Six-Year Program Backed by Mayor

Mayor Nuncio R. Pico issued a statement over the weekend supporting the six-year Capital Improvement Program presented to the Town Council at its last meeting by Town Manager John R. Burnett.

Mayor Pico said: "For all too many years I have been listening to political slogans and political promises made at election time about 'Belleville must move ahead, Belleville will be revitalized, Belleville will be a better town.' Somehow it all seems to have faded after election. "Government has been a day by day affair. Improvements were made only when they had to be made, no plan of development has ever been presented and no group of elected officials have ever been pledged to specific programs and timed developments. Belleville - Nutley TB Unit Will Mail Seals Monday

The 28th annual appeal of the Belleville-Nutley Tuberculosis Association will open with the mailing of T. B. Christmas Seals on Monday, November 9. As their civic project, members of the Future Nurses Club at Nutley High School, advised by Mrs. Anne Pecoraro, and Girl Scout Troop 293, Mrs. John De Kopp, leader, recently assisted members of the local T. B. Association in the preparation of the seals for mailing.

As in previous years, the Association donated the Tine Tubercular tag to the Nutley and Belleville public and parochial schools. Over 5,000 tests were completed this month with the assistance of the two Health Departments and nurses.

According to Mrs. Albert L. Gaydos, of Nutley, Association president, more than 54,000 new cases of tuberculosis were recorded throughout the nation in 1963, an increase of 700 per cent over the 1962 figure. In New York alone there were 4,801 new cases last year, 10 per cent more money raised through the sale of T. B. seals here goes toward the testing and treatment of Belleville and Nutley residents.

At the recent annual meeting of the American Academy of Tuberculosis Physicians, questions arose concerning the pros and cons as to whether the sanatorium

um was outmoded in tuberculosis control except for the large city, state or federal institution that could be operated efficiently.

In areas that still have small tuberculosis hospitals that are used at less than half capacity, it would be better to treat short term T.B. patients in a wing of the general hospital or in one or two beds reserved for that purpose.

People who are most prone to T. B. are over 50, and have other diseases as well. They need the facilities of a general hospital; it was pointed out. Many such patients would be more likely to accept care in a hospital close to home, and the hospital itself could play an important role in T. B. case finding. Another beneficial side effect would be that physicians generally would become better acquainted with modern concepts of T. B. control.

It was felt that more rather than fewer sanatoria should be established, preferably on a regional basis and should be equipped to handle patients with other infectious diseases besides tuberculosis.

"Tuberculosis is still a dangerous disease in our community," Mrs. Gaydos pointed out. "Help us to help you by sending your donations to the Belleville-Nutley T. B. Association at the Belleville or Nutley Health Department on or after November 9."

List Winners Of Halloween Painting Test

The Belleville Recreation Department and the Belleville Chamber of Commerce are happy to announce the winners in the Halloween Store Window Painting Contest.

Senior Division — First Prize — Marion Louise Tunis of Belleville High School, whose painting was at Shop-Rite. There were no second or third prize winners.

Junior Division — First prize, Teresa Cerami representing St. Peter's Parochial School, window of the Belleville Times Office. . . . Third Prize — John Salvato and Raymond Toscano at Woolworth's; they represented St. Peter's Parochial School. . . . Fourth Prize — Patricia Carr and Karen Clark at Jolly Cleaners, represented St. Peter's Parochial School. . . . Fifth Prize to Jean Tremel, Maria Palanga and Lucille Palanga representing Holy Family Parochial School, window at Parisio Brothers Furniture Co.

The Judges were Mrs. Carol Yudin and Mrs. Joan Barnes, well-known local artists. The Committee takes this opportunity to congratulate the winners, and to thank the judges and the merchants who permitted the use of their windows and furnished the funds for the prizes, paints and brushes.

In addition to the windows listed above four windows at the Glass Company were used. The judges say that in general, while there were fewer windows this year than last, the quality of the work done by the young people was superior to last year.

GONE HOME EARLY — Town Republican Headquarters was closed early Tuesday night as the results left little doubt that the Goldwater-Miller ticket had been defeated. The local voters backed President Johnson 11,023 to 4,899 for the Republican ticket.

Map Kennedy Library Fund Drive

her husband, the late President John F. Kennedy, "No job is too big for him. He gives other people confidence. With him I can do anything." With some editing and a slight change of tense, posters will appear in every supermarket in Belleville on Thursday and Friday nights and all day Saturday and at most churches Sunday reminding Belleville residents of that sentiment. The posters read: "No job was too big for him." And then caution: "Let's not let this one prove too big for us. Give to the John F. Kennedy Memorial Library Fund."

Two groups of volunteers, too enormous to name—one entirely of ladies, headed by Mrs. Hugh Mohen, of 83 Witt Avenue, taking up positions at the markets; the other, a committee of both ladies and gentlemen, headed by Mr. Rudolph Zoeller, of 41 Fairview Place, and Mr. Thomas Costarella, of 279 Fairway Avenue, posting themselves in front of the churches — will solicit donations for this great and unusual cause. Each worker will carry a donor plaque, which every donor may sign and which will be forwarded along with the entire amount collected and given in the name of the Citizens of Belleville, to the national organization handling the Library Fund campaign.

Caravassing at the supermarkets and churches this weekend will mark the final push in the town-wide drive to raise funds for the John F. Kennedy Memorial Library. The drive is expected to end on Tuesday evening, November 10, with a gala card party at the Fountain, 46 Wallenburg Avenue, Belleville.

Although little more than a month old, the local drive has been so successful, there has been some discussion to continue it. But no decision to that effect has yet been made, according to co-chairmen of the drive, Mrs. A. Laila, of 614 Belleville Avenue,

Rodino Tops Votes at Local Polls

The only surprise in the results of the Town vote totals Tuesday was that Representative Peter Rodino drew more votes than President Lyndon B. Johnson, although Johnson overwhelmed Republican Senator Barry Goldwater and led the Democrats to a clean sweep.

President Johnson polled 11,023 votes to 4,899 for Goldwater in the Town. However, Rodino drew the staggering total of 12,252 votes against 3,407 for his opponent Raymond W. Shroeder.

Although registration hit a new mark this year with 18,004 persons eligible to vote, only 15,359 cast their ballots. This was 222 less voters than cast their ballots in 1960 when registration was 18,301.

Although the backlash did not develop, a sort of whip Goldwater tide was evident in the Second Ward's first and second districts. The Negro area in Town, Johnson won easily in both districts, taking a 683 to 151 victory in the First District and a 466 to 197 edge in the Second District.

Pelaia Wins
The only local man on the ballot, William A. Pelaia, who was defeated for a seat on the Town Board of Education in the last election, won his bid for coroner, leading the three winning Democrats with a total total of 9,427 votes. Other Democrats winning were Lee Goldstickler and Kelsey S. Brown.

In the race for United States Senator, incumbent Harrison A. Williams Jr. of Westfield, defeated Bernard M. Shanley of Bernardsville, 9,736 to 4,778 at the local polls.

In the battle for the 10th Congressional seat incumbent Peter Rodino smashed his Republican opponent Raymond W. Shroeder, 12,252 to 3,407. Rodino polled 6,302 votes in the First Ward and 5,950 in the Second Ward to 1,594 and 1,813 respectively for Shroeder.

In the race for Sheriff, incumbent, Democrat Leroy D'Alaia whipped his challenger Republican Angelo J. Fortunato, 9,802 to 4,849.

James Abrams, a Negro Democratic, kept his party's victory streak alive in the vote for surrogate, topping Republican James Sheeran, 8,869 to 4,849.

Challenges Purchase of Ambulance

Councilman James R. Golden will challenge the purchasing of the new Cadillac ambulance and claims that the money raised by a bonding ordinance can not be spent for the ambulance since it is a demonstrator, not new as specified in the ordinance.

The Town Council approved the purchase of the ambulance after it had defeated an earlier ordinance for a smaller, secondary ambulance proposed by Golden. The town decided to buy a first-line vehicle and make the present first-line ambulance its back-up vehicle.

Councilman Golden has opposed the measure and claims that the vehicle purchased by the town was not a new vehicle but a demonstrator used by the company and therefore is not a new vehicle.

He contacted the firm of Reed, Hoyt, Washburn and McCarthy, bonding attorneys, at 52 Wall Street, New York, and received a reply which appears to support his claim.

However, Town Manager John R. Burdett denies that the vehicle is a demonstrator. He said it is a new vehicle and the only demonstrations made with it were for the Town of Belleville. The letter received by Councilman Golden from the bonding firm said:

"We have your letter of October 28th with respect to the bond ordinance authorizing the acquisition of a new ambulance together with the original equipment and apparatus necessary for its use. The ordinance appropriates \$17,000 to the payment of the cost of the ambulance and provides that such cost will be raised by the application of an \$850 down payment and by the issuance of \$16,150 of bonds and notes. The ordinance was prepared at the request of Mr. McCoy, the Director of Finance. "The ordinance authorizes the purchase of a new ambulance because the Local Bond Law Section 40A:2-22 provides a life of 5 years for such an automotive vehicle when purchased new. An automotive vehicle which is not purchased new would have a life of less than 5 years and is not a bondable purchase.

"The question of whether or not the funds are used for the purpose for which they are borrowed should be referred to the

Town Counsel. The Local Bond Law Section 40A:2-33 provides that the proceeds of the sale of obligations shall be used for the purpose for which such obligations are authorized.

"A bond purchaser relies upon the credit of the municipality when investing his funds. He has every right to believe that the municipal officials use the funds for the purpose for which they are borrowed or as otherwise applied in accordance with law."

Giangere Completes Course in Records

Pvt. Angelo A. Giangere, son of Anita I. Giangere, 81 Avenue, Belleville, completed a six-week medical records and reports course at the Brooke Army Medical Center, Fort Sam Houston, Tex., Oct. 27.

During the course Giangere received instruction in the procedures and techniques of maintaining Army medical records and reports.

Giangere entered the Army last January and completed basic training at Fort Dix.

The 23-year-old soldier is a 1959 graduate of Belleville High School and was employed by Admiral Corp., Newark, before entering the Army.

Howard Sends Tax Checks In Excess of \$5 Million

Monday, the fourth quarter of the 1964 real estate taxes were due for all property owners in New Jersey.

One giant "taxpayer" was The Howard Savings Institution of Newark, which during the past week sent checks in excess of \$5 million to 578 municipalities. The funds for such payments came from escrowed monies deposited monthly by the Institution's more than 34,000 mortgagors.

The Howard has over 6,600 mortgagors in the 22 municipalities located in Essex County; and pays here an annual tax bill of almost \$6 million, of which over \$2 million goes to the city of Newark.

Commenting on this service, Howard President John W. Kress said, "The Howard is pleased to work with our New Jersey municipalities in the handling of its mortgagors' tax obligations. The servicing program has met with approval and praise from tax collectors. However, it is a demanding undertaking in both time and staff effort, for it involves almost 150,000 transactions each year and covers disbursements in excess of \$20 million."

"Of prime interest, The Howard's entire mortgage portfolio of almost \$437 million is invested entirely in New Jersey. We find pride in our efforts, knowing that we are contributing to the economic well-being of our fellowman in every hamlet, town and city in this state."

School Night Scheduled at Junior High

Belleville Junior High School PTA will meet on Thursday, November 5, at 7:30 p.m. Parents will receive student schedules from home room teacher and will follow their youngster's Friday schedule.

After the classroom visitation everyone will assemble in the auditorium and see a language class in action.

Fabrizio, Chairman of the Foreign Language Department will have twenty students from his classes participate in an actual classroom situation on the stage.

Harry French, Executive Director of Belleville Chamber of Commerce will give a short talk on "Education-An Investment in People."

Tompa Receives Doctorate Degree

WEST LONG BRANCH — Robert J. Tompa, Spring Lake, chairman of the Department of Business Administration at Monmouth College, recently received his doctor of philosophy degree in economics from Rutgers, the State University.

In fulfilling the requirements for the degree, he wrote a dissertation entitled "An Analysis of the Post - War Monetary Policy of America." He selected this topic after attending the Fourth Central Banking Seminar held in New York for the Second District Professors of Money and Banking during 1957.

Dr. Tompa, a native of Belleville, has been teaching at Monmouth College since 1954. He has a bachelor of arts degree from Dartmouth College and a master of arts degree from Montclair State College. He also has taken advanced work at Teachers College, Columbia University.

In the summer of 1961, Dr. Tompa was a delegate at the Inter - Industry Economic Conference in Geneva, Switzerland.

MRS. ANDREW J. PROVENCE

Veal Parmigiana Recipe Wins for Mrs. Provence

A favorite of thousands for many years, a recipe for Veal Parmigiana won The Belleville Times-News second weekly recipe contest for Mrs. Andrew J. Provence of 29 Melwex Street, Belleville.

Mrs. Provence will receive a check for \$5 to be used at one of The Times-News advertisers. A \$5 check will be paid each week to the contest winner.

Although this is the first time Mrs. Provence has won a recipe contest, her husband, two children — Barbara, 22, now married and living in Belleville; and son, Andrew, 20, attending college, and grandson, Mark, 2, have known that she is a winner for years.

A full-time housewife, Mrs. Provence is also a winner at bowling, golf and cards.

CONTEST RULES

Favorite recipes should be submitted in contest. They may be for hors d'oeuvres, soups, salads, meat or fish dishes, vegetables, casseroles, desserts, foreign or American delicacies.

Recipes that do not win the week they are submitted will be considered in subsequent weeks' contests.

A contestant may submit more than one entry. If the same recipe is sent by more than one contestant, the one with the earliest postmark will be the winner. In the case of entries submitted in person at The Times-News office the date and hour will be noted on recipe when it is received.

One winner will be chosen each week and will receive \$5 check made payable to a Times-News advertiser at whose store the check will be redeemable for merchandise. The winning recipe will be published each week in The Times-News.

In the event there is no winner, the prize money will be added to the following week's award. Entries must be typewritten or written legibly and mailed or brought to The Belleville Times-News Recipe Contest Editor, 246 Washington Avenue, Belleville, N. J. 07109. Include name, address and telephone number. Members of The Times-News staff or members of their immediate families will not be eligible.

Belleville's success in this effort comes as no surprise to officials of the national organization for the fund. Some months ago when the family of the late President John F. Kennedy announced its hope that if anything were done to honor his name, it be a memorial library, rather than another form of monument, he built, donations from Americans of every age and background began pouring into Washington. So by the will of the people as much as any nationally organized effort the John F. Kennedy Memorial Library Fund was launched. And it has been the will

(FIFTH IN A SERIES)

U.S. Treasury Dept.'s Gestapo

The Internal Revenue Service division of the United States Treasury Department maintains a permanent round-the-clock secret police force in pretty much the same fashion as Adolph Hitler, with loving care, maintained his gestapo.

In Hitler's police-state the Gestapo was known for what it was — a secret police force which enforced obedience to the master.

In the Internal Revenue Service the unpublicized gestapo division gives the innocuous title of "Inspection Service."

In this, the fifth of a series of editorials covering police-state conditions in the U. S. Treasury Dept., a specific example of the terrorist, police-state methods employed by the Internal Revenue Department's gestapo will be cited.

During the past few days we received a number of phone calls from wives of Internal Revenue Agents working out of the Asbury Park branch office. Almost with one voice the following is their report:

A member of the Internal Revenue Service Department's gestapo visited major merchants in the business areas of the home towns where the agents reside with their families. Exhibiting his credentials to a shoe merchant the U. S. Treasury's gum shoe begins the inquisition. "Have you sold any shoes to any Internal Revenue Agent or member of his family? How many pairs and when? What did they cost? Thank you very much and please keep this confidential. Don't disclose anything about this."

Down the street parades the proud member of the U. S. Treasury Department's gestapo. His next stop is a ladies' wear store. The same routine is followed: "I am from the U. S. Treasury Department. Here are my credentials. Do any Internal Revenue Agents or members of their families make any purchases from you? Oh, Mr. John Doe's wife does? What does she buy? How much does she spend? How often does she come in to make purchases? Thank you very much. Your cooperation is very much appreciated. Please don't tell Mr. or Mrs. Doe that I was inquiring about them. This is a confidential investigation."

And merrily along skips the "Inspection Service" inquisitor, leaving behind him a trail of smear and fear.

We are told that a merchant who recently visited the Internal Revenue Service's Asbury Park Office to have

his return audited was heard to say, "You can't fool me — you're a bunch of crooks in this office."

Never does the member of the U. S. Treasury's gestapo return to the scene of his crime — the merchant's store — and advise the merchant that Mr. Doe is a fine, honest employee.

A family reputation goes up in smoke all because in recent years the average Internal Revenue Agent around these parts is considered dishonest until proven otherwise. This is America?

Recently an Internal Revenue Agent was threatened with an indictment by a member of Uncle Sam's gestapo if he refused "voluntarily" to resign his position. The courageous lad fought back. "Indict me! Frame me! Do anything you want. I am honest. I do not fear your threats!"

Two weeks later he was told to forget about the request for his resignation, that "everything is alright now and your case is closed." This incident brings to mind a poem, author unknown, which we would commend to other Internal Revenue Agents similarly threatened:

DON'T QUIT

When things go wrong, as they sometimes will,
When the road you're traveling seems all uphill,
When the funds are low and the debts are high,
And you want to smile, but you have to sigh,
When care is pressing you down a bit —
Rest if you must, but don't you quit.
Life is queer with its twists and turns,
As every one of us sometimes learns,
And many a fellow turns about
When he might have won had he stuck it out.
Don't give up though the pace seems slow —
You may succeed with another blow.
Often the goal is nearer than
It seems to a fainter and faltering man;
Often the struggler has given up
When he might have captured the victor's cup,
And he learned too late when the night came down,
How close he was to the golden crown.
Success is failure turned inside out —
The silver tint of the clouds of doubt,
And you never can tell how close you are,
If you stick to the fight when you're hardest hit.
It's when things seem worst that you mustn't quit.

The Election

On July 17th, in San Francisco we confided to a few Jersey friends that Senator Barry Goldwater's nomination for the office of President was such a tragedy for the Republican Party that he could be the cause of Bergen County, an impregnable GOP fortress, to go Democratic, and in the process lose seats on the Board of Freeholders and possibly a Congressman.

It happened — just as we said it would — the Democrats captured three freeholder berths — and Democrat Congressional candidate, Henry Helstoski, won over incumbent Congressman Frank Osmer.

Goldwater raised such great fears in the hearts of Americans across the land that millions of Republicans and Independents were driven to vote for President Johnson.

Johnson's election is no tragedy. We think under Johnson America will continue to prosper and progress. We believe Johnson will continue to keep the peace.

Despite Goldwater's shattering loss the two-party system is here to stay. On Tuesday Goldwater lost the election — not the Republican Party. The GOP lost it in California on June when Goldwater won the Presidential Primary over New York Governor Nelson Rockefeller.

In New Jersey the undisputed leader of the Republican Party is senior United States Senator Clifford P. Case. It remains for Case to take hold of the party's reins and move it along a path of moderation so necessary to meet the crucial test of the 1965 Gubernatorial Election.

Girl Scout Activities

Belleville Girl Scout Troops are coming down to earth again after all the excitement of their roller skating party and are now completing organization of their troops.

Brownie Scout Troop No. 971 recently held their elections. The officers are picked from the "T" box and will serve until September. Officers are: President, Elaine Drake; Vice Pres., Patty Baker; Secretary, Liz Anne King; Treasurer, Beverly Wanch; Get-Well, Cynthia Fabian; Birthday, Debbie Bode and Historian — Cynthia Fabian.

On Columbus Day they had a very

successful roller skating party. The Junior Troop No. 292, meeting at No. 7 School, finished organizing their patrols. The troop has 27 girls, divided into three patrols, the Leprechauns, the Ladybugs and the Furry Bunnies. The Leprechauns elected Judy Hollweg patrol leader, Barbara Kapnick, Assistant patrol leader, Deborah Bell Secretary and a Patty Justice Treasurer. Doing the honors for the Ladybugs are the Patrol leader Camille DiCosta, Assistant Patrol Leader Anna "T" box and will serve until September. Officers are: President, Elaine Drake; Vice Pres., Patty Baker; Secretary, Liz Anne King; Treasurer, Beverly Wanch; Get-Well, Cynthia Fabian; Birthday, Debbie Bode and Historian — Cynthia Fabian.

Reader Urges Tax Roll Check

October 27, 1964

To the Editor, Times-News:
Now that the voters have given Belleville "exceptionally well qualified and alert" members on the Town Council, would it not seem an appropriate time for the Times Editorial Staff to again ask the questions and get the answers sought, as stated in the May 11th, 1961 edition of your newspaper?

This is the message to the Belleville taxpayers, copied exactly as it read in the article that day:

TAX RECORDS, D.E.E.D.S. SHOW KRUGMAN-DE PETRO AREN'T PAYING AT ALL FOR PROPERTY. (The case of "the missing tax records" from Mayor Padula's Finance Department is told below. The article consists of memorandum-type summaries telling of the activity of The Times editorial staff in recent weeks.)

THE CASE OF THE MISSING RECORDS — On Tuesday morning, April 23, 1961, a representative of The Belleville Times-News phoned the Belleville tax assessor and asked for an appointment to examine some of his official records. He advised our representative that everything had to be cleared through Mayor Padula, Director of Revenue and Finance. Our representative called Mayor Padula who replied that the people in the town hall were too busy but that if we were still interested

to come by the office after three o'clock on Wednesday afternoon. (The town hall closes at 4 p.m.)

On Wednesday afternoon shortly after three we went to the tax assessor's office in the town hall and asked Mr. De Noia to show us the records relating to the assessments of the vacant land of Joramelon Street on the east side adjacent to the Third River purchased by developers, Krugman and De Petro at a price of \$2,750 and assessed by Mayor Padula's office at \$3,400. Mr. De Noia was very gracious and very accommodating. He showed us the engineer's map of the area which indicated the acreage was subdivided into building lots. When we asked him for the records which would reveal the reasons why he gave this property, preferred assessment treatment he went to a couple of filing cabinets, searched through some files and said he was unable to find the cards covering these properties. He advised us that Trenton has a copy of this particular record; he would phone Trenton the next morning and let me know what reasons he gave in support of the low assessment on this property. We received no such call the next morning.

The Times-News then learned through investigation that the Town of Belleville is sending a tax bill to Krugman and De Petro covering lot 622 in Lorraine Court for Lot 34, although the December 1957 deed conveys title to Krugman and De Petro and cites the lot as No. 35. The same

December, 1957 deed conveys to Krugman and De Petro a lot designated as 28, Block 62A. The Town of Belleville is not sending a tax bill to Krugman and De Petro for this lot. Although the December 1957 tax bill does not transfer title to them, lot No. 1, block 566 on Joramelon Street, Padula's department is sending a tax bill to Krugman and De Petro covering this property (to which Krugman and De Petro do not have a title).

Tax assessor De Noia said he "assumed" Lot 28, Block 62A on Lorraine Court was the same as Lot 1, block 566 on Joramelon Street.

This ends your enlightening article. It would be interesting to know just how your editorial staff followed through on this and if the records were finally checked out and who paid who for what tax bill on what lots and in which block. With all Belleville taxpayers' thoughts now turning to the curbing and sidewalk as a general improvement, to be paid for by all the taxpayers and the relocation of the bridge on Joramelon Street, and finally the new planned apartments in that area, it might be good reading now for your staff to enlighten the readers by

John Lardiere of 44 Wilson Place, Belleville, died Monday, October 26, in St. James Hospital, Newark, after a brief illness. He was 55.

Born in Newark, he lived there until moving to Belleville 18 months ago. He was employed as a dispatcher for Jones Motor Co., Jersey City, for five years. Previously he had been employed for 15 years by the Branch Motor Co., Newark. He served in Europe with the U.S. Army during World War II.

Surviving are his wife, Mrs. Lucy De Benedictis Lardiere; four brothers, Joseph, Angelo and James of Newark and Fred of Nutley; and a sister, Mrs. Virginia Salviatore of Newark.

Solemn High Mass of Requiem was offered in St. Augustine's R.C. Church, Newark, Friday, October 30. Interment was in Holy Sepulchre Cemetery.

Mrs. Herbert V. Ryan Funeral services for Mrs. Helen Blum Ryan, wife of Herbert V. Ryan of 30 Van Rye Place, Belleville, were held Tuesday, November 3, at the Wadsworth Funeral Home, 524 Union Avenue, Belleville. The Rev. William Dike, pastor of the Wesley Methodist Church, Belleville, officiated. Burial was in Glendale Cemetery, Bloomfield.

Mrs. Ryan, who was 59, died Saturday, October 31, in Passaic General Hospital after a long illness. Born in Brooklyn, she had lived in Belleville most of her life. She was a member of the Wesley Church Women's Society for Christian Service and the Newark Museum. In the late 1940's she was the first chair of the Essex County Blood Bank.

Surviving besides her husband are a brother, Hans Blum of Jacksonville, Fla., and a sister, Mrs. Marie Scheuing of Key Largo, Fla.

Mrs. Eaton died Tuesday, October 27, in Clara Maass Hospital, Belleville. Born in Bloomfield, she had lived in East Orange for 3 years prior to moving to Belleville 20 years ago. She was a member of the former Daughters of Liberty Association of Nutley and Belleville.

She leaves her husband, George J. Eaton, a daughter, Mrs. Warren Ridgeway of Bloomfield, six grandchildren and eight great grandchildren.

Edward T. Collins

Edward T. Collins, 95, of 17 Squire Hill Drive, Cedar Grove, formerly of Belleville, died Saturday, October 31, in the Murphy Nursing Home, Bloomfield, after a short illness.

Mr. Collins was born in New York and had lived in Belleville for 23 years before moving to Cedar Grove nine months ago. He had resided in Florida and Atlantic Highlands.

A graduate of Stevens Institute of Technology, Hoboken, Mr. Collins had been employed for 30 years as an engineer with the Scandia Manufacturing Co., North Arlington, prior to his retirement in 1934.

His wife, Mrs. Mary Benson Collins, predeceased him. He leaves two sons, Harold B. of

Cedar Grove and Frank J. of Belleville, three grandchildren and one great-grandchild.

Funeral services were held yesterday morning, Wednesday, at the Cedar Grove Memorial Funeral Home.

BECK'S COLUMN

by MAX BECK

So far in this vicinity we only read and heard about pay TV. There are some plans afoot now to start something in New York.

We wrote in this column during the last few years about an experiment in Hartford, Conn. The system used there is as follows: A regular broadcast station transmits a scrambled signal. On the receiving set is a decoder and a punch card. A customer who wants to see a certain program simply activates his decoder which registers on a card. This is sent in by the end of the month to the station and the customer is billed. The system worked out quite well to the satisfaction of the participants.

There are a number of other systems of pay TV in operation. The best seems to be by wire, which is connected to the TV set. In this case the subscriber is assured of the best TV picture. The picture will be clear and there are no ghosts, which are so prevalent almost everywhere. The originators of this system have high hopes for the future, when most programs will be transmitted in color. This may be sooner than most people think CBS, which is at this time almost completely "out of the picture," as far as color is concerned, is building new studio facilities, and we hear on good authority that everything is built around color programming. After this network is operating in color, the others of necessity have to follow soon, because they won't find advertisers without it any more, and it is expected that NBC then will go on full color.

Of course, the regular networks are opposed to any form of pay TV. It is time that they make an effort to improve their programs, which are improving badly. Competition is a good thing for the consumer. This works for merchandise as well as for service like broadcasting.

We service what we sell. Beck's Radio, TV, Hi Fi, Nutley 667-2275

Strikes Hurt Buyers, Says NADA Head

WASHINGTON, D.C. — The long, drawn-out settlement of local issues in strikes against some manufacturers is causing great inconvenience to the car-buying public and serious business losses to new car dealers of the nation and to allied industries which depend upon the retail automobile business for their economic welfare, C. Ed Flandro, President of the National Automobile Dealers Association, said here today.

"Despite the general public impression created by headline reports of settlements of the national issues involved in the long strike, there still exists a severe shortage of cars resulting from the failure to resolve local issues," Flandro emphasized.

Pointing out that the general economy of the country can be seriously affected if the situation is not resolved immediately, the NADA President called on all concerned to resolve the differences quickly.

"Car buyers throughout the country are impatiently awaiting deliveries of 1965 models, and until full settlement of the strikes is brought about dealers are not only helpless in serving their customers but are faced with serious business losses because of overhead and heavy payrolls which must be met even though cars are not available for delivery," Flandro said.

The franchised new car dealers of the nation employ 637,000 persons who are being adversely affected by the strike.

Shortage of parts is also becoming a serious by-product problem of the strike, Flandro stated, noting that servicing of

Three Films Scheduled by Essex Club

Three films tracing the career of Harold Lloyd will be shown by the Essex Film Club on November 14 and 15 at the Club's headquarters, 263 Harrison Street in Nutley. The first film shows Lloyd before he adopted the

familiar "glasses" character and played a character called "Lonesome Luke." Made in 1917, Lloyd is seen as a proprietor of an old time movie theater and many of the comedy bits seem to have been borrowed from Chaplin.

The second is the well known classic, "THE FRESHMAN," which was released in 1925, and shows Harold as the freshman at college trying to be a big football hero and the most popular fellow at the college ball but his badly made dress suit gives way at the seams. Paul Norman will recreate the atmosphere of the period by playing his original

score on the piano to accompany this silent film for both the Saturday and Sunday screenings.

A sort of sequel to "The Freshman" is the third film which shows our football hero as he tries to enter the business world only to meet with all sorts of humorous experiences, finally winding up with becoming the owner of a circus and having many animal mouths to feed. Preston Sturges directed this film, "MAD WEDNESDAY," and it was released in 1947.

The Saturday film performance begins at 8:30; Sunday showing at 7:30.

WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

Miss Julia Motzer, Lyndhurst Man, Marry In St. Peter's R. C. Church

MRS. ANGELO M. ZECCA
Former Julia Motzer

The marriage of Miss Julia Motzer, daughter of Mrs. Julia Motzer of 54 Forest Street, Belleville, to Angelo M. Zecca of 478 Roosevelt Avenue, Lyndhurst, son of Mrs. Joseph Rosa of Lyndhurst and Joseph Zecca of Belleville, was solemnized Sunday afternoon, November 1, in St. Peter's R. C. Church, Belleville.

The Rev. James F. Heavey, assistant pastor, officiated at the ceremony, which was followed by a reception at Pironi's Restaurant, Newark.

Charles Rutan of Clifton, uncle of the bride, gave her in marriage. She wore a satin gown embroidered with seed pearls and featuring scalloped neckline, long fitted sleeves and sheath skirt with an overskirt and cathedral train.

Her shoulder length veil fell from a crown of crystals and seed pearls, and she carried a cascade of carnations and white orchids.

Miss Rose Zecca of Lyndhurst, the bridegroom's sister, was maid of honor. She wore an aqua peau de soie floor length gown with scoop neckline, long sleeves and bell-shaped skirt. She had a matching cabbage rose headpiece with veil and carried a cascade of matching carnations.

The bridesmaids, dressed in turquoise, included Miss Beverly Govereale of Nutley, Miss Jeanne Delaporte, Miss Joyce Dring and Miss Beverly Bender of Belleville, and Miss Joanne Zecca of Lyndhurst, the bridegroom's sister.

The flower girl, Lisa Marie Rutan of Clifton, the bride's cousin, was dressed in aqua peau de soie and carried a basket of matching carnations.

Low De Moe of Belleville was best man for Mr. Zecca and ushers were Robert Corsi, Philip Cerza, Richard Giordano, Anthony De Medecini and Thomas Motzer, the bride's brother, all of Belleville. Joseph Rosa of Lyndhurst, the bridegroom's brother, was ring bearer.

Mrs. Motzer was gowned in gold brocade and Mrs. Zecca chose emerald green brocade. Each had matching accessories and a corsage of orchids.

The bride was graduated from Belleville High School and is employed by Mutual Benefit Life Insurance Co., Newark. Her husband attended Belleville High School and is with Hudson Wholesale Co., Lyndhurst.

The couple will make their home in Belleville after a honeymoon in the Pocomos.

Miss Maureen Diane Pico Is Bride; Spending Honeymoon In Miami Beach

MRS. ROCCA NISIOVICIA
Former Maureen Pico

Miss Maureen Diane Pico, daughter of Mayor Nuncio R. Pico and Mrs. Pico of 421 Joram Street, Belleville, and Rocco Lawrence Nisiovicia, son of Mr. and Mrs. Lawrence Nisiovicia of Webster Street, Newark, were united in marriage Sunday afternoon, November 1, in St. Peter's R.C. Church, Belleville.

The Rev. James Heavey, assistant pastor, performed the ceremony, and Herbert Cockram sang. The reception was held at Thomm's Restaurant, Newark.

Escorted by her father, the bride was gowned in white silk velvet fashioned with bateau neckline, long sleeves and bell-shaped skirt. The natural waistline was accented with pearl trimmed chantilly lace applique. The skirt swept into a chapel train.

An elbow length four-tier veil of silk illusion was held in place by a small crown of seed pearls and crystals, and she carried a crescent of white phalaenopsis orchids.

Miss Rosemary Petrovino of Belleville was maid of honor, and bridesmaids included Miss Elaine Vinci of Belleville, cousin of the bride, and Miss Linda Luongo of Newark, the bridegroom's cousin.

They wore floor length gowns of cranberry silk velvet with Dior sleeves and sheath skirts gathered at the waistline. The cowl necklines of shocking pink satin carried around to the back of the neck and finished in flat bows with streamers to the hemlines.

Their headpieces were four-tier bouffant shoulder length veils in the two tones of their gowns. They carried crescents of roses as aisle-end happiness.

Pasquale Lenore of Newark served as Mr. Nisiovicia's best man. Ushers were John Pico of Belleville, the bride's brother; Lawrence Nisiovicia, Jr., brother of the bridegroom, and Michael Freda, Jr. of Newark.

Mrs. Pico chose a floor-length bride, sheath of beige crepe with moss green velvet bodice and a corsage of beige orchids. Mrs. Nisiovicia was attired in a floor-length powder blue crepe gown with beaded overbush and a corsage of white orchids. A graduate of Berkeley Secondary School, East Orange, the

Theater Party Is Next On Woman's Club Busy Agenda

The Woman's Club of Belleville will hold a business meeting at the club house on Monday, November 9. Mrs. Floyd Haring, chairman of the American Home Department will present as her program, "Let's Have Lunch in Another Country."

Fifty members and guests of the Belleville club will attend a performance of "Camelot" at a fund-raising theater party, at the Paper Mill Playhouse, on November 12th. Mrs. Walter Kaeli, chairman of ways and means, is in charge of arrangements.

The annual birthday luncheon of the Woman's Club was celebrated Tuesday, October 27 at Christ Church Hall. Mrs. Edward Rochau, president, welcomed some 150 members and guests. Mrs. William Herbold, secretary and former supervisor of music in elementary schools, East Orange, presented "World Folk Music," accompanying herself on the Chord-Zither. Her program included audience participation and learning folk music.

Table decorations commemorated events from each of the 12 months, thus honoring the birthday of each club member. "School Days" were used as decorations on table for guests from the Board of Education, "Summer, on the Town Hall Table, and "Fall" for Prudential Insurance Co. Table.

A Parade of Hats, made by the hostess and co-hostess of each table was an orderly feature of the luncheon. Cornucopia Hats, representing November, worn by

A Mass of Thanksgiving was offered in honor of the 50th wedding anniversary of Mr. and Mrs. Joseph Stefanelli of 731 Washington Avenue, Belleville, formerly of Nutley, Saturday morning, October 24 in St. Mary's R.C. Church, Nutley.

The Rev. John Hennessey celebrated the Mass at which the couple renewed their marriage vows. A dinner was held that evening in the couple's honor at Nutley Manor.

Mr. and Mrs. Stefanelli were born in Italy and came to the United States in their childhood. Mrs. Stefanelli is the former Elizabeth Gaccione, daughter of the late Mr. and Mrs. Louis Gaccione of 47 King Street, Belleville. Mr. Stefanelli is the son of the late Mr. and Mrs. Constantino Stefanelli of 3 Hancox Avenue, Nutley.

The Stefanellis were married October 25, 1914, in the old Holy Family R.C. Church in Harrison Street, Nutley. They have lived in Belleville all their married lives. Mr. Stefanelli retired three years ago. He had been employed by Soneborn Chemical & Refining Corp., Belleville, for 54½ years.

The couple has eight children: Anthony Stefanelli, Mrs. Biasi (Marge) Rutaco and Mrs. Vincent (Alice) Petroccone of Nutley; Mrs. Robert (Rachel) Brown and Louis of Belleville; Mrs. James (Jean) Patti of Long Beach, Calif., who came east for the celebration; Philip of Redondo Beach, Calif., and Joseph, Jr. of Lyndhurst. They have 18 grandchildren.

Mr. and Mrs. Stefanelli are making plans to spend a few months with their children in California after the holidays.

The awards were made by Mrs. Crisp at a public reception and tea held in the Library last Sunday afternoon. 92 paintings are on display.

Fred J. Pixlee Speaks On Belleville History

Fred J. Pixlee of 24 Beach Street, Belleville presented an entertaining and informative talk on the history of Belleville to the Pre-School Mother's Group on Tuesday, October 27, at the Belleville Public Library.

The speaker, a lifetime resident of the community and secretary of the newly-formed Belleville Historical Society, frequently spoke from his own recollections and resource material.

Following his remarks, Pixlee donated to the Belleville Public Library a copy of the recently-published Tales and Towns of Northern New Jersey. The author, the Rev. Henry Chaston Beck, has cited Pixlee in his book with regard to the "Carriage Lift" of the Palisades that existed prior to World War I.

Pixlee is a recognized historical authority on New Jersey transportation.

GARFIELD POSTS 7-0 VICTORY

STOPPED SHORT — Belleville's Anthony Sorrentino (19) halts Garfield's J. Tomko after a short gain in Saturday's contest at Municipal Stadium. The Boilmakers, famous for years for spoiling, handed Belleville its first loss on the field this season, posting a 7-0 victory on a long TD pass. The Belleville team now officially has two defeats, the first coming on a forfeit to East Orange because of an ineligible player after the Bellboys had won a 14-7 victory.

FAST ACTION — The beauty of bodies in motion can be seen in the photo above as Belleville blockers and Garfield defenders move into position during a play in Saturday's game. Both teams' defenses were great and it took a 50-yard Touchdown bomb to cross either goal line. Belleville's defenders slipped for the one play and took their first loss on the field, 7-0.

WHICH WAY TO GO? — Belleville's Richard Del Russo (22) seems uncertain of which way to attempt to go with the ball as a crew of Garfield defenders move into his blockers. The Bellboys couldn't crack the Garfield defense and dropped their first game of the year, 7-0.

Bellboys Come Close But Fail to Register

By STEVE CHAREN

A five-yard flair pass from Kevin Rusnak and a brilliant 50-yard run by John Ryan early in the third period proved to be the difference as Garfield went on to down Belleville, 7-0. It was the Bellboys' first loss on the field although their record is officially 2-1. The huge Boilmakers are 3-2-1.

The Bellboys came close to scoring several times, but dropped passes and falling runners prevented a tally. The team's inexperience finally caught up with it in this game, especially at the quarterback position where three juniors alternate. Several times during the game a receiver was in the clear, but the pass was thrown to someone who was covered. The big Garfield line didn't help either. The Bellboys were out-weighted at almost every position.

The Boilmakers were the first team to beat Belleville in statistics so far this year. The statistics were:

Belleville	Garfield
6 — First Downs	9
75 — Rushing yardage	33
41 — Passing yardage	130
4-9 — Passes	10-15
0 — Passes intercepted by	0
3-36.6 — Punts	5-31.6
0 — Fumbles lost	0
20 — Yards penalized	15

After an 18-yard return of the opening kick off, Garfield was on the 39. On the second down, the Bellboys poured thru to hit quarterback Kevin Rusnak for a 12-yard loss. A 14-yard screen pass made it fourth and three; the Boilmakers punted to the Bellboy 26.

On the first play, halfback Richie Del Russo swept nine yards. Del Russo went two more for a first down before the attack bogged down. With a fourth and four Bill DiBiase punted to the Garfield 25.

A run and a nine-yard look-in pass to Tony Cirello gave Gar-

fighting nine yards off-tackle as partially blocked by Len Luongo, the first quarter ended. After a loss of two, Cervasio drove three yards for a first down on the 27. With a fourth and five, Di Biase punted to the Garfield 39, but was snowed under by two Boilmakers. The roughing the kicker penalty gave the Bellboys a first down on their own 47. A four-yard run and a 15-yard look-in pass from Frank Mineo to Tony Sorrentino gave Belleville a first down on the Garfield 34. With a third and nine, Jim Corino's pass was intercepted by John Scotta on the nine-yard line.

The Boilmakers only advanced three yards before being forced to punt. The punt was

11. The Boilmakers punt rolled to the Belleville 17.

Belleville ran a quarterback sneak as the half ended in 0-0 tie.

During the second half Garfield completed four out of five passes for 71 yards while the Bellboys muffed scoring chances. The Boilmakers gained 91 yards in the second half to Belleville's 61, but take away the one big play and it was 61-36.

Tony Sorrentino returned the kick 13 yards to the 33 to start the second half. Cervasio went 11 yards, before being tripped, lost a yard on the next up for a first down on the 44. After two runs had netted five yards, Cervasio attempted the option pass, Luongo and Bob Druther hit him for a loss of

FLYING TACKLE — A Belleville High School defender is airborne as he dives to stop a Garfield advance Saturday at Municipal Stadium. The Bellboys made one slip and Garfield converted a 50-yard pass play into a 7-0 victory and the Bellboys first loss of the year on the field.

tion pass, but it was picked off by Dom Annunziato on the Boiler-maker 33.

A 16-yard pass from Rusnak to Calendillo put Garfield on the 49. Jim Tomko was hit for a loss of five and a pass was incomplete before it happened. With a third and 15 Rusnak threw a five-yard flair pass to John Ryan in the flat. Ryan broke down the left sideline. At the Belleville 45 John Cecchino threw the key block to keep Ryan going. At the 30, Ryan reversed his field and broke toward mid-field to elude tacklers, and went on to paydirt unmolested. The 67-yard drive took four plays. Paul Calendillo added the point to make it 7-0.

The Bellboys moved two yards to their own 41 before being forced to punt. The Boiler-makers moved nine yards to their 25 before they punted. Corino returned the kick five yards before he fell on the Belleville 48. After no gain was made on first down, Mineo's pass was deflected into the hands of Curtis Smith for a four-yard gain. On third down a Mined to Cervasio pass for a 14 yard gain was nullified by an illegal procedure penalty that pushed the Bellboys back to their own 45. With a third and 11, Del Russo went 13 yards on a reverse to the Garfield 41. Charley Godleski went a yard before Mineo faked beautifully to La Falce (who was tackled by four Boiler-makers) and handed off to Del Russo, who swept for six yards. With a third and three, La Falce went five yards for a first down on the Garfield 38. Del Russo went two yards before a reverse resulted in a loss of six. As the third quarter ended, Jim Corino threw a bomb to Russ Mattoon, who was five steps ahead of his defender in the end zone. The pass bounced off Mattoon's finger tips and that was it for Belleville. The fourth down pass was incomplete and Garfield took over on the 32. The Boiler-makers moved to the 49, mostly on an 11-yard screen pass to Ryan, before being forced to punt.

The Bellboys took over on their 13-yard line with less than five minutes remaining. Two runs netted five yards before Mineo hit Sorrentino for 10 yards with a look-in pass at the 28. But, when Mineo was hit for a loss of 10 while attempting to pass the Belleville attempt died. Di Biase's punt was returned 13 yards to the Belleville 42.

A four-yard sweep by Ryan plus a personal foul by Corino gave Garfield a first down on the 24. Rusnak bootlegged for six yards and Tomko went four in two tries for a first down on the 14 with a minute and a half remaining. When two runs netted only a yard the Boiler-makers just ran out the clock by running two quarterback sneaks to bring them to the 10. The game ended with the Boiler-makers on top 7-0.

Bellboy Bounces: It seems as if every team plays its best game against Belleville. One of the Garfield coaches admitted this was the first time the defense jelled. . . The Belleville defense didn't do badly, allowing only 108 yards if you take away that one freak play. That touchdown play was ironic. Before the play the Belleville coaches diagnosed it and warned several Bellboys to watch for the short pass. . . The Belleville defense has still not allowed a sustained scoring drive. The 20 points scored against Belleville have come on plays of 90, 63, and 55 yards plus two kicks. . . The Belleville defense is still first in the county after this game, even though they were scored on. . . Although they worked on it all week the Bellboy quarterback still had trouble picking out the open receivers. The Bellboys have the potential to be a high scoring team, but they need better execution and more experience at quarterback. The Bellboys have two of the state's better runners in Joe Cervasio and Joe LaFalce, but a more potent passing attack is needed a big line. In comparing scores to take some of the pressure off the runners. Until it is developed it will be to Belleville's vaunted defense.

The West Orange Cowboys secure a 66 tie. But, past perboasting a 4-1 record rise into formance don't win games. This Belleville Saturday. The talented battle begins at 2:00.

BIG EFFORT — Richard Del Russo (22) gives it the big try as he tried to intercept a Garfield pass Saturday for Belleville. Garfield's J. Scotta (22, dark jersey) waits for the ball as teammate N. Brancaccio (78) moves in to help

block out the Bellboy defender. The Boiler-makers turned in an upset, handing Belleville its first loss on the field, 7-0, on a long pass.

By Steve Charen

Belleville's Junior Varsity football team scored four out of seven times it got control on offense to a 26-6 romp over Irvington. The Bellboys came within a yard of another TD midway thru the second quarter while evening their record at 2-2.

The Camptowners advanced on six yards during the first series of downs. Following a punt, Belleville took over on the Camptowner 46. After a loss on the first play, Richie Del Russo went 12 yards in two carries for a first down on the 35, the long gain being an 11 yard end sweep. With a crucial third and five situation, Del Russo again swept for 11 yards and a first down, this time on the 19. After a short pass and a six-yard loss, Belleville had a fourth and seven on the Camptowner 16. Halfback Curtis Smith fired an option pass to Rich San Filippo for the touchdown. Jim Corino's kick was good to make it 7-0. The 40-yard drive took ten plays.

Irvington then took over on its own 29. A 12-yard run on a pitch out and a 61-yard pass made it 7-6. A pass for the point was dropped. The 71 - yard march took only three plays.

Rich San Filippo returned the kick 16 yards to the Camptowner 48 to start the Bellboys again. On the first play, Del Russo swept 30 of another TD midway thru the 18. Fullback Mario Ponzio went 11 yards to the seven on the next play. Three plays later Smith scored on a reverse from the four. The kick failed, to leave it 14-6. The 52-yard drive took five or 46. After a loss on the first play, Irvington moved nine yards before punting to the Bellboy 49. A big 39-yard pass from Quarterback Jim Corino to Art Connelly put Belleville on the nine. The Bellboys drove down to the one yard line before losing the ball on downs.

Before the Camptowners could move, Tom Fullman intercepted a pass on the Irvington 21. The Bellboys couldn't get going as the half ended with Belleville leading 13-6.

At the start of the second half, Belleville marched 40 yards in 14 plays before being forced to punt on the Camptowner 45. The big plays in the drive were: 15 and seven-yard run by Ponzio; nine-

sweeps and plunges. It was a game between two very evenly balanced teams and could have gone either way at any time. As things stand now the Elks are in first place with two wins, and the Varsity and Kiwanis Clubs are sharing the second slot with two wins, one loss and one tie each. The Lions, though not yet in the win column, remains a team to be contended with and offers a considerable threat to the Kiwanis and Varsity who will meet them in the next two games.

Devon Electric added one more win to its perfect season by grinding out a 20-0 win over the Federal Industries team. The Devon win was built on two touchdowns by Jim Wille behind the blocking of Bob Stieler and Bob Giordano and a 40 yard punt return by Bill Tumacki plus flatter less defense by the entire team.

The American Legion, who lost their first game to the Jolly Cleaners, roared back to a 32-13 win over the Jollys this week. These two teams, each with 2-2 standings will fight it out for second place. Each of these teams has to face the front runner, Devon and the cellar Federal Industries so they could very well end the season in a tie for second place.

Concert Set Tomorrow by Recorder Unit

The North Jersey Chapter of the American Recorder Society, whose president, Mrs. Shulamith Charney, has taught recorder at the Nutley Adult School, is sponsoring for the first time a concert of major importance to recorder enthusiasts in particular and the chamber music world in general. The Chapter, in association with the Chamber Music Guild of Summit, is fortunate to have been able to secure a date with two of Europe's greatest musicians in their respective fields: Frans Bruggen, recorder, and Gustave Leonhardt, harpsichord, both from the Netherlands. The concert, which is open to the public, will be held

at 8:30 P.M. tomorrow in the Walsh Little Theatre at Seton Hall University in South Orange. Frans Bruggen and Gustave Leonhardt have for the past few years given an average of ninety concerts a year all over Western Europe in addition to radio performances and recordings. They will appear together for the first time in the United States this year, and the New Jersey recital is the only one they are giving in the New York metropolitan area. For this reason the concert is of particular interest to lovers of the recorder and harpsichord and a large audience from New York City and numerous other localities is expected. Of further interest is the inclusion in the program of a modern composition for recorder written especially for Mr. Bruggen by the contemporary composer Louis Andriessen. Frans Bruggen, whose introduction to the recorder came

while he was in hiding during the Nazi occupation, is now at the age of thirty professor of recorder and early music at the Royal Conservatory of Music in The Hague

by a combined program with the School's P.T.A. which will include "Back to School Night" and a Book Fair. The P.T.A. and faculty of School Nine invite all parents and friends to come visit the children's classroom and teachers. The teachers will show instrumental materials and explain goals of the grade. After classroom visitations parents are invited to browse and see the colorful display of all types of books for the children.

Rock 'n Roll Show Slated

A four-hour rock and roll show sponsored by the sophomore class on the Rutherford campus of will be presented in the gymnasium auditorium at the Rutherford campus on Friday, November 13, beginning at 8 p.m. Participating performers will include the Shirelles, the Belmoms, the Bobbetts, Big Dee Irwin, Bobby Calendar and his band. The Shirelles have over 30 records in the million dollar series class. Their part of the performance will last over an hour. The Bobbetts will sing their golden hits, "Mr. Lee," and "I Shot Mr. Lee." Irwin is known for his smash

hit, "Swinging on a Star." Officers of the sophomore class in charge of the event are president, Elia Estatuon of Clifton; vice president, Jeanette Isidor of Jersey City; secretary, Jane Kelfer of Medford, Massachusetts; treasurer, Kenneth Gould of Bonton; Student Council representative, Lorraine August of Belleville; and Class Council representatives, Anthony Bruzzi of North Arlington, Eleanor Hildebrand of Hawthorne, and Ann Holmes of Great Neck, Long Island. Tickets for the show are now on sale at the student activities office at the university, and will also be available at the door.

With today's compact fixtures, bathrooms and powder rooms can be installed in surprisingly small areas and still provide complete facilities. Some typical examples are: a large closet, a pantry, space beneath a stairway or a portion of a large room, basement or attic.

Food Fair Backs Project To Aid JFK Library Fund

The local campaign to encourage youngsters to work on behalf of the John F. Kennedy Memorial Library has been extended, it was announced by Leo Finkelstein, division manager of Food Fair Stores, Inc. and chairman of the drive here.

Called "Work A Day for JFK", the local project is an appeal to youngsters to devote one day to a job of their own choosing and to contribute their earnings to the Kennedy Library Fund.

The extension, said Finkelstein, will enable various youth groups to organize week-end activities for the campaign.

"It is gratifying," said Finkelstein, "to see the interest our young people have displayed in this worthwhile project. Their enthusiasm to help memorialize our late President is a fitting tribute to the devotion he displayed for them."

Full details are contained in a special leaflet being given at all Food Fair supermarkets.

The youngsters who participate in the project will receive a thank you letter from Mrs. Jacqueline Kennedy. In addition,

their names will be inscribed on a permanent roster at the Library.

"By actually earning the money they contribute to the Kennedy Library, the children are gaining an invaluable sense of responsibility while helping to memorialize our late President," Finkelstein said.

In other areas, boys' clubs, fraternities and sororities, and other youth groups have undertaken group projects such as plant sales, car washes, fence painting, and firewood cutting.

Food Fair will cooperate with organized groups in a car washing project, Finkelstein stated by making available its store parking lots and providing the water and hose. Leaders of interested groups may make such arrangements with any Food Fair store manager.

NEW EQUIPMENT Mrs. Judy Sorce of 44 Glendale Street, Nutley, a Laboratory Technician at Clara Maass Memorial Hospital, keeps a watchful eye on the digital computer of a new piece of equipment called the Pho-Dot Scanner while Dr. Melvin H. Freundlich positions the scanner head on a patient.

Medical Scanner in Use At Clara Maass Hospital

The Clara Maass Radiosotope Unit has just begun using its new Medical Scanner which is the newest model available. The ability to detect minute amounts of radioactive substances which only one of its kind in this general area.

Dr. Freundlich, the physician in charge of that unit, stated that the Pho-Dot Scanner has the ability to detect minute amounts of radioactive substances which are given to the patient and local-

ized in various organs. It makes a permanent picture of these organs and shows how the radioactive substance is distributed and whether the organ is functioning well or not. It also can tell the size of an organ or the size of a defect in an organ.

This machine is an extremely valuable tool for the diagnosis of cancer and for a multitude of illnesses where x-rays and other laboratory tests do not give complete information. The tests require no painful preparation and produce no unpleasant or harmful side effects. It will be used chiefly for diagnosis of the liver, spleen, lung, brain, kidneys, thyroid gland and bones anywhere in the body.

Having acquired the new Scanner, the Radiosotope Unit has now expanded its operation to the point where every standard test involving radioactive substances can be done at Clara Maass Hospital. These services are available for all in-patients and out-patients.

ager has in one stroke changed our hit and miss type of operation by projecting an overall plan that tells what should be done to develop Belleville, when it shall be done, how much it will cost and how it is to be financed, is municipal planning at its best because it lets the citizens know what the local governing body believes will build a better Belleville with better living for all of our citizens and at a stabilized tax cost. This Capital Improvement budget is an example of the most modern thinking in municipal government and is directly in line with the directive of Mr. George C. Skillman, Director of the Division of Local Government of the State of New Jersey who in an official release has stated: "It is the opinion of the Board that every local unit, regardless of size and needs

for capital purposes, shall recognize the statute providing for capital budgeting."

"That release goes on to say that if no capital budget has been considered and no capital improvement therefore contemplated, the local unit by formal action taken by November 15th must state that no capital budget is being prepared for the coming year. To do so would be an open public admission that the Town Council of Belleville neither knows what the development needs of Belleville are nor has a positive plan for development and redevelopment. If we stated, by formal resolution, that we have no plans or are unwilling to divulge to the public what those plans are, we would be committing ourselves to a government by subterfuge. That we are not doing. When sworn in last July 1st—we said we would build a better Belleville, we said we will undertake

make the public aware of our every action, we said we would acquaint the public with what we consider the needs of Belleville to be and will consider public opinion in our planning.

"The Capital Improvement budget fulfills those pledges, through it we present the first overall plan of development the Town of Belleville has ever known. We specified what projects we believe necessary accomplishment during the first year of this plan in detail and our proposals for carrying on the development of Belleville during the next five years. Under the State Statute we will be required to explain to the Division of Local Government any changes made in the first year's program. Next year we will have to explain exactly what we propose to do in 1966 and so on year by year. Each project undertaken must, of course, be

legalized by specific and proper ordinances. In other words, we do not make a final overall package for the year's development. The Town Council must approve every single project by ordinance with public hearings and full citizen expression.

"I believe in a capital budget method of government operation. I believe the capital budget presented will begin the building and rebuilding of Belleville. I urge every citizen to make themselves acquainted with our proposals and I again plead with all of the citizens of Belleville to become an active part of their town government. To know what is going on, to express themselves as to our needs and to work with me and my forward-thinking colleagues to accept those things which will build a better Belleville and make all of us proud of our town."

PUPPY LOVE
"Jack thinks he's in love," confides the mother of the 15-year-

old boy. "Isn't that ridiculous at his age? You should hear his telephone conversations! We try to tease him out of it, but he seems to have lost his sense of humor."
One of the teen-agers' problems that parents usually don't really understand is love. Parents are inclined to tease and to discount the importance of puppy love.
The more Jack's parents tease him, the more hurt and defiant Jack gets. When they tell him it's only puppy love, he is more than ever determined that his girl is

the only girl in the world. Sometimes parents don't realize that a 15-year-old boy is no longer a child. It's true that he isn't a man yet, but he's on his way.
Parents may think there's plenty of time for girls, but that time is always later on. They are somewhat concerned but conceding when their boy begins to go out with girls. They get really alarmed when the puppy love stage sets in. Even though puppy love is serious to the young

people involved, it is not usually serious in terms of marriage. Adolescent love doesn't have the same problems as adult love, but to the teen-agers involved, there are problems. Too often the most important problem is the teasing wounds the dignity of the adolescent and sometimes leaves deep scars. Parents need to be understanding and sympathetic to guide their youngsters through this stage of adolescent development.

BUSINESS SERVICE DIRECTORY

We suppose all of Nutley is wondering what is going on in that beautiful new orange and white building at 507 Franklin Avenue (opposite Franklin Theatre). The Kutzman Brothers, Marvin and Murray purchased the empty lot so that they could expand their successful business, Nutley Key & Glass. The building was completed in July. Besides housing a large work shop, a very comfortable show room is included in the front of the store.
Marvin & Murray will carry out the same efficient and excellent repairs and service they were doing in their last 2 locations.

This will include all phases of locksmithing service and sales plus all sizes of decorative mirrors, glass table tops, auto glass replacements, combination storm windows and doors, automobile air conditioners, sales and service on lawn mowers and snow throwers.
Large parking facilities are available in the rear of the premises and also a large indoor garage for repair work on automobiles.
Watch for an announcement of an "Open House".

Reynolds Trains At Fort Dix

JOHN J. REYNOLDS

FORT DIX, N.J. - Private John J. Reynolds, 22, has been assigned to L Company of the 4th Training Regiment for eight weeks of basic training in conjunction with the Reserve Enlistment Program.

During his training, Reynolds will serve on active duty for 6 months of training and then be transferred to hometown duty with the 250th S & T BN, New Jersey Reserve.

After the initial eight weeks, he may receive a leave and then enter advanced individual training here, be enrolled in one of the specialist schools here, or be sent to another Army post for advanced training.

Prior to his arrival at Fort Dix, Reynolds, son of Mrs. Claire Reynolds of 70 Fairview Pl., Belleville, N.J., graduated from Belleville High School.

Miskiewicz Active In Infantry Exercise

Army PFC Robert P. Miskiewicz, son of Mr. and Mrs. Albert M. Miskiewicz, 63 Princeton Terrace, Belleville, and other members of the 1st Infantry Division are taking part in Exercise Gold Fire I, a 16-day field training exercise conducted in the vicinity of Fort Leonard Wood, Mo., beginning Oct. 29.

Miskiewicz will participate as a records clerk with Joint Task Force Sioux, one of the combat forces involved in the exercise. About 20,000 men will take part in the maneuver.

The 23-year-old soldier entered the Army last January and completed basic training at Fort Dix. He is a 1960 graduate of Belleville High School and was employed by Wallace & Tiernan, Belleville, before entering the Army.
