LANCE

Published by the students of
Arthur L. Johnson Regional High School
Clark, New Jersey

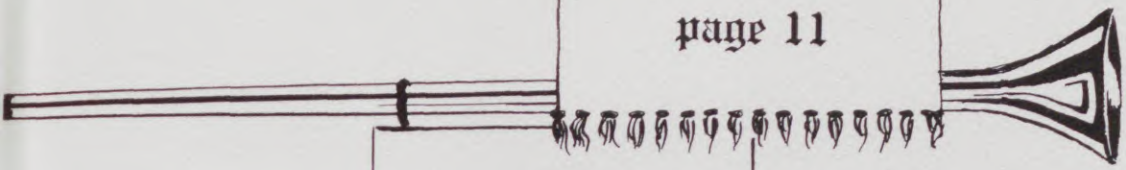

Foreword

On the following pages, we, the staff of the 1963 *LANCE*, have attempted to record both the events of the school year and the spirit of Johnson Regional. Our school is a combination of novelty and tradition, of individuals and groups, of academics and extracurricular organizations, but the keynote to its character is activity. The activity in the halls, the offices, and in the homerooms is equalled only by the intellectual activity of the classrooms. The people responsible for this dynamic attitude include the administrators, the coordinators, the teachers, the many staffs, and the students. For this reason, we have attempted to show these groups in action and record the enthusiasm which they bring to their work. We at Johnson Regional have all these things and more to be proud of. We have our energy, our growing stature in the community, and our soaring school spirit. Here in these pages the staff hopes to have shown that we are Crusaders on the move.

Dedication

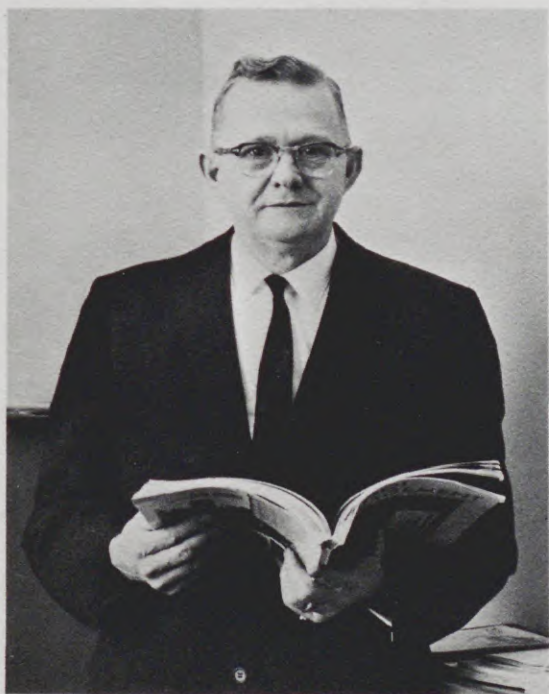

In recognition of her six years of creative and valuable service to our English Department, and in gratitude for the guidance and inspiration which, as former yearbook adviser, she gave to many staffs, the 1963 *LANCE* is dedicated to Mrs. Esther Burroughs. It is the hope of the present staff that she will accept the spirit of true admiration with which this dedication is presented.

First Row: Dr. Davis, Mrs. Smith, Mr. Ward, Mr. Fay, Mr. Hopping. Second Row: Mr. Conlin, Mr. Loman, Dr. Jones, Mr. Melick Jr., Mr. Foster, Mr. Nolan. Third Row: Mr. Fredericks, Dr. Jacobson, Mr. Steiner, Mr. Elsassner.

Through its guidance of the policies and activities of all three sister schools, the Board of Education forms the backbone of the regional system. Its members work continually and diligently to create a healthier atmosphere for learning.

Dr. Warren Davis, Superintendent of the Union County Regional High School District, and Dr. Jacobsen, Assistant Superintendent, work closely with both the Board and the administrators of the individual schools. Under their leadership the school is kept constantly abreast of new and promising developments in education.

of Schools*

Mr. Robert E. Hough
Principal

These three gentlemen are familiar to all of us here at A.L.J. Mr. Hough, our Principal, translates policies approved by the Board into positive action and supervises the teachers and students. Dr. Fry, as Vice Principal, has close contact with the student body and protects student welfare and order. Mr. Kolodinsky heads our Guidance Department and is largely responsible for the fine programs of orientation and student counseling available at Johnson Regional.

Language Department

Language is the key to other cultures. In this day and age when scientific advancements have made the world considerably smaller, a knowledge of one or more foreign languages is a valuable asset. By educating the students in the structure, usage, and literature of a language, the department strives to promote an understanding of the peoples who inhabit the lands where the language is spoken. Students have an opportunity to record their voices in the language laboratory, which has proved a useful supplement to the regular classroom work.

Social Studies

Today's world is one of endless strife and tumult. While trying to preserve our own precious rights, our nation strives to help the more unfortunate peoples of the world obtain their liberties. Experience is the best teacher; an awareness of mistakes made in the past is instrumental in building a safe, sound future. Thus our students study the histories and the laws of nature ably taught by the members of the Social Studies Department. Field trips to the United Nations, historical monuments, and Wall Street were interesting supplements to the classroom material.

Mathematics Department

Mathematics, indispensable in everyday life, is the tool of the sciences. The Department offers two different programs, one in traditional mathematics and the other in the Illinois Math principle. College Preparatory Mathematics has been made available to students who desire extra training before pursuing the natural progression of study. This year a course in Mathematical Analysis has been added to the curriculum for those interested in a career in mathematics.

Science Department

The Space Age has greatly accentuated the importance of science. If our nation is to remain one of the leading competitors in the race to the moon and the planets, we must train an increasing number of competent scientists and mathematicians. At A.L.J., the Science Department is preparing students for work in these areas. In the biology labs this year, some students made an intensive study of fruit flies, while those in chemistry and physics classes performed laboratory experiments attempting to discover some of the whys and wherefores of matter.

Business Education Department

A variety of opportunities are available for qualified people in the business world. The Department attempts to train our students that they may have the competence to become valuable leaders in business and more efficiently serve our nation's economy. Courses are offered in many phases of secretarial and office work. Field trips to neighboring businesses and companies acquaint the students with opportunities in the immediate area.

President Kennedy's physical fitness program is in full swing at Regional. Miss Linn's junior and senior girls perform daily exercises along with participation in the seasonal sports. Gazing out the window in the spring, one can see the boys' gym classes running those tiresome laps. The members of our Physical Education Department encourage the youth of the school to maintain a sound body as well as a sound mind. An excellent coaching staff has accounted for winning seasons in many sports this year.

Special Services

In A.L.J.'s attempt to provide a comprehensive high school, special services play a vital role in meeting individual needs and interests. A full time nurse, psychologist, and reading specialist are available for those who seek or need their assistance. In addition, a student-orientated specialized program of studies is functioning under the auspices of the Special Services Department.

Guidance

Department

It is the chief duty of the guidance counselor to help the student make the wisest plans for his future. The incoming freshman needs assistance in selecting a pattern of study. Upperclassmen require help in choosing courses which suit them according to their ability and interests. Guidance counselors do intensive work helping seniors with the selection of a college or technical school, enlistment in the armed services, and job placement.

Industrial, Vocational, and Fine Arts

Aside from the pursuit of the academic studies, Regional students have the opportunity to learn and to develop skills in the industrial, vocational, and fine arts. Extensive offerings in auto mechanics, metal and wood work as well as courses in painting and ceramics are available. Special features include a practical course in beauty culture and distributive education.

Home Economics Department

Someone once said that a woman's place is in the home. Today, with women playing such an active role in business and industry, it is questionable whether this is still the case. However, every woman must know something about homemaking. At A.L.J. classes are conducted in the culinary art, in sewing, and in the management of the home. Frequently an enticing aroma from the foods room pervades our hallowed halls.

Music Department

Each year the Music Department at A.L.J. presents three public concerts in the auditorium. At the Christmas Concert the audience delights to holiday music by the Choir, Glee Club, and Bel Canto, under the direction of Miss Midkiff, and the band directed by Mr. Jupina. The band performs at its own Band Concert in the spring, and the annual Spring Concert is presented by the vocal groups. Outside of school, the band plays at all football games, and the Bel Canto, our select vocal group, performs for department stores and civic associations in the area.

Office Staff

Courteous, cordial, and competent are the ladies who compose A.L.J.'s office staff. Handling all of the clerical work, they are helpful to both faculty and students alike, and do much to promote the smooth functioning of the school.

At approximately 11:30 AM each day, the cafeteria is stormed by a few hundred of A.L.J.'s starving students. The ladies of the cafeteria staff work diligently to feed each hungry mouth within the allotted twenty-two minutes after which second lunch begins, and the rush is on again.

The custodial staff at A.L.J. works around the clock to preserve the beauty of the building and grounds of our school by keeping everything in the best possible condition and maintaining high standards of cleanliness.

Regional Plays Host to First Exchange Student

Through the combined efforts of the P.T.A. and Mr. George Cuzzolino of our social studies department, Rainer Frohn of West Berlin, Germany, was brought to Regional this year as our first foreign exchange student. Rainer was the guest of one of our seniors, Rich Curry, and his family for the three week visitation period. He was sponsored in this country by the Herald Tribune World Youth Forum, and his activities at Regional were planned in advance by a steering committee under Mr. Cuzzolino's direction.

Rainer was officially welcomed to the school at an assembly and a Student Council reception in his honor. Students at A.L.J. received our visitor with warmth, interest, and enthusiasm. He assures us that his stay in America was both enjoyable and rewarding. We feel that he will be a fine good-will ambassador.

Held at A. L. J.

This year the annual Science Fair was held at Johnson on March 14-15. Contestants presented the results of months of labor in projects ranging from the development of chick embryos to the physics of a soccer ball. Awards were presented at a P.T.A. meeting by Mr. Walter A. Hohn, Science Coordinator for the Regional District, whose efforts did much to produce a successful fair.

Juniors

Much of the activity in the school and enthusiasm at sports events can be attributed to our energetic Junior Class. Having become upperclassmen at last, the Juniors contribute scholastically and athletically to A.L.J. Class rings are worn proudly, but as the bitter must come with the sweet, so come myriads of tests including the May College Boards.

The social highlight of the year, the Junior Prom, was held in the school and the students danced till two to the music of Bud Morrow and his orchestra.

Eagerly the Juniors prepare for the challenge of the coming year, when as Seniors they will assume many positions of leadership and responsibility.

Sophomores

The largest class in the school is the Sophomore Class, or the "inbetweeners" at A.L.J. Having come through two years of suppression, the Sophomores eagerly anticipate becoming upperclassmen. The October class dance was a huge success, clearly showing their enthusiasm and ability for organization. Regional places much confidence in this group, trusting them to carry the Crusader banner onward to new accomplishments and greater glories.

Freshmen

With a hesitant step, the Freshmen entered the vast halls of A.L.J. early in September. Having survived the horrors of Orientation Day, they are now completely familiar with life at Regional and have proven a credit to the school. In March the Freshmen held a successful class dance and supplemented their treasury with a clothespin sale. No longer newcomers to A.L.J., the students look forward to their sophomore year when they can expand friendships and interests and play a more vital role in the activities of our school.

Our Education . . .

The Advanced Biology Club is a small group of students interested in pursuing advanced techniques in the biological sciences.

The main function of the Art Club is of course to study art. The members meet once a week to discuss the many different types of arts and crafts as well as special club business. Belonging to the Art Club gives the members the satisfaction of making things with their hands, blending ideas and learning the various cultures.

The function of the Photography Club is to provide photographic service to the various other school activities. In the process, the boys become skilled in photographic techniques and darkroom procedures. Time is also devoted towards portraiture and oil coloring.

The members of the Debate Club, under the leadership of Mr. Kenny, are active in debates, extemporaneous speaking and panel discussions. Poise and oratorical skills are developed.

The chief activity of the Rod and Gun Club is to train the boys in the proper handling of firearms. This is accomplished through weekly sessions at the Westfield National Guard Armory. The highlight of the year is a weekend camping trip to Stokes State Forest for the opening of the trout season.

Crusaders Compile Best Record in School History

Our football team this year displayed the qualities of champions. Sam Timer and his assistants instilled a tremendous spirit in our gridders. As a result, the team enjoyed the winningest season in the history of the school.

Through the combined efforts of the coaches and the players, our team was molded into a strong Watchung Conference contender. After plowing through a rugged nine-game schedule our team emerged with a commendable 5-2-2 record.

After an initial loss to a highly rated Westfield team, the gridders began to click. They went on and battled a tough Springfield eleven to a deadlock. In the following six games our team revealed an awesome offensive attack

by piling up 119 points to our opponents' 33 points. The gridders closed out the season with a loss to Scotch Plains, the Watchung Conference Champs.

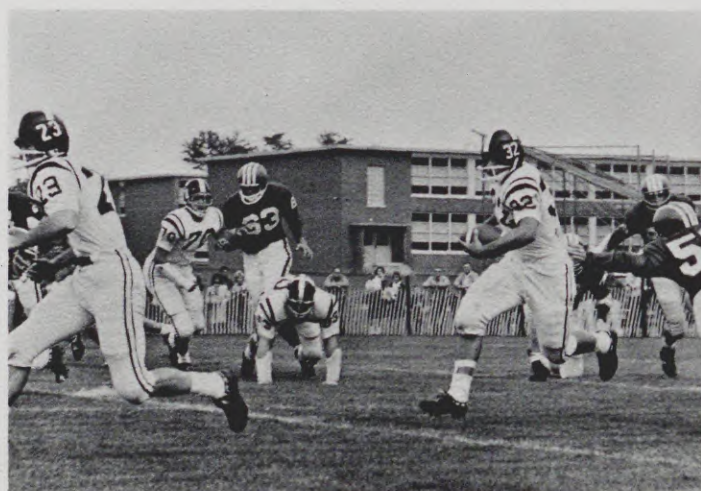

Ken Hauswald, the team's stellar quarterback, won the Most Valuable Player Award. Other outstanding lettermen included Bill Prish, John Soltis, Al Peters, Con Rieder, Jim Scott, and Frank Spaziani.

Many individuals on the squad gained recognition for their superb play, but the success of the team can be attributed to good coaching, and the combined efforts of the entire squad.

With many of the stars of this year's squad returning, we are looking forward to another successful year.

Booters Go Undefeated in Watchung Conference

To produce a winning team there must be present more than just skilled athletes. The guidance of good coaching, a sincere desire to win, and team spirit must be combined. The soccer team at Regional this year has taken all these qualities and used them to mold an efficient, smooth-working unit that has proved to be a champion on the field.

Working long, hard hours after school under Coach Severage, the team reached the point where it could defeat all foes. In evidence of their ability, the team captured the Watchung Conference Championship for the third time in four years.

The team has again upheld the tradition of being a well known powerhouse. A strong defense was combined

with a powerful offense led by J. Koedam and T. DiFabio with thirteen and twelve goals respectively. By being undefeated in the Watchung Conference and having an overall 10-5-1 record, the Crusaders received a berth in the state tournament. In the first game of the tournament the booters defeated Chatham, last year's state championship team by a 2-0 score. Then they encountered a strong Summit combine and lost a heartbreaker (1-0).

The Crusaders placed players on the All-State and All-County rosters. The boys who received these honors were B. Staeger, D. Fuchs, J. Koedam and T. DiFabio. D. Fuchs also garnered the teams most valuable Player Award.

Coach Peragallo worked with the other coaches to develop a strong combine. Their efforts enabled our team to pose a threat to the best teams in Union County. This was evidenced in the team's three point loss to Hillside, the area's top squad.

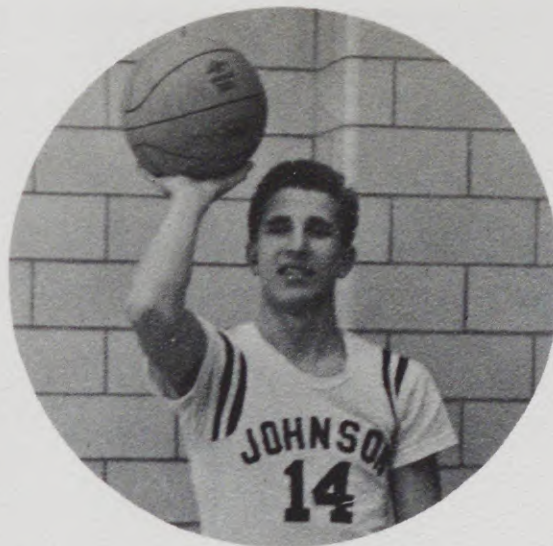

The team sported a 6-14 record, improving as the season progressed by winning three of the last four games.

After being invited to participate in the Union County Tournament our team lost to Westfield, the second seeded team. Dennis Chinchar set a school scoring record by compiling 30 points in this contest.

The outlook for next year is promising with three varsity players returning and many of the jayvees advancing to round out the squad.

Grapplers Tough on Opponents

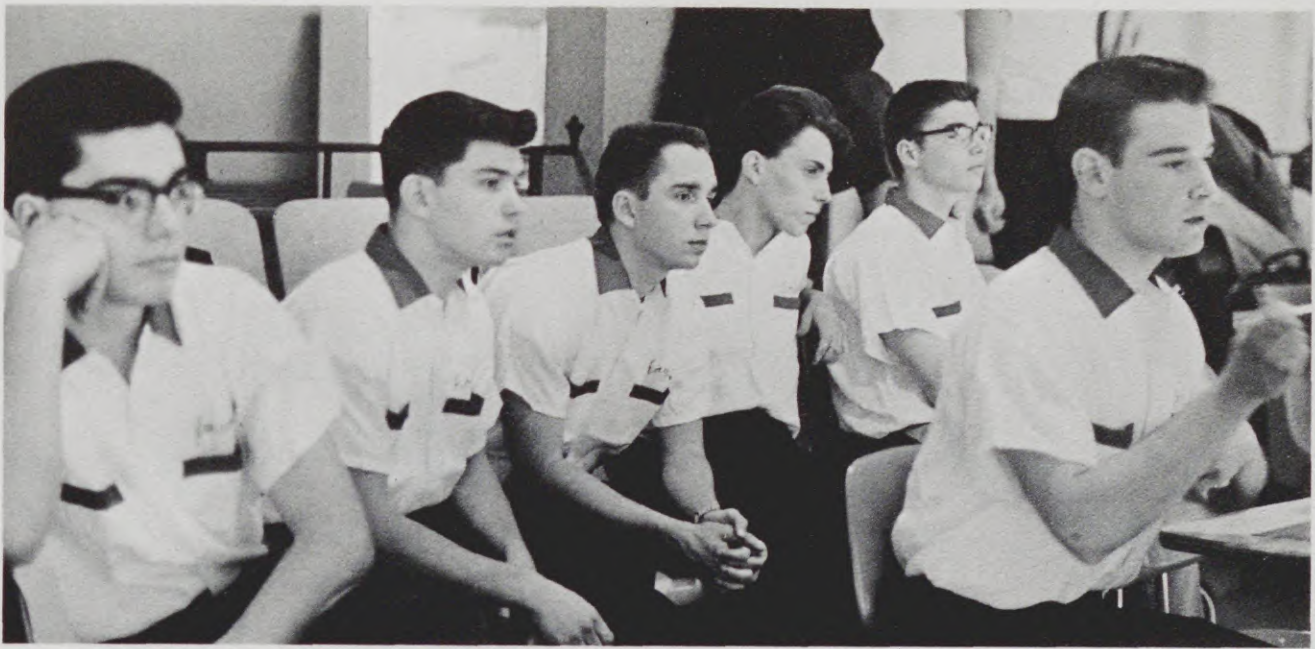

The wrestlers under the direction of Coach Russell Stanley posted a record of 5-6-1. Coach Stanley's training enabled Rich Shohfi, Roger Fuchs, Don Fuchs, and Ken Hauswald to advance to the finals of District 6. Rich Shohfi, undefeated throughout the season, advanced to the finals of the Regionals after having conquered two previously undefeated wrestlers, and then lost a heart-breaker by one point.

Success in wrestling depends not only on strength but also on alertness, agility, and skill.

Keglers Show Good Form

We have had successful bowling teams ever since the sport was introduced to our school. The bowling team placed third in the Union County Tournament for the second consecutive year. The bowlers displayed pro-type poise under the tensions of the stiff competition encountered in the tournament.

John Soltis, Steve Millberger, Joe Mazur and Jay Brda paced the squad as they consistently scored 900 totals.

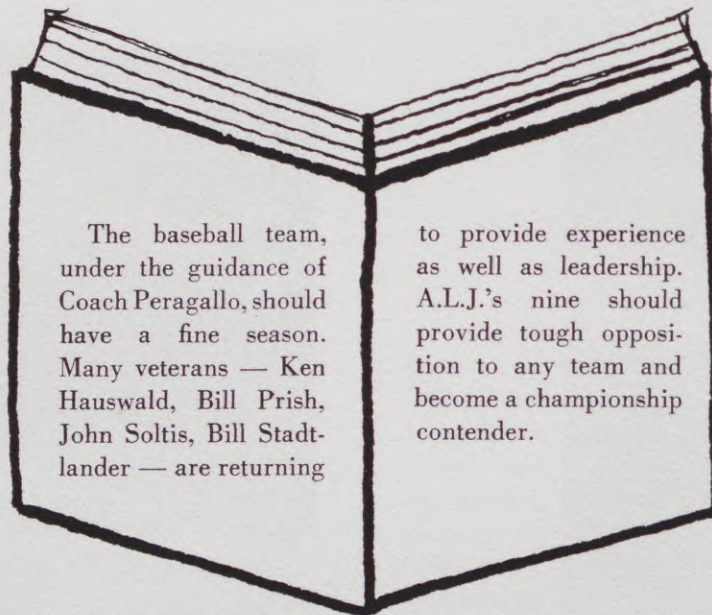

Moral support from the sidelines.

Coach Peragallo has his eye on the ball.

Golf

Golf has recently attracted record numbers of fans due to television exposure. A.L.J.'s golf team, going with the trend, has increased its schedule this year in the hope of spawning a future Palmer or Player. Coach Hooper is faced with a rebuilding job this year, as all of last year's veterans have been graduated. Doug and Bert Maier, Don Smolyn, and Rich Lannigan are expected to drop a few putts, and muscle a drive or two in an attempt to ward off the challenges of other Union County golf teams.

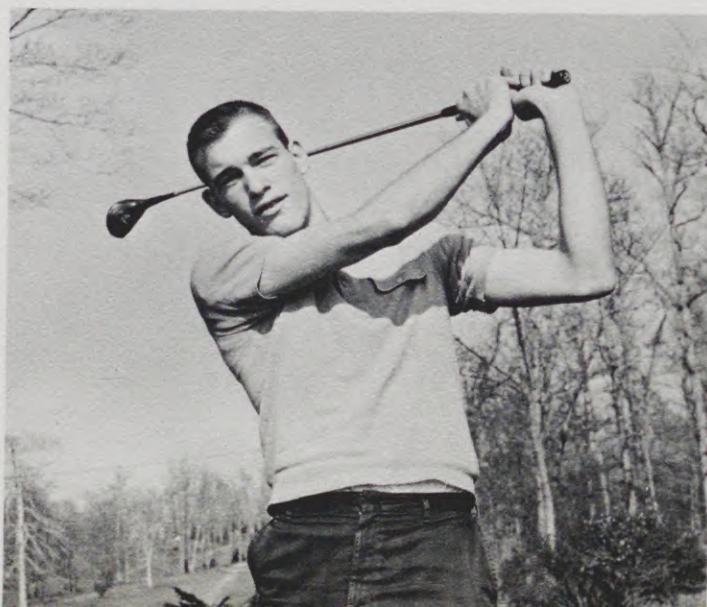

Despite trouble, Jeff can still manage a smile.

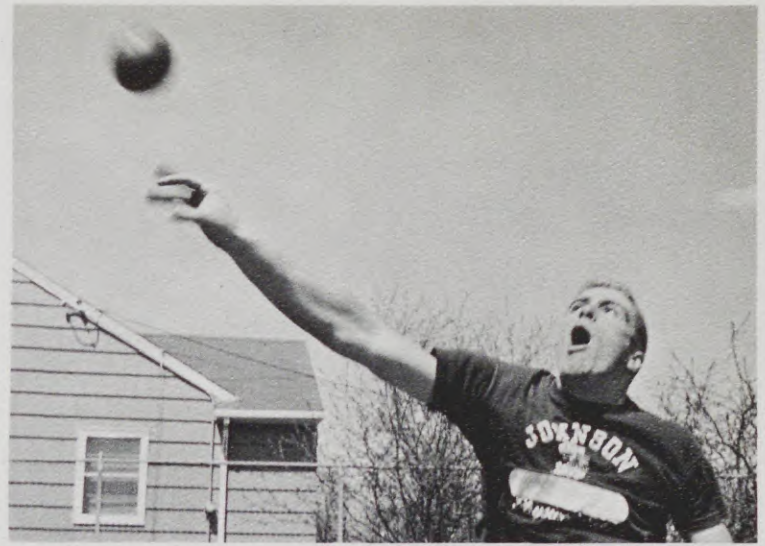

That one *will* drop.

Bert Maier drives off the first tee.

Bill Staeger is up and over.

Jim Smith puts everything into the shot put.

Grit and determination help Bob Habesevich match his man stride for stride.

Track Team to be Tough

The sweatshirt may not fit, but Joe Szper gets off a good throw.

Coach Severage, after rebuilding, should have a much improved squad. Led by Bill Staeger, the team should be stronger in most of the events. With superb efforts from the boys some of the school records should fall.

Student-Faculty Game

Time out, gals.

The ball is thrown in, the buzzer rings, and the clash of giants has begun. Each year the students meet the faculty in this sports classic and fight to the finish. This year, the girls overcame the teachers 10-3 in a tight defensive battle, while the boys pulled a cliffhanger out of the fire in a two-minute overtime with a score of 43-46.

Coach Fulton sinks another.

Fight, students, fight.

"No fair, you tripped her."

During football season the ALJ Twirlers share the athletic field with the football team. They entertain at half-time with the marching band, and encourage school spirit by performing at pep rallies, dances and the band concert.

Cheerleaders

The Cheerleaders of ALJ can be seen cheering at football and basketball games. They enjoyed the tremendous school spirit this year which has been built up by winning teams. The Cheerleaders have become a necessary part of the sports activities as a boost to school moral.

The cheerleaders enjoy their work . . .

and give their all.

SENIOR PLAY . . .

Caught in the act.

Kathy Kump tries to break up a slight difference of opinion between Rich Curry and Bruce Killy.

Would you care to sit down?

This year's Senior Play, *Visit to a Small Planet*, is not about space exploration as the title implies, but concerns the experiences of a visiting Martian to our small planet. The major roles are essayed by Seniors including the following: Joyce Tomko, Wayne Comer, Dom Carrea, Kathy Kump and Bruce Killy.

Fringe benefits for Mr. De Caro, our photographer.

Time out from the routine

Annually, Columbia University sponsors a yearbook conference in order to familiarize yearbook staffs with the production of a good annual. This year three editors attended accompanied by their advisor, Mr. San Giacomo. After many long and bumpy hours of New York subway travel, the weary participants were revived by a delicious dinner at the Waldorf Astoria.

IN THE MAKING

Lance advertising in the cafeteria aids sales.

Deadline day the San Giacomo way.
