THE QUILL

September 12 is election day -- it's Primary Day in New Jersey. In next week's issue we'll feature information on voting hours, the offices you'll vote for and the questions most frequently asked about primaries.

Be sure to check next week's issue of the paper for all the information -- but even more than that -- be sure to vote.

The Clark Volunteer Emergency Squad begins their annual fund drive on September 11 -- and we hope all township residents "give a lot" to a volunteer group which gives so much to the people of Clark.

The First Aid Squad is on duty 24 hours a day -- 365 days a year -- and the hundreds of residents who are helped by the squad each year are living proof of the work they do.

Here's hoping their fund drive is the biggest success ever -- they need the money for their new home on Raritan Road!

It's not often that a man is a hero in his own time -- but Clark residents will turn out Sunday for special ceremonies honoring Sgt. William J. Watson, of Clark, as he is inducted into the local post of the Veterans of Foreign Wars.

The annual VFW picnic, which is open to the public, will follow the ceremonies at the post home.

And talking about picnics -- it looks like you just can't hold down that Republican spirit. Despite the rain clouds, threatening sky, and then the soaking downpour -- the Clark GOP went ahead with their plans for the annual picnic last Sunday. Although the picnic ended early, township residents did turn out for the food and fun -- and it seemed as if "a good time was had by all" no matter what the weather.

Are you a new Club PRESIDENT?

Are you a new Club President? Will you take office in the fall as PTA president? Will you begin your duties as organization president in September?

Please send us your name -- even if we've carried a news story about your election. Our "community officer" files have to be kept up to date. Please fill in the form below and return it to the "Rahway News - Record"/"Clark Patriot" -- 1470 Broad Street, Rahway.

Say, have you tried to get a silver dollar lately -- or even a half - dollar?

It hardly seems possible. They say some states have plenty of the coins and New Jersey state officials say our shortage is over -- but you'd never know it. It's enough that you don't find these silver \$1 and 50¢ pieces in change any more. But you can't even get them in the bank.

Commission Rules on

Sabbath Work Requirement

WASHINGTON, (JTA) -- The Equal Employment Opportunity Commission, a Federal agency, has issued a ruling requiring employers who refuse to hire a person because of his religious beliefs to provide they would face undue hardship by hiring him. The ruling, which concerns Orthodox Jews, was handed down after a year long study of complaints alleging discrimination by employers against Jews who refused to work on the Sabbath or on religious holidays.

The ruling contained guidelines concern the observance of the Sabbath and religious holidays as they relate to job discrimination. The ruling noted that the Civil Rights Law of 1964 included an obligation on the employer to "make reasonable accommodations to the religious needs of employees and prospective employees where such accommodations can be made with-

out undue hardship on the conduct of the employer's business." The guidelines stressed that "because of the particularly sensitive nature of discharging or refusing to hire an employee or applicant on account of his religious beliefs, the employer has the burden of proving that an undue hardship renders the required accommodations to the religious needs of the employee unreasonable."

Many people think that they need have nothing to do with social security until they stop working. Anyone 65 or over has a right to sign up for Medicare coverage even though he intends to keep on working many years in the future.

Young Champ On the Boards: Lenny Kalish

Just shy enough to consider himself "not really a champion" -- but proud indeed of his accomplishments is young Leonard Kalish, 13, who dove off with the Union County Diving Championship recently.

Lenny, the son of Mr. and Mrs. Saul Kalish, of 35 Devon La., Clark, was a member of the first graduating class of the new Mildred Terrace School in June and will begin studies this fall at the Arthur L. Johnson Regional High School. But he's been working on his diving style for a long time.

The young champ began swimming when he was five -- and took to diving when he was eight. He began AAU diving three years ago. In talking about the AAU divers, Lenny attributed most of their winning ability to their coaches and was high in praise of his coaches. Last summer the youthful diver was coached by Roy Nichols of Cornell University and during the last school year he was coached by John Malinowski of the Metuchen YMCA. In discussing his coach-

ing, Lenny's parents emphasized that at this point coaching and board work is very important to the diver. They regret very much that he isn't able to obtain the facilities and coaching he needs at the Rahway YMCA. They make a strong case for the expansion of diving facilities in the proposed YMCA and emphasize that "we're local people. We want Lenny to be able to get the instruction he needs in our local 'Y'. We want him to be able to dive for the Rahway Y." They are especially hopeful that the new pool will provide one and three meter diving boards and will have the depth needed for diving.

But even if local facilities and coaching have been hard to come by, Lenny has become an accomplished diver at an early age. He has "plenty of medals" for diving to his credit and last year placed third in the Canada - United States Diving Exchange and second in the Junior Olympics at the Colonia Country Club. He also holds the Rahway "Y" individual high scoring diving trophy.

Not one to limit his interests to one field, Lenny is an avid citizen's radio buff. He has his own base station -- KQDS 328 -- and can receive and transmit messages for a distance of about 40 miles. He's talked with operators in Coney Island, N. Y., Mt. Freedom, N. J.; and even picks up his mother's messages on his walkie-talkie when downtown in Rahway at his father's drugstore -- Bell's Drug-

Clark Fun Day

Features Games

The 11th annual fun day sponsored by the Clark Board of Education held at the Frank K. Hehly School featured children going around to different booths that were made on the playgrounds and playing the games. This year's theme for fun day was "Carnival" and the children had just that in the morning from 10:00 A. M. - 1:00 P. M.

A plaque was presented to the Frank K. Hehly playground for having the best display of booths. The winners of the best booth contest were as follows: "Batman Sponge Throw" children of the Mildred Terrace playground, "Shaving the Balloon" Patty Kuenz and Patty Bishoff of the Abraham Clark playground, "Peanut Bean Bag Throw" Patty Hogan of the Charles H. Brewer playground, "Ping Pong Water Shoot" children of the Mildred Terrace playground, "Carnival A Go Go" Lindy Weber of the Frank K. Hehly playground.

Each winner was presented with a prize. Forty booths were put up for the event. The afternoon found the children consuming 900 cup cakes, 870 popsicles, 1000 bags of pop corn, 25 lbs. of candy, and 11 tanks of soda. About 790 children and parents attended the day's festivities.

store on Irving St.

His radio interests take up a lot of time -- but the young champ still manages to practice at least half an hour a day during the summer at the Nomahegan Swim Club where his family are members.

Surprisingly enough, Lenny doesn't intend to follow either his diving or radio interests when he gets older. He plans to go on to college and become a vet. His affection for the family dog, "Pepper", may have something to do with his career plans -- but no matter what -- he can work his way through college as a radio announcer for diving meets!

Clark Public Schools Will Open September 7

Viet Nam Hero Waterson To Be Honored By VFW At Picnic On Sept. 3

Sergeant William J. Waterson USMC, will be the guest of honor of the John L. Ruddy Post #7363 Veterans of Foreign Wars at the Post Home. With ceremonies beginning at 1 p.m., Post Commander James Smith will install Sgt. Waterson as a member of the Clark Post. The picnic will follow immediately and will be open to the public. Eugene Koblicka is in charge of arrangements.

Sgt. Waterson, the son of Police Lt. and Mrs. John Waterson of Clark, has just returned from a tour of duty in Viet Nam where he served with the 3rd Marine Division and participated in Operations: Prairie, Prairie II, Phu - Bai, Chinook II, Big Horn, Shawnee, Hickow, Cimmeron, Buffalo, Hickow II and Kingfisher.

Council Approves Oak Ridge Widening

In action which residents in attendance said "will lead to making the Oak Ridge Golf Course an industrial or even residential section of town," the Clark Municipal Council voted unanimous approval to plans for widening and road improvement on Oak Ridge Rd. from Lake Ave. to the Edison line at Monday evening's council meeting.

The ordinance, which was passed on final reading after many protests from the floor and a petition from residents of the area, will provide \$90,000 for acquiring land, widening and paving the road, and installing curbing and storm sewers. Of the total expenditure, \$85,000 will be issued in bonds.

In other action, the Council voted to expend \$50,600 for cubing and storm sewers on Emerald Pl. The curbs and sewers will be installed as local improvements. Along other Clark streets, the township council voted to spend \$20,000 for the widening and improvement of Lake Ave. from Oak Ridge Rd. to Schwinn Dr. The work, which will be done as a general improvement, will require \$18,500 to be issued in bonds.

CLARK LIBRARY FALL HOURS START

The Clark Public Library will return to its fall and winter hours after Labor Day. At that time, the library will be open Monday through Friday from 9 a.m. to 5 p.m. and Monday; Thursday evenings from 7 to 9 p.m. and Saturdays from 9 a.m. to 1 p.m.

The Library will be closed on September 1, and Labor Day.

In line with action taken by other municipalities, the Council voted to give emergency powers to the Mayor or, in his absence, the Council President. In instances like the recent rioting or during other disasters, the Mayor or Council President is authorized to notify, in writing, all establishments serving alcoholic beverages of the hours when they may serve liquor. The measures also provided that during an emergency, a township curfew may be established.

Other "inaction" of the Council brought interest from many residents.

Clark Adults Plan League For Football

The initial meeting of the Clark Adult Touch Football League will be held at the Charles H. Brewer School on Thursday evening Sept. 7 at 7:30 p.m. The league will start play on Saturday Sept. 16.

The league sponsored by the Clark Board of Education is in the third year of play. During the first two years, four teams were entered each year. The Clark Jaycees won the league the first year and Charley Kellys won the league the second year.

The league is open to all Clark residents or people working in Clark. The type of football played is one hand touch and the games are played at the Frank K. Hehly and Mildred Terrace fields on Saturday mornings. Any team interested should have a team Representative at the initial meeting.

In line with portions of a letter which appeared in last week's "Clark Patriot", residents questioned the proposed "swapping" of land owned by contractor Anthony Ginesi on Picton St. for six town - owned lots on Halliday St. Mr. Ginesi has an application pending before the Board of Adjustment to allow two - family dwellings on the Picton St. property but residents in the area have appealed against the granting of a variance to allow this. A Halliday St. resident asked Council whether or not Mr. Ginesi had contributed to township political campaigns, but apparently no Councilman knew. No action was taken on the "swap". No action was taken either, after last minute changes, on a proposal that the township purchase the controversial Bartell Pl. nursing home site for use as a recreational area.

Eagles Will

Consider Sale

Of Facilities

Final decision on the disposal of the property and Aerie home located at 325 West Grand Ave., Rahway, will be taken during the course of a regular meeting scheduled for August 28 at 8 p. m., it was announced this week by Anthony Vanuk, Secretary, of Rahway Aerie, 1863, Fraternal Order of Eagles.

Members of the order express the hope that the total membership will be on hand to air their personal views on whether or not to sell the property.

RAHWAY BOY COVERED
HEAD TO TOE
IN BODY PAINT

Who said Rahway doesn't have to worry about the "Hippies"! Anyone visiting Roosevelt playground last week would certainly think that they were in Central Park's Sheep Meadow.

"Body Painting" was featured at the field. Mike Kelly, of 914 Bryant St., Rahway, was the main attraction. Mike is 6 years old and decided to body paint on the park table. Miss Eileen Kutcher and Miss Toni Taylor, instructors at the grounds, made the necessary preparations.

Several other youngsters took part in the festivities from the ages of 3 to 16. P.S. Thank goodness -- they used water colors!

Taxpayers Association Opposes Oak Ridge Improvement

At their meeting Friday evening, the Clark Taxpayers Association went on record with a strong statement opposing the widening of Oak Ridge and the development of the Oak Ridge Golf Course. "The Municipal Council has introduced an ordinance to acquire lands for the widening of Oak Ridge Road, and the residents of Oak Ridge Road are not in favor of the proposed widening."

"These residents have lived on Oak Ridge Road for periods up to 40 years, during which time they have contributed financially and in civic effort to the development of Clark, and their opinion should be given full consideration. The proposed widening would detract from the rural appearance of the area, which is its most attractive feature; and the current use of the road does not necessitate its widening."

The resolution says that the road widening "would encourage extra use and traffic, constituting hazards to children living or traveling on this road."

"The Mayor and First Ward Councilman are on record as in favor of making

the Oak Ridge Golf Course an industrial park, and the proposed widening would facilitate access to such a development," the Taxpayers Association said. In expressing their opposition to this, they said that "the argument that such a development would bring increased rates into Clark and thus relieve the tax burden on the homeowner has been disproven as taxes have been increasing at an alarming rate despite all the industrial plants, apartments and housing projects built in Clark in recent years;" and that the Clark Taxpayers Association, Inc. expresses its opposition to the adoption of this ordinance.

When we talk about recreation, it means more than "play money" to New Jersey

Vacationers come from all over the country to enjoy New Jersey's famed resort areas and cultural facilities. And so do industries. It's an accepted fact that business locates in areas where there are abundant and varied recreational facilities for their employees.

Public Service has been conducting national advertising campaigns to be sure that America's business community is fully aware of the good life to be found in the Garden State. We feel it's an important function because when a firm moves into our state, new jobs immediately open up, "new" money circulates and New Jersey's entire economy is stimulated. It's as simple as that.

Free Coffee On Turnpike Safety Move

In a move to promote safety, there will be free coffee for all servicemen traveling on the New Jersey Turnpike at four strategically located Howard Johnson's restaurants on the final hours of the Labor Day weekend, William J. Flanagan, Turnpike Executive Director announced today.

Sponsored by the New Jersey Turnpike Authority, in cooperation with Howard Johnson's, the coffee safety stop is also an effort to express appreciation to American servicemen. It is believed to be the first time a toll highway has sponsored a military coffee stop program.

The coffee will be served at take-out counters of Howard Johnson locations at the John Fenwick Service Area (between Exits 1 and 2 northbound, five miles north of the Delaware Memorial Bridge); the Clara Barton Service Area (between Exits 1 and 2 southbound); the Woodrow Wilson Service Area (between Exits 7 and 8, 58 miles north of the Delaware Memorial Bridge); and the Molly Pitcher Service Area (between Exits 8 and 8A, 47 miles south of the New York Turnpike entrance).

Serving hours are from 9 p.m. on Labor Day to 6 a.m. the next day.

Safety officials at Ft. Dix Army Base, McGuire Air Force Base, and other military installations are co-operating in the program. Many safety researchers believe a breath of fresh air, a chance to stretch tired muscles, and a cup of hot coffee can refresh a drowsy driver -- and help make him a safe driver.

At Camp LeJeune, North Carolina, it was discovered that the Marines attached there were getting into accidents in the last 50 to 100 miles on the return trip after long holiday weekends. So, safety stops were set up on three major highways leading to the base.

Camp LeJeune safety officials are greatly encouraged by the fact that in the past five years no fatalities or even serious accidents have occurred during the time the coffee stops were in operation. Officers at other Army, Navy, and Air Force installations are studying these results with interest.

Kagan-Dixon Aluminum Assn. Newest Member

Kagan - Dixon Wire Corp., Rahway, a manufacturer of aluminum and other non-ferrous wire, has been elected to membership in The Aluminum Association, John D. Harper, the Association's president, announced today.

Kagan - Dixon becomes the 60th member of the trade group, whose membership includes all domestic primary producers of aluminum, most major semifabricators and leading foundries and smelters. The company will join the Association's Bar, Rod and Wire Division, which conducts industry-wide programs to develop standards and broaden markets for these products.

In the aluminum business since 1949, Kagan - Dixon has one of the largest facilities in the nation for the production of aluminum flat

wire, commonly used for electrical equipment and slide fasteners. The company recently completed a plant expansion for the production of aluminum round wire, its other major product.

Robert A. Kagan, sales manager of Kagan - Dixon, will serve as the company's official representative to The Aluminum Association. Mr. Kagan graduated magna cum laude from Harvard College and holds a degree from the Columbia University School of Law. He practiced law in New Jersey from 1962 until 1966.

Kagan - Dixon joins eleven other leading aluminum manufacturers on the Association's Bar, Rod, and Wire Division. Through its seven commodity divisions and many working committees, The Aluminum Association develops standards, collects and disseminates statistics, coordinates technical projects, prepared and distributes publications and conducts a wide range of industry marketing programs.

School Of Opera Opens Sept. 9th

The School of Opera of Opera Theatre of New Jersey will begin its Fall 1967 semester on September 9. The course will consist of ten three hour classes on Saturday afternoons to be held in Scotch Plains.

The school is in its second year and is under the instruction of Walter and Mya Blazier of Upper Montclair. The school gives the singer an opportunity to improve his language and stage action as well as an opportunity to sing opera in staged performances.

Qualified singers will be accepted to the singing group. Auditors (listeners) may also attend. For an audition appointment or for information, call Mrs. Harry Hall, North Euclid Ave., Westfield, or write School of Opera, P. O. Box 337, Westfield, N. J.

Elizabeth Prep Adds Courses

Elizabeth Prep. School has placed 100% of the June 1967 graduates of Day School into college or Junior College reports Joseph P. Harvan, principal. Mr. Harvan attributes the successful placement of the entire graduating class to the fact that classes are kept small enough to accommodate each student personally.

The academic program at Elizabeth Prep. School is designed to meet the needs of students who have encountered difficulty either in completing high school or in gaining college acceptance. Approximately one - half of the June graduates were taking a post graduate program and the other fifty percent were completing high school.

In an effort to aid the college bound, Elizabeth Prep. is expanding its curriculum to include typing and accounting.

Elizabeth Prep. is coeducational and the academic program is accelerated so that a student may complete two years of high school in one year.

Special classes in preparation for the College Board exams are offered on Saturdays to students of all schools.

Anyone who has either failed to complete high school or who has had difficulty in gaining college acceptance is invited to phone or write for further information and a free consultation.

GETTING READY FOR ANOTHER BANNER YEAR, INCLUDING OPERATION OF THE THRIFT SHOP, are officers of the Rahway Junior Service League for 1967-68 including, left to right, Mrs. LeRoy Frank, treasurer; Mrs. Peter Schmidt, vice president; Mrs. Douglas Baumann, president; Mrs. William Assell, corresponding secretary; and Mrs. William Rand, recording secretary.

Rahway Jr. Service League Thrift Shop Opens Sept. 14

The members of the Rahway Junior Service League are busy getting the Thrift Shop, located at 1388 Irving St., Rahway, ready for the opening of the store on September 14. Mrs. C. M. Salvia, Thrift Shop Manager, announces that the store has been reorganized and will operate under a new system this year. Articles to be placed on consignment will be accepted at the store September 5, 6, 7, and 12 from 10 in the morning until 2 in the afternoon. No consignment can be accepted on opening day September 14. This year the store will be open every Thursday from 9:30 to 3:00 for selling. Consignment will be accepted also on Thursday from 10:30 to 2:00. The reorganization of the Shop's layout will enable both services to be conducted the same day. In this way customers will be able to bring in consignment and shop at the same time.

Thrift donations will be accepted through Mrs. Lincoln Esterbrook, 305 Elm Ave., Rahway, and Mrs. R. D. Studwell, 481 Central Ave., Rahway. Arrangements for the picking up of thrift articles can be made

through them. The Thrift Shop Board also includes: Mrs. Robert Liston, controller; Mrs. Peter Schmidt, consignment; Mrs. Joseph Di Fluri, selling; Mrs. John Szykowski, basement; Mrs. John Babbitt, scheduling; Mrs. Daniel Mc Cauley, clean-up; Mrs. Roy Hansen, mark-down; and Mrs. Charles Zubak, financial chairman.

The Rahway Junior Service League operates the store between September and

June and the proceeds of the shop have enabled the League to make numerous civic contributions.

Mrs. Douglass Baumann, president of the League, announced that there will be a special meeting for the provisional members on September 11. The meeting will be held at the Thrift Shop so that the new members can become better acquainted with the store. The first regular meeting of the League will be October 2nd.

Refresher Courses For Nurses Offered At Elizabeth General

An intensive refresher course for inactive registered nurses who desire to return to their profession will be conducted at Elizabeth General Hospital, starting September 25. The course which will meet six hours per day, four days per week is part of Elizabeth General's continuous program to provide highly qualified personnel for patient care.

"We feel certain there are nurses in this area who are interested in returning

to nursing but who are apprehensive because of the changes that have taken place in the profession since they worked last," Director of Nursing Service, said. "This program is designed to orient them to the latest nursing techniques and to prepare them to resume the practice of nursing. By bringing these nurses up to date, we believe that they will feel confident and enthusiastic about their return to active nursing."

During the refresher program, the trainees will attend lectures and demonstrations by an instructor assigned to the program as well as by members of the hospital's medical and nursing staffs. They will also be assigned to nursing units to participate in patient care under the supervision of their instructors.

The course hours will be arranged to attract nurses who are particularly interested in working evenings or nights. Requirements for registration include: N. J. registration, a physical examination by a hospital physician, inactivity as a nurse for over one year and reasonable assurance that the applicant will work after completion of the course. Except in extreme emergency, absence from class may not be permitted. The refresher course is being conducted under the auspices of the Hospital Research and Educational Trust of New Jersey under a federal grant from the Manpower Development and Training Act.

Mrs. Doris Lightner, R.N. Supervisor of In - Service Education will be in charge of the refresher program and inquiries about enrollment may be obtained by calling the nursing service office at 289-8600, extension 253, between 9 a.m. and 5 p.m. daily.

"If anyone has any friends who are graduate nurses and have expressed the desire to return to nursing, please mention the program to them and have them contact me," Miss Grabowski concluded.

group to the Nursing Department. She emphasized that the only person each aide had been trained and employed to serve was the patient and asked each new employee to always bear that thought in mind.

Mrs. Jo Anne Holt, one of the students, recited an original poem reflecting her thoughts at graduation time.

George E. Argast commented upon the hospital's pride in the large number of nursing personnel planning to further their education this fall. It is the hospital's policy to encourage promising and ambitious employees to seek further training and thereby contribute more fully to the field. He himself had started in the hospital field as an orderly, advancing through education and promotion to his present position of Assistant Director.

Mr. Argast commented that nurses now have so many administrative duties to perform and so many records to keep that they no longer have time to render bedside care. Nurses aides perform this function. He remarked that the students, had been trained in the science and mechanics of nursing by their instructor, but their attitudes must come from within. "Patients notice and remember kindness, gentleness and consideration," he concluded.

Each student was presented a certificate, nurses aide cap and a Rahway Rose corsage. The pink Rahway Rose appears on menus, tray co-

vers, and hospital publications, a symbol of dedication to patient service.

The graduating students were: Mrs. Katie Bonneau, Mrs. Betty Davies, Mrs. Rose Firestone, Mrs. Rachel Fisher, Mrs. Diane Hamilton, Mrs. Jo Anne Holt, Miss Maureen Mc Carthy, Miss Annie McLendon, Mrs. Carrie Miller, Mrs. Elsie Sammons, Mrs. Jean Thomas and Miss Ernestine Willis.

Mrs. Hamilton, Valedictorian, was awarded a pair of nurses scissors for her achievement.

Woodbridge '42 Class Reunion On October 14

With the twenty-fifth reunion of the Woodbridge High School class of 1942 scheduled for Kenny Acres, Route 9, on October 14, the committee in charge is looking for about a fourth of the class whose whereabouts are not known according to Raymond Knips, 1148 Rahway Ave., Avenel, class president.

Mr. Knips or Eunice Moran of 443 Douglas Ave., Avenel are seeking information to help them locate class members. Reservations for the affair are being accepted now. Deadline is September 8.

Buckley Honored For Flight Service

Doctor (Captain) Clifford J. Buckley from Rahway, N.J., has been awarded the Air Medal -- an honor accorded few members of the medical profession.

Dr. Buckley was cited at Orlando AFB, Fla., for his outstanding performance as an aircrew member on the first nonstop helicopter flight across the Atlantic.

The physician, son of Mrs. Reynolds C. Buckley, 742 Lower Ferry Rd., Trenton, currently holds the title of Outstanding Air Force Flight Surgeon of the Year.

Dr. Buckley served as flight surgeon with the two H-3 Jolly Green Giant helicopters that made the New York to Paris trip with nine mid-air refuelings by HC-130 tanker escorts. He also made the flight to study the human endurance factors involved in the 30-hour, 45-minute trip.

The physician was cited for his significant contribution to the success of the mission. The over-water flight not only established a first in aviation history but also demonstrated the feasibility of using helicopters in long-range operations.

The new concept of refueling the helicopters in flight greatly enhances the capability of the global Military Airlift Command (MAC). It provides almost unlimited range for MAC's Aerospace Rescue and Recovery Service (ARRS) that flies world-wide rescue and aeromedical evacuation. The new operation has been inaugurated by Jolly Green Giant crewmen recovering pilots downed in Southeast Asia.

The transatlantic flight was Dr. Buckley's latest venture in gaining first hand knowledge of Air Force duties and problems related to his key job.

At 30 years of age and with less than four years service, Dr. Buckley is an aerospace medical staff surgeon for the ARRS. With headquarters at Orlando, he has journeyed to Southeast Asia and flown rescue missions to advance medical techniques and equipment for the ARRS mission in the combat theater.

The physician is a recipient of the Air Force Commendation Medal for his meritorious accomplishment.

Dr. Buckley was graduated from Rahway High School, received his B. A. degree at the University of Pennsylvania, and in 1962 earned his M.D. degree at Hahnemann Medical College in Philadelphia. He is a member of Alpha Omega Alpha.

His wife, Helen, is the daughter of Mr. and Mrs. F. H. Cordes of 153 W. Lake Ave., Rahway.

Each year, at least 60,000 American men die prematurely of coronary heart disease that has been accelerated by cigarette smoking, the Union County Heart Association reports. This is about equal to the number of deaths from a combination of lung cancer and all other diseases which are statistically blamed on cigarettes.

4-H provides opportunities for all youth to become better citizens. Most of New Jersey's nearly 14,000 4-H'ers live in towns and suburban areas.

4-H clubs are organized by an adult leader, but the members run the club, elect own officers, vote on club business and plan their own activities.

beautifying home grounds, etc. The over-all emphasis of the club work is to have a group work one project, complete the project and record the results.

Before installing your paneling, make certain it is conditioned adequately for interior use. The wood has been thoroughly dried at the mill, but interim changes in weather may have altered its moisture content. Store the wood in the room you're going to panel for 7-10 days before using it.

If you are paneling a masonry wall, attach 1x2-inch furring strips to the existing surface first. Place them two feet apart and use masonry nails for the fastenings. The strips should run at right angles to the longest dimension of your paneling -- that is, horizontally in the case of boards laid vertically; vertically for boards laid horizontally.

If you are covering a plaster wall, first step is to locate the studs underneath. Note where the nailheads are in the base molding; they are undoubtedly anchored in the studs. If this procedure doesn't work, tap the wall and then drill small holes at those points where you get a "solid" sound. A magnetic "stud finder" is helpful.

With horizontal paneling, each board may be attached directly through the plaster to the studs. Vertical paneling

may be attached to horizontal furring strips, which have been nailed previously to the studs at 2-foot intervals. The same procedure applies if you've built a new room partition as part of your project and want to panel it. Here, of course, since the studs are exposed, they don't have to be pre-located.

Wood paneling can be anchored to studs or furring strips with either metal clips or nails. If you buy boards with grooved edges, adjoining pieces will overlap and hide the nails. Use finishing nails when it's necessary to go through from the face of the board. Drive the nails in below the surface with a nail set and then cover the spot with putty or tinted filler.

It is not always possible to install paneling that will fill in the space between floor and ceiling lines exactly. Therefore, you might consider base moldings that cover the gaps produced and enhance the beauty of the paneling.

Three kinds of natural finishes are possible. One is transparent surface film (varnish) and usually changes the color of the wood only slightly. A second type consists of a stain to color the wood and accentuate or mask grain patterns followed by a clear surface coating. A third type of finish is semi-transparent and contains a masking pigment. It is usually of the penetrating type.

Know Your Union County Government

Freeholder - ARTHUR C. FRIED
By Arthur C. Fried, Freeholder
Union County Extension Service

The Union County Extension Service is organized, maintained, financed and administered cooperatively by the Federal, State and County governments. The Smith-Lever Act of 1914, which authorized establishment of the Extension Service, states "to aid in diffusing among the people of the United States useful and practical information on subjects relating to agriculture and home economics."

AGRICULTURE - Duties of an agricultural agent are to counsel, advise and provide information for Union County residents in all phases of agriculture including farming, greenhouse growing, nursery management, soils, marketing, soil and water conservation, lawns, gardens, flowers and ornamentals. His duties also include answering inquiries by phone, correspondence, office callers and home visits where necessary. He arranges and conducts demonstrations, such as how to make a new lawn and care and pruning techniques for shrubbery. He prepares and presents lecture demonstrations for service clubs, church groups, civic associations and other county organizations. He prepares timely newspaper articles for the daily newspapers. Cooperates with various municipal and county, state and federal departments on programs benefiting the people of the county. Other services provided by the agricultural agents are soil testing, identification of weeds, insects and diseases and offer control measures, inform county residents of new varieties of plants, new methods of culture and latest research findings. Also keep the University informed on requests by County residents for new information and possible subjects for further research.

There are two Agricultural Agents in the County Extension Office.

HOME ECONOMICS - The Home Economics part of the Cooperative Extension Service focuses their attention on all the families of Union County to help them achieve a better standard of living.

The County Home Economists promote, organize and conduct various educational programs in Foods and Nutrition, Home Management, Clothing and Textiles, Human Relations and Home Furnishings.

By demonstration, lectures, conferences and workshops, the County Home Economists teach Union

County homemakers better uses of time, energy, money and resources of the family to achieve the goals of the family.

The County Home Economists reach their clientele through the use of three techniques: (1) Open meetings conducted in various areas of the County on such topics as Interior Design, Food For the Family, Understanding Teen Aged, Sew Easy and More For Your Money. (2) Volunteer Leader Training - Personal development is achieved by enlisting volunteer homemakers to take training in a specific technique and then teach their learning to another group. Examples of these techniques are classes being taught by volunteers in basic, intermediate and advanced clothing construction, furniture refinishing, weight control, finding storage space and family relationships. (3) Mass media - Six news stories are prepared by the County Home Economists weekly for publication in the two daily and eleven weekly papers. These stories are on various topics of information for homemakers. Correspondence courses are designed to provide educational information particularly for mothers of young children and senior citizens.

Telephone requests, correspondence, office visits and speaking engagements are all a part of various methods to reach the clientele of Union County.

There are three County Home Economists in the County Extension Office.

During the last reporting year 1964 to 1965 the Home Economics Department conducted 150 open meetings, had 50 leader training classes with 991 different volunteer leaders - being trained. These volunteer leaders conducted 975 meetings. 428 news stories were sent to county newspapers. 34,765 publications were distributed to the public. 7,742 telephone calls and office visits were recorded.

4-H - The 4-H program is the largest youth organization in the United States. The goal of the 4-H program is to develop the country's most priceless resource - youth. Extension Service provides the guidance and information and helps boys and girls prepare for successful living in a changing world.

Club activities stress development of leadership, responsibility, cooperation, self-confidence and quality workmanship. The 4-H framework provides the opportunity for young people to explore careers closely related to agriculture and home economics.

In an urban county, projects include automotive care, operation and safety; landscaping and horticulture; public speaking; photography; dog care and training; clothing and grooming; social know-how; woodwork-

Hullabaloo Opening Set For Sept. 8

Members of the 16 to 20 year-old set will soon have an in-spot of their own, when TV's Hullabaloo Scene opens September 8 at 8:00 p.m. at 1488 Irving St., Rahway.

The new Hullabaloo, latest unit in a national chain of 50 such centers in 20 states will be operated by Walter Ornstein, a Certified Public Accountant with offices in Newark.

Opening night will feature "The Merry-Go-Round". Also on hand for the opening will be Hullabaloo Dancers Peggy and Michelle, who will teach area youngsters the latest dance steps.

Mr. Ornstein will hold an "open house" for parents in the area Sept. 7 so they will know what type of facility their youngsters will be attending. The program will be held from 7:30 to 10:00 and all interested adults are invited to attend.

Mr. Ornstein said that his Hullabaloo will charge \$1.50 admission. It will be open Friday, Saturday and holiday eves from 8 to 11:00 during regular school sessions. Like all Hullabalos, the Rahway version will feature the type of live music that is popular with today's young adults. Assisting Mr. Ornstein in the supervision of the center will be security officers whom the center will hire for that purpose.

"Hullabaloo," Mr. Ornstein said, "offer young adults a chance to be themselves by themselves, under the kind of sympathetic controls that encourage them to demonstrate the high degree of responsibility inherent in almost all of them. Our center is dedicated to the idea that what young people want is a roomy, no-adults place where they can socialize in their own way. But, they must abide by the few, but strictly enforced rules governing Hullabaloo Scenes.

"Among those rules are the admission age of 16 to 20 only; no drinking; only carbonated soft drinks sold; no congregating in cars in the parking area; and no readmission on any night once a patron has gone outside, even though he or she offers to buy a second ticket.

"It is policies such as these which have won for Hullabalos the respect of their communities. Residents and officials have come to look on Hullabalos as fine recreational places for their young people. We aim for the same esteem and we also feel that we are providing a facility that helps the young people bridge the difficult years between childhood and adulthood."

Mr. Ornstein, has been a Certified Public Accountant since 1947. Born and raised in Newark, he is a graduate of Rutgers University.

Married, the OrNSTEINS make their home at 557 Andross Terrace in Union. They have a son who is a sophomore at Boston University and a daughter who is in her Junior year at Union High.

Paneling a Room Is Now Easier for a Home Owner

Paneling a room in wood is a lot easier than it used to be, and there is no room in the house where wood paneling doesn't fit in with most furnishings.

About 35 native tree species produce lumber suitable for paneling. Each contains several variations in color and grain pattern, so you have literally hundreds of different decorative effects to choose from.

Before installing your paneling, make certain it is conditioned adequately for interior use. The wood has been thoroughly dried at the mill, but interim changes in weather may have altered its moisture content. Store the wood in the room you're going to panel for 7-10 days before using it.

If you are paneling a masonry wall, attach 1x2-inch furring strips to the existing surface first. Place them two feet apart and use masonry nails for the fastenings. The strips should run at right angles to the longest dimension of your paneling -- that is, horizontally in the case of boards laid vertically; vertically for boards laid horizontally.

If you are covering a plaster wall, first step is to locate the studs underneath. Note where the nailheads are in the base molding; they are undoubtedly anchored in the studs. If this procedure doesn't work, tap the wall and then drill small holes at those points where you get a "solid" sound. A magnetic "stud finder" is helpful.

With horizontal paneling, each board may be attached directly through the plaster to the studs. Vertical paneling

may be attached to horizontal furring strips, which have been nailed previously to the studs at 2-foot intervals. The same procedure applies if you've built a new room partition as part of your project and want to panel it. Here, of course, since the studs are exposed, they don't have to be pre-located.

Wood paneling can be anchored to studs or furring strips with either metal clips or nails. If you buy boards with grooved edges, adjoining pieces will overlap and hide the nails. Use finishing nails when it's necessary to go through from the face of the board. Drive the nails in below the surface with a nail set and then cover the spot with putty or tinted filler.

It is not always possible to install paneling that will fill in the space between floor and ceiling lines exactly. Therefore, you might consider base moldings that cover the gaps produced and enhance the beauty of the paneling.

Three kinds of natural finishes are possible. One is transparent surface film (varnish) and usually changes the color of the wood only slightly. A second type consists of a stain to color the wood and accentuate or mask grain patterns followed by a clear surface coating. A third type of finish is semi-transparent and contains a masking pigment. It is usually of the penetrating type.

Social Notes

Miss Katherine A. Donovan, 688 Stone Street has been working for the summer at New York University Medical Center, New York City for Dr. Alexander Wiener co-founder of the Rh-Hr system of nomenclature. Before returning to George Washington University where she will be a senior she will attend Expo 67 in Montreal as guest of Mr. and Mrs. Lionel Cote, Vice President of Canadian National Railways.

Mrs. Robert B. Walton of 798 Central Ave., Rahway and Lake Winnisquam at Lochmere, N. H., recently enjoyed a delightful two day visit with her aunt, Mrs. William Crane in Belmont, Mass., a suburb of Boston. Before returning to New Hampshire, Mrs. Walton also visited Andover, Mass., with Mr. and Mrs. Gordon Cannon and Mr. Cannon's mother, Mrs. Roderick Cannon who is Mrs. Walton's mother's girlhood chum. While there, Mrs. Walton was delighted to find her mother's other girlhood friend, Mrs. Harvey McCrone of Los Angeles, who has just flown in by jet to visit for two weeks. They reminisced that they had all been together last at the Walton summer home, "Chartreuse Chateau" on Lake Winnisquam four years before. Mrs. Cannon, Mrs. McCrone and Mrs. Brown (Mrs. Walton's mother) had all married classmates at Phillips Andover Academy, at Andover, Mass., and all three women are now widowed.

Word was received that Guy Naples, son of Tax Assessor and Mrs. Frank W. Naples, 22 Sunset Drive, Clark, was named to the Dean's List at Ohio University, Athens, Ohio.

He also received a Certificate of Merit for his outstanding portrayal of the difficult role of Kulygin in Chekov's play "Three Sisters", the University's Spring production.

Mr. and Mrs. William R. Blessing Sr., and Marvin L. Hember were hosts at a welcome home party for William R. Blessing, Jr., of 1537 Lambert St., Rahway at the Cranwood Restaurant in Garwood on August 19. The guest list included relatives, friends and neighbors. The honored guest was recently discharged from the Army after two years of service of which 13 months were spent in Germany with the Pershing missile battalion. He is now employed by the Union County Auto Parts Co. of Elizabeth.

Susan E. Orban, daughter of Mr. and Mrs. John Orban of 721 West Inman Ave. and Diane R. Weaver, daughter of Mr. and Mrs. R. Weaver of 449 Cranhill Rd. both of Rahway, will be among six Union County students among the 330 students who will enroll in the Freshman Class at Elizabethtown College, Elizabethtown, Pa., this fall.

A Lawn Sale which benefited the Rahway Free Public Library in the amount of eighty dollars was held at the Loos home, 1072 Bryant St., Rahway. In charge were Pamela Loos, Jeanne McMillan, Kathy McMillan, Linda O'Mahoney. The refreshment table was in charge of Warren Loos and Bill O'Mahoney.

In the semi-final round games of the Recreation Department's Slow Pitch League, Corey & Corey scored a 6-3 win over the Reliable Movers in eight innings, while the Inman Pizzeria scored a 10-6 win over the 1st Slovac Club at Rahway River Park on Monday evening.

The Corey & Corey team played the Reliable Movers last night at the Park for the regular league championship with the winner playing the winner of the Clark Slow Pitch League the Sportsman Club at the Park at 6:00 p.m.

Cheryl Carey of this city won a silver medal in the 25 yard backstroke in the Union County swimming championship last week at Rahway River Park.

Richard C. Archer, of this city has been selected by the ASA softball committee to umpire in the ASA's senior Men's Regional fast pitch championship starting this evening in Paterson. The tournament will end on Labor day with the winner playing in the world championship at Springfield, Mo.

Ron Conklin and D. W. Bartholomew won the Colonia Country Club's best-ball championship on Sunday in a 36-hole match. They scored a 3-2 win over Dr. Edward Morrison and Edward Comer. Bus Maier won the W. J. Ganong Trophy with a 63.

The softball fans should travel to the Rahway River Park tonight and see the annual softball game between the winner of the Clark and Rahway Recreation Department's Slow Pitch leagues. Game time is 6:00 p.m.

The Research Mets won the first half title in the Merck & Co., Inc. Inter-departmental Softball League, while the Mets and the Astros are tied for the top spot in the second half play.

Members of the Research Mets are Bill Kanski, Bob Bugianesi, Richard Steiner, Conrad Dorn, and Tom Gutwein. Harry Dougherty, Alex Mrodski, Bill Bowers, Bruce Witzel, captain, Art Bryant, George Kress, Ron Fecher and Gary Rasmussen. The Accounting Astros are Tom Steele, Joe Augustiak, Richard Reiter, Don Robinson, Joe Rothermond, Joe Kowalishen, Otto Rein, captain, Kinji Ushiba and Ron Stefanowicz.

Helen Pabst and Phyllis Knorr both members of the staff at the Rahway State Bank caught a rare fish, a wahoo, 4 feet, 2 inches long, weighing 32 pounds, while Phyllis caught a 12-pound dolphin and 10-pound

kingfish, while on their vacation at Miami Beach, Fla.

It was Joe Androvich, who was appointed assistant football coach at Toms River High School not Joe Anderson, who is playing baseball in the middle west. Androvich, a former all-state baseball and football player at Rahway will work with the defensive backfield. Androvich coached the American Legion baseball teams and was an official in the recreation program for many years.

Giants, Eagles

Meet Saturday At Princeton

Rahway and Clark Jaycee members are selling tickets for the annual Football Classic coming up this week.

When the Philadelphia Eagles square off against the New York Giants Saturday, at 2 p.m. in Princeton University's Palmer Stadium, it should be quite a show since there is little difference between the two opposing quarterbacks—Norm Snead and Fran Tarkenton.

Snead and Tarkenton both are starting their seventh years in the NFL. Both have been starting quarterbacks since they arrived and are playing for their second NFL team. Snead started with the Redskins before being traded to the Eagles for Sonny Jurgensen in 1965 and Tarkenton begins his first year with the Giants this season.

To carry the similarities further, Snead and Tarkenton's career records compare very favorably, outside of 1966 when Snead had an off season. During 1966, Snead completed 103 of 226 passes for 1275 yards and 8 touchdowns in the first 10 years before giving way to King Hill and Jack Concannon in the last 4 games. Tarkenton completed 192 of 358 for 2561 yards and 17 touchdowns. In his first five years in the NFL, Snead was 821 for 1663 passes, and 12,558 yards good for 75 touchdowns. Tarkenton, over the same period was 832 for 1541 and 12,018 yards and 96 touchdowns.

In 1967, both Snead and Tarkenton will have to get used to new receivers. Snead will be throwing to Mike Ditka, all pro end acquired from the Chicago Bears for Concannon, and to Gary Ballman, former Steeler. Tarkenton will be throwing to regular Giants receivers Joe Morrison, Aaron Thomas, and Tucker Frederickson.

The Jaycee Football Classic has as its objective the raising of \$170,000 for over 200 New Jersey Charities and for Jaycee youth, sports and community development projects. Pepsi Cola Metropolitan Bottling Co. cooperates with the Jaycees in presenting the game and Princeton University donates the use of Palmer Stadium.

Tickets prices at \$5.50 and \$3.50 may be obtained at Giants and Eagles ticket offices, at the Jaycee Football Classic Office, P. O. Box 324, Princeton, N. J. 08505 (609-924-0100) or by contacting a local N. J. Jaycee chapter.

Hubert M. Whorton, 20, son of Mr. and Mrs. Hubert E. Whorton, 708 Brookside Rd., Rahway, was promoted to Army specialist four July 23 while serving with Battery C, 1st Battalion, 8th Artillery, in Vietnam.

A wheeled-vehicle mechanic in the battery, Spec. Whorton entered on active duty in January 1965 and was stationed at Ft. Dix, N.J., before his arrival in Vietnam last September.

Spec. Whorton, whose wife Pat, lives at 69 Applegate Ave., Spotswood, is a 1964 graduate of Rahway High School.

Elks Topple Democrats For Title

The Elks boys baseball team in the Recreation Department's 11 - 12 year old American League came from behind in the last inning to score a 7-5 win over the National League champions, the Third Ward Democratic Club and win the city title.

The Elks trailing 5-3 in the last inning scored four times when Ron Legan and John Horvath singled, Billy Waddington flied to left fielder Clayton Schweitzer, who made a fine catch, then Richard Franks followed with a single to left but Clayton Schweitzer threw out Ron Legan at the plate.

Larry Peterson doubled into left center scoring two runs and the Elks were in front 6-5. Ray Duffy drove in the final run when his grounder was thrown to the plate but failed to get Larry Peterson who slide under the tag at home.

The Elks opened the scoring in the first with two runs on Larry Peterson's double, Keith Davis's triple and a liner by Ray Duffy. The Third Ward Dems rallied for four runs in the second on two passes, two hit batters, an error and John Vernick's single.

The Elks moved into a 4-3 lead in the top of the third when Keith Davis belted a long home run to center field.

The Third Ward Dems moved into a 5-4 lead when they scored on a double by George Severance and singles by Randy Schweitzer and Ted Fitzgerald.

Keith Davis hit his second home run of the game in the fifth.

Members of the championship Elks team were Manager William Waddington, coaches George Bachman and Charles Albert. Team members were Charles Albert, Jr., Keith Davis, Joseph Duffy, Ray Duffy, Richard Frank, Glen Guyre, John Horvath, Richard Kaplan, Mario Kurylak, Ronald Legan, Kenneth Major, Larry Peterson, Richard Tomshaw and William Waddington.

Recreation

Installs New Pin Spotters

Twelve years ago the Rahway Recreation opened its 24 lane bowling facility, one of the most modern in the area, and it has operated to the satisfaction of an increasingly large number of bowlers.

The public may be well satisfied with what they have in bowling facilities, but Manager Al Medvigy, always interested in something better, announced this week that AMF is installing new pinspotters at the alleys which are one third faster than the others so that any league match should be finished within two hours. This, the management believes will satisfy the customers. Nothing will be taken from the fun of the game, but it will speed up the program, leaving the extra minutes for some other pleasure.

The lanes at 1453 Lawrence St., Rahway are available for open bowling at certain times during the week. Leagues for the fall and winter months are now being formed which will again make Recreation one of the busy recreation spots in the county.

Butch Kowal

Assn. Adds 3 New Members

The Butch Kowal Association accepted three new members at its meeting in the Elks Club last week namely George I. Conlan, Gerald F. Stillwell and Frank J. Prepiac.

Past President Robert H. Mc Menamin who conducted the meeting, appointed John Kowal and William Ginfida as co-chairmen for a club clambake scheduled for October.

Reports were given on youth activities sponsored by the group. Chairman Charles Cutty stated the Father and Son busride to Yankee Stadium was an outstanding success.

A busride to Atlantic City is planned for September 30.
