What are you going to do when school's out this summer? How would you like to earn a bike?

That's right -- you can EARN a bicycle of your choice this summer. This is just one of many "school's out" items to be offered in the "Scooperino" program to be sponsored by the "Rahway News-Record" and "Clark

So, if you want to be a "Scoop Reporter" or a "Copy" Boy" -- now's your chance. Great new program --OPERATION SCOOPERINO -- will begin next week. See next week's issue of the "Clark Patriot" for details.

You can be "wheeling" on a new Schwinn Sting-ray bike this summer. Don't miss next week's paper.

Are you ready for the "greatest show on earth"? The Clark Jaycees are sponsoring the Hunt Bros. Circus -right here in town. Last week's issue carried the date incorrectly so we want to set things straight: the circus is coming to town on June 13. The Jaycees have scheduled two performances: 4 and 8 p.m. Where else can you see wild animals, high wire acts and circus clowns? You'll have a great time "under the big top" behind the Schwin Farm off Lake Ave.

Finding a parking space is hard enough these days. But doesn't it just gripe you to drive around, finally find an open spot and zip over to it -- only to find a motorcycle taking up the space.

Anybody have a suggestion about what to do with these cycles? They're often a menace on the road -- now they're becoming a nuisance at the curb.

## Dennis Gokey Drowned In Middlesex Reservoir

The treacherous, forbidden, but unprotected waters of the Middlesex Water Co. reservoir claimed the life of Dennis Gokey, 13, son of Mr. and Mrs. Joseph E. Gokey, Saturday night.

Police report that the youth tried to swim across the 200 yard reservoir with three friends at about 7:30 p.m. Saturday when he suddenly grew tired and went under. It was further reported that William Fein, 14 of 126 Parkway Dr., swam to Gokey and grabbed him but that the youth slipped away and disappeared in about 20 feet of water.

According to police, Go-key, along with Fein, William Assell, 12, of 29 Yorktown Dr., and Patrick Canaghan, 12, of 191 Westfield Ave., had decided to swim across the reservoir.

Fein told police that he, Canaghan and Gokey had managed to swim about a quarter of the way across when they decided to turn back. Assell, ahead of the trio, swam on to the other

According to Fein, he and Canaghan were about six feet from Gokey when they heard him cry for help. Fein told police that when he swam to Gokey and grabbed him that Gokey slipped away and went under. Fein grabbed Gokey again, but the youth once again slipped away and disappeared. Both Fein and Canaghan then swam to shore and notified police.

Police Chief William Muth

## Clark Rallies Well To Power Failure

power failure of last Monday caused no major problems in Clark, Despite silent air conditioners, soaring temperatures, melting foods, and darkened stores, residents and businesses rallied well to the em-

ergency.
The Police Department reported that the Fire Department was on the alert as soon as the power shutdown began at 10:20 a,m. Emergency electrical power was switched on at the Municipal Building, and radio transmission was not affected. Traffic at major intersections was handpatroled during the rush hours.

Some plants and companies dependent on electri-city for production or lights sent employees home when electricity was not im-mediately reinstated. The New Departure Hyatt Bearings Division of General Motors Corporation on Raritan Rd. lost a shift and a half because of the power failure. The first shift was sent home at 11:15 a.m. and the second shift did not report to work at all. About 2500 employees unexpectedly had this day off. The place was back in full operation on Tuesday

morning.
Shop Rite Super Market on Central Ave. probably suffered the most by the power failure. Store Manager Marty Gilbert said that with the first loss of electricity, store personnel immediately took emergency procedures. Battery powered lights were turned on. Candles were lit throughout the store. Dryice was packed into all the freezer units. Managers patroled the aisles with flashlights, helping customers with their selections. Cashiers operated the cash registers with hand cranks.

weeks they prepared for the presentation by making costumes, painting scenery and memorizing lines.

Everyone in the class took part. The leads were played by Leonard Stirrat, Kathy Stec, Robert Bielk, and Ken Minogue

The following day, store personnel went through all the merchandise and threw out any which may have spoiled. Mr. Gilbert estimated that the store took a loss of about \$1000.

Electrical power was restored section by section throughout the county, and by 5:30 p.m. Clark was back

#### Car Wash Question

#### Still Unsettled

The controversial car wash question was discussed at the Board of Adjustment meeting last Monday, but no decision was reached. Alfred Prosperi is trying to obtain a variance from the Board to build a car wash on Central Ave. and Raritan Rd. The entrance to the car wash would be on School St., a residential block.

Residents of School Street came out full force to pro-test the car wash at the meeting. They were not represented by attorney but testified one by one on their objections to the business.

They presented a petition with 84 signatures on it against the car wash.

William Fisher of Alden Realty countered with a petition in favor of the car wash. It had 40 signatures. He admitted that he had a financial interest in the business. financial interest in the business since he will be the real estate agent if the deal be-tween Alfred Prosperi and the land owners goes

through.

The real estate expert, who presented several charts, was Stanley Jay of Elizabeth.

At the conclusion of the testimony, the question was referred to the nest executive meeting scheduled for July 6.

#### Council Rescinds One-Way Streets

The Municipal Council rescinded Monday night a twoweek - old resolution establishing one - way streets in the Riverside area. It took action after residents presented a strongly - worded protest to Councilmanat-Large Bernard Yarusavage regarding the traffic

The Council had originally made Sunset Drive, James Ave., Coldevin Road, Alice Lane, Peter Circle, and Alan Court one-way streets upon the recommendations of the Police Department and Se-cond Ward Councilman Ric-hard Burger. It has long been concerned with the traffic problems on the streets which have been due to the fact that the blocks are too long, the streets are too narrow, the area is heav-ily populated, street clean-ing and snow removal is a problem, and emergency equipment has difficulty get-

ting through. Councilman Burger has been appointed to study the question and present his views to the Council. A possible solution may be a parking ban on alternate sides.

### Clark Church Cornerstone Laying Set

A service of cornerstone laying will be held on June 11, at 4 p.m. at the Zion Lutheran Church construc-tion site at Raritan and Oak Ridge Roads, Clark. The community is cordially invited to attend.

The Rev. Joseph Kucha-rik, pastor, will speak on the theme, "Living Stones." Assisting the pastor in the ceremony will be Paul Mik-las, chairman of the building committee, and Emil Mozolak, president of the congregation.

Ground was broken for the

buildings last November, and completion is scheduled for the late Fall of this year.

The church proper, of contemporary style with Gothic overtones, will seat 300. An administration unit will be located at the rear of the church with educational wings on both sides. Afreestanding cross, rising 53 feet from the ground, will serve as the focal point for the complex of buildings. John F. Meyer, A. I. A., of Passaic is the architect. Leegwater, Riker & Wulster of Hackensack is the contractor.

During the period of con-struction, the Frank K. Heh-nly School is serving as a place of worship for the congregation, with temporary offices located at 165 Westfield Ave., Clark.

### Citizens' Group Conducts Survey On Municipal Pool

A survey is being conduct-ed by the Citizens' Advisory Committee on whether or not Clark residents want a com-

munity pool.
Victor J. Catlano, President of the Municipal Council and Chairman of the Advisory Committee, stated that the financing of a Municipal Pool would be self-sustaining ( by subscription ); that it would be constructed by Bond issue; that it would have no effect on the Town's

finance system; and that it would not be reflected in the tax rate.

The questionaire was passed out to students in all schools to be filled out by the parents and returned by June 15, Residents who also would like to voice their opinions can pick up the questionaire in the Township Clerk's office in the Municipal Building weekdays 9 to 4, or at the Police Station, after those hours.

# When we talk about transportation, it helps put New Jersey "on the road" to new prosperity

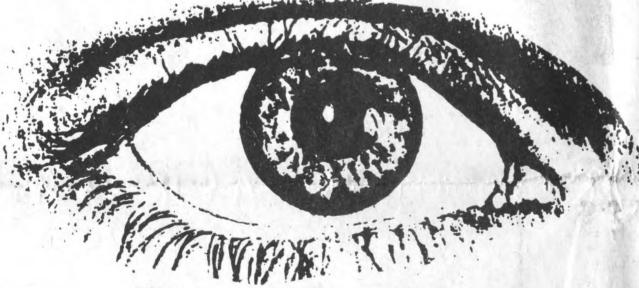

Competition between states for attracting new industry is intense. Public Service is right in the thick of the battle, telling America's industrial community why business succeeds in New Jersey. For example, we offer full details about New Jersey's excellent land-sea-air transportation system which gets products to market faster and more economically.

Why do we advertise nationally to attract new business and industry to New Jersey? Because when a firm moves into our state, more jobs immediately become available... "new" money circulates . . . New Jersey's entire economy is stimulated. We feel there is no better way to contribute to the continuing growth, strength and prosperity of the Garden State.

#### Miss McLaughlin **Gets Citation** For Research

McLaughlin member of the Rahway High School faculty has been cited by Michigan State University for "significant contribution to the improvement of vocational education" through her work as a research associate in an MSU pilot project in office education.

Myrna McLaughlin was a-warded a 'certificate of par-ticipation' by officials of MSU's College of Education and the university's Research and Development Program in Vocational -Technical Education, a large scale effort supported by a grant from the U.S. Office of Education and in cooperation with the New Jersey State Department of Educa-

Rahway High School is one of 39 schools participating in the program's office education project. Its aim is to use the "block-time" approach to prepare persons

for office occupations. The program uses two and three consecutive class periods to provide instruction through a class simulating an office environment for high school seniors. It is an alternative to the traditional single-period approach to the teaching of office skills. The ''block - time'' ap-

proach emphasizes three areas of instruction: normal

classroom instruction (typing and shorthand); laboratory experiences (use of office machines); and problem solving exercises (data processing, office organization and procedure, and human relations).

Leading the project are Dr. Peter G. Haines, pro-fessor of secondary education and curriculum, and John McBeth, occupational research specialist.

The Research and Development Program is Vo-cational - Technical Education at MSU is administered through the Depart-ment of Secondary Education and Curriculum with Dr. Haines as director.

Its work is centered in three broad areas: Program development through clinical school sites in Michigan and in Florida, Arizona, New Jersey and Washington; Vocational teacher education through clinical school sys-

tems, in which schools prepare personnel under the direction of experienced professionals; and Allied research and development activities, such as evaluation systems, workshops, conferences and seminars.

The respect which all Americans should pay to the flag was well expressed in a write-up written by Grand Tiler Fritz Coppens of Tra-verse City, Michigan. It said,

in part:
"We must realize the greatest menace to our freedom is ingratitude and lack of respect for constituted authority. Let us resolve on this Flag Day to rededicate our loyalty to and respect for the Stars and Stripes instill in our children this love and respect at their earliest age, so they too will hold the Banner of Freedom in highest esteem.

FIRES OF LOVE Many types of gems have been used in engagement rings, but the diamond has come to be the most popular. An old superstition tells that the diamond's sparkle originated in the alchemists' fires of love, says World Book Encyclopedia.

### Clark Pied Pipers Nip Minutemen 11-2

A couple of former Rah-way High school coaches combined to set down the Clark Minutemen in this weeks action in the Clark fast pitch softball league. Joe Evan scattered six hits in picking up his second win of the season. Evan who is former assistant football coach at Rahway High lost his shut out in the 7th inn-ing when the Minutemen talied twice.

Dave Arnold former basketball coach at Rahway High smacked out three singles to head the attack. Left fielder Jay Anglim rapped a bases empty homer for the league leading Pipers in the fourth inning. Right hander Dan Canada gave up only seven hits for the Minutemen but a couple of errors by his mates kept him in trouble all game.
