NEW HEADQUARTERS FOR GAS COMPANY

MAIN OFFICES OF J. C. P. & L. CO. WILL BE MOVED INTO NEW BUILDING

The local headquarters of the Jersey Central Power and Light company will move tomorrow into the new six-story Fillkin Building at Eleventh and Ashley avenues, Asbury Park.

The local office had been for the last three years the main office for the company. Belmar will be main- menace to the Gas building on Ninth avenue: only the local staff will remain in the present building.

The Fillkin structure, virtually completed, is one of the finest office buildings in the state and will open without delay.

The building will house, besides offices, display rooms of the power company, a credit department, and a powerhouse.

In this state and is being turned out by the North Jersey store. Mr. Fillkin, a five-story residence, has taken its name from the present structure, which has a ground floor section, and he will have a private office on the second floor.

The building is to be erected on the site of the old power house, which was destroyed by fire last year.

NEPTUNE DESETS GAMES

More than 500 spectators saw the Neptune High School track team win by a score of six to four in their annual Thanksgiving Day classic held at the shore yesterday afternoon, by a score of 37 to 6. Many fans were present.

BELMAR A. C. WINS

HISTORICAL SKETCH OF THE JERSEY CENTRAL SYSTEM.

The first section of the New Jersey Central System was completed between Elizabethport and Somervillle during the period of 1844 and 1845. Under this, all of Intercean, dated February 3, 1845.

In 1849, the company had its first large extension, a branch of the line from Elizabethport to Somervillle, and the line was extended and completed to Phillipsburg by 1852.

In the Jersey Central road company was authorized to extend one mile of the line from Elizabethport to Phillipsburg, through Passaic and to a continues interest in the Delaware, Lackawanna and Western railroad.

By 1860, the company had expanded its territory to a 66-mile section of the road and had completed the line from Elizabethport to Phillipsburg by 1852.

Two local men are among the latest Monroe county inventors. Mr. and Mrs. John Ferruggario, of Asbury Park, have patented a furnace for the production of gas, in which the gases are used for heating purposes, and particularly for the heating and cooking of gas, and for the production of gas for lighting purposes.

UNEQUALIZED WINS 7 TO 1

A heated football game on the Asbury Park football field last night was decided by a score of 1 to 0 in favor of the Belmar team. Another game is to be played on Saturday.

A SPOONFUL MOVE

The red lights on top of all the buildings will be turned on and illuminated by the operators of the gas company.

WANTED—Salary positions on any local railroad. Address E. C. Gould, Mohebi.

Architect R. C. Cook, architect of Asbury Park, plans an enlargement of the main building. In addition to the new school room on the main floor, the construction will provide a large and spacious room, to be occupied by the Sunday school, and a new parlor and women's room.

The church has been the scene of many important services and will be the last word in modern church and Sunday school architecture.

In the meantime, a temporary room, that will be the last word in modern church and Sunday school architecture, will be opened for use.

The cornerstone of a new building, to be constructed of brick, will be laid in a few weeks. The building will be of the latest design and will be equipped with all modern conveniences.

**ESSEX SIX**  
A FOUR door Sedan now showing for the first time

Answering an insistent demand for a beautiful, well appointed four door, five passenger body on the smooth and nimble Essex chassis, the Sedan is now being shown for the first time.

It has individuality in line, color and fittings. It is unusually comfortable in the seating arrangement. Upholstering is comparable in texture and quality with that used in more costly cars.

No car, regardless of cost, rides any easier. None is more easily handled in traffic. Essex is nimble, quiet and gives unusual gasoline mileage. It has fine car qualities in chassis and body that assure long service.

The cost is but little more than for any four — even less than for some four cylinder closed cars. It is much less than you will pay for any six cylinder Sedan.
