"Ready Begin!", exclaimed Chris Lelli. On his command all facilitators began the cheer, "Come on everybody don't be afraid we're gonna show you how to do the BOOMERANG ABOOMERANG A TOOTSIE TOOTSIE A TOOTSIE TOOTSIE A BOOMERANG A TOOTSIE TOOTSIE A TOOTSIE TOOTSIE A BOOMERANG!!"

This short chant was learned by every facilitator on the Peer excursion to Camp Mason this past fall. Along with learning the cheer, the facilitators also learned

about themselves and the others they were with.

To some, peer might seem like a fun, easy group to join, or to others it might seem stupid. But anyway you look at it, at one time you were part of the peer program whether as a freshman or as a facilitator. So you know that peer is not all fun and games, and there is work to be done. It might be going to a workshop, reviewing curriculum, or learning something from the text book they use.

Peer facilitators also have the responsibility of representing CHS at different events, whether it be a T.V. program or a seminar. They also have to maintain the reputation of this ten year old program, which is run by Ms. White, Mr. Blasucci, Mrs. O'Donnell, Mr. Huff and Mr. Loprete.

An easy way for the facilitators to do this is to keep in mind a small song: "Oh I love the monsters that live beneath the sea!! Oh I love the Monsters and the Monsters they love ME!!"

Drug And Alcohol Awareness Day

Pictured on pages 24-25, Top, left to right: Regina Sobon, Kara Keibler, Laura Golden, Kelly O'Brien, Christine Buydos and Mr. Angelo Pierri. Bottom, left to right: Afi Price, Yuri Mekhanik and Lynn Goldstein.

Seventy-three students "died" on Thursday, October 19, 1989 at C.H.S. This was part of a program that Student Assistance Counselor Angelo Pierri and fellow alumna Candace Pierria initiated to inform students that drug and alcohol use is not a joke.

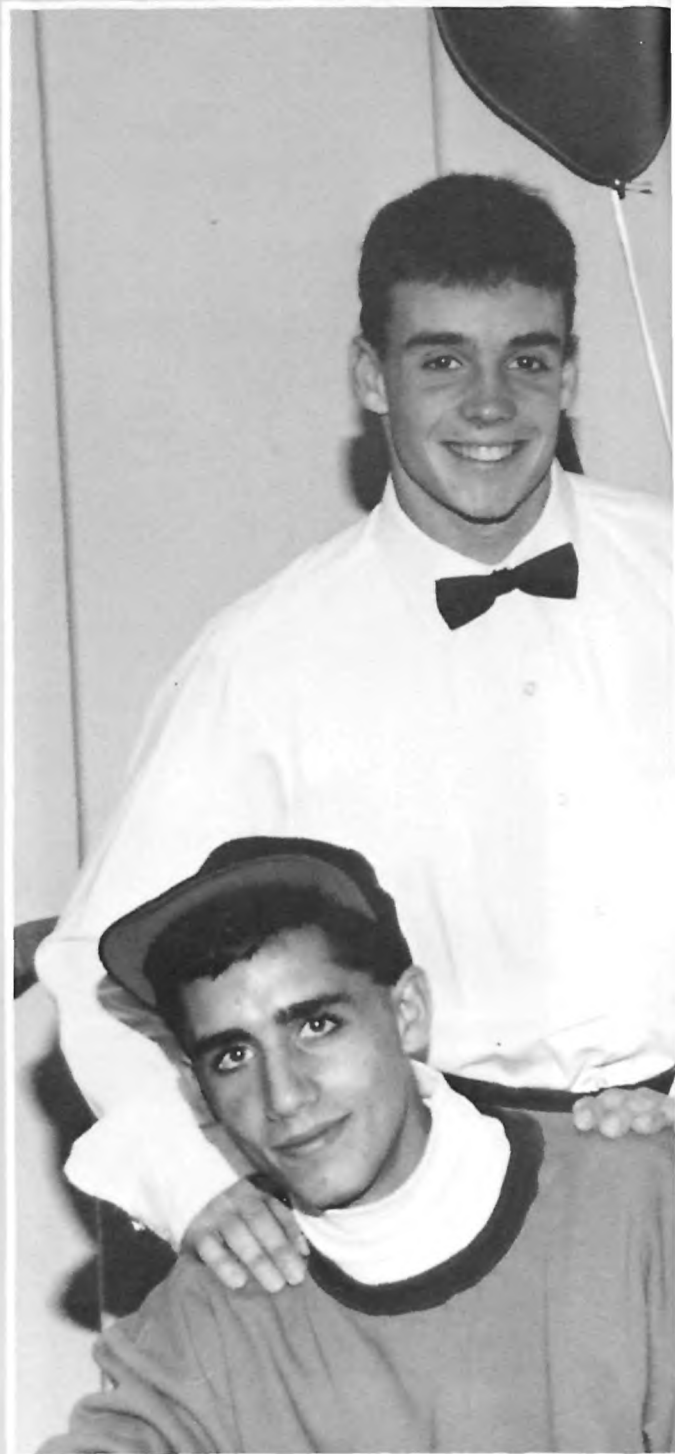

Everyday, within the six hours that are spent in school, about seventy-five students nationwide are killed from drug related accidents. In fact, a death occurs every five minutes.

Therefore, Pierri had seventy-three students, consisting of the Drug Free

Youth Club and Peer Development participate. Every five minutes a student would get their face painted white to indicate their death; in addition they were given a sign to wear around their neck stating how they "died" by drugs or alcohol.

Pierri wanted to get the whole school involved in drug awareness. "The program was aimed at scaring people," Mr. Pierri said. "Listen to your heart, not your head, not your friend sitting next to you - your heart."

CHS Gets Fired Up

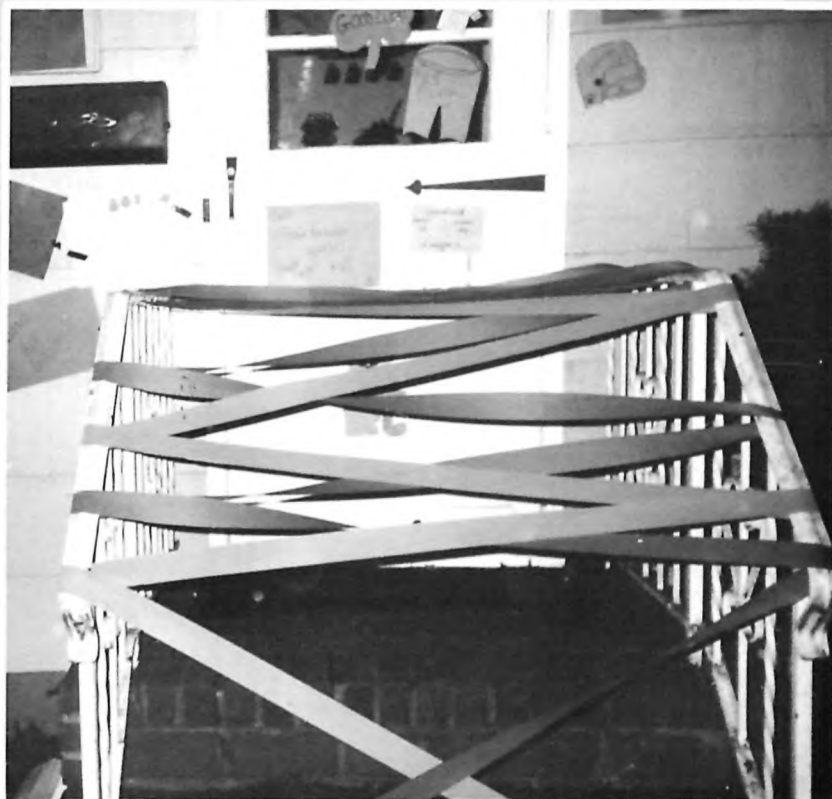

Thanksgiving day weekend is a tradition for Cranford students. The fun begins Thanksgiving eve at Memorial Field for the annual burning of the Rahway Indian. The bon fire is a way to bring all CHS students together to get psyched up for the last football game of the season.

Later that night, the CHS cheerleaders play a special part by decorating every football player's home with streamers, balloons, posters, candy and whatever else they decide to surprise them with. Decorating takes place after the players are asleep. Each carload has approximately 12 players' homes to decorate from one end of the town to the other, bringing lady cougars home way past their bed time.

Page 30: *Upper right:* Senior girls help to carry on the post bon fire tradition by decorating senior Chris Sharo's house. *Upper left:* Groups of friends gather by the fireside. *Lower left:* Senior Mike Spirito and Rob Zatorsky show us what they think of the Indians. *Lower right:* Amerina Porchetta, Heather Gabriel, Jean Halecky, and Ben Keiser snuggle up to get warm. **Page 31:** *Top:* Even underclassmen get into the spirit of the traditional "Senior game". *Lower right:* A sampling of the decorations the players received as shown here on Senior Curt Loxley's house. *Lower left:* Curt Loxley gives a playful hug to head coach John Quinn. *Middle:* Students watch as the players throw the traditional "Rahway dummy" into the fire.

Thanksgiving Game

Every year, our last football game and senior day are on Thanksgiving Day. However, this year was unique. By 8:00 a.m. that morning three inches of snow lay on the ground leaving our Thanksgiving Day Game postponed until Saturday!

Saturday morning senior day began as the cheerleaders escorted the senior

players to their parents. Next the cheerleaders were introduced with their parents, and finally the band was introduced as well. Although the stands were not packed, the game was still exciting and a lot of fun for all of the seniors. Senior day is a day that all Seniors cherish forever.

SPIRIT WEEK

You Can't Take It With You

You Can't Take It With You was this year's school play, a classic comedy that has been a hit on and off Broadway in movies and even as a TV series.

The play tells the story of a family of eccentrics and oddballs who enjoy life to the fullest by doing what they feel like doing and not going along with everybody else. The biggest problem they meet along the way is the stuffy and stuck up parents of their daughter's boyfriend.

However, even after spending a night in jail together, everything ends up happily. True love and comedy conquers all.

Moving INTO THE
90's

Administration

While many traditions at Cranford High School remain, the school has seen some changes over the past ten years. Cranford has undergone a Middle States Evaluation, Monitoring, and the inclusion of High School Proficiency Tests as a requirement for graduation.

The building has gotten a new roof, new bathrooms, and new windows; the students have gotten a new student code of conduct, many new elective courses,

and computers to use.

Everyone was introduced to the Peer Development program and the Student Assistance Counselor.

Students, too, have undergone changes over the past ten years. Our principal, Mr. Robert Seyfarth, noted that students seem to feel better about themselves, as evidenced both in how they act and how they dress. In addition, students are considerably more involved in the school's athletic and co-curricular programs

English

In keeping with the traditional emphasis on basic skills, the English department, during the past ten years, has designated Art of Writing and Developmental Reading as required courses, along with English I, II, and III.

Recent additions to the curriculum, such as Advanced Placement English and Television Production, reaffirm the goal of meeting

the needs of all the students.

Department members see students as being more sophisticated, more conservative, and more involved in activities, both school related and community related.

Through the department, students produce three publications - *Golden C*, *Spotlight*, and *Prologue*.

Foreign Language

The Foreign Language department has seen students get more involved in the languages they study. Each language offered has an active club. Students in these clubs not only take part in the traditions of the countries, but also extend themselves to the community through fund-raisers and food and clothing drives.

In addition, many students have travelled to the countries whose heritages they have studied.

Social Science

Through the efforts of the Social Science department, students are more aware of the world around them. In addition to the traditional United States and World History courses, Cranford offers courses in Law, Psychology, Sociology, Economics, and, most recently, New Jersey/Local Government and Current Global Issues.

Social Science clubs further enrich the students. During the past ten years both the Model U.N. and

the Model Youth in Government clubs have attracted many students. The Contemporary World Affairs Club was responsible for the POW memorial erected at Memorial Park in town.

Some department members have noticed a conservative attitude among students. One noted how the students have become more concerned with academics and grades. They are concerned with maintaining their present standard of living or bettering it.

Physical Education

The eighties brought a heightened awareness of physical fitness to all age groups. The C.H.S. Physical Education department offers a variety of individual and team sports in classes and encourages students to participate in the many sports teams. Elective programs over the past ten years have included rollerskating, pickleball, lacrosse, and volleyball. Students look forward to being active and having the chance to participate and compete.

Peer development celebrates its tenth anniversary this year, and students who are selected as facilitators have the opportunity to lead and teach freshmen, easing their transition into high school.

In addition, students graduate with extensive knowledge in first aid, CPR, and driver education. Senior year brings Family Living, where students learn about the life process and get ready to meet the challenges of life after C.H.S.

Mathematics

Mrs. Tozier, dedicated to CHS even on the weekends, assists the Cougar.

From fundamentals to honors, the Math department is the problem solver of the school. As the eighties progressed, the math electives kept pace with the times. Two third floor classrooms (at one time the library, and more recently, English classrooms) were converted into a modern computer facility.

Computer Programming I and II are musts on many students'

schedules. The sliderules of the sixties may be forgotten, but computer courses have taken their place alongside of Algebra, Geometry, Trig, and Calculus.

The Math League is one of the most popular activities for C.H.S. students. Students take exams, discuss contest problems, and generate an air of excitement about math.

Industrial Arts

Males and females alike are attracted to Industrial Arts. Skill and accuracy are the key words here. Students take pride in their work — photographs produced in the Visual Communications classes appear in *Spotlight*, *Prologue*, the *Golden C*, and our local newspapers.

In addition, "Expo" has provided a forum for displaying projects done in woods and graphics classes. A student entering the electronics, metals, woods, or graphics classes learns both textbook and practical knowledge, as well as the value of safety in the work area. The auto mechanics classes use their skills to repair both their own cars and many teachers' cars.

Science

Due to the interest of the students in working on their projects for the Science Fair, it is not an uncommon sight to find them working well after the school day is over. In addition to the traditional Biology, Chemistry, and Physics courses, Medical Lab offers hands-on experience, and advanced placement courses are now offered for those seeking the ultimate challenge. Students moving into the nineties will have the opportunity to take Earth Science, newly introduced into the curriculum.

During the eighties, C.H.S. students grabbed headlines as they fabricated a viable Superconductor, winning First place at the National School Boards Convention in Atlantic City. Projects like this spark interest, and students seek more knowledge in all scientific areas ranging from environmental studies to aerodynamics.

Special Education

Special Education has been expanding its role in Cranford High School throughout the decade. Classes meet the needs of all the students enrolled. A special class for mentally handicapped youngsters developed rapidly in the eighties. This class provides students with job skills for independent living. This unique Cranford program has opened its doors to students from outside the community. Besides academic skills, students learn practical skills, such as food preparation. They are involved in catering many functions throughout the school year, but they are probably best known for the delicious Thursday luncheons they prepare and serve the faculty.

Students in all classes have the opportunity for individual assistance from Resource Room teachers. They provide the motivation needed for success in school.

Members of the Special Services staff are always available and willing to listen to a student, no matter what the concern may be.

Art Department

Enthusiasm and talent light up the art wing of the school. Drawing, painting, working with clay, designing batiks, and doing commercial art are just some of the activities one can observe on a given day. Students display their work in the school and offer their talents to fellow classmates by painting faces for Halloween and selling Christmas decorations. Art teachers and students design programs, posters, and sets for school dramatic productions.

Through music Cranford students provide entertainment for both the school and the community. In the fall the Marching Band practices in the early morning hours for upcoming football games. The band livens up the pep rallies, generating school spirit. Seasonal vocal and band concerts are highlights of each school term, as are the spring musicals.

Enthusiastic students sell "band cheese" and "choir fruit" each year to finance trips to music competitions around the world.

In music, individual students have a chance to excel, and they share this excellence with everyone.

The credit card generation necessitates an understanding of personal finance and accounting no matter what field a student enters. Students have the opportunity to learn a wide variety of office practice skills, essential for so many occupations. Typing and using a word processor are just two of the skills which make a student's workload and life more manageable.

Ten years only a handful of males signed up for Foods courses; today, 40% of the students in Foods classes are males. This is probably the most visible change in this department. Looking more closely, however, one sees that this area has expanded and progressed with the changing eighties.

Today a student learns about sports nutrition, convenience foods, food additives, and microwave cooking. Everything is geared for the modern lifestyle.

In the sewing room, students can often be seen working on individual projects or on costumes for school dramatic productions.

Mrs. Walsky shows Shawn Thomas and Phyllis Scott a short cut in the assignment.

Guidance Department

There is always a lot of activity in the Guidance Office. Students seek assistance in selecting courses for their next year's schedule. They check on credits. They stop in to register for S.A.T.s, process college applications, or just talk to a willing listener.

Guidance counselors coordinate spring testing, and, during the eighties, the career development programs.

Besides their practical knowledge of high school courses, colleges, and employment opportunities, guidance counselors have information on each student's progress throughout the school year. They often set up conferences for parents and students, especially after mid-marking period progress reports.

Perhaps the most vital skill a student learns from his or her guidance counselor is that of decision-making, an essential element in everyone's life.

Moving INTO THE
90's

9-10-1

The 1989 Boys' Soccer Team finished the season with a respectable 9-10-1 season. Facing the strongest conference in the state, the soccer team competed with teams at or above their own level in every game. The highlight of the season came when the team scored three consecutive victories over Linden, Rahway, and Union Catholic to qualify the soccer team for the state tournament. Although they lost in a hard fought battle against Nutley 2-0, it was still an accomplishment to qualify for the states.

Led by all-county goalie Brian Hartmann, third team all-county sweeper Chris Pavics, and senior captain Tom Kessler, the team kept a positive attitude throughout the season.

Meeting The Challenge

The girls' soccer team played their second varsity season and ended it with a respectable record of 6-13. The Lady Cougars had a slow start but worked to capture their six wins. Many of the games played were lost by only one or two goals, which was frustrating, but the girls never gave up.

Senior captains Lisa Nazzaro and Kristen Witherington kept the spirit up at all times. Coaches Tom Stagich and Jeff Lambert were satisfied with the team but were disappointed in the number of girls who tried out. The team is composed of many underclass ladies, and they are expected to do well next year.

The girls' tennis team, coached by Mr. Farrell, is an important part of the fall sports schedule at Cranford High School. The captains for the Fall 1989 season were juniors: Joanna Dreschler and Jennifer Jankunas.

The girls' tennis team played their home games at the newly renovated Hillside Avenue tennis courts. These courts have not been used for the past two seasons by the tennis team, but that didn't stop these girls from showing their experienced maneuvers.

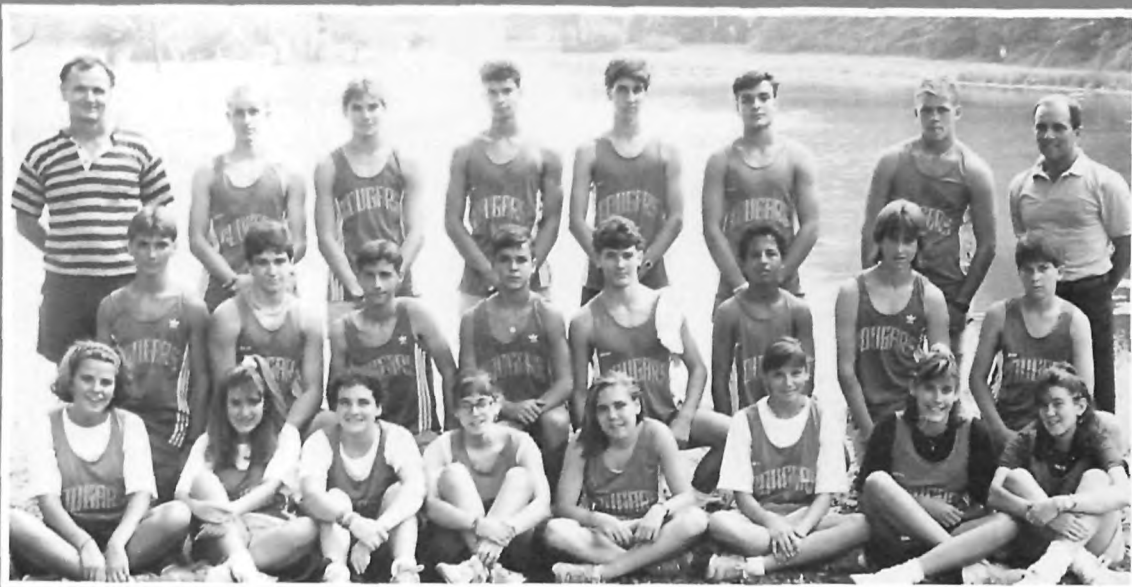

Even though many young players joined the tennis team, they displayed great effort and performance. Joanna Dreschler says, "the team is very promising and most of the girls will improve their game in the off season in hopes of a better record for next season."

C.C. Teams Capture Watchung Title

The boys' team, led by Captain Doug Watson, went seven and zero and captured the National Division Watchung Conference. The team consisted of Mark Schiffer, Chris Larsen, Forest Paddock, Joe Cassidy, Carl Cetera, Franco Montalto, Scott Laidlaw, Bill VanBenschoten, Chris Lelli, Michael Bell, and Peter Scholz.

The girls' team record was six and one. They lost only one meet to Summit. Fighting back in the Watchung Conference Meet, they defeated Summit and captured the National Division Watchung Conference Title. The team consisted of Union County Champ, Maggie Morrow, Jennifer Lusardi, Gail Kresko, Megan Thee, Karen Koehler, Amy Navarria, and Shana Stein.

Once again the gymnastics team can look back upon a successful season. Their 1989 showing was full of achievement: first place at the Bulldog Tournament; first place County Tournament; second place Sectional Tournament; seventh place in the State Tournament. With only one loss this season, the Cougars kept up their winning ways.

Michele Charney, a junior, was the key to the team's success. She won the all-around at Counties and Sectionals and placed tenth on floor at States. Kim Kupka, a sophomore, also was a vital element to the

Cranford team. Her strength was in the bars and beam. Both girls were elected to the all-County Team.

Tricia LaGrace, a sophomore, was an important contributor to the team and was named on the All-County Team as an Honorable Mention. Sharing this title is graduating senior, Heather Johnson.

The team showed its strength and consistency throughout the season and its ability to come together in times of need. This close-knit team is almost like a family, a winning one at that.

Field Hockey Commitment To Excellence

The 1989 Girls' Field Hockey team once again upheld Cranford's winning tradition by ending their season with a final record of 13-3.

As in the past six years, the Cougars once again took the Union County Championship title after contending with the Westfield Blue Devils and winning 1-0. Unfortunately, the Lady Cougars' winning streak had to end when they were eliminated in the first round of the State Sectional Tournament by Warren Hills.

The leadership on and off the field could basically be found in all the seniors. The ten of them worked hard and were strongly dedicated to making sure that the team stayed together and was always psyched.

The players stress an important aspect of the team which was the coaches. They saw Miss Dorfman and Miss White as two people who made the game fun and always left

them enjoy themselves.

The 1989 Field Hockey Team also owes so much to the dedicated fans and the Cheerleaders who were always louder than the visiting teams'.

All this dedication, determination, and unity of this team made Cranford Field Hockey what it is.

Hey Girls: Remember the brawl with Roselle Park? Or how about the 50 yard line puddle?

GOOD LUCK - Don, Franbo, Wuss, Ray, Bunyon, Shiner, and all the rest of the Jolly Juniors and the Sauntering Sophomores.

Pom-Poms And Pep Promote Spirit At Cranford

The Cranford High School Cheerleaders kept the cougar spirit alive with their dynamic smiles, intricate pyramids, and great cheers.

Cheering for the football, field hockey, girls and boys soccer teams is where you could find these girls this fall. Mrs. Migliorini and Ms. Tozier coached the girls and gave them the moral support they needed.

Seniors on the squad included: Chrissy Casciano, Kelly Burke Co-Captain, Kelly O'Brien Co-Captain, Katie Johnston, Noelle Powers, Jennifer Locher, and Wendy Cruz.

Sue Eberling was the lone junior on the squad. The new faces that appeared this year were: Sarah Johnston, Danielle Jacques, Aileen Barcuto, and Erica Curren. These are the girls who will keep the cougar spirit up next year.

Cougars Rebuild For The 90's

Everyone feels that football exists only at the Varsity games on Saturdays, when in reality, there are actually two other team games that are part of our Cougar program.

Our freshman team, coached by William Thermann and Chuck Hoeffler, took in a 4-4-1 record after working hard to help get ready for next year on J.V. level.

Preparing for their Varsity year, the J.V. team took ambition in reaching certain goals for next year. Their record was 4-5.

This year the 1989 Cranford Varsity Football team showed tremendous unity and character despite their disappointing season. The Varsity head coach, John Quinn, often commented on how the team's development progressed regardless of their stats.

The turning point of this season was the 15-3 loss to Shabazz. Coach Quinn felt that the players knew they could win but just played a poor game. They responded well to the loss, however, for they won the next two out of three games, proving to themselves that they could learn from their mistakes.

Tri-Captians Michael Spirito, Curtis Cooper, and George Schmidt showed immense leadership qualities, often remaining positive so that the team wouldn't quit.

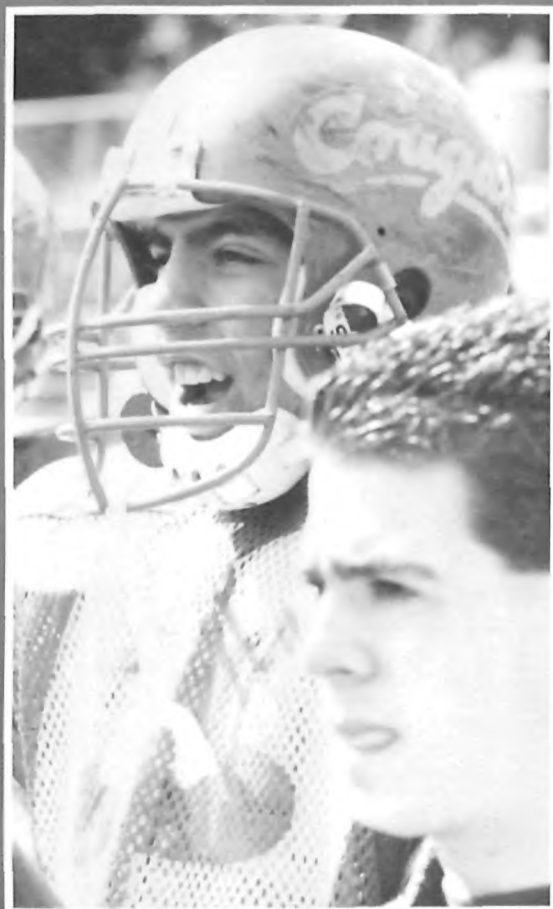

Throughout the season, times were tough, but the Cougars took the challenge. If it's true that it doesn't matter if you win or lose; it's how you play the game, then the Cougars proved to be winners over and over again.

Girls' Team On The Way Up

The Girls' basketball team had an outstanding season this year, remaining in the top ten of the county for most of the season.

Under the leadership of co-captains Katrina Anderson and Kara Kiebler and senior Sharon O'Neil, the girls ended their season with a 13-12 record. Along with the seniors, juniors including Anne Degenhardt, Laurie Colarusso, Therese Spricigo, Kerrin Reilly, and Franny Litterio contributed to the team effort. Giving additional assistance were Kerry Williams, Maureen Mahoney, Nicole DeMarco and Karen Mitchell.

Coach Mellano's ability to motivate the team was a major factor in the girls' victories. This year the girls won respect in the area by capturing the title in the Christmas Tournament and qualifying for the State Tournament.

The Cranford Cougar Wrestling Team had a good 1989-1990 season. The team is proud to have fulfilled their goal of having a .500 season. The team's leadership was derived from Ben Keiser, the only senior on the team.

The Freshman and JV teams wrestled very well this season. Junior Chris Cuccolo captured the title of JV County Champ at the 119 pound weight class. The young wrestlers on these teams showed a lot of promise with some Varsity wrestling.

Wrestler Willie Carpenter, who did not wrestle the first half of the season, came back in time to win the 112 pound State Title. Other wrestlers doing well were freshman, Nick Lettieri, sophomore, Pete Scholz, and junior, Brian Lettieri.

With ten returning juniors on the varsity line-up, next year's team should have a positive edge.

This year's captains were Ben Keiser, Mike Carpenter, and Brian Lettieri. The team was coached by Ron Ferraro, Kirk Butryn, Alan Silber, and Scott Karaman.

Swimmers On The Move

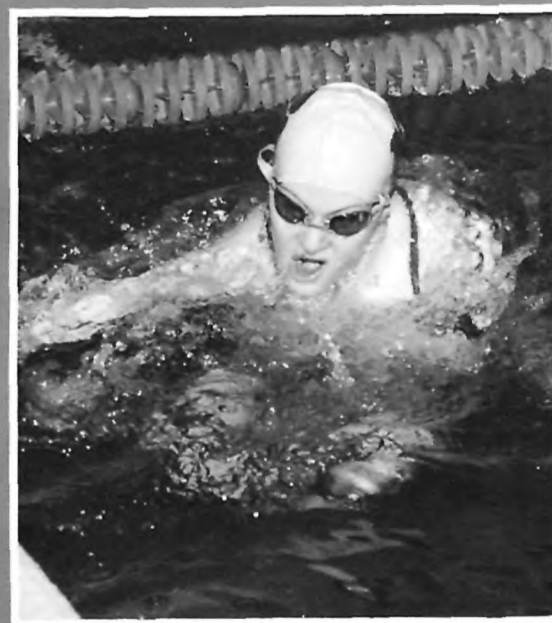

The swim team had one of its best seasons this year with a 10-5 record. The team was lead by three experienced swimmers. Steve Toy, a three year varsity swimmer, had one of his best seasons and was selected most valuable senior. Liz Walsh was a four year letter winner and someone who could be counted on when it came to the long distance swims. Jen Niemysk, a three year letter winner, gave spirit to the young Cougar team.

Two young and powerful swimmers put Cranford on the map at the County Tournament. Kim Smith, a freshman, captured gold in the 200 yard free and second in the 100 yard free. She took the two school records in the process. Kim also qualified for States.

David Hegna, a junior, placed first in the 100 yard free and second in the 200 yard free at the Counties. David bettered his standing record by three seconds. He also qualified for the States in the 100 yard and the 200 yard free.

Expect more of this winning team next year.

Championship Bowling

This year the Bowling Team's record was eight wins and four losses. Dave Gangaware broke a school, County, Conference, and State record for the highest game bowled during competition. He bowled a 299 (first in division), one pin away from a 12 strike perfect game. That was the highlight of the year. Other games bowled this year were Jason Jacobus, a 264, and Scott Heywood, a 245. High series for the team were Dave Gangaware, 672 (second in division), and Scott Hewood, 629 (sixth in division). Other people to bowl Varsity were Bryan Safflas, Todd Schecter, Dave Korba, Dan Aaron, And Dave Hofseth. The final averages for the year were Bryan Safflas-155, Hugh Chester-145, Scott Heywood-172, Jason Jacobus-170, Dave Gangaware-181 (fourth in the Division), Todd Schecter-161, Dave Korba-163, Mary Rehill-130, Dan Aaron-171, and Dave Hofseth-147. The team placed 11th in the State, 3rd in the Conference, and 1st in the County.

Winter Track

The 1989-1990 Boys' and Girls' Winter track teams had very successful seasons. With nearly 70 track members at the start of the season, Coach White and Coach Quinn had high expectations for a successful season. Although there was an unusually high number of injuries this season, both the boys' and girls' teams placed well in the big meets.

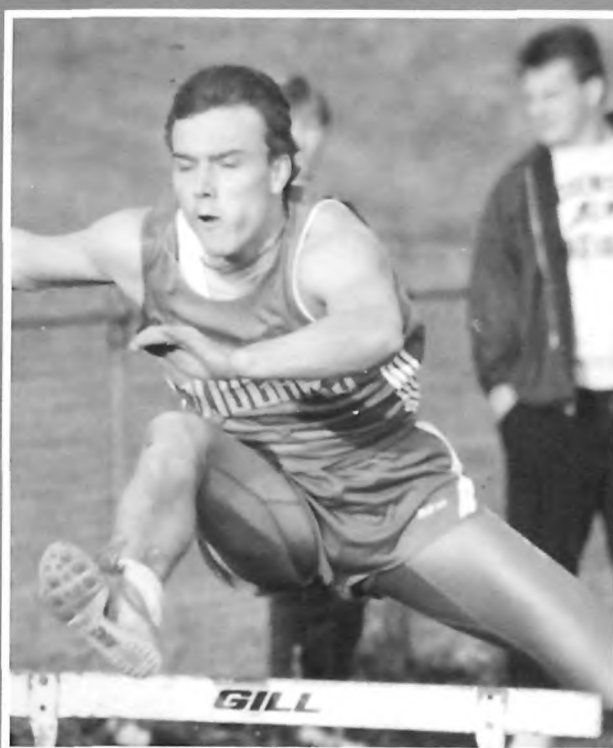

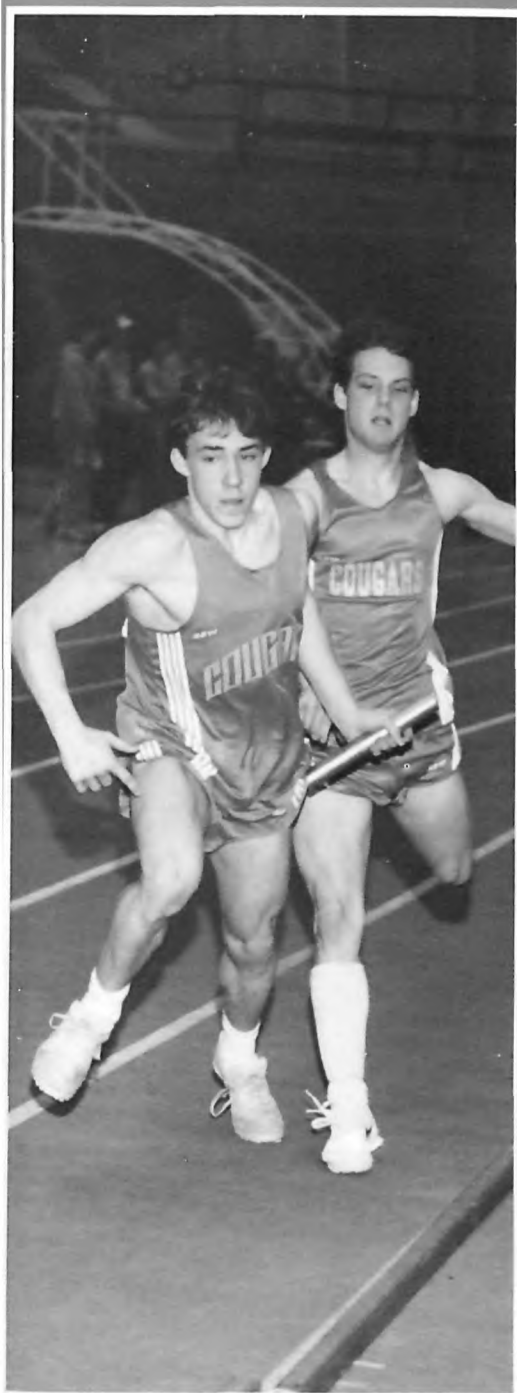

Senior boys included Doug Watson, Mike Gachko, Chris Sharo, Brian Bober, Chris Larsen, Mike Galbraith, Carl Cetera, James Lange, Mike Spirito and Mark Shiffer. Senior girls included Gail Kresko, Jen Lusardi, Kelly Burke and Chrissy Casciano.

The boys' and girls' distance Medley teams were very strong, grabbing a medal at nearly every meet. The boys' sprint Medley team was ranked at the top of the county. With such a large number of underclassmen, next year's winter track team hopes to do even better.

Elementary school: Remember nap time, snack time, show and tell, line leaders, going home for lunch, milk money, finger painting, kickball, hide and seek, keep away, boys get girls, sending Valentine's to the whole class, Cub Scouts, Brownies, class trips, birthday parties?

Junior High School: Remember having more than one teacher, changing classes, your first kiss, puppy love, wearing gymsuits, making new friends, passing notes, dissecting frogs, dances, class night?

High School: Remember the first day, being freshmen, getting lost, pep rallies, bonfires, getting carnations, going to parties, driving, being in love, cutting class, term papers, cutting lunch, getting your class ring, intercepting progress reports, football games, being able to stay out late, being on a Varsity team, P.S.A.T.'s?

When the word "senior" comes to mind, what do you think of? Well, some think of six foods classes a day and nothing to worry about. When we think of "seniors," it means hours of work on college applications and a lot of headaches. Some of us, however, seem to slack off a bit to uphold the image of "seniors." Soon there will be no morning announcements, and the days are gone by for the innocence of high school life. Every senior starts to think the word "freshman" bring hopes of what will come, but also memories of what has been — the best years at CHS.

Through the 80's we've come to the end of quite an interesting decade, one with its share of ups and downs. We can reflect upon the good times and learn from the bad. Some of us have gone through changes while at CHS, and some of the underclassmen are just beginning to change.

"Good Luck Class Of 1990"

JoAnne LaVeglio

Life's so short at times it seems
moments slip away,
But the memories we cherish
make life more special everyday.

But when that life is stolen
from people who really care,
life doesn't seem worth living; it
seems cold and unfair.

But when you realize what it means
to make life the best it can be,
to experience the finest things,
enjoy yourself, and be free.

But sometimes memories are painful;
never let go, even though we'll cry,
So we will say so long for now JoAnne,
but we will never say goodbye.
