Right: Stewart Brittner "Why did I take Chemistry?"

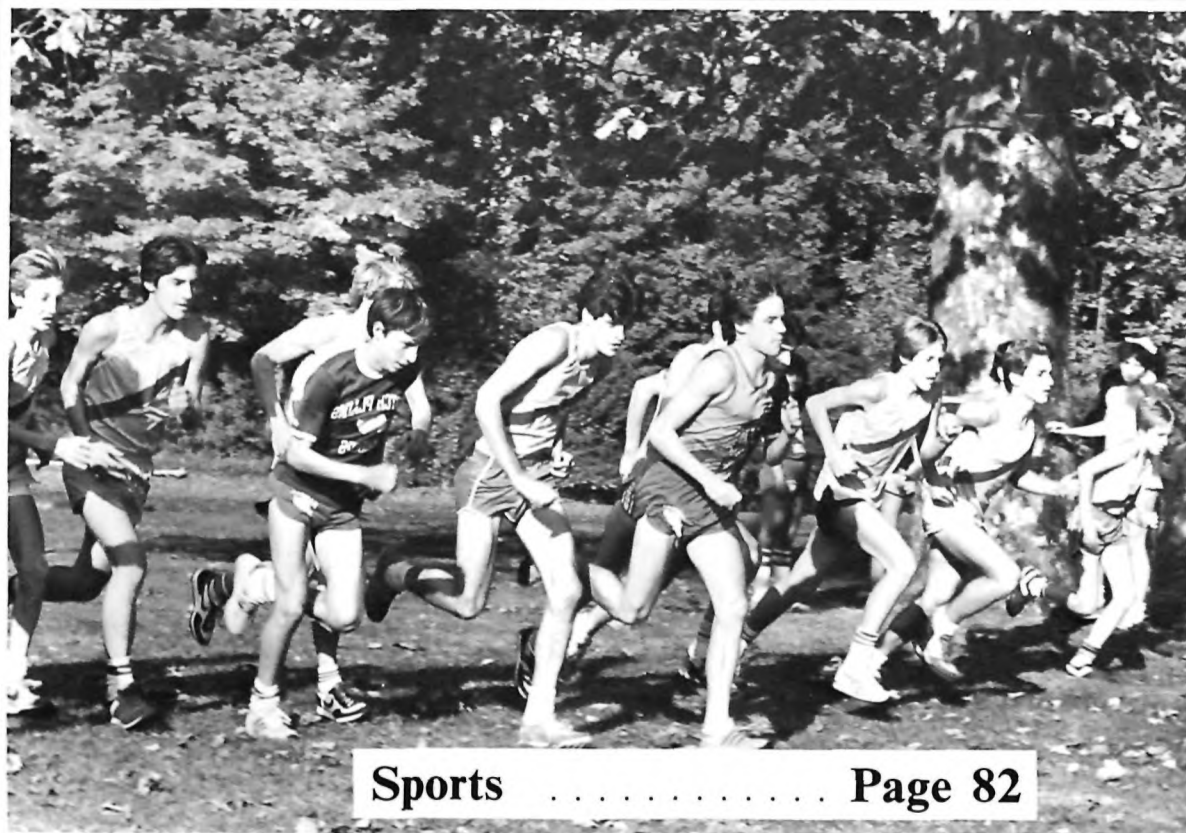

Life at C.H.S. is a series of challenges. Upon arriving at C.H.S., many of these challenges were alien to us. By accepting these challenges, we were also exploring potential paths to follow in later life. As seniors, when the challenges of C.H.S. have finally been met, we have acquired the sense of direction that will be necessary in order to meet the greater challenges of life. While this direction will always take us to new and greater challenges, the path will always lead back to C.H.S.

CURRICULUM

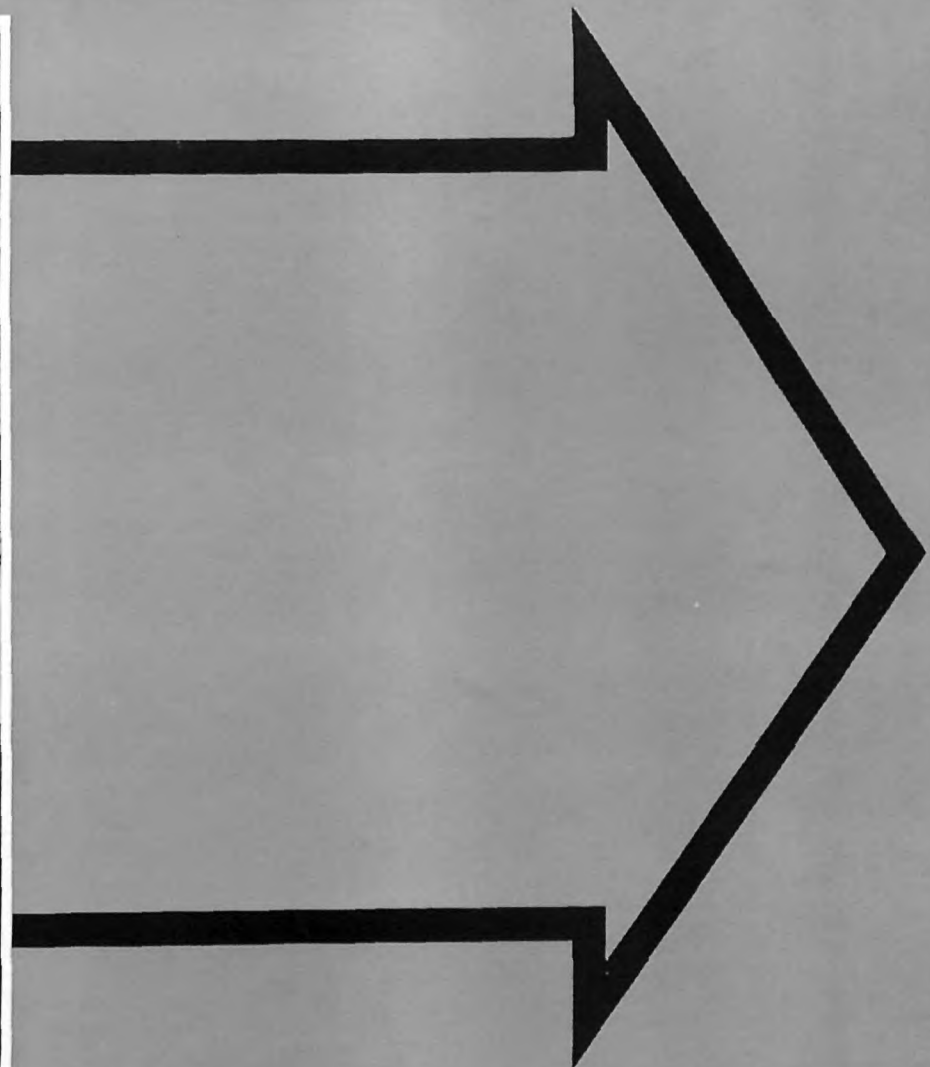

Traditionally, the Curriculum section of the Yearbook included pictures of teachers only, and everyone always ignored it because they wanted to see their friends, or themselves, for that matter, and not their teachers.

So we featured portraits of all the teachers and listed, respectively, the department they are in, the classes they teach, and the extra activities they are involved in.

Listed are the results of questionnaires we distributed amongst the teachers. We're sure you'll learn a little about what the teachers are really like, and when you look back at this Yearbook maybe twenty years from now these questions will tell you a lot about the years 1984-85 in terms of entertainment, fads, and leisure.

WHAT HAS BEEN YOUR MOST EMBARRASSING MOMENT?

Teaching with my fly open, forgetting to go to one of my classes, locking myself out of my car and having one of Mrs. Destefano's "regulars" break in for me, forgetting the names of former students I see after they graduate, losing my keys in the garbage can and digging into it in the middle of class, almost passing out in front of my English class, doing "The Twist" in front of the whole student body, spitting out a coughdrop (by mistake, of course) and hitting one of students in the forehead, twisting my ankle.

THE PRINCIPAL INGREDIENT AT CHS: ADMINISTRATORS

Who can ever forget the people who gave us leadership and carried out "punishment" for what we did wrong? CHS has four fine administrators who are always willing to give us their time and guidance, along with appointment slips and central detentions, of course. And those of us who try to beat the system should always remember . . . "They see you when you're cutting, they know when you are late, they know when you've been bad or good so be good for goodness sakes!"

WHAT WOULD YOU BE DOING IF YOU WEREN'T TEACHING?

Traveling, professional musician, writing the Great American Novel, social work, construction work, selling houses, running my own business, crafts, skiing, stripping . . . furniture, that is, captain of a 747, starving; everything that all wives and mothers do, enjoying a normal blood pressure, making a lot of money.

YOU GOTTA HAVE ART

Engaging in the exhilarating world of art allows one's imagination to run wild. In the art classes, the activities range from metal sculpture and pottery to tie dying and painting. If you feel that you can face the daily challenge of expressing yourself artistically, then the art classes are for you.

HEALTH AND COMPETITION ATHLETICS

Perhaps the best way to let out your frustrations during the day is by spiking a volleyball or slapshooting a hockey puck. Cranford High is unique in its electives for gym class in that it has pickleball, lacrosse, and rollerskating. It is also unique in the fact that hardly anyone wears a regulation gym uniform and you can't take a shower before your next class.

But we can't forget the health classes. As Freshmen, we were introduced to the High School through our Peer Facilitators. In Driver Education class, the best moment was passing the State test for our driving permits. In First Aid class, we got to bandage up our friends and give mouth-to-mouth resuscitation to Resusci-Annie. Finally, as Seniors we entered Family Living class and learned about the whole life process.

MINDING THEIR OWN BUSINESS

Whether you're planning on becoming a housewife, a doctor, or a nuclear physicist, the classes of the business department are a definite must. Skills such as typing, notehand, and accounting are necessities for high school, college, and future life. This department is also involved with operating the School Store.

NOT JUST READING AND WRITING: ENGLISH

English, a requirement for each of the years we spend at CHS, is new and unique every year. Who can ever forget books such as *Ethan Frome*, *Inherit the Wind*, and *Macbeth*? Where else can you learn to diagram sentences and find that there is such a thing as a *dangling participle*? The best part, we feel, is Senior electives, which include Yeabook, Creative Writing, Mass Media, and Films.

Top right: Miss Kopp, a favorite at CHS, looks over student's work.

CHS SNIGLETS

Expecalculating- The hope that when receiving a poor grade on a test, the teacher added up the points wrong.

Gogglegroove- The mark that goggles leave around your eyes and nose in science lab.

Idiot Marks- The lines on a standard pencil that show you where to put your fingers as if you don't know.

Inconslideration- The act of sliding through a door that is about to close without reopening it for the next person.

Leaner's Law- The law that enables a person to balance himself on the back legs of a chair, therefore defying gravity by not falling.

Librophobia- The fear that the books you are carrying will cause the electronic scanner in the library to go off just as you pass through.

Mimicring- The act of imitating the bell.

Oohvation- The mouth's involuntary reaction of saying "Ooh!" when someone has been called down to the office.

"Penzilla"- The monster inside pencil sharpeners that eats your pencil.

Senioritis- The disease which teachers accuse Seniors of having when they don't do any work.

Studiotechnics- The act of pretending to do classwork when the teacher looks at you. This action is very useful when you are trying to write a note to your friend.

Traytors- Lazy people who throw their garbage on the tray of the person who bought their lunch.

Underwads- The accumulation of gum under desks.

LEARNING ABOUT OTHER NATIONS:

FOREIGN LANGUAGES

"Hola", "Bon Jour", and "Guten Tag" are just a few ways to say "Hello" and here in Cranford you can learn up to five ways to say it. The foreign languages which you study include French, German, Italian, Latin, and Spanish. Without a doubt, dropping a few foreign expressions in conversation is both impressive and romantic.

We celebrate our languages once a year with "Foreign Language Week", in which each language club represents their learned tongue with an interesting display.

EVEN CHS HAS ITS NERDS

WHAT DID YOU DO FOR FUN WHEN YOU WERE IN HIGH SCHOOL?

Sports, dancing, parties, hung out, dating, went cruising, cut classes, scouting, studied, went to the shore, I read- I was a genuine nerd, performed in the school play, milked cows, played in a band, you weren't allowed to have fun in high school.

HOME IS WHERE THE HEART IS: HOME ECONOMICS

Pleasant aromas wafting through the air in the A wing of the first floor can mean only one thing; you are approaching the cooking room. Little children running through these halls signals that there is another session of Child Development in progress. Some of the less conspicuous subjects which are taught in the Home Economics department are Independent Living, Clothing, and Cooperative Home Economics. But no matter which class you take, each prepares you for later life, whether you will be living on your own or raising a family.

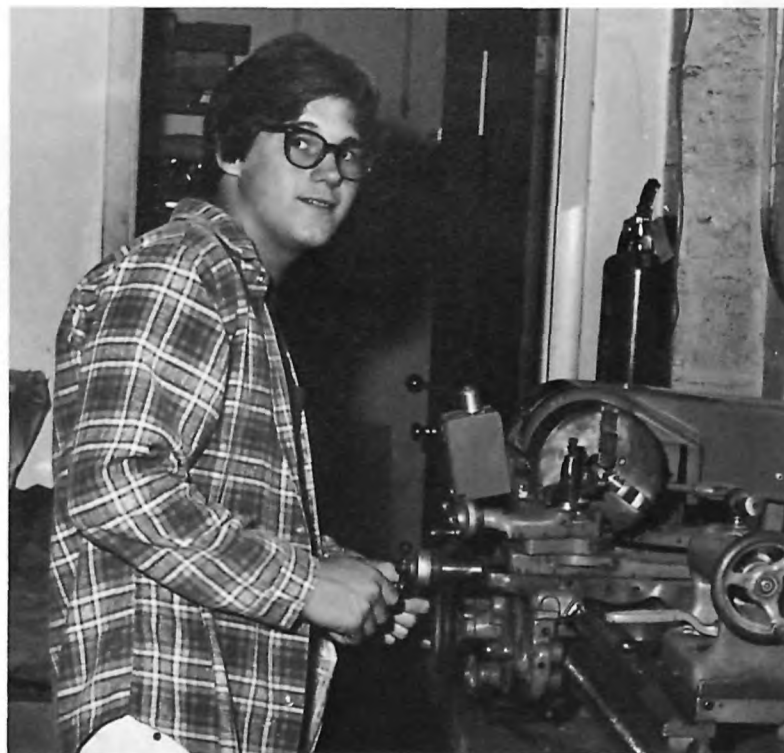

Top right: Allison and Janet telling nursery rhymes.

Bottom left: Natalie and Allison preparing Thanksgiving dinner.

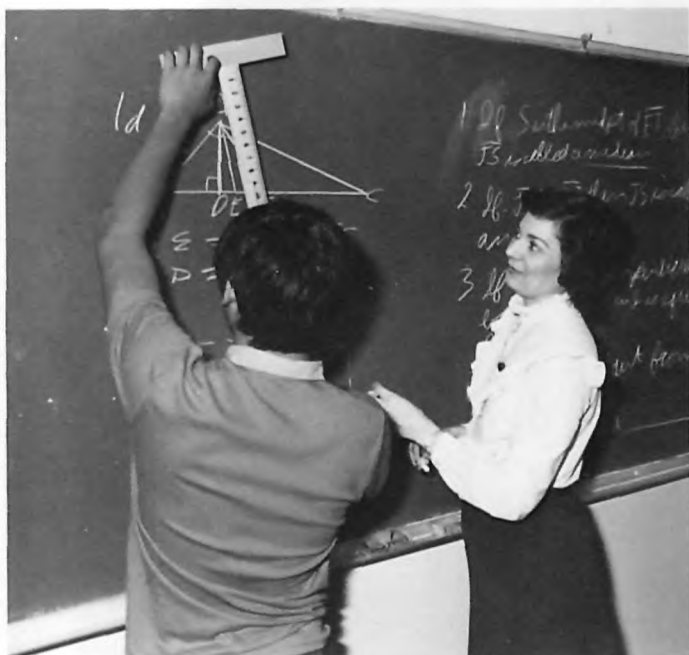

Bottom right: Sam and Rich sharing a feeling of togetherness.

INDUSTRIAL ARTS

Hammering, drilling, and sawing are some of the different noises you'll hear in the Industrial Art wing. The Woods classes work on building a small scale house. Auto classes repair the cars of teachers and fellow students. The Photography classes provide pictures for the Yearbook. The classes of the Industrial Arts wing have many displays throughout the school for students to show off their skills.

Top left: Two heads are better than one.
Top right: Nice glasses, Eric.

This year, one of the major courses in the Mathematics department is Computer Programming. Nowadays, it seems that to get by in life one must have a general knowledge of these complex machines. For some, BASIC is like another tough foreign language, while for others, BASIC is like their native tongue. For the 1984-85 school year, the computer room was expanded, enabling more students to take computer classes and test their logic and patience. Of course, computers aren't everything. Some students who are intimidated by these machines can take Algebra, Geometry, or Advanced Math. For more adventurous students, Calculus is offered.

Above left: Mrs. Moran helping out with a Geometry proof.
Above: Steve Herz daydreaming.

WHO IS YOUR FAVORITE MUSICIAN?

Rod Stewart, Mozart, Beethoven, Billy Joel, Lionel Richie, Bruce Springsteen, Gordon Lightfoot, ZZ Top, The Beatles, Barry Manilow, Dan Fogelberg, Elvis, ELO, Bob Seger, Simon and Garfunkel, Bobby Hand and his Five Fingers.

MAKING BEAUTIFUL MUSIC

Throughout the Music department there is a great amount of talented musicians. Lend an ear as you walk past the music rooms and we're sure you'll be impressed. In the fall, you can hear the band practicing in the back field for the upcoming football games. The Chorus classes practice throughout the year for their seasonal concerts. Whether you choose to sing, pound a drum, or play a violin, the Music department will help you improve your talent.

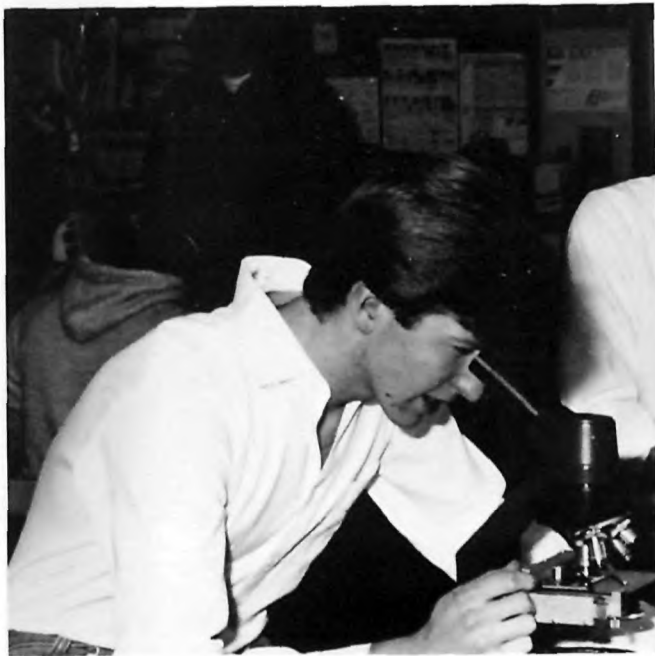

Right: Joe DelVechio exercises his lips with fellow musicians.

*Left: Keith Weber playing War Games.

YOU BLINDED ME WITH SCIENCE

Whether it be Medical Lab Techniques or AP Biology, everyone at CHS has had some scientific experience. What could be more fun than dissecting a cat or examining urine samples? The majority of students at CHS have taken IPS and Chemistry. How about trying to remember all those different oxidation numbers?

Middle left: Jim Benes taking a blood count in Med. Lab class.

WHAT IS YOUR FAVORITE T.V. SHOW?

Hill Street Blues, 60 Minutes, St. Elsewhere, Knight Rider, The Bill Cosby Show, Dallas, M*A*S*H, Cheers, Masterpiece Theatre, Brothers, Little House on the Prairie, Call to Glory, The A-Team, Remington Steele, Twilight Zone.

PEOPLE AND PLACES, PAST AND PRESENT SOCIAL STUDIES

Every person, during their stay at CHS, will at one time or another experience one of the aspects of the Social Studies department. All students are required to take US History I and US History II to graduate but there are many other electives associated with this department including Psychology, Sociology, or Economics. The best part about the Social Studies department is that it hosts a variety of class trips to places such as Patterson, NJ, The Covenhoven House, Kean College, and The New York Stock Exchange.

LEARNING BY EXPERIENCE . . .

ENTERING THE WORLD OF WORK

Many Seniors at CHS have the choice of staying for the full day or entering the working world while receiving credits towards their high school degree. Not only are they earning money but they're gaining the experience of perfecting a trade or skill. The students are employed in a variety of jobs including working as a secretary, cashier, or mechanic.

HELPING MAKE CHS TICK

Everyone at CHS is happy to have Mrs. Luetters, Mrs. Judge, and Mrs. Klein to greet them every morning when they are taking care of absentees or latenesses. These three special ladies also take care of any lost belongings.

Behind the scenes at CHS are two very important bodies of people. First, there are the Custodians who make sure that every part of CHS is functioning properly. Not only do they keep our school looking good, but they make any necessary repairs in and around the school.

Certainly, the time of day that all students look forward to is lunchtime, and CHS has a super Cafeteria Staff to serve our meals with a smile. Much to our dismay, the lunch periods were shortened so we have less time to talk, joke, study, or cut for that matter. Nevertheless, both the Cafeteria Staff and Custodians are greatly appreciated for their time and effort.

GUIDING US THROUGH THE YEARS . . .

**WHEN SHOULD I
TAKE SAT'S?
WHAT COLLEGES
SHOULD I APPLY
TO?
CAN I DROP MY
MATH CLASS?
CAN YOU HELP
ME MAKE A
SCHEDULE
CHANGE?
AM I GOING TO
GRADUATE?**

Probably the most vital element in a student's high school career is his guidance counselor. It is the guidance counselor who is always there to rearrange our schedules, drop classes for us, help us apply to college, and lend a helping hand when it is needed. Perhaps they are the group of people whom every student appreciates the most.

When they're not busy counseling students, the members of the Guidance department teach Career Exploration classes which educate sophomores about decision making and career opportunities.

HERE'S TO YOUR HEALTH

Our competent Medical Staff can handle anything from a broken nose to a broken nail. Mrs. O'Donnell and Mrs. Robinson will take good care of you no matter how serious your illness may be. They'll make sure you're comfortable if you need to lay down or if you just need a band-aid.

EXPANDING YOUR HORIZONS: THE LIBRARY

Below, left to right: Mrs. Elinore Leone, Mrs. Shirley Daniels, and Mrs. Maryann Boyno.

The library is the place to go to relax, study, read, or just have some time to yourself. It is also the place where you photocopy other people's homework and hide books in people's things so that the electronic scanner goes off. The friendly library staff of Mrs. Boyno, Mrs. Daniels, and Mrs. Leone are always happy to help you find what you need or kick you out when you're making too much noise.

CHALLENGING CHANGES

We finally made it!! Most people couldn't wait until they finally reached high school. For some, the transition from junior high was a rough one. For others, it was simply an opportunity to socialize and make new friends.

What's the definition of a freshman?

"A Freshman is one who's sent to the fifth floor by a helping Senior"

"A Freshman is a person who starts out normal and ends up crazy."

"A Freshman at CHS is like a punching bag in a gymnasium."

"A Freshman is someone who gets all the blame for something he didn't get to do."

"Freshmen are the few people that are allowed to use the excuse that they got lost the first few days of school."

"A Freshman is a person who on the first day walks to the roof and asks - Is this the fourth floor?"

THE CLASS OF 1986

The Juniors are the middlemen who are caught between novice and expert. They struggled through the anxieties of preparing for the PSAT's for that certain Saturday when they would be spending three hours filling in dots with a #2 pencil. They also looked forward to the day when they put on their class rings which they would then turn 86 times.

The Juniors . . . the day they turn seventeen, get their license and drive *legally*. Then they start to think, "What will I do after graduation?"

For the Juniors of the class of "86", today's dreams are tomorrow's realities!

SPORTS

TRACK TEAM SETS WINNING PACE

This year's Cross-Country team had another winning season with a record of 6-1 for both the Girls' and the Boys' teams. The girls' team missed the State Championship by one point. The team ran most of their meets at Warinahco Park including the counties.

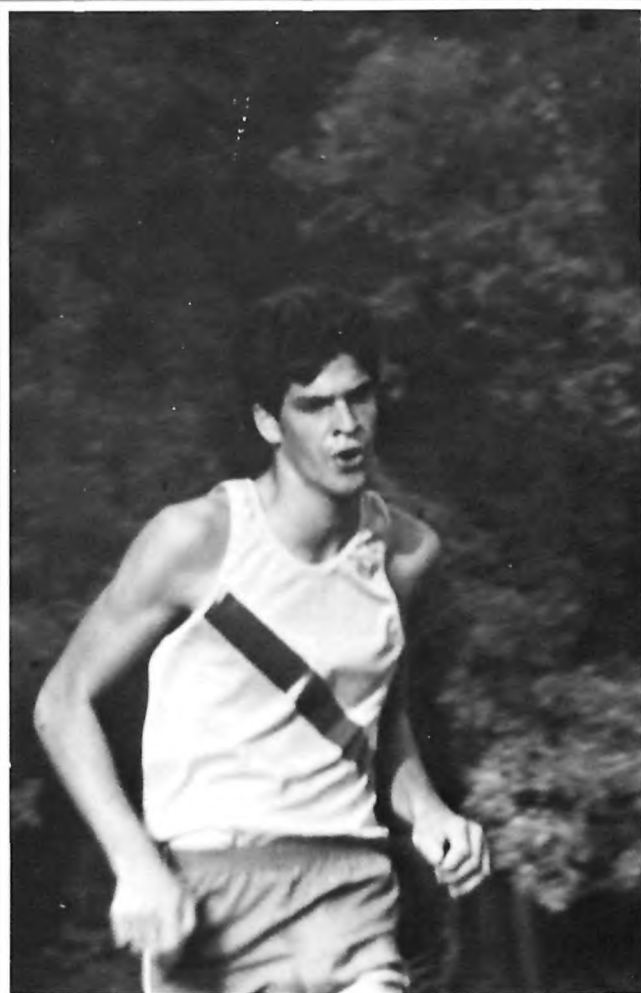

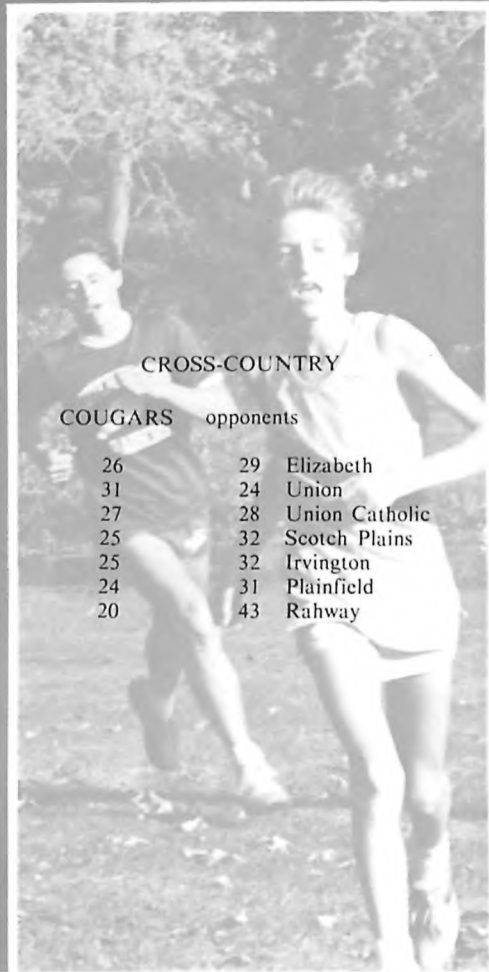

Some major feats this season were by senior Mike Glucksman who went to the states to place in the Group

III final. Team member Marybeth Eckloff took eleventh overall, missing the states by one place.

The team was very young this year with only two seniors, Mike Glucksman and Linda Cirillo, and should continue its dominance in Union County and in the State next fall. The team was coached by Mr. Ray White.

FIELD HOCKEY CONTINUES WINNING TRADITION

The Cranford Field Hockey team finished the season with an excellent 12-3-4 record. Going into the season with a very skilled and experienced team, the girls were ranked second in the state in the beginning of the season. The Cougars met up with the #1 team, Ridge, and were defeated 1-0. Even though the team did lose, they totally dominated the game, but couldn't score. The girls were also a strong favorite in the Union County Tournament, but were defeated, 1-0, by Summit, in a game they also dominated. The team finished second in the County and they finished eighteenth in the state.

The team placed four seniors on the All-County team. They were Sandy Dollar, Kathy Klein, Kris Westra, and Karen Buonavallanta. Other seniors on the team were Marta Person, Joanne Marino, Tracy McHugh, Linda Osofsky, Laura McQuade, and Katherine Coogan.

Many underclassmen contributed to the great season including Kim Lelli, Sonji Jenkins, Lara Wiklem, Sara Harrington, Laurie Grupe, Kelly Lucash, and Nancy Grupe.

Even with so many seniors on this team, Cranford expects to be a power, both in the county and in the state next year.

Kathy Klein is a senior this year and played a major role in helping the field hockey team finish with the successful record that they had. She scored 15 goals and 12 assists. When asked how she felt about this year's season, she said, "I felt, as a team, we had excellent skills and talent but not enough experience and game awareness to come up with the big plays under pressure."

Kathy plans on attending Penn State University and playing field hockey. A long time goal of hers is to play at the Olympic level. Ever since sixth grade, when she began to play, she knew that this is what she wanted to excel at. Kathy, we all wish you the best of luck in the future.

The Freshman Field Hockey Team had a successful year. They had a record of 10-1-1. Although the team had only 12 players, they were gifted with a lot of talent. The team's scoring was led by Gina Buonavallenta with 9 goals. Ellen Bonner, Kate Downey, Michele Faulkner, Colleen Murphy, and Mary Beth Poppe also scored throughout the season. The team scored a total of 23 goals while allowing only 4 to be scored upon them. The halfbacks, who were a vital part of the team, were Mary Fay, Sue McMahon, and Kenya Wright. A great defense was played by Kristen Montross, Donna Telerico, and Denise Dobbins. Throughout the season, with the help of the team, goalie Denise Dobbins recorded 9 shutouts. Many thanks go to stat Christine Lischko. After many years of coaching, Mrs. Schutzer has decided to retire with a winning season.

FOOTBALL . . . FABULOUS FEATS

Before the 1984 football season got underway, there was much skepticism about the Cougars' role in the "new Watchung Conference". By the end of the season, there was no question that the Cougars had emerged as a force in the conference. Cranford finished with a record of 5-3-1, behind state champions Union, Rahway, and highly regarded Elizabeth.

An exciting season included victories over Linden, Scotch Plains, Irvington, Westfield, and Kearny. However, the highlight of the season was the battle against #1 Union. The Cougars played a great game offensively and defensively, but fell short and lost the game 14 to 13. Although they lost the game, they proved themselves to be a definite power in the county.

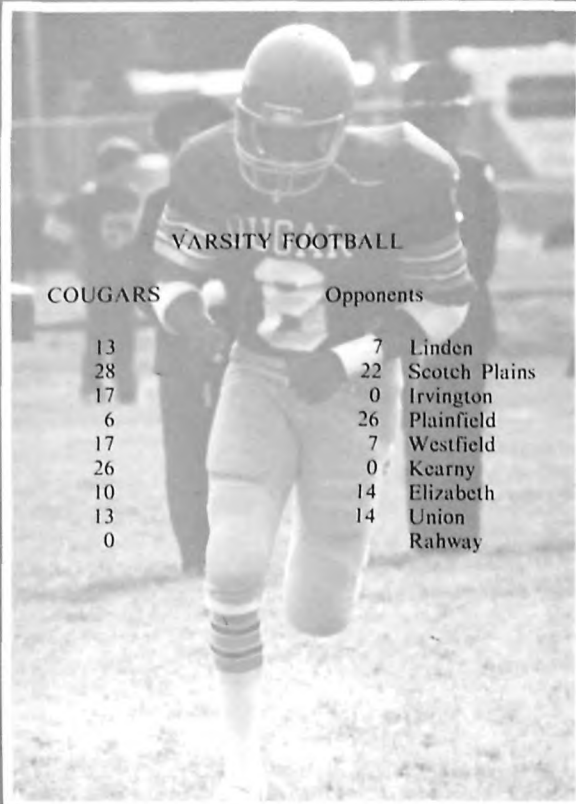

Ron Brown led all rushers this season, with 104 carries for 476 yards, four touchdowns and 2

conversion runs. Quarterback Mike Reilly completed 104 passes for 1355 yards and 7 touchdown passes. Steve Gordon caught 34 passes for 514 yards and 4 touchdowns. Also Ken Goldstein added 251 yards and 4 touchdowns.

Defensively, John Murphy led the team in tackles with 59 tackles. Frank Williams was next with 46 tackles, 4 sacks and 2 fumble recoveries. Joe Bush led the defense with 5 interceptions.

Jon Armus, John Murphy, Karl Pfeil, Rob Baker, John Heesters, and Evan Marcus anchored the defensive and offensive lines. Joe Bush hit 5 field goals and 9 extra points during the season.

Graduating seniors are Jon Armus, Ron Brown(captain), Steve Gordon(captain), Chris Lehner, Rick Murad, John Murphy(captain), Joe Nordstrom, Bob Pells, Karl Pfeil, Dave Porcelli, and Jim Wozniak.

Captain's Corner

Ron Brown-We, as a team, work as "one big family". This year we have set high standards and goals because of the harder schedule. We plan to make it a turning point for Cranford's Athletic Program

John Murphy-Being one of the tri-captains gives you responsibility and leadership. It feels good to lead the team, especially because we had a winning season. We surprised a lot of people around here.

Steve Gordon-I've been waiting for my senior year since I was a Freshman, so being a captain makes it extra special. To be captain of a team that works so well together means a lot. We have a lot of potential to go a long way.

The team was led by Ted Conley on offense at quarterback. The leading ground gainer for the Cougars was Geoff Brown. The leading receiver was Craig Brown.

On defense, the team was led by linebackers Chris Chapman, who led the team in tackles, and Jim O'Donnell.

The team was coached by Mike Christadore, Roy Dragon, and John Cathgart.

TENNIS TEAM HAS WINNING SEASON

This year's Varsity Tennis team finished the season with a record of 13 wins and 8 losses. The team captains were Elise Palumbo and Janet Brandes.

Elise Palumbo played first singles for the team. This completed her fourth year of Varsity tennis after playing three years of girls' tennis and one year of boys' Varsity tennis.

Playing second singles for the Cougars was Janet Brandes. The highlight of her season was defeating the top seeded player in the county match.

Jennifer Smith, a junior, finished

with a very successful season. She played third singles and was ranked second in the county tourney. She will return to the team next year.

Playing first doubles for the team were Hope Epstein and Mona Patel. Kris Nylen and Laura Cowan were the second doubles players. All of these underclassmen will contribute to make next years' team strong.

The girls' ended with a winning record and with all of the underclassmen returning next year, the team has a positive feeling for the 1985 season.

GYMNASTS COMPLETE REBUILDING YEAR

This year's Varsity Gymnastics team had a record of 5-8. The team was coached by Mike Dow and Marita McDermott.

Michelle Amstutz competed in the all-around during the year. She set a school record on the vault and placed eighth in the Union County Championships. Michelle also qualified for the state sectionals.

Pam Robins competed on the balance beam and in the floor exercise. She also qualified for the state sectionals. Pam and Michelle were the captains and the only

seniors on a very young Cougar team.

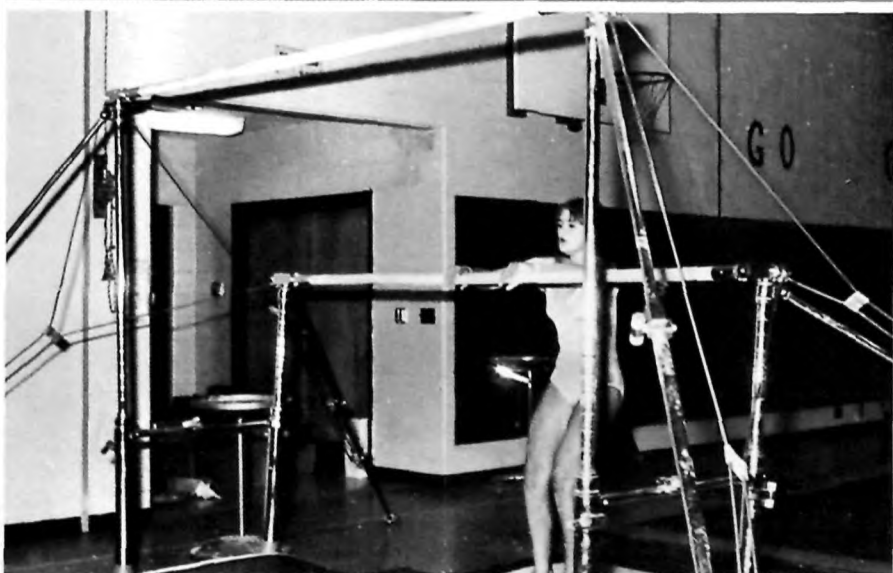

One of the underclassmen who did very well was Tracie Quinn, who finished tenth on the bars in the state sectional meet.

Other members of the team were Linda Lehner, Dawn Drozewski, Laura Labraccio, Debbie Brisco, Jill Cermele, Kim Williams, Tammy Murphy, Traci White, Jody Guertin, and Tara Holgren.

This year's team was very young and are looking to have an excellent season next year.

SOCCER TEAM COMPLETES GREATEST SEASON EVER

"The greatest team in Cranford history." This is how many viewed this year's Cranford Varsity Soccer Team. The team finished the year with a record of 15-5-1. The fifteen victories were the most ever by a Cranford team.

The highlight of the season was a victory over Westfield, 1-0. The Cougars beat the Blue Devils on a goal by Jeff Doherty and a great performance by Pat Fay. Fay earned All-County honors along with Brian Hendry, Jeff Doherty, and Harry Yanowitz. The team also made it to the state sectional semifinals but were eliminated in overtime, 3-2.

This year's team was senior oriented. This was a key to many of the victories for Cranford. The seniors were Jeff Doherty, Marty Cauz, Greg Peters, Rod Melao, Dave Aldredge, Harry Yanowitz, Bob Clausen, Al Ugarte, Jon Urban, Pat Fay, and Brian Hendry. The team also had excellent underclassmen who should lead the team next year to another winning season. They are Chris Crincoli, Fred Faulkner, Joe Calafano, Mike Fiorillo, Rob Paul, Ron Melao, and John Irwin. The team was coached by Bill Ray and Paul Brown.

Even when their own season was over, the team practiced with the varsity team for over a month to help them prepare for county and state games. The team's biggest wins came over teams like Elizabeth and Union Catholic. the team was led by Gary Jones, Brian "Clancy" Byrnes, Kevin "Worm" Byrnes, Brad Burke, Larry Cofsky, and Bobby Downey. Dave Zawalich did an excellent job in goal all year for the J.V. Cougars. The team was coached by Paul Brown.

Varsity Cheerleaders

This year's Varsity Cheering Squad, coached by Mrs. Enrid Deluca and Mrs. Donna Cathcart, has been more active than usual. In addition to their "on field" participation at soccer, football and field hockey games they extend a personal touch to individual teams and players. The football team had their locker room decorated every week with banners, posters, and other decorations. Cheerleaders also pay extra care to decorating houses before a big game for soccer and football.

Spirited, harmonious, and well put together this year's squad definately deserves a cheer! Senior Team members include, Amy Meisenberg (captain), Ann Hiotis (co-captain), Karen McMahon, Kim Jones, Terry O'Neil, Maureen O'Neil, Michelle Camacho, Karen Prussack, Terry Donahue, Sandy Klein.

AN EXCELLENT YEAR FOR FALL SPORTS

This was definitely one of the greatest fall seasons in recent Cranford history. Winning teams included soccer, track, field hockey, football, and tennis.

Probably the biggest surprise of the fall season was this year's football team, which had an excellent season and finished with a 5-3-1 record. The soccer team registered the most wins in Cranford history and finished with a record of 15-5-1. The tennis team also came through with a winning season.

As usual, the field hockey and track team came through with another winning season. Year in and year out, these two squads seem to always produce winning teams. The gymnastics squad also had an excellent year but fell short of a winning season by a couple matches. This fall season will definitely go down as one of the Cougar's best.

COUGAR GRAPPLERS

"Pin Down" Finest Season Ever

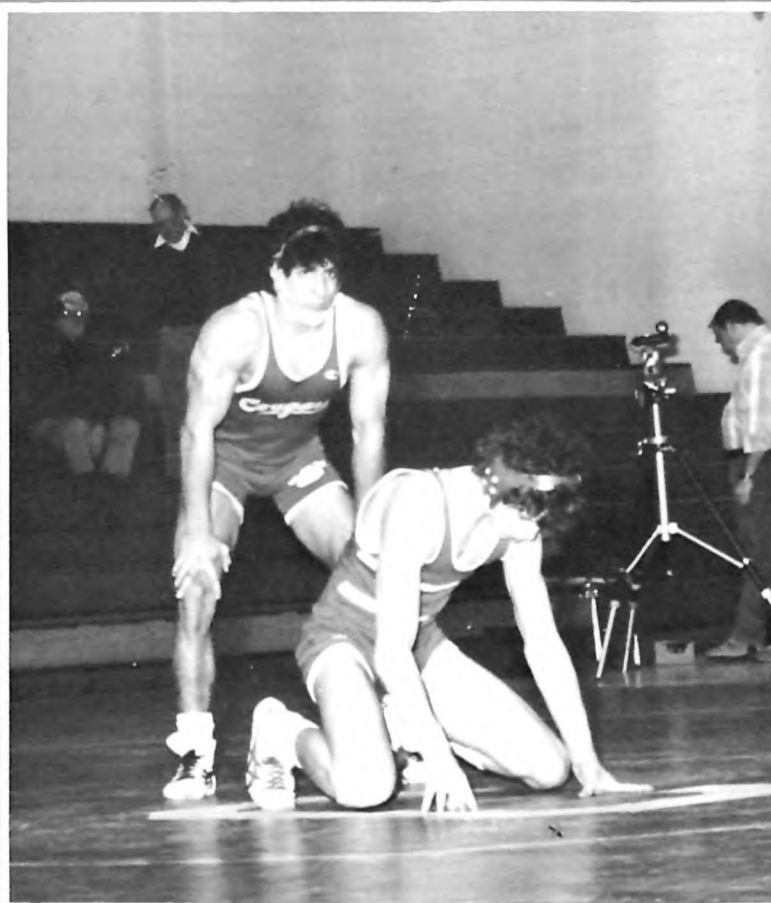

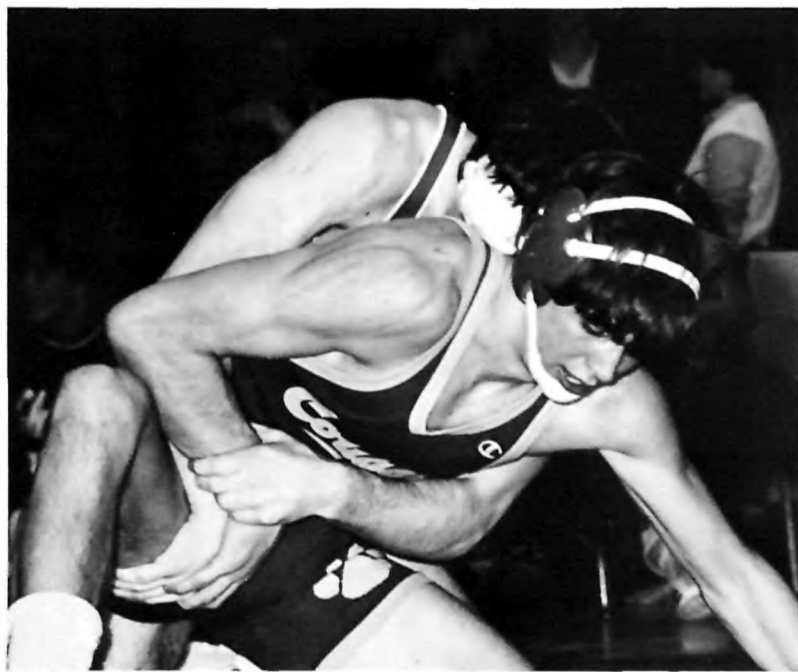

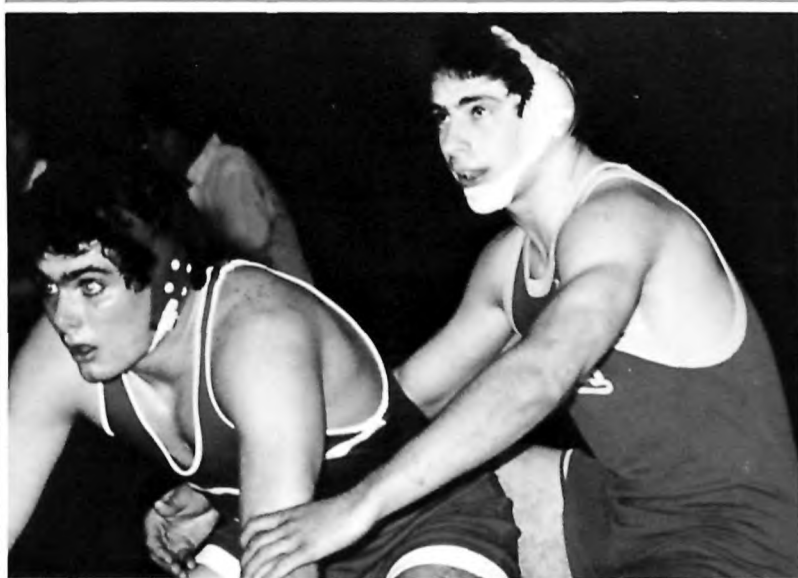

The Wrestling team enjoyed, what had to be there finest season ever. At the end of their season their record was an impressive 16-5. The coach, Chuck Ferrara did not expect as great of a season as the Cougars had. With up to 9 to 10 underclassmen in the lineup during the season, this year's team accomplished what no other Cranford wrestling team had ever accomplished. They won the State Sectional Finals by beating a strong Parsippany Hills team. The team then advanced to the Group III Finals where they were defeated by state power Voorhees. Sophomore Gary Jones and senior John Murphy won in both the Counties and the Districts which is a great accomplishment for both wrestlers. Winning in the districts were Frank Genova, Dave Aldredge, and Chris Welsh. Also enjoying outstanding seasons for the Cougars were Fred Faulkner, Ken Goldstein, Larry Cofsky, and Kevin Cofsky.

J.V. WRESTLING TAKES THE COUNTIES.

The JV squad enjoyed a very successful season under their new coach, Ray Dragon. The JV's record was 8-4. This was the first year that a junior varsity team from Cranford won the novice tournament. Because of the strength of this year's JV team, many of the wrestlers were able to fill in on the varsity level, and play a part in some big wins. Filling in most notably were junior Gary Breur, and sophomore Anthony Quartarreo.

The J.V. boys' basketball team finished the year with a record of 9-14. This year's team was led by juniors Mike Schneider, who was leading scorer, Bob Womelsdorf, Scott Blundo, and Pat Givens. The team also had a spirited sophomore class which included Mike Davis, Tom Cieslak, Jose DelLos Rios, Matt Paradiso, and Kurt Byrnes.

Highlights of the season for the Cougars included victories over Rahway and Plainfield. Like the Varsity, the J.V. team advanced into the first round by defeating Clark, but then lost there next game to a strong Elizabeth team. The team was coached by Norm Mopsick.

GIRLS BASKETBALL STRUGGLES THROUGH A TOUGH SEASON

The Cougar Girls' Basketball team was unable to secure a win despite coming close on occasions. Their main strategy was to pray for a blizzard. That worked once or twice, but unfortunately those games had to be made up.

This awesome group of individuals consisted of one senior, three juniors, five sophomores, and two freshman. The intimidating forces on the team were Greta Anderson, who dominated the boards with 213 rebounds, and Phyllis "Buck" Gray leading the team in blocked shots. The team managed to put some points on the scoreboard in every game, with Lynn Perdek the high scorer with 284 points on the season. There were even the times when they were able to surprise their opponents by causing them to turn the ball over or steal it away, with Kerry Pogue leading the team with 35 steals.

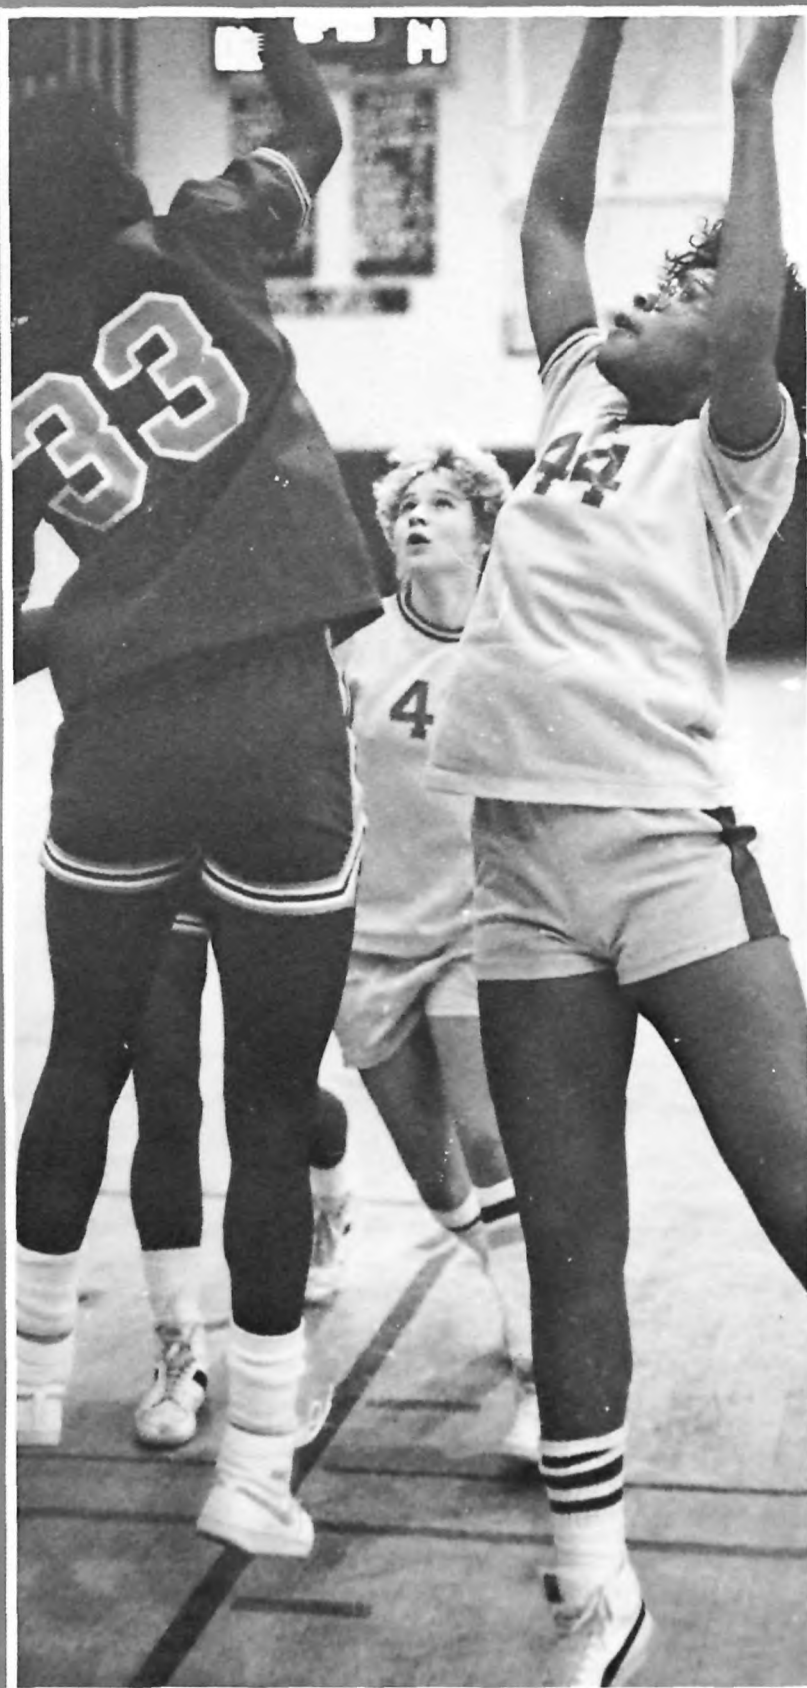

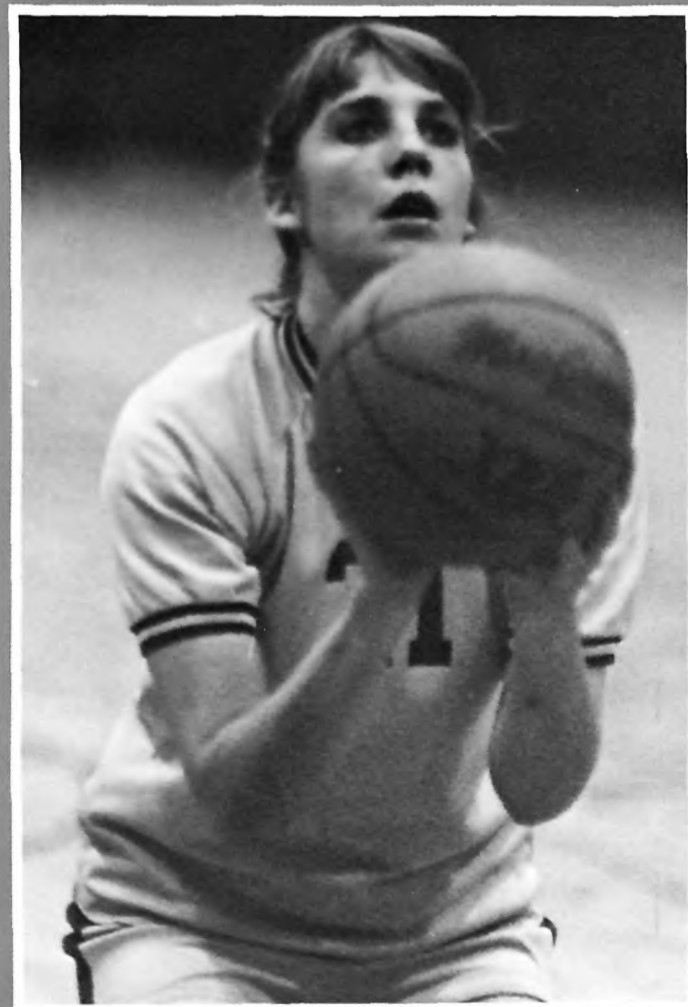

Yet through all the hardship and frustration this team deserves a lot of credit for their courage and dedication, which not only enabled them to endure this season, but to enjoy it as well.

COUGARS CONQUER ON THE COURT

The Varsity Basketball team this year finished with a record of 10-13. Even though the record is not outstanding, this years team accomplished many things that haven't been done in a long time. The Cougars defeated Rahway, Linden, and also beat Union Catholic twice.

The team had eight seniors this year which gave them excellent experience. Bob Clausen, Ken Nolan, and Norm Wolfrom were the tri-captains this year and other seniors

were Greg Peters, Joe Mayers, Jim Bradley, Pat Fay, and Jeff Dorety. Jimmy Colaneri a junior, also got a lot of playing time and will lead the team next year along with Mike Schneider, Bob Womelsdorf, and Mike Davis.

The team advanced to the first round of the Union County Tournament by crushing Clark but lost to Plainfield in the closing minutes. The team was coached by Paul Brown and Bruce Strazdon.

CRANFORD SWIMMERS CAUSE TIDAL WAVE

This years swimming and diving team under the direction of second year coaches Sally Kleeman and Sue Werner struggled through a tough season, although individually there

were some standouts. Megan Waters had a productive career at CHS. Megan one of the premier swimmers in the county holds many Cranford records.

The nucleus of the team included seniors Megan Waters, Liz Ball, Karl Pfeil, and Steve Hegna who provided leadership and will be sorely missed.

BOWLING STRIKES AGAIN

No one expected the bowling team to be a county power this year, after all, they lost high rollers last year. Luckily however, a new batch of interested bowlers came into the High School with the Class of 88. In a few years Cranford High is expected to come up with another outrageous team.

Meanwhile this year the team

showed their real strength when having to adjust to the loss of vital bowlers. The Varsity team finished with a record of 7-4. The team, led by Captain Ed Burke and co-captain Matt Devaney, had a total of 21 games won and only 12 lost. Ed Burke also has the highest average of 197 in the entire Union County League. Look out for Ed next year!

The J.V. team has also done exceptionally well this season. Remaining #1 in the county, they won a total of 27 games and lost only 6!

We wish luck to the team and their coach Ron Pizzi. The team is looking forward to excelling in the next couple of years. LET 'EM ROLL!

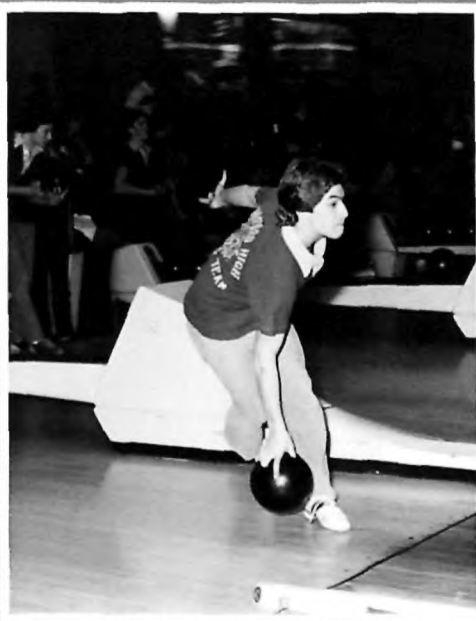

Captain's Corner

Ed Burke is the captain of this years' bowling team. He is a junior and has been bowling at the varsity level for two years.

Ed's hobbies include all sports. He has been bowling since he was in third grade. He plans on bowling after high school, possibly at Arizona State.

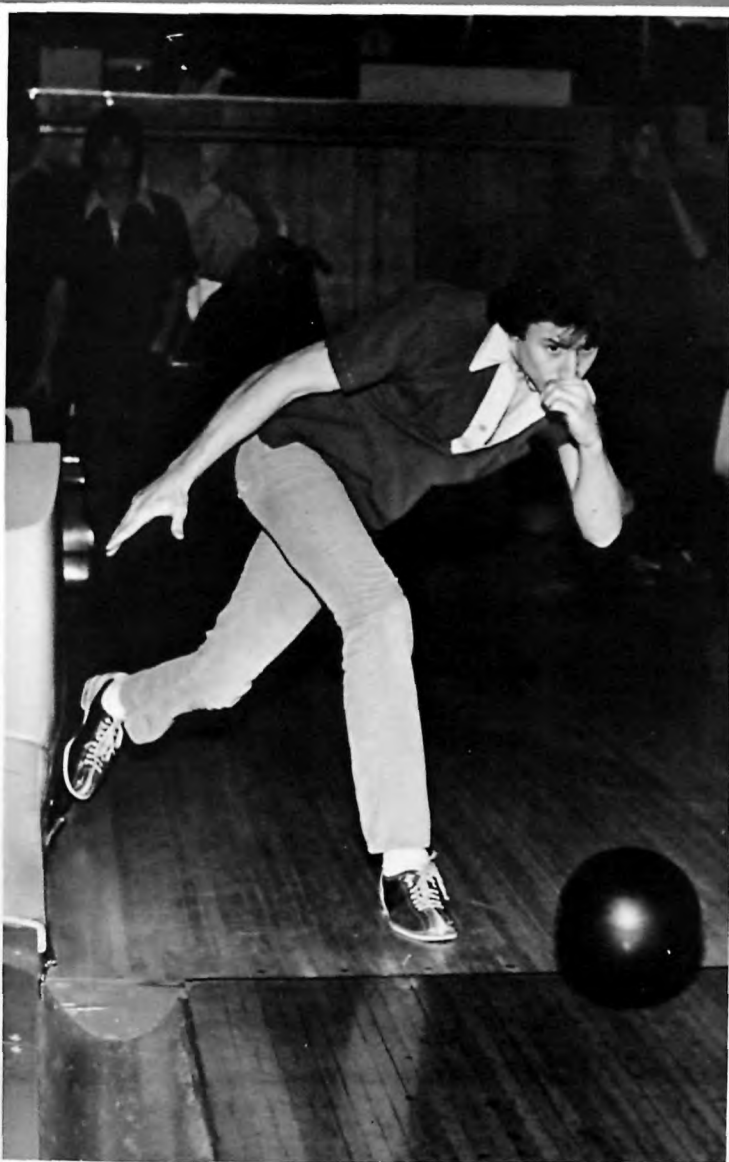

He feels that this years' team could have finished first in the county instead of fourth. Yet, the team still did extremely well. Ed's high score this season was 246. His average game was 197.

Because the team is young, only two juniors and the remainder freshmen and sophomores, he has high hopes for next years' team.

CRANFORD FEET PERFORM OUTSTANDING "FEATS"

The Girls' Winter Track team, coached by Ray White and Mike Dow ended another winning season. Led by senior captains Linda Cirillo, Valerie Wiseman, and Crystal Carter, the team consisted largely of underclassmen. The girls' mile relay team, Madge McElligott, Mary Beth Eckloff, Dawn Drozeski, and Phyllis Spinello placed fifth in the Union County Championship. Individually, Mary Beth Eckloff placed fifth in the counties for the 1600m run and Linda Cirillo ranked fifth in the

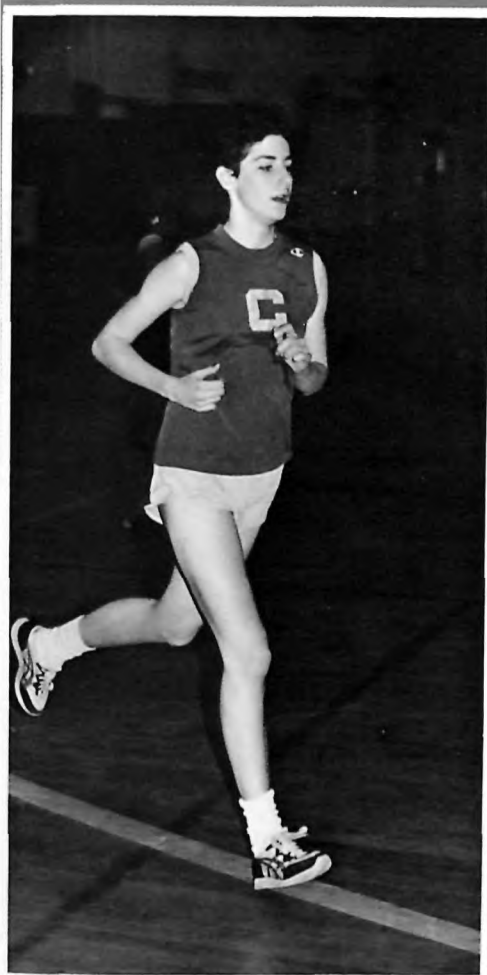

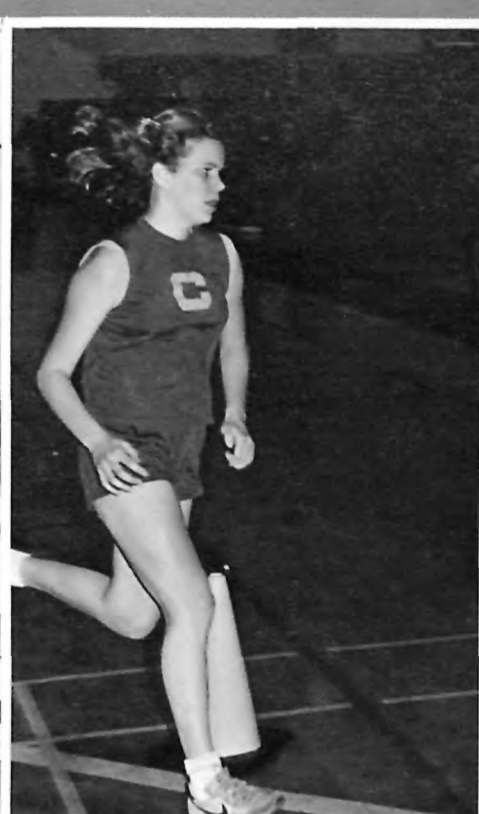

counties in the 3200m.

The Boys' Winter Track team again enjoyed an excellent season. Year in and year out the team never gets much attention around school, but always puts together a great team. This year was no exception.

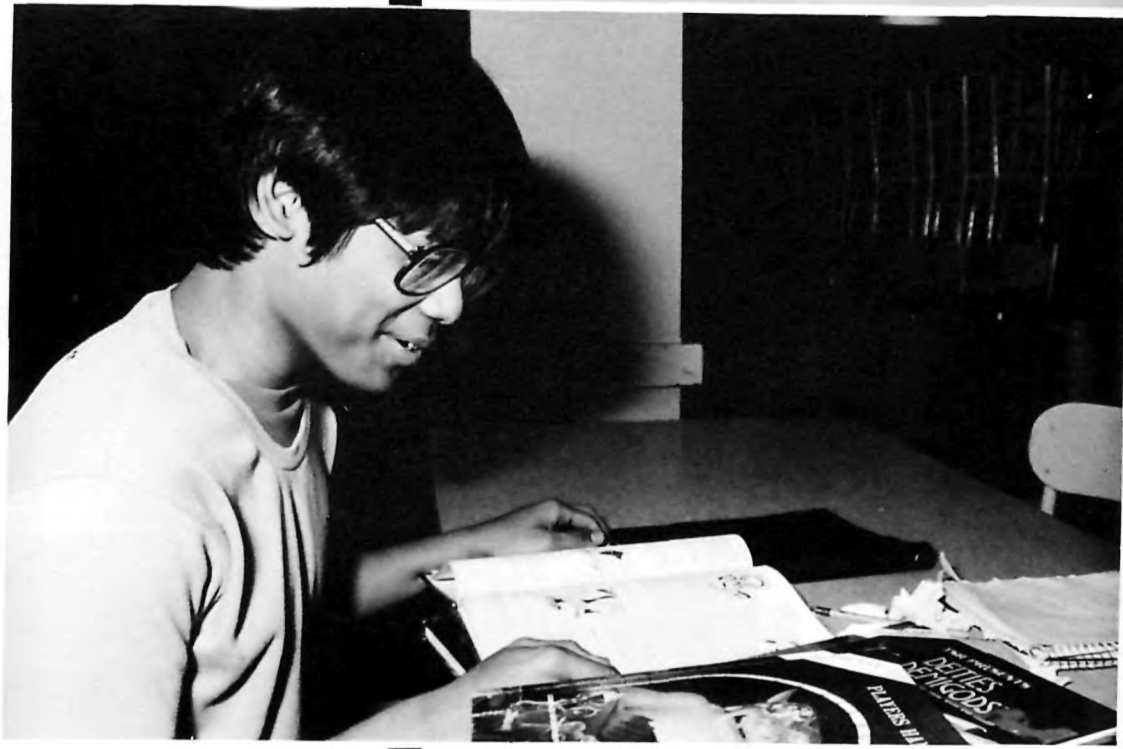

The team was lead by captain, Mike Glucksman, who won the Union County Championship in the two mile and also placed well in the state meets. Also making a large contribution to the team were Jim Herbert and Manny Pataka.

Opposite Top: John D'Antonio, the perfect band member. *Top:* Catherine Clement models her sexy uniform. *Middle:* The marching band tans during the third quarter.

The Jazz Band is a select group of musicians from the Gold Band that get together during 8th period to play all forms of jazz and some rock. Solos, along with improvisation, are emphasized.

In past years, the Gold Jazz Band has successfully competed in jazz festivals, including an international festival in Washington, D.C., and jazz competitions. The Jazz Band also likes to share its talent with the community by playing at nursing homes and community events and has been ranked as one of the best Jazz Bands in the state. It is no wonder that many former members have received music scholarships to top schools. This year's Jazz Band traveled to New Hampshire on an exchange trip and has done a great job of maintaining Cranford's fine reputation.

So move over Michael Jackson, 'cause here comes our Jazz Band.

Talented musicians and a creative band front all step together to form the Cranford Cougar Marching Band. The band plays a major role in school spirit by performing at football games, pep rallies, and parades. This year's marching band and band front were granted the honor to show off their talents at vice-president Bush's campaign rally and at the Union County College's presidential inauguration. They also took part in a band exchange program with another school in New Hampshire. This year's Marching Band and Concert Band has definitely kept up its previous reputation of excellence and is a very good outlet for those students who wish to pursue a musical career.

This suspicious looking group tells us that they are the orchestra. It looks to us like the psychiatric ward of Cranford High School.

This group performs at concerts during the year if they can learn how to hold their instruments by then. An annual Christmas concert is held and the orchestra is also seen in the pit during the April Musical.

All in all, the orchestra is an important part of life at C.H.S. What would Pasta Night have been without Ian Matten as our strolling violinist!!!!

I am music and I write the songs. The Music Club consists of sophomores, juniors, and seniors who gather together to flaunt their talents to each other. The purpose of this club is to provide a showcase for those students who ordinarily wouldn't get a chance to perform. The Music Club can easily be referred to as a talent show every time they meet. The types of performances range from singing to the playing of bands.

The fabulous ensemble groups at Cranford High School are for those students that are not in Gold Band. Some of these musicians are training to spend the latter years of their high school careers in the Gold Band, while others could not be scheduled. Still others decided that the Marching Cougar Band was not for them. The ensemble groups hold concerts which sell out no problem. Wild, raging fans flood the auditorium to catch a glimpse of these talented, hard-working individuals while scalpers line the entrance. Souvenirs and programs are sold for top dollar. It is no wonder that Ensemble Tour '85 was such a huge success. It will be remembered for a lifetime!

The Boys' Chorus and Girls' Chorus, under the direction of Mr. Kent, is conducted on a less serious note (no pun intended) than the Choir. Members of these groups attend classes one period a day to rehearse for upcoming concerts. Their practicing really paid off!!

The Freshman Chorus showed originality in their performances this year. They performed such hits as "America," from West Side Story, and "Don't invite LULU." The Freshman Chorus was devised to keep the freshman away from their superior, charming, good-looking, and modest upperclassmen. This group takes one day at a time yearning to someday be as good as the esteemed Seniors.

The entire student body of Cranford High School owes an immense debt of gratitude to the 1984-85 Cranford High School Choir. Don't be jealous just because you can't wear those robes. The Choir is one of the most active organizations in the school. Ambitiously they sold boxes and boxes of oranges and grapefruits to help fund their trip to Boston for an international festival. Of course they did well and made our school gleam with pride. Many of our classmates will pursue a singing career largely due to the fantastic experience gained from Cranford High School. We are sure they will achieve their goals.

The eighteen people on the steps of the high school are not modeling prom attire. They are the famous Madrigals of Cranford High School. What would Christmas be without their cheerful carols warming the gloomy halls? This group was so popular around Christmastime that they had to turn down several organizations requesting their presence and voices at their Christmas socials. This year's group has been more successful than in past years largely due to the unity and friendship shown among them. This year was the first time that the Madrigals competed in an international competition. First Cranford. Next, the world!!!

How would you like to have a slave for a year? Sounds tempting!! This is an annual tradition of the Cranford High School Latin Club. At the beginning of the year, first year Latin students, are auctioned off to older members for a fee. The money that is raised from this slave auction is the first fund raiser. At the end of the year, the club holds a Roman banquet in which the slaves serve their masters in traditional Latin style; The masters recline on one elbow throughout the delicious Italian meal.

The club, under the direction of Mrs. Alldian, also competes in academic competitions and frequently takes trips to Rome. Over the past ten years the club has been ranked as one of the top three most active Latin clubs in the state of New Jersey.

Members of the Society are recognized for their high achievement of the Spanish language. They devote their personal time to tutoring Spanish students. Under the direction of Mr. Zoppi, the Spanish National Honor Society has taken many trips to New York. Among the places they have visited are the New York Stock Exchange, The United Nations, The World Trade Center, and the El Quijote Restaurant. They also participate annually in the Spanish National Examinations at St. Joseph's High School in Metuchen. Trips to Spain are occasionally taken.

The French Club would be nowhere without the leadership of Mr. Preston. Having lived in France, he has a perfect understanding of the French cuisine and culture, and he has related these experiences to his students.

The French Club took part in a variety of activities this year. In February they ventured to Canada for a ski trip. They also used their roller skating skills, learned in gym class, at an annual roller skating party. Periodically the club travels to France.

RUSSIANS INVADE NEW YORK CITY

The Cranford High School Russian Club is not a political organization, but rather a group of students who enjoy learning about Russian art, music, and, especially, food!!! The club boasts an annual trip to the Russian Tea Room in New York City, which costs no small "dyengee" - - over \$40 per person! In the winter, the members showed off their own culinary talents by preparing dishes of Russian cuisine for a club dinner. This group has visited a Russian Orthodox Church, and discussed United States-Soviet Union relations. The Russian Club also plays volleyball, goes bowling, and sells candy.

The twenty three members of Future Business Leaders of America (FBLA) practice business occupations to guide them in their career choices. This club gives students a way to share ideas and reaffirm common goals. Conferences, of national status, are offered to help members get involved in business and leadership workshops, meet corporate executives, and engage in competitive events. This year the members participated in a regional business competition at Rider College.

HERO- Home Economics Related Occupations is affiliated with the Co-Op program. These students go to school for one half of the day, in the morning, and go to work in the afternoon. This enables the students to be exposed to a variety of occupations in order to aid them in making a career choice.

FOR THE FUTURE

Members of DECA- Distributive Education Clubs of America, attend school for one half a day and work after school at various occupations ranging from the selling of clothing to working in a deli. From all their hard work they receive credit towards graduation.

Activities of DECA include field trips, meetings, and regional, state, and national competitions. This year the club attended the regional competition at Rider College, a one day event. Members of DECA also coordinate and staff the school store "Cougar Corner."

DECA members are- Row I- Barbara Morrison, Patty Jukniewicz, Kim Brown, Diane Kirk Row II- Andy Hogan, Dina Pazienza, Sabahat Kastrati, Susan Gacsi, Sheryl Werner, Mrs. Cathcart; Advisor *Missing*- Denise Kenny, Arlene Moses, Michelle Musella *Left*- Kathy Bruns sells the last Supercookie.

Flats And Kleigs

To be a part of the Lighting and Stage Crew required extreme devotion and dedication. Practice sessions are held every day after school. Techniques of turning on light switches and pulling the curtain are analyzed and discussed. Professional stage hands make guest appearances at their long, hard practices.

Because of the rigorous schedule not many volunteer for the job. However, the few volunteer members are hardworking and talented.

All in all, the entire school appreciates the lighting and stage crew. Without this group, the drama productions would not run as smoothly. This is one group that often goes unnoticed.

The creative Mr. Deckenbach has done marvels with the sets for all the productions in past years and especially this year. His excellence and expertise in carpentry is a definite asset to C.H.S. What would the play be without the sets?

A special thanks is given to Mr. Deckenbach and Mr. Smith for taking care of the loose ends and helping to make the productions this year outstanding.

The audio visual aides have an important function in our school- setting up films and other audio visual aides. They work together and go out of their way to help us in our times of desperate need like when the light bulb in the projector is worn out or when the film gets caught in the reel. It is such a comfort to know that somebody is there with a helping hand.

Prop Till You Drop

The Props Committee holds one of the most exciting jobs in the whole school. This group is responsible for all the props for productions at CHS. Such difficult decisions are made such as "Where should I put this chair?" and "Should I hang this picture here or there?" However, props are very important to productions and this group has helped to make the plays and musicals at CHS so successful. It's a dirty job but somebody's got to do it. The 1984-85 Props Committee did it and did it well.

Small in size, however greatly needed for those "special nights" this club practices endless hours of rigorous training to master the thankless job of being an usher, in hopes of someday moving on to some bigger and better places like Radio City Music Hall, or even better the Grand Ole Opry. Their training consists of proper posture drills, holding a smile, and being able to pass out programs without getting paper cuts.

Getting Dressed At CHS

The Costume Club enables its members to practice creativity and learn techniques of costume construction. It is this club that spices up the stage for the senior play and the annual musical with all different types of outfits.

The Costume Club also took trips to the Costume Company in New York City and the Fashion Institute Fashion Show. This picture shows how much they have learned about fashion already.

Law Club is more than a club to its members. It is a team. There is a tight bond of camaraderie which also made them like a family. They spent hours upon hours on weekends, evenings, after school, and over vacations working hard and developing their skill to be able to execute a trial on a professional level.

Mr. (I love Law Club) Flashberg was a dedicated coach. He made the team push their hardest, be sharp on their objections and know their roles! Ms. Hernandez, attorney-advisor, was unofficial team statistician complete with legal (no pun intended) notepad and her official Law Club pen.

The team competed in the New Jersey State Bar Mock Trial Competition. In previous years the team had been county champions twice. This year the team fell in the county finals—the agony of defeat.

They became like a family and learned to function as a group. Powered by dedication, Chinese food, and the magical M & M's.

The Model UN is a unique club. The purpose of this club is to allow each member to represent the country of his choice and act as an ambassador from that country. The member then does research on topics that affect the world like human rights, disarmament, and nuclear energy. When the project is completed many clubs from neighboring towns get together and form a model United Nations. It is here that the researched topics are discussed. This year the Model UN Club attended a conference in Hershey, Pennsylvania, in December. The unique advantage of Cranford's UN is that no translators are needed as all communications are in English — we think.

LAW CLUB IS OUR LIFE!!

Youth In Government contains students who are concerned with the working of the modern day government system. The club informs them about such topics as how to write a bill for state enactment.

This year the club attended a three day conference at the State House, in Trenton, New Jersey.

If it wasn't for the Student Council, the Seniors would have a quiet lunch. Every year the Student Council takes the money made from the jukebox and makes minor repairs on it and buys new albums. Student Council also supplied the school with carnations which could be purchased to celebrate Valentines Day. Outside of the school the Student Council helped to collect food for the less fortunate for Thanksgiving.

The Americana Club is an organization dedicated to the interest of American history. Aside from numerous field trips, the club undertakes the job of preparing an original local history presentation.

This year the project dealt with the eighteenth century stone cutters and graveyards of Union County. Armed with cameras, shovels, paper and crayons, to make the rubbings of the stones, the club visited all of Union County's major cemeteries.

Special thanks from club members, goes to Mr. Spinella, the club advisor, who gave endless time to the project. Not to be forgotten are Tony and Gretchen, Mr. Spinella's Dachshunds, who gave moral support during the grueling hours spent putting the cemetery project together.

Want to become more aware of the world around you? Well if you do, the Contemporary World Affairs Club is where it's at!!! This year's Spotlight was bigger and better than ever. The many changes that took place in the Cranford High School newspaper helped make it a hot item during lunch. A major change was that the paper was printed at the C.F. Wood Company in Bloomfield, New Jersey. Also, the paper changed from a small two page magazine size, to a standard, four page layout. The editors met fifth period to discuss layouts and edit copy. They also started a new section of the paper called "Senior Spotlight" which featured four to six seniors a month. Spotlight was produced ten times this year.

THE GOLDEN C SHINES ON!

Remember those people who harrassed you to take your picture or made you fill out that questionnaire? Well, all your efforts and theirs were compiled to make the book in front of you now. They wanted to make sure everyone was involved in making the 1985 *Golden C* the best.

Ever since September the Yearbook Staff has dedicated hours upon hours of their time and fought deadlines, fatigue, and frustrations to create a masterpiece. So when you flip through this book today or ten years from now we think you'll appreciate how much work was involved.

The Yearbook Staff would like to thank Mr. Al Hein for putting up with us. And thanks, to Bonnie for her sex appeal, effervescence, support, and Tootsie Rolls. Gratitude and appreciation goes out to Mr. Phillips, Mr. Smith, and Normany Studios, and especially to Paul who has a warm space in our hearts. Thanks for Mickey D's.

Prologue is a literature and art magazine of great fame at Cranford High School. Last year, highlighted by a drawing of a sepulchral wraith, fifty copies were sold as fans. Many found the slim bluebound volume useful during the sweltering exam review period. This year's edition offers the fine poetry, prose, and artwork of promising young artists. Each work carefully culled from the deluge of offerings by Mrs. Kowalski, Miss Kopp, and a dedicated staff of five.

Prologue members are-Todd Garthwaite, Ayako Goto, Anca Dumitrescu, Mrs. Kolwaski; Advisor, Amy Asch

OUTSTANDING ACHIEVERS

The Science Leagues allow students to match their problem solving abilities in various scientific disciplines against students from other schools in the state. Cranford High fields teams in all five categories: Biology I, Biology II, Chemistry I, Chemistry II, and Physics, and consistently finishes in the top ten in the state in all categories. The teams consist of students who demonstrate remarkable proficiency in their respective classes. Unfortunately, despite their long history of excellence, the Science Leagues do not elicit the school spirit that other teams do. The administration has not helped the situation by refusing to dispatch cheerleaders to the competitions and by refusing to hold pep rallies to drum up support.

Challenge- is the TV-3 quiz show pitting teams from high schools throughout the state. Each team must answer questions on a variety of topics ranging from the commonplace, such as spelling, to the origins of Hindu deities. The matches are broadcast over TV-3 several weeks after the taping allowing the participants to view themselves on TV and deny that they really look and sound like they do on TV. After scoring a lopsided victory over Kent Place in the first round, the team lost a close match to Colonia. The advisor is Mr. Roberts.

The National Honor Society is the Cranford chapter of a national organization designed to honor deserving Juniors and Seniors. A student cannot merely join the National Honor Society, but rather must be invited to apply. Applicants are chosen on the basis of their academic accomplishments, extracurricular activities, community service, and citizenship. Those students who have distinguished themselves in these areas are inducted into the society in a candle lighting ceremony which closely resembles that of a satanic cult. The students who are inducted into the society can take a certain pride in knowing they have distinguished themselves among their peers and have been honored by a respected panel of faculty members. More important, though, they can hope to impress admissions officers by putting it on their college applications.

This obscure little club is made up of dedicated Igore's. The members love to wash glass wear and often are heard to complain about dishpan hands. Top secret assingments included helping set up labs. They particularly love to make molar solutions - - - if anything was wrong with them, it was the scales fault. There were some serious obstacles to overcome like the dreaded cat cans and the glass aquariums.

NO BONES ABOUT IT: SCIENCE CLUB VERY ACTIVE.

This year's Science Club continued to expand, its membership reaching new heights at 30 heads. They opened the year with a trip to New York City's Museum of Natural History, and followed that up with science demonstrations, that were taught by the club members, for the younger students at Brookside School. In December, they had a holiday party, complete with a game of element hangman and a chemis-tree. The Science Club claims responsibility for the memorable bear sales held to raise money for a trip to the Smithsonian Institute in Washington D.C. They also participated in a very competitive volleyball game pitting the physical scientists against the biological scientists. The club's spring trip was to the Princeton Fusion Center. Club members were kept up to date with the monthly edition of *The Microscope* - - - the Science Club newsletter.

The Psychology Club is an organization that reaches into their psyche to probe unresolved conflicts. The club had a major problem this year arguing over its collective ego and id. The club makes a research project each year. The project for this year was procrastination.

This year, the Peer Development program at C.H.S. is running stronger than ever. Since all facilitators take a course called "Peer leadership Training", they are more prepared for their weekly sessions with the Freshmen.

This energetic group went on two field trips to St. Paul's Abbey in Newton, N.J. where they met the dearly beloved Father Manny Cruz, ("Are you from the planet Mars or something?") The first trip was used to train the facilitators while the second trip was used to unite the group as a whole. Here they leached and wet willied while participating in the Peer Olympics.

The Peer Development group held an Alcohol Workshop, a Pre-Prom Workshop, and a Parent Workshop, all of which dealt with alcohol, drugs, and communication. While a handful of Senior facilitators represented the program on WOR-TV, some of the other facilitators were involved in a smoking cessation program.

The Peer Facilitators would like to thank Mr. Mike Blasucci for bringing soder to the worksharph, Miss Kitty White for getting off her soapbox, Mr. George Huff, the big bear, for being understanding, Mrs. Natalie O'Donnel for the medical assistance, and Mr. Loui Loprete for the great diving competition.

The National Art Honor Society is an organization of upperclassmen who have demonstrated a talent in art. Its main purpose is to serve the community in some artistic fashion.

In 1982, the Middle States Evaluation Committee advised school officials to brighten up the school. This became the Art Honor Society's service project. This led to the painting of the mural on the wall of the Senior Cafeteria. This tri-color design definitely adds life to the cafeteria.

This year's Art Club, under the direction of Mrs. Harris, has been more active than ever. Club membership has grown over the past few years. Their biggest fund raiser this year was the Christmas ornament sale. The students hand crafted the ornaments, and donated half of their profits to save the Statue of Liberty. These people are responsible for those unique stripes in the Senior cafeteria. In December the Art Club traveled to New York City to visit the Metropolitan Museum of Art and they also saw the Christmas tree at Rockefeller Center. The Art Club will be present at the annual Art Expo to demonstrate Raku firing. The Art Club also traveled to New York City in the spring in order to continue their study of art and culture.

Ham Radio operators share a worldwide brotherhood. They all have moles on their legs. Engaging in communications with other cities, nations, and eventually the space shuttle. Equally as high-tech is the Computer Club which is involved with projects and experiments with the new "state of the arts" hardware. With a trend in converting to computers in all aspects of the business world, the literacy learned at Cranford will be invaluable.

The American Field Service Club (AFS) provides its members with the opportunity to associate with students from around the world. This year the club hosted students during International Exchange Weekend (Jan. 17-20). These students are living in New Jersey for the year. The countries represented were France, Italy, Columbia, Norway, Mexico, Netherlands, Japan, Peru, Sweden, Spain, Sri Lanka, and Germany. The club also goes on a short term exchange every year for a week with the money raised by selling M&M's. AFS is truly an exciting club and one that everybody should know about.

You Mean You Stay After School For A Math Test?

The Class of '85

When we first came into the school as freshmen, we began raising money for our Senior Prom. It seemed like a long way off, but we knew that it would come and we wanted to be prepared. We started our fundraising activities and began to make money and new friends. All the money raised through turkey shoots, magazine sales, lawn sales, candy sales, and many other fund raisers were thrown into a fund which would go towards the big day—Senior Prom.

The officers and prom committee worked hard to make the prom a night to remember. A special design was made for the program cover and The Westmount was beautifully decorated by the students, with miniature lights, metallic stars, and streamers, balloons and a disco ball. The students danced their hearts out all night long. The best prom the school had seen for years for the best class the school had seen in years.

The end of the prom brought the beach, final exams, and the long awaited GRADUATION—our goodbye to CHS.

CONTEST NUMBER 2
NAME _____ GRADE LEVEL _____ DECEMBER 4, 1984
TIME LIMIT: 30 MINUTES
ANSWER COLUMN

2-1. Find the value of x which satisfies
 $\frac{12}{25} + \frac{28}{35} + \frac{108}{125} + \frac{112}{125} + \frac{128}{125} + \frac{132}{125} = 1$.

2-2. Find the largest integral factor of 111,111,111,111 which is less than 111,111,111,111.

2-3. Each time the two hands of a certain standard 12-hour clock form a 180° angle, a bell chimes once. From noon today until noon tomorrow, how many chimes will be heard?

2-4. Harry, the handy homeowner cleared a rectangular plot of land and covered it with gravel. Then he purchased 16, 20, 28, 32, and 36 square wooden sections of side-lengths 2, 5, 7, 9, 11, 13, 15, 17, 19, 21, 23, 25, 27, 29, 31, and 33. By placing the squares on the gravel with no two overlapping, Harry built a patio which exactly covered the gravelled surface. Find the perimeter of Harry's new patio.

2-5. Find all ordered pairs of positive integers (x,y) which satisfy
 $xy + 6x - 11 = x^2$.

2-6. Find the area of a trapezoid whose altitude has a length of 10 and one of whose perpendicular diagonals has a length of 25.

The Cranford High School Chapter of the New Jersey Math League is not composed of a bunch of squares, but is rather a multi-lateral group. Components of the Math League take 36 half hour exams during the year. However, exams are only a fraction of what the Math League has to offer. SAT math practice were held, which involved freshmen, sophmores, and juniors getting tips from their beloved officers. Over 35 x 16 ÷ 5 + 42 members turned out for each exam, which is followed by refreshments and a discussion of contest problems. Consequently, the Math League meetings are known for their excitement and anticipation for the next meeting.

SENIORS

We can all remember our Freshman Orientation. Wandering through the halls, we wondered if we would ever know where we were going. Our Sophomore year brought a new crop of Freshmen, and a chance for us to push around someone younger than ourselves. During our Junior year, we got our driver's licenses, took SAT's, and looked forward to one more year at Cranford High School. Our Senior Year was a year we looked forward to for years with great expectations. We did our college applications and awaited the decisions. The ever present thought of Graduation made this year extra special for everyone. Looking towards the future, we can begin to believe that our dreams and goals will soon become a reality. As we look back on these high school days, on the friends, experiences, and memories we have had, we will remember how great these times at CHS have been.

MEETING THE CHALLENGES OF CHS

Above: Chris Lehner (Secretary), Kieren O'Dowd (President), Mrs. DeStefano, Mrs. Granata (Advisors), Jon Sassi (Treasurer), Jeff Getchberg (Vice President). Below: The officers in action at Pasta Night.

The senior class officers have been particularly active in raising money. For four years Kieren - O'Dowd has led the way as class president, with the help of our advisors Regina DeStefano and Lillian Granato. Together they have had many unique ideas, and the fund raisers for this class included the Turkey Shoot, Cougar Caps, the Lawn Sale, Valentine Match Maker Dating Game, Aerobic Classes, and the Graduation Souvenir Sale.

THE CLASS OF 1985 PRESENTS

ARSENIC AND OLD LACE

On the evenings of November 16 and 17, Cranford High School presented *Arsenic and Old Lace*. Amy Asch and Lynn Morneweck were the Brewster sisters who poisoned men and collected their bodies in the cellar. Michael Bilavsky was a convincing villain, and David Kniazuk performed his lead role well. Jimi Destafano was this year's student director, and assisted Mr. Marcus and Ms. Ur. with organizing the play. Their hours of dedication and rehearsals paid off, as *Arsenic and Old Lace* became one of the best senior plays ever.

PASTA NIGHT 1984

This year's annual Pasta Night dinner turned out to be one of the most profitable events of the year. Chef Roberts was responsible for this year's spread, which included ziti and a salad bar complete with croutons and chick peas. Decked as waiters and waitresses, this year's Seniors served Italian style to guests all night long. Their efforts proved truly worthwhile, as Pasta Night became a successful and enjoyable evening for all.

Seniors' Favorite Restaurants:

1. Mc Donalds
2. Burger King
3. Tony's Pizza
4. Pink Sub
5. White Castle

3. Floor Hockey
4. Lacrosse
- (Worst—Rollar Skating!!)

Seniors' Favorite Gym Sport

College Night occurred several times this year and was attended by students of all grades. Representatives travelled from all over the country to introduce their schools to Cranford's students. Information was distributed, and everyone in attendance became aware of schools and possibilities they had not realized before.
