STRONGER than the vault or its sixteen-ton door is the backing of the National Newark and Essex Banking Company.

A century ago its Cashier's orders were talismen for passage on the New York ferries. Then very little money was good money.

Today we have an account from the majority of Newark concerns employing labor extensively.

THE PRICE & LEE CO.

BELLEVILLE NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arrangement by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word vacant after a number signifies that the house, store or office at that number was vacant when canvass was made.

* Denotes parties having telephones.

"(1-A)" indicates marginal index for locating street on the map.

"(Right even)" after street description indicates even numbers on right side of street.

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. SAFE!

In our Storage Warehouse Your Household Goods are Safe

SUPPOSE you move to a city apartment, or travel for a season; suppose business takes you to a new district, and your old home is broken up till you get your new one located; suppose time or marriage or death—or the servant problem—makes the old home too large for comfort. There are lots of reasons, with one result—you have furniture on your hands you don't know what to do with.

Let us store it for you.

Your worries stop when our men come for your furniture. The responsibility is on our shoulders—where it should be—and off yours. We have had years of experience in just such work.

Don't Worry About Unneeded Furniture

Because you leave furniture, pictures, china, rugs behind is no reason why you should carry worry about them with you.

In our hands they will be safe—just as you put them in our care. And when you want them again—or any particular articles—we move or ship promptly. No bother to you, or to your friends! Simply give us instructions. We'll take care of all details.

Safety, peace of mind, convenience—aren't these worth something when you consider those valued possessions you have no home for just now.

Let our representative call and talk it over with you. You'll find that we ask only fair prices for careful work.

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

THE PRICE & LEE CO.

NUTLEY NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arrangement by rotation where no numbers have been assigned.)

The abbreviation between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, store or office at that number was vacant when canvass was made.

*Denotes parties having telephones.

"(1-A)" indicates marginal index for locating street on map.

"(Right even)" after street description indicates even numbers on right side of street.

DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE MEDIA DEPARTMENT OF THE ASSOCIATED ADVERTISING CLUBS OF THE WORLD

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all Departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publication.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*
