Voters face school tax hikes

By Cheryl Hehl
Staff Writer

UNION — On Tuesday, taxpayers will get the chance to voice their opinion on how local school districts will be spending their tax dollars during the coming year. Polls will be open from 2 to 9 p.m. in all districts.

How this process ends up depends heavily on whether voters feel their school district has been fiscally responsible. Given the recent

sweeping cuts in state aid by Gov. Chris Christie, residents in many Union county towns will see a hike in school tax.

This week Christie urged voters to reject local school budgets if teachers in their district did not take a pay freeze as requested. By not taking the pay freeze, he said, these districts lose the chance to get back a portion of the state aid they lost and save teaching jobs and programs.

Also, if voters reject the idea of a property

tax hike there could be more slashes in store for many districts.

Roughly 80 percent of school budgets go toward salaries and benefits for administrators and teachers. In recent weeks this issue became a source of contention between the governor and the New Jersey Education Association, the union that represents the state's teachers. As it stands now, few district teachers have voted in

UNION — Four candidates vying for three seats on the board of education met last week for a round table discussion on issues facing the district, but there was little they did not agree on.

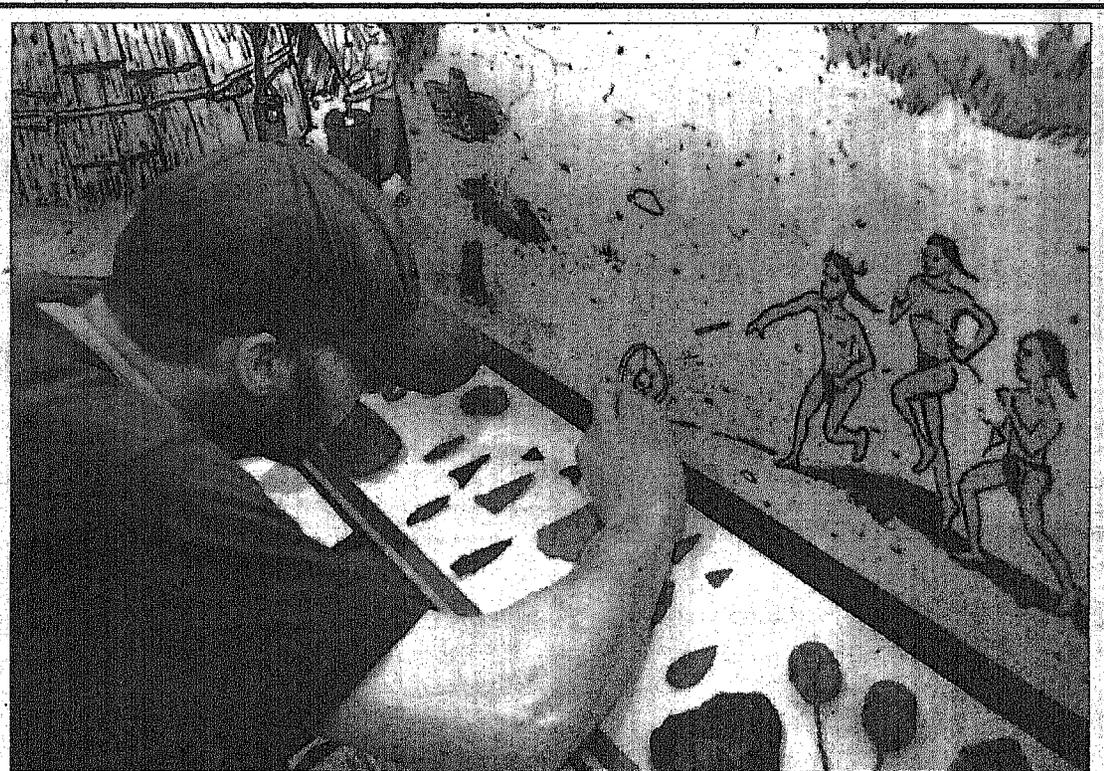

Usually when an election is contested, a debate or forum often is contentious. But when incumbents Linda Gaglione and Versie McNeil had the opportunity to face off with challengers Richard Galante and Kenneth Meisch, it was apparent they agreed the district had been fiscally responsible during troubling economic times.

One of the first questions posed to the panel of candidates was how board members would cope with declining funding to the district.

McNeil, current board president, pointed out that while cuts in state aid had affected other districts negatively, Union was able to keep programs intact, losing just one teacher assistant. Galante, on the other hand, said the district saw only a 2.6 percent budget increase, unlike other districts.

Gaglione, running for a third term, was more blunt, explaining that because the board had been fis-

Road ahead is less bumpy for Union drivers

By Cheryl Hehl
Staff Writer

UNION — Drivers can now expect a smoother ride on township roads after a snowy winter left them dodging potholes left and right.

Although there may not be anything new on the horizon to solve this dilemma once and for all, Department of Public Works Superintendent Sergio Panunzio is on top of the situation.

Last month, Panunzio's crew filled 4,000 potentially tire-wrecking potholes, which brings the grand total to 6,279 since the beginning of the year.

Panunzio said he and his crew are able to

accomplish such a large task by staying on top of residents' complaints and sending DPW workers out to survey the streets of the township and promptly fill these holes — which is no easy feat with potholes forming all the time.

Although the topic of potholes may seem cut and dried, Panunzio said he begs to differ. In fact, the story of how a pothole forms and is eventually filled is slightly complex.

While it may appear that a pothole seems to pop up almost overnight, in reality it takes several factors coming together to cause the problem. The most common is when water seeps into a crack in the surface of the road and undermines the stability of the surface.

Panunzio explained that once that happens the roadway is further stressed by the heat of summer or freezing winter temperatures. Eventually, with the additional burden of constant traffic, the surface cracks deepen, the asphalt layer over these enlarging cracks collapses and every car or truck driving over it makes the problem worse.

If it seems as though the roads have more potholes this year, Panunzio points out that with 34 inches of snow and a very rainy spring, the streets in Union have taken a beating.

So how does the DPW crew fix a pothole? Panunzio said just filling the hole with asphalt does not solve the problem for long.

"We want to ensure that once the pothole is filled, it does not collapse again," he said.

The next time you see that a pothole has been filled, you might notice the original hole was squared off and then filled with asphalt. What you would not know is that there are two grades of asphalt and it takes 4.2 inches of a higher grade filler asphalt and two inches of a topper to make sure a hole is sealed properly. At a cost of \$7 to \$12 to repair the average pothole, the cost can add up quickly. So far this year, the township has spent \$26,000 filling all the potholes that developed during the winter.

One thing is certain, Panunzio quips, there is never a lack of potholes.

ABC suspends liquor license at Roselle club

Studio Allzone re-opens following charges including underage drinking and disorderly conduct at club

By Paul Greulich
Staff Writer

ROSELLE — The dance floor is a lonely place at Studio Allzone following the temporary suspension of its liquor license for charges of underage drinking.

The popular club was raided by the Alcoholic Beverage Control Board on March 27, 2009. Seven people were arrested and charged with underage consumption of alcohol. All pleaded guilty. The owner, Lester Pietranek, was fined \$26,000.

According to Police Chief Gerard Orlando, the action against the club was taken in response to complaints of disorderly conduct, as well as urinating and drinking in public.

"We had various complaints from residents in the area," Orlando said. "We found that alcohol played a role in all the problems they were having there."

The dance club, located on St.

Georges Avenue, has remained open for the past year, incurring additional charges on Jan. 17 when four people, including two juveniles were arrested at a Teen Night event. The owner, Lester Pietranek, was charged with quality of life nuisances.

This more recent charge on Pietranek's license was expected to be discussed Wednesday before the local ABC Board, Orlando said. Contacted on Monday, Pietranek denied the license had been suspended and said the club was open for business.

A South Plainfield resident who works on St. Georges Avenue in Roselle said the club seemed popular with younger people.

"I've seen that place packed," he said. "When I was there it was always Polish people in there."

He said he never noticed any rowdy or inappropriate behavior.

"I've been there a few times.

It's a good place," he said.

The liquor license was suspended for 15 days. The final day of the suspension was Monday, police officials said.

Orlando said illegal activities at Studio Allzone first came to the attention of police in late 2008 and early 2009.

"We've been monitoring the activities of the club," Orlando said.

Last year's raid on the club was enacted in conjunction with the New Jersey Attorney General's Office enforces ABC laws on the state level.

"The Roselle Police are committed to quality of life issues throughout the borough, in particular enforcement of underage drinking and ABC violations," Orlando said.

Orlando said about 16 liquor licenses are active in the borough.

Linden murder victims identified

By Cheryl Hehl
Staff Writer

LINDEN — The dismembered body parts of two victims found on a tree-lined residential street in Linden last week have been identified, but the killer is still at large.

The identities of the man and woman were announced several days later by the Union County Prosecutor's Office after families of both victims were informed the deaths had been ruled homicides.

Union County Prosecutor Theodore J. Romankow and Hudson County Prosecutor Edward De Fazio, working jointly on the case, said the bodies — discovered the

morning of April 5 on the corner of Cranford and Essex avenues by a sanitation worker — were that of Maria Angel Torres, 48, and Lazaro Calero, 49, both of Union City.

Little is known about either victim, except that both lived in the same apartment building at one time and Calero may have rented a room from Torres.

Authorities said it is unclear why the remains were discarded in Union County, or who may have committed the murders.

Romankow said the case is under investigation with police pursuing a number of leads as well as taking statements from people in

Hudson and Union counties.

Residents living on Cranford Avenue said late last week that they were still shocked by the discovery, especially because it is not unusual for people to dump refuse in the area.

The gruesome contents also sparked considerable apprehension until it was discovered that the victims were from Hudson County.

"I think what bothers me the most is that those bags sat there for days and days. What if one of the kids opened those bags," said a resident of Cranford Avenue in Linden, who preferred her name not be used.

Since then, the image of red-faced imbibers with swollen noses has led to the assumption that alcohol and excess are the roots of the problem. However, rosacea is not caused by alcohol abuse, but drinking alcohol can cause the condition to worsen among those affected with rosacea. While no one is completely sure what causes rosacea, it most commonly occurs among people with fair skin. The condition seems to run in families and gets worse if left untreated. POLICE BLOTTER

Ramon Almonte, 22, Ramon Diaz, 26 and Marcos Gonzalez, 25, all of Bronx, N.Y. and Giselle Thomas, a 36-year-old female from Roselle Park, were arrested on April 5 at about 6 p.m. on Sheridan Avenue.

Police Sgt. Theodore Dima was on patrol in the area of Sherman School when he noticed a vehicle with an out-of-state license plate parked on Sheridan Avenue obstructing traffic in front of the school. The vehicle had its hazard lights engaged.

Dima conducted a field inquiry and his investigation led to a residence at 315 Sheridan Ave., directly across the street from the elementary school's playground. Dima's investigation revealed the three males were allegedly delivering 28 Percocet pills and two folds of cocaine pills and the Bronx area to Thomas's Sheridan Avenue home. Police report Thomas agreed to the payment of \$50 in gas and tolls for home delivery of the drugs. An additional 23 pills were found in the suspects' possession.

The followup investigation by detective Keith Wintermute revealed the parties originally came into contact with each other through *craigslist.com* and continued their relationship using text messages.

Gonzalez, Diaz, and Almonte were charged with possession of a controlled dangerous substance and possession with intent to distribute within a school zone.

Thomas was arrested and charged with two counts of possession of a controlled dangerous substance within a school zone.

Castanheira, 31, of Hillside was arrested on April 10 at 11 p.m., shortly after police received a call from a woman who had just been robbed while standing on the corner of North Broad Street and Beechwood Place with a friend. Within minutes of the call, Castanheira was located by Officers Carlos Graca, Ronald Bartell and Lt. George Harris. After a brief investigation Castanheira was arrested for robbery and transported to Hillside police headquarters.

Linden

• Police are investigating a case of robbery reported April 5 at 3:40 a.m. at the Hess Station on East Edgar Road. The victim, a 48-year-old male from Elizabeth, told police he was sitting in the booth when he was approached by a man who pointed a handgun at him and demanded money. The victim allegedly tried to lock the door to the booth, but the suspect forced it open.

The victim handed over \$300 in cash from the till and his wallet. The suspect then grabbed the victim and forced him out of the booth and into the adjacent convenience store with the gun pointed at his head. When they entered the store, the suspect demanded money and Newport cigarettes from the female cashier, age 37, of Linden. She gave him an undetermined amount of cash and the cigarettes. The suspect then led both victims to a storage room at the rear of the store and locked the door. The male victim called police using his cell phone and both were released from the room soon after. The suspect was described as wearing a black hooded sweatshirt and black ski mask. The suspect may have been accompanied by a second suspect as they were observed fleeing the area on foot. Franks mourned by constituents

By Paul Greulich
Staff Writer

Residents and officials are remembering former New Jersey Rep. Bob Franks, who died at Memorial Sloan Kettering Hospital in New York City on April 9.

Franks, a native of Glen Rock, graduated from DePauw University in 1973 and from law school at Southern Methodist University in 1976.

Franks was active in Republican politics from a young age. As a teenager living in Summit, Franks became involved with Young Republican groups, helping found the Union County Young Republicans.

Franks served as an aide, consultant and campaign manager to several politicians including Rep. Jim Courter and Gov. Thomas

Kean before launching his own career in the State Assembly and later as a Congressman.

He also served as New Jersey Republican Party chairman. In 2000, Franks was narrowly defeated in a race for U.S. Senate by John Corzine.

Franks spent much of the following years focusing on his work as director of the HealthCare Institute of New Jersey, a prominent lobbying group for pharmaceutical and medical technology companies.

County Republican Chairman Philip Morin, who interacted with

Franks

Franks as a Cranford Township Commissioner from 1996 to 2002, remembers him as a strong and honest political figure.

"He was just the consummate family man, public servant and political tactician," Morin said. "He had a brilliant mind for policy and politics in government."

Morin said Franks was supportive both of his constituents and up-and-coming Republican candidates.

"He was an inspiring person and an encouraging person," Morin said.

A public memorial service for Franks will be held at the Cathedral Basicalla of the Sacred Heart in Newark at 11 a.m. on Saturday, where Gov. Christie and former governors John Corzine and Christie Whitman will be speaking.

Assemblyman enters guilty plea

By Toniann Antonelli
Regional Editor

Former Assemblyman Neil Cohen, 59, stood before a judge in a Trenton court Monday and pleaded guilty to distributing child pornography.

In 2008, a staff member in Cohen's legislative office on Stuyvesant Avenue in Union found photos of an underage girl in various stages of nudity that he had printed out using his office computer. The office worker informed fellow Democratic legislators, Sen. Ray Lesniak and Assemblyman

Joseph Cryan, who shared the office with Cohen. Cohen resigned from his Assembly seat a week later.

The former Roselle resident, who appeared older and tired when he spoke to Superior Court Judge Gerald Council, must register as a sex offender under Megan's Law. he will also be restricted from using social networking Web sites.

A plea deal with prosecutors may send Cohen to prison for five years. An attorney, Cohen may also be disbarred.

"The Neil Cohen I know is a

compassionate human being who dedicated his life to public service. He's been punished severely for his actions and, under today's plea bargain, will face more punishment," Lesniak said Monday following the hearing. "I'm confident the treatment Neil has undergone to date and will continue to undergo with the court's guidance, will allow him to be the person I know him to be. I look forward to the day when he has paid his debt to society and will be able to fully live his life with the abundance that is God's wish for all of us."

Taxpayers to vote on school budgets

(Continued from Page 1)

favor of a pay freeze. Although some taxpayers have expressed support for Christie's cuts in state aid, others came out in force to school board meetings to protest the slashes.

Despite this recent upheaval and debate over cuts school districts had to make, voter turnout in the past for school elections and budget approval hover around 14 percent.

On average, 58 to 60 percent of school budgets are funded through local property taxes, with another 38 to 40 percent coming from state aid. The remainder comes from federal funding.

Local budgets rejected by voters are sent to the municipal councils for review. They may make cuts or leave the budget intact. If a school board does not agree with cuts made by their governing body, they can apply to New Jersey Education Commissioner Bret Schundler for restoration of the funds. Tax breakdowns for school districts in Union County towns are as follows:

- Union taxpayers will vote on a \$131.3 million budget, which reflects a \$144 increase for homeowners with the average assessed home of \$46,074. However, there will be no layoffs of teachers or other staff.

Interim Superintendent Gregory Tatum admits the budget process was not easy.

"We had to make some tough decisions to comply with the governor's mandate," he explained, adding that everyone was happy that staff did not have to be cut as a result of the loss of state aid.

Union voters will also be asked to approve a bond referendum in the amount of \$7 million to fund part of a \$24 million plan to renovate Central 5 school, making it compliant with Americans with Disabilities Act standards. A grant and state aid will make up the balance of the funds needed for the project, according to school board president, Versie McNeil.

- In Rahway voters will give the nod for or against a \$60.5 million budget, which amounts to a \$92 increase for the average home assessed at \$133,000. In addition, the average assessed homeowner will take on \$88 more toward a construction referendum previously passed. This budget eliminates 53 positions, including 28 teachers, who did not take a pay freeze, and nine administrators.

- Property owners in Linden will be voting on a \$102.1 million budget, of which \$77.8 is supported by taxpayer dollars. This breaks down to \$141 increase for the average assessed home of \$140,600.

This budget supports 6,456 students, 615 teachers who did not take a pay freeze, 355 non-certified staff and 39 administrators.

According to Schools Superintendent Rocco Tomazic, 117 staff will be cut because of this budget, 17 due to retirement, the remainder due to layoffs. "I just hope this budget passes," he said Monday.

- In Cranford, where teachers did not take a pay freeze, taxpayers will decide on a \$46.2 million budget, which is a \$209.84 increase on the average assessed home of \$181,740. A total of 48 positions were slashed to meet this budget, including elimination of middle school sports.

- Kenilworth taxpayers will vote on a \$21.9 million school budget, or \$310 increase on the average assessed home of \$167,5000. Although the district eliminated some positions, the budget provides for the hiring of 5.5 additional positions. Teachers did not opt to take a pay freeze.

- Springfield will vote on a \$31.7 million budget, which reflects a \$77 increase for the average house assessed at \$100,000. There are 2,147 students in the school district and no teachers opted to take a pay freeze.

- In Roselle Park, voters will decide on a \$18.2 million budget, reflecting a \$85 increase for the average home assessed at \$119. More than 50 staff members will be cut, including 18 teachers at the high school. However, teachers opted not to take part in a pay freeze.

- Hillside taxpayers will not see an increase over last year's budget.

- Mountainside has a \$13.1 million budget for voters to decide on, reflecting a \$171 increase for the average homeowner.

Roselle and Clark school districts did not respond to repeated requests for information by press time Tuesday.

OPINION

EDITORIAL

Incumbents, Galante; Budget, referendum

Union School District has much to accomplish. Standardized test scores need to be improved, state aid cuts and fiscal constraints continue to make balancing the budget an arduous task and projects are planned for renovations to school buildings. We believe the combination of experience and dedication that incumbents Versie McNeil and Linda Gaglione and newcomer Rich Galante will bring to the school board will help propel the district forward.

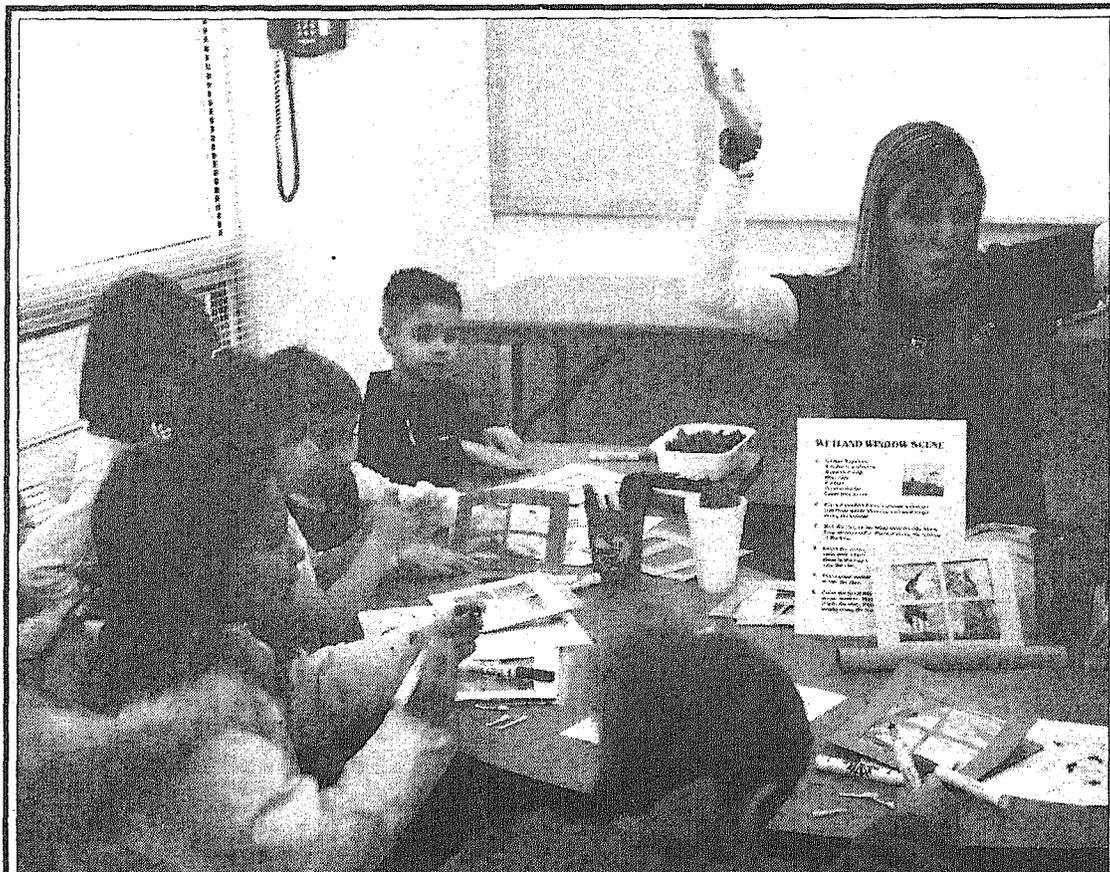

We also urge voters to support the school district's \$76 million budget when they head to the polls next Tuesday.

While some candidates and elected officials tend to place too much emphasis on state issues and local politics during school elections, McNeil's focus is right where it should be — on the curriculum and finding ways to improve it. As an educator herself, the school board president said she wants to "close the curriculum gap" that she believes exists in the township's schools. Raising the level of student achievement is one of her priorities — as it should be. In addition, she is eager to move forward with a proposed plan to renovate Central 5 school. In her years on the school board, she has also worked with an ad hoc committee to institute environmentally-friendly changes within the school system and administrative offices.

Gaglione, a parent of children who attend Union schools and a six-year member of the board, is the chairperson of the board's finance committee. She knows, perhaps better than most, of the challenges that the district faces in terms of spending and the need to adapt to lesser state aid and state mandates that come with a high price tag. Both she and McNeil are deserving of another term on the board.

Though new to the school board election process, Galante is no stranger to the district's schools, having gone through the township school system himself. A local business owner, Galante is well-known in the municipality for both his presence at school events and his volunteer efforts throughout town. He is knowledgeable of the issues taking place in the district in terms of finance and academics and we believe he will be a welcome addition to the board.

While this year's \$76 million school budget includes a \$144 increase per household, we feel it deserves voters' support. The school board has devised a tight spending plan that maintains key programs and services. We also urge support for the second question on the ballot, which includes a \$7 million bond referendum to upgrade the 100-year-old Central 5 School, finally making it compliant with the Americans with Disabilities Act and implementing various environmentally friendly improvements. The state has already agreed to fund a portion of the plan and failing to approve the referendum could result in a loss of this much-needed construction aid.

In case you might have missed it

A little Good News in the War on Cancer

The numbers from the National Cancer Institute brought a little good news for the Garden State. We have actually dropped to the fourth highest in terms of incidence of cancer.

More locally, Union County ranks 13th in the state. We are still sadly ahead of the national level in terms of cases per 100,000 population. Union County's number is 494 per 100,000. The worst in the state is Cape May at 599 and surprisingly the best is Hudson at 443. We also are doing better than Morris County, but worse than neighbors Somerset, Essex and Middlesex.

Disaster Aid Available

FEMA aid is available from the damages of the March storms. Freeholder Chairman Dan Sullivan said, "We encourage everyone affected by the storms and flood caused by the heavy rains of March to contact FEMA and register for disaster assistance." Sullivan listed the FEMA hot line number at 800-621-3362.

Shared Service that Might Work

From this corner, most of the ballyhoo about shared services is very unimpressive. Once in a while they get it right. The announcement by Springfield that they are talking with Millburn about developing a joint library at the old Saks Fifth Avenue site is really exciting. For the neighbors opposing a supermarket at the site, this is a win-win.

Left Out

By Frank Capece

The idea of a joint library has major pulses. There is speculation that Summit might even jump into the mix.

The Return of Tom O'Malley

A good bet is 99.9 percent of Union County has never heard of corporate executive Tom O'Malley. An interesting Wall Street Journal profile described him as "a Wall Street trader turned oil industry consolidator returning to the refinery business." His latest purchase is a \$230 million Delaware refinery.

Fifteen years ago O'Malley engineered the purchase of the Exxon refinery in Linden by his then small company Teco. Rumors were that without his purchase it would have closed. He later sold the facility to ConocoPhillips.

Joe Cryan goes to the Lion's Den

You have to give it to Joe Cryan, assemblyman from Union. Cryan also serves as the Democratic majority leader in the State Assembly. Last week he laid out his positions to a group of Somerset County businessmen.

Cryan flat-out supports the continuation of the so called "Million-

aires tax" for those making over \$400,000 a year to help fund the shortfall in education dollars. In terms of the opposition of Gov. Chris Christie he said, "Clearly we are at a different mindset then the governor in terms of some of the cuts."

Earlier last week in an op-ed piece he wrote, "along the way one of my great teachers told me, you have to take the tough meetings and listen to the other side, because in life not everyone agrees with you. And don't try bullying people. It will never get you anywhere in the long run."

Adventures in Cranford Parking

The Wachovia Bank in Cranford on South Avenue isn't taking it anymore. Their parking lot has become an oasis for patrons going to the Bagel store, or Kilkenny's Pub. The problem was there were no spaces left for the banking patrons. Now a guard shoos away the illegal parkers.

Meanwhile, Scooter, Cranford's intrepid parking enforcer has taken to his own public relations campaign chatting with kiddies and the local population.

It doesn't change the fact the compulsive parking enforcement envisioned by the current public brass has helped devastate the downtown area.

An attorney, Frank Capece is a resident of Cranford.

Child safety is a priority in county

With winter finally behind us, we begin housecleaning, preparing our gardens, making vacation plans and readjusting our schedules.

During this change of seasons, we may need some reminders of the needs of our children and the services that are available from our law enforcement agencies.

Some parents may not know that New Jersey is the only state in the country that has legislation providing a "Fingerprint on File" service be available to our children and their parents. The program began in 1982 when the public was traumatized by child abductions, including high profile cases involving the disappearance of Etan Patz and Adam Walsh.

With statistics revealing that nearly a million children are reported lost or missing each year the community looked to law enforcement for new ways to protect children. The fingerprinting program was a simple way to identify our young people. Parents receive a card featuring the child's fingerprints and personal information. In case a child is reported missing, the card provides police with important data.

grams are available to help protect our young people. The Union County Sheriff's Office, with the assistance of Freda Remmer and her students at Kean University, developed a book for children to teach them how to properly react in a potentially dangerous situation. The book, "Play It Safe," was carefully designed to present different scenarios for children to role play as they think out the right course of action. The book is available at no cost in English and Spanish.

Firearms are one of the principle causes of death among American children today. The Sheriff's Office has developed two videos to educate children and teens about the dangers of firearms.

These two videos, "Get Away, Get a Grown-Up" and "Teens and Guns: An American Tragedy," have been shown to school all over Union County. We also offer, at no

charge, locking devices for legally registered firearms to help kept guns properly secured at home.

The Union County Sheriff's Office also offers special services for senior citizens.

The "Senior Citizen Identification Program" provides seniors with an ID card that includes name, address, contact and critical medical information that can be used by responding medical personnel in case of an emergency.

Under the innovative "Project Lifesaver" program, individuals with Alzheimer's disease, autism or other debilitating disorders are outfitted with a watch-sized transmitter that can be tracked by the Sheriff's Search and Rescue Unit if the individual is reported missing or lost. New Jersey is the only state in the country that provides statewide "Project Lifesaver" coverage.

Please take advantage of these services to help protect our children and our senior citizens.

Prevention and education are paramount. For information about any of these programs, please call the Union County Sheriff's Office at 908-527-4450.

Ralph Froehlich is the sheriff of Union County.

LETTERS TO THE EDITOR

Support 'Gold Star' bill

To the Editor:

From the picturesque wilderness of Alaska, to the majesty of the Florida Everglades, 46 American states have enabled a successful passage of Gold Star License Plates bill.

By passing such iconic and stately legislation, 46 American States have decreed that thousands of gallant American servicemen and servicewomen, who so heroically gave their lives in Iraq/Afghanistan, and other conflicts, that their intrepid sacrifices would be forever memorialized on Gold Star Family License plates, so that other Americans would realize the immense depth and scope of those families' eternal sacrifices in defending America.

New Jersey is one of four American States, that have yet to display this superlative honor and priceless heritage to those patriotic New Jersey families whose irreplaceable sons and daughters have perished in Iraq/Afghanistan and other conflicts, to preserve our incomparable freedoms.

Consider the singular cases of Air Force Sgt. Timothy A. Walker of Millville, who died in Afghanistan, in November of 2003, and that of Army Sgt. First Class Gladimir Philippe, of Roselle, New Jersey who died in Iraq in June, 2003.

Each death was one of the first casualties endured by New Jersey military personnel stationed in Iraq/Afghanistan.

Yet more than 2,500 brutally emotionally draining days have elapsed for a Gold Star License Plate presentation for their individual families; a presentation that 46 other American States have crafted to patriotically offer tribute to the noble fallen of their respective states.

Let us unite as one, to fervently resolve by Memorial Day, 2010, to support A-1958, and S-228.

FELINE AGGRESSION

Sometimes cats bite and scratch, there's no getting around it. Cats, though domesticated, are predators at heart. There are reasons for biting and scratching, and knowing them helps owners differentiate between normal behavior and a red flag. Cats may bite or scratch when playing, which is easily correctable. Cats can have too much of a good thing; some felines luxuriate in a stroking session only to suddenly bite the hand that pats them. This is within the bounds of normal behavior and a sign that the cat has become over stimulated. But if a cat suddenly becomes aggressive and exhibits behavior that is out of character, it's time for a trip to the vet to rule out illness.

Feline aggression can take many forms and be disruptive and dangerous in a household: At T.L.C. PET DOCTOR, we have years of experience, and we pride ourselves on our education. We invite you to come to 1326 Stuyvesant Ave., Union, and introduce us to your pet. To schedule a checkup call 908-686-7700. From surgery to basic nail clipping, we want to help ensure that your furry friend is as happy and healthy as can be. We know how much you care about your pet, because we care about them too. We provide complete companion animal care, including dental care, and x-ray services. We will always do our best to keep your pet healthy with the most up to date care. Our services include geriatrics care, radiology, wellness and preventive medicine, and many more. We provide exotic pet and bird medicine, as well as diagnostic services offered on site.

P.S. Some cats misbehave in times of change, such as the addition of a new family member or the loss of a familiar friend.

Let the Bible Speak

1 Peter 4:11

Jesus Said "Have You Not Read"

READERS BEWARE:

The Bible clearly teaches that Jesus Christ built only ONE CHURCH (Matt 16:18, Rom 16:16) All the different kinds of churches NOT found in The Bible, are Perverted Churches. They are set up by Satan and his servants (2 Cor: 11:13-15; Matt 7:13-23) for example The Roman Catholics and The Protestant denominations exist without divine authority and are sinful.

Thus, the essential head of every denomination church is Satan (Matt 4:10). The Bible teaches that failure to discern the truth from error is fatal.

Sperry Observatory to close

By Don E. Smith Jr.
Correspondent

Members of Amateur Astronomers, Inc., have appealed a decision to close the William Miller Sperry Observatory at the campus of Union County College in Cranford.

According to a Union County College spokesperson, Patricia McGuire, who serves as the executive for marketing and college communications, the college decided to close the observatory due to the current economic environment.

"We have seen an increase in students," said McGuire.

She explained that due to the economic conditions, residents of Union County are returning to college to get degrees or specific career training. "We have seen a 7.5 percent student increase," said McGuire. According to the AAI Web site, this is a modest amount.

"A modest estimate is that gutting and converting the building would result in seats for only 80 students out of approximate 11,000 students who attend UCC," said AAI in a statement on their site.

Effective July 21, 2010, Union County's communities will lose what has been a valuable educational resource for the past 43

years. The Board of Trustees and Board of Governors of Union County College have decided to close Sperry Observatory, and convert the space to additional classrooms.

"There will no longer be a facility for the public to view the heavens and hear lectures on space and astronomy," according to the site.

McGuire confirmed that members of AAI have appealed the decision, but the board of governors and the board of trustees at UCC are deciding how to accommodate AAI if it at all possible. Lewis Thomas, the corresponding secretary of AAI, who spoke before the boards of governors and trustees recently said he wants to keep a positive working relationship and an open line of communication with the UCC administration.

"My goal is to work with the college in a cooperative fashion," said Lewis. "Both the college and the Amateur Astronomers can help each other."

He said both groups shared a common goal to educate students.

Gordon Bond, president of the AAI, echoed Lewis' remarks.

"We still have a great relationship with the faculty and the students," said Bond. "Just the other

day we received a request from the professors to staff and run a lab for their students. Our members have jobs and family responsibilities, but we always try to find time to lend a hand."

To take it back a little further, according to the AAI Web site, the "Sperry Observatory began as a \$150,000 endowment to Union College by Mrs. Frederick W. Beinecke, and son William, and was dedicated on May 21, 1967 in honor of William Miller Sperry, Mrs. Beinecke's father. Mr. Sperry was a local philanthropist, president of Sperry & Hutchinson Co., and an avid amateur astronomer."

The observatory houses "two of the largest telescopes on the East Coast for amateur use. The 18-foot East Dome is made of steel and it holds a 10-inch f/15 refractor built by AAI members. That telescope was presented to the college in October, 1972. The 20-foot West Dome is made of fiber glass and it is home to a 24-inch f/11 Cassegrain reflector purchased by AAI.

To minimize vibration, each telescope rests on an 8-foot thick concrete pier atop piles driven 30 feet into the ground, all separate from the building."

Canidates discuss school issues

(Continued from Page 1)

cally responsible, the loss of \$9 million in state aid did not have the impact it might have had. But, she warned that if the budget does not pass Tuesday "you will see cuts."

Meisch did not answer the question but rather posed a question of his own, asking if the board would consider freezing teacher salaries.

Because teachers are unionized, the question of a freeze in pay would only take place if the local union majority vote was in favor.

Another question that seemed to bring about considerable discussion was how the candidates felt about the often controversial issue of district students attending magnet schools.

Gaglione admitted that magnet schools do affect the district, but felt there were good and bad points to this issue. She explained that regardless what out of district school a gifted and talented student attends, "those test scores come back to the district." But, she also felt Union offered good benefits for these students right in their own home district that should be explored. Especially because the district has to pay tuition for these students to attend magnet schools. McNeil agreed, noting she felt the district had "excellent programs" for these students.

Galante looked at this issue from a different angle, suggesting although students at the top of the class have this option, he would like to see those not college-bound have the same opportunity to grow educationally in a field that they intend to pursue. He also felt magnet schools may be "one-sided."

The next question came in two parts, with the first inquiring how Union "stacked up" with other towns in the number of students attending college, while the second part asked how they, as board members, would provide for those not going this route.

McNeil said 50 percent of Union High School students attend college while the rest either go on to vocational schools or into the work force.

"The percentage of students not going to college is

still there, so we need to offer those students classes that will prepare them," she said.

Gaglione pointed out that the district provides students not college bound with vocational classes that prepare them for careers in cosmetology, graphic arts and other service oriented careers. But, she also mentioned that economics have a lot to do with the low college percentage numbers.

"We have had a decline in the past of students going to college and I think its the cost," she said, adding that "it can cost \$40,000 a year to send a child to college. People just can't afford it."

Galante brought up the fact that when he attended Union High school, they offered a work-study program where students had the opportunity to attend school in the morning and work for a business in the afternoon.

Meisch suggested that some students are "late bloomers" and if elected he would like to expand on additional technology training. "We need to make sure students are prepared for life," he said.

One of the final questions of the evening centered on how the schools were able to enforce rules in the schools and whether there was "a lack of cohesiveness or structure" that gave rise to the opinion that "students, not teachers, were running things." Candidates were asked to comment on whether they thought this statement was accurate or not.

Meisch said he thought this was true while McNeil saw things differently, suggesting there was "structure and a chain of command" in the schools that worked overall. Gaglione said that when it came to the chain of command, she expected everyone to do their job.

Wrapping up, candidates were asked to comment on the proposed school budget.

Galante said he would use two words for the budget, "responsibility and fairness."

"The increase for the average assessed homeowner amounts to \$12 a month," said Gaglione. "We haven't cut athletics, programs or teachers. Other districts had to make cuts, but we did not."

Candidates file for primaries

By Paul Greulich
Staff Writer

Political circles are abuzz with the results of the April 12 filing deadline for primary elections, a fateful date when many residents choose to take the leap into the realm of public service.

Both newcomers and incumbents cited the challenges facing the state and its municipalities as another reason to throw their hat in the ring, while many others see the same troubles as a reason to keep their hats safely on their heads.

Many established public figures, like Summit Councilmen Dave Bomgaars and Thomas Getzendaner, have found themselves running unopposed.

In Linden there is a rush on for the mayor's seat, with Council President Bob Bunk, Fourth Ward Councilman Derek Armstead, and newcomer John Fine setting their sights on the Democratic nomination. The city clerk's office reported no Republicans filed petitions, while Independents file separately with the County Clerk. Present Mayor Richard Gerbounka will be defending his seat. Gerbounka said he is glad to see so many people interested in running the city.

"I think any competition is positive," Gerbounka said. "When you have competition it brings out the best in people and encourages them to work hard."

The township of Union's Democratic party primary will see incumbent council members Clifton People Jr. and Suzette Cavadas compete against primary challengers Eduardo Espinal and Angel Salcedo. Republicans Charles Donnelly and Paul Verzosa, who ran unsuccessfully last year, will comprise the November opposition.

Among those opting not to run for re-election are longtime Rahway Mayor James Kennedy and Roselle Park Mayor Joseph DeIorio.

DeIorio indicated he would remain an active resident. "Believe me, I'm not going anywhere," DeIorio said. "As 'Citizen Joe' I will be able to focus on individual projects and issues to improve our town."

Another change to the county's political face will be the departure of Rahway Mayor James Kennedy, who has declined to run again after 20 years in office.

Vying for the mayor's seat will be local Republican Chair Patrick Cassio and Democrat Freeholder Rick Proctor.

COUNTY NEWS

UC Fiscal Committee open hearing date set

Union County Freeholder Fiscal Committee Chairman Alexander Mirabella announced that an open public hearing date for capital requests in the 2010 executive budget is scheduled for April 22 at 6 p.m. The hearing location will be the Freeholder Chambers, County Administration Building, 10 Elizabethtown Plaza in Elizabeth. The public hearing will be followed by the regularly scheduled Freeholder meeting at 7 p.m. The 2010 Executive Budget was presented in February by County Manager George W. Devanney, who noted this year's budget narrative "reflects our proactive efforts in overcoming extraordinary challenges over the past year, and stabilizing Union County's current budgetary picture

despite one of the toughest recessionary cycles in a generation, which adversely impacted many of our residents as well."

ARC honors longtime senior vice president

James Lape, Senior Vice President at Trinitas Regional Medical Center and President of the Board of Directors of The ARC of Union County, has recently announced that Frank Caragher will be honored at The ARC's 46th Annual Candlelight Ball on Saturday. Caragher's 20th anniversary as The Arc's Executive Director will be recognized and celebrated. During his 20 years at the helm,

The ARC has grown from a \$7 million to \$20 million budget, offering over 30 programs and services to children and adults with developmental disabilities.

UCC continues search for new school president

Union County College has narrowed its search for a new president to three finalists. The college's presidential search committee named two external candidates, Marie Gnage and Margaret McMenamin, and one internal candidate, Wallace Smith.

The board of trustees and board of governors will this month to announce a final selection to replace outgoing president Thomas H. Brown, following visits by each finalist to the college in April for interviews with the members of the boards and public forums with students, faculty, administration and staff, according to interim president John R. Farrell, Jr. The new president will take office prior to the start of the fall semester.

Gnage has been president of West Virginia University at Parkersburg for five years. Prior to that she served as senior vice president for academic affairs at Raritan Valley Community College in North Branch. During her tenure at West Virginia University at Parkersburg, Gnage excelled in strategic planning, facility upgrades, fundraising and enrollment growth, according to the UCC presidential search committee's review.

McMenamin is the acting president of Brookdale Community College in Lincroft, where she has

Marie Gnage

served as executive vice president for five years. She also served as vice president of academic and student affairs at Lehigh Carbon County Community College in Schnecksville, Pa. While at Brookdale, McMenamin's accomplishments included an academic restructuring, development of an academic master plan and college-wide assessment, according to the search committee review.

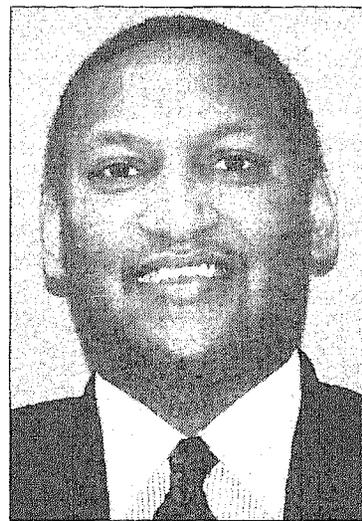

Smith has been vice president for academic affairs at UCC for 10 years, where he also previously served as provost for the college's Plainfield Campus. In his current

Margaret McMenamin

position, Smith helped secure an evaluation of outstanding for UCC from the Middle States Commission of Higher Education, developed more than 20 certificate programs and 15 articulation agreements with four-year colleges and universities, and secured more than \$12 million in grants, according to the committee review.

"All three candidates possess the qualities our next president will require to lead Union County College in this time of expanding diversity of both student population and academic focuses, evolving occupational demands of the com-

munity, growing competition for funding and rapidly increasing technological opportunities," said Victor M. Richel, chairman of the UCC board of trustees. The qualifications the search committee looked for when screening candidates included academic leadership, with an emphasis on expanding the horizon of the college to meet the diverse needs of the community and foreseeing those needs in the future; administrative and fiscal experience, as well as fundraising; and the ability to manage the changing needs of students and global and societal changes.

The search committee began screening candidates in early March. The search was coordinated by Narcisa A. Polonio, vice president for research, education and board leadership services at the Association of Community College Trustees, which the UCC board of trustees retained to assist in the search.

The new UCC president will oversee a college with an annual operational budget in 2009 of more than \$70 million. The school serves 6,300 full-time and 6,600 part-time students with a full-time faculty of 180 and an adjunct faculty of about 300.

The school operates four campuses in Union County and maintains an associate in science degree program with the Trinitas School of Nursing in Elizabeth, and Muhlenberg Harold B. and Dorothy A. Snyder Schools in Plainfield. Brown announced his retirement as president effective the end of 2010, after 20 years with UCC. He is taking a one-year sabbatical to write a book about his tenure at the school and to establish an official college archive.

Farrell, vice president of administrative services and executive assistant to the present, was named interim president effective Jan. 1, 2010.

Author balanced two careers

For those who find enchantment in a simple, romantic novel, readers will want to read "No Matter Why," by Union's Joanna Aislinn.

Aislinn's debut novel, which can enable her public to go through the various emotions of love, happiness, sadness, disappointments, disillusionment and reprieve, is well written. The author has spent her formative years as an occupational therapist, and therefore, is familiar with the intricacies of the human heart.

Published by Wild Rose Press in Adams Basin, N.Y., "No Matter Why" concerns a 16-year-old girl, Carrie Norwell, who is suffering from a disparaging background, and who must be handled with kid gloves just for normalcy.

It appears that her mother died at a young age, her two brothers

were killed in an automobile accident and her father had a heart attack as a result. Now, Carrie is residing with her mother's twin, Aunt Marilyn, who is giving her all to the broken life of her niece.

In the fictitious town of Holly Grove, Carrie obtains a job in a pharmacy department store and is unable to respond to the attentions of a handsome employee, Billy Jay.

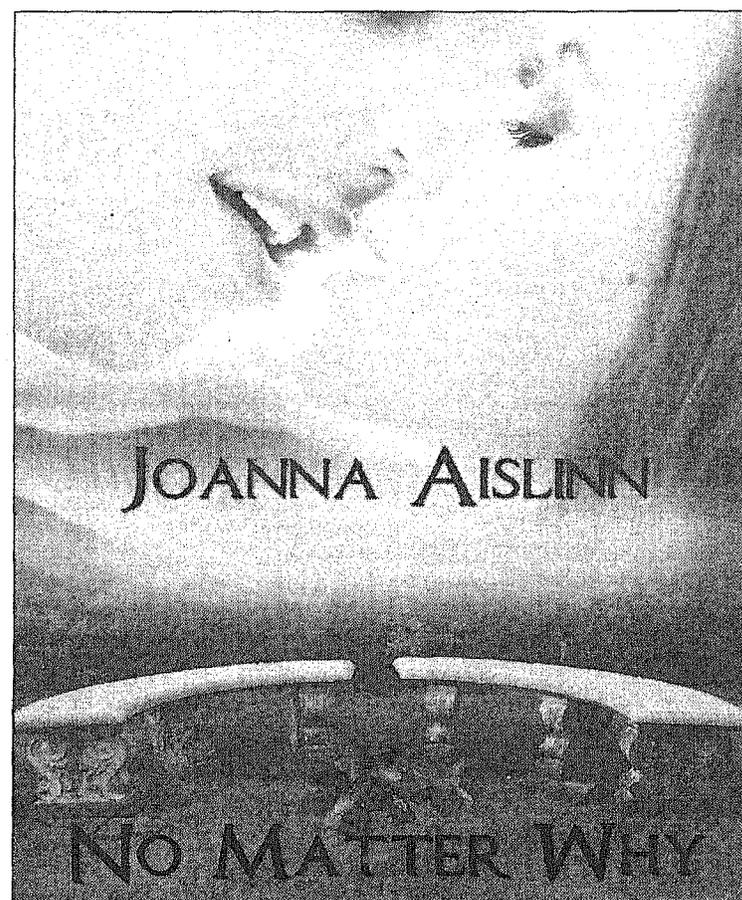

Her association with a very patient Billy Jay, and his family,

turns sour when average attention appears to assail her inner feelings. She also becomes a part-time college student and suffers personality difficulties.

Aislinn knows how to write about characters, how to make them realistic and complicated — and normal. The story she tells is an intriguing one — perhaps a bit stretched out — but interesting, all the same.

There's no question that "No Matter Why" reaches out to the emotions of its readers and carries them on a journey of love and apprehension, running the gamut of youthful life and experiences.

This entertaining book has found its place on the shelf of this reviewer's romantic, sometimes heartbreaking, novels. And that's a pretty comfortable place to be.

Summit library exhibition

Summit Free Public Library and the Visual Arts Center of New Jersey announce an exhibition of watercolors by Jane DiMaggio in The Gallery at the Summit Free Public Library, through May 27.

From the time she could hold a crayon or pencil, Jane has had an involvement with art. The progress of her artistic career has spanned 35 years in commercial work as a textile designer — fabric, wallpaper and dinnerware. Retirement provided an opportunity to focus exclusively on her love of painting, especially water media.

This exhibition reflects a focus on traditional watercolor. Believing in the pursuit of new goals, Jane is exploring the possibilities in experimental mixed water media. Her passion for gardening and nature constantly provide an abundance of inspiration.

The paintings in this exhibition recall the wonder and joy of a peaceful view of a koi pond or a record of glorious colors that preserve a vision of flowers forever.

Jane has enjoyed success with her paintings receiving numerous awards in juried shows. Her work is in collections throughout the United States and Puerto Rico.

She has been a member of the Visual Arts Center of New Jersey since the early 1960's, an exhibiting member of the Essex Watercolor Club and Millburn-Short Hills Arts Center. She is a resident of New Providence.

The exhibit is open to the public during regular library hours. The Gallery is a public-private partnership.

The library is located at 75 Maple St., Summit, and is open

Monday to Thursday, 9 a.m. to 9 p.m.; Friday and Saturday, 9 a.m. to 5 p.m.; and Sunday, 1 p.m. to 5 p.m.

From hospitals to novels

By Bea Smith
Staff Writer

When Joanna Aislinn of Union decided to study at Kean University to become an occupational therapist, she had no idea that one of the programs required "strong writing skills."

After years of working at her profession in programs from hospitals and local schools and in early intervention "for ages 0 to 21," she had an inclination to write a novel. Surprisingly, Aislinn discovered, her "strong writing skills" certainly came in handy. They brought her to write a novel, its sequel and notes for another book.

"I had just come out of school," Aislinn recalled during a recent conversation. "My first job was as a staff occupational therapist at Staten Island University Hospital, and I had no idea that I'd be heading in this direction. I had worked there for three years, and then five years at Bayley Seton Hospital in Staten Island. I was in the clinical programs, but after getting married and having my first son, I began working with just children for private agencies and in schools — practically every school in Union Township."

About 10 or 11 years ago, Aislinn began writing a book. The author explained that she "was actually writing two books at the same time. I spent a lot of time revising the one book. It stemmed from an idea in my head for a very long time. I stumbled on another

Aislinn

idea that gave me a story direction.

When I felt I was satisfied, I submitted it for publication to the Wild Rose Press and the first publisher accepted it. It

came out in December 2009."

Aislinn modestly mentioned "an interesting feedback about two male friends of the family, "who at different times had read the book. After reading 'No Matter Why,' they came to me on separate occasions to ask, 'When is the sequel coming out?'"

Now that she has become a novelist, the author is planning to use "hospital settings" in her future books. She said, "these will not just be words that I'm writing, and the books will by no means be medical dramas, but I know what I'm writing about. I've spoken to and communicated with people in hospital and school areas."

"No Matter Why" is available in the E-Book, as a digital book and also in print. "It can be ordered from Barnes & Noble," she said. "It's also available online."

The success of this book can turn this occupational therapist into a full fledged novelist. Unquestionably, one career is fulfilling. Two professional careers in a lifetime? Extraordinary!

CDDC remembers, honors the Holocaust

By Bea Smith
Staff Writer

There were some stunning moments in Carolyn Dorfman Dance Company's "The Legacy Project," which was staged Sunday afternoon in the Wilkins Theater at Kean University, Union.

Artistic Director Dorfman commemorated Holocaust Remembrance Day as her modern, interpretive dancers took the audience on a disturbing, incredible journey of "family, faith, survival and renewal." She appeared onstage to explain and introduce "Mayne Mentshn," which, in Yiddish means, "My People," in two parts: "The Klezmer Sketch" and "The American Dream." Dorfman discussed the celebration of her Eastern European Jewish heritage and the "increasingly common story of immigrant families in America."

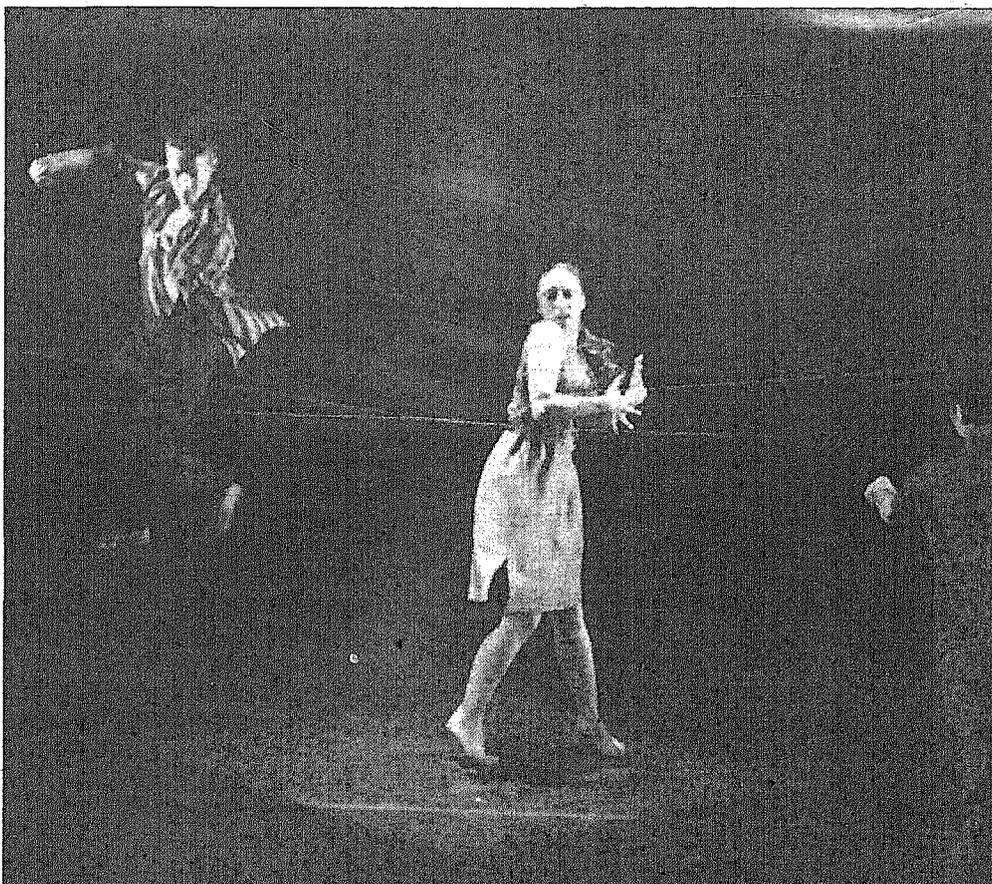

The production, she explained, "is a joyous and soulful work that illuminates the power of arts to speak about history and legacy and to celebrate our uniqueness and commonalities, our diversity and our humanity." Dorfman also dedicated the performances of "Mayne Mentshn" to her mother and her father, the late Henry Dorfman.

The dancing company consists of young and talented people, who dance so vividly that they can wear out an audience. They include Mica Bernas, Jacqueline Dumas, Marielis Garcia, Jennifer Jones, Ae-Soon-Kim, Tim Kochka, Louie Marin, Wendee Rogerson, David Shen, Mark Taylor, Anna Woolf and Jon Zimmerman.

With Part I: "The Klezmer Sketch (2001)," choreographed by Dorfman, with music, composed, arranged and adapted by Greg Wall, the dancers are seen just before the Holocaust. Rogerson dances "My Father's Solo," Bernas, Dumas, Shen, Taylor, Woolf and Zimmerman wildly appear in "Three Sisters," with table and chairs in "The Table," a rather bewildering and unclear statement, and "The Arrangement."

Then interpretive dancing under the umbrella of "Cat's Cradle (2007)," which was conceived and directed by Dorfman and inspired by the musical theater production of "Voices From Theresienstadt," becomes emotional.

It concerns the ghetto in Czechoslovakia, which the Nazi Regime in World War II con-

structed as a "model city" for the world to witness; except it truly was a holding ground for 100,000 Jews, destined for the gas chambers of Auschwitz.

The dancers Bernas, Dumas and Woolf, offer their inhumane presentation of "I Wander Through Theresienstadt." Bernas, Dumas, Garcia, Jones and Woolf performed "The Potato Peeler," joined by Kim, Marin, Taylor and Zimmerman in "The Talking Suitcase" and "I Ask Most Politely."

Taylor danced to "A Nursery Rhyme from Theresienstadt," Bernas, Dumas and Woolf, to "Lullaby," and everyone to "To Repair (2009)."

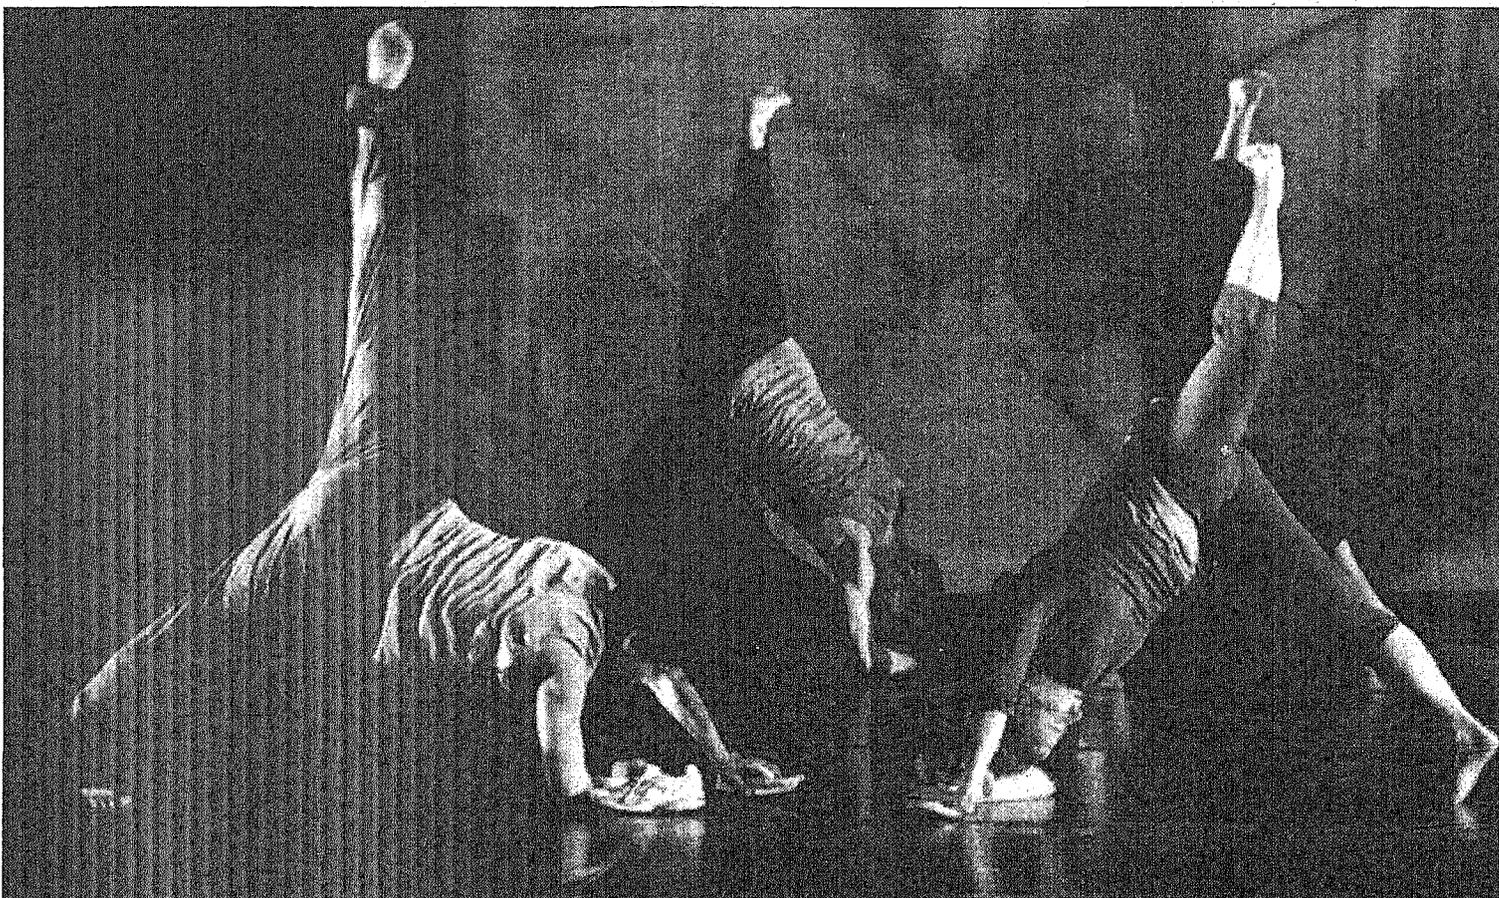

Also performing during the second part of the production were Greg Wall and his band of entertainers.

The dancers of "The Legacy Project" consistent in their resounding effort to reenact the tragic events of the Holocaust, left an audience with a feeling of confusion and sorrow.

And even more so, because it became a personal contribution from Carolyn Dorfman to her family and company.

A reception for the matinee audience with personal chats with Dorfman and her dance group was successfully appropriate.

Everyone went home in a happy mood.

Community Dining Guide II

Fast & Friendly To Sit Down Elegant

IL Giardino Ristorante

Don't judge a book by its cover. That's the most important thing to remember when frequenting IL Giardino Ristorante for the first time.

What appears to be the everytown pizzeria at 103 Miln St., hides a classy, but cozy back dining room. Full of Tuscan flare, vines drape the cream colored walls illuminated by the glow of faux gas lanterns.

The room holds a maximum of 50 people, so patrons never feel overcrowded or lost in a sea of customers.

Fluffy and piping hot homemade dinner rolls are brought to the table within seconds of sitting down.

Owners Tony and Stella Scuderi sure know how to prepare customers for the feast to come.

Selections abound the full dinner menu. About five specials change seasonally and anything can be cooked to order. None of the almost 20 appetizer and salad selections cost more than \$10, of which the best choices are the tender fried calamari, \$7, and the heaping stuffed mushrooms, \$6.

The Linguini ala Vodka offers the best of both poultry and seafood. This dish, \$14.95, combines chicken and butterfly shrimp in a creamy pink vodka sauce served over perfectly cooked linguini.

For those preferring more meat, the Veal Oscar, \$14.95, simmers in a very light cream sauce. The prosciutto, asparagus, and cheese accompaniments are just as plentiful as the veal anchor.

Hearty portions are the staple at IL Giardino and you won't leave hungry. With more than 15 pasta selections, and at least seven of each veal, poultry and seafood dishes, patrons can sure find reasons for frequent visits to this hidden gem of Italian eateries.

The most expensive entree is a seafood soup that costs \$15.95. Entrees, served with salad and a side of pasta, are mostly in the \$10 to \$15 range.

Not in the mood for a full course dinner? Enjoy one of IL Giardino's nine specialty pizzas or calzones. A seven item kids' menu ensures smiles on all faces.

No meal would be complete without at least a taste of one of their six desserts. The favorite is a creamy tartufo whose dark chocolate shell complements the ice cream and chocolate syrup in a way that's too sweet for words. In the summer months, the restaurant offers real fruit Italian ices.

IL Giardino not only allows patrons to enjoy their meals in their warm dining room, but by offering take out and free delivery, customers can savor these Italian flavors in their own homes.

An extensive catering menu offers selections for both on- and off-site functions.

Restaurant hours are Monday from 11 a.m. to 3 p.m., Tuesday through Friday from 11 a.m. to 9 p.m. and Friday and Saturday from 11 a.m. to 10:30 p.m. The phone number is (908) 272-2500.

ARIES, March 21 to April 20: No one can ever achieve perfect balance, Aries, so don't put so much effort toward this goal. There's no need to be perfect; you're fine just the way you are.

TAURUS, April 21 to May 21: Everyone is waiting for you to get down to business, Taurus. The time is right to get to work and make everyone proud. But don't get too far ahead of the pack.

GEMINI, May 22 to June 21: You're texting, calling and e-mailing people all day long. No one can claim that you aren't the center of information. But you may be spending too much time gossiping instead of working.

CANCER, June 22 to July 22: Agree to disagree with someone at your office. Sometimes an argument is not worth the effort, and proving a point does not lead to success. Take some time to

relax on Tuesday. **LEO**, July 23 to Aug. 23: Try to see the bright side of your employment situation, Leo. No job is perfect, including your own. But any job can have bright spots. Get a new perspective.

VIRGO, Aug. 24 to Sept. 22: Don't criticize others, Virgo, when you're guilty of doing the same exact thing. Worry only about yourself the next few weeks. You'll be much happier that way.

LIBRA, Sept. 23 to Oct. 23: The answer to a problem may seem obvious, Libra. But you may want to dig a little deeper. Chances are you are missing something if the answer is too easy.

SCORPIO, Oct. 24 to Nov. 22: With so many tempting options, it can be extremely hard to make a decision, Scorpio. Don't fall for just glitter and glamour, however. Look for something of substance.

SAGITTARIUS, Nov. 23 to Dec. 21: Some bit of information

is escaping you, Sagittarius. Keep thinking, and it will come back. Leo is a thorn in your side this week. But the problem will soon blow over.

CAPRICORN, Dec. 22 to Jan. 20: Follow the routine and stick to the basics this week, Capricorn. Now is not the time to try something new. Go with what works. Aquarius offers good advice.

AQUARIUS, Jan. 21 to Feb. 18: A great idea comes out of the blue and provides inspiration for future projects, Aquarius. Embrace it and enjoy the ride. Cancer means well but could be meddlesome.

PISCES, Feb. 19 to March 20: Nothing is set in stone this week, Pisces. So try a few different scenarios and you may discover something that works for you.

Also born this week: Melissa Joan Hart, Tim Curry, Jessica Lange, Tony Danza, John Waters, Valerie Bertinelli and Kelly Clarkson.

The Johnson baseball team, sparked by the play of seniors, from left, Rich Mullin and Frank Carnovale, posted an impressive 10-9 comeback win at Elizabeth last Saturday. This Saturday the Crusaders are scheduled to face Holmdel in a Roselle Park Dads Club Invitational contest.

ALJ baseball stuns host Elizabeth 10-9 Rallies from a 7-0 deficit

By JR Parachini
Sports Editor

ELIZABETH — Here's a lesson for all baseball teams — as well as softball: if you're down by a large margin and it looks like you could lose by the 10-run rule, enforce your own 10-run rule.

That's what the Johnson baseball team did last Saturday afternoon at Williams Field.

Down by seven runs after four innings and by five after five, the visiting Crusaders scored seven runs in the top of the sixth and then allowed one more in the seventh before hanging on for a hard-fought 10-9 Union County Conference-Interdivision triumph.

Johnson bounced back from its first loss of the year last Friday by the score of 9-4 to visiting conference foe Cranford and is now 5-1. Elizabeth lost for the second straight time and fell to 2-2.

The Minutemen had to quickly get ready for a 6 p.m. game Saturday vs. Monroe in the first Autism Awareness Showcase at North Brunswick's Community Park. Monroe won by the score of 15-5, with Elizabeth falling to 2-3 after a 2-0 start included wins over Kearny and Ferris.

Johnson, among the top teams in the UCC's Mountain Division, was down 7-0 going into the top of the fifth and had only two hits.

The Crusaders then scored three runs on three hits in the fifth and had 10 batters step to the plate in the sixth, scoring seven more runs on six more hits.

"We were up seven runs and going right at them and then they did a good job of hitting the ball," first-year Elizabeth head coach Matt Belford said.

When it looked like it might be a quick setback for Johnson, the Crusaders scored 10 runs in two innings to post an impressive comeback victory.

What Johnson did can be called, "The 10-run comeback rule."

Dads Club Invitational: 9 fine baseball matchups Second annual event at RP this weekend

By JR Parachini
Sports Editor

Nine games in three days.

Teams from all over the state.

The middle of April is becoming a time of the season where some of the best programs in New Jersey travel to Union County to compete in a showcase that features quality baseball teams from the north, central and south.

The second annual Roselle Park Dads Club Invitational is set for this weekend — April 16-18 — with two games tomorrow night, four on Saturday and three on Sunday at Roselle Park High School.

"We really weren't sure how it would work last year," Roselle Park head coach Nick Agoglia said. "When the product started moving Friday, Saturday to Sunday, everything went off without a problem.

"The field was great, people came out and there was a good atmosphere at the games."

This is the biggest fundraiser of the year for the Roselle Park Dads Club. Last year it was the main sponsor as it celebrated 75 years of existence.

"Beyond trying to raise money for the Dads Club, we want people to come here and see good baseball," Agoglia said. "If you look at the nine games, all of them should be competitive.

"Last year, with the exception of one game, all were decided by four or five runs or less."

Here's this weekend's schedule:

FRIDAY, APRIL 16

Dunellen vs. Roselle Park, 4 p.m.
Somerville vs. Ridge, 7 p.m.

SATURDAY, APRIL 17

Bridgewater-Raritan vs. Morristown, 10 a.m.
Union Catholic vs. J.P. Stevens, 1 p.m.
Holmdel vs. Johnson, 4 p.m.
Steinert vs. Edison, 7 p.m.

SUNDAY, APRIL 18

Bloomfield vs. Scotch Plains, 11 a.m.
Cranford vs. Jackson, 2 p.m.
Gov. Livingston vs. Waldwick, 5 p.m.

"This is a chance for people to come out and see teams they might not get an opportunity to," Agoglia said.

The lineup includes schools from nine different counties, which is almost half of the total of 21 in the entire state.

There are six schools from Union (Roselle Park, Union Catholic of Scotch Plains, Johnson of Clark, Scotch Plains-Fanwood, Cranford and Governor Livingston of Berkeley Heights), three from Somerset (Somerville, Ridge and Bridgewater-Raritan), three from Middlesex (Dunellen, JP Stevens of North Edison and Edison), one from Morris (Morristown), one from Essex (Bloomfield), one from Bergen (Waldwick), one from Monmouth (Holmdel), one from Ocean (Jackson) and one from Mercer (Steinert).

New teams this year include Morristown, JP Stevens, Edison and Waldwick.

They replaced schools Madison of Morris County, Metuchen and Colonia of Middlesex County and Old Tappan of Bergen County.

"As soon as last year's weekend was over we started planning again for this year," Agoglia said.

"We made a couple of changes in teams, but there are still a couple of games the same."

Last year's nine-game event also began with Dunellen vs. Roselle Park and Somerville vs. Ridge on the Friday night.

Bloomfield will play in the first game on Sunday again and Cranford and Jackson will battle again in the second game on Sunday.

"We added Morristown, JP Stevens, Edison and Waldwick," Agoglia said. "There are some different matchups too, with Johnson playing Holmdel and Scotch Plains playing Bloomfield this time.

"I made 18 phone calls at the most to get the other 17 teams besides us," Agoglia said. "Everyone that played last year wanted to come back.

"Teams responded right away. It was tough to get Madison back, they have a new coach, but I made one phone call and then got another team.

"Old Tappan couldn't make it, so we needed someone to play Steinert. I called Edison and they said no problem. As soon as I made phone calls, teams wanted to come to this event."

Before the fourth game Saturday — the 7 p.m. contest between Steinert and Edison — The Roselle Park Dads Club will have a ceremony that will honor a few Roselle Park veterans from World War 2, Korea, Vietnam, Iraq and Afghanistan.

Jeff Doherty is in charge of providing the umpires, with all taking a cut from what they would normally be paid in order to help The Roselle Park Dads Club raise money.

"Jeff makes the calls and is ready to go," Agoglia said. "All of the umpires know this is for a good deed."

The weather cooperated last year, with all nine games being played when originally scheduled.

"Hopefully we get great weather again," Agoglia said.

The Dayton baseball team excelled against Scotch Plains in a Union County Conference-Interdivision matchup Sunday at TD Bank Ballpark in Bridgewater - home of the Somerset Patriots minor league squad. Although the Bulldogs fell by the score of 5-1 in nine innings, they played a superb game in front of fans and Springfield Little Leaguers.

Dayton baseball excels in errorless tilt vs. S. Plains

Enjoys atmosphere at minor league park

By JR Parachini
Sports Editor

BRIDGEWATER - One team is going to win a lot of games this year and attempt to become the first to repeat as county champions in a decade.

The other team, which played in a county final only five years ago and is on the rebound, is seeking to improve as the season goes on, with wins and losses not as important as development is.

Defending Union County Tournament champion Scotch Plains-Fanwood, the visiting team in the third base dugout, took on upstart Dayton, the home team in the first base dugout, in a Union County Conference-Interdivision matchup Sunday at TD Bank Ballpark, home of the Minor League team - the Somerset Patriots.

A respectable crowd of 600 were treated to a beautiful weather afternoon, with sunny skies bringing out the exciting atmosphere of the minor league ballpark.

Those same fans were also treated to one of the best-played high school baseball games anyone could ever witness.

Scotch Plains needed extra innings to down Dayton 5-1 in nine innings. Scotch Plains scored in the game's first run in the top of the fourth for a 1-0 lead before Dayton tied the game at 1-1 in the bottom of the sixth.

Scotch Plains then won the game with four runs in the top of the ninth.

There were no errors in a combined 18 frames. I mean there was nothing remotely close to an error - and I think both head coaches would back me up on that.

Scotch Plains struck out six times and Dayton nine, so this was not a game dominated by strikeouts, which enhanced the ability of both teams to field the ball cleanly.

Two Scotch Plains pitchers threw a total of 126 pitches, while five Dayton hurlers tossed a combined 125.

Not only was there not a single error by both teams, but there was not one single wild pitch. Each team had one passed ball.

Each team executed a double play.

This was beyond a well-played game by both teams. This was a masterpiece.

This was the neat and tidy and everything-in-order type of game that Felix Unger would have been proud to throw the first ball out at.

Four Dayton right handers - one for every two innings - combined to hold, arguably, the top-hitting team in Union County to just one run on one hit and allowed only four baserunners through eight innings.

Those pitchers were starter Ross Goldfarb and relievers Elliot Karp, Tommy Losito and Matt Roland. What a job by the group.

Scotch Plains first baseman John Maxwell banded out his team's first hit with one out in the fourth, which was a standup triple to center. After grounding out on a 3-2 pitch in the first on a 1-4-3 putout, this time he sat fastball on another 3-2 pitch and did not miss it.

"Hitting was supposed to be our bread and butter this year, but our pitching was for us today," Maxwell said.

Scotch Plains starter Alan Dlugosz allowed only one earned run on one hit in 5 and 1/3 innings, striking out six and walking four in a no-decision. He was perfect in the third, fourth and fifth innings and retired 11 batters in a row at one point.

Scotch Plains seventh-year head coach Tom Baylock took him out after he gave up his first hit, which was a double to left-center smacked by Dayton No. 2 batter in the order Matt Roland.

Jordan Bayroff, a senior righty like Dlugosz, gave up an opposite field double to right by pinch hitter Zach Stillitano on his second pitch, with Dayton tying the score at 1-1.

Crusaders enforce own 'comeback rule'

(Continued from Page 25)

Johnson senior third baseman Frank Carnovale went 3-for-4, with two singles, a double, three RBI and one run. He banded out two hits in the sixth, leading off the frame with a single to left on a 1-0 count and then ending the inning with a three-run double to left-center, with him getting thrown out at third after trying to stretch the hit to a triple.

"When I started off the sixth with a single I said, 'let's get going'," Carnovale said. "We went around the whole order and everyone can hit in our order."

After pulling to within 8-7 when Brendan Jacoby walked with the bases loaded and two outs for the fourth run in the inning, Johnson was already back in the game and looking for more runs before getting up for what could have been the last time in the top of the seventh.

Carnovale reached on an infield single against Elizabeth starter Alex Reyes, a sophomore right hander, and flied out to center in the fourth, which turned out to be an 8-3 double play. His leadoff single in the sixth was also against Reyes.

Facing relief pitcher John Padillo, another sophomore righty, for the first time, Carnovale was down 0-1 in the count. Padillo had only faced two batters before Carnovale, giving up an opposite field RBI-single to right by Anthony Fischetti and walking Brendan Jacoby on a 3-1 count to force in a run.

Ready for Padillo's second pitch, Carnovale this time connected on a fastball and hit it high and deep to left, with the ball falling between the left and center fielders.

Rich Mullin scored from third, Fischetti from second and Jacoby from first before Carnovale was gunned down at third base.

Suddenly the Crusaders were ahead for the first time at 10-8.

The smash turned out to be the game-winning hit.

"When I got up again I saw bases loaded and we were down by one, so I was just thinking - get a hit and tie the game," Carnovale said. "Then when I saw fastball, I drove it."

The last batter Belford allowed Reyes to pitch to was Johnson's No. 2 hitter, Dom Feminello, who hit into a 5-4 fielder's choice that put runners on first and third with two outs.

"I think the big play was when with one out I left him in there and I told him I wanted to get this next guy," Belford said of Reyes pitching to Feminello. "We got the ground ball, but we didn't turn the double play, which was crucial in that spot."

This was the kind of game that the Crusaders can look back on with a lot of confidence and say that they are never out of it.

This comeback was done on the road against a quality program.

"They're a great team, so I couldn't even imagine coming back and scoring seven runs," said Mullin, a senior, who earned a save in relief, retiring the last two batters of the game on a ground out to third and a fly ball to center. "We hung in there and just played baseball and came back."

Down 10-8 going into the bottom of the seventh, Elizabeth began its final at-bat with a single to left on a 0-2 count by sophomore designated hitter Andrew Torres. A ground out on a nice play made by sophomore left hander Nick Campione to Mike Pozyc at first moved Torres to second with one out.

Leadoff batter Rafael Colon then walked on a 3-1 count, prompting Johnson third-year head coach Dave Kennedy to pull Campione in favor of the lefty throwing Mullin, who started in center field.

Campione turned in a fine effort in middle relief, pitching 1 and 2/3 innings and allowing just one earned run on two hits. In a 42-pitch effort, he struck out two, walked one and hit one batter in earning his first varsity victory.

Mullin threw exactly two pitches to all three batters he faced, with the first one - Bryan Rivera - connecting on a single to center on a 0-1 count that loaded the bases.

Mullin then got lefty-hitting No. 3 batter Chris Muniz - the only Elizabeth player that returned with a vast amount of varsity experience - to ground out to third. Carnovale had to move quickly on the slow grounder, made a strong throw and just got Muniz at first for the second out.

Torres scored on the play to make it 10-9, with runners now on second and third.

Mullin fired a fastball past cleanup batter Eric Villegas on the first pitch he offered. With the tying and winning runs on base, Mullin came back with another fastball and this time Villegas hit a high fly ball to center that was caught for the last out.

"I felt great when I was pitching," Mullin said. "I thought my velocity was the fastest it's been so far this season. I felt like I had to do the job and get two outs. That's all I was thinking."

"Richie did a nice job," Kennedy said. "He's been there for us before."

Campione entered the game with runners on first and third and two outs in the bottom of the fifth. Elizabeth was ahead 8-3.

Bulldogs receive solid efforts from all players

(Continued from 26)

"I was just looking to make contact and move the runner over, but I put the ball in play and drove in a run, so that's what I'm happy with," Stillitano said. "I really think our pitching kept us in this game.

"If it wasn't for the pitching, I wouldn't be in that position."

Bayroff rebounded to allow no runs on just three hits in 3 and 2/3 innings for the victory. He pitched a perfect seventh and eighth and retired nine batters in a row at one point. Bayroff improved to 2-0 on the season, with his first win coming in a start.

"We didn't really start hitting the ball until the last two innings," said Maxwell, who went 1-for-3 and drove in the game-winning run.

With the score tied 1-1 in the top of the ninth, Scotch Plains was facing a lefty for the first time in Dayton junior Paul Flores. The southpaw thrower had the tough challenge of facing the Raiders' top of the order right off the bat.

Leadoff batter Joe D'Annunzio singled hard off the shortstop to center field on a 1-0 count and then lefty-batting Gary Binkiewicz, Scotch Plains' designated hitter for the day, doubled to right field on a 2-1 off-speed pitch to put runners on second and third with nobody out.

Maxwell, on the first pitch he saw, drove a ball deep enough to right field for a RBI-sacrifice fly, with D'Annunzio scoring and Binkiewicz moving to third.

That was the game-winning RBI.

Mike Ridge followed with an RBI-single, Ricky Shevlin added an RBI-double and two batters later Marcus Rivera connected on an RBI-single for the rest of the scoring in the ninth.

Scotch Plains lost to Edison 7-4 last Saturday night at North Brunswick's Community Park in one of the day's four Union County vs. Middlesex County Autism Awareness Showcase games.

The Raiders did not make the excuse of being too tired for Sunday's game.

"No, absolutely not, every game is a new day," Maxwell said.

Scotch Plains improved to 5-2 on the year, while Dayton lost its fourth straight to fall to 1-4.

Maxwell felt he should have hit the ball much better his first time up, but was pleased with his triple in the fourth.

"He (Dayton starter Ross Goldfarb) through me a pitch I should have crushed," said Maxwell, who will play baseball next year at Johns Hopkins. "I just missed it, that's baseball. You fail more times than you succeed."

In the fourth against Karp, he had much better success.

"I feel like I made the adjustments from my first at-bat and got a good piece of it," Maxwell said. "It was the same pitch that I missed the first time, a fastball, and I came through."

Scotch Plains successfully produced 12 ground ball outs — including three in the eighth — in 12 chances, including a 6-4-3 double play in the first. Maxwell caught two foul balls.

Dayton successfully produced seven ground ball outs and also came up with a 6-4 inning-ending double play in the third off a line drive belted to short by D'Annunzio.

"It's great, that's the way baseball is supposed to be played," Maxwell said of both sides fielding the ball perfectly. "Everybody comes out to see hitting and pitching and it was great that there were no mistakes."

"The pitchers on both sides did a good job today of throwing strikes and keeping hitters off balance," Baylock said. "I think we hit the ball hard right at people.

"They didn't make mistakes, we didn't make mistakes, so it was back-and-forth all day. I think we had one hit and they had no hits through almost six. It was a good high school game."

Dlugosz settled down after walking two batters in each of the first two innings. His fastball was striking batters out as he ended the first, second and third innings with strikeouts.

"He did a real good job for his first start this year," Baylock said. "I was thinking maybe two or three innings with him and he ended up throwing almost 90 pitches. As soon as he gave up the (first) hit in the sixth inning I thought he was at his limit. He was placing his fastball and spotting it well. He mixed it up with a couple of changeups and curveballs, but his fastball was really on. He was hitting spots, inside and outside."

Bayroff blanked Piscataway 8-0 at home April 6, allowing no runs on six hits in six innings, while striking out two and walking two.

He was effective again on Sunday.

"Jordan did a great job of coming in and just shutting the door down," Baylock said. "Jordan had a nice curveball and spotted his fastball. When he can throw that curveball for strikes, he's a pretty good pitcher."

Players from both teams not only enjoyed playing on such a well-kept, professional field, but wished they could play more games in a setting like that.

"I loved it," Stillitano said. "It was great."

Dayton was in the Union County Tournament championship game — in 2005 — one year after Scotch Plains-Fanwood won the crown for the third time in 2004.

Although the past couple of years have not been as successful, former assistant coach and now first-year head coach Mike Abbate is out to change that.

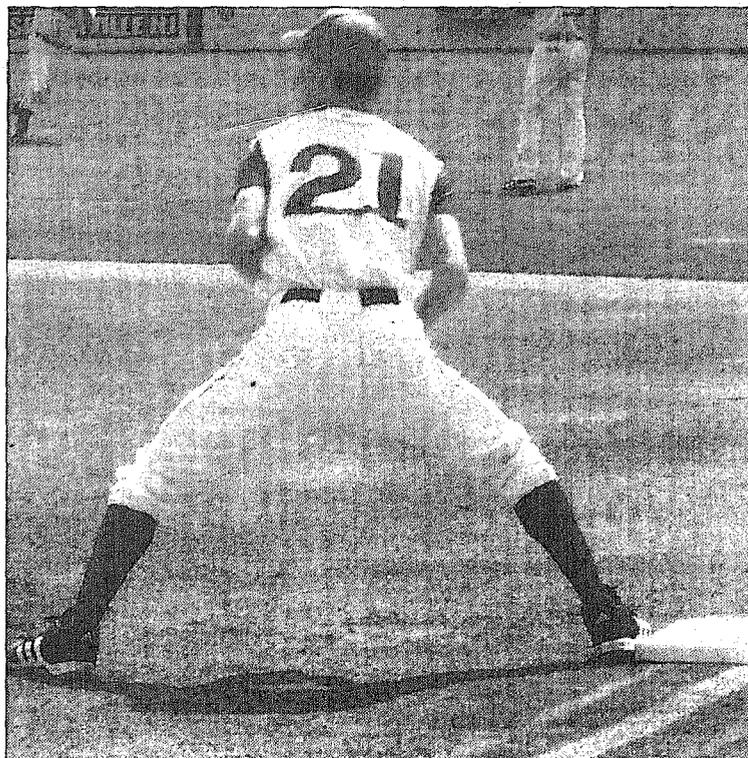

Against one of the best teams in the county and North Jersey, Dayton had the tying run on deck twice in the bottom of the ninth.

"I can't say enough about the guys today," Abbate said. "Of the five games we've played now — and you know baseball is a funny sport where you can't just step on the field and be better than a team and beat them — four of them we've played really solid baseball. That's the way we look at it.

"I know our record is not an indicator of that, but from the minute that somebody has talked to me I've said this program is not about wins and losses right now.

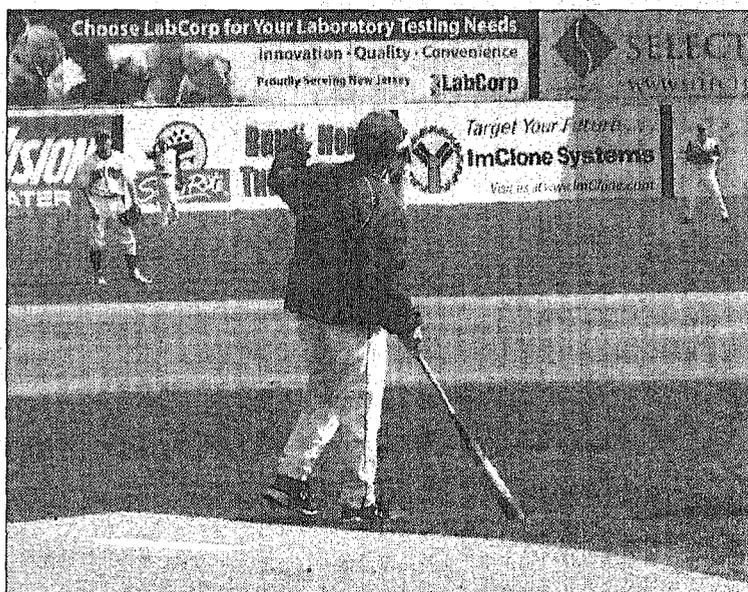

"They played against a great Group 3 school and were right there until the end."

Recruiting guru to be at Johnson tonight

National expert Jack Renkens will speak to Johnson High School athletes and their parents about the recruiting process tonight at 7 at Johnson.

Renkens will present visuals to coaches, student-athletes and parents.

Students will be able to interact with Renkens and ask him questions about recruiting.

Renkens founded Recruiting Realities, which is an organization dedicated to exploding the myths and presenting the realities of athletic recruiting to student-athletes, their families, coaches and school counselors.

High school student-athletes serious about continuing to play sports in college can never start too early, nor get too much help.

However, most students don't know the recruiting game, NCAA rules or how to get matched with the best college for them.

Renkens will clarify recruiting myths and provide tips to parents and students serious about taking their high school athletics to the next level.

Cranford baseball program is a model for consistency

By JR Parachini
 Sports Editor

The Cranford baseball program is a model for consistency.

"Cranford is a great place to coach," said head coach Dennis McCaffery, who is now in his 15th season with the program and 12th as the head coach. "It's a great community, the Little League is very supportive and the town is into baseball."

Since 1996 when McCaffery began the first of his three years as an assistant coach under James Shriner before becoming the head coach in 1999, here is Cranford's year-by-year record:

- 2009: (18-6)
- 2008: (19-7)
- 2007: (26-5) – UCT champs; N2, G3 champs; Group 3 finalists
- 2006: (21-6) – North 2, Group 3 finalists
- 2005: (23-6) – Central Jersey, Group 2 champs
- 2004: (18-7)
- 2003: (19-8) – UCT champs; N2, G3 champs; Group 3 finalists
- 2002: (10-13)
- 2001: (20-9) – UCT champs; North 2, Group 3 finalists
- 2000: (25-6) – UCT champs; N2, G3 champs; Group 3 finalists
- 1999: (28-3) – first-time UCT champs; N2, G3 champs
- 1998: (21-3)
- 1997: (27-2) – North 2, Group 3 champs; Group 3 state champs
- 1996: (23-3)

A record of 298-83 (.783) over the past 14 seasons just doesn't happen. The Cougars just don't show up on March 5, receive their uniforms and start winning games.

There's a lot of preparation that goes into it. Assistant coaches Brian Chapman, Kevin Feeley, Ryan Matlosz, Carl Lorelli, Angel Navarrete and Brian Weingart have a lot to do with that. Chapman has been with McCaffery since McCaffery became the head coach in 1999.

Continuity equals consistency which means winning baseball produced by the Cranford Cougar program.

There's been only one sub-.500 season since 1996, with that same season being the only year Cranford lost 10 or more games.

"I don't worry about next year, I don't worry about tomorrow," McCaffery said. "I could care less how many games I won."

"The only thing that matters to me is today and dealing with the moment."

Cranford has gotten off to another good start, beginning the week at 5-1.

Behind a four-hitter from junior righty Pat Gilstrap, the Cougars opened with a 5-3 win at Governor Livingston April 1 in Berkeley Heights.

Cranford and GL split Mountain Valley Conference-Mountain Division games last year, with the 18-6 Cougars going on to 3-peat as MVC-Mountain champions.

The Highlanders, coming off a promising 20-8 season, have their sights set on capturing the first Union County Conference-Mountain Division title this year, with fellow league opponents Roselle Catholic, Johnson and Summit ready to step in and challenge as well.

For Cranford, returning non-pitcher starters include junior Eric Walano at catcher, senior Nick Cook at first base, senior Rob Ghiretti at second base, junior Sean Trotter at shortstop, senior Nick Pace in center field and junior Greg Matlosz at designated hitter.

Matlosz batted .351 last year and Cook .313. Cook slugged an RBI-double in the bottom of the ninth that lifted Cranford past Roselle Catholic 8-7 at home in conference play last year on April 30. RC was 8-1 at the time and had won three in a row.

Of the four starters in the rotation, two pitched varsity ball last year, including senior righty Pat Gilstrap and Cook, a left hander. The other two hurlers include sophomore right hander Vincent Colineri – up from junior varsity – and freshman lefty Ryan Williamson.

Gilstrap was 3-1 last season after beating Union Catholic 5-4 in Scotch Plains on April 24. Five days earlier he had a shutout going into the top of the fifth against Central Jersey power Jackson before suffering his first loss of the year in an eventual 11-0 Cranford setback.

An injury curtailed the remainder of his junior season. "It slowed him up, but that's part of the game," McCaffery said. "We're hoping he continues from where he was last year."

Gilstrap opened last season with a win at Dayton, holding the Bulldogs to just one hit over four innings, while striking out three and walking one in a 12-0 triumph. His second win came in a 12-1, five-inning win at home against Johnson where he allowed only three hits in five innings, while striking out seven, walking two and hitting one batter.

A three-year letter-winner, Gilstrap throws a fastball, a two-seamer, a four-seamer, a cutter, a curveball and a changeup. He's committed to Brookdale Community College in Lincroft, where McCaffery excelled for one year before starring for two at Villanova.

"Last year he was very consistent and is someone we can rely on," McCaffery said. "He's an extremely hard-working kid."

Cook will continue playing baseball at Division 3 Widener University in Chester, Pa.

"He'll be asked to do more pitching this year," McCaffery said. "Nick gives you everything he's got. He's a competitor and a hard-working person."

The 6-3, 215-pound moundsman throws a fastball, curveball and changeup.

Colineri had a lot of success on the JV level last season. "Hopefully he'll continue to grow," McCaffery said. "We're looking for him to have a good year."

Williamson stands 6-2, 180 and is on the varsity as a ninth grader.

"He has a live fastball, a curveball and changeup," McCaffery said.

Walano's first varsity season was a memorable one for a catcher that batted leadoff – something you don't see that often in baseball. All he did offensively was bat .462 and come around to score 35 runs.

In addition, when he hit safely on May 12 in an 8-2 home win over Newark East Side – producing an RBI-single – it upped his hitting streak to 17 games, with Cranford improving to 15-4 that afternoon.

** A False Alarm Prevention Tutorial shall be made available to the user by the Alarm Administrator at the time said fee is assessed.

Late fee for False Alarm Invoices not paid within 30 days: \$50

B. In addition to the service fee set forth above, any Person operating a non-registered Alarm System will be subject to an additional fee of \$100 for each False Alarm. The Alarm Administrator may waive this additional fee for a non-registered system if the Alarm User submits an application for Alarm Registration within ten (10) days after notification of such non-registered Alarm System violation.

C. If Cancellation occurs prior to law enforcement or fire department personnel arriving at the scene, this shall not be considered a False Alarm, and no service fee will be assessed.

D. The Alarm Installation Company shall be assessed a service fee of \$100 if the officer or fire fighter responding to the False Alarm determines that an on-site employee of the Alarm Installation Company directly caused the False Alarm, and in such instance a False Alarm service fee will not be assessed against the Alarm User.

E. The Monitoring Company shall be assessed a fee of \$100 for each failure to Verify Alarm System signals as specified in Section 106-5(F)(2) of this Ordinance.

F. The Alarm Installation Company shall be assessed a fee of \$250 if the Alarm Administrator determines that an Alarm Installation Company employee knowingly made a false statement concerning the inspection of an Alarm Site or the performance of an Alarm System.

\$106-8. Notification.

The Alarm Administrator shall notify the Alarm User in writing after each False Alarm. The notification shall include: the amount of the fee for the False Alarm, and a description of the appeals procedure available to the Alarm User.

\$106-9. Appeals.

A. If a fee or fine is assessed, the Alarm Administrator shall cause a written notice of the assessment and a statement of the right to appeal to be sent to the affected applicant or Alarm User and the Alarm Installation Company and/or Monitoring Company.

B. Any Alarm User, Alarm Installation Company or Monitoring Company may appeal the assessment of a fee or fine to the Alarm Administrator by setting forth in writing the reasons for the appeal within fifteen (15) days after notification of the fee. The Alarm User, Alarm Installation Company or Monitoring Company shall include a \$25 filing fee with each appeal filed. The Alarm Administrator shall render and provide a written decision to the party making the appeal within fifteen (15) days after receipt of any such

timely filed appeal. The Alarm Administrator shall cause the filing fee to be refunded in a timely manner if the appeal is granted.

C. Any Alarm User, Alarm Installation Company or Monitoring Company may appeal the decision of the Alarm Administrator to the Chief or his designee as follows:

1. The Alarm User, Alarm Installation Company or Monitoring Company shall file a written request for review. The request must be made within twenty (20) days after notification of the decision from the Alarm Administrator.
2. The Chief or his designee shall conduct a hearing within thirty (30) days of receipt of the request. The Chief or his designee shall render a decision based on the preponderance of the evidence presented at the hearing. The Chief or his designee shall render a decision affirming or reversing the decision of the Alarm Administrator within fifteen (15) days after the hearing is concluded. The Chief shall have the option to forego a hearing and render a written decision favorable to the Alarm User, Alarm Installation Company or Monitoring Company if, based upon a preponderance of reliable information or evidence presented in writing to the Chief and Alarm Administrator subsequent to the Alarm Administrator's decision, the Chief has reason to believe that the basis for the original imposition of the subject fee or fine can not be sustained.

D. The filing of an appeal shall stay the action by the Alarm Administrator requiring payment of any fee or fine, until the Alarm Administrator, Chief or his designee, respectively, has completed his review. If an appeal is not filed within the aforementioned required time periods, then the action of the Alarm Administrator shall be final.

E. The Alarm Administrator or Chief may adjust the number of False Alarms used for purposes of assessing fees against an Alarm User under this section at paragraph A based on:

- Evidence that a False Alarm was caused by an Act of God;
- Evidence that a False Alarm was caused by action of the telephone company;
- Evidence that a False Alarm was caused by a power outage lasting longer than four (4) hours;
- Evidence that the Alarm Dispatch Request was not a False Alarm;
- Evidence that the law enforcement officer or fire fighter's response was not completed in a timely fashion; and/or
- Other good and reasonable cause as determined by the Chief.

F. In determining the number of False Alarms, multiple alarms occurring in any twenty-four (24) hour period may be counted as one False Alarm to allow the Alarm User time to take corrective action unless the False Alarms are directly caused by the Alarm User.

G. With respect to fees or fines assessed to an Alarm Installation Company or Monitoring Company, the Alarm Administrator or Chief may take into consideration whether the Company has engaged in a consistent pattern of violations.

\$106-10. Enforcement and Penalties.

Enforcement of this Ordinance may

be by civil action and as otherwise provided by law.

The Township Police Department and Fire Department's administration and enforcement of this Chapter may, where permitted by, and in accordance with, New Jersey law, including but not limited to the Local Public Contracts Law, be accomplished with the assistance of private entities when so determined, upon recommendation of the Chief's or Police or Fire, through formal action of the Township Council.

\$106-12. Limitations.
Alarm Registration is not intended, nor shall it be construed, to create any contract, duty or obligation on the part of the Township of Hillside, either expressed or implied, to respond to any Alarm. The Township expressly retains all governmental, and other, defenses, immunities, indemnities and protections from liability as provided by law. Nothing within this chapter shall be construed to impose any greater liability upon the Township for any claims, losses or damages, including consequential damages, resulting directly or indirectly from the Township's complete or partial response, or failure to respond, to an alarm or Alarm Notification, than are otherwise afforded to the Township and its police, fire and other employees, officials and agents under State and Federal Law, Rule and Regulation. By applying for an Alarm Registration, an Alarm User acknowledges that the Township's ability to respond to an Alarm may be influenced by various factors such as the availability of officers or fire fighters, priority of calls, weather conditions, traffic conditions, emergency conditions, staffing levels, funding, availability of resources and prior response history.

2. Severability. Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase. If any portion of this Ordinance, or its application to any person or circumstances, shall be adjudged or otherwise determined to be invalid, unconstitutional, void, or ineffective for any cause or reason, such determination shall not affect the remaining provisions of this Ordinance, and the application of such remaining provisions shall not be affected thereby and shall remain in full force and effect, and to this end, the provisions of this Ordinance are severable.

3. This Ordinance is not meant to repeal any provisions of the Code, other than those specified herein above, but to add to its requirements, and all Ordinances or parts thereof inconsistent or in conflict with the provisions of this Ordinance are repealed only to the extent of such inconsistency or conflict.

SUMMIT

**CITY OF SUMMIT
 NOTICE OF SALE OF PROPERTY
 & TERMS AND CONDITIONS OF ON-LINE SALE**

All bidders and other participants of this auction agree that they have read and fully understand these terms and agree to be bound thereby:

- 1. Guaranty Waiver.** All property is offered for sale "AS IS, WHERE IS." The City of Summit (Seller) makes no warranty, guaranty or representation of any kind, expressed or implied, as to the merchantability or fitness for any purpose of the property offered for sale. The Buyer is not entitled to any payment for loss of profit or any other money damages - special, direct, indirect, or consequential.
- 2. Description Warranty.** Seller warrants to the Buyer that the property offered for sale will conform to its description. Any claim for mis-description must be made prior to removal of the property. If Seller confirms that the property does not conform to the description, Seller will keep the property and refund any money paid. The liability of The City of Summit shall not exceed the actual purchase price of the property. Please note that upon removal of the property, all sales are final.
- 3. Personal and Property Risk.** Persons attending during exhibition, sale or removal of goods assume all risks of damage of or loss to person and property and specifically release the seller and GovDeals from liability therefore.
- 4. Inspection.** Most items offered for sale are used and may contain defects not immediately detectable. Bidders may inspect the property prior to bidding. Bidders must adhere to the inspection dates and times indicated in the item description. See special instructions on each auction page for inspection details.
- 5. Consideration of Bid.** The City of Summit reserves the right to reject any and all bids and to withdraw from sale any of the items listed.
- 6. Buyer's Certificate.** Successful bidders will receive a Buyer's Certificate by email from GovDeals.
- 7. Payment.** Payment in full is due not later than 5 business days from the time and date of the Buyer's Certificate. Acceptable forms of payment are: U. S. Currency, Certified Cashiers Check or Money Order, Company Check (with Bank Letter guaranteeing funds - mandatory) Checks shall be made payable to: The City of Summit. Payments shall be made at the location listed in the Buyer's Certificate.
- 8. Escrow Payment.** When the purchase price (of a single item or the aggregate purchase price of multiple items) totals \$5,000 or greater, the Seller may require a down payment from the winning Buyer. This non-refundable fee will be 20% of the total purchase price. When the Seller exercises this option, the Buyer will have 48 hours from the time of issuance of the Buyers Certificate to comply with this requirement. If Buyer fails to comply with this requirement within the stated time frame, the Seller can declare Buyer in default, bar them from further bidding and have them removed from the GovDeals system. If Buyer is in default, Seller may negotiate with next closest bidder, re-list at another auction and/or pursue all legal proceedings. All monies collected in escrow, will be deducted from total monies due at time of final payment.
- 9. Removal.** All items must be removed within 10 business days from the time and date of issuance of the Buyer's Certificate. Purchases will be released only upon receipt of payment as specified. Successful bidders are responsible for loading and removal and any and all property awarded to them from the place where the property is located as indicated on the website and in the Buyer's Certificate. The Buyer will make all arrangements and perform all work necessary, including packing, loading and transportation of the property. Under no circumstances will The City of Summit assume responsibility for packing, loading or shipping. See special instructions on each auction page for removal details. A daily storage fee of \$10.00 may be charged for any item not removed within the 10 business days allowed and stated on the Buyer's Certificate.
- 10. Vehicle Titles.** Seller will issue a title or certificate upon receipt of payment. Titles may be subject to any restrictions as indicated in the item description on the website. Open titles cannot be issued. The City of Summit will not issue replacement titles.
- 11. Default.** Default shall include (1) failure to observe these terms and conditions; (2) failure to make good and timely payment; or (3) failure to remove all items within the specified time. Default may result in termination of the contract and suspension from participation in all future sales until the default has been cured. If the Buyer fails in the performance of their obligations, Seller may exercise such rights and may pursue such remedies as are provided by law. Seller reserves the right to reclaim and resell all items not removed by Buyer thirty (30) days from the expiration of specified removal date.
- 12. Acceptance of Terms and Conditions.** By submitting a bid, the bidder agrees that they have read, fully understand and accept these Terms and Conditions of On-line Sales, and agree to pay for and remove the property, if the bid is accepted, by the dates and times specified. These Terms and Conditions are displayed at the top of each page of each item listed on GovDeals.
- 13. State/Local Sales and/or Use Tax.** Buyers may be subject to payment of State and/or local sales and/or use tax. Buyers are responsible for contacting the appropriate tax office, completing any forms, and paying any taxes that may be imposed.
- 14. Sales to Employees.** Employees of The City of Summit may bid on the property listed for auction, so long as they do NOT bid while on duty.

Investors will support Clark Relay in June

One of Clark Township's most popular and meaningful fundraising events will be getting an extra boost from Investors Savings Bank.

The Bank is supporting the 2010 Relay For Life of Clark, which is an annual overnight walk/run relay that raises funds for the American Cancer Society.

Many volunteers from Relay For Life will attend the grand reopening of Investors' newly built branch at 77 Central Ave., Clark. The former Investors' branch in a nearby storefront has been replaced by a 3,800-square-foot building.

On Saturday, beginning at 9:30 a.m., teams of runners and walkers will set up a mini track that begins at the branch's drive-through lane, and continues into the parking lot.

Team captains and their members will show how the Relay For Life of Clark will kick off on June

11 at 6 p.m. The 12-hour charity event will be held on Arthur L. Johnson High School's running track.

After the Investors Savings Bank demonstration at its Grand Reopening, volunteers will be available to register people for the relay.

During the Grand Reopening celebration, Investors Savings Bank will donate \$25 to Relay For Life of Clark each time a new account is opened at the branch at the Grand Reopening on Friday, Saturday and Sunday.

For information, call 732-396-8810 or visit isbnj.com. The Relay For Life Clark Web site is relayforlife.org/ClarkNJ.

Strike a pose...

Fourth grade students at Madison Elementary School in Rahway recently completed their annual Wax Museum project. The students were assigned a famous historical figure. They had to research, write and commit to memory a brief speech describing that historical figure. Pictured is Anthony Cherubino as Robert E. Lee.

Work on Rt. 78 project may be completed next year

By Paul Greulich
Staff Writer

Major construction projects on Rt. 78 have slowed traffic and brought more motorists to the streets of Union and Hillside.

One ongoing project will create new connections between Rt. 78 and the Garden State Parkway at Interchange 142. It has resulted in a traffic shift and the closure of one eastbound lane of the Parkway at Walker Avenue Bridge.

The \$125 million project is expected to be completed by the end of 2011. It is designed to provide relief from congestion on local roadways, create more convenient travel patterns and improve safety and traffic flow.

The work, which began March 19, is being conducted by Union Paving and Construction, located in Mountainside.

According to Joe Dee, spokesman for the New Jersey Department of Transportation, it is being financed by a combination of funds from the Federal Government, but the allocation of these monies predate the "stimulus money" that has been distributed in recent years. A portion of the money also came from the New Jersey Turnpike Authority, which operates the turnpike and the parkway.

Additionally, a separate project has necessitated the closing of a Rt. 78 eastbound crossover ramp from the express lanes to local lanes at milepost 53. Another previously closed temporary crossover ramp from express to local lanes near Chancellor Avenue will be re-opened.

This work is being undertaken by Creamer-Sanzari Inc. It is the largest part of a \$17.5 million rehabilitation effort affecting a one-mile stretch of Rt. 78 eastbound in Union, Hillside and Irvington. This project is funded using federal stimulus money avail-

able through the American Recovery Act. It is estimated to be completed in late 2010.

The project engineers were not available for comment.

Advance warning signs and permanent and portable Variable Message Signs will be used to assist motorists to safely navigate these changes. Police encourage motorists to exercise caution and follow any reduced speed signs in the construction zone.

Hillside Police Lt. Michael Katsoudas said the construction has had only a minor impact on the township.

"Some of the side streets get inundated with construction (traffic) but other than that it's not that bad," Katsoudas said.

"I think if I had to drive on 78 daily back and forth it would be an issue and I don't think anyone does around here," he said.

Union Police Sgt. Bob Christie reported the construction has not created a need for any additional patrols on streets adjoining the highways.

"There's been no complaints and no traffic backups caused by the construction," Christie said. "There's minimal impact on our streets."

Christie said the completed changes will enable easier access for motorists who want to get to the Parkway from Route 78.

"We anticipate the improvements they're making will improve local traffic," Christie said. "People won't have to take shortcuts on the local roads to get to the on and off ramps. It's going to help us tremendously."

Real-time traffic information and construction activity updates are available online at www.511nj.org or by calling 511.
