## THE QUILL

"We like our garbage collector." Would you believe it? That's what some Clark residents are saying now -- and they want the township council to know how they feel.

It looks like some residents are quite satisfied with the way their garbage is being collected and see no reason for a change. They feel that if the town adopts a one-scavenger proposal, now under consideration by Council, that they will be forced to use a garbage collector who's less satisfactory.

These residents "feel that the only fair thing" is to put the question on a referendum and let the voters decide said one reader who called this week.

If these Clark citizens really are interested in putting the question on the ballot, they'll have to make known their views to Council members. And the next meeting of the Council is Mar. 25 at 8 p.m. so they'd better get to work.

A mock trial in Clark -- and you're invited! Clark's Municipal Court Judge Joseph R. Postizzi has announced that a mock trial of a drunken driving case will be presented in the Clark Municipal Court, Municipal Building, Westfield Ave., at 10 a.m. this Saturday.

Law students from Seton Hall University School of Law will act as defense counsel and prosecutor. An invitation has been extended to all Arthur L. Johnson Regional High School students who want to see "justice in action" -- and the public is invited to attend the trial, too.

## See Yourself On TV At Clark State Bank, Trust

Customers at the Raritan Road office of the Clark State Bank and Trust Company have been seeing themselves on television. A 10-foot display featuring a closed-circuit television camera and receiver has been installed in the bank lobby of Union Technical Institute, Union Township.

Cuddie E. Davidson, president and chairman of the board of the bank, said lobby space was provided as "part of Clark State's program of offering showcases to worthy county and local organizations. We are happy to help Union Technical Institute tell its story of service and education to our customers."

The booth, which was initially constructed for showing at the New Jersey Education Association convention in Atlantic City, is installed in a corner of the lobby visible to customers as they enter the front door.

Paul J. Barotta, president and director of the accredited, non-profit technical institute, said the closed-circuit television feature of the

booth attracted a great deal of attention in Atlantic City. The booth also has information and literature about the programs in technical education offered by the school, which is located at 2000 Morris Avenue, Union.

Mr. Barotta said he appreciated "the public-spirited gesture made by the bank in allowing our booth to be so prominently displayed."

Clark State Bank and Trust Company maintains a Community Bulletin Board at its Raritan Road office and invites all civic, social and church organizations to post announcements of community interest and also makes space available to these organizations, free of charge, for displays. Last year, the financial institution turned its entire lawn over to local scout units for an over-night camping demonstration.

Further information about scheduling organizational displays may be obtained by contacting Victor W. Clark, executive vice president.

### "My Lord He's Here" Rahway Students Shout

A unique current events lesson was shared by 1,100 students at a special assembly in Rahway High School Friday afternoon when Lord David Edward Sutch, the Fifth Earl of Harrow, visited their school as part of his Back Britain good will tour. Earlier in the day, Lord Sutch left Perth Amboy headed for Linden High School on the first lap of the tour which would encompass Union County. At the wheel of Lord Sutch's Union Jack covered Rolls Royce was Horace, his combination butler-chauffeur-body guard. Lord Sutch was rushed upstairs for a quick visit to the history class of John Fay Jr., a state assemblyman. A brief discussion period followed and Lord Sutch, finishing a discussion of the devaluation of the pound, started talking about his political career. He sought assemblyman Fay's political success secret. Lord Sutch has run for Parliament three times on a youth platform in front of Hullabaloo Scene, 1488 Irving Street, caused many involving the lowering of the voting age to 18 and the establishment of commercial radio. Fay has won three elections: Woodbridge Township Councilman, Middlesex County Freeholder,

and last November, a seat in the Assembly. He advised Lord Sutch to "move to Middlesex County, N. J., and join the Democratic party." Second tour stop was Linden City Hall, where in the absence of Mayor John T. Gregorio, Council President Edward Murawski presented Lord Sutch with the key to the City. Union College was the third tour stop. The student council had invited Lord Sutch to meet the undergraduates in the school's campus center. Here, Lord Sutch met hawks and doves, and long-haired mods and short-haired ivy leaguers. A delegation from Pi Kappa Psi, with the traditional wack of a paddle, made Lord Sutch an honorary member of the fraternity. Due to the warm welcome extended to him everywhere on the tour, Lord Sutch headed for his last stop--Rahway High School--unavoidably Herman Kagan, anxiously awaited the British lord's arrival. Mr. Kagan and Principal Wilson Snyder were justifiably proud of the students of Rahway High School, who patiently waited the tour's arrival while listening to the school orchestra under the direction of Roger P. Bangart and turned out to be the best behaved group Lord Sutch met all day!

### Service League Reminds You Of Shop Hours

The Rahway Junior Service League held a regular meeting, Mar. 4 at the home of Mrs. J. W. Dwerak, 952 Stacy Pl., Rahway. Mrs. C. M. Salvia, Manager of the Thrift Shop, located at 1388 Irving St., Rahway, announced that there is a ready market for household articles. Small electrical appliances, kitchen ware, bric-a-brac, drapes and curtains, and china are all needed. Consignment is taken Tuesday evening from 7 to 9 and Thursdays from 10:30 to 2. The Thrift Shop is open for selling Thursday from 9:30 to 3. Mrs. Lincoln Easterbrooks, 305 Elm Ave., Rahway, is in charge of thrift pick-up. The League will pick up any donations of household articles and clothing and arrangements can be made through her.

four people attended February's meeting and only 29 people attended January's meeting. Councilman Gilgannon said he feels that in order to have good government, the public should attend Council meetings to learn what is going on in the city. Plenty of opportunity is given to the public to speak on any subject that may come up before the Council. "A well informed vocal public is the best instrument to bring good government to the city."

### Book Fair Planned At Columbian School

The Columbian School PTA is sponsoring a student Book Fair from Mar. 13 to Mar. 15. Students will be able to browse and purchase books. The book fair will be open during school hours on Wednesday afternoon, all day Thursday and on Friday morning, also during the Parent-Teacher Association meeting on Thursday evening. Books will be on display in the All-Purpose Room. The book fair committee invites all students, parents and visitors to attend the fair. The fair will not only help spur student interest in reading and building home libraries, but will also contribute to a worthwhile project. The school earns twenty percent of all sales and profits will be used for expansion of the school library.

PLANNING FOR MOVIE NIGHT to help make the Sea Explorer craft "ship shape" are (left to right): Elks Institutional Representative Robert Kerekes, Mayor John Marsh, who bought a ticket to the Explorers "Movie Night" at the Rahway Theatre on Apr. 17; Ray Tholsin and Skipper of the "Sea Horse" Rudolph Giess, Jr. For tickets, call Skipper Giess at 381-6686.

### Sea Explorers Man Ticket Sales For Boat Repair Costs

Do boys in Rahway really go "sailing over the bounding waves"? Yessir, say the Sea Scouts! The Sea Explorers have been active in Rahway for 18 years. A 38' Picket Boat was the first ship used by the scouts. Before long, the need for a larger ship was realized and the group acquired a 65' T Boat. This vessel was named the "Sea Horse" and nicknamed "Horse" by the boys. It can handle up to 30 boys and has served well, but again the need for better training facilities has forced the Explorers to obtain a larger vessel. With the cooperation of the Boy Scouts of America and the U.S. Navy, the scouts have obtained an 83' Air Sea Rescue Boat. The Sea Horse is sponsored by the Rahway Elks Club, Lodge #1075. The ship meets there every Thursday night to learn navigation, boat handling, seamanship, maintenance, and line handling. All of this training is put to use on cruises which are taken by the "Sea Horse" three out of four weekends, weather permitting, each

month. All of these cruises are topped off by a week-long cruise with at least two other ships, up the Hudson River to Block Island and back. On this cruise and all other cruises, the boys plot the courses, cook, steer the ship, and stand watches. All activities are recorded in the log book. Before the ship is allowed to go on the cruise it must pass a Coast Guard inspection. If the ship fails to meet all requirements, we are not permitted to leave the dock. It is then up to us to make all corrections and pass the inspection, at which time we may go out -- and that's where the people of the Rahway-Clark area come in. The Sea Explorers are selling tickets for a Movie Night. It will cost about \$1,500 and a lot of man hours to place the new ship in sailing condition. The Explorers are asking residents to purchase one ticket. "If you have any spare time" they invite you to "come down to our ship. We would be glad to show you around."

### TWO CARS CRASH TIES UP TRAFFIC

An accident Mar. 11, during the 5 p.m. rush, at the corner of Russell and West Lake Ave., Rahway, did extensive damage to the Renault Caravelle driven by Lawrence B. Wild, 39 Evans Terrace, Clark. Slight damage was done to the Chevrolet driven by Miss Donna Mari Sica, 391 Princeton Ave., Rahway. No charges have been filed, it was reported by the Rahway police.

The Rahway students questioned the youthful Lord about his opinions on everything from mini-skirts to maxi-war -- but seemed especially impressed when he told them that although he'd left high school to become an entertainer, he thought that someday he'd return to the classroom to complete his education. Teenagers from the Rahway area swarmed around the Lord's Union Jack Rolls Royce as he left the building and his arrival at Hullabaloo on Irving St., Rahway, a while later saw a group of fans -- young and not so young -- gathered in front of the auto. Mothers with teenage sons, typists in their early 20s, and businessmen who are usually blasé about such things, flocked to windows and dashed up the street to watch the youthful singer-politician make his appearance.

The next regular meeting will be held Apr. 1 at the home of Mrs. Eugene Gentsch, 735 E. Milton Ave., Rahway. The board meeting will be held at the home of Mrs. Peter Schmidt, 99 Bartell Pl., Clark, on Mar. 18. **FIRST WARD DEMOCRATIC CLUB MEETS IN REILLY HOME** The First Ward Democratic Club of Rahway held its regular monthly meeting at the home of Sally Reilly, recently and Councilman John J. **Rotary Members Hear Of Technical Education**

Members of the Clark Rotary Club were advised last week to involve themselves in the technological revolution through an increased participation in public and private education. Paul J. Barotta, president of the Union Technical Institute, Union, addressed the club at a meeting held in the Dragon, Roselle.

Citing the constantly growing need for electronic technicians and the corresponding leap in the number of unemployed teenagers, Mr. Barotta suggested that a way is available to solve both problems.

He said there are approximately two million unemployed boys, and that, in 10 years, the number will jump drastically. "Unless something is done, what Dr. James Conant has called 'social dynamite' may well explode in our faces," he asserted.

Mr. Barotta pointed out that the burgeoning transistor industry -- which is only 15 years old -- spends a half a million dollars a year in recruitment alone. He said 200,000 technicians are needed each year, "yet we are producing only 15,000 annually."

Mr. Barotta suggested that the Rotarians and other businessmen "take a hard look at our public and private educational systems. We must change our methods to provide youngsters with a skill or profession that will enable them to become useful citizens. The increasing trend toward automation is pointing toward the day when a purchasing agent will be negotiating for the acquisition of a machine that will replace him."

"This challenge of job obsolescence is one that merits our attention," he concluded. "It is a challenge that must -- and can -- be met."

Victor W. Clark, program chairman of the Clark Rotary Club arranged for Mr. Barotta's appearance.

The Red and Gold of Clark won their first tournament game on Sunday afternoon with an up-set win over the six seeded East Orange Catholic team 53-36. Trailing 12-9 at the end of the opening period, they moved into a 25-16 half time lead.

The team, coached by Margaret Egan, out-scored the East Orange team by 28-20 in the second half.

Sophomore Pat Crilly led the Clark girls with 24 points, followed by senior Maureen Butler with 13, and junior guard Barbara Herbig with 7.

The semi-finals will be held on Mar. 22 and 24 at the Mother Seton's Clark court.

My hen-pecked neighbor says if those dimensions were only feet, he would buy it and move in at once.

That "like new" bit caught my friend, Moronice Mary's eye. She has it all figured out. She insists that canine dream house was the home of a little old lady dog who spent her winters in Florida and her summers abroad. That's a dog's life?

When Grandma raised her family she was the captain and did she run a tight ship! Never once did she panic, throw her hands in the air and shout, "What's a mother to do?" She knew and how she knew!

Speaking of captains, I am reminded of those lines by the late Keith Preston, a latin professor at Northwestern University who left the halls of ivy to become a columnist on the Chicago Daily News. He wrote:

AN AWFUL RESPONSIBILITY

I am the captin of my soul,  
I rule it with stern joy;  
And yet I think I had more fun  
WHEN I was cabin boy.

**Rotary Members Hear Of Technical Education**

Members of the Clark Rotary Club were advised last week to involve themselves in the technological revolution through an increased participation in public and private education. Paul J. Barotta, president of the Union Technical Institute, Union, addressed the club at a meeting held in the Dragon, Roselle.

Citing the constantly growing need for electronic technicians and the corresponding leap in the number of unemployed teenagers, Mr. Barotta suggested that a way is available to solve both problems.

He said there are approximately two million unemployed boys, and that, in 10 years, the number will jump drastically. "Unless something is done, what Dr. James Conant has called 'social dynamite' may well explode in our faces," he asserted.

Mr. Barotta pointed out that the burgeoning transistor industry -- which is only 15 years old -- spends a half a million dollars a year in recruitment alone. He said 200,000 technicians are needed each year, "yet we are producing only 15,000 annually."

Mr. Barotta suggested that the Rotarians and other businessmen "take a hard look at our public and private educational systems. We must change our methods to provide youngsters with a skill or profession that will enable them to become useful citizens. The increasing trend toward automation is pointing toward the day when a purchasing agent will be negotiating for the acquisition of a machine that will replace him."

"This challenge of job obsolescence is one that merits our attention," he concluded. "It is a challenge that must -- and can -- be met."

Victor W. Clark, program chairman of the Clark Rotary Club arranged for Mr. Barotta's appearance.

GOOD CITIZENS BUILD BETTER COMMUNITIES

Citizenship involves more than casting a ballot, attending a civic club meeting, and obeying the law.

Citizenship means whole-hearted, day-to-day support of both government and the civic and philanthropic agencies which work for community improvement.

(name of agency or project) benefits your community and--directly or indirectly--benefits you and yours. And your help is appreciated, needed and deserved.

Help, won't you?

The play is a devastating satire on bureaucratic corruption in provincial Russia during the first decades of the nineteenth century. First produced on April 19, 1836, it represented a great step in Russia toward realistic social drama.

During the intermissions, in the Kreh Gymnasium, there was a display of art work put on by the Pingry fine and industrial arts departments.

All monies netted through the play were added to the Pingry Players Scholarship Fund.

### 132 Men + Retirement Time Equal 1,000s of Hours of Service and Fun

Where do our aging citizens go when they retire? What fills their idle hours? Rahway retired men join their very active Retired Mens' Club. The club, with 132 active members, meets every Monday afternoon at the Trinity Methodist Church at East Milton Ave. and Main St. The members, all of whom are extremely loyal to the club, gather to do their many projects for the benefit of others and, of course, to talk over the old times.

### DEN 4 SENDS EASTER PACKAGES TO Tunisia, Korea and Vietnam

Cub Scouts from Den 4, Pack 141, Rahway, (Roosevelt School) have taken on a project of sending packages to our boys in service.

Packages were sent to: James Allman in Tunisia, Tunisia (North Africa), where he is with the Peace Corps, serving his second year teaching English. Mr. Allman comes from Rahway. Another package was sent to Sgt. John Szeman, stationed in Vietnam, and is from Perth Amboy, N. J. The third package was sent to S/P R. Rizza who is stationed in Korea. S/P R. Rizza comes from Milltown, N. J.

Mrs. C. Shmukler is den mother, and Mrs. F. Mc Mullen is in charge of sending the packages. The boys in the den are: Harris Shmukler, Michael Mc Mullen, Robert Cassio, Brad Archer, William Twombly, Hal Arnold, and Dale Maxwell.

The boys and their leaders expressed their "heartfelt thanks to all persons who gave donations in order to make our project a complete success."

For anyone who is interested in sending a package to a serviceman there is a ready made up package that is sent by a drug firm direct to the serviceman. For further information, contact Jules Savin, at Jewel's Pharmacy, Colonia Shopping Center, Colonia, N. J.

The club was founded in Nov., 1961, 28,000 toys and 9,000 eyeglasses have been collected by the group. These collections constitute the major projects undertaken by the club. Toys are repaired, and painted... dolls, wagons, and pulltoys are given a lot of loving fix -- it and donated to orphanages, day care centers and hospitals at Christmas.

The collection of eyeglasses and frames is a year - round job for the men. Collections are then given to "Eyes for the Needy" and a new collection is constantly on the agenda. The drive is a high point for the men.

Other projects are also undertaken for the men... but the club is mainly a social gathering place for the members. There are picnics and outings during the warmer months, tours, and films during the winter. Many of these programs include the wives (regular meetings are limited to men only). Occasionally, there are overnight outings, such as the bus and sea trip to Nova Scotia in 1965, a trip to Expo '67 last year; this year's schedule includes the annual Easter Show at Radio City Music Hall, a three day trip to Washington, D. C. in April with a tour planned, and a trip to Sha - Wa - An - Go in the Catskills for three days in June.

Discussions and talks on Medicare, Social Security, housing for the Senior Citizens, and general health are among the most popular programs. One week in March, Francis Flynn from the Legal Services Association, talked on consumer frauds. With ever changing rules on benefits, and frauds, these topics have been welcomed with open arms and much interest. Also a favorite with the members is the topic of hobbies. Many members of the club have presented a rich new look that's authentically Erin.

Poshly patterned yarn fashions for the coming season will be previewed at The Sewing Kit, Cherry St., Rahway, beginning today.

### Tis Great Day For Irish At The Sewing Kit

It's a great day for the Irish -- and for Americans who knit. Now knits for of hobbies. Many members of the club have presented a rich new look that's authentically Erin.

the road to happiness. Diamond designs are a wish for one's children, asking "enough of plenty in the world about you."

The authentic Irish patterns and textures have the look of intricate custom stitching, yet the fisherman knits collection is easy for both beginning and veteran knitters to make. A hand-crafter with simple-to-follow instructions for the entire collection and a full range of yarns to knit the new Erin designs are available at the store.

### Roosevelt Principal Tries To Solve Perennial Problem

The perennial problem that plagues parents of school age children is the fact that the children are constantly losing things. Each school attempts to reunite the lost item with the owner by having a centrally located "Lost and Found" box, usually in or near the principal's office.

However, the reason why the lost item never returns home seems to hinge on the fact that the children fail to inspect the lost and found box.

At Roosevelt School, in Rahway, Eugene Wurga, Principal, has found this to be the case. Now, mid-way through the school year, the box is brimming over with various items. At last count there were 21 sweaters, 27 hats, 2 scarves, 1 pair of shoes, 1 pair of sneakers, 1 raincoat and many smaller items, such as belts, socks and handkerchiefs. However, the lost mittens and gloves are far the biggest problem. Presently, there are 123 single mittens or gloves in the box.

To get these lost items found it was thought the best place to start was with the mittens and gloves. A bulletin board in the front hall, at Roosevelt School, has been set aside for the purpose. On it are mittens and gloves of every size and color, left on one side, rights on the other.

Mr. Wurga has asked all teachers to encourage their pupils to check the bulletin board carefully. "It is hoped that parents visiting the schools will also take note and perhaps re-claim some of the strayed items."

In the picture, Miss Elizabeth Armstrong, Kindergarten teacher, is showing her kindergarten class the bulletin board in the hope that some of these lost items will get back home once again.

The Tenth Annual New Jersey Student Fine Arts Scholarship Awards available to all high school seniors in public, private, and parochial schools throughout the state will be held at the Rahway Recreation Cultural Center opening Mar. 17 from 2 to 4:30 p.m. Awards will be presented at that time. The first award winners will go to Trenton for final awards of a \$500 sculpture and \$500 Painting in Scholarships.

### Fine Arts Scholarships Available Now

The Interact Club of Rahway will help Mrs. Andrew Haemusson, sixth District Art Chairman of Woman's Clubs, hang the paintings for viewing.

The building will be open for public viewing from Mar. 17 thru Mar. 22 until 4 p.m. every day.

GLASS COLLECTION FEATURED AT RAHWAY LIBRARY

Collectors of early American glass will be interested in the exhibit at the Rahway Public Library this month. The collection, loaned to the library through the courtesy of Mrs. Sally Gassaway, owner of Country Corner Antiques at 107 Monroe St., Rahway, includes some especially fine examples of cut glass, which emit brilliant and clear tones when plinged with a finger nail. The pressed glass items are simple by contrast but for those who like the quaint, the decanters, the blown glass celery container and a lace sandwich plate have a great charm.

The display of clear glass is heightened by several unusual pieces of cranberry. The library has a fine collection of books for those who are interested in pursuing the subject further and a visitor to Mrs. Gassaway's shop will find a variety of other kinds of glass as well as antiques.

The yarn is spun by the Mahoney's of Blarney in a mill that stands near romantic Blarney Castle and dates back to 1735. The fashions on display here were knit in Ireland in an off-white shade that's true to Irish tradition and fashion - right for Spring-time. This "natural" yarn, called Bain in Ireland, is worked into boldly textured patterns that originated along the Emerald Isle's west and northwest shores. According to custom, Irish lasses knit the warm, water-resistant yarn into sweaters and socks to keep their fishermen dry, and the patterns they designed were rich in symbols of the fisherfolks' way of life. Cable stitching, according to Bernat design experts, represents the ropes used to hold the fisherman's small boat -- or curragh -- against the sea. The curragh stitch symbolizes four fishermen in a boat, and trellis designs depict the rough stone walls seen along the Galway coast. Honeycomb patterns stand for the sweetening that the Irish take in their tea, and ladder of life stitches show

Japan like Germany has shown its strong ties with the U.S. by not recognizing China. The Honorable Atchu, the Japanese representative, explained that democratic Japan is the most successful Asian country and is quite an obstacle to China. Therefore China has continually attempted to harass the Japanese mainly through the Communist party. Even with this political antagonism many Japanese feel a strong tie to China because of their common background.

**MRS. MANN NAMED TO HEAD NURSES**

The Visiting Nurse and Health Services of Elizabeth and Westfield, which serves Clark and Rahway, today announced the appointment of Mrs. Doris S. Mann as its new executive Director to succeed the late Miss Eleanor P. Duffy.

Mrs. Mann was assistant professor and chairman of the department of public health nursing at Rutgers University before accepting

the position last July of associate director with the Visiting Nurse Association of Eastern Union County. That agency merged in January with the District Nursing Association of Westfield to form the Visiting Nurse and Health Services. This newly organized nursing service is now the third largest in the State of New Jersey.

Mrs. Mann has also been nursing director of the East Orange Health Department, assistant director of the Monmouth County Organization for Social Services and assistant professor of public health nursing at St. John College in Cleveland.

She brings a varied background of experience to the diverse task of running an agency which provides Medicare services, visiting nurse services, and in many cases public health services to twelve communities: Elizabeth, Westfield, Clark, Hillside, Linden, Mountainside, Rahway, Roselle, Roselle Park, Springfield, Union and Winfield. There are also contracts with the State Department of Health for extensive follow-up of crippled children and patients released from Marlboro.

## Madame Gaulstones, Lady Ups N Downs Expl. in World Affairs To Women Voters

Five distinguished panelists spoke at a meeting of the Linden League of Women Voters recently at the home of Mrs. Paul Griffith, 119 Thelma Ter., Linden. The panelists who discussed China's Relations with other countries were: the moderator, Mrs. Susskynd Ming of China (Mrs. Arnold Schaeffer); Frau Hilda Von Brunhilde of Germany (Mrs. Albert Carhart); Madame Jo-sette de Gaulstones of France (Miss Elizabeth Rybinski); Lady Ups N Downs of England (Miss Marjorie Reiber); the Honorable Lookie Atchu of Japan (Mrs. Julius Grossman).

The representative of China, Mrs. Ming, explained that her country considered everyone, - other than Chinese, as barbarians. This belief of Chinese superiority has been of central importance in her foreign relations.

Madame de Gaulstones of France explained that her country recognized China in 1964 because of both economic and political considerations.

Economically, France wanted to profit from trade with China which to a limited extent has been achieved. Politically, France wanted to reaffirm her neutrality and separation from U.S. domination. There has been an exchange of students, tourists, and theatrical companies between France and China, resulting in a growing number of French experts on China today.

Political considerations were of prime importance in West Germany's decision not to recognize Red China, explained Frau Brunhilde. East Germany has shown its strong ties with the U.S. by not doing so. Three months after Red China had been established Britain recognized the new regime expecting the U.S. to follow. Lady Ups N Downs explained that had not the Korean War intervened the U.S. probably would have done so. Britain whose main concern was promotion and protection of trade considers the problem of 2 Chinas

## BOWLERS' CHARITY TOURNAMENT NEXT WEEK

Charity begins on the bowling lanes next week in Union County.

The week of Mar. 17-23 is the 11th annual Charity Tournament in which bowlers, both men and women, compete with their regular league scores for that week against other pinners in the same average group.

The Union County men's and women's bowling associations raised \$5,000 for charity in this manner last year and they hope to better it this time.

Of last year's total donation, the Bowlers Victory Legion received \$3,300 for work in veterans' hospitals, the Elizabeth-Sports-for-Charity Committee was given \$1,200 for distribution to a dozen charities and 10 Union County hospitals received \$50 each.

All it costs the bowler is \$1, two-thirds of which goes to charity and one-third to the prize fund. Representatives of various charities are helping league secretaries sign up bowlers this week. Next week's scores are the ones that count, but the bowler must first sign up and pay his dollar.

Mike Brady and Fred Wasserman will keep the play-flow charts and Steve Petruzeilli will serve as scorekeeper.

The Clark boys will again be under the direction of Coach Bill Norris, who guided them through the regular season.

## Haas Adds To Success Of Monmouth

A Monmouth College basketball team which has won 69 of its last 79 games can trace a good deal of its success to 6'5" Junior forward, John Haas, one of the nation's top small college rebounders and field goal percentage leaders.

Haas, from Carterer High School, saw little action as the Hawks streaked to a 26-4 record (and a berth in the NAIA Tournament in Kansas City, Mo.) in his freshman year.

Last season, however, coach Bill Boylan was saddled with a pressing need for height on the frontline. He called on Haas, who responded with one of the finest all - around performances ever seen at Monmouth. In the process of scoring 453 points (a 16.1 average), and helping the Hawks to a 23-5 mark, John pulled down 473 rebounds (10.8 per game), and set an all-time school record with 195 field goals in 290 attempts - a 67.2 rate or accuracy. That figure kept John in the top five field goal percentage shooters, nationally all season.

The 1967-68 campaign held a promise of even greater accomplishment for the soft spoken Haas, and he came through in fine fashion. His figures through the first 20 games (19 of them victories) have bettered his season-long totals of 1966-67. Haas' 136 baskets in 192 attempts has him at 70.6 percent shooting average. He can break his own school record and the national leadership is looming large as a distinct possibility. Thus far, Haas has been rated second in the NCAA small - college figures, and once again, has stayed somewhere among the first five in the NAIA rankings.

John's rebounding has given the club a big lift. He's pulled down 422, a sparkling average of 21.1 per game, good for 12th place on the national charts. His aggressiveness under the boards has been mainly responsible for the Hawk's national rebounding record set last year - of 66.8 percent. Monmouth is rolling along at the same pace this season, grabbing two of every three available rebounds. So far, they are ranked second nationally, but, if Haas continues at his present pace, a new record may be in the making.

Haas was voted to the New Jersey All-State College Division first team last year as the choice of Monmouth's opposing coaches. His own coaches have said time and again that they don't know where the team would be without John. His play is so consistent, that a "bad" game for him is one in which he falls only slightly below his average. His steadiness and consistency are reflected in the fact that the Hawks have not lost two consecutive games at any time since John joined the team in 1965.

Haas, like team-mate Ron Kornegay, seems to be at his best when the going gets tough. This season, for example, the Hawks toughest opponents have been powerful Cheyney State (Pa.), New Haven (Conn.), and Howard

University (D.C.). His rebounding totals in those three victories were 17, 21 and 24, respectively.

Once again, as the current season draws to a close, everyone begins to wonder what Haas can do for an encore. With his ability, determination, and aggressiveness, who knows what worlds he will conquer and probably will.

A motorist can check his automobile stop lights regularly by a simple method described by the American Automobile Association. Place a small mirror or a bright tin can lid on the inner doorstep of the garage on the driver's side. When he drives in to put the car away, a glance backward after coming to a stop, or a glance into the rear view mirror, should show a red glow when he depresses the brake pedal.
