## Administrators

#### BOARD OF EDUCATION

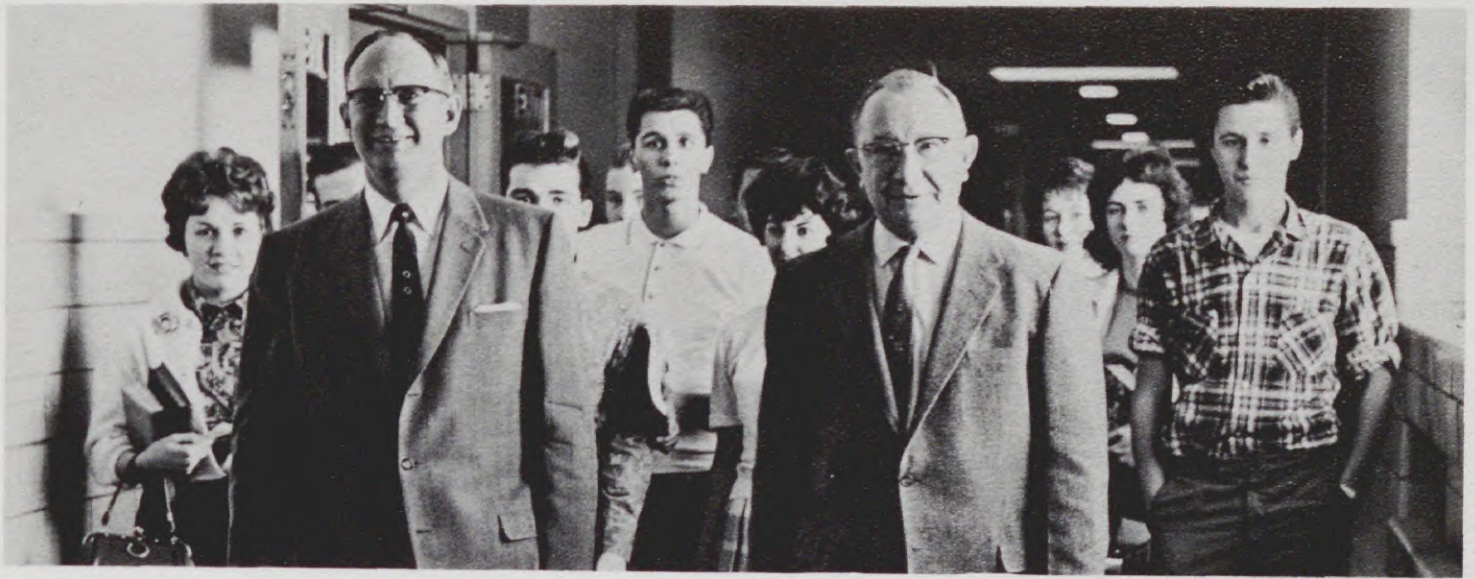

The Board of Education is the backbone of our regional school system. All policies proposed by the ALJ administration and all school activities must be approved by the Board. The school budget is determined by this body and set forth to the voters of the town represented in our district.

#### SUPERINTENDENT

Working closely at all times with the Board of Education is Dr. Warren Davis, Superintendent of the Union County Regional High School District. He heads a program of research on school facilities, supplies, and advances in education as well as formulating the administrative policy of the schools.

Mr. Robert E. Hough, *Principal*; Dr. Alvin Fry, *Vice Principal*.

## Guide Crusaders

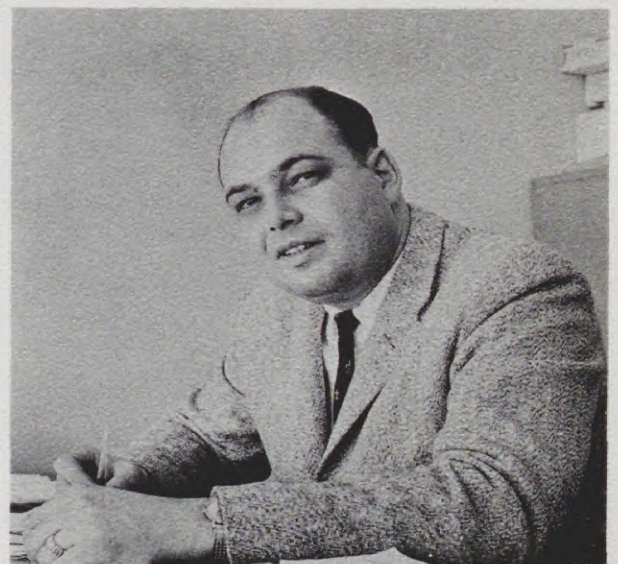

These four men each provide an important part in the proper functioning of our school.

The Principal and Vice Principal work together to direct the smooth operation of ALJ. Mr. Hough supervises the work of the teachers and students, while Dr. Fry oversees student discipline and welfare.

The Guidance Director and school Psychologist also have important roles. Mr. Kolodinsky directs orientation and testing programs as well as supervising school guidance activities. Dr. Merachnik helps students solve social and emotional problems and provides bedside instruction for those who are unable to attend school.

sis being placed on creative writing and the reading of the complete works of famous authors. Field trips enable students to see many fine plays. Examples are *Twelfth Night* and *King Lear*.

### LANGUAGE

### LANGUAGE

The biggest news in the Language Department is the new language lab that has been made available to all language teachers. French, Spanish, German, and Latin students can learn by listening to selected recordings or talking on tape in specialized booths. Another addition this year was the Roman newspaper put out by the Latin Club. Language field trips, like the one to see *Don Quixote*, proved to be rewarding and enjoyable experiences.

## SCIENCE

A variety of subjects and many interesting field trips were offered by this year's Science Department. Advanced Chemistry is our newest subject while Advanced Biology and Advanced Physics are being planned for the future. At present, the new Physical Science Study Committee Physics course is being taught.

Because of the great interest shown by our science teachers, many students put forth an extra effort to complete projects for the Regional Science Fair. This made the event a great success and all who participated felt they had learned a great deal.

Those who took Psychology heard some down-to-earth facts from a member of the A.A.A. Field trips and other speakers were available to all classes. Of special interest was a visit from Dr. Reverend Brown from the Congo. This distinguished guest spoke to many students on current issues in Africa and was the guest of honor at a school luncheon.

### HOME ECONOMICS

With modern equipment and expert guidance, the students in the Home Economics Department learn cooking, sewing, homemaking and home management. Their skills are appreciated by the faculty, who greatly benefit from them. "Home Ec." students distributed corsages to faculty members on St. Patrick's Day and cookies at Christmas. They also prepared a faculty fashion show and several faculty teas.

The Physical Education Department is important in developing the characteristics of good sportsmanship and team play as well as fitness in our students. Specialized activities are offered after school to those who are interested. Juniors have Driver Education instead of health and have the opportunity to practice "behind the wheel" driving.

#### MUSIC

Of course the Christmas and Spring Concerts highlighted the many accomplishments of our Music Department. The "Red Mill," an opera resulting from the combined efforts of the three regional schools, was also a great success. On the instrumental side, a new German band, "The Hungry 5," seems to be developing rapidly. In its second year, the Dance Band played for the FTA Smorgasbord and the Student Fair.

Students in need of library help find Miss Rhodes an invaluable aid. She can always be found supervising the library and assisting others in correct library procedure.

Our school nurse is a well known figure at ALJ. Usually available in the health office, she adeptly administers first aid and directs school-sponsored health testing programs.

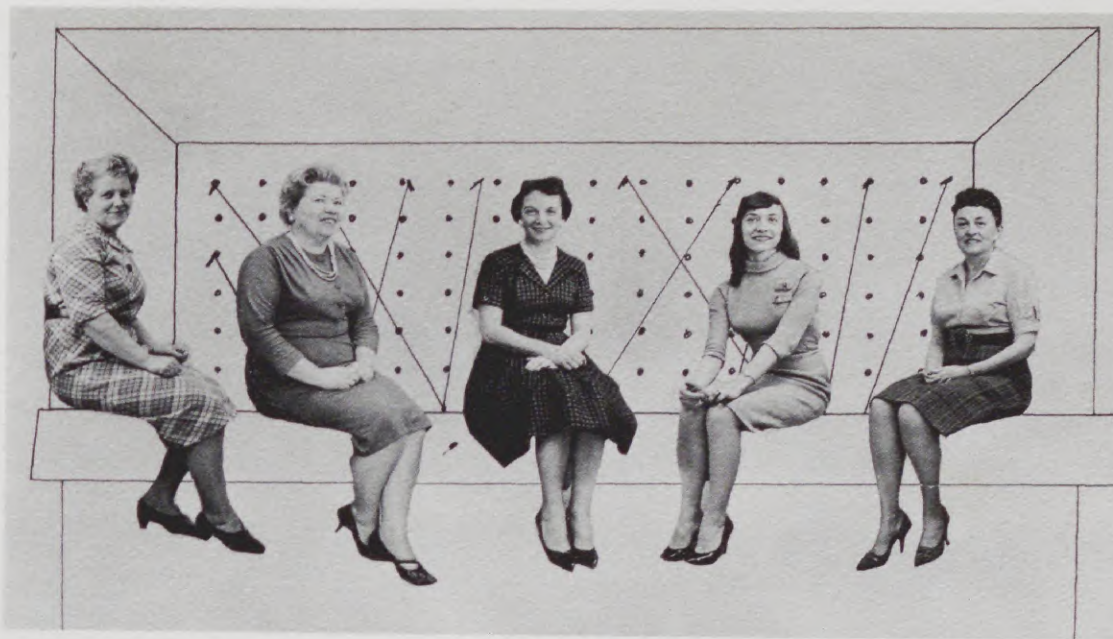

The Beauty Culture Department, under the able direction of Mrs. Vasta, was a new addition to our high school. Here girls learn better grooming as well as special beauty skills.

Mr. Freefield adeptly heads the reading courses and specializes in helping students improve their reading skills.

# Juniors

These "old timers" are anxiously waiting to fill the shoes of our departing seniors. After three years of experience, they walk the halls with poise and assurance. Class rings brought mingled feelings of pride and anticipation for the responsibilities that they symbolize for upperclassmen.

In preparation for their final years, the juniors have actively supported their class and school. Christmas corsages were sold to supplement the treasury and the all important Junior Prom was held. This event was enjoyed by all who attended and marked the end of a very successful year.

## Junior Class Officers

Seated: President: Mike George; Vice President: Janice Parker; Secretary: Clair Cook; Treasurer: Marg Dolezal. Standing: Mr. Kleinhans, adviser; Mr. Winburn, adviser.

# Sophomores

Although these "inbetweeners" have not yet attained the status of upperclassmen, they are not unknown at A. L. J. September brought old friends and fond memories as well as many new challenges. These challenges were readily met as the sophomore class vigorously attacked the new year.

The sophomores chose the time of witches and goblins to have their class dance, "Spooks Hideway." This event ended a wonderful Halloween day.

# Freshmen

These new Crusaders have admirably adapted themselves to life at A. L. J. In September their confusion was apparent to everyone. New faces, new teachers, new classes, a whole new system of society — little seemed familiar. Now they walk the corridors as veterans.

The Freshmen Class has contributed enthusiasm and spirit to our high school. Their fall dance was actively supported and was enjoyed by all who attended.

## Crusaders Lead

Under the leadership of Gary Andres, the Student Council has contributed much to our school and student body. The first dance of the school year was a council project and the night of the Mr. Regional Dance will never be forgotten, especially by Richard Beylon, this year's Mr. Regional. At Christmastime the food drive for Saint Walburga's Orphanage was a rewarding endeavor; the Student Fair in May provided an opportunity for fun and allowed our school clubs to enrich their treasuries.

## and Serve

Walking through the corridors of A.L.J. one can't help bumping into our Hall Guides, an important division of the Student Council. As traffic directors, they're the best, a real help

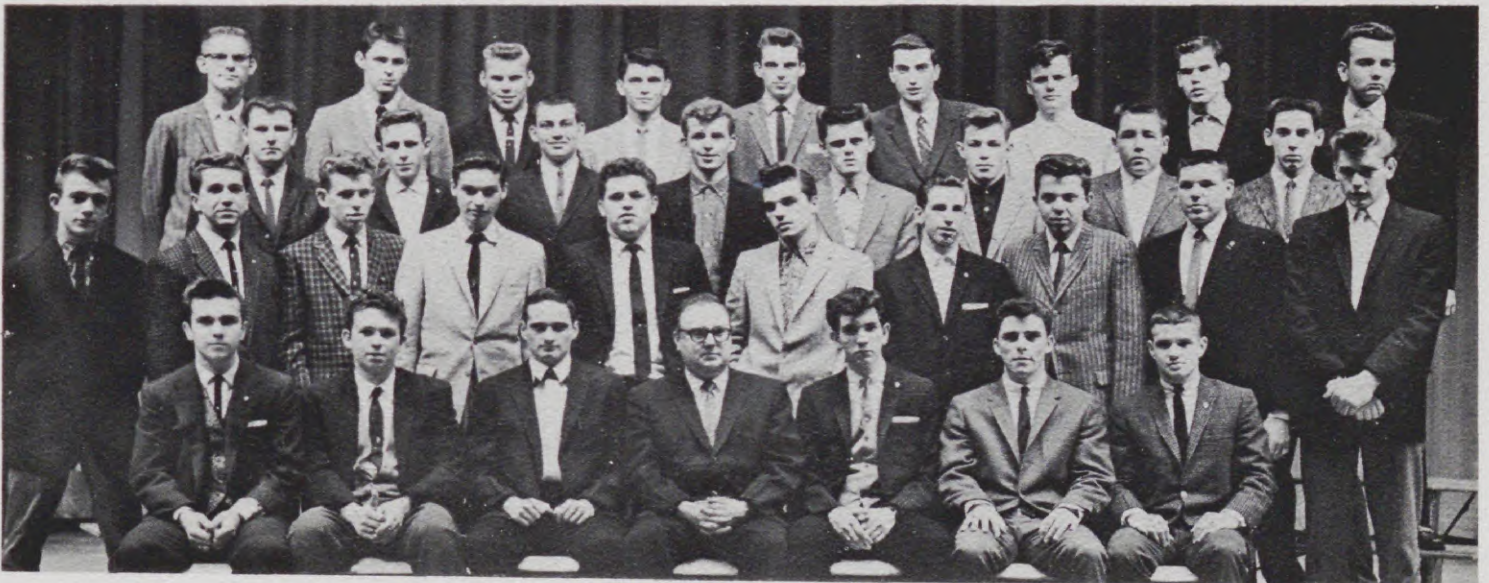

Although the Fire Patrol is not connected with our Student Council, it is an active service organization. Members make certain that safety regulations have been followed within our school and aid students at every fire drill.

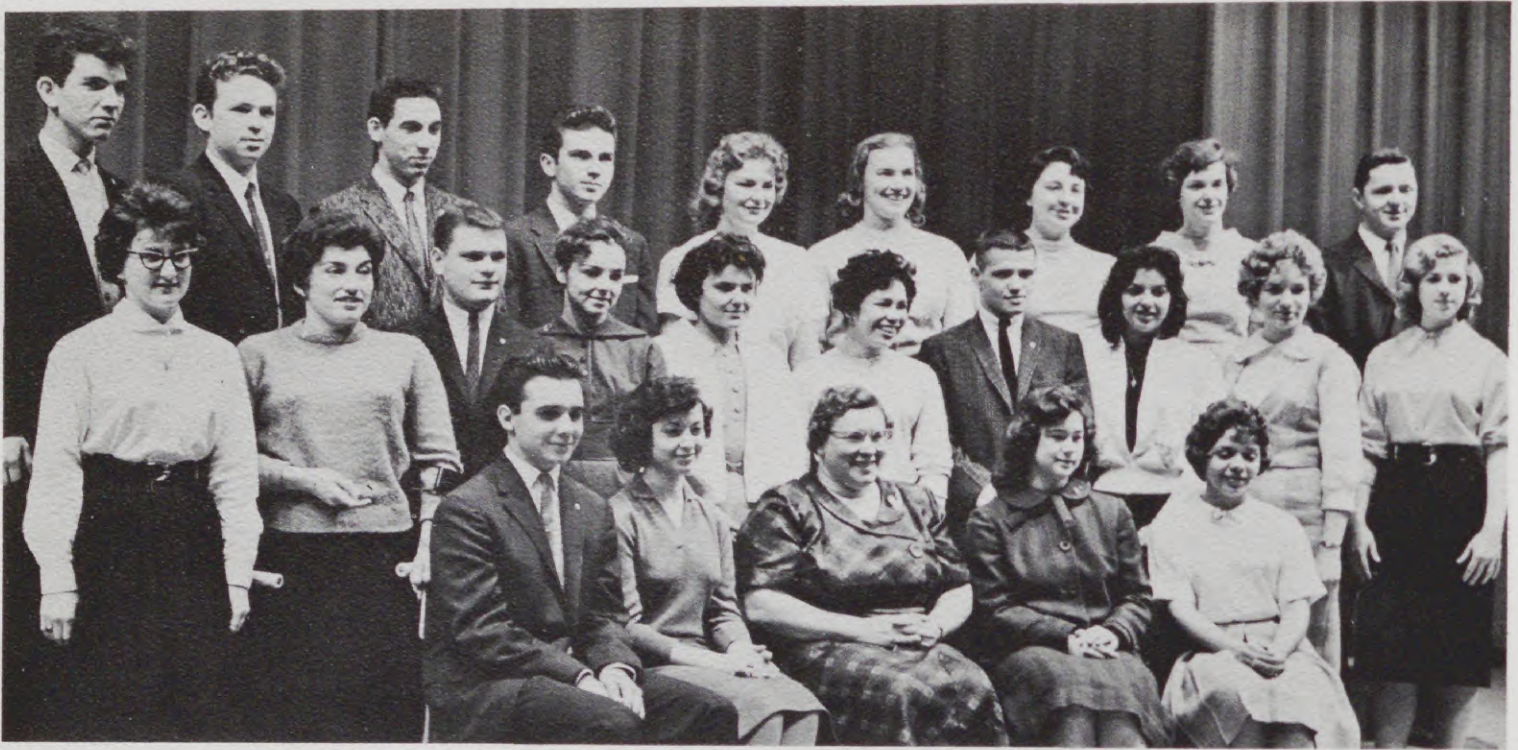

The committee for the Student Fair meets to plan an exciting day.

## Honor Comes to a Few

One of the greatest honors a student can attain is to be inducted into the National Honor Society. Fall and spring mark the admission of new members to this selective organization. All candidates must maintain a high scholastic average and be considered outstanding in citizenship, character, and service by all teachers.

To become a member of the Spanish Honor Society one must achieve a high scholastic average in Spanish

and be willing to give of himself. During the Christmas and Easter seasons the members contribute to various charities in the community. Movies and interesting discussions further their knowledge of Spanish and Spanish-speaking people.

Another great honor is to be accepted into the French Honor Society. Members are chosen because of outstanding ability and aptitude for French.

## We Prepare for the Future

Many of our high school students have made definite decisions concerning the future. Among these are the members of the F. T. A. This group has begun preparation for days to come by visiting a teacher's college in our area. Future problems were discussed through movies and speakers. The annual F. T. A. smorgasbord was a great success and added to the club's scholarship fund.

The A. L. J. business students formed the Future Business Leaders of America Club, the second chartered organization of its kind in New Jersey. Members develop business techniques by hearing speakers and participating in field trips. These students have performed many valuable services for our school and community.

Mr. Greenfield and a few members of the F. T. A. plan their annual smorgasbord.

## We Supplement

In learning a language students find that being an active member of the club associated with the language supplements their knowledge in an interesting and effective way.

This year busy Latin Club members decided to make togas while studying the history of the Roman people. A Latin newspaper filled with interesting stories and original humor was published by Latin classes with Pat Makowsky as editor.

The Latin Club displays the togas they made to further their understanding of Roman life.

## Class Room Learning

The German Club broadens its concept of Germany and its peoples by seeing numerous movies and slides. Their field trip to a German restaurant and movie theater was enjoyed by all.

Panel discussions about current events may seem common, but not when they're conducted in French. We wonder how to say *Lumumba* in French.

Members of the French Club nominate and vote for new officers.

## News and Memories

Responsibility is not always easy to accept or fulfill, but the *Lance* staff has tried to do both in putting down on paper moments we will all look back on in the future and treasure as priceless. We sincerely hope that you will always keep this 1961 *Lance* and enjoy it, for we feel it records some of the most wonderful memories of a lifetime.

Due to the efforts of Mr. San Giacomo, a relatively new publication has been introduced at A. L. J. The *Quest* is a magazine devoted to giving recognition to interested and superior writers among our students. Besides publishing the magazine, the *Quest* staff has sponsored a cake sale. These students are all members of the Creative Writing Club.

## Are Recorded

"The *Current's* on sale in the cafeteria today," the sound system reports, and at lunch time all one sees are the tops of heads bobbing over the school newspaper. Under the guidance of Mrs. Monteith and its editor, Linda Sonnenberg, the *Current* has added much originality and humor to its articles. Greater variety and interest have helped expand this year's sales.

Linda Sonnenberg and Mrs. Monteith find a quiet moment in which to go over some material for the *Current*.

## and in Serving Learn

Our school Library Council has become a valuable aid to the student body. Its members work at the desk and help Miss Rhodes to keep the library functioning. Active in the state organization, Pat Kraus leads the Council as State Historian. This group has undertaken the projects of selling the *New York Times* and of a Faculty Tea, which was held in the spring.

Library Council members learn by working at the desk.

## Music Becomes

Winter brings the Christmas season and music resounds through our halls. Here at A. L. J. a variety of new songs and old favorites are presented by our Choral groups at the annual Christmas Concert. Another highlight of the school year is the Spring Concert. The various music groups work diligently throughout the year under the leadership of Miss Midkiff to assure the success of their presentations. Divisions of the organization consist of the Choir, the Glee Club and the Bel Canto. The Bel Canto has not only performed for our school, but has also sung for many occasions in our community.

## Students Progress

Satisfying a Crusader's curiosity in the field of chemistry is the aim of the Chemistry Club. This objective is accomplished through performing varied experiments.

Star gazing is a pastime supposedly only for lovers, but our Astronomy Club feels quite differently. They have visited several schools and attended various programs relating to their interests. A field trip to the New York Planetarium was greatly enjoyed by all who attended.

Viewing slides and movies proved interesting to

students who wished to learn more about biology. Experiments and frequent field trips are most enjoyable and informative to the members of the Biology Club. These students especially enjoyed visiting the Museum of Natural History in New York.

A trip to the Esso Research Center has given members of the Physical Science Club first-hand information on the importance of today's broadening field of science. Experiments and demonstrations in school have also proved profitable to these students.

## in Many Fields

One must be a special kind of Crusader to be a Key Club member. Not only must he be a good student scholastically, but he must also be approved by his fellow Key clubbers. This year the boys added to their scholarship fund by sponsoring a memorable dance. They also aided our school by acting as guides for those attending adult school.

If one wants to meet interesting people and learn about the world today, he should join the N.F.L. or the Debate Club. This year its members have competed in several inter-scholastic speech contests as well as participating in many District Congresses.

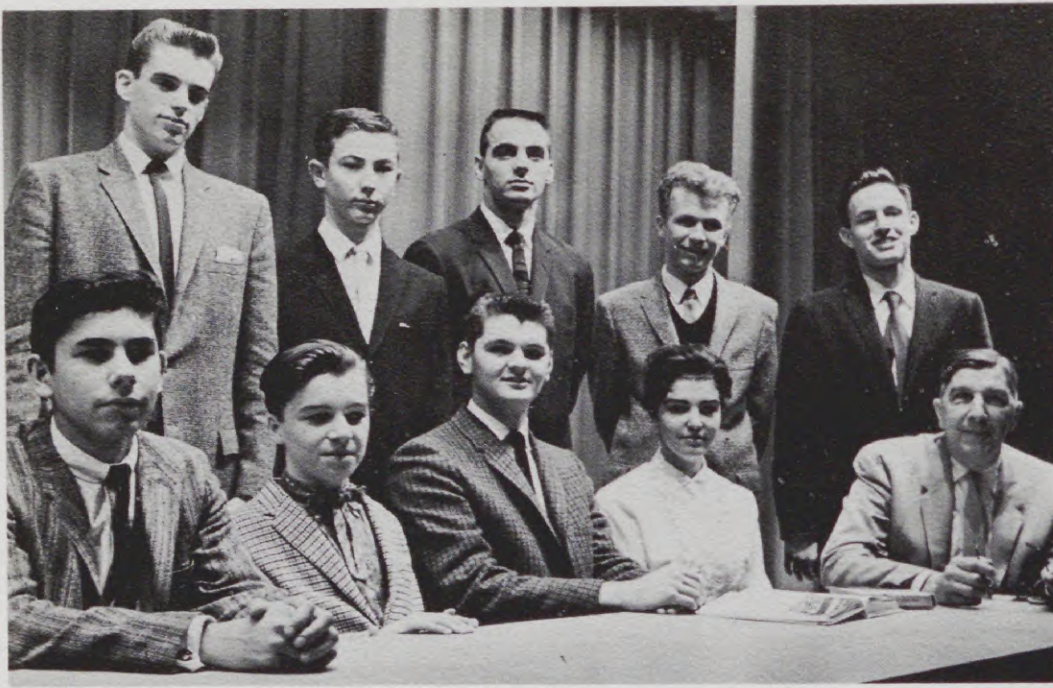

#### DEBATE CLUB

Mr. Kleinhans describes a philosophical theory to interested members.

## Educate the Whole Person

Life is not always easy and through the years there have been many men eager to simplify its problems. The Philosophy Club members find it a valuable and stimulating experience to have intelligent and open-minded discussions concerning the views of these men.

The Stocks and Bonds Club has been able to learn much about our system of economy by following the activity of certain stocks and other investments. By visiting the New York Stock Exchange, they saw at first hand the operation of the Stock Markets.

Girls in the Tips for Teens Club have learned about personal grooming. Discussions on proper dress, hair style, and the art of applying make up attractively have proved to be invaluable. All members now believe that one's appearance helps or hinders in creating a first impression.

A new club formed this year at A. L. J. was the Bridge Club under the guidance of Miss Doane. Many students learned the beginning fundamentals of the game while more experienced players improved their techniques.

A fashion show and tea highlighted the activities of the Home Economics Club this year. The club's main purpose is to create interest in the various aspects of homemaking.

The members of the Dramatics Club receive practical experience in the interpretation and production of outstanding plays. These students broaden their knowledge and promote interest in dramatic activities.

Community and school benefit from the hard work of our stage crew. These students were in charge of all technical work for our assemblies and worked diligently to create the set for our senior play.

The Sound Studio staff keeps teachers and students informed as to the important announcements of our school, as well as announcements of our school, and provides good music before school officially opens.

## in Many Fields

"Say cheese" was the most frequently used phrase in this interesting and informative club's vocabulary. It is the Photography Club, of course, which instructs its members in special techniques for shooting pictures, creating special layouts and developing film. Several "picture taking" trips were beneficial to students who participated.

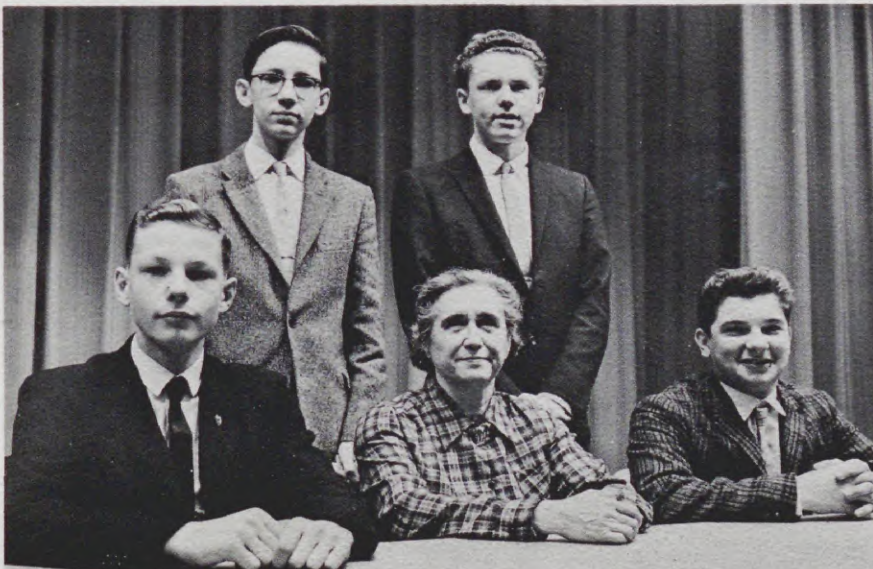

Do you enjoy collecting things? Members of the Stamp and Coin Club do. At frequent get-togethers they compare and trade items from their many collections. Trips to New York provide the opportunity to purchase new stamps.

As the choir started its procession at the Christmas Concert, lights came up on the stage, revealing a beautiful stained glass backdrop. This was the work of the Arts and Crafts Club, who also helped in creating scenery for the Senior Play.

## Soaring Spirits Mark Crusaders

Our football team this year suffered from an agonizing loss of reserve strength. Though the school spirit was unusually high and our starting team very capable, we suffered the casualties of lacking quality reserves. Our first-half strength was better than most as evidenced by the 7-6 half-time score against powerful Westfield and a 6-0 half-time mark at Highland Park, another outstanding team. We offer congratulations to Coach Lou De Rosa and his courageous team for the fine job they did all season long, and a guarantee that our team of 1961 will have the spirit and the record to match they so well deserve.

Sevell breaks clear.

Break that line!

## Cagers Sport 6-12 Log

Johnson Regional's basketball team this year found itself in the position of having defeated two district champions during its regular season campaign, Hillside and New Providence, and terminating its season sporting a losing record. Our cagers also were defeated by only one point in the Union County Tournament. Coach Lou Peragallo has fielded a fine squad; we only regret that their record doesn't match their playing.

## Grapplers Evidence Power

Johnson's wrestling team this year, under the new direction of Coach Russell Stanley, displayed one of the finest records in Union County. Their power was fully evidenced at the stunning upset of previously undefeated Cranford. Our leading point-maker was Ed Anderson, who also annexed the district championship, followed by Co-Captain Bob Szary, and Vid Varneckas. Since only four of the squad are seniors, next year should see some fine wrestling from Arthur L. Johnson.

With the few experienced men we have, Coach Peragallo has done a fine job of molding his players into a capable unit, one which our school should be proud of.

## Diamond Outlook Bright

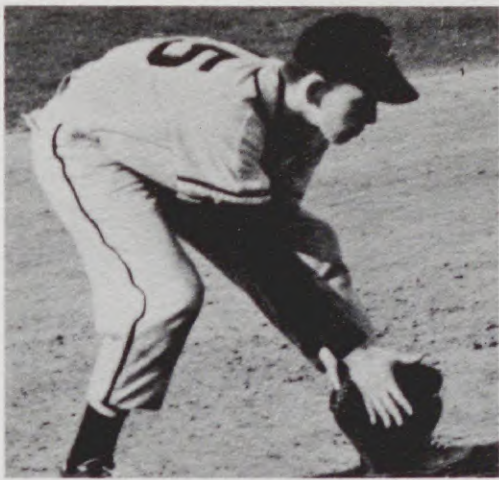

Stretch for that ball!

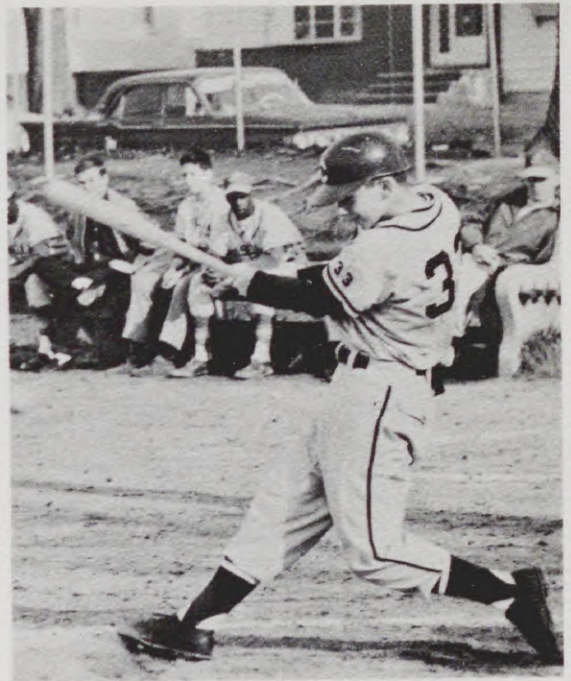

Richie Beylon strikes them out.

First year mentor, Coach Lou Peragallo, was faced with another rebuilding job on Regional's 1960 baseball squad. Like many of our teams this year the players were still green — looking for improvement.

## Rebuilding Season

Regional's track team this year looked towards rebuilding for next year. The squad was composed mainly of green performers with little experience in the fundamentals of the sport. Coach Severage looked for the performances of stalwarts Joe Martz, Bob Sevell, and Richie Himpele to boost our team's score. With more experience our team should rank with the best in the county. Next year we'll see how well the boys have learned their lessons.

A. L. Johnson once again threw the strikes at Clark Lanes. Under the direction of Mr. Nilan, our boys participated in a five-match season with Governor Livingston, Jonathan Dayton and Snyder of Jersey City. We also entered two teams in the Union County Tournament and one team in the State Tournament. The highest average of 171 was sustained by S. Milberger, while the highest three-game series was 658, posted by F. Hahn, who also rolled the highest single game of the season — 277.

Regional found itself with another offspring this year. A golf team, under the leadership of Mr. Fulton, was officially placed on the roster of our teams. Though this was their first year as a team, the boys have been playing golf for some time. We have one proven player in Walt Lilley who won the Union County Conference Golf Championship two years ago as a freshman.

# Color Guards Lead the Way

Our Color Guards were a very impressive sight in leading the band onto the football field and marching during halftime. The crowd also followed the Color Guards in the salute to the flag. School spirit owes much to these young ladies.

## Band Supplies Spirit

Heightening school spirit.

The Crusader band was seen at every football game in full marching regalia cheering the team to victory — with music, of course. Under Mr. Jupina's leadership, the band lent a colorful highlight to our school. They also participated in a spring concert, inaugurated last year, and did a very fine job producing good music, delighting all who attend.

# ARTHUR L. JOHNSON

## CRUSADERS

# REGIONAL HIGH SCHOOL

### ALMA MATER

Raise a chorus, Crusaders of Johnson  
Regional High,  
Stand up for now her colors fly,  
Ours to be your champions strong, to arm  
with mighty shields,  
Your standards we'll bear to every field.  
Dear Regional, we honor thee,  
We'll keep thee in our memory,  
Your guiding light will lead the way,  
And keep us safe through night and day.
