far behind in the state's popularity poll, but his complimentary vote surpassed the Democratic total for the Meyner-Kefauver candidates combined.

Union County ran up a whopping Republican vote of 38,287 for the President and in Essex the vote was in excess of 55,000. In only one county, Hudson, did Kefauver run better than the President.

The other counties contributed heavily for a statewide total of better than 300,000 for Eisenhower, not far behind the 390,000 he was given four years ago in a Primary contest with Senator Taft.

For Kefauver, New Jersey turned out to be a bad political investment. His stock bolstered by triumphs in New Hampshire, Minnesota and Wisconsin, took a downward plunge after New Jersey.

Adlai Stevenson, however, could claim no credit for the deflation. He never officially entered the Primary and his write-in vote was negligible. The Kefauver disaster, therefore, was the combined result of the Democratic organization's fright and efficiency which spurred the party's leaders to action.

So the Democratic organization and Governor Meyner are left with a sense of elation for having crushed Kefauver's ambitions in the east. But they are also left with the sobering thought that the Democratic Party, for all its Primary hub-bub, couldn't match the turnout for President Eisenhower in a Republican Primary that was devoid of important statewide contests, excitement and organized efforts.

The outcome, accordingly, shapes up as a personal triumph for President Eisenhower that should persuade the Democratic organization everywhere, as it looks ahead to Chicago and November, that it has its work cut out for it and that, perhaps, in pushing the farm bill issue in the hope of putting the President on the spot, it has created for itself a political Frankenstein.

Digging Into the Past

It was not until recent years that archeologists and other scientists began to dig deeply into the past. They had dabbled with the secrets of other days. In short, they were just as eager as they are today. But there were fewer of them; they lacked certain equipment which now is bringing forth fruit; they were hampered by the lack of trustworthy measurements. But now these blessings have issued forth from the fertile mind of man. Perhaps the most important of these is the ability, through our knowledge of radium and its rate of disintegration, to date most of the finds. It is now possible to know the age of artifacts, manuscripts and bones buried deep in sand or pitchblende. For instance, the remains of an Indian civilization had been found some years ago and it was estimated they dated back 6,000 to 10,000 years. This tended to show that the arrival of the race from Asia across the old Behring bridge went back to some such period. But now the exact measurements show that the civilization was twice as old, carrying back the antecedents of American human society much further.

The finding of the Dead Sea scrolls probably has been the most fascinating of all recent discoveries. These ancient documents, now being carefully unrolled, photographed and read, tell much about the pre-Christian era and possibly the origin of many Christian symbols, rites and customs. They also have produced the first documents in Aramaic, the language Our Lord spoke, and at least one book of the Hebrew Bible, the earliest manuscript of which, heretofore, dated back only to 1100 A. D. The new scroll of Isaiah has been authoritatively dated by modern methods as about 100 B. C.

Now, in searching through the remains of Herod's palace a bit of papyrus and some records carved on stone have been uncovered. They too are proved to antedate the Christian era. Whether they will give us new information remains to be seen. There is the rumor of a tablet just found which may be a key to the Hittite language. Perhaps eventually we will be able to read Etruscan monuments, up to now undeciphered.

All this is important. While primarily we

live in the present and look forward to the future, both present and future are rooted in the past. We cannot progress by leaps and jumps. We must have foundations if we are to read modern structures. One may laugh at "endless genealogies" and the research of the anthropologists and archeologists. But they are uncovering backgrounds upon which racial history has been written. What they have discovered is tremendous. What they are uncovering today, with the help of new scientific developments, promises to be even more so.

Can Science Find the Answer?

Admittedly all our troubles over water shortage could be overcome if we could freshen sea water. Science has been working on it for half a century and has succeeded in a number of cases. Unfortunately every discovered process is too costly to serve commercially.

It is stated that at least 20 different lines of investigation are now being carried on. In one of them apparently the cost of the product is brought down to a figure warranting hope for a reasonably near future. But \$200 per acre foot is double the commercial rate that could be considered and thus far no revision of the machinery cuts the price.

Let us imagine an answer to the problem. This would mean that all areas within a hundred miles of the sea could depend upon ocean water to meet their needs. Inasmuch as nearly a third of our population in the United States lives within such zones the present consumption by the people in these areas could be increased as much as desired, and existing supplies could be thrown to communities farther from the coast.

There was a time when sea water was just another kind of slow poison. But today all safety rafts and lifeboats carry the machinery to freshen such water so that those awaiting rescue will not throw their lives away by consuming deadly potions because of their insatiable thirst. Such methods, however, are not feasible except in serious emergencies. And the time to do the job as well as the cost make them impractical. On a raft or in a lifeboat time and expense are not involved.

Can science find the answer? No more wonderful advance can be imagined for the future of the human race. We can visualize ocean-going ships carrying no great tanks of fresh water. Instead they would be equipped with the machinery to extract salt from the surrounding brine, giving more space for cargo. And aridity in many places—coral islets without wells, sandy keys with no fresh water and even larger areas during dry spells—would no longer be a great problem. Television is fine. Radio helped a great deal. The automobile and the plane were tremendous inventions. Yet are any of them superior to the discovery, when it comes, of a way to make sea water potable? We would doubt it.

Current Comment

And the Blotter, Too?

Christian Science Monitor

"Times change and we change with them" runs the proverb. Yet it has seemed to mortal observers that some objects would go on forever—such as the post office pen, though it never went far without scratching. But now even that institution is approaching the end of things mundane. It is to be replaced by something better.

So goes an announcement from Postmaster General Summerfield. The "something better" is to be a ball-point pen. His department is asking for bids on half a million of the new-type writing instruments.

Not long ago some experiment was made with this innovation. At first it was feared that too many of the pens would be carried off and the cost would add to the Post Office deficit. (No one ever was seriously tempted to take one of the old shafts with the steel point.) But the losses have proved small. And the ubiquitous ball point now is inexpensive to produce.

So humorists have lost a sure-fire subject. But about a hundred years from now a generation that has never seen a "post office pen" will become curious. And antique dealers who now seek a quill to stick into the tiny dish of shot on a Colonial desk will dig up from somewhere a new item.

Corporal Punishment in Schools

(Montclair Times)

As we suspected, prevailing sentiment appears to be against permitting corporal punishment in the schools. Many parents apparently are alarmed that should the practice be revived teachers might indiscriminately engage in hitting their children whether or not there was proper provocation. This approach to a proposal which was brought by the Bar Association as a possible means to curb juvenile delinquency does not speak well for the attitude of some parents toward teachers. We doubt very much if teachers would go about striking children just because the law might say they had such a right. There is less doubt, however, that some classroom troublemakers would be admonished more severely than they are today and, we imagine, rightly so. There does seem to be a discipline problem in many schools among some cities and corporal punishment might be the answer to the unfortunate situation that exists. The question, of course, is whether the majority of children should have to bear the impact of the system of corporal punishment in order to curb the unruly few. Certainly the idea of corporal punishment alone would have a serious effect on the friendly relationship which most teachers try to have between themselves and their pupils.

Jones Sworn in as Mayor At Boro Council Meeting

New Providence—Former Councilman Samuel E. Jones took the oath of office as mayor of this borough Tuesday night at a meeting of the Borough Council in the municipal building. He was sworn in by borough clerk Thomas Mussen. Mayor Jones fills a vacancy created by the resignation of former Mayor Charles A. Johnson who was transferred to another state by his employer. The resignation of former Mayor Johnson was accepted "with reluctance and regret" by the council. Appointment of a councilman to replace Mayor Jones will be made in the near future, the council stated.

Approval was granted to the Crestview Club Corp. on a proposed plot plan which differs from the original that was approved April 3, 1936. The present plan after considering terrain more carefully and with the advice of construction engineers, they disclosed is much more suitable both economically and physically. The proposed location will help to shorten sewer lines and require the least amount of road construction and parking area, they declared.

A recommendation by George Soffel, finance chairman that the borough attorney be authorized to take legal action to obtain delinquent personal property taxes was approved.

The expenditure of borough departmental funds was defined by borough council when a request that the Recreation Committee be permitted to set up a petty cash fund. The municipal treasurer is the guardian of all funds, the borough attorney stated.

An appeal from a local resident to purchase property on Madison Ave. designated as lots 17 to 22 was tabled for further consideration.

Approval was granted for a resolution to pay \$500 as part of a \$1000 payment which is the borough's share in the appeal on the tax equalization table of Union County. The hearing set for Tuesday in the Court House, Elizabeth was postponed until May 9.

Lands designated as Oakwood Park were placed under the con-

rol of the Recreation Committee to be used as a recreation park.

Tabled for further study was a resolution to purchase a strip of land about 5 1/2 feet wide and about 119 feet long on Mountain Ave. and South St. on which the borough plans to erect a traffic light.

The appointment of Henry Zannetti as assistant borough engineer was approved. His salary will be \$5800 annually. The appointment is effective May 14. The post was vacated by the retirement of William Smock.

Leonard S. England, 21, of 45 Potter St. has begun his duties as probationary patrolman, council stated. The salary is \$3400 annually.

The borough attorney was authorized to write the Public Utilities Commission to make a survey of the Gladstone Branch of the Lackawanna Railroad at Maple St. in order to have the overpass widened at this point.

A request by a Springfield Ave. resident that the council take action on prohibiting children from playing in a hazardous building nearby which should be razed was answered by the council. They stated that plans for the demolition of the building are now under consideration.

Heights Reports 90 Turn Out in Defense Test

Berkeley Heights—Civilian Defense Director Joseph Mulholland announced that 90 per cent of the regular and volunteer workers participated in Tuesday night's alert. He was deeply gratified with the cooperation of everyone in the township, he said. He stated, "The public is quite cognizant of the danger according to the 2,000 questionnaires that have been distributed throughout the town by the wardens." He said that the majority of householders stayed in their homes because, having made provisions for food and water, they felt it was the safest place.

About 300 air raid wardens participated in the alert. Of the 22 auxiliary police, 16 turned out. The canteen was directed by Mrs. Harry Lucas.

The base of operations was centered at the municipal building. Enemy agents were to have sabotaged Bell Laboratories. One "bad explosion" was supposed to have occurred and delayed action mines were supposed to exist in other buildings. Lab officials have called upon local police to block all exits in order to capture the saboteurs. Flood and search lights are needed. A demolition squad from the National Guard is needed immediately. Casualties number one dead, two criticals and two broken bone injuries.

Fires are supposed to have broken out imperiling all of the homes from the Old Golf Course into the back of the Countryside as well as the new NIKI Radar

NEW DISTRICT SCOUT LEADER—W. Floyd Taylor of 189 McMane avenue, Berkeley Heights (left) is shown above receiving congratulations upon his election as the new District 5 chairman from A. Layton Seaver, Jr. of 76 Diamond Hill road, Berkeley Heights (center), the retiring district chairman. Looking on (right) is Clifford L. Callahan of 244 Morris avenue, Summit. The new officers were installed at the annual district dinner meeting held at the Hotel Suburban. Scouters Keys were presented to Mr. Taylor, Mr. Seaver and Dan Kreider. (Wolin photo)

Heights Resident Cited for High Insurance Sales

Berkeley Heights — David C. Flagg of 76 Beech ave. recently appointed Sales Supervisor at the Newark Bowes and Joseph Agency, has qualified for membership in the Leaders Association, the New England Mutual Life Insurance Company's top sales production club.

A graduate of Yale University and the New York University Graduate School of Business Administration, Mr. Flagg won membership in the Leaders Association on the basis of his outstanding production record during the past year. He will attend the company-sponsored Leaders meeting at Sun Valley, Idaho this spring.

Mr. Flagg holds membership in Tau Beta Pi, honorary engineering fraternity, Sigma Zeta, a national honorary scientific fraternity and Beta Gamma Sigma, national honorary business fraternity. He is also the recipient of the Marcus Nadler Key, awarded by the New York University Graduate School of Business Administration to the highest ranking successful degree candidate in the fields of banking, finance and investment.

He is familiar with the estate planning, pension and business aspects of life insurance.

A veteran of two years service in the Navy with the Destroyers Division Commanders staff, Mr. Flagg is married and resides at the Beech ave. address.

Garden week at Williamsburg was enjoyed by Mr. and Mrs. Wallace Hoge of Bedford road who were accompanied by Mr. and Mrs. Merrill A. Watson of Westminster road.

Boro Defense Units Perform Duty Smoothly

New Providence—This borough was the scene of much concentrated activity by uniformed Civilian Defense members, air raid wardens, regular police and auxiliary police, doctors, nurses and others during Tuesday night's alert. In all areas of the borough, action by civilian defense participants was evident.

Base of operations was at the Borough Hall. Canteen kitchens were established at the Methodist Church under the direction of Mrs. Douglas Ryerson and Mrs. Hugh Hamilton; at the Presbyterian Church with Mrs. Dudley Storms and Mrs. A. L. Cummings in charge and another at the Lincoln School, directed by Mrs. Douglas Garno.

The rescue squad members worked in teams at the base of operations and on the scene of "disaster." A police cordon was thrown around the disaster point admitting no one through until they properly identified themselves.

A mobile communications unit dispatched the crews and teams between headquarters to the various scenes of action and workers to the most needed points. A "morgue" was established in the municipal garage. Casualties number two dead and six injured.

The Bell Telephone Labs were supposed to have been working on some very complicated machinery that was to have been strictly confidential. The project was completed and was to have been delivered under F. B. I. surveillance to a freight train at the siding of Murray Hill Station.

While waiting for the signal to move the train, "saboteurs" planted explosives under the two

R. C. Sherwood, 38 Gales Dr. and Mrs. Paula Fritzahing, 7 Pine Court, \$5 each and Frank T. Syme, 30 Crescent Dr., \$10.

cars containing the secret equipment and immediately detonated the train. The explosive completely wrecked the two cars and killed the engineer and the fireman. It was reported that one of the saboteurs was seen leaving the tracks wearing a trench coat and dark glasses. A small child was supposed to be leading him by the hand.

The story of the "saboteur" who was portrayed by K. J. Anderson, 80 Earl Pl., lent a humorous note to the event. He was supposed to have been Spanish unable to speak a word of English. Instead of a child leading him as was planned, he was led by his sandy hued cocker spaniel dog named "Eisenhower." He was eventually apprehended by CD member Milton Wahl, Sergeants Jackson Anderson and Clarence Adams. They had to search him at police headquarters and finally discovered a name tag hidden in his shoe.

The alert operations were very successful according to Civilian Defense director Col. Samuel Jones and deputy Allen Roberts.

Others in charge included Sergeant Richard Schmidt who was in charge of CD Police Reserves; Lt. James Venezia, in charge of the regular police; Mark Silverstein in charge of the Rescue Squad; Fire Chief William Spurgeon, D. K. Hankinson and George Slaight.

Local doctors and nurses participated in the rescue operations. The victims were high school students.

Summoned for Jury Duty

Five Summit Area residents are included on the list of 140 county residents summoned for petit jury duty for the period ending May 11.

From Summit is Mrs. Bertha L. Hull of 1 Edgewood drive and from Berkeley Heights is Ruth M. Riviere of 31 Snyder avenue.

New Providence residents are Wallace E. Bauer of 351 Springfield avenue; Mrs. Juverna C. Meding of 38 Charnwood road and Mrs. Bertha R. Newton of 851 Springfield avenue.

Equal Tax Plea Hearing Put Off to May 9

Berkeley Heights—The hearing date on the appeal by thirteen Union County municipalities of the adoption of an equalization table by the County Tax Board before the State Division of Tax Appeals in the Court House, Elizabeth, has been postponed from last Tuesday to May 9 at 10 a.m. The reason for the deferment was because one of the commissioners scheduled to hear the appeal was in an automobile accident enroute from Bridgeton to the Elizabeth Court House.

The protesting communities have charged principally that industrial properties in Elizabeth, Linden and Plainfield were valued too low in the revised table.

The board last month formally adopted the table. The amount paid in county taxes by the larger communities is generally lowered by this plan. Roselle, which filed a separate appeal is in the position of fighting the equalization program although its county taxes will decrease \$185 this year under the new table.

The other protesting municipalities in addition to Berkeley Heights include Clark, Cranford, Fanwood, Garwood, Kenilworth, Mount Pleasant, New Providence, Roselle Park, Scotch Plains, Springfield and Union.

Plans Completed For Annual Boro Play Day May 12

New Providence — Plans are now being completed for the annual Family Play Day sponsored by the New Providence PTA to be held May 12 at the Lincoln school. It has been announced by Mr. and Mrs. Ray Bonnell, co-chairmen.

been competition between Lincoln and Hillview schools for the permanent Family Play Day trophy expected," the Bonnell said. The opening event will be the Mardi Gras parade for all children in kindergarten through second grade dressing up for marching or decorating their cycles for riding, led by the Junior High School band.

Edward Lieder will be in charge of field events for both children and parents, including foot races, relays, three legged races for fathers and sons and rope skipping for mothers and daughters.

Ribbons will be awarded to first, second and third place winners in all events.

A baseball game between the two schools will climax the sporting events with 10 points being awarded the winning team toward the Play Day trophy.

Especially for the children a merry-go-round, ferris wheel, whip and pony rides will be provided along with a fishing pond. Hot-dogs, sandwiches and soda will be on sale throughout the day.

Allen W. Roberts will act as master of ceremonies while the following committee chairmen are in charge of specific arrangements; food, Mr. and Mrs. Herbert F. Arnold; concessions, Kenneth Stowell; games and events, Edward Lieder; awards, Mrs. William H. Spruogen; tickets, Mrs. Howard Stephens; finance, Clifford J. Kendall; decorations, Mrs. Eber Ale; Mrs. Patrick Romano, publicity.

Heights to Get Final Ruling On Tax Appeal

Berkeley Heights — A motion to dismiss a suit brought by Berkeley Heights against the Union County Regional High School Board of Education was scheduled to be heard tomorrow at 10 a.m. before Superior Court Judge Richard J. Hughes. The suit claims that the regional board's revision of the school costs shared by six communities in the district is illegal.

Borough Attorney Louis J. Dughi of Garwood recently informed the Union County Tax Board that he would ask for the dismissal of the suit on the grounds that the township has not exhausted the administrative remedies provided by the state to protest tax revisions. Dughi also said that he would make a second motion for summary judgment against Berkeley Heights in favor of Garwood.

Both Garwood and Berkeley Heights are members of the regional high school district. But Berkeley Heights has to pay an additional \$61,000 to the high school this year under the revised cost plan while Garwood costs are lowered.

Berkeley Heights in its suits asked that the original cost figures certified by the board on Feb. 27 be used to determine the share each of the six municipalities will pay. The board later revised its figures for each town to coincide with new tax valuations set up under the county tax board's equalized assessment program. This county table was not adopted until after the Feb. 27 date.

94 Aiding in Mental Health Drive in Boro

New Providence — An enthusiastic group of captains and block workers gathered at the New Providence Presbyterian Church last Thursday evening, to launch the 1956 Mental Health Drive in the Borough which is now being carried on under the leadership of Mrs. D. D. Sagaser of 44 Commonwealth avenue, chairman of the house-to-house campaign, and Mrs. Frank C. Newell of 14 Holmes oval, vice chairman of the local effort and chairman of the local Mental Health Committee.

Mrs. Sagaser announced that a total of 94 residents are participating in this campaign which is seeking to raise funds, fight mental and emotional illness and at the same time inform citizens of the new hope of prevention and recovery now being offered, as a result of research, early diagnosis and prompt treatment.

In commenting upon the broad program of this Association, Mrs. Arthur F. Ackerman, president of the Union County Association for Mental Health, who keynoted the drive, said: "A nationwide network of Mental Health Associations is now being forged throughout the United States to serve the total problem of mental and emotional illness—both of which in differing with equally threatening ways are sapping our national strength in the form of tax dollars, manpower and human happiness.

Our program, in addition to an all out stigma removing and preventive educational effort, covers a spearheading effort which is resulting in an increase in early counselling and diagnostic services in communities, more adequate clinic service, more prompt hospital treatment, etc. While our Association has an

item earmarked in its budget for 1956—to help finance countywide clinic service, for which a plan is now being discussed, it does not operate any clinic service. The cost of treatment at the Mental Hygiene Clinic of Union County, which serves local citizens, is met through the New Providence United Campaign. The Drive, which started on April 29, will be concluded on May 14.

New Boro Family Service Agency Meets Saturday

New Providence — New Providence's new family agency, Community Service Association of New Providence, will hold its first annual meeting on Saturday, May 5, at 3 p.m. in the Presbyterian parish house. Invitations have been sent to all local organizations and many individuals who have cooperated in establishing the Association as a permanent community agency.

The report of this first year's service to New Providence families includes: collection and distribution of food and clothing at the holiday season; case work counseling; clothing and medical needs; budget counseling. One of the main activities of the Association is the assistance and support of the Summit Area Red Cross in establishing a complete blood program. Through appeals at local group meetings, many donors already have been registered.

A major task of the Association has been to publicize the availability of its services to New Providence residents. The group was organized to offer assistance to any individual who seeks help with personal problems. Material services now offered are: referral service to available agencies, locating needed items which cannot be afforded—such as clothing, providing medical items, interim financial care, and budget and marital counseling. The association also cooperated with other agencies, such as Salvation Army and Red Cross, in their programs in New Providence.

At present all services offered by the Association are on a volunteer basis. Funds received as a member of the Community Campaign are used solely for those in need. Management is vested in elected trustees who for the last year were Melville C. Hawley, president; Mrs. Richard Wagner, vice president; Kenneth C. Stowell, treasurer; Mrs. Robert P. Clark, secretary; Mrs. A. R. Smock, Andrew M. Rubino; Mrs. John S. Wright; and Mrs. Warren Darling. The case work committee is comprised of Mrs. Wagner, Mrs. Smock and Mr. Rubino, any of whom can be called for available services.

Dates Set for Heights Pro-School Registration

Berkeley Heights — All Berkeley Heights children who will be five years old by December 31, are eligible to enter school in September.

Those whose last names begin with A through G will register at Berkeley School on May 9 from 9:15 a.m. to 11 a.m. The balance will register on May 16 at the same place and during the same hours. Birth certificate and vaccination record must be presented at the time of registration.

School personnel will be assisted at the registration by members of the Pro-School Committee of the Berkeley Heights PTA under the leadership of Mrs. J. A. Benoit, chairman.

Cub Pack and Members Given Many Awards

New Providence — Cub Scout Pack 63 of New Providence was honored Friday evening when Howard Craig, training chairman of District 5 of the Watchung Area Council, Boy Scouts of America, presented the pack with its current charter and with several awards for its achievements during the past year.

Mr. Craig sited the pack for having had progress of consistently high quality, for increased membership, for an outstanding window display during Boy Scout Week and for the excellence of its trained adult leadership.

A feature of the presentation of individual awards was the promotion of three Lion Cubs, Dana Grav, Bob Happel and Bob Nittel, to Webelos, the highest rank in Cubbing.

Gold Arrow and Silver Arrow awards went to Richard McIntyre and Kris Connors. The Gold Arrow award alone went to Dan Schwebel, to Gary Rice who was also promoted to Denner, to Steve Serritella who achieved Bear rank and was made Assistant Denner, and to Alan Kubach who reached Lion rank.

The Silver Arrow was awarded Arthur Koepfel, Ronny Koff and Bob Stacks. Also awarded the Silver Arrow were George Gehling who also received the Silver Star, Ron Lindsay who was promoted to Denner, Raymond Simonds who became a Bear and Bob McConville who also reached Bear rank and received the Silver Star.

Other Cubs promoted to Denner were Raymond Simonds, Pat Lake, Peter Krayer, Jerry Moore and Joe Robbins who also reached Bear rank. New Assistant Denners are Ken Robinson, Bourke Corcoran and Jim Williams who also received the Silver Star. Skippy Caporaso also was given the Silver Star.

Tools Seized for Taxes
Berkeley Heights — The tool and die equipment of William L. Martin, trading as the M. & P. Tool and Die Co., 638 Springfield Ave., was seized last week by the Internal Revenue Service.

Heights Give First Salk Shots Next Saturday

Berkeley Heights — About 525 children have already registered for the first injection at the local Board of Health Salk Vaccine Clinic scheduled for Saturday, May 12, in Berkeley School. The total number is expected to reach about 700 by May 12, school authorities declared.

Two physicians will be assisted by a staff of volunteer registered nurses under the direction of Mrs. Frances Darcy, school nurse. All children up to fifteen years of age as well as expectant mothers will be eligible for the injections. Those interested must register with Kenneth H. Bothwell, Superintendent of Schools. Permission slips must also be presented by parents.

Assisting the medical staff will be Mrs. Douglas Ward, Mrs. David Dally and Mrs. Halsy Douglas.

The second injection will be administered about a month after the first shot, a spokesman disclosed.

The clinic will commence at 1 p.m. and continue until the last injection given.

The injections will be staggered throughout the afternoon. Children whose last name begins with the letters from A to B will be scheduled from 1:30 to 2 p.m.; letters C through E, 2 to 3 p.m.; F to I, 2:30 to 3 p.m.; J to M, 3 to 3:30 p.m.; N to R, 3:30 to 4 p.m.; S to T, 4 to 4:30 p.m.; U to Z, 4:30 to 5 p.m.

At a recent Board of Health meeting, Board chairman Douglas Ward urged all parents interested in obtaining the injections to telephone Mr. Bothwell at the school to register their children.

Board member Floyd Fredericks reported on a recent inspection tour of Camp Lions and announced that inspections were in progress on the Free Acres and Emerson Hotel Swimming Pools.

A study of the state code regulating swimming pools is being conducted by the board with a view to adoption of a pool curfew and regulating fees for non profit and profit making swimming pools on a basis for local township pools, a spokesman said.

Boro Memorial Day Program to Include Parade of Floats

New Providence — Mrs. June Tully of 1011 Springfield avenue, chairman of the Memorial Day activities this year, announced this week that floats as well as marching units will be included in this year's Memorial Day ceremonies scheduled for May 30.

Mrs. Tully expressed the hope that every organization in New Providence will be represented in the parade either as a marching unit or with a float. She said that plans are now being made to present trophies to various winning teams following the patriotic services at Borough Hall immediately following the parade, and that a square dance will be held that evening.

Charles Kelly will be parade marshal for the sixteenth year, and marching music will be provided by the New Providence Lincoln School Band under the direction of James Burnett.

At a recent general meeting held in Borough Hall, 13 organizations volunteered to participate in the program.

Mrs. Blair New Head of Diamond Hill Guild

Berkeley Heights — Mrs. Roger Blair was elected the new president of the Women's Guild of Diamond Hill Community Church. She succeeds Mrs. Frederick Senkowsky, Jr.

retailing practices "that can not be evaluated purely on traffic flow" before making his recommendation to trim the meter time limit.

Mrs. Carl C. Torell of 91 Canoe Brook Parkway stated that under the proposed meter reduction she felt sorry for the housewife with small children, declaring that it takes a half hour to walk half a

block with small children.

Urges Try Out of Lots

Harry M. Paulsen suggested that Council try out the new parking lots before cutting back the meters and Mrs. Dorothy L. Hughes asked if anyone favored the ordinance and wondered why she had not heard any support for the measure. Councilman Forsberg replied that "you can get a group to back any side in an argument but there have been some expressions in favor."

Others who voiced their protests included Erwin E. Rachlin of 12 Londonderry way, proprietor of the Jeanette Shop; Julius Scholnick, proprietor of the Summit Radio & Appliance Co.; Fred Abbott of the Peggy Abbott Shop; Mrs. Claudine Nichol森, Mrs. Esther M. Tator and John Simons

of the New Hampshire House.

In other business at the meeting, Council continued the revised building code, also a debated ordinance, to the May 15 meeting but explained that it was being postponed so that a section of the National Building Code pertaining to occupancy could be included. Ordinances were passed on final hearing vacating a portion of School avenue to the northerly side of Sheridan avenue and amending the parking lot ordinance so that four of the city's main off-street lots are restricted to Summit residents and local businessmen instead of the original two.

Lot Restriction Passed

The restricted lots are those at Maple and Elm streets, Glenwood place and the Grand Union lot.

Effective July 1 only cars bearing

a sticker issued by City Hall without charge will be permitted to park in those lots.

Resolutions were adopted for the sale of \$550,000 in bonds for improvements to Franklin and Jefferson Schools. The bonds will be sold at a public sale to low bidders at the May 15 meeting. Another resolution provided for the payment of a total of \$6,420 to property owners on DeForest avenue for acquisition of a portion of their lands for the widening of the street.

A resolution was approved for permission to seek bids for the widening of the north side, or Calvary Church side, of DeForest avenue and for an amendment to the zoning ordinance that would permit a group of stores in the "400 block" of Springfield avenue (Pierson's, Lillian O'Grady, Charline, etc.) to be granted exemption from the provision of the zoning law that requires them to furnish off-street loading and unloading space.

The store owners have joined in a cooperative project to modernize the rear of their buildings in a harmonious design with rear entrances from the alley adjacent to the new Woodland avenue-DeForest-avenue parking lot and it will be "impractical for them to comply with the zoning ordi-

nance."

Commonwealth Water Co. was instructed to install two fire hydrants on Bellevue avenue at locations to be determined by the Fire Chief and City Engineer.

Lincoln Pupils To Entertain At PTA Meeting

The final touches are being put to the program which Mrs. Janet Hankin's sixth grade at Lincoln School is preparing for the entertainment of the PTA at its annual meeting on Thursday, May 10, at 8:15 p.m. in the auditorium of the school. On that evening the class will present "An Evening With Mozart—an episode from the life of the great young musical prodigy," by H. L. Bland.

Mrs. Hankin's sixth grade will be assisted by the Lincoln School orchestra, under the direction of Roy Fulmer, and the Lincoln School Choir under the direction of Miss Margaret Thorpe.

McGiffin Hurts Javelin

196 Feet for New Record
A new javelin throw record was set last week-end by Paul McGiffin, son of Mr. and Mrs. Hamilton McGiffin of Kent Place Boulevard, in the meet between Hamilton College and Union held at Schenectady.

McGiffin paced the Hamilton track team to a 65-60 1/2 victory and was a double winner, scoring firsts in both the discus and javelin throws.

In the javelin toss McGiffin eclipsed his former record of 188 feet, 11 1/2 inches, made on the same field in 1954, by a margin of seven feet to set a new record of 196 feet.

Cadillac

Spring Tonic That Lasts All Year!

His heart is light and his eyes are bright this morning—for he's greeting the spring at the wheel of a 1956 Cadillac.

Springtime comes and springtime goes, of course—but the thrill of his Cadillac will go on and on—month after month and year after year.

And what a thrill it is!

First, there's the sheer satisfaction of owning the "Standard of the World"—the undisputed leader in all that makes a motor car a joy to possess and to utilize.

Then there's the thrill of driving it—with

its wonderfully smooth, quiet, powerful engine—its easy, positive steering—and its big, soft, authoritative brakes.

There is the contentment that comes with Cadillac's amazing economy.

The first cost of a Cadillac is surprisingly modest—upkeep, over the years, is unbelievably low—and operating costs rival those of any car in the land.

And now, in all modesty, may we speak of one other satisfaction he enjoys as a Cadillac owner?

We believe that, throughout the years of

his ownership, he will be as pleased with us, as his dealer, as he is with the wonderful car itself. It is our constant endeavor to treat our customers as they are entitled to be treated as owners of the world's most distinguished car.

Why not come in some day quite soon—take a demonstration drive at the wheel—and arrange to greet the spring in a Cadillac of your own?

We think you'll be delighted to learn how much your present car is worth in trade—and to find how quickly you can obtain delivery on the Cadillac of your choice.

Local Women Named Aides At Marlboro

Two Summit women are among a group of five volunteers who started work last week at Marlboro State Hospital as aides. They are Mrs. P. G. Cuning of 15 Norwood avenue and Mrs. Frederick Ressler of 38 Edgar street. Both took a two-day orientation course for the work.

Mrs. Graham C. Newbury, of 234 Summit avenue, chairman of volunteer services at Marlboro for the Union County Association for Mental Health, said that the program is the first of its kind in New Jersey. Volunteers will serve as escorts, occupational therapists, librarians, in recreational work and in capacities that will help speed recovery of patients who are mentally ill. Another training course will be offered in October at the Hospital.

The Mental Health Association of three counties which Marlboro serves — Middlesex, Monmouth and Union — pay the salary of the part-time coordinator of volunteers.

Mrs. Newbury is assisted in planning the volunteer program by Mrs. Lester A. Crone of 46 Colt road, co-chairman.

BELL VETERAN—Mrs. Margaret F. Hanlon, an employee of the New Jersey Bell Telephone Company's traffic department, has marked her 35th year of telephone service. A life-long resident of Summit, Mrs. Hanlon's home is at 15 Lincoln avenue. She was guest at a luncheon today at The Acres, Whippany, where George F. Winter, division traffic manager, awarded her New Jersey Bell's gold service emblem. Mrs. Hanlon is a member and former vice grand regent of the Catholic Daughters of America, and is a member of H. G. McCully chapter, Telephone Pioneers of America.

Rotary Club Hears Talk On Service

David Van Sant, Madison Rotarian acting as service emissary for District Governor Stephen R. Holmes, addressed the Summit Rotary Club at lunch in the YMCA auditorium last Monday urging the members to back club and community service programs to the utmost during the coming year.

Program committee member Edward C. Holmes introduced Mr. Van Sant and Albert J. Bartholomew, Rotary president, thanked him for his message. Allen W. Roberts led the group singing accompanied by Allen R. Deveney at the piano.

Wilbur T. Johnston introduced the following visiting Rotarians: Carl F. Barchfield of Chatham, Charles T. King of Millburn, Carl Bunker of Westfield, Robert Lawrence of Irvington and Ernest Conway of North Syracuse, New York.

Guests introduced were: Charles E. DeLong, Henry Mereness, Herbert Smythe and Richard Veronia.

Girl Scout Posters To Be Judged Tomorrow

Summit Area Girl Scouts have been hard at work on plans for the Scout-O-Rama, which will be held on the afternoon of May 19 from 1 to 3 p.m. at the High School grounds. Tomorrow, Mrs. Albert Meisem and Mrs. E. S. Gilson, members of the Summit Art Association, will judge posters which have been made by Scouts to advertise the Scout-O-Rama.

There will be two prizes awarded: One for the best poster by a Brownie, and one for the best by an Intermediate Scout.

All posters will be distributed about the area to advertise the May 19 affair.

PERFORMANCE... not promises!

When Nicola Chevrolet avoids the use of "come-ons" ... exaggerated claims ... or wild promises ... it's more than just a matter of ethics ... It's a way of doing business ... the fair way ... the right way ... Nicola Chevrolet could easily and justly boast of their low prices ... high trade-in allowances ... convenient credit terms ... and superb service ... But Nicola Chevrolet prefers to let its customers do the talking ... and the selling!

Therefore ... before you buy ... we think it's important that you make a few inquiries. Ask a friend or acquaintance who bought from Nicola Chevrolet. Ask him ... find out what he thinks of us ... our prices ... service ... ethics. We'll stake our reputation on what he says about us. We think you'll agree that performance ... not promises are the only guarantees that count.

Nicola Chevrolet has a realistic approach to the problem of selling automobiles. We recognize the existence of a highly competitive market ... so without fanfare ... without big black headlines, we state simply and directly that nobody anywhere sells for less ... offers bigger trade-ins ... gives easier terms ... or better service ...

Buy your car from Nicola Chevrolet—it costs no more to do business the right way.

Staff Honors Founder of J. K. Smit Co.

The Audubon Room of the Hotel Suburban was the scene last Friday evening of a testimonial cocktail party for Johan K. Smit, founder and retired president of J. K. Smit & Sons, manufacturers of industrial diamond products, 571 Central avenue, Murray Hill.

Nearly 250 employees and their wives attended the celebration in honor of Mr. Smit's 80th birthday. Prominent among the guests were Mrs. Smit and the four children, Pieter, of 281 Summit avenue; Johan, Jr., who manages the firm's London office, Mrs. Karel Pfaff, also of London, and Mrs. William Beinkhorst of Amsterdam. Representatives from each of the firm's other branch offices also attended.

Francis Keane of Springfield, on behalf of the company employees, presented Mr. Smit with a plaque and also a purse to be used by the Youth Friends Association, a charitable group founded by Mr. Smit for the advancement of the arts among youth.

It's only about 100 years since most cooking in American homes was done over open fires. Cooking stoves were invented around 1830 and were not used generally until the 1850's.

If you're saving for your family's future ...

Where you save does make a difference

Saving now makes a difference to your family's future. There's a difference where you save, too. Saving in an insured Savings and Loan Association means important advantages.

Excellent returns from your money is one advantage. Another is efficient service from men who know how to make your dollars work harder for you.

And, of course, your money is safe because in insured Associations your savings are protected by sound management and substantial reserves. They are insured up to \$10,000 by the FSLIC—an agency of the U. S. Government.

These are the reasons why Americans are putting more of their savings account dollars into insured Savings and Loan Associations than anywhere else! Start saving with your local insured Association tomorrow!

CITY OF SUMMIT - NEW JERSEY

NOTICE OF \$550,000 BOND SALE

SEALED PROPOSALS will be received by the Common Council of the City of Summit in the County of Union, New Jersey, at the City Hall, Summit, New Jersey, on May 13, 1936, until 8:30 o'clock P.M. at which time they will be publicly opened and announced for the purchase of \$550,000 School Bonds of said City. The bonds will be dated June 1, 1936, and will mature without option of prior redemption on the principal amount of \$300,000 on June 1, in each of the years 1937 to 1966, both inclusive, and \$25,000 on June 1, in each of the years 1967 to 1976, both inclusive, with interest payable June 1 and December 1 in each year.

The bonds will be issued in bearer form with coupons and will be of the denomination of \$1000 each, and will be negotiable as to principal only or as to both principal and interest, convertible at the expense of the holder into coupon bonds and will be payable at the office of the Summit Trust Company, Summit, New Jersey. Each proposal must specify in a multiple of 1/8 or 1/20 of a single rate of interest not exceeding 6 per annum which the bonds are to bear, and no proposal will be considered which specifies a rate higher than the lowest rate stated in any legally acceptable proposal. Each proposal must state the amount bid for the bonds, which shall be not less than \$50,000 nor more than \$500,000. As between legally acceptable proposals specifying the same rate of interest, the bonds will be sold to the bidder complying with the terms of sale and offering to accept for the amount bid the least amount of bonds, the bonds to be accepted being those first mature and if two or more bidders offer to accept the same least amount, then to the bidder offering to pay therefor the highest price. The purchaser must also pay an amount equal to the interest on the bonds accrued to the date of payment of the purchase price.

All bidders are required to deposit a certified or cashier's check payable to the order of the City of Summit, New Jersey, for \$10,000, drawn upon an incorporated bank or trust company. The check of the successful bidder will be returned to be applied in part payment for the bonds or to secure the City from any loss resulting from the failure of the bidder to comply with the terms of his bid. The successful bidder may at his option refuse to accept the bonds if prior to the delivery of any income tax bill he provides that the interest on such bonds is taxable, or shall be taxable at a future date for federal income tax purposes, and in such case the deposit made by him will be returned and he will be relieved of his contractual obligations arising from the acceptance of his proposal. Proposals should be addressed to Mr. Herbert G. Froese, City Treasurer, City Hall, Summit, New Jersey, and enclosed in a sealed envelope marked on the outside "Proposal for Bonds". The successful bidder will be furnished, without cost, with the approving opinion of Hawkins, DeLafield & Wood to the effect that the bonds are valid and legally binding obligations of said City all the taxable property within which will be subject to the levy of ad valorem taxes to pay said bonds and interest thereon, without limitation of rate or amount. Dated: May 1, 1936. HARRY C. KATES, City Clerk.

SEALED PROPOSALS

SEALED PROPOSALS will be received by the Common Council of the City of Summit, County of Union, State of New Jersey, until 8:30 P. M. (DST) Tuesday, May 13, 1936, and opened at the above named hour at a public meeting of the said Common Council to be held at said time at the City Hall in the City of Summit for the grading, paving, curbing, draining and the construction of concrete sidewalks in connection with the widening of the north side of DeForest Avenue between Woodland Avenue and the Grand Union opposite Maple Street in the City of Summit. The work consists in the furnishing of all necessary machinery, tools, and apparatus and other means of construction to do all the work and furnish all materials called for by the contract and specifications, and the requirements under them in the City Engineer's office. The approximate quantities are as follows: (a) 244 cu. yds. of roadway excavation, including fire grading, etc. (b) 7 trees 10" to 46" in diameter removed, etc. (c) 3 sagged State Highway Catch basins, including excavation, etc. for a depth of 4' to 6'. (d) 2 manholes, including excavation for a depth of 4' to 6'. (e) 390 sq. ft. concrete curb, 8"x20" including excavation, etc. (f) 60 sq. ft. of 12" reinforced concrete pipe laid including excavation for a depth of 4' to 6'. (g) 213 sq. ft. sidewalk 2' in thickness, including excavation, etc. (h) 324 sq. ft. concrete driveways 6" thick, including excavation, etc. No bids will be considered unless furnished on proposal blanks furnished by the City Engineer. Each proposal must be enclosed in a sealed envelope, properly indorsed with the name of the bidder and the improvement and directed to the Common Council of the City of Summit. Bidders will state their price in writing as well as in figures. All work referred to in this notice must be completed on or before the expiration of 25 working days from the date of the contract. Bidders must specify that they will bind themselves to complete the said work within said time. Copies of the plans and specifications of the work may be obtained at the office of the City Engineer, in the City Hall, Summit, New Jersey, by a certified check or cash for ten percent (10%) of the total amount of bid. If certified check is furnished it shall be made payable to the City of Summit without reserve. A Surety Bond for the full amount of the contract will be required of the successful bidder. The Common Council reserved the right to reject any or all bids, and to waive any technicalities in the terms of this notice. By direction of the Common Council of the City of Summit. HARRY C. KATES, City Clerk.

OF ADJUSTMENT

of Adjustment will be held in the City Hall at eight o'clock Monday evening, May 11, 1936. The following applications will be presented and taken up for consideration: EDWARD J. FORD. Said application requests permission to sub-divide property known as Block 16 Lot 9, having frontages on both Morris Avenue and William Street. Proposed sub-division - creating two non-conforming lots, 50 ft. wide and 100 ft. deep, each having five ft. areas front width than prescribed by ordinance. - to permit conveyance of lot thus created with William Street frontage for the purpose of accommodating a single-family residence assumed to have side and rear yard areas and front set-back prescribed by ordinance. Any objections to the granting of the above applications may be heard at said time and place. OF ADJUSTMENT. KINGSLY G. THOMPSON, Secretary.

PENDING ORDINANCE

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED "AN ORDINANCE TO ESTABLISH A ZONING ORDINANCE OF THE CITY OF SUMMIT APPROVED APRIL 7, 1935." BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF SUMMIT: Whereas, the owners and tenants of property on Springfield Avenue between Maple Street and Woodland Avenue have petitioned the Common Council of the City of Summit to amend the requirements of the place zoning ordinance relating to loading, unloading and off-street parking as provided in Article XV respecting Parking Areas and said ordinance, Truck Loading and Unloading Berths insofar as said provisions pertain to the properties located as above stated; and Whereas, all of the properties mentioned adjoin the alley extending from Maple Street to Woodland Avenue and the property on the northern side of the alley is presently being improved for a municipal parking lot; and Whereas, the present buildings in most instances were constructed many years ago and utilize the greater part of the land so that off-street parking loading and unloading areas are not presently available, and Whereas, the owners and tenants are desirous of improving the buildings by constructing new store fronts on the rear of the present buildings so as to afford entrance to the place of business from the alley and the parking lot; and Whereas, all of said proposed new store fronts will be constructed in a harmonious design and will greatly enhance the attractiveness of the entire area and particularly the view from the new parking lot; and Whereas, it is impracticable for the said owners and tenants to comply with the provisions of said Zoning Ordinance; and Whereas, relief from the aforesaid requirements is necessary for the preservation and enjoyment of a substantial property right; and Whereas, such change will not be detrimental to the public welfare; and Whereas, the Common Council of the City of Summit deems it in the interest of public health, safety, morals, comfort and general welfare of said City and its residents to grant relief so as to establish a general harmonious plan for the area provided for herein. Section 1 That the provisions of Article XV and the provisions of Article XVI of the Zoning Ordinance of the City of Summit, mentioned herein, be waived with respect to the area being on the north side of Springfield Avenue between Woodland Avenue and Maple Street. This ordinance shall take effect immediately in the manner provided by law. J. HARRY C. KATES, City Clerk of the City of Summit, do hereby certify that the foregoing Ordinance was introduced for first reading at a regular meeting of the Common Council held on Tuesday evening, May 1, 1936, and that said Ordinance will be submitted for consideration and final passage at the next regular meeting of the Common Council to be held on Tuesday evening, May 13, 1936, at the City Hall, at 8:30 o'clock (DST) at which

**Exchange Club Hours
Plea for Safe Driving**

"Every traffic violation is a potential accident," said C. Stewart Mead, Director of Safety for the New Jersey Automobile Club, in a talk before the Exchange Club of Summit at the Hotel Suburban last Wednesday.

Mr. Mead, who is also consultant in traffic safety to the American Automobile Association, emphasized the increased need for skill in driving as a means for avoidance of accidents. "You have to be twice as good a driver today," he warned, pointing out that there has been a sharp increase in the number of cars on the highways with resulting crowded conditions and greater demands upon driver skill.

"As parents and adults," the speaker told the Exchange Club, "we must set an example of good driving for our children. And, as for ourselves, we are never too old to start learning good sound safety habits."

Garden Club to Hold Plant and Food Sale

New Providence—The New Providence Garden Club will hold a plant and food sale on Saturday, May 12, from 10 a.m. to 4 p.m. at the Presbyterian Church. On sale will be evergreens, trees, shrubs, annuals, perennials and vegetables as well as a large variety of cakes, pies, and other food items. Proceeds of the sale will be used for the club's War Service Fund. Egyptian farmers place fish in the water covering their rice crops. The fish swim through the fields eating insects and weeds. Waste material from the fish fertilize the soil.

**Beatrice Little
Opens Grist Mill
Season June 23**

Harold J. Kennedy has leased the Grist Mill Playhouse in Andover on a long-term basis and on June 23 will open his initial ten-week season at the picturesque and air-conditioned theatre with "An Evening with Beatrice Little." Mr. Kennedy will be the first to present Miss Little to straw hat audiences this summer. Her engagement at the Grist Mill will include eight consecutive evening performances beginning Saturday, June 23 (including Sunday evening), and a Wednesday matinee. The British comedienne, who will be assisted by Fred Keating and pianists Eddie and Rack, has added new material to her show which was received so enthusiastically both on Broadway and in London. Mr. Kennedy is well known to playgoers in the Jersey area. For several seasons the popular producer-director-actor-playwright operated the Princeton Summer Theatre and last year was responsible for the successful Montclair Summer Theatre where he presented such stars as Lillian Roth, Faye Emerson and Ariane Francis in exclusive engagements. He will continue the same star policy at the Grist Mill, and is already negotiating with many big Broadway, TV and film names for exclusive appearances. He chose the Andover location as his base of operations because he wanted to continue in the same general area as Montclair and reach the same responsive audiences which supported his plays last season. One of the main advantages in moving to the 800-seat Grist Mill, in the lake district, is, of course, that it is an air-conditioned house, a very important factor in summer theatre operations.

Washington Student Play Stresses Traffic Safety

A concerted effort to make the children of Washington School conscious of traffic safety principles was brought to a peak Monday morning when the Washing-

ton School fourth grade, under the direction of Mrs. Mary Pedecini, presented an operetta, "Obey the Traffic Light." Washington School principal, J. B. Hoff, spoke briefly to the entire student body and many parents, stressing the fact that safety principles and practices brought out by the operetta and by all the safety activities of the past month must be carried on continually. Fourth grade pupils who participated in the performance were: Beth Millar, announcer; Maureen Eaton, Bible reading; Betty Kleinfelder, the teacher; injured girl, Phyllis Burke. Pupils: John Emmott, Doreen Bystrak, David Courter, Carol Rossman, Barton Brown and Marilyn Albers. Patrols: Edward Gaffney, Kenneth Harris, Bobby Sawyer, Billy Tieste and Robert Furd.

Methodists Move Up Four Games In Church League

The Methodists won a pair of games from the Combined Churchmen to hold a four game advantage in the Summit Inter Church Bowling League. St. John's Lutheran narrowed the lead by one game by sweeping all three games from the Inter-Church club. In other games the Jewish Community Center won two games from the Presbyterians, with the Oakes Memorial winning a like total from the First Lutheran team. The top games of the week were rolled by Norm Albers (235) Clarence Moll (225) Bud Salmon (223) and a 212 by Frank MacKain. Summit Inter Church Bowling League (Standings)

(Author's name below)
To look for a bargain is understandable, but to try to buy prescriptions at cut prices is unwise. Bone Bargains can only be offered because of large purchases, or to get rid of slow moving merchandise.
Medicines cannot be safely bought in large quantities because they must be fresh and potent when you take them. Slow moving medicines that have lost their freshness cannot be sold. We discard them.
We price our prescriptions according to a schedule that is based on the exact cost plus the necessary profit. We must have to operate a good prescription pharmacy. Using this method, we have no room to give you anything but exactly what your physician prescribes.

Mount Prospect Group to Hear Of City Problems

Members of the Mount Prospect Civic Association will hear Council president Ogden D. Gensmer discuss problems facing the city government at the annual meeting of the Association to be held today at 8:15 p.m. at the home of Joseph S. Cornell, 21 Prospect Hill avenue.

New officers and trustees of the Association for the coming year will be elected at the meeting. Samuel M. Coombs, Jr. of 35 Edgewood road is the current president.

The Mount Prospect Association, which represents about 80 families of the residential area which lies roughly between the Lackawanna railroad tracks and Essex road and between Morris and Essex turnpike and Springfield avenue, is a non-profit corporation chartered in 1949.

One of its stated purposes is the protection of its residential areas against encroachment of an expanding business district. Members of the association's council, Mr. Coombs pointed out, have been meeting during the past year with representatives of Common Council and with the City Solicitor concerning zoning violations in the area. Results of these meetings will be reported on at tonight's meeting.

Of special interest to the asso-

ciation just now, according to Mr. Coombs, are the recommendations of the McCroskey traffic survey, the tax impact which adoption of those recommendations would have and the effect of traffic flow and business expansion on the Mount Prospect area.

Representatives have expressed the association's views on parking problems before Common Council, Mr. Coombs said. Reports of these meetings will also be made to the membership tonight.

The third item to be discussed at the annual meeting will be budgetary matters in connection

with increased taxes proposed in the new budget recently adopted by Common Council.

Brayton PTA to Honor Miss Brandenburg Monday
The annual meeting of the Brayton PTA will be held in honor of Miss Edna Brandenburg on Monday, May 7, at the Brayton auditorium. The business meeting will begin promptly at 8:15 p.m., which is a change from the time printed on the Brayton calendar. Refreshments will be served at the conclusion of the meeting.

The program will be of the greatest interest to all parents and friends of Brayton and of Miss Brandenburg.

On Tuesday, May 8, the program of the Women's Association of Central Presbyterian Church will be sponsored by the guild chairmen. They will discuss their projects and have on display hand made choir robes, layettes, shirts, aprons, costumes, hospital supplies, and decorations. The Association, of which Mrs. Edward S. Willis is president, is comprised of 15 guilds covering a wide range of interests and ages.

Deviotions will be conducted by Mrs. Andrew R. Skinnell. Hostesses for the 1 p.m. luncheon will be members of the Church Guild of which Mrs. Walter B. Fariss is chairman. Hostesses for the fellowship period which precedes it are Mrs. William J. MacLeod and Mrs. D. C. Halmer of the Friendly Circle, and Mrs. J. A. Davison and Miss Anne Littell of the Monday Sewing Group.

Reservations for the luncheon can be made with Mrs. Evans (CR. 3-5313) or Mrs. Fisher (DR. 9-4490) or Mrs. Wood (CR 3-2899). Small children may be left in the parish house nursery.

and a fashion show will be presented by the Della fashion shop with Tri-Ep girls as models and Jean Cotterell as narrator.

Dinner Launches Member Drive for Concert Series

More than forty persons attended the Summit Community Concerts Association dinner Monday night which formally launched enrollment week. The dinner, attended by the board of directors and volunteer workers, was held at the YWCA under the chairmanship of Mrs. Edward Cann. In the absence of Mrs. Nils Brandin, president of the Association, Mrs. Montagu Hankin, program chairman, introduced the guest speaker, Miss Camellia Campbell of the New York office of Community Concerts Inc. Miss Campbell described the nation-wide activities of the Community Concerts service and mentioned some of the well-known artists made available to suburban communities such as Summit. She announced that Alexander Brailowsky is scheduled to appear here next season.

Central Church Guild Chairmen Sponsor Program

There will be no series in Millburn-Short Hills next year but residents from that area may be put on a waiting list for the Summit series for possible acceptance at the close of the Summit subscription list. Miss Campbell, who is assisting in Summit during the week, has a schedule including appearances at various service clubs and women's groups. Mrs. Carl Ahlers, membership campaign chairman, outlined the details of the campaign to enlist new members. She reminded those present that enrollment is limited to this week and the campaign will close Saturday, May 5. No tickets are sold for individual concerts. Those who have not had an opportunity to join are urged to come to headquarters at 14 Beechwood road or telephone CR. 3-4723. Annual dues which admit members to all Community Concerts in Summit and to all Community Concerts in Morristown, Union, Plainfield, and Westfield are \$6 for adults, \$3 for students. Checks may be made out and mailed to Summit Community Concerts, P. O. Box 31, Summit. Mrs. J. D. Orr, 19 New England avenue, won the door prize which was a free subscription. Having already renewed her membership she asked that the subscription be given to two students in the music department of the High School.

YWCA Tri-Ep Clubs Plan Mother-Daughter Dinner

Invitations have been issued for the annual mother-daughter banquet of the Tri-Ep Clubs of the YWCA, to be held May 8 at 6:15 p.m. at the YWCA. Reservations must be made by May 4. The Tri-Eps are members of the sophomore, junior and senior classes in the high school. Senior Tri-Ep president, Esther Dillingham, will be master of ceremonies. Group singing will be led by Miss Capitola Dickerson.

Ford Trucks Cost Less!
Ford costs start low—Ford costs stay low...
Certified studies show Ford Trucks last longer than any of the other four leading makes
Compare Ford model for model with any other truck line and you'll find that, based on factory-suggested list prices, Ford has more models priced under competition than any other line.
But low initial cost is only one of the reasons why Fords cost less. Take resale value—it stays high, thanks to the demand for used Ford Trucks. Take operating costs—no other trucks give you the dependability of Ford's rugged chassis design with the gas and oil economy of a modern Short Stroke engine. Only Ford gives you a Short Stroke engine, V-8 or Six, in every truck—and at no extra cost.
Ford Trucks cost less to maintain because they last longer. This is a fact certified by independent life insurance experts. There are plenty of reasons why. Ford Pickups, for example, have the highest combined front and rear axle capacity in the half-ton field. Ford Heavy Duty engines have sodium-cooled valves that last up to five times longer because they run up to 225 degrees cooler.
When you take everything into consideration, you'll agree it costs less to own a FORD Truck. Before you buy any truck, see your Ford Dealer.

Summit Harriers Tripped By Millburn and Regional

The Summit High track men started their season rather shakily in the past week, being defeated by probably their two toughest rivals, Millburn and Springfield Regional.

In a meet at Millburn on April 24, the Hilltoppers managed only one undisputed first-place finish—that by Ralph Fico in the 120 yard high hurdles—as the Millers ground out an 87-30 win. Dave Sharpe of Summit tied Bob Walt

shot put and discus and a second in the javelin.

However, despite Brown's performances, the Hilltoppers were by no means outclassed in the speed events. Coach Dilson split up his two distance runners—Bob Geissel and Bob Ransom—entering Geissel in the mile and Ransom in the half mile. Both won easily. Ralph Fico and Dave Sharpe later won the 180-yard low hurdle event.

But Summit's shortcomings showed in the field events. There was nobody to back up Fico's javelin toss of 160'6" and Sharpe's winning high jump of 5'4". The Maroon sorely missed Dick Adams, whose ankle injury has kept him out of the pole vault.

Spilled Regional 61-6—Summit 33-4—100 yd. dash: Brown (R) Pharty-Al-deron (R) time: 15.4. 220 yd. dash: Brown (R) Sharpe (R) Alderson (R) time: 23.8. 440 yd. dash: Mittenfelder (R) Scriba (R) Hawryk (R) time: 57.0. Half mile: Ransom (R) Carney (R) Anderson (R) time: 21.7. Mile: O'Connell (R) Kertec (R) Parker (R) time: 50.8. 120 yd. high: Fico (R) Sharpe (R) Carney (R) time: 15.9. 180 yd. low: Sharpe (R) Cerra (R) Sandham (R) time: 20.2. Shot put: Merz (R) Stala (R) Fico (R) distance: 33'. Discus: Merz (R) Stala (R) Watkins (R) distance: 137'. Javelin: Fico (R) Merz (R) Watkins (R) distance: 160'. High jump: Sharpe (R) Cerra (R) Hawryk (R) distance: 5'4". Broad jump: Brown (R) Anderson (R) Feherty (R) distance: 20'. Pole vault: Becker (R) Morrison (R) Lavery (R) Lombardo (R) distance: 10'. High School Net Team Trounces Glen Ridge 4-1

In spite of the wanderings of the track and baseball teams, the tennis team seems to be upholding the lofty predictions made of it. Last Friday at Glen Ridge, SHS swept to a 4-1 victory over the Ridgers, only losing the third singles match.

In the singles, B. J. Clark defeated Al Potter of G. R. 6-0, 2-6, 6-3. Gil Low won his second sin-

Charline, Werner Keep City Loop Title in Doubt

The Charline Drugs and Werner Motors continued their battle for top honors in the Summit Recreation Bowling League last Wednesday night at the Echo Lanes Mountainside by sweeping three games. The big "show-downs" battle for the league championship will be decided as the rivals face each other.

Nick Mosso of the Werner's supplied the punch as they swept their series with the West Penn Oil. Nick rolled a fine 643 series, featured by a 246 opener. Both scores were the top effort of the evening as the Werner's continued to stay with the Charline's. The veteran Bill MacQuestion rolled a fine 618 series to spark the Charline's as the victors swept three from Ken Johnston's. Four Charline bowlers had better than 500 series, with only Johnny Hunt suffering an off night. Johnny Vohnoutka had a 549 series to lead the Ken Johnston's.

Charley Twill's 230 middle game featured Twill's three game sweep over Root's Men's Shop. Joe Kawan had a fine series for Root's, rolling three steady games of 311, 183 and 185, for a 579 series.

Larry's won the opening and middle games from Ciba, with Al Gast rolling the top series for the winners. Al Wengert and Bill Burger supplied the spark for the Ciba in their lone win in the clos-

gles match, over Bob Dickson, 6-3, 7-5. Trent Smith captured his team's lone victory by defeating John Moore, 5-7, 6-1, 6-3.

The two Summit doubles teams played solid tennis, each winning in straight sets. Hans Gregersen and John Schwarz downed Steve Meeker and Rob MacGregor in a quick 6-4, 6-0. Mike Millman and Bob Kinley took Nic Prohbose and John Isakson by 6-0 and 6-3.

This serves as a good omen before the Summit-Madison match this week, which could determine who will win the conference title.

Berkeley Drug Clinches Crown

The Berkeley Pharmacy gained undisputed possession of first place in the Berkeley Heights Township Bowling League last Monday night by winning two games from Wood Lane. Vi Gunderson and Elaine Brown captured the respective clubs with fine series. David's Electric won the odd game of their series with Kosuth's as M. DeSalvo sparked the double win. Richland Company swept their series with the Delia Builders with Grace Covello and Alice Kassar rolling 438 and 425 series for the victors. The Berkeley Bakery with Olga Zeiss and Elsie Bergmann sparking the victory with fine series, easily won three games from Delia's.

Kelkie Products was another three game victor by sweeping their series with the Serritella News. Carmella Bacc and Agnes Carabrese sparked Kelkie Products, with Marine Brander and Ida Serritella rolling fine series for the losers.

Spatz Widens Victory Margin

Johnny Romaccio and Bob Engleman's 600 and 564 series sparked the league leading V. A. Spatz to a three point victory over the Towne Deli with only T. Trytek's six series the only bright spot for the losers. Maybelle's gained a four point victory over the Independents' with M. Mariani and L. Chmelovits rolling the top series for their respective clubs. Brennan's Dairy gained victories over the Berkeley Recreation in the opening and middle games with the Berkeley club winning the finale on 188 closing game effort by Lou DeFilippis.

The Summit T. V. swept three games from Harry's Esso with Joe Philippi and C. Carbone sparking the victory. Norma Gehling rolled an exceptional series by hitting for 158 in the opener, following with a 180 middle game, and closing with a 195 for a fine 531 series.

Flynn Brothers won four points by sweeping three games from Mazzucco with Joe Mandato sparking the victory with a 480 series.

taxpayer. The units rent for an average of \$34 including heat, light, gas and water and cost \$13,000 per unit to build. Each unit consists of 3 1/2 rooms. Land for the project was donated by the city and the buildings were erected by private contractors submitting bids. Bonds for the project were issued by the Housing Authority.

Mayor Manahan declared that private capital was first sought as a means of financing the project but it was found that banks and other lending organizations were reluctant to make such loans because of the more attractive uses that could be made of their funds. As a result, it was necessary to obtain public funds.

scattered and dispersed throughout the city. He also explained that Summit has no vacant land available such as Morristown and that Weaver Court occupies only three-quarters of an acre.

Under Summit's present zoning laws, Mr. Trowbridge explained, a two-family dwelling requires a minimum of 8,000 square feet of land and no residential building can occupy more than 50 per cent of its land area. A project such as Morristown's is further hampered here by laws limiting the height of garden-apartment buildings to two stories and limiting any type building to four-stories.

No Available Land
Because of these restrictions, Mr. Trowbridge pointed out, the land at Weaver Court could not be used at the present time for a housing project that could care for more than four families unless additional adjoining land could be obtained. He also explained that there is no place in the city where sufficient land is available in a single parcel that could be used for a housing project.

A question was raised as to where low-income families go when the homes they occupy are being razed for a housing project and Mayor Manahan explained that Morristown plans to build temporary shelters to house the displaced families until the project was completed and will keep the temporary quarters for use in case there is some local disaster, such as a fire or explosion. In its first effort, he said, most of the displaced families doubled up with friends and a few were housed by the city in a neighborhood charitable organization.

Favors Authorities
Mayor Manahan stated he favored "authorities" and in addition to the Housing Authority, Morristown has created a Parking Authority. The authorities are corporate entities, he explained, and have the right to condemn property for their use.

Prentiss C. Ford made the statement that it is his opinion that Summit "has a policy of not renting to colored people" and this was agreed with by Miss Dickerson who added that locally the only other property available to colored residents who face eviction from their present dwellings is "other rundown property that is low grade, not low cost."

SCOPE polled those attending the meeting on the question, "Would you be in favor of replacement housing in Summit?" and received 36 affirmative replies, one doubtful and none opposed. Many of the 125 present did not respond to the poll.

Several years ago local residents vehemently expressed their opposition to a proposal that fed-

eral subsidized housing be adopted here. Several public hearings before the Council were held which were climaxed by a "town meeting" on the subject held at the High School during which numerous persons expressed their objections to subsidies. The proposal subsequently was withdrawn.

The meeting was the first public forum sponsored by SCOPE (Summit Council on Public Affairs Education). James L. Parris, chairman of SCOPE, introduced the panel members and briefly explained the purposes of the organization.

quarters, where the radio communications network was in full operation, the emergency generator was actually used to supply power to the whole building.

Fire Chief Thomas J. Murray, shortly after the all-clear, dispatched fire engines to the Jersey Central sub-station in Chatham road and the telephone building in Springfield avenue upon receipt of reports of sabotage fires at those key points.

At Red Cross headquarters in Elm street the ambulances were loaded with standard disaster medical equipment and made ready for dispatching on order of the control center at City Hall. Red Cross disaster chairman R. H. Turgeon held a meeting of committee chairmen in which detailed continued action of the disaster group was planned if the situation described in the test were real.

During the day Tuesday public, private and parochial schools in Summit held civil defense drills according to the established air raid drill plan.

Junior High Girl Scouts Go Camping

Girl Scout Troop 11 of the Junior High School went on a pioneering troop camp-out last week-end on the banks of the Delaware River, at Sandyston Township.

The girls lived in four tents and did all of their cooking and cleanup with the use of open fires despite some snow and temperatures ranging from the low 20's to the low 40's.

Some of the food prepared outdoors by the Scouts included apple sauce, gingerbread upside down cake, biscuits and bread twists, and pancakes.

Other activities included hikes up Sunrise Mountain in Stokes Forest and along the Appalachian Trail. Another point of interest was Sawkill Falls near Milford, Pa.

Members of the troop present were Susan Barr, Jean Boggie, Linda Hydorn, Joan Kleinfelder, Beth Laundry, Nancy Nichols, Rosemary Peterman, Sandra Smith, Carol Thorn, Barbara Wal-

Local Man and Daughter Hurt in Route 22 Crash

A Summit man and his seven-year-old daughter were injured early Saturday morning when their car collided with a taxi in the eastbound lane of Route 22 near the Flagship restaurant.

Injured were William McKinley, 41, and his daughter, Ellen, of 12 Oakland place. They were taken to Elizabeth General Hospital by ambulance. Mr. McKinley was treated for fractures of the ribs and possible fractures of the left shoulder and right hip. His daughter, who was thrown from the car, had injuries of the legs and right hand.

According to police, the taxi attempted a left turn into one of the highway cut-offs when the accident occurred. The McKinley car, after hitting the taxi, struck a pole in the center aisle of the highway.
