The Quill

It was a day when the Doves were not heard. It was a day the Hawks were silent. It was the day the American Eagle, wounded and crippled, rose above the shambles of diplomacy and the ruin that statesmen and politicians had brought the people.

Twenty-six years ago today on December 7th, 1941 the Japanese Empire attacked our fleet in Pearl Harbor and the people were left with a stark realization that our policies had failed and that only the blood of our youth could redeem our national honor and restore peace to the world.

It was said at that time that this day would "live in infamy". We wonder, however, if the lessons of that day live in the hearts of our leaders. There was aggression then — there is aggression now. Our boys died then — they're dying now. And we feel our statesmen and politicians are failing us again. We hope that on this day our political leaders remember that all that is past is but prologue and that above all — they "Remember Pearl Harbor".

That's right — the story on this page says there'll be NO additional hours of the Post Office for this holiday season. If you have stamps to buy, cards to mail or packages to send — you'll have to do it during the regular post office hours for stamps and parcel post, which are:

RAHWAY — Monday thru Friday — 8 a.m. to 5:30 p.m. Saturday — 8 a.m. to noon.

CLARK and COLONIA — Monday thru Friday — 8 a.m. to 5 p.m. Saturday — 8 a.m. to noon.

Nobody's going to like this new cut-back during the holidays — but please remember that the economy move is "orders from higher up". So don't take it out on the postmaster — or the man behind the stamp counter — or your mailman. They don't like it either.

Need a zip code? Need an address to help you with your Christmas mailing? Why not phone the Clark Public Library?

The Clark Public Library stocks the National Zip Code Directory. This Directory lists zip codes for every town and city in the United States. It also lists the zip codes for individual streets of the larger cities.

The Clark Public Library also stocks a complete set of all New Jersey telephone directories, and telephone directories of all the boroughs of New York City. These directories are mainly used to find addresses of companies and individuals.

If an address is needed for a city or town outside of New Jersey and New York City and it is not available in any of the library's directories, the Clark Library will try to locate it in another library.

The library staff is ready to give zip code and address information in the library and over the phone.

You may have an opportunity of helping operate our regional high school system.

The final date and time for filing petitions for members to the Board of Education of The Union County Regional High School District No. 1 is Dec. 28, 1967, at 4 p.m. Petitions may be filed with the Secretary at his office at the Jonathan Dayton Regional High School, Mountain Ave., Springfield, New Jersey.

The Board members will be elected at the Annual School Election to be held on Tuesday, Feb. 6, 1968. One Clark resident will be elected for a three year term.

If you're interested — why not apply for a petition?

Congratulations ! to Clark's Lynn Merkel, of 225 East La., who was selected this weekend as Central Union County Junior Miss. Lynn, 17, is the daughter of Mr. and Mrs. Edward Merkel. A senior at Arthur L. Johnson Regional, Miss Merkel received a trophy and a scholarship to the college of her choice. She will compete in the finals in January at Newark State College.

Congratulations too ! to Clark police man Mike Kuch, who was honored at a dinner last week by the Clark PBA. He received a silver life membership in the organization, the highest award the PBA can bestow. Ptl. Kuch was honored for his action Nov. 5 in disarming a young dope addict, who attempted to shoot-up police headquarters.

We received an interesting telephone call from one of our readers the other day. The caller kept repeating that she "needed some information about how to reach that person." "You know, I want to telephone that man." "I need the telephone number of that man you wrote about this week."

Finally, the receptionist figured it out. "You mean you want the Santa Claus number ! ? !"

"Yes, but I couldn't ASK for that," the caller said in a relieved voice.

Well, for those of you who may not have remembered the telephone number for Santa Claus — here it is: 382-8666.

Just call this number to arrange a special visit of Santa Claus to your home, sponsored by the Clark Jaycees.

CLARK PBA HONORS KUCH -- Ptl. Michael Kuch (center) received a silver life membership in the Police Benevolent Association at ceremonies last week, which honored him for service in the line of duty. Present at the ceremonies were his parents, his wife, Mary, and other PBA guests. In the photo above, he is pictured accepting the silver life membership card, the PBA's highest honor, from Harry Matthews (left), PBA president, and Richard Clair, vice president. He also received a telegram of commendation from Lt. John Waterson and a letter of congratulations from public safety director Charles Grunder.

Emergency Squad

Hopes To Begin

Building Soon

The new Clark Emergency Squad building will be a reality soon.

At a special meeting of the Clark Volunteer Emergency Squad on Nov. 22 the members culminated many months, in fact many years, of development and planning for the new Squad Building. The Building Committee recommended acceptance of the bid received from the Anasco Construction Company, Kenilworth, at a cost of \$116,500. Discussion of construction and legal details was assisted with the presence of attorney Joseph Postizzi and architect William Martucci.

Final approval by the Clark Planning Board, securing a construction mortgage and finalizing the legal wording of the contract remain to be accomplished. Squad officers and the building committee members are now hopeful that the construction shovel will be in action within thirty days. Individuals, business and industry interested in offering monetary assistance beyond their normal

contributions will be most welcome, said George Plungis, vice president and public relations chairman.

Santa Claus

Mailboxes

Now In Bank

The Clark State Bank and Trust Company will serve again this year as Santa Claus's mailman. The bank, which has performed the service in the past, has been named official "Santa Claus Post Office" for the Clark area. It was announced today by Victor W. Clark, executive vice president.

Mr. Clark explained that the bank will set up "Santa Claus Mailboxes" in both the Raritan Rd. and Westfield Ave. offices. He said parents who want their children to receive letters postmarked in Santa Claus, Indiana, can obtain form letters signed by Santa and special envelopes at either Clark State Bank and Trust Company office. Mr. Clark pointed out that there were several different letters from which parents could choose.

Parents need only select an appropriate letter, address it to their child, affix a stamp and drop it in the special Santa Claus mailbox stationed in the bank.

Voters To Decide School Referendum

Dios Won't

Run Again

For School Board

Manuel Dios, of 49 Roberts Rd., Clark, a member of the Clark Board of Education, has announced that he will not seek another term this February.

Mr. Dios, who will complete his second term in February, said in announcing his retirement from the Board that he felt that "I've served my time on the Board. I think a turnover of members is good. If you stay on there too long no new thoughts are brought to the work of the Board."

Mr. Dios, who is a consulting engineer with Vogelbach and Baumann, Scotch Plains, is currently serving as the president of the Union County School Board Association.

In February, three Board of Education posts, each with three year terms, will be vacant. The posts are now held by Mr. Dios, Mrs.

Thelma Purdy of 27 Grand st., and Mrs. Edith Liebowitz, of 25 Gibson Blvd.

Residents interested in running for the Board of Education must file applications by the end of December. For information, contact the Board Secretary, H. Ronald Smith, at 381-6777.

The voters of Clark will go to the polls on Tuesday to decide the future of Clark's public education building program.

A referendum will be submitted to the people of the township on Tuesday asking residents to approve:

A 14 classroom school on the Mildred Terrace site along Brentwood Rd. include a full-sized library, cafeteria, and gymnasium.

A gymnasium at the Frank K. Hehny School.

Conversion of Building #1 of the Abraham Clark School (4 classrooms) to Board-Administrative Offices.

Board of Education members, who have addressed most of the township's social, civic, service, and educational organizations, have explained that the Clark public school system is short six classrooms this year and class sizes are growing each term. It's anticipated that by 1970, there will be a 16% increase in the student enrollment.

The schools are crowded now, the Board explains, and the administrative - business offices have already been moved to temporary rented quarters to allow more space for needed classrooms. The Abraham Clark revisions would allow school facilities to accommodate the administrative functions and would allow the phasing out of the oldest classrooms in the school system.

The Mildred Terrace site, which would accommodate a 14 classroom school, and a cafeteria, library, gymnasium, offices and health room, was chosen to avoid spending money for additional land. The new school would provide room for the lower grades which now attend Mildred Terrace School and for additional students from Frank K. Hehny, who now have a long walk to school.

Cost of the total building plans is \$1,250,000 and spread on the tax rolls this will amount to about 27 cents per week on a \$20,000 home.

The polls will be open on Dec. 12 from 1 to 9 p.m. and voters will vote in these schools:

Frank K. Hehny - First Ward.

Charles H. Brewer - Second Ward.

Valley Road - Third Ward.

Abraham Clark - Fourth Ward.

The proposed Mildred Terrace School is pictured below.

The Trimline telephone is beautifully designed. When you pick up the handset, ten Touch-Tone® pushbuttons, which let you "dial" twice as fast, come to you. There's a new recall button, too. When you want to make a second call, don't hang up—just push the convenient recall button. The cost of a Trimline phone is nominal—only pennies a day. And there's no extra charge for color.

If you want Touch-Tone service, the additional Touch-Tone charge covers all the phones on your line. Maybe you'd like to play Santa Claus with our idea. You can. To order Trimline phones in either wall or table models for Christmas, just call your Telephone Business Office. Also available with standard dial in new compact design.

Clark Volunteers Answer Midnight Call For Help--

From Upstate New York

Four members of the Clark Volunteer Emergency Squad recently traveled within a stone's throw of Niagara Falls without viewing the famous visitor attraction.

About midnight of Nov. 26, a request was received for transportation of a resident of Clark from North Tonawanda, New York to Rahway Hospital. After a review of all alternatives by Captain Roger Wilson and Assistant Captain George O'Neill and telephone communication with the attending doctor in North Tonawanda, it was agreed that a direct transport was the only proper

course of action to be taken.

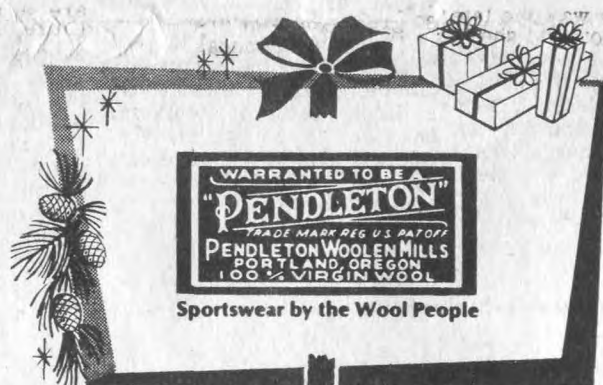

Four sleep-eyed squad members: Roger Wilson, George Plungis, Willis Felter, and Henry Kohler, departed from Clark at 2 a.m., destination DeGraf Hospital, North Tonawanda, New York. Driving duties were shared with periods of shut-eye gained while not driving or riding up front assisting the driver. Considering everything, cold, snow, rain and fog, encountered enroute, hospital personnel were most surprised at the Clark squad's arrival at 10 a.m., as scheduled. At 10:45 a.m., Mrs. Peter Keller of 5 Kathryn St., Clark was in Rig 15 ready to depart from a Thanksgiving visit with her daughter which, unfortunately, ended with a fractured hip. Sedatives in hand with doctor's instruction for their use, the squad's progress along the New York Thruway was excellent until a back up of traffic resorted just south of Albany. An accident was indicated when New York State Police cars, with emergency lights on hurried down the grassy road. Leaving the roadway, the Clark ambulance followed the police cars to

the location of an accident involving many cars. The members of the Clark Squad assisted the injured until ambulances from the Albany area arrived. The New York State Police and the injured were most appreciative of the immediate assistance. Returning Thanksgiving holiday traffic approaching the New York Thruway toll booths presented a frustrating delay. Arrival at Rahway Hospital was at 7:30 p.m. - seventeen and one half hours and 900 miles after the start of a routine transportation case. Four tired but satisfied volunteers settled down to review the days events and only a well deserved steak interrupted the discussions.

"Hear Ye! Hear Ye!"

To the Editor:

I am writing in reference to the proposed re-zoning of 124 acres of the Oak Ridge Golf Course recently passed by a vote of 5-2. The new plan calls for high rise and garden apartments, industry, town houses, a shopping center and one family dwellings. I believe all taxpayers of Clark and certainly not only those people living around the golf course, should become aware of the consequences of this proposal should the Council approve it. Most of us, I'm sure, would like the land to remain in its present state, however, we must prepare for the future in case the owner decides to sell.

First, spot zoning such as this will tend to make property values decline since Clark will no longer have the country-suburban atmosphere that it now enjoys, and which is the reason most people moved here.

Two musts for a town-

sisting of so much more industry and high rise apartments are increased police force and full time fire departments with more complicated equipment. This will mean an increase in taxes for all of us. Will the new fire department building still budgeted still be sufficient?

No areas have been set aside for school buildings with will certainly be needed with the influx of children into 10 story high apartments. Will this necessitate even more busing to other schools and even more cost to all taxpayers? Will we be able to restrict the number of children per apartment? Elizabeth now has high rise apartments and is unable to rent them. People must realize that if these apartments are not rented the landlord has to pay only 15% of rentals collected in lieu of his basic tax rate. This would mean that the tax benefits derived would be greatly reduced if the apartments were not rented. But Clark's costs will continue to grow because of added services. The planning board stated that one family dwellings costing \$20,000 will not carry themselves taxwise, however, a home costing over \$30,000 will more than cover itself. Where can you buy a new house in Clark for less than \$35,000 - \$40,000?

Another point to consider concerning light industry is that in 1968 the major portion of taxes collected from these rates will revert back to the state and not to individual towns, thereby reducing their desirability, also.

The Smith master plan says that traffic on Oak Ridge Rd. will average 1,000 cars an hour. What will it be during rush hours? This traffic will go right through Clark on Raritan Rd. which will soon be 4 lanes wide.

CAREER DAY TRIP - Arlene Merchant and James Yorussi, both students at Rahway High School, are shown with guidance counselor, Mrs. Genevieve O'Flaherty, at the annual Health Careers Day held recently at Children's Specialized Hospital, Westfield - Mountainside.

The congestion at Central Ave. is deplorable enough now. So is the air pollution from car exhausts. What will occur when this plan takes effect? This increased traffic through residential areas will also be a safety hazard for children.

In the first ward, there is a tremendous problem with water drainage. The estimated cost for a remedy of this situation is \$90,000. With addition of so many industries and apartments, who will be responsible for their drainage control? Will this too, mean more expense for all taxpayers in Clark? Will water pressure be sufficient for this extra load, especially 10 story buildings?

During the campaign of 1964, the Republicans promised Clark no more apartments. Now Mayor Maguire has voted on the planning board in favor of this proposal. Now is the time for all fair minded citizens of Clark to petition and demand deliverance on these "election year promises."

Sincerely,
Mrs. Linda Fischer

Building Milestone For

Stonewall Savings

Residents of Clark and nearby communities will soon enjoy the advantage of local thrift and home financing facilities in a setting to rival any found in metropolitan areas, when Stonewall Savings opens its new building at 1100 Raritan Road, this Saturday.

The new branch office of Linden's oldest financial institution represents an important milestone in its history. According to A. F. Krutzner, Jr., President of Stonewall Savings, "Nothing has been spared in planning, furnishing and equipping our new Clark office that would further contribute to customer comfort and convenience."

Among its many features, Krutzner noted the following: a Community Room, to be available for meetings of local non-profit organizations, year-round climate control, public lavatories, extensive banking-floor space, plus Drive-In and Walk-Up Windows.

Designed by Architects Silberstein & Silberstein and constructed by Dan McCarron and Son, the new structure is a handsome example of colonial bank building design.

On-premises parking for cars is provided; access to the Drive-In Window is effected and exits to Raritan Road. A Walk-Up Window is another feature.

A celebration with gifts and souvenirs has been planned for the opening day, this Saturday, from 9:00 a.m. to 4:00 p.m.

The opening of the new thrift facility underscores the growth in public acceptance enjoyed by Stonewall Savings, now in its fifth decade of service to the area.

"Naturally, the success of a mutual association such as Stonewall Savings owes much to the loyalty and support of its customers and to the quality of its management team," noted Krutzner.

"The opening of this new building indicates that Stonewall Savings has been fortunate in both respects. Management has been progressive, yet conservative -- dedicated always to serving the best interests of savers and mortgage loan customers. The growth in savings accounts and resources is gratifying assurance that management policies have met with the approval of savers and borrowers."

Since its founding, Stonewall Savings has maintained a record of uninterrupted dividends to its savers. In another facet of its operations, the Association has contributed considerably towards satisfying the community's home ownership needs.

The availability of mortgage loans, on favorable terms to suit the home buyer's needs and income has been a contributory factor in local real estate expansion, Krutzner believes.

"Stonewall Savings has always been in the forefront in advocating, low-interest, long-term loans for our neighbors and fellow citizens. We are able to do this," he notes, "because we maintain a sound reserve position, satisfying the stringent requirements of both Federal and State banking authorities under whose direct supervision Stonewall Savings operates."

The institution's mortgage loans feature the valuable "open end" provision which permits future re-borrowing for repair and improvement needs; liberal "pay-ahead" privileges are available to hasten the goal of free and clear home ownership.

Disability insurance, too, is provided as an optional "extra" service that takes over mortgage payments when the breadwinner is incapacitated through accident or illness.

A "full-service" institution, Stonewall Savings features savings accounts insured by U.S. Government Agency, plus Christmas Club, Money Orders, Travelers' Cheques, Mortgage Loans, and the collection of Utility Bills.

MANY FREE GIFTS FOR SAVERS

It's always a nice feeling to be rewarded for something we should be doing as a matter of course. That's why the opening celebration of Stonewall Savings and Loan Association's brand new building at 1100 Raritan Road in Clark should draw considerable attention from thrifty-minded citizens of Clark and surrounding areas.

Few persons would dispute the need for regular savings -- it's virtually a necessity in today's economy. Now, starting this Saturday, savers can receive handsome free gifts when they bring their money to Stonewall Savings for profitable investment, with safety insured to \$15,000 by the Federal Savings and Loan Insurance Corporation, an agency of the U.S. Government.

Souvenirs will be presented to all who pass through the new office doors on opening day. In addition, those opening new savings accounts of \$50 or more -- or adding a like amount to an existing Stonewall Savings account -- may choose a handsome genuine leather wallet, choice of his or hers, or a beautiful 5-piece place setting in Glen Cove Stainless Steel or Flowertime Silver Overlay. A saver choosing a place setting receives the 5-piece starter set free. Then with each additional deposit of \$25 he receives a certificate enabling him to purchase another

place setting or matching accessory at a fraction of its retail price. In this way, a complete table service can be collected.

A similar choice of gifts awaits those who open or add to accounts with \$1,000 or more. In this category, savers will be offered a choice of a set of elegant monogrammed hi-ball tumblers or a beautiful hostess electric serving tray.

According to A. F. Krutzner, President of the local thrift institution, "we are extending our offer of free gifts to all our savers at the Linden office, 701 N. Wood Avenue, Linden. Mail accounts are also invited at either office. Although we cannot mail these gifts, we will reserve them for savers to collect in person. Be sure to state preference when opening or adding to an account by mail," Krutzner reminded.

Following Saturday's opening, the new Clark office will be open to serve customers' needs Monday through Thursday from 9 a.m. to 3 p.m. and Fridays from 9 a.m. until 8 p.m. The Drive-In Window will be open Monday through Thursday from 8:30 a.m. to 6 p.m., Friday from 8:30 to 9 p.m. and Saturday from 8:30 to 12 noon. The new Walk-Up Window will be open Saturdays from 8:30 a.m. to 12 noon.

OVER \$100 BILLION IN U.S.

Stonewall Part Of Giant Trend

Savings and Loan Associations like Stonewall Savings are today safeguarding more than \$100 billion, representing the funds of millions of thrifty Americans. Their rate of growth far surpasses that of any other financial institution in the country.

This record of popularity is rooted in certain "plus" features of savings and loan associations. Characteristic of these that apply with full force at Stonewall Savings are: specialization, mutuality, equality of treatment, above-average earnings on savers' funds, non-fluctuating values, flexibility of use, and insured safety.

Associations like Stonewall Savings exist especially to serve persons desiring to accumulate a fund by saving from current income, or persons seeking to put accumulated money to work earning a safe return. Savers enjoy knowing their business is important and appreciated by the institution.

Savers find it helpful to do business with an institution where the physical facilities, the services provided, the hours of business and other conveniences are primarily conceived to make the saving of money easier and worthwhile.

Stonewall Savings is owned and operated by local citizens on a co-operative basis with each saver and borrower having an opportunity to share in the selection of directors and to have a voice in the management of the institution, as provided in its charter and by-laws.

Being MUTUAL, each saver's dollar shares equally with all other dollars in Stonewall Savings' distribution of earnings. All income of the association is paid out in earnings to savers, after operating costs have been paid and an adequate sum has been allocated to reserves.

Stonewall Savings and Loan Association offers persons with accumulated funds an excellent opportunity to earn a liberal return without worry about the management of the fund, con-

cern for the upward or downward trend of the stock market, or the safety of principal. Here, safety of principal is insured to \$15,000 by the FSLIC, and is with-drawable at full value plus earnings.

Because a person can add to or withdraw a portion or all of the funds from his account without payment of a service charge, commission, or fee of any kind, Stonewall Savings is an excellent place to build a working reserve fund or estate.

Addition to a savings account can be made from time to time in various amounts from current family income. There is never a need to await the accumulation of a specific sum before starting the money to work, as would be the case in purchasing of securities with a given market price or offered in specified denominations.

Your funds placed in Stonewall Savings are protected three-fold: safeguarded by the sound policies of experience management that is thoroughly familiar with the community, its people, and the real estate market of the area.

Secondly, protected by the inherent safety of having their investment in U.S. Government Bonds and monthly repayable first mortgage loans on homes — proved through the years to be one of the most stable securities that is known; and finally, the funds of each saver are insured for safety to \$15,000 by the Federal Savings and Loan Insurance Corporation, established in 1934 as an instrumentality of the United States Government.

Recognizing why people save money and that they eventually wish to use the funds, every management tool has been incorporated into the business that will enable Stonewall Savings to return the savers' funds as requested. In 1932 the Federal Home Loan Bank System was created to serve the Savings and Loan Associations; it provided a reserve credit system similar in structure to the Federal Reserve System for commercial banks.

A FEW WORDS FROM THOSE WHO

"Indeed, no expense was spared to bring our savers, here in Clark and the neighboring areas, the newest, most up-to-date savings facility around. Our handsome new quarters incorporates every conceivable feature to provide maximum comfort and convenience to Stonewall's growing family of satisfied customers. We planned it that way. In addition, our expanded facilities, wide range of services and colonial warmth combine to make our new Clark office a place every Stonewall saver can be proud of. We're looking forward with great enthusiasm to a tremendously successful grand opening this Saturday and hope everyone in the area will drop by to give our new building a rousing send-off."

"Our new building has so many new features to make doing business here a real pleasure, that it's pretty hard to single the one outstanding new addition. I personally feel that one of its greatest assets is plenty of free parking. Our spacious parking lot provides parking for over 40 cars, which should have a good deal of appeal to local residents. Attract new savers? Definitely. Stonewall's expanded facilities can now serve local needs better than ever before, all under one sparkling new roof."

"Wait 'til the women see the beautiful interior of our new office. It's just out of this world. Luxurious cherry paneling, hand beamed ceilings, wall-to-wall carpeting, elegant draperies, a separate customer lounge area, and those are just a few. As a woman myself, I know that fresh new surroundings decorated in such elegant taste would have great appeal to me. That's why I know that our new office will have great appeal to all the women in the area. Besides, we're right near the shopping center."

And our sparkling new office can't help but bring a whole new identification of Stonewall Savings to our present customers and the many new customers who will join the Stonewall family. All of us here are just bursting with pride and can't wait to serve our customers from the most modern savings center in the area."

Clark Residents Study Astronomy

Nine Clark residents are among 322 persons enrolled in a ten-week course, "What's Up There? -- An Introduction to Astronomy," at the Sperry Observatory on the Union College campus in Cranford.

Clark residents enrolled in the ten-week course at UC are: C. Frederick Cooper, Theresa Armstrong, Julie Zgurzynski, Charles Munkel, Walter Starzynski, Doris Scholl, Rosemary Guzzo, Donald Dinella, and Clarice Sparito.

The basic astronomy course is being offered as part of "Operational Astronomy: the Earth and Beyond," a project of the Cranford public school system being financed with a federal grant under Title III of the Elementary and Secondary Education Act of 1965 during the 1967 - 68 school year.

Students in the course were registered through nine Union County adult schools; Gov. Livingston Regional Adult School, Berkeley Heights, Arthur L. Johnson Regional Adult School, Cranford Adult School, Elizabeth Adult Education School, David Brearley Regional Adult School, Kenilworth, Plainfield Adult School, Scotch Plains - Fanwood Adult School; Jonathan Dayton Regional Adult School, Springfield, and the Westfield Adult School.

The course includes laboratory experiences for all students, using the 12-and-a-half inch reflector telescope and the six-inch refractor telescope in the Sperry Observatory. It covers such areas as the universe, motions and physical characteristics of planets, meteors, comets and stars, and how professional astronomers go about finding out "what's up there."

"What's Up There? -- An Introduction to Astronomy" was developed by Amateur Astronomers, Inc., which is operating the observatory jointly with Union College, and the Cranford Adult School.

Seeds n' Weeds Demonstrate Wreath Making

The Seeds and Weeds Club of Clark demonstrated how to make Christmas wreaths at the Clark Public Library on Tuesday.

Members of the Club showed how to make wreaths from nature's own materials found locally in backyards and woods. These materials are fresh greens and pine cones.

Christmas wreath-making was an annual event of the Seeds and Weeds Club and was offered as a public service to the Township.

Mrs. James Neville, president, and Mrs. Leonard Hill, program chairman, extended an invitation to all homemakers to attend.

The same program was also given Tuesday morning at 10:30 a.m. to the mothers whose children attend the Pre-School Storytime.

PROJECTS CREATED IN RAHWAY PUBLIC SCHOOLS

All phases of culture have been explored in the English classrooms of Rahway public schools recently. Original projects created by the students were the highlight of the study of "Macbeth" by Miss Lowney's senior English classes. One particular project proved to be of special interest; three students with the help of other band members and Roger Bangert, director, presented a lively program of the 17th century brass music. The participants included: Tony Riccardi, who wrote all of the music, arranged the program and played trumpet; Chuck Calabro and Jim Carr played cymbals. Mr. Bangert was on the trombone, Warren Vache on trumpet, Bob Gollhur on tuba, Dave Stuart on snare drum, and Ken Westreich on tympani. The production proved to be a very exciting climax to the study of the era, students said.

Rahway-Clark Students Use Cold War 'Bill of Rights'

Thirteen Rahway area residents are among 225 students who are attending Union College, Cranford, this semester under the provisions of the so-called Cold War G.I. Bill of Rights.

The total includes 103 full-time students in the Day Session and 122 part-time students in the Evening Session.

All are former servicemen except Miss Patricia L. Joris of Newark, a three-year veteran of the U.S. Air Force. A year ago the total was 133 -- all men. Fifty-five of them were in the Day Session and 79 in the Evening Session.

Dr. Kenneth W. Iversen, dean, said the large number of veterans attending Union College was due to a policy adopted by the faculty and administration to permit servicemen returning to civilian status to file applications even though the deadline had passed for all other applicants.

Under the Cold War G.I.

Bill, honorably discharged veterans with more than 180 days active military service since January 31, 1955, are eligible for educational, housing and other benefits.

Rahway residents who are attending Union College under the provisions of the so-called Cold War G.I. Bill of Rights are: Rahway -- Richard H. Davis of 604 West Inman Ave; Robert J. Mullin of 2160 Oliver St.; Roger H. Taylor of 439 Central Ave.; William J. Cram of 1082 Maurice Ave.; Nicholas J. Rinaldi of 1286 St. Georges Ave.; Frederick Yorke, III, of 967 Jaques Ave.; and Peter J. Zelenenki of 483 Jaques Ave.

Clark -- Andrew G. Kolk of 66 John St.; William Griffin of 1673 Raritan Rd.; Jeffrey S. Nilsson of 413 Goodmans Crossing; Michael Olesin of 217 Lexington Blvd.; William J. Ricca of 48 Sweetbriar Dr.; and Joseph W. Schultz of Lake Ave.

Woodbridge -- Anthony S. Klusewicz of 96 Roanoke St.; Wallace W. Morse of 431 Hudson Blvd.; James J. Kozo, III, of 280 Prospect Ave.; William Schakleford of 1 Woodbine Ave.; Paul D. Lisowski of 101 Elmont Pl.; Anthony J. Sfarra of 14 Rahway Ave.; Joseph A. Frandano of 72 Woodbridge Ave.; and Donald D. Aquila of 53 Holton St.

WINNERS' SMILES -- Clarinetist, vocalist and now terpsichorean, Bill Bellinger of Leesville Ave., Rahway, has proved to be the boy with a beat and all-around musician. Last year, he was in the production of "Camelot" and this year belongs to Rahway High School's band and vocal group. First place winner in a preliminary dance contest held at Hullabaloo Scene, 1488 Irving St., Rahway, he is pictured with partner, Miss Candy Williams of E. Albert St., Rahway.

Kiehn Visits Rutgers

Herbert H. Kiehn, assemblyman-elect, attended the cornerstone unveiling for the Rutgers Medical School at the construction site on University Heights Campus in Piscataway recently.

This \$19 million medical school building will house the first two years of the medical curriculum as well as the offices and laboratories of the basic science faculty. In addition, it will house three groups of multidiscipline teaching laboratories which will accommodate a class of up to 80 students. It is expected to be ready for a class to enter next year.

Mr. Kiehn said that he "is concerned about our educational program in New Jersey" and stated that "we should not spare a single dollar to provide facilities and personnel so urgently needed to arm our children with the best education our tax dollars can buy. It is the best investment to assure our young people of richer and fuller lives in the years ahead."

RAHWAY TEENS BEST DANCERS

Hullabaloo Scene, Union County's only teen nite club, 1488 Irving St., Rahway, started a series of dance contests on Nov. 18. Although the dance hall attracts music lovers (rock and version) from Elizabeth to Carteret, the Rahway teens seem to be coping most of the prizes.

First place winners at the initial competition were Miss Sherry Marzano of 870 Stone St., Rahway, and her partner, Carey McCreary of Carteret. Top dancers at the second competition held on Nov. 25 were Miss Candy Williams of 338 E. Albert St. and Bill Bellinger of Leesville Ave., both Rahway.

Weekly or preliminary winners are awarded pop records and the chance to compete in the monthly semi-finals. The four weekly winners will be competing on Dec. 16 for title of "Champ of the Month," prizes, and as a semi-finalist, the opportunity to win the big title.

Contestants in the weekly dance competitions do not have to register ahead of time or pay an entry fee. Teens should just attend Hullabaloo Scene with a dancing partner on Saturday night to enter the free dance contests.

Lenzen Addresses Rahway Rotary Club

Leonard W. Lenzen of Brielle, N.J., governor of the Rotary District of this area, addressed the Rotary Club of Rahway yesterday during his official visit. Mr. Lenzen, elected to office at the Rotary Convention in Nice last May, is one of 283 governors in all parts of the world who are serving as sole representatives of Rotary International in districts comprised of member clubs. Each governor is responsible for supervising the clubs in his area. The local club is one of 51 clubs, comprising about 3,000 members in District 751.

"The global growth of Rotary has been phenomenal," he pointed out. "The pioneer of service clubs, Rotary today numbers about 12,800 clubs with a combined membership of over 613,500 business and professional men in all parts of the globe. Rotary clubs meet somewhere in the world every day of the week. Their motto is 'Service Above Self' and to that end conduct activities to improve their communities, aid youth, elevate business standards and further international friendship and understanding."

Speaking of Rotary interact clubs in the high schools, Mr. Lenzen said, "That within ten years, half of the population of the United States will be 18 years of age or under. The presence of all this restless, immature youth will have a profound effect on business as usual, and unless directed now into proper channels, it can spell trouble for everybody."

The District Governor also conferred with John R. Hoblitzell, Rotary club president, and Henry Hellegers, club secretary, members of

the Board of Directors and committee chairmen on matters of club administration, growth of membership and plans for future service activities. He was briefed on the club's present programs such as the Community Christmas Party for underprivileged and crippled children, Nursing Scholarship program, financial assistance to Boy Scouts, Camp Endeavor, Y.M.C.A. Building Fund, sponsorship of the Interact Club at the High

School and other community and international projects. He brought greetings from Luther H. Hodges, president of Rotary International and outlined President Hodges' program of 1967-68; "Make your Rotary membership effective," "Exercise Leadership by being successful in your own business or profession" and "Be loyal to your own community and nation and serve them wherever possible." The governor advised members of the district's activities in Rotary Foundation Fellowships and Group Study Exchanges and Technical Training awards made possible by the contribution of over \$117,500 by the district and individual Rotarians.

Slide Film Shown For United Fund

"Happiness Is" -- Two short words are spun into a world of meaning in Rev. Dr. Robert W. Scott's new slide film which is being shown throughout this area for the benefit of the United Fund of Eastern Union County.

This is the sixth slide presentation which Rev. Dr. Scott has prepared for the United Fund. Like its predecessors, it has been and is being shown to industrial, commercial and civic groups in Clark, Elizabeth, Linden, Hillside, Roselle and Roselle Park.

Four times Rev. Dr. Scott, pastor of Westminster Presbyterian Church, Elizabeth, has won top honors in national United Community Funds and Council competition for the best films of the year.

This one strikes to the heart of the United Fund story with its comparison of happiness as it is found every day -- in a rose, a quiet stream, a sunny day at the shore -- with happiness as it is given by the 37 participating agencies.

"What better way is there to give happiness than by our contributions that bring happiness in many different ways to our friends and neighbors ... and to ourselves?" the script asks.

"Happiness is not what we give so much as what we are willing to share -- and make it a fair share -- an hour's pay a month. Happiness is the only thing we can give without having. Yet like perfume, we can't pour it on others without spilling a little on ourselves."

The slide films, taken at the participating agencies, show some of these scenes of happiness:

"Happiness is: 'The playground at Eggnolf Day Nursery with nobody acting big, nobody acting small, everybody acting medium ... it is climbing high on the jungle gym ... a circle of hands in a game of ring around."

"Showing off your pet at the C.Y.O. show, being able to attend a special school, the fund and fellowship at the 'Y', passing a merit badge test."

"Being able to stay in your own home when you are sick because the Visiting Nurse comes in each day. 'Developing the skills and gaining the experience that will open new doors of opportunity through the Urban League."

"Not resisting the candles on the birthday cake, but being glad you're still here to share the years with friends at the Senior Citizens' Center."

"A package from the Red Cross when you are far away in Viet Nam ... helping a serviceman and his family right here at home."

"Putting together the jigsaw puzzles of life through the counseling of the Psychiatric Clinic ... that day when an adopted baby finds a home, and a couple become parents."

"Happiness also is answering the door and finding your neighbor from down the street calling on you for the United Fund."

County Treasurer the sum annually in the area of \$100,000.

In the past there was a small claims division attached to the District Court but this was abolished in 1952 since it became an added expense to the taxpayers of Union County. Following recommendation of the presiding judge of the Court, the Board of Freeholders abolished the Small Claims Division. However, this did not preclude people from starting cases without an attorney in the same manner as they did in the Small Claims Division. The only difference being that a person presently can start his action in the regular District Court instead of the Small Claims Division and every courtesy is extended to people using the Union County District Court for this purpose at all times.

Union County District Court

The Union County District Court is a civil court in which cases can be instituted on contract actions in the sum of \$1000 and in tort actions in the sum of \$3000. This court also handles dispossess cases in which landlords seek possession of their premises either for non-payment of rent or for other reasons. The people of Union County can well feel proud of the record of the District Court for it is considered in legal circles throughout the state of New Jersey as the most efficient and fastest operating court in the state. There is no problem of a backlog of cases in this Court because of a system now in use which was initiated in 1962. Presently cases in this court can be reached as early as one week from the date of filing of an appearance by the defendant if the attorneys involved are ready to proceed with any given case and the only backlog existing in this Court occurs when attorneys have not been ready to dispose of the cases rather than because dates were not assigned. Any new case commenced in this Court is given a trial date three weeks from the date of filing of an appearance by the defendant and

Robert E. Henderson, Jr., will make his first start as the head coach of the Indians, replacing Dave Arnold. Coach Henderson will head a team that has been hit hard by graduation, losing four starters with only Joe Dorsey returning from the starting team of last season.
