## RACISM?

## A G.O.P. Shame! A New Jersey Disgrace!

Jersey political pollution "reached" new lows last week when a disgruntled office seeker, and two political hacks, with the aid of G.O.P. Gubernatorial hopeful Bill Cahill, falsely accused Republican Congressman Charles Sandman of racism.

Dirty politics may entertain unprincipled candidates who have a taste for cruelty but would these same hate peddlers change their techniques if they but could imagine the grief such a campaign smear brings to Mrs. Sandman and the six Sandman children?

And upon what was the libelous charge based? An allegation that Congressman Sandman, as a 22 year old college student in 1946, signed a restrictive deed containing a provision against Negroes.

Congressman Sandman, in his mid-forties, is married and the father of six children.

Congressman Sandman has held public office for 16 years.

Next to his family, the person with whom Sandman is on the most intimate terms is his eight year law partner - a blackman. Last year, as a Congressman, Sandman was entitled to one Annapolis appointment. He awarded the prize appointment to a young Negro from his congressional district, the first Negro appointed to the Naval Academy in 15 years.

If Cahill had not aided and abetted the cowardly racism attack upon Sandman, recognition of Sandman's legendary regard and respect for members of the Negro race never would have become public property, for Sandman resents exploitation of ethnic people.

Congressman Sandman served in the New Jersey Senate for 10 critically, racially intense years and 3 years in the Congress of the United States. In 1966 and again in 1968 U.S. Senator Clifford P. Case, an ardent liberal and champion of Negroes' causes, went down deep into south Jersey for the singular purpose of endorsing Sandman for election to the U.S. Congress.

As a delegate to the Republican National Convention at Miami Beach last year, at the insistence of Case, (leader of the New Jersey delegation), Sandman cast his vote for U.S. Senator Clifford P. Case for President. In the belief that Nixon couldn't win, the Presidency last year, Case became a Presidential candidate in a last ditch effort to keep the nomination away from Nixon, a man with whom Sandman shared a common political philosophy.

Since becoming a lawyer in 1949, Congressman Sandman prepared 71 deeds covering property he sold - and never did a single deed contain a restrictive clause.

Congressman Sandman is a good and decent man. Because he believes that every person is entitled to his personal dignity and equal rights, for many years Sandman has enjoyed the respect, admiration, and support of his district voters, including "hyphenated" Americans. Sandman's compassion for the minorities requires no defense by anyone. His record speaks for Sandman. Sandman probably is the only white Congressman in America who has a

Negro law partner - an association of eight years standing.

The shame of the Republican Party is that all four of Sandman's G.O.P. opponents down deep in their hearts know that Sandman's dedication to American principles is a matter of history, but when the campaign smear against Sandman arrived on the scene last week each of the four competitors, in his own cute manner, attempted to exploit the slander by making comments calculated to question the personal integrity of Congressman Sandman.

The "disclaimer" from Sandman's principal antagonist, Cahill, represents an immoral, ruthless attempt to make political capital out of a dirty political trick. The person originally making the allegation against Sandman is an individual Sandman refused to approve for appointment to the County Tax Board.

And so we witness a frustrated man, denied a place on the public payroll, resorting to character assassination in an attempt to help Cahill become the Republican candidate for Governor. And he finds a willing hand maiden in the person of Bill Cahill who apparently would rather be elected than respected.

However, fortunately for New Jersey, in the final analysis, Republican voters, instead of candidates, will make the ultimate decision on Congressman Sandman's moral fitness to hold public office.

Since 1953 his neighbors and colleagues, the people that know him best, have elected Congressman Sandman 29 times to public office.

Politics has a reputation for being a dirty business. Traditionally, each election establishes a new low in political campaigning. Last week's episode continued the precedent. However, in the process, Cahill revealed himself as a political coward. He aided the unsavory attempt to reach back 23 years in a mud-slinging, foul effort to stop the G.O.P. Gubernatorial front runner, Congressman Sandman.

One wonders why the so-called liberal Republican voices of New Jersey remain muted when such an offense to the public conscience takes place in the political market place?

When the final truth erupts, as it will on Tuesday, June 3, Election Day, G.O.P. politicians who subscribe to slander and libel as approved campaign tactics will receive their agonizing answer - loud and clear.

Tuesday, Republican voters have an opportunity to serve notice upon future G.O.P. candidates that there is no place in New Jersey or the Republican Party for gutter politics.

Tuesday, you the voter can reject the smear and redeem the shame by visiting your neighborhood polling booth.

## Belleville Veterans Set For Memorial Day March

Once again Belleville veterans' organizations will pay tribute on Memorial Day to local servicemen who have given their lives in combat.

Plans for the day's activities were released by Nicholas A. Guarino, chairman for the day and a member

of the Belleville Veterans' Council.

The ceremonies will begin at 8:45 a.m. at the Rutgers Street bridge, where an assemblage of veteran organizations will watch Guarino lower a wreath and Rev. M.E. Goldston give a blessing.

## Primary Vote Comes Tuesday

Belleville officials expect an average turnout at the polls next Tuesday when voters cast ballots in the gubernatorial primary. The 19 town polling places will be open from 7 a.m. to 8 p.m.

According to Eugene Barnett, town clerk, 17,450 voters are registered in Belleville this year, about average for the last few years.

During last year's Presidential turnout, there were 18,000 voters registered. In Ward I, 8,892 citizens are registered, while 8,558 are registered in Ward II.

Belleville's Democratic Chairman Commissioner Mary V. Senatore, reports that there will be a full slate of Democrats running for County Committee seats. The only contested district will be the second Ward, District four.

In this district, incumbents William and Rosemary Salvatore are being challenged by Francis J. Speranza Sr. and Malfalda Dring.

According to Commissioner Senatore, the County Committee has not formally endorsed a candidate, although it is believed Committee members are favoring Robert Meyer.

In the Republican race for County seats, there are two fights being waged. In Ward I, District 10, Anthony Iacullo and Frances M. Rosania are being challenged by Christopher Veniero and Mary Pesci.

In Ward I, District 12, Angelo Risoli and Mary Risoli are being challenged by Frank D. Mobillo and Rose Renna. Albert Guglielmi Jr. is contesting the men's seat.

Belleville Citizen's Committee President Gerry Ferrara reports that his group is backing Charles W. Sandman for Governor.

The Republican County Committee is not allowed by law to endorse a primary candidate, according to Ferrara.

A group will then gather on the corner of Greylock Parkway and Union Avenue to march to the Union Avenue monument. The group will include color guards from the veteran groups, the Boy Scouts and Girl Scouts, the Sabre Cadets and Scarlet Cadets, and the Belleville High School Band.

At the monument, the groups will display their colors, followed by the national anthem. After invocation, Guarino will give a welcoming address.

Guest speaker, Ralph D'Ambrosio, sheriff of Essex County, will address the gathering. The High School band will then play an appropriate selection.

All of the veteran organizations will then place plaques of commemoration on the monument. The Veterans of Foreign Wars Post 275 will then fire a five gun salute.

Taps will be played by the High School bugler.

Participating in the ceremonies will be the

## Project Already Begun

# Stadium Expansion Set At \$175,000 Total Cost

A \$175,000 expansion of Belleville Municipal Stadium facilities will be okayed Monday by the Town Commission, according to Commissioner of Parks and Public Property William Cullen.

The project, to be financed jointly by the Town and the State, calls for a network of facilities to be placed on 500 square feet of stadium land.

Commissioner Cullen re-

siders agree the expansion is necessary. I have started work on the project on the assumption it will be okayed because it is something very vital to the Town and the Board of Education's recreation program.

The Commissioner has also entered into discussions with Trenton officials, and reports that 50 to 60 thousand dollars in State funds will be available.

Presently, about 600

square feet of stadium land is being used by the High School and the Town. There is additional acreage of 500 square feet adjacent to the stadium facilities which is being leveled by bulldozers as a preliminary step.

The project calls for removing the varsity baseball field from the football area. The Commissioner plans to re-seed the whole infield area.

Included in the project will

be facilities for two baseball fields, courts for tennis, handball and basketball, a picnic area and possibly an ice-skating rink.

Three different graders have been working the past few weeks to level off the area. Fill has been provided free so far.

"It will be a showplace for Belleville," said the Commissioner.

The state next called Albert Glover to the witness stand. At this point Glover refused legal council. Glover pleaded guilty to the charge of breaking and entering and larceny. Town Attorney Amato asked Glover if any of the accomplices were in the court room at the time, to which Glover stood up and pointed to Bernieri and Demary.

The defense then cross

examined Glover. Attorney Hermann, pointed out the fact that Demary's name wasn't mentioned on all the statements. Four statements were taken in all from Glover: April 28, May 1, May 5, May 7. To this, Glover answered he knew Demary only by a nick name, "Duke," but after being shown pictures of the defendant, he was able to make positive identification.

The defense asked Glover if any promises, money or otherwise, were made to him. Glover flatly denied any such promises.

Glover then told the story of the robbery. Glover said on January 10, he and three other men went to the

## Special Hearing Is Held

By John Bunevich

Under one of the tightest police security setups Belleville has ever seen, an accused man walked with head bowed into Municipal Court May 24 for a special preliminary hearing in connection with the theft of over \$30,000 in silver. The man's testimony may bring to light a state-wide theft ring involved in the stealing of over \$3.5 million of precious metals and furs.

The hearing was made possible by a secret investigation spearheaded by two Belleville detectives who logged over 1,000 miles and 70 overtime hours.

Detectives Thomas Ricci and Harold O'Reilly were the key men responsible in bringing Albert Glover of 350 Springfield Avenue, Newark to court to accuse three men of being his accomplices in the burglary.

The testimony of Albert Glover, accused Anthony Bernieri Jr., Louis Demary, and Albert Mariano of being the accomplices. They pleaded not guilty to the charges.

Anthony Bernieri was in court with his lawyer, Frank Metro, and Demary was accompanied by his attorney, Elmer Hermann. Mariano's whereabouts is still unknown.

Glover was asked if he wanted representation of an attorney, but flatly refused any legal help.

Detective Thomas Ricci of the Belleville Police was first called to the stand by town attorney Nicholas R. Amato. Ricci testified that he and another detective went to Longbranch, on April 28 to interrogate a suspect about the Belleville silver job. Ricci went on to say he received written statements from Albert Glover admitting to the silver theft. Also in the written statements were the names of three other men with Glover while doing the Belleville job.

The state next called Albert Glover to the witness stand. At this point Glover refused legal council. Glover pleaded guilty to the charge of breaking and entering and larceny. Town Attorney Amato asked Glover if any of the accomplices were in the court room at the time, to which Glover stood up and pointed to Bernieri and Demary.

## Charges Of Obstruction Unfair; Philosophy Remains Consistent

By Nathan Gottlieb

Perhaps the most misunderstood commissioner on the Belleville Town Commission is William Cullen.

Calling himself a "liberal Democrat," Cullen's voting record on key issues during the last three years has prompted critics to label him as an obstruction force.

On the occasion of the May 1967 election for the Town Commission, Times' publisher Frank O'Reilly stated editorially, "If elected to the new Commission next Tuesday, it is a strong possibility that Cullen's attitude may end up being one of obstruction rather than the more necessary role of constructive critic."

Commissioner Cullen's voting in alignment with Commissioner Vincent Strumolo on certain controversial issues was cited as an example by many of his attempts to obstruct the

defendant, he was able to make positive identification.

of his department. This is why I voted so often with Stremolo."

It was this strong, zealously orthodox view of the commission form of government which prompted him to campaign for the change of government from the council-manager form in 1967, when he was still serving a term as councilman.

"I felt the commission form of government would more easily and readily serve the townpeople. There is one person responsible for each department directly to the people. Under the other form the leader's had no direct responsibility to the people. Now if a citizen wants something he knows where to go."

He had originally entered politics in 1964 when a group of citizens placed his name on the ballot. He won that election, which was a recall, by an overwhelming amount of votes.

Why did he decide to involve himself in politics? "I was tired of people complaining about Belleville. I decided to do something about Belleville's situation as a town. I felt the councilman were not doing enough, that there was an awful lot of conflict between them. I felt rather than complaining and doing nothing, I would run and get things moving."

A man who believes in "giving citizens 100 cents on the dollar," he was born and raised here in Belleville. A graduate of the local school system, he served for many years as personnel director of Federal Industries and was vice president of N.J. Consultants, Inc.

Active in community organizations, he was past president of the Belleville Rotary Club, a member of the board of directors of the Red Cross. He served on the original planning board, and is affiliated with the Knights of Columbus. He was also a

past president of the Essex County Bowling Association.

Serving for the past two years as Commissioner of Parks and Public Property, he has been instrumental in many changes around Town Hall.

One of his primary achievements was the remodeling of Town Hall, begun in August of 1967. It was his idea to begin the interior work on the town building.

High on his list of achievements has been the new playground on the corner of Emmet and Mary Streets. Plans are in the making for construction of an ice-skating rink at the Fairway Avenue playground.

The Commissioner has already begun a \$175,000 project at Municipal Stadium to add an additional playing area of 500 square feet which would see the baseball field removed from the football area among other things.

One of his favorite programs occurs around Christmas time when he hires a full time Santa Claus to pose for pictures with children at a fee of one dollar.

Along with the joys of public office, there have been disappointments. The Master Plan was one project he was sorry to see turned down by the Commission.

"I was rather disappointed in the turning down of the original land use plan."

The plan called for more industrialization of the valley area and more multi-dwelling complexes in the Silver Lake area. The project was opposed bitterly by Commissioner Stremolo who asked that the entire thing be "junked."

Large crowds of citizens attended the Commission meetings on the subject.

"I think the people got scared by adverse publicity," Commissioner Cullen reflected. "They though they were going to lose their homes, which is an understandably frightening thing, but the Master Plan calls for just the opposite. The Plan calls for the getting."

LEVELING OFF — Commissioner William Cullen pauses at the site of a grading project being started at the Municipal Stadium to enlarge the athletic facilities at an overall cost of \$175,000.

redevelopment of the town."

The Commissioner is heavily in favor of what he calls the "modernization of the town." He feels something like the Master Plan would "have brought more taxes in without upsetting the trend of Belleville for the last seven years."

The trend he was referring to was "to industrialize the valley." Under the Plan, he said plants would have been kept in certain areas and houses in others. It would have modernized the Town without affecting the Town's present situation."

In assessing that

"situation", the Commissioner differs sharply from Commissioner Stremolo, who feels Belleville is a suburban town. "I think Belleville is an urban town," Commissioner Cullen said, "not suburban. People in town expect urban services which they are getting."

Wallace and Tiernan plant. It was one a.m. They climbed over a fence, broke a window and entered the factory. Glover said he was told where to find the silver, at which time he and the other men carted it back to the car. On returning to the car, they found that all the silver wouldn't fit in the auto, so one of the men left to steal another car.

Who stole the car, or what Glover did after the theft wasn't brought out at the hearing.

After listening to the testimony, Judge Edward Abramson, presiding over the hearing, referred the case to the grand jury. The prosecution asked for a \$10,000 addition to the defendants bail bond, but the motion was denied.

Bernier and Demary are both free on \$30,000 bond.

Glover is still in custody pending a \$40,000 detainer.

Spearheading the investigation which resulted in the arrests were Detectives Thomas Ricci and Harold O'Rielly of the Belleville Police Department.

In an interview with police after the trial, it was disclosed that Glover was wanted on warrants in seven other towns in the area. The towns were: Nutley, Orange, West Orange,

Millburn, Union, Irvington and Newark.

The detectives said they ran into only a small gang, part of a large ring operating in a three county area (Essex, Union, and Monmouth) in New Jersey, committing one-half million in burglaries over the past year and over three and one-half million during the last three years.

The detectives stated that the ring specialized in heists of precious metals and furs.

## A State Income Tax?

Although a referendum does not appear on Tuesday's ballot concerning the question of the adoption of a State Income Tax, one candidate seeking his party's Gubernatorial nomination has made it clear where he stands on the question of a State Income Tax.

In his annual budget message this spring, Governor Richard Hughes indicated a State Income Tax was necessary to meet next year's budgetary requirements of our state.

Congressman Charles Sandman, a candidate for the Republican Gubernatorial nomination, has taken exception to this view - and consistent with his long-time stand against additional taxes, is opposed to the imposition of a State Income Tax.

Four years ago when Congressman Sandman first attempted to obtain the G.O.P. Gubernatorial nomination, he was opposed to a Sales Income Tax. In that election his opponent favored a Sales Income Tax, promising the people of our state that the adoption of a sales tax would alleviate the Real Estate Tax burden.

Any one of us who has owned his own home during the past four years well knows how real estate taxes have escalated - and this despite the fact that we have had a Sales Tax for the last three years.

Sandman is back again before the voters asking for their support, urging the voters to stop the imposition of a State Income Tax by electing Sandman as the Republican Gubernatorial nominee.

Sandman has been elected 29 times to office over the past 16 years. Sandman's colleagues know him to be a man of integrity - a man who keeps his word.

We are opposed to any new tax. Since the tax before the public is a State Income Tax,

## The Welfare Frauds

It is a pleasure to observe that there does exist a public official who is making it his business to eliminate from the public tax burden, fraudulent disbursement of public funds.

Mr. Frank Palmieri, Chairman of the Essex County Welfare Board, created a fraud squad within the department in order to ferret out recipients of welfare payments who resort to fraudulent means to qualify for subsidy payments.

We think it is high time that the outrageous cost of welfare be reduced to the basic legitimate needs of our population.

Naturally, when the squeeze is on,

## History Of Memorial Day

### By Col. R.R. Tourtillot

The observance of Memorial Day on the 30th, formerly Decoration Day, probably stems from the South in the Civil War. But the practice of decorating graves of fallen soldiers and sailors began at about the same time in many parts of the country. The armed services were first to adopt the day as an annual event. Later states and then the nation came to observe it.

At the beginning the day was one on which to remember the fallen service men of the Civil War but over the years it has come to be a day to remember the dead of all wars. At the beginning, also, it was outside the South a day to celebrate the Union

victory but in later years has come to be a day dedicated to national unity.

In 1969 it is appropriate, because of the current Asian war and the disunity in so many communities, to remember those who have given their lives for this country. It is still the land of opportunity for those who seize it, still the land where all can climb to the ladder's top rung, regardless of race, color or creed.

Many have died for this ideal, for this American dream come true. The rest of us should resolve on Memorial Day to see to it they did not die in vain, that no one or group destroys it.

## The Memorial Poppy

May is Poppy month; and in a short time, the ladies of American Legion Auxiliary will be asking the public to wear a poppy. The Auxiliary feels the following story of the poppy should be of interest to all:

AFTER WORLD WAR I  
Soldiers leaving France remembered Poppies

"Between the crosses, row on row" - And the plight of the War's disabled The months of misery they would know.

Worn to honor living Veterans And those who died to keep us free, The "flower of remembrance" was adopted by the Legion and Auxiliary.

Following World War I  
Many hands were needed in our program As V.A. hospitals opened their doors To thousands of homecoming Veterans, Wounded and maimed on many shores.

Another war, still that "touch of beauty" Was the Poppy, Crimson red;

chosen to help assist the living and memorialize the dead.

The Conflict in Korea Half a world from Flanders' Fields - Wherever heroic Soldiers fell - The Poppy became their symbol too, And its story we continued to tell.

We asked that Citizens remember and be grateful As our story wove a golden strand Of sacrificial, responsive love - Love for our fellow man.

Vietnam Wars still rage now 'round the world Taking toll of our brave, young men. Can we give ONE day in the month of May?

Tell this story - again and again? The symbolism of our Poppy red Is clear in our members' eyes -

No matter the time, or place, or war - It hallowed the first great sacrifice taken from "In Flanders' Fields."

### Candidates Discuss Their Highest Goals

By John Bunovich

QUESTION: If you were limited to accomplishing only one specific goal as governor, what would it be?

ASKED: Among gubernatorial candidates campaigning in town.

COMMISSIONER WILLIAM OZARD, Republican

My chief goal as governor will be to restore public confidence in government by straight talking and straight dealing. We have suffered long enough under men who ignore problems hoping they will go away, or bungle attempts to deal with situations by trying to please everyone. I want to be the kind of governor who will face up to water and air pollution, crime in the street, and educational deficits of New Jersey, and tell it to the people like it is. They may not always like what I say but they will know where I stand. If they do not always agree with what I do, I will at least earn their respect.

CONGRESSMAN HENRY H. E. LSTOWSKI, Democrat

The one thing I'd like to accomplish as governor is to build an alliance for change between white and black citizens of New Jersey. We must recognize that both white and black homeowners and rent payers are being exploited by exclusive local property taxes, by spiraling crime rates, by threats to their jobs and their homes, and by deteriorating public schools in public centers. We need new

Mr. Ozzard

leadership to get things done. We don't need any more surveys or studies - we had plenty of them during the Meyner administration of the 1950's.

CONGRESSMAN CHARLES W. SANDMAN, Republican

Your question is very limited in scope and I cannot conceive by being Governor for four years without accomplishing more than one specific goal. If I were to complete one term as Governor and could only count upon the accomplishment of one specific goal during my term of office, I would consider myself a failure in office. However, if you insist on pinning me down to one "goal" I suppose it would be to intelligently and honestly discharge the responsibilities of the office of Governor by the proper administration of the legislative mandates. I seek to obtain for all of our peoples the fulfillment of their legitimate aspirations and hopes.

SENATOR HARRY SEARS, Republican

We in New Jersey have lived under government by crisis for 16 years. It would be my goal to reverse that trend, to plan for the future, to enter an "Age of Reason" where reason and logic become the watchwords, where reasonable men seek to accomplish our goals through dialogue and discussion. The entire tone of a Sears administration in Trenton would be one of calm analysis.

Mr. Helstowski

Mr. Sandman

Mr. Sears

Mr. Ozzard

# Speak Up

## Citizen Is Dissatisfied With All Candidates

To the Editor:

After looking over the field of candidates seeking the office of Governor at Parillo's I could not endorse any of them present.

The answers to my questions have been vague and without merit. All have been in favor of a state income tax which I feel will create more problems for the people and add to the inflation.

The State sales tax will also be increased. This tax which brings in millions should be collected by the cities, and used by them for tax relief and not in Trenton.

The people will spend more in their own home town and not elsewhere.

The auto inspection stations which have been a nightmare to thousands of motorists should be abolished. The State would save \$10 million per year. They are useless and should be replaced by compulsory insurance.

I am offering that plan since the

inspectors refuse to work a 40 hour week around the clock like the police and firemen.

If that idea does not win the approval of those in power why not inspect only the auto of the non-insured.

When the State needs more revenue they raid the paychecks of the working people with new taxes, and raise their own salaries without their consent.

All new funds should come from all paid up toll roads on both sides of the river and not from the people who are being taxed out of existence.

We have witnessed the worst uprising in the State under a Democratic Governor, anarchy is anarchy regardless who preaches it. If the politicians don't find a little way out the situation can become serious.

## Attempt To Amend Ordinance Fails By 4-1 Vote

# Strumolo Loses Another Bout In Fight For Risoli

Another episode in Commissioner Vincent Strumolo's struggle to get Registrar Ralph Risoli recognized as administrative clerk of the Department of Public Affairs is over.

The scene was Monday night's Commission meeting. An ordinance was introduced

for first reading creating the title of administrative clerk in the Department of Parks and Public Property. When the role was taken to admit the ordinance to a Commission vote, Commissioner Strumolo made his latest stab for Ralph Risoli.

"I move to amend the

part of this ordinance dealing with administrative clerk," Strumolo said, "to include the Department of Public Affairs."

The Commissioner's statement was followed by a silence. There were no seconds to the amendment. The original ordinance was put to a vote. There were three quick yes votes and then Commissioner Strumolo spoke again.

"Before I vote I want to say that if this ordinance is passed my department will be discriminated against. I vote no."

The ordinance was passed 4-1, the same alignment which has plagued Commissioner Strumolo ever since he began the struggle for Ralph Risoli. The ordinance will come before the next Commission meeting for a second and final vote.

Asked why he felt there should be an administrative clerk in his department on the basis of her functions.

The ordinance, if passed, will mean a \$500 raise for Mrs. Dunn. Her salary will be \$8,199.

Commissioner Strumolo stated after the meeting that by asking for the amendment, he was accepting a "compromise" cut in his original demand of \$9,600 for Risoli.

In other business, the Commission found itself again without any bidders for a Town owned property at 199 Adelaide Street. A citizen at the meeting said he would enter a bid if allowed to leave the building on the lot standing. The Mayor said, however, that this was unacceptable since Building Inspector Vincent Mustacchio had recommended that it be torn down.

A resolution commending Lt. Col. Alfred Barnes of 53 Ralph Street, a recent Vietnam casualty, was adopted by the Commission.

Two other resolutions of commendation were adopted. One was extended to Rev. Titian P. Menegus upon his retirement June 21. The other went to Rev. Francis A. Ignacuinos who will be celebrating his 25th year in service next month.

## Banquet Planned For Reverend's Anniversary

Rev. Francis A. Ignacuinos, of St. Peter's R.C. Church, will celebrate a Mass of Thanksgiving on the occasion of his 25th anniversary of ordination to the priesthood, June 8, in St. Peter's Church.

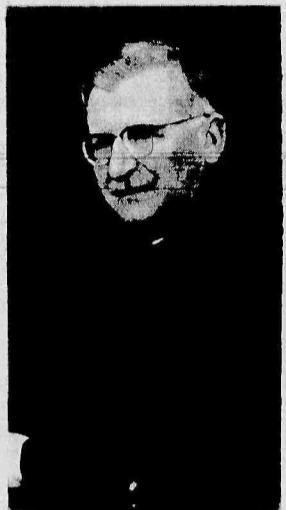

To honor Father Ignacuinos for his years of service to Belleville, a general parish anniversary committee under the co-chairmanship of George F. Kiernan and Thomas F. Dowd, has scheduled two social functions.

An informal open-house will be held in St. Peter's School auditorium on June 4 at 8 p.m. A number of presentations will be made, with James A. Leonard serving as master of ceremonies. Refreshments will be served.

A dinner-dance in the Robert Treat Hotel, Newark, will be given for Father Ignacuinos on June 8 at 6:30 p.m. Tickets for the \$12.50 a plate affair can be obtained at St. Peter's Rectory or from T. William Sloan, chairman of the ticket and table reservation committee.

A native of Newark, Father Ignacuinos is the son of Kalikstas and Amelia Ignacuinos of 672 Stuyvesant Avenue, Irvington. After attending St. Mary's Catholic Grammar School, Nutley, and Charles Borromeo Catholic Grammar School, Newark, he graduated from South Side High School.

After two years at Seton Hall University he spent six

Within the community, he is the Catholic chaplain of the Fire Department, and spiritual director of the Belleville Council 835, Knights of Columbus. In the parish, he served as director of the Catholic Youth Organization for more than 20 years, and is presently chaplain of Court Santa Maria 61, Catholic Daughters of America.

## Shade Tree Woes Being Worked On

Complaints on file with the Shade Tree Department since 1965 have been answered through 1967 it was learned at a recent meeting of the department.

Commissioner Mary Senatore has been working steadily to answer the heavy backlog of complaints which she discovered in her department when she took office in 1967.

The department reports that the entire Silver Lake area has been pruned and trimmed. The area was heavy with complaints when Commissioner Senatore took office.

Right now the department is spending two days a week in the Soho section, leaving three days to answer complaints.

At the meeting, the department made two policy statements. No trees will be removed unless diseased or causing problems with water lines. The only trees which will be replaced are ones which have been damaged or removed because of decay.

Modern education, with all its frills, has merely scratched the surface of the child-training problem.

Commissioner Senatore reports that additional summer help has been added to the department to assist in spraying of trees and pruning and trimming.

Each area in town will be worked into a schedule so the branches will be removed from the area where the new street lights have been installed.

Again this year, the department will have a mosquito prevention program and will continue to use the fogging equipment.

Special thanks were extended to the Kiwanis for their donation of cherry trees for Greylock Parkway and Washington Avenue.

Shade Tree Committee Chairman Anthony Iacullo stated that the next meeting will be on June 30, and citizens are welcome to attend to voice their opinions.

## Rev. Menegus Set To Retire

After 29 years of service for St. Anthony's Parish, Rev. Titian P. Menegus will be retiring June 21. He will go to live with a brother in San Diego, California.

Father Menegus cited health as his reason for reluctantly leaving the church he was so fond of.

"It was 29 years of hard work with good people," the Father said. "I got wonderful cooperation from everyone. I have some wonderful friends here that I hate to leave behind. It's just like leaving your family. It's a question of health. When your health stops you it's time someone else takes over."

Father Menegus was born in Passaic and attended Clifton Grammar School and Seton Hall Prep and University. He graduated from Immaculate Conception Seminary in Darlington.

The father will live in San Diego where he feels the climate will be better for his health.

"I have no immediate plans. I'll just settle and take care of my health. Then I'll see what kind of religious work I can do."

St. Anthony's will miss this dedicated man.

His first assignment was to Our Lady of Mt. Carmel Church in Newark, where he remained five years. The next three years were spent at Our Lady of Sorrow Church in Jersey City.

Belleville High School today is considering a reorganization of its student council.

Students are voting on a proposal to add a senate to the field has "People's Hours", not the council's present house of bankers' hours. Drive-up/walk-up windows open Monday till 8:00 p.m., Tuesday to Friday 8 a.m.-6 p.m. and Saturday 9-12. Member, FDIC

clubs, including the editor of the newspaper, a member of the National Honor Society, and captains of the athletic teams.

The students are voting on a new constitution prepared by present student council

members. Also on today's ballot are candidates for next years officers.

School election are competitive between two non-political parties, the blue and the gold. Candidates were chosen in party conventions after delegates to the conventions had been selected in homerooms.

The conventions considered many names. A series of ballots eventually eliminated all but one candidate who then became each party's choice for office.

## Cullen Asks Town Not To Grant Park Facility

Commissioner William Cullen will recommend to the Town Commission that they not grant permission to Jack Soriano of the Belleville-Nutley Chapter 22 of Disabled American Veterans to develop town owned property on Jannarone Street as a park for the benefit of area children.

The Commissioner said the park "wouldn't be good for the area because there is one nearby on Mary and Emmet Streets."

Soriano had sent a letter to the Commission which was acknowledged publicly at the May 12 Commission meeting.

The property had been given to the veterans group seven years ago by an ordinance which stipulated that the land had to be used within seven years. The time expired on April 10.

On that date the land reverted back to the Town, and Commissioner Cullen speculates

# SANDMAN FOR GOVERNOR

THE ONLY CANDIDATE WHO REALLY GUARANTEES

## NO STATE INCOME TAX

PRESIDENT NIXON WITH CONGRESSMAN SANDMAN

### Congressman SANDMAN ON TAXES

Republican Congressman Sandman is the only Gubernatorial candidate consistently opposed to a State Income Tax. Sandman favors a tax on public authorities to reduce the homeowners real estate tax burden.

### Congressman SANDMAN ON STREET CRIME

Republican Congressman Sandman believes the alarming increase in rapes, house burglaries, muggings and auto thefts, requires emergency attention. Greater State aid should be made available to provide more policemen at higher wage levels to patrol neighborhood streets.

### Congressman SANDMAN ON COLLEGE RIOTS

Sandman favors college students having the right to dissent and demonstrate but opposes student squads who take the law into their own hands. Sandman agrees with President Nixon that college administrators should display backbone in dealing with college uprisings and rebellion.

### Congressman SANDMAN ON SOCIAL SECURITY PENSIONS

Social Security benefits are below federally established poverty levels. "This is a national disgrace." "Restore human dignity to our elders," says Republican Congressman Sandman. He favors a minimum 15% increase in social security pensions.

## Mountainside's Hearing, Speech Unit Detects Hearing Losses in Children

Children with hearing losses that might have gone undetected have been discovered by the Hearing and Speech Unit of the Rehabilitation Department of The Mountainside Hospital.

William Aber, Chief Audiologist and Supervisor of

the Unit, reports, "The hearing test that we offer to Head Start children is an important diagnostic procedure and part of the total analysis and preparation that these children receive in order to prepare them for the school environment."

At the request of the Montclair Head Start Program and in cooperation with the Montclair Board of Education, the testing program began at Mountainside this past February. Mrs. Alice H. Urband, nurse-teacher for the Pre-School Program, whose offices are located at the Glenfield School in Montclair, explains the hearing tests are part of a thorough screening the children receive in order to detect any physical or emotional problems that might hamper them in school.

In all, 77 Montclair children are involved, ages three to five. "What Head Start is doing," said Mrs. Urband, "is reaching children at a very early age which is certainly the right time to test youngsters for potential handicaps."

"The earlier one isolates a problem," agrees Aber, "the easier it is to manage from a medical and educational standpoint."

The youngsters receive these comprehensive hearing tests in the Hospital Audiology Department. A play audiometry technique is used. The child drops a block in a container each time he hears a pulsed tone, or he stacks colored rings on a stick when the electronic pure tone is introduced. While the child plays a game, the vital testing is accomplished. However, should the youngster be unwilling to volunteer a response, then more sophisticated electronic audiological equipment can be used.

## Bellboys Nip Nutley, 5-4, For Second Straight Time

**AFTERMATH** — Rich Schulz (11), Brian Waters (7), John Tauriello and coach Charlie Travers check on Ed Pimentel (with glasses) after his spectacular catch in the eighth inning. Ed was alright and stayed in the game.

**ROUNDING THE BASES** — John Tauriello (27) waves home John Goscinski as he completes his home run for the Bellboy nine.

**BEATEN** — Bellboy Frank Fury (8) is thrown out here in the top of the seventh as he tries to beat out an infield grounder. First baseman Greg Clarke makes the stretch.

**RELAY** — John Goscinski makes a throw to first base to nip a Nutley runner at first base. Nutley was defeated by the Bellboys, 5-4.

**AFTERMATH** — Pitcher Rich Schulz receives congratulations from teammates after he pitched the Bellboys to a tough victory over cross-town rival Nutley.

**WINNING TALLY** — Joe Papasidero scores the winning run in the top of the eighth after he walked, stole second, and was sacrificed to third. John Goscinski's single drove him in to make the score 5-4.

**R** SICKROOM FLOWERS OR PLANTS ARE NOT HARMFUL

It is not true that flowers or plants in their rooms can harm sick persons. Medical authorities agree that they could not possibly use up enough oxygen, or give up sufficient carbon dioxide to harm the occupant.

It is true that some people, not too many, are allergic to some of the exotic odors of certain flowers, especially lilies or roses. Also, in crowded wards there is little space available for them. Some understaffed hospitals do not have the labor to take care of flowers.

## Crew Fails To Qualify In Capital

Trys Luck Friday In Goodwill Race

By Stephen Taffet

The Belleville High School crew team had a disappointing trip to Washington for the Schoolboy National Rowing Championships, failing to qualify for the finals by two tenths of a second. Tomorrow the Goodwill Regatta, a race between neighboring Belleville, Nutley and Kearny, will be held on the Passaic River at 11 a.m. The team came to compete in the junior light competition, one of many classifications into which various high schools from across the country and Canada enter.

The junior light championship is specifically for crews composed only of oarsmen under 17 and a half years of age. This is distinguished from senior light competition where the age requirement is limited to oarsmen under 19 1/2.

Belleville entered a crew only after it had compiled impressive 8-2 records on both the varsity and junior varsity levels. The junior eight was a partial band of these two boats.

Three boys in the varsity shell, two oarsmen and the coxswain did not meet the age requirements and therefore three junior varsity participants were promoted for this specific competition.

In the race itself, Belleville suffered an extremely disappointing defeat. There were two races involving clever crews to determine the six finalists who would race for the national title. In the Bellboys' heat, five crews raced, the top three qualifying. Unfortunately Belleville finished fourth by two tenths of a second. From first place to fourth there was a mere 3.6 seconds.

The boys who rowed in Belleville's junior eight were: Frank Marano, Alan Defeo, James Drexler, Dick Beresford, John Atherton, Roy Newman, Peter Fataccio, Scott Fabian and coxswain Steve Taffet.

Belleville actually took the lead coming out of the start and held it for half a mile, losing it in the third quarter. The last quarter spelled defeat for the Bellboys when the Southern crews immediately began to sprint, a tactic which Belleville couldn't compensate for.

Needless to say, the two seconds was very hard to accept but coach Lally summed up his feelings when he said "These boys have nothing to be ashamed of. They have shown that they deserved to be in a meet with eleven of the finest high school crews in the country. Their seventh ranking time of 5:15.4 further goes to substantiate this."

Although defeated, notice was taken of Belleville by observers, and you can be sure that Belleville will once again represent herself proudly when the Nationals are held in Princeton next May.

If you are satisfied with your own conclusions, as to life and its problems, why not let others solve their own puzzles?

## Sports Corner

By John McCarthy

Thirteen wrestlers from the Belleville High wrestling team will be going to the seventh annual wrestling clinic at the Pocono Sports Camp in East Strasburg, Pa.

For these grapplers this is an opportunity to learn wrestling techniques from coaches who have experienced all levels of national and international competitions as wrestlers and coaches.

Most likely the boys, who you can expect to be the toughest wrestler on the squad next year, will go in August and be instructed by Stan Able and Harry Hauska of Ohio University.

Stan has taken two Big Eight college titles and two NCAA crowns during his school years. Hauska is presently the head coach of the Ohio school. During his college wrestling career, he compiled a 7603 record. These Bellboy wrestlers should be able to pick up some handy tips for next year.

Here are some of the names of the boys who will be on top next year: Jessie Towns, the number one man in our district who will be next year's captain; John Bell; Vinny Cutro; Sal Bivone; John Alberton; Vito Marcogliese and Jim Rosa.

Also back next year will be John Salbato, who wrestled a few varsity matches late last year; Joe Tabi; Carmen Russamano; Bobby Zarra; Mike Egido and Charlie Gingerelli, a sophomore who wrestled in the 98 pound class for the season.

The golf team made their record 5-8 as they beat Kearny 15-3. Kearny got their only three points because Gary Trainor had an off day and was up against one of his stiffest opponents.

Alan Marshuetz, Lou De Frosia, Rich Motacki, Anthony Nocero and Brian Hammond all won their matches 3-0.

Most of the varsity seasons are coming to an end now and looking over the records, Belleville only has one really winning sport. Baseball has had a seesaw season, struggling around the .500 mark. The golf team has been just lower than that mark all along. The trackmen have had their troubles, too, winning only one meet all season.

The crew team's 6-1 record stands out not only for this spring season, but for the entire year. The crew just missed qualifying in the Poughkeepsie Regatta, one of the biggest races on the East Coast, by fractions of a second, and just last Saturday had hard luck on the Potomac River as they missed qualifying for the national finals by two tenths of a second.

The team was beaten by St. Joseph's High School which had a 5:15.2 mile to Belleville's 5:15.4. The Bellboys' 5:15 would have been the same situation in the first heat of the nationals, but these Bellboys must be commended for behind Washington and Lee High School by only 3.6 seconds (Washington and Lee turned out to be the winner with 5:11.8).

## Odd Squad Leads League After Bombing Two Teams

With powerful hitting and keen defense the Odd Squad has taken a commanding lead in the Recreation Girls Softball League. After five games they remain undefeated.

Most recent of their string of victories are a 37-6 win over the Sweet Bippies and an 18-5 win over the Charlie Browns. In the Squads rout of the Bippies they really brought their hitting into

sharp focus in the fourth inning with every member of the team scoring and, what must be some kind of all-time record, five grand slam home runs!

A real battle for second place in shaping up and this could be the high interest in the League. As it stands now the Fantastics have a slim, one game lead over the Charlie Browns and the Sweet Bippies.

### Loop Standings

The Knights of Columbus, swinging big bats, are on top of the National League standing with an undefeated 3-0 mark.

In the American League, the Rotary club with a 3-0 record stands atop the standings by a half game over unbeaten Varsity Club which has only two victories to its credit.

## Iannuzzi Asks Why Officials Voted Raises

Joseph L. Iannuzzi, Democratic candidate for Assemblyman in the 11th District of Essex County, questioned the wisdom of the Republican controlled legislature in voting themselves raises which would amount to upwards of \$300,000.

Iannuzzi stated, "I find little justification for a legislator voting himself a raise of more than 30 per cent when other public employees, such as policemen, firemen, and teachers are often denied even a dime. The least they could have done was to wait for recommendations of the Vieser Commission that is studying state salary adjustments. Instead, they hastily passed this exorbitant salary increase without any public hearings, discussion, or debate."

Iannuzzi, in noting that the legislature is presently controlled by the Republicans by a margin of 3 to 1, declared, "We can only hope that the voters will accom-

Joseph L. Iannuzzi

modate many of our part-time legislators who are unhappy about their present salaries by not returning them to Trenton."

Iannuzzi added that Assemblyman Wilentz's proposal for a full-time unicameral legislature seemed the only way to give matters of our state the "sufficient time and attention they deserve."

## BECK'S COLUMN

Although we did not have any hot weather to speak of so far, people bought lots of air conditioners this year already, many more than in previous years.

Customers remember that last year during a hot spell, in the middle of summer, they could not buy certain of the most popular, most in demand models. The following year we always experience an early buying spell, because we hear over and over again "I am not going to be without an air conditioner this year, so I am buying it early."

Still the majority of air conditioners are sold while it is hot, everybody wants them then, right away, of course. This is human nature and it appears that nothing is going to change it.

The supply at this time is ample. If there is an early hot spell, there is going to be a bad shortage again of the most popular models. There was a lengthy strike at one factory that makes about 80% of all the compressors, and manufacturers of air conditioners were rationed. If it is going to be hot this summer, there will be many more people wanting to buy them than available supplies. If it is going to be cool, there will be ample, of course.

In case you intend to buy air conditioning this year, procrastination may mean disappointment.

We would like to mention that we offer to make a survey of your needs. There is no charge for this service and you do not obligate yourself in any way. We welcome your call (667-2275).

## Legion Post Entertains At Hospital

The Rehabilitation Committee of Post 105 of Belleville, assisted by the Ladies Auxiliary of Unit 105, American Legion, entertained a large crowd of patients at the main auditorium in the East Orange Veterans Administration Hospital.

The entertainment program was arranged by James V. LaMotta. Included in the group who entertained were Master of Ceremonies Jackie Kamin and his wife Shirley, pianist Andrew Conforti, Ted Collins from the "House of Magic" who showed the patients a bit of magic, and the Vespers Orchestra of Newark, a dance band.

The Legion goes to the hospital once a month to put on a show for the patients.

## Missionary President Dies at 88

Father John L. Paprocki, students' chaplain and guidance counselor at Essex Catholic High School in Newark, observed the tenth anniversary of his ordination to the priesthood, with a mass of thanksgiving offered on Saturday May 24, at Our Lady of Czestochowa Church in Harrison, his native parish. A family reception in his honor took place at Carbone's Restaurant in Harrison, on Sunday May 25.

The faculty of Essex Catholic High School honored the priest at a testimonial dinner May 21 at the Branch Brook Inn, Belleville.

Father Paprocki was born in East Newark, and attended the local parochial grammar school. Upon graduation, he attended St. Benedict's Preparatory School in Newark, New Jersey.

His undergraduate studies were completed at Seton Hall University in South Orange, and Immaculate Conception Seminary, Darlington.

He was ordained to the priesthood by the Most Rev. Thomas A. Boland, Archbishop of Newark on May 24, 1959, and assigned to St. Casimir's Church, Newark.

From 1960 to 1965 he was actively engaged in the pursuit of a Master of Arts degree in Guidance and Counseling from Seton Hall University, and is currently enrolled at the Training

Father Paprocki is also the acting Director of Pope Pius XII Archdiocesan Institute of Social Education and co-founder and co-director of the Urban Training Institute of Essex County, co-sponsored by the Archdiocese of Newark and the Greater Newark Council of Churches, and Institute of Urban Action Training, with some 300 trainees currently enrolled in its program.

He is the son of Mrs. Anna Paprocki of Harrison, and the late James Paprocki. He also serves as Sunday assistant at Immaculate Heart of Mary parish in Scotch Plains.

Father Paprocki is a member of the American Personnel and Guidance Association, the Personnel and Guidance Council of the Archdiocese of Newark, the Academy of Pastoral Counselors and the National Catholic Social Action Conference.

The funeral was yesterday from the Stanton Home, Nutley, followed by services at Grace Episcopal Church, Nutley, with the Rev. Daniel K. Sullivan officiating. There was a private cremation.

Mrs. Laura Murray of 123 Bell Street, Belleville, died of a short illness, Monday, May 19, in Clara Maass Memorial Hospital, Belleville. She was 88.

A lifelong Belleville resident, Mrs. Murray was educated in the Belleville public school system. She served as president of the Women's Missionary Society of the First Presbyterian Church for 20 years.

She was predeceased by her husband, John Murray, and is survived by three daughters, Mrs. Elizabeth V. Buchanan of Brielle, Mrs. Esther B. Parsons of Belleville and Mrs. Alice A. Spohrer of Bricktown; three grandchildren and nine great-grandchildren.

Services were held Thursday, at the William V. Irvine & Son Memorial Home, Belleville, followed by interment at East Ridgeland Cemetery, Clifton.

An epic drama of adventure and exploration!

A grand way to lose 5 grand.

Move.

Not only is a new home expensive—you'll have to give up your present, low-cost mortgage for a new one at the highest rates in history. The switch could cost you \$5,000 or more. But improving or enlarging your present home makes it more livable now, more salable later. The Bank of Bloomfield will lend you the money at the lowest rates in town. Make a good home for yourself. Answer Is Difficult

# Should Kids Stay Back?

Making a pupil repeat a grade can affect him for life -- sometimes for good, sometimes for bad. Today, most schools keep a pupil back only if retention will "help him progress, academically, emotionally, and socially," says the New Jersey Education Assn.

In earlier times, a held-back child was clearly a "failure." He often became a discipline problem, a bully, a buffoon, or an early school dropout. Today, the held-back child often spouts academically or increases his chances of finishing his education successfully.

Once schools automatically held back the lowest student in each grade, or the worst behaved, says an article in the current issue of the NJEA REVIEW, the professional journal for New Jersey teachers. Other schools retained children who didn't read well or scored poorly on achievement tests.

"To look at a child's academic achievement as the sole measure for repetition is patently wrong," writes Dr. Stanley A. Winters, an associate professor at Queens (N.Y.) College. Many others

factors must be considered including the child's maturity, emotional stability, age, size, and the attitude of his parents.

Holding a child back on the basis of his reading ability alone has obvious flaws. A poor reader can be a passable to good student in other school subjects. "Children should spend an extra year only if there is a gap in most, if not all, subjects," says the NJEA REVIEW article.

What about the child doing poorly in all subjects? Even he should not necessarily be held back, Winters says. A student significantly taller or more developed than children in the lower grade, for example, "will stand out as an obvious physical misfit." Nor should an older pupil be placed among less mature children.

Nor is ranking "at the bottom of the group" sufficient reason for retention. This would be unfair "in many suburban areas where the students are very bright as compared to the national norm." The "bottom" students are often hard-working "average" children.

No child should be held back unless his parents agree that retention will "facilitate his

overall growth," says the NJEA REVIEW. "Much of what the school will be trying to do in encouraging the child's academic and intellectual development will be undermined."

The school should also consider class size in deciding whether to promote or retain. "It will serve little purpose to have a child repeat fourth grade in a class of 30 when he may go on to a fifth grade with a class of 20," Winters writes. "Obviously, the teacher with the smaller class will be able to give him more of the individual attention he needs."

Even a child who is lagging academically, is immature, and is small for his age still need not necessarily be retained, Winters writes, if the school has adequate psychological counseling, remedial reading, or small-group instruction.

Public schooling is supposed to prepare the child for successful adulthood, says NJEA. In many cases, retention helps the child make necessary adjustments. Indiscriminate retention, which often defeats this purpose, is dying out in American Schools.

## Recorded Voice Gives Phone Information

## Jersey Bell Presents New Phone System

New Jersey Bell's real time intercept service is now in full operation -- the first of its kind in the nationwide Bell System to be operating company-wide.

Real time intercept is a computerized system designed to inform customers -- in a synthesized voice -- about the status of disconnected, unassigned, or changed numbers.

It works like this: A customer dials a non-

working number. His call is routed into an intercept office -- Hammonton for customers from New Brunswick south; Newark for the remainder of New Jersey Bell's customers. An operator will ask for the number that was dialed, and will relay it to the central computer in Newark by tapping out the number on a series of keys.

The computer will search its memory for all the information available on the

given number. In a fraction of a second it will be ready to respond.

Information will be reported by computer "voice" -- an arrangement of pre-recorded words and numbers that can be

combined by the computer into literally hundreds of messages.

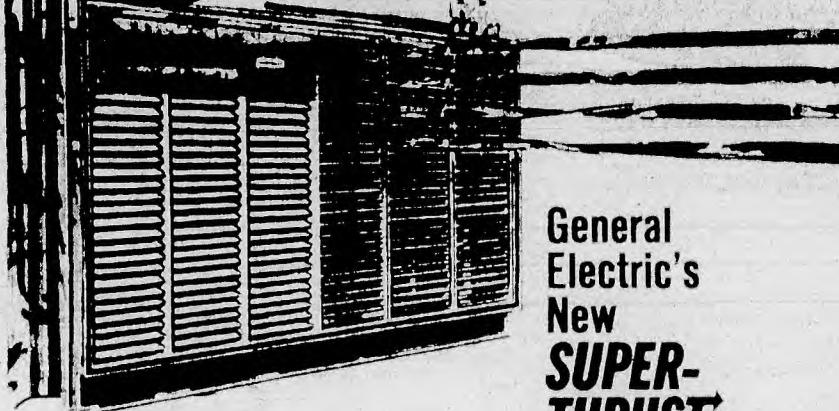

Virtually all of New Jersey Bell's operating area is now included in the system. Formerly, New Jersey Bell

operators handled about 82,000 such calls a day.

The service was introduced gradually throughout the state, beginning with the New Brunswick area in March and concluding with the Paterson area the week of April 13.

The system's "brain" -- actually two computers -- is housed in Newark. The "brain" has lightning speeds and a vast storage capacity.

Led Montclair For 20 Years

## Dioguardi Retires From Baseball

While his coaching career is now over, Montclair State College's Bill Dioguardi will not be forgotten quickly when the subject of collegiate baseball comes up for discussion.

In 21 years at the helm of the Indian's diamond ship, Dioguardi led Montclair State to 300 wins while losing 139 contests. In 20 of those years, the Indians were five hundred or better.

In the matter of championships, the Indians picked off four New Jersey State College Conference crowns, 1963, 64, 66 and 69 and in the defunct New Jersey Intercollegiate Athletic Conference his teams finished on top in 1949, 51, 53, 54 and 55.

Dioguardi came to Montclair State as diamond boss in 1949 after graduating from Notre Dame. While taking his master's degree in physical education, Bill tried his hand at coaching for the first time with the freshmen at Notre Dame.

A fine basketball and baseball player at Kearny

and drove in both runs with a homer.

Of course, not all of Dioguardi's thrills were confined to the early years at the helm of the Indians. Just this season, relief pitcher Ken Inglis gave the highly successful mentor a big charge with a one out homer in the last of the tenth inning to defeat Paterson State 3-2.

The big blow set up the Indians clinching of the NJSCC title and gave Dioguardi a shot at making 300 wins.

In the matter of outstanding players, Dioguardi had a great many. As far as pitchers go, Harry

Durkee, Jack Pruden and Peter Jerauld must top any list.

Durkee was the mainstay of the 51, 52, and 53 teams posting a career mark of 18-5.

Pruden, the Indians all-time winner at 22-5, was the ace of the fine 1966 squad which won 19 straight games after dropping the opener to Fairleigh Dickinson, 2-1.

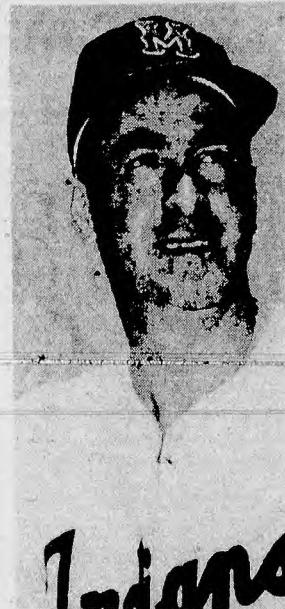

Now in the Parsippany school system, Pruden had a 11-2 mark in 1966 for the most wins in a single season by an MSC hurler.

Jerauld, 4-0 in 1969, finished his career this past Saturday with a 17-4 mark. His only defeats were to one

team, Glassboro State. However, he got revenge with a 10-0 blasting the Profs in the second game of this season and hit a homer for good measure.

A great many past fine players, are now coaching throughout the United States. One, Edward Meade, is now acting commissioner of education for the federal government in Washington, D.C.

Clary Anderson, former Montclair High School coach, will be taking over from Dioguardi in 1970. It will not be an easy act to follow even for the highly successful Anderson.

High School, Dioguardi attended Montclair State College for two years before transferring to Notre Dame to complete his education.

When talking about his first contest as a coach the other day, it was an 8-6 win over City College of New York, Dioguardi recalled that he had a good day managing with two pinch hitters coming through with clutch blows and a relief hurler stopping a late City rally.

One of Dioguardi's biggest wins as a coach came in 1951 when unknown Montclair State stopped powerful St. John's University of Brooklyn, 2-0. Manny "Sonny" Senerchia limited the Johnnies to just three hits.

# Enzyme Pre-Soaks Aid In Removing Bad Stains

By Janet Spong

Many questions surround the new pre-soak enzyme products that are being highly advertised these days. They are not detergents and yet they help remove stains. They are also not bleaches; they will not harm colors.

The enzyme product itself does not remove the stain. It acts as a kind of "starter" making the stain react with the water it is soaking in. You need a wash cycle, complete with detergent, after using the enzyme pre-soak to wash away the stain.

Pre-soaks can remove stains that chlorine or oxygen bleaches cannot remove. For example, stains of cocoa, blood, gravy, milk or grass can be removed by an enzyme

pre-soak, but not by a chlorine bleach.

Remember too, you can use an enzyme pre-soak on wool, silk or spandex fabrics. You cannot use a chlorine bleach on these.

Some stains that cannot be removed by the enzymes are coffee, tea, mustard, wine and inks.

The best method to use for a stained item is to dilute some pre-soak in warm water. Place the stained article in and let it soak quite awhile. These new products work slower than a chlorine bleach solution would.

If you have more than one stained article, sort them according to color, amount of soil, etc. just as if you were sorting laundry.

At the end of the soak

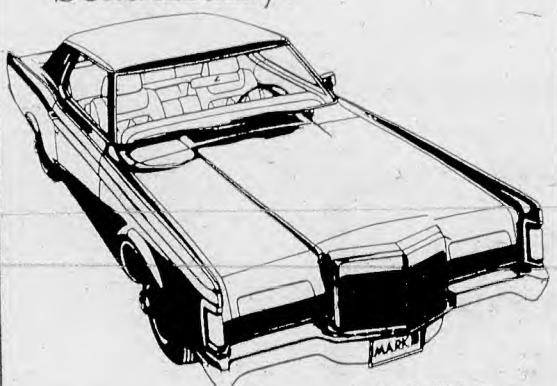

time, wash as usual with detergent and clean water.

If you are using a laundry detergent that contains an enzyme, do not add your bleach until the wash cycle is about half over. Chlorine bleach kills the action of the enzymes, but the enzymes do not interfere with the bleaching action. Half way through the wash cycle the enzyme will have done its job, so you can add the bleach which can then do its different job.

Because the enzyme pre-soaks are more costly than detergents, or bleaches, you will want to measure and follow package directions. If stains are not removed after the first soaking, repeat with more enzyme pre-soak.

**Charlie Sandman is now serving his second term in the U.S. House of Representatives. A vigorous member of the powerful Judiciary Committee.**

**Charlie Sandman has won 25 elections in 16 years. He was elected three times a State Senator.**

**He was elected Majority Leader twice, and was twice elected Senate President. The only man in New Jersey's history to succeed himself in both offices.**

**For five years, Charlie Sandman was regarded as the leader of the State Senate. And he was called upon to serve as acting-Governor nine times.**

**Charlie Sandman was the sponsor of leading legislation as a State Senator: creation of the Delaware River and Bay Authority between Delaware and New Jersey, a moving factor in the Port of New York Authority takeover of the Hudson and Manhattan Railroad, and the construction of the world trade center in New York. Regarded as the largest transaction between two states it amounted to \$1 billion.**

**All of his life — Charlie has been moving forward and taking his place alongside the top leaders of our state and nation.**

**Now — Charlie is the one man for Governor. The one man dedicated to the principles of good government.**

**Charlie Sandman is the one man who recognizes the tax rebellion. He sees it coming in the volume of mail he receives as a member of Congress. He is the one man who promises -- NO STATE INCOME TAX.**

**Charlie Sandman is the one man who has the courage and determination to put an end to rioting and lawlessness in our schools . . . to put an end to the growing menace of narcotic traffic.**

**Charlie Sandman is Republican through and through -- he is the one man who has the endorsement of the regular and reform Republicans of Essex County.**

**Charlie Sandman is the one man with the vote-getting power to defeat the Democrats in November and to step into the forefront of a movement which has put the Republican party on the march again in New Jersey.**

## THE ONE MAN FOR GOVERNOR

# GOV. GLEN W. SANDMAN

## THE ONE MAN WHO IS REALLY FOR LAW & ORDER!

Sandman stands firm for law and order. He has openly and vigorously criticized mayors and college presidents who do not defy hoodlumism and arson in our schools. Sandman is for dissent and demonstration, but he insists that — "nobody will ever barricade a New Jersey classroom" while he is governor.

'Never In New Jersey's Schools'

## THE ONE MAN WHO IS REALLY AGAINST HIGH WELFARE COSTS!

Sandman is aware of sky-rocketing welfare costs and promises a way to deal with them. He is ready with a plan that advocates a Federal program which will pay 80 per cent of the cost with a 20 per cent contribution and control by the state.

## THE ONE MAN WHO IS REALLY FOR CIVIL RIGHTS!

Sandman believes in equal opportunities for all — in homeownership, in jobs, in business, in public life and in the Armed forces. Sandman made the only appointment of a N.J. Negro to the U.S. Naval Academy in Annapolis, Maryland, in the last 16 years.

Republican Congressman Sandman believes the alarming increase in rapes, house burglaries, muggings and auto thefts, requires emergency attention. Greater State aid should be made available to provide more policemen at higher wage levels to patrol neighborhood streets.

## SANDMAN ON SCHOOL BUSSING

"Bussing Students for

## SANDMAN ON SOCIAL SECURITY PENSIONS

"National Disgrace!"

Restore Human Dignity to Our Elders!"

"Restore human dignity to our elders," says Republican Congressman Sandman. He favors a minimum 15% increase in social security pensions and future pension payments related to cost of living increases. Social Security benefits are below federally established poverty levels. "This is a national disgrace," an angry Congressman Sandman proclaims.

## SANDMAN ON COLLEGE EDUCATION

"college for Every Student Who Wants It"

Republican Congressman Sandman believes that college education should be available to every student who wants it. Sandman OPPOSES OPEN ADMISSIONS and FAVORS regional four-year colleges as a logical extension of our public school system.

## SANDMAN ON COLLEGE RIOTS

Restore Dignity to Our College Campuses!

Republican Congressman Sandman favors college students having the right to demonstrate and be heard — but Sandman opposes the goon student squads who take the law into their own hands. Sandman agrees with President Nixon that college administrators should display backbone in dealing with college uprisings and rebellion.

## Willowbrook Mall Set To Open In Mid-August

Willowbrook Mall, now about 40 percent completed, is expected to open in mid-August.

Including Bamberger's and Sears, the center has a total of 1,600,000 square feet of retail space.

Willowbrook Mall, with the completion of all phases, will be a two-story structure offering four main shopping avenues with department store locations at the end of each avenue.

The 140-acre site has been engineered to handle heavy traffic flow. Parking for more than 5,000 cars will be available when the center opens in August. Willowbrook is situated at one of the busiest highway intersections in the North Jersey area — Routes 23 and 46. Together they carry 130,000 cars by the Willowbrook site every day. The luxurious new climate-controlled mall will cost in excess of \$50 million.

## Taxpayers Association Gives Fiscal Federal Aid Figures

New Jersey residents paid \$1.79 in taxes for each \$1.00 in Federal grants-in-aid received by their State and local governments last year. This continued New Jersey at the top of a list of 17 states which paid more in taxes than they received in grants.

The annual tabulation of cost vs. benefits of Federal aid was reported by the New Jersey Taxpayers Association. It is based upon a formula devised by the Tax Foundation showing the state-by-state distribution of \$18 billion in total Federal grants-in-aid nationally in fiscal year 1968.

The tax cost of the Federal aid program allocated to New Jersey approximated \$762.5 million as against actual grants received in the fiscal year 1968 totaling \$426.7 million. Thus, in terms of the cost vs. benefits ratio, New Jersey contributed \$1.79 for each dollar of aid received.

Last year Alaska, paying 25 cents, was lowest among 32 states that paid less than one dollar for each grant-in-aid dollar. New Hampshire "broke even". Among New Jersey's neighbors, a Federal aid dollar cost \$1.30 in Delaware, \$1.24 in Pennsylvania and \$1.16 in New York

State.

The Tax Foundation formula reflects the actual tax burden on taxpayers rather than Federal taxes collected in New Jersey. For example, Federal cigarette taxes, collected mostly in a few tobacco-producing states are, by the formula, allocated among all the states on the basis of cigarette consumption by state.

The New Jersey Taxpayers Association, now in its 39th year, is a non-partisan, independently supported citizen organization which studies governmental operations and finance at all levels on behalf of New Jersey's taxpayers.

Accent on Television

## Gubernatorial Candidates Debate on TV This Sunday

By Phil White

One of the gripes New Jerseyans voice frequently when it comes to television is the lack of coverage given events in the Garden State. Coverage presently being given to the gubernatorial primary is far from what it should be although we do admit the New York channels have shown some improvement in stepping up their service to New Jersey.

When we say the coverage isn't what it should be, what we really mean is that we believe New Jersey should be saturated by radio and television news as adequately as New York City and the Empire State.

There is even some sort of a movement along this line in Bergen County where municipal officials have discussed informally at least, the possibility of organizing to protest the renewal of radio licenses now held by some New Jersey stations.

For example North Jersey has three powerful stations -- WPAT licensed to Paterson, WJZ once licensed to Newark and now to Hackensack, and WVNJ licensed to Newark.

(and operated, incidentally, by the Newark Evening News). But it's a well known fact that all these stations cater to the New York City community and not their own. It's too bad. Other areas of New Jersey are served by community radio, but the most popular section is not.

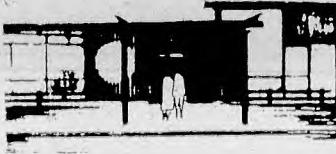

The first show of the day comes at 11:30 a.m. Sunday on WCBS-TV (channel 2) where the six Republican aspirants will engage in a live debate. Shortly after that show goes on the air, the six GOP hopefuls will dash over to NBC-TV where channel 4 will broadcast a special edition of "Direct Line" beginning at 2 p.m.

Finally on Sunday, Campaign 1969: The New Jersey Primary is slated for 6:30 p.m. on channel 2. That broadcast will focus on the attitudes of New Jersey voters on issues in the primaries. Correspondent Jim Jensen is the reporter and state correspondent Jerome Wilson provides the analysis.

So, for at least one afternoon, New Jersey voters can see some of the personalities in the primary on television.

## TV Program Highlights

(The following programs are all in color unless otherwise noted)

May 29 (Tonight) - 8 p.m. "Portrait of a Star - Peter Ustinov." Dean Jones, Susan Pleshette, Richard Crenna, Bob Newhart and Karl Malden. (1 hour, WOR-TV, channel 9)

May 30 (Fri.) - 11:30 a.m. Abbott & Costello Comedy Festival. This holiday morning might be fun to introduce today's youngsters to Abbott & Costello. Two of the team's classics, "Buck Privates" and "Pardon My Sarong," will be featured in the telecast.

(3½ hours, WOR-TV, channel 9 B&W)

June 1 (Sun.) - 8:30 a.m. New Jersey Report. Host John Scott's guests today are D. Louis Tonti in part one, and Rep. Charles W. Sandman Jr. in part two. Tonti, executive director of the Garden State Parkway, is a candidate for governor in the Democratic primary. Congressman Sandman is from New Jersey's second district and is running in the Republican gubernatorial primary.

(1 hour, WOR-TV, channel 9)

June 1 (Sun.) - 11:30 a.m. Republican Candidates for Governor will debate the issues. Candidates appearing are Rep. William T.

Cahill, State Senator Francis X. McDermott, William E. Ozzard, Rep. Charles W. Sandman Jr., and State Senator Harry L. Sears. They will appear in a live debate with Jerome Wilson moderating. (55 min., WCBS-TV, channel 2)

June 1 (Sun.) - 2 p.m. Republican candidates for the N.J. Governor's race will be featured on today's special edition of "Direct Line."

(1 hour, WNBC-TV, channel 4)

June 1 (Sun.) - 6:30 p.m. Campaign 1969 "New Jersey Primary - Candidates for Governor." Tonight's broadcast focuses on the attitudes of New Jersey voters toward the issues in the upcoming Democratic and Republican gubernatorial primaries in the State. Correspondent Jim Jensen is the reporter and state correspondent Jerome Wilson provides the analysis.

(25 min., WCBS-TV, channel 2)

June 3 (Tues.) - 10 p.m. "Generations Apart," CBS' third and final broadcast in this series. Tonight, "The Youth Internation," an examination of how youth rebellion manifests itself in England, Japan and Mexico. Program notes similarities and dissimilarities in the ways young people in those countries react to the older generation and to their peers in other nations. Walter Cronkite anchors. Correspondents: Bert Quint, Morley Safer and Bernard Kalb. (1 hour, WCBS-TV, channel 2)

## Masterwork Foundation Planning Summer School

The Masterwork Music and Art Foundation announces plans are in process for the opening of The Masterwork School of Art for a special six week summer session. The Art School, which will be operated in Morristown, will be housed in its own special building which has been set aside entirely for this purpose.

A call has been made for volunteer help and contributions of supplies and equipment to enable Masterwork to begin its art program. Among the many items needed are: easels, long tables, high and low stools, chairs, storage cabinets, drawing boards, drafting tables and equipment,

blackboards, fans, air conditioners, paper cutters, projectors and screens, and all types of tools.

Help also will be needed during the month of June to paint and clean the quarters to be used for art instruction. It is expected that the Art School will be ready to open during the first week of July.

# Entertainment News of Local Interest

**SPACE ODYSSEY MISSION COMMANDER** — Mission Commander Bowman, enacted by Keir Dullea, inside of the Brain Room of the Hal 9000 computer—one of the marvels of "2001: A Space Odyssey," a Stanley Kubrick production for MGM, a drama of adventure and exploration. Accent gives a top rating to this movie now playing at Nutley's Franklin Theatre, Clifton's Allwood and Rutherford's Rivoli.

## Accent on Films

**MOST OUTSTANDING:** "The Lion in Winter" at the Millburn Cinema; "If" at East Orange's Ormont, Totowa Cinema and Bergen Mall; "Belle de Jour" at Irvington's Art; Space Odyssey 2001 (35mm version) at Nutley's Franklin, Clifton's Allwood and Rutherford's Rivoli; "Sound of Music" at Montclair's Bellevue; "War and Peace - Park 1" at Verona.

**GOOD TO EXCELLENT:** "If It's Tuesday, This Must Be Belgium" at Bloomfield's Center; "Killing of Sister George" at East Orange's Hollywood, Passaic's Montauk and the Wayne RKO Twin; "Stolen Kisses" at Cinema 46 and Orange's Palace.

**GOOD:** "Before Winter Comes" at Bloomfield's Royal; "The Fixer" at Irvington's Castle; "Ice Station Zebra" in Cinerama at Montclair's Claridge; "Hot Millions" at Irvington's Castle.

Many of these films are adult in theme. Advertising should be consulted for suitability ratings.

When it comes to frankness in films, New Jersey trails New York — by about eight months. "The Killing of Sister George," for example, has been playing more than a year on the other side of the Hudson, has finally made it to the Garden State.

"Sister George" is one of several good flicks now easily accessible to area residents. Accent has given "Sister" a good to excellent rating. The film is taboo for youngsters, is considered better than

original play, but perhaps more than the needed explicitism in its scenes.

"Sound of Music" is back at Montclair's Bellevue for a limited engagement. We know a couple of people who saw this musical 11 times and are planning to see it again this week.

"If It's Tuesday, This Must Be Belgium" is the attraction at Bloomfield's Center theater. Called a warm satirize, the story centers around travelers to Europe, a comical love affair which adds up to one of the most enjoyable nights out you could plan.

## Union Gap This Weekend's Holiday Feature at Steel Pier

Riding a crest of success with three gold records, Gary Puckett and The Union Gap will headline the star-studded show at Steel Pier, Atlantic City, during the four-day Decoration Day weekend, May 29 to June 1 inclusive.

As the world-famous entertainment landmark swings into its 71st summer season, George A. Hamid continues a policy of presenting tops in family-type entertainment.

Gary Puckett and The Union Gap is a good example. It is one combo that doesn't turn off the older generation. Shunning anything irresponsibly psychedelic, the exciting quintet started on the rhythmic road to success with three gold records within a three-month period. These were "Woman, Woman," "Young Girl" and "Lady Willpower." The latest hit, "Don't Give In

To Him," is now gaining popularity.

Teenagers put them on top of the charts, but the young singers' first LP featuring "Woman, Woman" and the second album featuring "Young Girl" have been snapped up by listeners of all ages.
