Names of servicemen overseas may be submitted to Mrs. Evelyn Schneider of 109 Amelia Dr., Clark, and auxiliary members. It was reported that six members were chaperones for the teenage dance held by the auxiliary at the Municipal Building.

Urges Collegians In Clark to Sign For Nov. 2 Vote

"The approach of the end of August signals college students to campus departure time," noted Councilman Bernard G. Yarusavage of Clark as he urged them to register to vote before leaving home.

"Anyone who will not be in his home town on Election Day, Nov. 2, can vote with an absentee ballot. To qualify for the privilege, an eligible voter must register in his home county," Councilman Yarusavage said.

The office of the township clerk in the Clark Municipal Building on Westfield Avenue is open daily from 9 a.m. to 4 p.m. Additional hours are provided by having the office open every Thursday from 4 p.m. to 9 p.m. in August and until Sept. 23, the deadline for 1971's general election registration.

Registration hours also are for two Saturdays, Sept. 11 and 18, between 10 a.m. and 2 p.m.

The Fun Day plaque went to Frank K. Hehnly School playground for having the best organization of activities.

Township Schools to Reopen Sept. 8; Expect About 3,000 Pupils to Report

Dr. Carl H. Kumpf, superintendent of schools, said yesterday that slightly less than 3,000 pupils are expected to report at the Clark schools on the opening day, Wednesday, Sept. 8.

Dr. Kumpf said he anticipates that the opening day enrollment will be about the same as the enrollment for the schools at the end of the

1970-71 school year last June. At that time there were 2,966 students in the elementary and middle schools. The superintendent added that additional pupils probably will enter the school system during the 1971-72 school year.

Dr. Kumpf said the new teachers will report on Thursday, Sept. 2, at 9 a.m. in the Board of Education office building on Schindler Road. The program will include talks by Dr. Kumpf, Ronald Smith, business administrator; principals, supervisors and Miss Claire Lyons, helping teacher. A luncheon will be served in the Abraham Clark School cafeteria. In the evening there will be a barbecue at Dr. Kumpf's home. Board members have been invited to attend.

The entire staff will report at 9 a.m. on Tuesday, Sept. 7, for a general meeting in Mildred Terrace School. The main speaker will be Dr. Ronald Doll, professor at Richmond Col-

lege, Staten Island, N.Y. Other talks will be given by John Switek, board president, and Dr. Kumpf.

After the general meeting, the teachers will go to the schools in which they will teach during the 1971-72 year. The teachers will meet with the principals and then will prepare their classrooms for the arrival of the pupils the following morning.

Application to Stop No. 40 Bus Service Considered by NJ

A decision of the application by Public Service Coordinated Transport to discontinue service on its No. 40 bus line through Clark is expected in six to eight weeks.

The case for continuance of the bus line, which goes along Raritan Road in the township and also provides service for Mother Seton Regional High School students, may have been hurt when only one person attended the Aug. 18 hearing held by the State Public Utilities Commission in the Clark Municipal Building.

The only speaker in opposition to Public Service's proposal to discontinue the No. 40 line was John Royko, Civil Defense and Disaster Control director for the township. Mr. Royko represented Mayor Thomas A. Kaczmarek.

Mr. Royko told the hearing examiner, Harry Bernhard, that the line provides needed transportation along Valley Road for students of Mother Seton School and also for employees of industries in the Terminal Avenue area.

Noting the empty seats in the Council room of the Municipal Building, Fred Stephens, traffic engineer for the bus company, commented, "It's quite obvious people aren't making use of the service. Mr. Stephens added, "Our biggest competitor has been the private automobile."

"Our line does not meet direct operating expenses," Mr. Stephens stated. He said the company lost \$3 million last year and that for the first five months of 1971 the losses were nearly \$2 million.

Bus No. 40 is one of the 30 throughout New Jersey not meeting operating expenses, the traffic engineer reported.

Some Clark residents are believed to have objected to discontinuance of Bus Line No. 40 during the commission's first meeting, which was conducted in Rahway.

Mr. Stephens revealed that the direct operating expenses for the line must total \$9.43 per hour. He added that the figure does not include the driver's salary nor the overhead costs. Tabulation of the line's income for a 13-day period showed an average of less than \$8 an hour, Mr. Stephens said.

"The only way we can continue the line is by subsidy from the township or the state," Mr. Stephens maintained.

Fred H. Gottsleben, general manager for the Somerset Bus Co., Mountainside, was present. The company has an interstate route along Raritan Road but is prohibited from having its buses pick up local passengers along the Public Service's route.

Public Service Coordinated Transport, which has its main office in Maplewood, has asked the State of New Jersey for subsidies to prevent the discontinuance of approximately 40 bus lines in the northern part of the state. This is the first time in history the company has made such a request.

The transportation firm, faced with a \$5 million deficit this year, has asked for state subsidies not only to maintain its present level of operations but also to improve its mass transit service throughout the rapidly developing suburban area of the state.

John J. Gilhooley, chairman and chief executive officer of Public Service, said last week that the firm will change its name to "Transport of New Jersey."

Public Service carries more than 700,000 passengers daily as compared with the 282,000 passengers carried by all of the railroad's operating in the state, according to Mr. Gilhooley. He pointed out that the railroads are receiving subsidies from both the state and federal governments.

Christmas Recess at ALJ Will Begin December 23

The regional board adopted the instant calendar at its March 23 meeting. Starting off the school year is new teacher orientation on Thurs-

day, Sept. 2. New students will get their first glimpse of ALJ, officially, that is, on Thursday, Sept. 7.

Also, Christmas recess begins Thursday, Dec. 23, and school reopens Monday, Jan. 3.

In the 1972 portion of the school year holidays are: Monday, Feb. 23, Washington's Birthday; Thursday, March 30, Easter recess begins and school reopens Monday, April 10; Monday, May 29, Memorial Day.

Vocational Unit Enrollment Seen At Record Level

Fall enrollment at the Union County Vocational Center, Scotch Plains, will hit an all-time high in 1971, according to Robert W. Dobbins, director of student services.

The record 616 students enrolled in Vocational Center programs represents an increase of close to 100 students over last year's enrollment of 525, Mr. Dobbins said.

Rahway has the second largest number of students enrolled at the center. It has 68 registered for classes. Clark's Arthur L. Johnson Regional High School has six pupils enrolled.

All but four of the 14 programs offered at the Vocational Center are filled. Vacancies exist only in appliance repair, baking, building mechanics, and graphic arts.

The increase in enrollment Mr. Dobbins credits in part to a better understanding on the part of high school guidance counselors of educational programs at the Vocational Center and better liaison between Union County high schools and the center.

Mr. Dobbins noted a significant increase in students from school districts where ninth-grade students had the opportunity to tour the Vocational Center.

The community with the largest representation at the Vocational Center is Cranford with 87 students enrolled in vocational programs. Rahway is second and Linden is third with 66 students.

Other school districts sending students to the Vocational Center are: Roselle Park, 46; Roselle, 45; Scotch Plains-Fanwood, 43; Westfield, 40; Hillside, 33; New Providence, 16; David Brearley Regional High School, Kenilworth, 3, and Plainfield, 2. There also are 144 adults enrolled at the center.

Based on enrollment, the most popular programs, according to Mr. Dobbins, are beauty culture and commercial art.

Gillich Appointed Deputy Director Of Clark CD

James M. Gillich of 35 Prescott Turn, Clark, was appointed last week to be deputy director in charge of volunteer services for the Civil Defense and Disaster Control organization in Clark.

Mr. Gillich's appointment was announced by John Royko, CD director for the township.

Mr. Gillich will be the liaison representative between the service organization and the CD unit.

A resident of Clark for eight years, Mr. Gillich is a member of the First Aid Squad and also is a special police officer.

Mr. Royko also announced that Police Lt. Donald Picke will be the first candidate from Clark to attend a civil defense heavy duty rescue school at the State Police Training Center, Hammononton. Lt. Picke will attend the school from Sept. 13 to 17. He is a deputy CD director in Clark.

152,000 Elders Get Deductions On Property Tax

About 152,000 senior citizens qualified for the 1971 property tax deduction, according to preliminary figures released by the State Division of Taxation.

The net amount of deductions totalled \$24.4 million, of which the state is required by statute to reimburse the municipalities \$12.2 million.

Last year, approximately 142,000 senior citizens received tax exemptions totaling \$11.4 million.

A referendum approved last November by the voters doubled the senior citizen property tax exemption from \$80 to \$160.

Social Security benefits are now excluded in determining when a senior citizen qualifies for the exemption.

A referendum in this November's election, contained in its entirety in this issue of the paper in a legal notice, will call for extending the benefits of the current law to those persons receiving benefits under the Federal Railroad Retirement Act, federal pensions, disability and retirement programs, and benefits under pension, disability or retirement programs of any state or political subdivision.

Tax Relief for Property Owners Possible From Study, Kiehn Says

Assemblyman Herbert H. Kiehn, candidate for reelection to the Legislature from District 9-B, which includes Rahway, said yesterday that he is hopeful fiscal measures can be adopted to bring tax relief to property owners.

Assemblyman Kiehn pointed out that a 35-member, bi-partisan Tax Policy Committee was created by Gov. William T. Cahill in recognition of the plight of the property taxpayer and the inequities existing in the state tax structure. The assemblyman added that the Republican-controlled Legislature provided the funds for a two-year, in-depth study and that the committee is to report by the end of this year.

The property tax in New Jersey has become "burdensome," Assemblyman Kiehn declared. He stated that he will study the committee's report thoroughly.

"Before supporting any fiscal measures, I want to study the bi-partisan Tax Policy Committee report due the end of the year," Assemblyman Kiehn stated. "Task Force 'C' of the committee has the sole responsibility for study of the property tax. We must not tolerate a repeat of 1966 when sales tax was implemented to provide property tax relief but did not."

The Rahway legislator also stated that the federal government should relinquish to the states sources of revenue that can be taxed directly and thereby make new funds available to the states.

Assemblyman Kiehn said he favors a revenue source sharing plan along the lines proposed by Representative Charles W. Sandman Jr. Those who support the Sandman plan, Assemblyman Kiehn said, are telling the federal government to return power and responsibility to the states.

An example would be repeal of the federal estate, gift and non-dedicated taxes so they could be imposed at the state level to raise the revenue needed for state and local purposes, according to the assemblyman.

The Republican legislator said Representative Sandman believes that his revenue source sharing plan would, if adopted, be the best way to not only avoid a state income tax but also to prevent an increase in the sales tax.

Assemblyman Kiehn, citing the heavy demands upon property owners for tax dollars, explained that each dollar is split five ways. He noted that the proportion of each dollar used for various purposes depends upon each municipality.

Assemblyman Kiehn pointed out that from 60 to 85 per cent of each tax dollar from the property owners pays bills for the schools, from 10 to 25 per cent is used to provide municipal services and for other local purposes, from 10 to 20 per cent goes to the county, from 3 to 15 per cent is earmarked as a reserve for uncollected taxes, and from 3 to 5 per cent is employed to offset tax deductions for veterans and senior citizens.

Scheduled to begin at 4 p.m., the event will be held at soccer field No. 5.

Rock Concert For Saturday

A "Day in the Park -- Free," a folk and rock concert will be held at Warrancon Park Saturday, "Stoned Free," a rock-blues group from Rahway one of the bands scheduled to perform.

Sponsored by recreation committee of the Roselle borough council, the event will feature six groups including a folk-country trio from New York City.

According to Mrs. Shelia Soper of Clark, one of the concert's organizers, "We hope to give unknown musicians a chance to perform and the audience an opportunity to listen to performers they have not yet heard."

Scheduled to begin at 4 p.m., the event will be held at soccer field No. 5.

Purolator Acquires Hospital

Purchase of the Carrier Clinic, a privately-owned psychiatric hospital in Belle Mead, has been made by Purolator Inc., a Rahway company producing automobile filters, as a continuation of the firm's policy of diversification.

The Carrier Clinic owners will receive an amount of Purolator common stock in exchange for all of Carrier's stock. The amount was not disclosed by Paul A. Cameron, Purolator president, who announced the purchase.

"We plan to expand the clinic and to use it as a model for the development of additional facilities," he said. Dr. Russell N. Carrier, principal owner of the clinic, will continue as its president.

The clinic, which can accommodate 179 patients, had a revenue of about \$3.5 million last year. It has a full-time staff of 16 psychiatrists and 250 additional employees.

AARP Members to Visit Catskills, Hear Their US Leaders on TV

Members of the American Association of Retired Persons, Rahway Chapter No. 607, will be traveling to Sugar Maples Resort in early September, announced Walter Clapp, chairman of the board of directors.

The club is meeting next on Thursday, Sept. 9, at 1 p.m. in the Claude H. Reed Recreation and Cultural Center on Irving Street. A social meeting is also scheduled for Thursday, Sept. 23. All persons over 55 years of age are invited to join.

The national officers of the AARP were guests Tuesday on the David Frost Show, and they detailed the activities of the AARP which has 3,000,000 members, reported Vice President Francis F. Greetham.

A special executive committee meeting of the Rahway Chapter was called Aug. 16 at which John Topping, president; Mr. Greetham; Randolph Gilman, chairman; Mrs. Laura Keonig, assistant treasurer; Mrs. Ann

Noterup, recording secretary; Miss Minnie Chaplin, corresponding secretary; Mr. Clapp; James Maye, special events chairman, and Mrs. Gertrude Ayres, chairman of the membership committee, attended.

Mr. Topping told the executive committee that the annual summer picnic was a success in spite of heavy rain. The affair, he noted, was transferred from Merrick Park, Woodbridge, to the Claude H. Reed Recreation and Cultural Center. A hot chicken dinner was served, followed by songs, entertainment, games, and a coffee and dessert hour.

Presidential Freeze Is Meaningless In Face of Wild US Spending Policies And Abrogates Basic Contract Rights

The distance between Presidential edict and local affects has been widening in years recent. For that reason, the President's freeze on wages and prices came as a blow in the night.

Americans, led by a nonpartisan array of sleepy politicians, have come to believe that deficit-financing, an inferior banking system, minimum wages, and union contracts in restraint of trade and production could have no day of reckoning.

How often has the sentiment been expressed: "With all of the federal government's regulations on the economy, we can never have a depression again." For those of you reading this editorial that believe that statement, your shock will be great when a depression arrives, and that financial dooms day isn't all that distant.

Dr. Milton Friedman, a Rahway native and one of Nixon's economic advisers commenting on the President's recent moves to curb inflation and the faltering value of the dollar abroad, said the symptoms are being treated, not the causes. Inflated wages and prices are merely the affects of a sick system, corrupted mainly by government spending and rules.

Nixon's pathetic moves, some of which are complete abridgements of wage agreements made well prior to his announcement, are open to general criticism because they violate basic economic rights. Why should it be necessary to violate contracts with teachers, public servants, and workers in Rahway and Clark?

Wages and prices are mainly inflated by government spending. It is little wonder that the cost of living rises 6 or 7 per cent in a year when the government is spending about \$30 billion more in that year than it took in revenues. All that money spent in the market place, in no way related to production, can have only one affect: more money chasing about the same number of goods, and that means much higher prices. Likewise, much of this "surplus" money winds up legitimately in the hands of foreigners, especially central Europeans, who cash these extra dollars in at exchange banks for gold. The President stopped the payment of legitimate debts to Europeans, and that move did more to undercut sound world trade than anything since Franklin D. Roosevelt's abandonment of the gold standard in 1933.

Against this grand panorama of finances, consider the President's actions as mustard seeds on a white cloth. He asked for the application of the \$50 increase in personal exemptions against U. S. taxes to take affect in 1972 instead of 1973, he ordered a freeze on currently inflated wages and prices, and he increased tariffs by 10%, and cut foreign aid by 10%.

What this country needs is basic reform: laws to compel the federal government only to spend what its garners in taxes, an end to all foreign aid, the end of all farm subsidies, the termination of special monopoly rules for labor unions, the deletion of all welfare payments except to those who are infirm, handicapped or insane, and the termination of all federal aid to education.

For the first time in two generations, the public is sensing that all is not well, some see a black cloud on the horizon, even if they do not understand the vast financial complexities of the situation.

The President's actions, some of which are good—mainly the tax cuts, came so late they can never be deemed to be enough to cure the basic ills of the economy, most of which are clearly attributable to the irresponsible spending policies of the President, the consensus of national Democratic Party over several administrations and a small click of spend-crazy Republicans.

Inspections of Downtown Buildings Needed to Prevent Code Violations

The announcement last week by Mayor Daniel L. Martin that a full inspection would be made of all residences in the city is welcome. Especially in the downtown area, gross violations of building, health, and fire regulations are being permitted.

Some property holders in the downtown area have been going to Elizabeth to "recruit" Spanish-speaking people to live under conditions that are clearly substandard and illegal. We might add that these property holders cram Spanish-speaking people several in a room and have arrangements where kitchen and bathroom facilities are shared. These slum lords are extracting rent between \$15 and \$18 per room per week, we are told, and it is criminal for the city to permit such practices when the buildings being rented are in such deplorable state.

These conditions are not to be found in all downtown residential rented properties, but the abuses are widespread, and it is good that inspections under the new program are to be started there.

We hope the city administration will begin to prosecute violators of building and safety codes and reveal to us the names of the offenders as they charged with specific violations, so they can be identified and embarrassed.

Organize Citizens Unit To Support Bassano

Formation of a Citizens for Bassano organization to support the candidacy for assemblyman Louis Bassano of Union in District 9B was announced this week by the co-chairman, Kenneth A. Schreihofner and Stanley Goldberg, both of Union.

"Louis Bassano is a young man who isn't afraid to speak his mind," the chairman said. "He is a member of the new generation which doesn't believe in the status quo unless it is beneficial to all and the kind of man who should represent our district in Trenton."

Mr. Schreihofner, a painting contractor, is a member of the Young Republican Club executive committee and the

Regular Republican Club of Union. He also is a member of the Battle Hill Civic Association and a past vice chairman of Battle Hill Moravian Church. He participated in the Memorial General Hospital Charity Ball fund drive. He, his wife and two children reside at 838 Pinewood Rd., Union.

Mr. Goldberg has been a member of the Regular Republican Club for three years and the Young Republicans for a year. He also is a member of B'nai B'rith of Union. Mr. Goldberg has been in the commercial display business for 15 years. He and his wife and two children reside at 1468 Elaine Ter., Union.

GRASSROOTS OPINION

BENTON, MO., SCOTT COUNTY DEMOCRAT: "There is far more danger in public monopoly than private monopoly. When government goes into business, it can always shift the losses to the taxpayers. If it goes into the electric power business, it can always cover up its losses. The government never really goes into business, for it never makes ends meet, and that's the first requirement of business. It just mixes a little business with politics, and nobody ever gets a chance to find out what is actually going on."

EPHRAATA, PA., REVIEW: "The annual state derby for U.S. automobiles may be coming to an end. Uniquely American, this system has meant extensive changes or massive advertising campaigns to convey that impression every model year. For many years the style derby has reached its debut climax in September and October when new models have been closely guarded secrets, and curiosity about how each new car would look has been considerable. Now, however, the high cost of these yearly changes, which often add nothing to the car's safety or mechanical merit, may be ending. In a letter to Ford stockholders the top officers of that company notified recipients that 'in future years we plan to change ... design less frequently, and less extensively.' If this will enable makers to concentrate on practical safety and mechanical improvements, the change is welcome -- and overdue."

RANDOLPH, IOWA, ENTERPRISE: "And, speaking of words, isn't it strange how the meaning of some words has changed through the years. Back in Mark Twain's day, the meaning of 'square' was one of the best in our language ... Then, somehow that good, honest word got bent all out of shape and its meaning twisted. Now, the word, 'square' means 'a man who never learned to get away with it. A Joe who volunteers when he doesn't have to. A guy who gets his kicks from trying to do something better than anyone else. A dummy who gets so lost in his work that he has to be reminded to go home. He doesn't fit too well in the current crop of angle-players, corner-cutters, sharpshooters and goof-offs. He doesn't want to fly and pay later. He's burdened with old-fashioned ideas of honesty, loyalty, courage and thrift.' If you're called 'square' now you don't know whether you're a pretty good guy or just a plain boob!"

STARBUCK, MINN., TIMES: "Why is it? A man wakes up in the morning after sleeping on an advertised blanket in advertised pajamas. He will bathe in an advertised tub, wash with advertised soap, shave with an advertised razor, drink advertised coffee after his advertised juice, cereal and toast (toasted in his advertised toaster), put on advertised clothes, and an advertised hat. He will ride to work in an advertised car, sit at an advertised desk, smoke advertised cigarettes and write with an advertised pen. Yet this man hesitates to advertise, saying that advertising does not pay. Finally, when his underused business goes under he will then advertise it for sale."

LENNOS, S. D., INDEPENDENT: "Apparently the delegates to the United Nations, or the governments they represent, are still very dollar conscious and are willing to endure most anything for the assurance that Uncle Sam will keep on pouring money into that debating society. When a recent vote was taken to decide whether or not to move the U.N. headquarters from New York City to some other location—most likely another country—the vote was two to one in favor of leaving it where

it is. This, in spite of the fact that nearly all the delegates confessed that New York City is congested, dirty, dangerous and very nearly intolerable. They know that if the headquarters is moved to another country, the U.S. will probably lose interest in the United Nations and cut its support. Well, it seems to us that more than a few Americans have already lost interest and confidence in the U.N. and would just as soon see it moved to Siberia."

COMSTOCK, NEB., NEWS: "As I understand it, we were an underdeveloped country 180 years ago with a population of three million. While we were underdeveloped, some of the now underdeveloped countries were then developed. Now that they are underdeveloped, we are becoming underdeveloped helping those underdeveloped countries become developed again. When we finally become underdeveloped and the underdeveloped nations are developed, I wonder if they will come to our aid?"

States No Funds Available in NJ To Back Freeze

A State Senate candidate, Christopher Dietz of Rahway, said this week he has learned that the United States Justice Department has notified the US attorney's office serving New Jersey that no funds or manpower are to be expanded enforcing the economic freeze recently ordered by President Richard M. Nixon.

Mr. Dietz called upon the Justice Department to announce to the people of New Jersey how enforcement is to be accomplished.

"If the department asserts that men and money are to be provided, then let it announce how many new attorneys will be provided and how much money," Mr. Dietz declared. The 35-year-old candidate, running as a Democrat for one of the three full-term Senate seats from Union County, said that the US attorney's office is overworked now and would not be able to enforce the President's will without additional men and money.

"If the President is going to order a move of such huge proportions," Mr. Dietz said, "then he must order the means with which it is to be implemented. Otherwise, we have just another incident of announcing plans for political reasons only, without taking into account the effects on the majority of citizens."

US Mediators Are Asked by Guild To Aid in Settling News Strike

State VFW Censures 2 Senators, Case and Williams, for Their Votes

By E. Sidman Wachter

The heavenly twins -- United States Senators Harrison A. Williams Jr., Democrat, of Westfield, and Clifford P. Case, Republican, of Rahway -- were publicly recognized last month as peas in a pod!

It was at the little -- publicized meeting of the Veterans of Foreign Wars, Department of New Jersey in Wildwood that a resolution was passed to send to both legislators letters censuring them for their voting records.

Upon announcement of the appearance of Senator Case at the gathering, a chorus of boos had been heard. However, the VFW state commander, Edward A. Kwik, had requested that courtesy be shown to the office of U.S. senator, and the veterans had remained quiet to censure both legislators,

during Senator Case's talk. Once he had finished saying how much he valued the opinions of his constituents and taken his departure, Howard Vander Clute of Bergen County, state legislative officer, rose to his feet and moved that the convention censure Senator Case.

"I wish to remind you," said Mr. Vander Clute, "that Senator Case has consistently voted against national security. On 10 separate occasions, he has voted against VFW positions."

Following a reminder from fellow members that New Jersey has two senators, Mr. Vander Clute agreed that the voting record of Senator Williams is identical with that of Senator Case in security matters, (and, he might have added, on most other issues).

The resolution, amended

was enthusiastically passed by the VFW convention. Members probably were remembering the identical votes of Senators Williams and Case on March 24, 1971, against the SST, and their incredible endorsements of the National Peace Action Coalition and its April 24, 1971, demonstration in Washington.

VFW members are all heroes who have risked their lives on foreign soil in the military service of our country, and it is experience that has taught them to be sensitive to the requirements of national defense and the perils of unilateral disarmament.

TO THE PRESIDENT... You're Freezing Wages, Prices, Try Taxes: Dietz

In a telegram to President Nixon, Christopher Dietz, democratic candidate for State Senator, called for a freeze on all state and local taxes.

Mr. Dietz said that this tax freeze should be concurrent with the President's freeze on wages and prices. "I am sure you will agree Mr. President," Dietz said in his telegram, "that if you are going to freeze the income of the homeowner, taxpayer and public employee, you should also freeze the taxes which have been taking an ever-increasing share of this pay check."

Mr. Dietz stated that the President's recent order raised questions as to Presi-

dential power over the several states and especially its affect on state Public Utility Commission rate rulings.

"Whether the President has this power or not over the states, he should still exercise the full influence of his office in relieving this threat to the average taxpayer whose income is now totally controlled by government," Mr. Dietz explained. "It seems really contradictory," Mr. Dietz said, "for the President to simultaneously ask for a postponement of revenue sharing which was intended to relieve the local tax burden and freeze the income of the taxpayers which is the ultimate source of local revenue," Mr. Dietz concluded.

Details of Bill Regulating Detergents Explained

By State Senator Matthew J. Rinaldo
UNION COUNTY STATE SENATE DELEGATION LEADER

Last week I reported on an Assembly Bill that would permit the state to regulate the sale of detergents that had pollution-causing properties. It was my intention to support that proposed legislation inasmuch as it provided the most realistic approach to the problem of detergent pollution to date.

Cleaning up our environment is not a job for state government alone. It is too big a task to be accomplished by the adoption of a law in Trenton; it requires the public's cooperation as well.

To this end, I intend to introduce a bill that would require anyone selling or manufacturing detergents in New Jersey to place the phosphate content and other ingredients on the wrapper or container. In this way, the consumer can play an active role in controlling the volume of pollution-causing substances eventually discharged into our rivers and streams.

Because industry has not yet perfected a safe and satisfactory substitute for phosphates, we can only realistically limit, by legislation, the volume of detergents containing high percentages of phosphates. But until a totally workable alternative is developed, the consumer can exercise her prerogative through selective purchases, guided by the labeling requirement I hope to have enacted into law.

Franklin State Merges With Monmouth Bank

Merger of the Franklin State Bank, Franklin Township, and Farmers and Merchants National Bank, Monmouth County, became effective at the close of business on Friday, Franklin State has a Clark branch.

In making the joint announcement, Mayo S. Sisler, board chairman, and Anthony D. Schoberl, president, both of Franklin State Bank, and Charles C. Schock Jr., president of Farmers and Merchants National Bank, disclosed that all officers and employees of the merged banks have been retained.

As a result of the consolidation, Farmers and Merchants National Bank is operating as the Monmouth County division of Franklin State Bank. Owen J. Haveron, an assistant vice president of Franklin State Bank, became general manager of the newly-created Monmouth division. The division is comprised of the five former Farmers and Merchants National Bank branches in Matawan, Main Street and Ravine Drive, Cliffwood, Cliffwood Avenue and Highway 35; Marlboro, Highway 79 and Schoolhouse Road, Straumen, Lloyd Road and Highway 34, and Ocean, Highway 35 and Deal Road.

Franklin State Bank, founded in 1963, operated 10 offices in Somerset, Union and Middlesex Counties.

The merged bank has a total of 15 offices serving

Franklin State, Colonia Bank Ready to Merge

The directors of both the Franklin State Bank, Somerset, and the First Bank of Colonia have agreed in principle to merge, under the charter of the Franklin State Bank, Somerset, according to a joint announcement by Mayo S. Sisler, chairman of the board, and Anthony D. Schoberl, president of Franklin State, and Samuel Kuna, president of Colonia.

The assets of the Franklin State Bank are approximately \$25 million. The combined institutions will have assets in excess of \$185 million and will have 18 offices in Somerset, Union, Middlesex and Monmouth counties.

The stockholders of the First Bank of Colonia will receive one and two-thirds shares of Franklin stock for each share of First Bank of Colonia.

The merger must be approved by the stockholders of both banks, the New Jersey Department of Banking, the Federal Deposit Insurance Corporation and the Justice Department.

the decision on what to buy, leaves the decision where it belongs, with the consumer.

More emphasis, however, is required if we are to combat effectively those products that damage New Jersey's waterways. It is my conviction that the greatest weapon we have in this battle is public awareness.

My bill would also authorize the Commissioner of Environmental Protection to conduct a vigorous statewide information program designed to alert the public to the dangers inherent in phosphates. In addition, the bill would empower the commissioner to provide up-to-date information on available products that do not pollute our waters.

A vigorous pursuit of a safe substitute for phosphates by industry, environmentalists and even government is vital to solving the detergent dilemma. I believe many housewives will avoid phosphates since they recognize that a cleaner environment cannot be achieved without some minor sacrifices.

My proposed legislation would authorize the commissioner to adjudicate complaints, inspect stores to assure compliance with the labeling requirements and provide for fines of up to \$2,500 a day for violations.

For one, have every confidence that the American housewife will make the sacrifices which are required to give us as clean an environment as it is possible to attain. Most Americans do not mind little inconveniences that bring about a greater good, and, certainly, there are few goals more worthwhile than cleaning up our environment. It is something we all should strive for, so future generations of Americans will be able to enjoy air fit to breathe and water suitable for drinking and for recreational purposes.

the four counties.

The merged bank has resources in excess of \$155 million and the combined deposits of both banks make the merged bank (Franklin State Bank) the 32nd largest commercial bank in the state, according to a list compiled by the American Banker on Dec. 31, 1970.

In a recent survey by John J. Ryan and Co., Inc., Newark, Franklin State Bank ranked first in total deposit gains among the 50 largest commercial banks in New Jersey.

Franklin State Bank has reached the \$150 million dollar plateau in just eight years.

"This rapid growth can be attributed to Franklin State's philosophy," Mr. Schoberl said. "We believe in being first to provide the finest banking services at the lowest cost to our customers."

"You know, I came to the conclusion a long time ago that gasoline station owners are smart; they are open for the customer's convenience. We offer 8 a.m. to 8 p.m. banking hours daily, and 9 a.m. to 5 p.m. on Saturday. Our bank also offers two types of free checking accounts. We always have a cup of coffee and a friendly greeting for our customers."

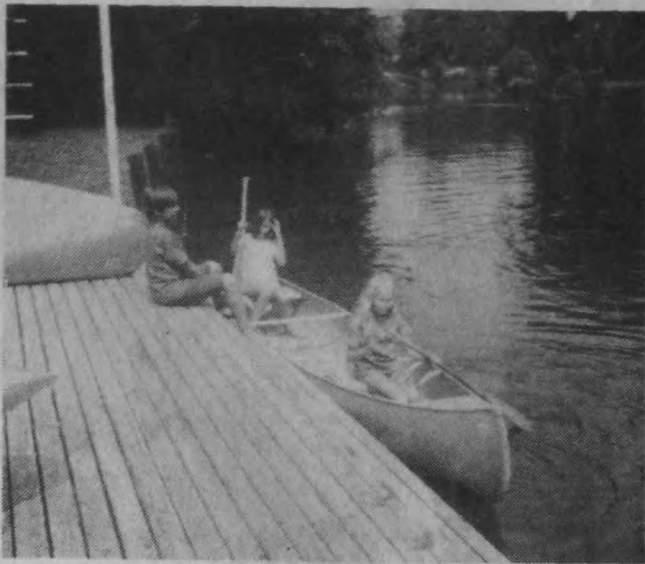

Compliance With Order Requested

The New Jersey School Boards Association is urging its constituency, the state's district boards of education, to abide by President Richard M. Nixon's 90-day wage-price freeze. The 602 local boards collectively form the largest public employer group in New Jersey.

"Just as we encourage our boards to negotiate in good faith, we also urge them to implement in good faith," said the NJSBA president, Mrs. Myra Malovany of Caldwell. "However, any remaining implementation of contracts must be conducted within the emerging guidelines of the President's executive order."

The association is working quickly to obtain guidelines for local boards. Staff members have contacted the United States Treasury Department, the National School Boards Association, and the New Jersey Attorney General's Office, among other resources.

"Guidelines will be relayed to all local boards of education as soon as they are clearly available," according to Dr. Mark W. Hurwitz, executive director of the association.

"CRUISING DOWN THE RIVER" ... Twenty Clark girls went on a canoeing expedition during the summer recreation program. The girls, ranging in age from 11 to 16, were given dry-land and water instruction in entering and leaving a canoe, changing positions, safety precautions, and basic paddling strokes. It was at the organization's request that Bill A-1322, which now is law, was introduced by Assemblyman Kiehn. The bill raised the amount of fines for unauthorized structures in rivers and streams.

Reasons for Attending Adult School Varied

Reasons for attending the Rahway Adult School are as varied as the individuals who enroll each semester.

"For some, the Rahway Adult School is an instrument by which rusty skills and out-of-date office practices can be brushed up to par. It also is a means of preparing for part-time or full-time employment in the field of business.

For others, presently employed but perhaps bored with their positions, gain insight into many professions and obtain the necessary preliminary training for entrance into these areas or for further study on a

higher level. Individuals who have decided to continue their education discover that the Rahway Adult School can guide them through the avenues of learning--from basic elementary levels, through high school equivalency, and on to college entrance preparation.

Finally, there are persons who are seeking general knowledge and/or enrichment in their lives. It is for all of those per-

sons, all of their goals, ambitions, and all of their own reasons, that the Rahway Adult School strives to meet its own specific goal: "Something for everyone."

Further information concerning the Rahway Adult School, which will begin its fall semester on Monday evening, Oct. 4, can be obtained by calling 388-8500. Except where indicated in the brochure, all classes are held at the Rahway High School, 1012 Madison Avenue.

In-person registration at Rahway High School will be held from 7 to 9 p.m. on Monday and Thursday, Sept. 27 and 30. Mail registrations should be submitted no later than Sept. 24.

\$1.3 Million SBA Loans For Jersey

U.S. Senator Harrison A. Williams, Jr. (D-NJ) said the Small Business Administration once again has money available for direct loans to New Jersey businessmen, and is accepting applications, after a three-year moratorium.

Sen. Williams, in a statement issued through his Newark office, said he has been notified by SBA Administrator, Thomas Kleppe, that \$1.3 million has been allocated for direct loans in New Jersey during the current fiscal year, which began July 1.

According to SBA guidelines, loans in varying amounts, up to a maximum of \$100,000, may be made to "small" businesses which require them for the economic development and growth of the company.

In October, 1968 a moratorium was imposed on such loans, except in special

cases. However, the moratorium was lifted in June of this year and new funds appropriated by Congress became available last month. "During the last fiscal year," Williams said, "only 258 direct loans, totaling \$13.8 million, were made by SBA throughout the country. This year, however, some \$37.5 million is being allocated to SBA field offices for such loans."

In New Jersey," he added, "there were only 15 direct loans, totaling \$483,500 during the last fiscal year. But this year the New Jersey office will have \$1,304,000 available for this purpose."

Williams said New Jersey businessmen interested in the direct loan program should contact the Small Business Administration field office in Newark.

The mayor, an avid football fan, noted that the Rahway Jaycee Chapter has given \$9,000 during the past nine years to area charities.

Good seats priced at \$4 for the charity clash between the New York Giants and the Philadelphia Eagles in Princeton's Palmer Stadium are still available. Local enthusiasts may purchase seats for the game from Al Higgins of 1869 Paterson St., Rahway, whose telephone number is 382-6699, or from members of the Jaycees. Rahway Jaycee-ettes also have assisted in selling tickets and placing posters at various stores throughout town.

During the past nine years classic proceeds have produced nearly \$1.5 million for various charities throughout New Jersey.

Nets to Start Season

The New York Nets of the American Basketball Association will begin their pre-season training camp activities on Sept. 15 at the United States Merchant Marine Academy, Kings Point, N.Y.

BALANCING ... The Clark summer recreation program expanded its tumbling and gymnastics program from three playgrounds to five this year because of its popularity with children of all ages. Mrs. Bonnie Ashley, instructor, is shown helping Donna Shapiro, left and Nancy Rubay perform a knee scale on the balance beam while Ann Hamaydi and Eileen Berg watch.

Flag Football Program Will Begin on Sept. 25

A flag football season received the approval of the Clark Board of Education at last week's meeting in the board's offices on Schindler Road.

The flag football program will be conducted on Saturdays from 9 a.m. to noon at Charles H. Brewer School playground. The season will open on Sept. 25 and will be concluded on Oct. 30.

Michael Bobertz and Alfred Smith will be in charge of the program. Mr. Bobertz will be paid \$17.50 for each three-hour session and Mr. Smith, \$15.50.

The board awarded a contract to the Allen Blacktop Corp., Short Hills, for the paving of the tennis and basketball courts at Brewer School. Allen's bid of \$15,259 was the lower of two received. The other bidder was the Paving Materials and Construction Co., Roselle.

Man Aiding Dog Is Badly Bitten

A man trying to help a dog hit by a car last Tuesday on Central Ave., Clark, in front of the Clarkton Diner was bitten by the animal.

The dog, bleeding from the nose and side, was not found.

Leonard Grand of 802 E. Front St., Plainfield, was bitten on the right hand, and several stitches were required. Mr. Grand was told by a policeman not to aid the dog.

Game Won By CYRC All-Stars

One of the Citizens Youth Recreation Committee's all-star teams won a game in the Clara Barton Baseball Tournament in Fords over the weekend and two lost.

The CYRC all-star nine playing in the division for boys 9 and 10 years of age defeated Plainfield, 8-4, on Saturday.

The 9-10 team was scheduled to play on Tuesday night in another tournament game.

The Rahway CYRC 14-15-year-old all-stars were beaten by Menlo Park, 2-1, on Friday night. The 1-12-year-old all-stars lost to Westfield, 7-4, on Sunday night. The Rahway nine was scheduled to play Plainfield last night.

The Friday defeat eliminated the 14-15-year-old CYRC team because it was the team's second loss in the tourney. The 9-10 and 11-12 all-stars had lost one game apiece at the end of play last weekend.

Rahway's CYRC All-Stars won their opening game in the annual 11-12-year-old Clara Barton Baseball Tournament when they defeated the South Amboy All-Stars, 4-3, behind the two-hit pitching of Frank Peraza, a 12-year-old righthander, who fanned six batters and walked five.

Rahway scored its runs in the last of the fourth inning. Mark Kaminski walked, advanced to third base when Jack Welch was doubled to left center, and was picked off third base by the South Amboy catcher. Then Mike Kelly walked and Jeff Allman doubled to center, scoring Welch and Kelly.

Frank Peraza walked and then John Bacsik singled to left, scoring Allman and Peraza.

The CYRC team was under the supervision of Vincent Ceparano. Rahway played Westfield in the second round game at the Ford Memorial Field last Saturday night.

In the 14-15-year-old division, the Rahway CYRC All-Stars scored at 3-0 victory over Colonia. Dave Thornton, 14-year-old righthander, pitched a no-hitter. He struck out nine batters and walked two.

Thornton drove in two runs with a double. The other Rahway score came on a home run by Mike Kaminski.

Cooley must know better than to call for open hostilities between the AAU and the NCAA. Never mind that the AAU is no more than a weak-kneed extension of the NCAA.

Cooley must be aware that the AAU has the power to lay waste to his organization and its pompous pretensions. Surely he knows that international sports governing bodies would assist the AAU in consigning his organization to the junk heap in short order.

If it's war Cooley desires, maybe he should get a taste of it. Maybe the AAU should abandon its daintily conciliatory approach and let fly with both loaded barrels.

Cooley made three charges against the AAU. Each amounts to nothing more than a scurrilous pandering for support.

Cooley said the AAU threatened the eligibility of athletes if they participated in the USTFF meet in Wichita.

Of course the AAU did so. The USTFF meet was not sanctioned by the AAU. And the AAU is charged by international bodies with the task of sanctioning and overseeing domestic amateur participation in track and field.

The AAU has continually offered to sanction USTFF meets. Most of the time the USTFF has thumbed its nose at such requests, the Ash Brook, Oak Ridge, upshot being that athletes Plainfield West and Scotch who participate in USTFF Hills Golf Courses, Entries events are constantly in close at noon on Wednesday, danger of being rendered in-Sept. 8, at the Galloping Hill Golf Course, Kenilworth and competition.

Indictment No. 1 against

RAY'S CORNER SPORTS

By Ray Hoagland

James Nelson, the sports editor of the Jamestown, N.J., Sun, has, we feel, an unusually good grasp of the issues involving athletic organizations. In the editorial, reprinted below, Mr. Nelson discusses the situation today.

CHARGES OF FEDERATION UNFOUNDED

By James Nelson

Go soak your head, Wayne Cooley. Go bay at the moon. Which could be what he has been doing lately.

Because Wayne Cooley either doesn't have the foggiest notion of what he is talking about or chooses to leave that vivid impression.

Wayne Cooley heads something called the United States Track and Field Federation, an unqualified dependent of the National Collegiate Athletic Association.

So dependent is the USTFF that it must be nurtured from the NCAA's nest in Kansas City.

Cooley Tuesday gave anyone with any understanding of amateur athletics in this country a splendid illustration of executive ignorance.

"If the AAU wants war, then, by damn, we'll give them war," Cooley blustered and bluffed in an Associated Press story.

So by now, the reader has figured out this is going to be another diatribe about the never-ending AAU - NCAA feud. Tiresome? Yes. Boring, frustrating, aggravating, wasteful and stupid.

But read on anyway, and discover the true nature of the antagonist in this sordid affair.

Cooley must know better than to call for open hostilities between the AAU and the NCAA. Never mind that the AAU is no more than a weak-kneed extension of the NCAA.

Cooley must be aware that the AAU has the power to lay waste to his organization and its pompous pretensions. Surely he knows that international sports governing bodies would assist the AAU in consigning his organization to the junk heap in short order.

If it's war Cooley desires, maybe he should get a taste of it. Maybe the AAU should abandon its daintily conciliatory approach and let fly with both loaded barrels.

Cooley made three charges against the AAU. Each amounts to nothing more than a scurrilous pandering for support.

Cooley said the AAU threatened the eligibility of athletes if they participated in the USTFF meet in Wichita.

Of course the AAU did so. The USTFF meet was not sanctioned by the AAU. And the AAU is charged by international bodies with the task of sanctioning and overseeing domestic amateur participation in track and field.

The AAU has continually offered to sanction USTFF meets. Most of the time the USTFF has thumbed its nose at such requests, the Ash Brook, Oak Ridge, upshot being that athletes Plainfield West and Scotch who participate in USTFF Hills Golf Courses, Entries events are constantly in close at noon on Wednesday, danger of being rendered in-Sept. 8, at the Galloping Hill Golf Course, Kenilworth and competition.

Indictment No. 1 against

the USTFF: Misrepresentation, perfidy and gratuitous use of athletes as pawns in the struggle for power.

Cooley charged the AAU with refusing to submit to international authorities applications for world performance records in several events in USTFF meets.

That one is really cute. And it should be demolished as completely as Cooley's first charge. It doesn't take a Philadelphia lawyer or a Kansas City idiot to figure out that the AAU can hardly present record applications for performances in meets it has not even sanctioned.

The international bodies would be duty bound to reject any such applications out of hand.

Indictment No. 2 against the USTFF: Blatant obfuscation and purposeful exploitation of the athlete and his abilities.

Cooley's third charge is that USTFF application for membership in the United States Olympic Committee has been tabled not once but several times.

It probably is beside the point that the USTFF's application should be tabled permanently. Anyway, the USOC is made up of many organizations in addition to the AAU. Rejection of the USTFF at the Olympic level is hardly a decision the AAU alone can make. Rejection only serves to underline the fact that organizations other than the AAU see the unqualified USTFF as for USOC membership.

Indictment No. 3 against the USTFF: Ambiguity, relentless probing into areas where it is more definitely not wanted and again, galloping misrepresentation.

You know, of course, the reason behind the power play. It has been spelled out before and needs to be repeated. The NCAA wants the AAU's power and position and no beating around the bush by the likes of the USTFF can disguise that motivation.

The AAU is not guiltless in this fiasco. But its position and record is a bit more unassailable than that of the NCAA and USTFF.

The NCAA coaches who are behind the USTFF and allied federations should be told forcefully what to do with their inflated egos and ridiculous pretensions.

These are the people who have made a travesty of so-called "amateur" collegiate athletics with countless documented abuses in recruiting, scholarship funds and even classroom work.

These are the people who should run all amateur athletic programs in the United States?

Wayne Cooley, maybe you are right in one instance. Maybe of a warfare between the NCAA and AAU should be the order of the day.

After that, you and your kind can resign yourselves to cleaning up the mess you have made of college athletics.

In the two-man club championship play at the Colonia Country Club, the team of Ray Covino and Ray Mullady was first in the first flight followed by Roy Conklin and Ed Gatto.

In the second flight, Joe Vitole and Jack Ennis led with Ray Jacobbe and John

Poppinjays Win Prizes In National Competition

The Popinjays, a senior dance twirling team of the Rahway Recreation Department, won eighth place in the National Baton Twirling Association championships at Notre Dame University, Notre Dame, Ind., Aug. 4 to 8.

Members of the team were Maureen and Marijean Thorn, Peggy Corridon, Barbara Vogel, Susan Schultz, Karen Stueber, Leslie Paskowitz and Nancy Miller.

The Popinjays were proud that Rahway was represented at the national twirling championship events and that they were winners during "American Youth on Parade" week in Indiana.

The Rahway girls are making plans for next year but will have some new members. Barbara, captain of the Rahway High School twirling squad in 1970-71, is to leave soon for Colorado University.

The Popinjays thanked all persons who contributed to the fund to make the trip possible.

YOU CAN'T COMPETE IF YOU DON'T REGISTER ... Richard Gritschke of the Rahway Recreation Department, registration chairman, gives three boys, left to right, Bruce Lahavich, 10; Craig Litchko, 11, and Darin Alba, 9, information about entering the Rahway punt, pass and kick competition.

Three holes-in-one were made by golfers playing on area courses during the weekend.

Two of the aces were scored on the Oak Ridge golf course in Clark.

On the 140-yard third hole, Dick Jennings of Westfield hit the ball with a No. 8 iron and scored his ace. Playing as part of the threesome were Bob Johnson and Dick Bosell.

Francis Murphy made a hole-in-one on the 13th hole of the Colonia Country Club course. He used a No. 3 iron for the 174-yard hole.

This week Mr. Blalock will work with Mr. Gott and other ministers in the congregation, visiting the members in their homes, advising and counseling on congregational matters, and generally examining the spiritual condition of the congregation.

Candidates Want Curb on Taking Land for Dumps

Mayor Thomas A. Kaczmarek of Clark, Mrs. Matilda T. McGowan and Joseph L. Garrubio, Democratic freeholder candidates, have called for "public support" in behalf of a state law which would oblige a county freeholder board to obtain a municipality's consent to the taking of land for solid waste disposal purposes.

In their statement, Mayor Kaczmarek, Mrs. McGowan and Mr. Garrubio praised Democratic Assemblyman Henry F. Gavan of Linden and Joseph J. Higgins of Elizabeth who have pledged their all-out backing for this legislation during the State Legislature's fall session.

According to the three candidates, a freeholder board can acquire land within a county, with the exception of land owned by a municipal government, without the consent of that local government.

"A glaring example of this was the Disko plan for county dumping in Linden which was advocated by Freeholder William J. Maguire," the Democratic candidates said. "Linden's selection as a proposed garbage dumping site, without local municipal officials having any say in the matter, is a problem which conceivably could be faced in the future by other Union County towns which have marginal acres of land available."

"As a result, the three candidates believe that legislation which would prevent this from happening merits the backing of all county residents and officials, as well as the support of the State Legislature which the Republican Party now controls by a 3-to-1 majority."

RIAC Schedules Its 51st Picnic For Sun., Sept. 12

The 51st annual family picnic of the Rahway Italian American Club will be held on Sunday, Sept. 12, at Bartlett Field, Westfield Avenue, Rahway. The picnic will run from noon to 6 p.m.

The president, Anthony Vivenzio, has invited all present and past members and friends of the club to attend the picnic. The picnic committee is composed of all the club officers and the women's auxiliary committee, assisted by numerous members. Donation will be \$1 per adult.

Food and refreshments will be sold at the picnic area. Games will be provided for children and adults. Tickets are available from club officers. In the event of rain, the picnic will be held at the New Brunswick Avenue clubhouse.

Nick Firetto, chairman of the Columbus dinner-dance to be held at the clubhouse on Saturday, Oct. 9, reported all tickets sold.

On Sunday, Oct. 10, the club will join other Union County clubs in a county-wide tribute to Christopher Columbus. A parade in Elizabeth will march to a new statue of Columbus which will be unveiled at that time. There will also be a dinner-dance in the Hotel Winfield Scott to complete the celebration which has been planned by the Italian Cultural Society and numerous clubs.

Boosters and ads for the souvenir book are being received by Larry Petroangelo, club chairman; Mr. Vivenzio and Sal Finelli.

Tax Appeals Down, 10 File in Area

Taxes might be rising, but the number of appeals in Union County made before the Board of Taxation declined by 21 to 271 in 1971.

Rahwayans filed 9 appeals, and one Clark resident made an effort to reduce his levy.

Maurice O'Keefe, board secretary, said hearings are expected to begin early next month.

Elizabeth taxpayers filed 70 appeals, and Summit property owners entered 59 appeals. Summit properties were revalued this year.

Residents in other municipalities filed the following: Cranford, 5; Hillside, 15; Linden, 3; Mountainside, 1; New Providence, 27; Plainfield, 44; Roselle, 7; Roselle Park, 6; Scotch Plains, 8; Springfield, 3; Union, 6; and Westfield, 7.

No appeals were filed from Berkeley Heights, Fanwood, Garwood, Kenilworth and Winfield.

Would Switch Lanes Direction At Peak Periods

John T. Connor Jr. of Cranford, Democratic State Senate candidate from Union County, this week called upon the Garden State Parkway "to utilize existing lanes to speed suffering weekend motorists on their way to and from the shore."

Mr. Connor explained that many cities, including Boston, St. Louis and Washington, have programs for maximum utilization of existing lanes for weekend and rush hour traffic.

"On Friday night and Saturday mornings, at least one of the northbound Parkway lanes should be used for shore traffic," he said. "On Sunday evenings, we should reverse it. At least one of the southbound lanes should be used for people going home. Based on experience elsewhere, this plan should prove quite practicable and would greatly speed traffic."

Mr. Connor noted that a portion of the Parkway was presently being expanded. "But even when this expansion is finished, it is anticipated that there will still be bumper to bumper

FIRST CHURCH OF CHRIST SCIENTIST Church

What underlies today's interest in divine healing?

This is a question to be explored at Christian Science church services on Sunday in a lesson-sermon, "Christ Jesus."

The restoration of sight to the man born blind is one of the healings of Christ Jesus included in the Bible readings. "If this man were not of God, he could do nothing."

Commentary from "Science and Health with Key to the Scriptures" by Mary Baker Eddy relates such healing to today's demands. One citation states: "It is possible, -- yea, it is the duty and privilege of every child, man, and woman, -- to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness."

Services at First Church of Christ, Scientist, 830 Jefferson Ave., Rahway, begin on Sunday at 11 a.m. Everyone is welcome.

Sunday School classes will convene at 10:55 a.m. Children and young students to the age of 20 are welcome. Nursery is provided for children to the age of three.

The Rev. Millard Harris will preach on "Father, I've Come Back Home" at the 8 a.m. Sunday service. Sunday School meets at 9:30 a.m. Sept. 15 is Homecoming Sunday. On Saturday, Sept. 11, a bus ride to Dutchtown, Pa., will be conducted by the Senior Missionaries.

traffic on summer weekends," he stated. "Perhaps this expansion could include a system of reversible lanes such as that utilized in St. Louis. This would be especially sensible for the express lanes planned from the Raritan River to Asbury Park."

He pointed out that another method is being used on the main road from Boston south to Cape Cod where the paved shoulder can be driven on during rush hours and on the weekends.

"Any or all of these plans could be implemented at minimal cost, and could be a source of additional revenues," Mr. Connor said. "They have been utilized elsewhere and should be tried on the Garden State Parkway. Surely there are no greater traffic jams anywhere in the world."

Connecticut Income Tax Repealed; Budget Is Trimmed by \$85 Million

Amid complaints by Republican Governor Thomas Meskill that the new tax package passed by the Connecticut state legislature failed "to rid our state of deficit cancer," the governor signed a law repealing the newly-adopted state income tax.

Two weeks ago, The Rahway News-Record and The Clark Patriot featured an editorial on the Connecticut tax battle which pointed out that the level of taxation for middle-class families was becoming intolerable. Taxpayer testimony in the Connecticut state legislature advanced the proposition that individuals had a choice not to buy items and avoid taxation when times were hard under a sales tax. They were

quick to note, on the contrary, that the income tax provides no such leeway.

In that editorial sentiment was also expressed that taxpayers could take great measure of happiness from the fact that taxpayer resistance to increased taxation was growing to the point that both Democratic and Republican politicians were becoming a bit more receptive to holding the line on spending, even if they were reluctant to do so.

A coalition of middle-class Republicans and rank-and-file Democratic union members, it was noted, formed the bulk of taxpayer resistance in Connecticut.

EDITOR'S NOTE: It should be said that the new tax

package is a mixed bag and does not truly represent a healthy picture for state finances. It is, however, a beginning to end excessive and arbitrary taxation.

The governor quickly labeled the new law, featuring a 6-1/2 per cent sales tax, a two per cent hike in the present sales levy; and a six per cent tax on interest and capital gains "a miserable failure."

Meskill said he would make cuts of \$85 million to balance the state budget.

Among the cuts proposed by the governor was a rollback in per-pupil education grants (ADM's) from the \$210 adopted by the General Assembly to last year's level of \$200.

A new block grant to the cities and towns tied to the ADM at the rate of \$15 per student for general tax relief and not tied to educational spending, was also slashed.

Combined with the ADM, the proposed cuts mean that municipalities will lose all totaling \$25 for each student, Meskill explained.

While the cuts will be broad, the governor emphasized to newsmen attending a packed state capitol news conference that no sizeable number of state employees would be laid off, and no cuts would be made in "human services."

The 6 1/2 per cent sales levy would go into effect on "most items" Sept. 1, Meskill said.

On the other hand, the governor said the levy on dividends and capital gains would be retroactive to Jan. 1 of this year.

Other cuts proposed by the governor included:

* \$17.6 million in the welfare department.

* \$13 million in the education department including the ADM's.

* \$5 million in debt services.

* \$3.6 million in the department of mental health.

* \$3.2 million in the department of community affairs (DCA).

* \$2.5 million from the teachers' retirement fund.

* \$2.2 million at the University of Connecticut.

* \$1.7 million at the University of Connecticut Health Center.

* \$20 million in miscellaneous cuts.

The package, Meskill said, merely "prolongs the agony on our taxpayers," since it made no provision for paying off the state's \$244 million deficit.

Meskill, who deliberated 11 days before acting on the measure, faced the biggest decision in his term in acting on the historic income tax, born July 1 as an alternative to an "incredible mixed bag of taxes" previously approved by the governor and top legislative leaders.

The latest tax package, adopted Aug. 12 by lawmakers bent on repeal of the hot-potato income tax, also provided for annual tuition fees of \$350 at the University of Connecticut, \$300 at state colleges and \$200 at community colleges.
