New Nation Being Born In China

The tragedy through which the people of China are going was vividly portrayed Tuesday night at Englewood's China Relief Week meeting at the Junior High School...

But more than China's tragedy was pictured. In drama and in address the audiences saw and heard of the new China that is arising, a China based on the courage, fortitude and patience of its oldest peoples...

Two young Chinamen really stole the show. H. Hunt, who was obtained by Miss Muriel Brander, coach of the play "Drama of the West" at the eleventh hour, portrayed the part of the sick Chinese refugee so well that many in the audience were moved...

Gas Stations Are Entered; 1 Robbed

The theft of 57 cartons of popular brand cigarettes from the Texaco Gas Station on Route 4 together with a Philco Radio, and entrance of the Richfield gas station on the same thoroughfare is being investigated by Englewood police and detectives this week.

The thefts from the Texaco station were made some time between 1 a.m. and 6 a.m. yesterday morning. It was revealed by Walker Monroe of 91 Euclid avenue, Ridgefield Park, manager of the Texaco station, while according to the police an attempted break into the Richfield station had been fruitless. That attempt was calculated to have occurred between 2 a.m. and 7 a.m.

HENDRICKSON Nominate Him On May 21

ELECT HENDRICKSON IF YOU WANT LOWER TAXES NO NEW TAXES AND ELECTION REFORM

ELECT HENDRICKSON IF YOU WANT TO DEFEAT THE HAGUE-HOFFMAN COALITION IN NEW JERSEY

Here's Why!

★ Because Robert C. Hendrickson is a trained legislator and a recognized authority on State and local government.

★ Because he has demonstrated courage and leadership during his six years in the State Senate where he was chosen Republican Majority Leader in 1938 and Senate President in 1939. He also served as Acting Governor.

★ Because he stands for lower taxes, honest elections, parole reform, elimination of waste and extravagance in government, and a higher standard of appointments to the judiciary to safeguard our courts of justice.

VOTE FOR THE ORGANIZATION REPUBLICAN TICKET

Here's Why!

★ Because he has fought continuously against the sordid bipartisan combination which is challenging the integrity of our courts, our homes and our schools.

★ Because he will smash the Hague-Hoffman coalition which has made New Jersey a "politician's paradise" and has throttled free government in this State.

★ Because he is efficient, vigorous, honest and intelligent, and a loyal Republican, with a record of solid accomplishment in the interest of the people of the State.

Henry P. Van Dusen A Leading Theologian

Head of Union Theological Seminary Lives Here; Clear Thinker, He Is A Force In Presbyterian Church

By MARY T. HOMANS The firing logic of Henry Pitney Van Dusen's sermons some years ago rang in the minds and on the notebooks of several hundred students attendant at the Northfield Summer Conference. In fact, that was the power of them, their clear and urgent faith supported by factual explanations which could be taught and drilled in perfect reference and which impressed this fact on the mind in such memory as even those, one of the greatest preachers we have.

100 Boys In Indian Spectacle

A hundred students at the Englewood School for Boys will present an Indian pageant Tuesday at 8 p.m. on the school field. Authentic Indian dances and songs to the accompaniment of tom-toms will recall the days when another race of man dwelled on this continent.

Thus the spectacle opens. The second scene is the Initiation Dance in which the fathers offer their sons to the Chief as candidates for membership in the tribe as Braves. They are commanded to dance, and as they do Kachinas, masked dancers symbolic of departed gods, pounce upon them and test their courage in many painful ways.

A RECORD of FIFTY YEARS

Commercial and mortgage loans were the principal items of financial need by residents and business men of Englewood in 1890, when the formation of the Citizens National Bank gave to Englewood its first bank and to Bergen County its first Federally chartered institution. The loan services which this bank has given in the last Half Century have been a powerful contributing factor in the expansion of business and commerce in the entire district.

SERVICE—AND GROWTH WITH SERVICE

Today's loan facilities of the Citizens National Bank and Trust Company have developed with the times and are adaptable to every need of the community. Automobile loans and Personal Loans, two newcomers in the field of finance, have joined the veteran Commercial and Mortgage loans as items which receive the careful attention of our Loan Department.

J. Archie Thomson Marks 40 Years With B. and L.

J. Archie Thomson, president of the Englewood Mutual Loan and Building Association, this week completed 40 years of affiliation with the association. At the same time the United States Savings and Loan League makes the announcement that Mr. Thomson has been appointed to its committee on the Constitution. Mr. Thomson became president of the Englewood Association, one of the leading B. and L. organizations of the state, 12 years ago. Before that he had been treasurer for nearly 20 years. It was in May, 1900, that he became a director, his late father, Joseph Thomson, having been a founder and a director of the association which was established here 53 years ago.

Fight Treachery

Early in the campaign for the Republican nomination for Governor the Republican Organization of Bergen County agreed to assume a neutral attitude. However, the evidence is that at the last moment a gigantic drive with money and organized workers in behalf of Hoffman will be attempted by this Organization which has heretofore always professed to be Clean Government. As an example of this, the following is a facsimile reproduction of campaign literature distributed in the past few days by Freeholder Dickerson in his home town of Palisades Park:

HAROLD G. HOFFMAN

Two Men with the Same Record HAROLD G. HOFFMAN FOR GOVERNOR WINANT VAN WINKLE FOR STATE SENATOR BOTH MEN ARE AGAINST NEW TAXES AND BOND ISSUES.

WINANT VAN WINKLE

Since Freeholder Dickerson was placed on the Board of Freeholders last year by the County Republican Organization, largely through the efforts of Senator Van Winkle, the above card must have been issued with their approval. More of this will take place between now and Primary Day.

Therapy Items For Sale At Flower Fiesta

A spring sale of articles made in the Occupational Therapy Department of the Englewood Hospital will be held from 2 to 9 P. M. on Thursday, May 23, during the Flower Show Fiesta at the Englewood Women's Club. A number of different items will be offered including applique bibs, baby blankets, aprons, evening bags, knitting needle cases, leather wallets and belts, and door stops. All of these articles have been made by patients

in the Englewood Hospital or patients who are homebound and to whom visits are made by Miss Dorothy Deane Miller, Occupational Therapist of the Hospital. The proceeds of the sale will be used for the purchase of materials used in the department and to aid in furthering its work. Under the sponsorship of the Junior League, the Occupational Therapy Department of the Englewood Hospital renders valuable service in aiding in the recovery of patients. The therapeutic value of the work is recognized, both for its restorative power by making injured muscles and limbs function again and in its effect in improving mental conditions through activity.

The FACTS About HENDRICKSON'S INCONSISTENT TAX RECORD NEWS ITEM "Senator Robert C. Hendrickson, Republican candidate for Governor, today pledged his opposition to new taxes and bonds." FROM THE OFFICIAL STATE RECORDS 1. Hendrickson was chairman of the resolutions committee in the 1938 State Republican Convention. He wrote and voted for a plank opposing bond issues. In 1939 as a member of the State Senate he voted in favor of the \$21,000,000 bond issue now in operation. 2. In 1939 as a member of the State Commission on Tax Revision, Senator Hendrickson signed the report which called for a 3% Gross Receipts Sales Tax. 3. In 1938 he openly declared for a State Income Tax. 4. In a letter written and signed by Senator Hendrickson on July 31, 1939 the Senator said: "If you want the relief you speak of as I want it then let us get together and work out a plan to enact into law the proposals of the New Jersey Commission on Tax Law Revision." HOFFMAN'S RECORD AS GOVERNOR 1935 - 1938 1. Did not borrow a single dollar for capital or current expenses. 2. Reduced the bonded indebtedness of the State by \$28,000,000. 3. Cut the over-all costs of Government by \$40,000,000. 4. Reduced the per-capita cost of Jersey's government \$1.43 per person, the largest reduction of any State in the Union. VOTE FOR HAROLD G. Innegan Replaces Djimos At The Plaza

After setting a record for length of service as manager of the Plaza Theater in Englewood, George Djimos this week was transferred from Englewood to the Playhouse in Great Neck, Long Island. In Mr. Djimos' place comes Hugh Innegan who in like manner had established a record for length of service in Great Neck. Both men occupied their respective posts for nearly four years, building up reputations for efficient service that had created for each a niche in their communities. Mr. Djimos is known here for his efforts to cooperate with groups making better motion pictures, and for his work in the interest of children. His successor follows a similar policy and announces that he too stands ready to cooperate to the best of his ability with civic groups in Englewood. Mr. Innegan has been associated

Scouts to Patrol Interstate Park

Plans for the Interstate Park Conservative Patrol will be outlined tonight at the West Side Church House when the older boys of Troops 22, 24, 25 and 26 meet with the Sea Scout Ship Nautilus to hear plans for the assumption of the patrol duty. With headquarters at Huyler House at the Hudson river front in Alpine, it will be the duty of the Interstate Park Conservation Patrol to govern the behavior of scouters and hikers who use the river trails during the summer months especially on week-ends. Speakers at the session tonight will include Fred Knobbs, skipper of the Sea Scout Ship "Southern Cross", the regional flagship; Reuben Skouras, skipper of the Skouras Theaters for a period of 18 years. Before his assignment in Long Island he was stationed in Nyack and through that is already known to some persons in the Northern Valley.

50 Original Depositors Still At Citizens

The original signature book of the Citizens National Bank and Trust Company of Englewood, which this year is celebrating its fiftieth anniversary shows the names of exactly 50 early depositors whose accounts are still on the records, according to Edward S. Rudloff, president of the bank. These old-established checking accounts are divided between 26 individuals and 14 institutions and business concerns. The Englewood Library, of which Donald Mackay, the bank's first president, was treasurer, made its initial deposit on the opening day, September 2, 1890. Within a few days accounts were opened for the Englewood Mutual Loan and Building Association, the Englewood Club, the Field Club, the Englewood School for Boys and the Englewood Sewerage Company. Other early depositors were the Hoekensack Water Company, the Englewood Hospital Association, the Woman's Exchange, the Carol Club, the Methodist Episcopal Church, the Rockefeller Company, St. Paul's Church, Tavenner & Johnson and Z. M. Vineburg, Inc. Eight of the original accounts among individuals which are still on the books of the bank were opened in the first few months of its operation, while the "Baby" account of those listed in the original signature book is dated December 31, 1896. At the start of the bank, according to the records, there were 208 depositors whose accounts totalled \$61,738. On December 31, 1899 there were more than 13,000 accounts, totaling \$5,265,530. "It is interesting to note," says Mr. Rudloff, "that the present accounts of the Citizens National Bank and Trust Company are distributed among residents and firms located in 236 American cities and towns and in 18 cities located in 13 foreign countries." The little group of distinguished citizens who, about this time in 1890, first began discussion of the need for a local Englewood bank to serve the townspeople doubtless never dreamed that the institution of their founding would grow to have such national and international ramifications. CHILDREN ATTEND INSULATION CONVENTION

The one hundredth anniversary of the first making of mineral wool insulation is being observed by the members of the industry at a centennial convention to be held in Chicago today. It was announced by the National Mineral Wool Association. Mineral wool, the most widely used form of fireproof insulation, and the oldest modern insulation in the world, was first made in Wales, England, in 1840. It was introduced into this country in 1887. The convention, sponsored by the National Mineral Wool Association, will be attended by several members of the Johns Manville Sales Corporation, including H. G. Gooding of Summit and Alfred D. Childs of Englewood.

Was Bob Tipping Right?

When County Treasurer Robert S. Tipping of Englewood was this spring denied the right to run for the office of State Committeeman on the Organization ticket by those who "sit in judgment," he issued a statement which was printed in full in the Bergen Evening Record of March 6, 1940. That statement reveals eloquently—the reason why Assemblyman LLOYD L. SCHROEDER as a candidate for State Senator is now heading a 'Good Government' ticket in this 1940 Primary Election. Here is what Mr. Tipping said two months ago:

"It was not without long and painstaking thought that I determined to seek the office of State Committeeman. That determination was based not alone on my belief that I could perform service to the Republicans of the County, but it was dictated in large measure by the considered opinions of many people who hold my respect and that of the voters in Bergen County, that it has now become necessary that certain changes be effected in the party if we are going to continue to appeal to the rank and file of the Republicans. "I have examined the list of those persons whom the so-called Republican Organization has in the last several years elevated to prominence and have found that many of them have been against the Organization, and of the present group of 22 sitting in judgment on the rest of us, roughly the report is as follows: Eleven were against the Organization in previous campaigns, six are trying to get on the Hoffman bandwagon, while they are all supposed to be 100 per cent for the Organization candidate Hendrickson, and others are certainly dissatisfied with their lot. I understand a proposal will be made that this year the Organization will stalwartly be pledged to be for whatever gubernatorial candidate they may desire, again illustrating the effectiveness of expedient policy. "It is right and proper that every one should have healthy, natural political ambitions and the purpose of our direct primary laws, and our election laws in general is to insure that the fulfillment of these ambitions shall be limited only by a man's ability honestly to achieve such success. "Therefore, I have determined that much as I dislike the stirring up of grievances and the possible rupturing of political friendships I cannot break faith either with those of my friends who have insisted that I seek this office, nor with the large body of Republicans to whom my or a similar candidacy offers the opportunity to regain control of their own political destinies. My associates and myself have carefully considered the step I have taken and the further steps that we intend to take and find that our political consciences require us to continue even at the possible loss of partisan favor. We have determined that in order squarely to place the issue that we have raised before the voting public and to afford a remedy therefore, my candidacy shall be accompanied by the candidacies of various others for County and State offices. Nor do we feel that we are rebelling against the decision of any properly constituted organization leadership in taking this step."

If you agree with Mr. Tipping—there is only one answer—
VOTE ON MAY 21st FOR
LLOYD L. SCHROEDER

"From Man To Man"

By DUBOIS MORRIS, Jr.

(Editor's note: For the next few weeks, while Mr. Morris will be away, he has asked an anonymous guest columnist to write in his place. This week the author is a newspaperman who has been on the West Coast since last June.)

I have just swung across the continent after seven months on the West Coast. America's last frontier is still a vigorous section of the land, with pioneer blood in the veins of its folk. The kind of thinking they're doing is this, in the words of a judge: "The old pioneers had to clear a way through the tangle of the forests. The new pioneers must clear up the tangle of human relationships."

With the headlines humming with hate and conflict, far-seeing citizens on that Coast of sunshine and gardens are making their cities sanctuaries into laboratories for producing an answer to conflict. They reckon it's like fighting, say, tuberculosis. You've got to find a serum to combat the disease. It's the same with conflict in human relationships. You've got to produce a moral and spiritual serum which can be injected into the people and the situation and so bring healing.

Out on the Coast, fronting a major conflict in the Orient and watching uneasily the gathering storm in Europe, which may set the world ablaze, honest common-sense individuals see that the Coast too has its belligerents. There is war on the waterfront, war between rival unions, war in city councils and politics, war in the home.

But being pioneer hard-headed folk they don't all of them just sit down and say: "Isn't it too bad? We're suffering from the same disease as the rest of the world and there's nothing to be done about it." Some of them are not content to remain part of the world's disease. They want to be part of the cure. They see that the Coast can be a laboratory for America and the world in producing that moral and spiritual serum which will cure the disease of conflict, whether within a country or between countries.

A friend of mine, who is a publisher, for instance, is cut to the bone by a newspaper war that's going on in his city. He says the papers are ruining their reputation with the public and the spirit of their city through this "war." His paper, in a full page editorial, took its first steps by publicly apologizing for its past mistakes and offered its hand to its rivals to help build a better city and better citizens.

Further south on the waterfront a union leader and an employer both discovered through getting a "shot in the heart" of this Moral Re-Armament spirit that they were "pig-headed" kind of guys and went and said so to each other. So honest apology once again led to honest peace.

Many a home in San Francisco and up and down the coast has worked out a lasting peace pact at the breakfast table and lessened the losses caused to the nation by war in the home. Homes are becoming power stations for the rebuilding of national character.

All these experiments in producing an answer to conflict for export to the world will be put on the market on the Second Anniversary of the launching of MRA, Moral Re-Armament. The City County of San Francisco has declared June 1 to 7 "Moral Re-Armament Week for National Unity". World broadcasts will be given over short wave radio from the World's Fair in San Francisco Bay. Special days will be devoted to industry, home and community, and civic affairs.

Angered, Judge Charges A Frame-up

Accusing the defendant of "a deliberate frame-up" to pervert the ends of justice, Judge LeRoy B. Huckin in Englewood Police Court Monday afternoon found John A. Murphy of 620 West 189th street, New York City, guilty of drunken driving and fined him \$200 and costs of court.

Murphy pleaded "not guilty" in court and stated that he was not driving the car at the time of arrest. Shortly after noon on Monday, May 6, his car crashed into the rear of a car owned and operated by Bruce L. Cardoso of 256 Tryon avenue, Englewood, which had stopped for a red light at Englewood avenue and South Van Brunt street.

Cardoso got out of his car and found two men standing at the rear of his vehicle inspecting the damage. When Patrolman George Times, on school traffic duty in front of Lincoln School arrived at the scene, Cardoso pressed charges against Murphy and insisted upon a doctor's examination. The man was found to be drunk by Dr. John H. Irwin, Englewood city physician.

No Witnesses

In the Police Court Monday afternoon, Murphy had proved to his own satisfaction that there were no witnesses to his driving the car and stated that he had not been cooperative in Dr. Irwin's examinations. He said he revealed nothing because he didn't want to incriminate his companion, George Martin, also of New York, who did not have a driving license and was the actual driver of the car.

When Judge Huckin produced a statement signed by Martin at the time of the accident in which he stated that "Murphy had been driving, that he didn't know how to drive and possessed no license," the man swore in court that the statement was a deliberate lie. It was then that Judge Huckin released the witness, and found Murphy guilty of "the deliberate frame-up."

"Bums" Blame It On The Weather

"The weather was too cold," the "Bums" said when they got back to Englewood Sunday afternoon, each member donating to the family larder a Smithfield ham in lieu of the fresh fish that had been expected. "A late winter and a cold one is what they're having in Virginia and the fish aren't biting."

Members of the Englewood Bums Club, 10 strong, drove down to Wachapreague, on Delmar Peninsula, Virginia last week-end for the fishing, the results, as far as fish were concerned being very scanty. They apparently had not warmed up to the idea of biting the books.

Lack of piscatorial opportunity did not spoil the trip, however, and the group arranged a barn dance Saturday night at the Wachapreague Town Hall, with Charles Keith as the mainstay of the orchestra. Charles had his drums along in case the fish didn't run.

Those who attended the party were: Irving S. Reeve, LeRoy B. Huckin, J. Laurens Elmore, Walter Seufert, Captain John Sharp, Edward Moriarty, William A. Oliver, Charles Veth, Solomon Goldman and Joseph Burlington.

Army-Navy Club Meeting Monday

The quarterly joint meeting of the Army and Navy Club of Englewood and its Auxiliary will be held at Veterans Hall in West street next Monday night at 8 o'clock.

This meeting has been announced as definitely not a business session, and a program of entertainment, dancing and refreshments has been arranged by the committee which includes Sue Ferrone, Josephine Oddo, Louis Canonico and Dominick J. Marsar.

Reservations for the dinner in honor of Dominick J. Marsar, president of the club, must be made before Friday, May 24, it is announced. Cooperation in the Memorial Day services has been pledged by the club, the Club Band, auxiliary and membership to assemble in West street early Monday, May 30, from 8 to 8:45 a.m. and march to the War Monument in a body.

A carnival is being planned by the club, to take place from June 10 to 15. Further announcements will be made as committees are formed and functioning.

S.P.C.A. PET COLUMN

Still the Rodeo

In spite of all the opposition of the humane societies to what is known as the Wild West show or the rodeo, these exhibitions still continue not only through the West but annually visit the East. Regret as one may the fatal accidents that occur to the human participants in these performances, little can be said because of their own free will they take their chances in riding dangerous horses and steers. With an editorial from the Worcester Telegram of October 18, which concludes as follows, we heartily agree:

In a country which rules out the gory sport of bull-fighting as inhumane and cruel to the animals, the acceptance of the rodeo is considered by many persons as somewhat inconsistent. Let the rodeo flourish year by year. The lure of championship prizes and large cash awards bring in the requisite number of recruits for the performances, and the prospect of life-and-death risks taken never fails to attract paying crowds. Despite the number of fatalities, it may be assumed that the shows will go on until such time as the public sickens of the brutality and withholds patronage.

We have at Rockleigh High Knoff Kennels, Closter 1104, the following dogs:

Several wire haired terriers, part Scotties, part setters; locally all black, part Newfoundland; black and white part chow, collie; black and white part collie; something that looks like an Irish Wolfhound but isn't! Good fellow though.

Organization Urges Care In Voting

Extreme care in marking their ballots at the polls Tuesday urged upon Republican voters today by Frederick E. Rieger, campaign manager.

"The 'X' must appear after the name of the Organization Republican candidate, not in front of it as on the old paper ballot," Mr. Rieger admonished.

"Due to the long list of candidates this year the Republican primary ballot is spread over three columns," Rieger continued, "and although most of the Organization Republican candidates will be found in the second column some are also in the other columns."

"This year more than ever before extreme care must be exercised in the marking of the Organization Republican ballot," Rieger said. "Voters are to be warned in this that desperate attempts to register leadership of our party in Bergen County. An good citizen we must not only be prepared to register our own name, but also to register the name of our party."

"Jimmy" Merton, County Clerk and head of the County Republican Executive Committee, has passed the message of care to voters. He said that the voters should be careful to mark their ballots correctly. He said that the voters should be careful to mark their ballots correctly.

Hackensack's Main street was the King's Highway when Captain John Davy gave two and three quarters to the church in the churchyard of St. Peter's Church. Only a small lot of those plots remain to be acquired as a last resting place in this hallowed and historic ground.

Assemblywoman Mary MacG. Smith went on the war path when a member of the election board told her she would be aligned on the voting machines in the "Chandler Column." Because the organization ticket for the assembly state drew first place in the present round-up, that was a statement of fact, if those running independent in the first column in the "Chandler Column" as officially remarked. It was almost a hair pulling match. Tongues are wagging among the women Republican leaders and telephones are kept hot.

The tumult and speaking, the press notices and the prophecies will be all over for the Republicans by this time next week. The job for the leaders will be to patch up the differences and get ready for the real contest in the fall.

Americans! Plan to cast your vote in the Primary next Tuesday. The poll is open from 8 a.m. to 5 p.m. It is a good citizen's duty to vote. It is a good citizen's duty to vote.

More Than 1,500 Calls To Date

Lloyd V. Schroeder, Good Government candidate for the State Senate nomination, has estimated he has made more than 1,500 personal telephone calls during the past two months in an intensive phone campaign in Bergen County. Here he is shown with his secretary, Florence Gosport, who contacts the voters while Assemblyman Schroeder is busy on another wire.

cording to Albert A. New Howard Johnson Restaurant Attracts A Large Following

A corner of New England has been transplanted to that section of Route 4 that winds down off the hill from George Washington Bridge Plaza just beyond the Englewood line in Fort Lee.

It's a new Howard Johnson's ice cream shop and restaurant that opened this week in the new colonial brick building erected for J. C. P. Owen, who came down from Providence, R. I., about a year ago to establish another link in this fast growing chain. Hundreds of persons have already patronized the place.

Mr. Owen, who employs between 66 and 70 persons, remarked on the fine reception that has been accorded the new restaurant. Fort Lee officials welcomed him, because the erection of the new building meant added prestige and stability for the cliffs community. Bergen County labor welcomed him because the new restaurant meant employment for those in the building industry and jobs for the persons needed to fill its large operating personnel when it was opened.

And Bergen County residents who have become acquainted with the Howard Johnson's service on vacation trips through New England welcomed the thought of obtaining the same food at a Johnson's restaurant here at home.

500 Feet on Highway
The Fort Lee Johnson's building is one of the finest in the entire system. Designed by Joseph Morgan, Johnson's architect at Wollaston, Mass., it stands two stories high with a complete basement. It measures 60 feet wide and 60 feet long on a plot of ground that extends 500 feet along the highway.

The restaurant can accommodate 200 persons. The dining room proper is done in maple furniture with tinted walls. A wing becomes the cocktail lounge, where the decorations are sea green and deep cherry, and from a large dome hangs an imported blue outglass chandelier, one of the last to be brought out of Venice. Six wall chandeliers are harmonious.

The seats here are cushioned in yellow leather, and the semi-circular bar and table tops are made of the new formica board. The large kitchen includes washing machines for glass and silver and numerous electrical devices. Also on the main floor is the dairy bar.

In the basement are the men's and women's toilets, a women's powder room and large rooms for storage of supplies. The furnace and 30-ton air-condition system are here, too, and a battery of air compressors provides the refrigeration for the numerous ice and cold storage boxes on the main floor.

On the second floor is the bakery where all the pastry, pies and cakes will be made. Here, too, is the office, and locker and toilet rooms for the men and women employees.

Tipping Thanks Freeholders For Railroad Aid

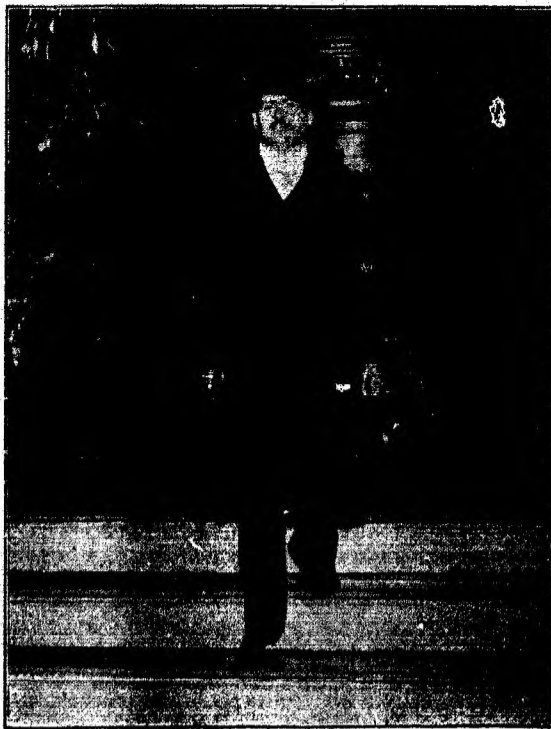

Robert S. Tipping, former mayor of Englewood, county treasurer and chairman of the organization of citizens to solve the transportation problem of the Northern Valley, thanked the Freeholders last week for sending Director A. Theodore Holmes and Freeholder Alexander Allan to the Federal Court, Cleveland, April 28.

He assured the Freeholders that the presence of the two Freeholders was effective in their impression on the court that Bergen County and the various municipalities are serious in their efforts to preserve railroad transportation for the Northern Valley. He did not inform the Freeholders of any new or favorable developments on the subject.

The Freeholders had only routine business before them. Miss Velma Billy, Garfield, was appointed compiling clerk in the County Treasurer's office for three months, beginning May 1, at an annual salary of \$900.

Judge James S. Ely informed the Freeholders of his ruling, in accordance with statute, that would increase the annual salary of Joseph Policastro to \$3,000 in the second Judicial District Court. County Physician R. Gilady reported for April, 14 deaths from natural causes, ten suicides, one drowning, probably suicide, six from automobile accidents, one from accidental fall, one from chronic alcoholism, one starvation, one accidental suffocation.

WOULD YOU ENCOURAGE A CHANGE IN THE AMERICAN FORM OF GOVERNMENT?

Are we Americans too sure of our Democracy? Are we too complacent about what is going on all around us? Have we become too used to the American form of government?

Are we too sure that what has happened in foreign countries cannot happen here? Have we taken it for granted that a decade from now America will still be a government of the people, by the people, for the people? But will it be?

Communists and other alien forces in this country are not counting upon their own efforts to upset the American form of government. They count upon the growing army of indifferent, apathetic American-born men and women to help them bring about a Dictatorship. How? Here are the appalling facts!

IN NEW JERSEY ALONE approximately 600,000 men and women no longer "bother to vote"

at a general election. On Primary Election Day over a million American citizens in this state would rather go to a movie or play a game of golf than do their part to sustain a government of, by and for the people.

No free government can long survive the continued neglect, indifference and let-the-other-fellow-do-it attitude of its citizens.

We can—we must—stop it. One decisive way to do this is to exercise our rights as citizens and vote at every election. Let us show the world that we love and appreciate our American form of government. Begin now—let every man and woman in New Jersey entitled to a vote come out and vote at the

PRIMARY ELECTION, Tuesday, May 21st Polls open 8 A. M. and close 9 P. M. (Daylight Saving Time)

On Tuesday you will vote to decide on the delegates and alternates YOU want to nominate the next President of the United States; the next Governor of New Jersey, the next State and National representatives.

Into the hands of these men you place the tremendous problems of today—Through their guidance taxes will go up or down—employment increase or decrease—YOUR INTERESTS are deeply involved in the outcome. Your country wants you to

VOTE on TUESDAY, MAY 21st

That is how you, as an American citizen, can help to keep this a government of the people, by the people, for the people.

Potter Church, Lanoka Harbor

In Ocean County, just outside the village of Lanoka Harbor, formerly Goodluck, stands a small white frame church, the home of the first Universalist Church in America. It was built about 1765 by Thomas Potter. In it the first Universalist sermon ever preached in America was delivered by the Rev. John Murray in 1770. Murray happened upon the little settlement of Goodluck when the ship on which he was sailing from England struck on the bar old Old Cran-

berry Inlet nearly opposite Toms River. Murray had formerly been a preacher, and Potter, after hearing his views, persuaded him to remain and preach at the church. The Universalists built a brick edifice on the property adjoining the original church about 1874 and the services are now held there. Thomas Potter is buried in the new graveyard of the old church. Lanoka Harbor is located on U. S. No. 9 near Forked River.

Wouldn't it be tragic if you missed it!

Sales are hitting new highs... so Buick dealers are ready to make special deals.

Buick prices begin at \$895 for Business Coupe

JUST suppose that down the street a dealer had an automobile so close to your heart's desire that it might have been made to your own specifications.

Suppose it had the room you've been wanting—the big, strapping size you'd like—the imposing style and good looks and satisfying luxury of appointment.

Suppose it had all the life and zip and action you could ask for and a big, durable, thrifty power plant that could match even fine watch-works for smoothness.

Suppose you knew that car set the standard for real modernity and value—but just assumed that it must be out of your reach because it was so obviously good!

Wouldn't it be tragic if you passed up that honey—just because you didn't inquire what the prices actually were?

Here and there that's happening, we fear. Happening because people who want Buicks aren't getting the actual facts.

Maybe you didn't know that there are five 1940 Buicks at five different price ranges.

That every one of these has a big, husky, straight-eight engine electrically balanced after assembly by Buick's own exclusive process.

That soft, stout coil springs are found on every one—that every one has recoil-mounted Knee-Action, finger-flick transmission, bona

side Buick styling—features literally counted by the dozen.

Maybe you didn't know, above all, that for Buick SPECIAL models, current prices begin as low as \$895 for the business coupe, delivered at Flint. That even when you add transportation based on rail rates, state and local taxes (if any), and optional equipment and accessories, delivered prices are the lowest ever on such value.

But all that's true. You can prove it any day by asking for a demonstration that costs nothing, and involves no obligation.

So why take a chance of missing something gorgeously great that could be yours for the trying? Do something, and do it now—go see your Buick dealer!

12 Schools In Princeton Alumni Track Meet Saturday

Englewood And Ridgewood Are Co-Favorites In Annual Track And Field Competition

Ridgewood is the defending titleholder in 28th Renewal of Bergen County Classic; Leo Fletcher Only Titleholder to Defend Title

Englewood and Ridgewood will be co-favorites to win the twenty-eighth annual interscholastic track and field meet held under the auspices of the Princeton Alumni Association at Winton J. White Stadium, Ridgewood is the defending champion while Englewood is the Northern New Jersey Interscholastic League titleholder. The competition is scheduled to get under way promptly at 1:30 p.m.

Ridgewood, powerful in the running events, will field a strong team. Coach Henry Roberts's squad is undefeated in a series of relay meets this year but appears to lack strength in the field events. Englewood's main hope rests in its ability to outscore the Garden Spoters in the discus, shot put and high jump. Cliffside Park, Ridgewood Park, Tenafly, Teaneck and Leonia are expected to come through with individual champions but stand little chance of winning the meet title.

The Princeton Alumni Association will make an important change in its schedule of events. The javelin throw, long a fixture in the list of events, has been eliminated and this will undoubtedly prove to be an aid to Ridgewood. Another change will be in the awarding of a permanent trophy to the team winning the championship. In past years it was necessary for a school to win the championship three times before gaining permanent possession of the attractive cup awarded by the Princeton Alumni Association. Ridgewood retired the old trophy last year and it was decided to put up a new trophy each year. This will not take any of the competitive spirit from the meet as a victory in the Princeton meet is tantamount to be recognized as Bergen County track champion.

Twelve schools are again entered in the meet. In addition to Englewood, Ridgewood, Cliffside Park, Ridgefield Park, Tenafly, Teaneck and Leonia, Rutherford, Dumont, Hasbrouck Heights, Hackensack and East Rutherford have also listed entries. Approximately 165 boys will compete Saturday afternoon. Englewood, with 26 entries, boasts of the largest squad, while Ridgewood has sent in 19 names. Dumont, with four entries, brings up at the bottom of the list.

Leo Fletcher, Leonia's speedy sprinter, is the only defending champion who will be on hand. The Leonia sprinter set a new mark in the 100-yard dash last year outdistancing a class by 10 seconds to smash the record held jointly by Sam Maniack of Hasbrouck Heights and Howard Horne of Englewood. While Fletcher will again be the choice to triumph, he will receive considerable competition from Ed Toomer of Englewood, Rutherford's Woolford, Teaneck's Dumlap, who has been timed in 10.1, Ridgewood's Kirkland and Tenafly's Saunders. This race promises to be one of the best of the afternoon.

Ridgewood has lost Bob Koehler, its husky sprinter, through graduation. Koehler is the only boy to hold two meet records, having set a mark of 50.1 seconds for the 440-yard dash in 1932 and a new record of 23.8 seconds for the 100-yard dash last year. However, Ridgewood will have several 100-yard capable of taking his place as a point winner.

Englewood's main strength will be in the 120-yard low hurdles where Whitey Head is the favorite and Carl Knuss and Jack Irwin are expected to place; the 100-yard dash, 800-yard run, broad jump, mile, high jump, discus and shot put. The Maroon Raiders are especially lacking in point-getters in the 440-yard dash, 220-yard dash, pole-vault and the relay.

Willard Atkinson, who gained a tie for third place in the pole vault last year, was looked upon as a favorite in this event but he put a muscle in his leg several weeks ago and will be out for the remainder of the season. Englewood hopes in this event will rest with Ken Marzelli, an amateur of note.

Blackwell Favored
Captains Lou Blackwell is a bet to win the title in the discus and shot put more than Bill Lutz that is negligible. Lutz had a tattered discus last season, so Blackwell placed second in both discus and shot put. The Maroon leader is undefeated in both events and should continue his streak. It is unlikely that he will create new records, however, as Pete Leuchs' discus mark of 129 feet, 4 inches, and Jim Hands' shot of 47 feet, 4 inches in the shot put, are expected to stand for some time.

Englewood's other cure was Norman Conklin in the jump and Whitey Head in the yard low hurdles. Conklin is undefeated in his favorite event, has cleared 5 feet, 10 inches, main opposition will come from John O'Neil of Teaneck. Head expected to have the 120-yard hurdle field to himself.

It is difficult to determine probable winners in the other events because the other competitors have been inconsistent. Russ Motola of Cliffside Park is a good bet to come up with capable entries in the 440-yard dash and 800-yard run. Little is known of the individual ability of the Ridge runners because practically all their running has been done in relay races. However, the consensus of opinion is that Joe Roberts has been holding his own under wraps in preparation for today's meet.

Heinrich Best Referee
Paul T. Hunkler will be the referee while Herbert P. Carter, Tenafly is chairman of the athletic committee. The remaining fields are as follows: Starting Gate; timers, Charles V. Clark, Elmer H. Higgins, C. W. Betty, custodians of prizes, Philip H. John C. Kerr, clerk of the meet; George C. Tennant, Jr., has judge, Thomas B. Kerr, has judge, Robert W. MacMillan, announcer, Robert H. Scholl, time, O. Blake Wilcox, the judges, Derrick Betts, Ray Brown, James Clarendon, St. George C. Hart, George P. Searles, field judge, E. W. Ford, Royal W. Drew, W. Two Errors Give St. Cecilia 4-3 Triumph

Taking advantage of two Holy Trinity errors in the seventh inning, St. Cecilia came through to score a hard-earned 4-3 victory over the Hackensack team Tuesday at Mackay Park. John Moon tallied the winning run when he reached first safely on Walsh's error and completed the circuit on Hordyck's wild throw past first base. As the catcher's throw to first bounced along the right field foul line, Moon raced all the way home to beat Schroeder's throw to the plate.

Dave Supple, on the mound for the Saints, turned in one of the best pitched games of the season. The sophomore righthander allowed only three scattered hits and fanned 10 batters. All three Holy Trinity runs were scored as the result of errors and inept outs as Supple turned on the pressure when in trouble.

The Saints backed up Supple's outstanding performance with a fairly well-played game. Three errors were committed by the St. Cecilia nine, contributing to the Holy Trinity tallies. Coach Andy Palau's lads also collected six hits off the offerings of Nelson, Holy Trinity pitcher.

Hammer, Moon Score
Holy Trinity was the first to score in the third inning, converting a hit, two errors and a stolen base into a run. Then, the Saints rallied in its half of the third to score a pair of earned runs. Moon singled, stole second and scored on Hammer's single. Clark's single and a walk to Tom Woods loaded the bases setting the stage for Joe Diemar's single, scoring Hammer.

Hackensack tied the score in the fifth on Walsh's single, walks to Hyde and Jack Couchone and Van Wetering's infield out. The Saints again forged ahead in the same inning when Hammer doubled and rode home on Clark's one-bagger.

In the first half of the seventh, the visitors again knocked the count. McCabe singled, stole second and went to third on Clark's error. From third, the Holy Trinity second baseman scored on Pinchhitter Richards' infield roller to Woods. Then came the final frame when the Saints scored the winning run.

Hammer and Clark were the batting heroes for St. Cecilia, each leading off with a hit.

Taylor's Sport Shop Meets Connolly's Stationers Tonight

Connolly's Cabin, Debuting by Sha Tee Nook, Plays Capote's Association in Other Game

The Englewood Press Amateur Softball League will get into full swing tonight at White Stadium when the remaining two teams go into action. Taylor's Sport Shop will make its debut at North Field, meeting another new team, Johnson's Stationers. At South Field, Connolly's Cabin will return to play the Capote Association.

Next Tuesday night, Sha Tee Nook will tangle with Little's Base at North Field while the other field game will bring together Taylor's Sport Shop and the Capote Association in what should prove to be a bitter battle.

After these games, the league played fans will be able to ascertain which of the teams are the strongest in the league. All teams appear to be fairly evenly matched this year, the smaller league making for better balanced squads. Also, the fact that each team is permitted to carry 20 players on its roster enables the managers to carry more capable players.

Sha Tee Nook Wins
In the opening game Tuesday night, Sha Tee Nook scored an 11-7 victory over Connolly's Cabin in a free-hitting tussle at North Field and the Capote Association took advantage of six errors by Little's Base to chalk up a 10-5 victory.

"Red" Henry held the Capote Association to five hits but five errors by the third baseman, "Chink" Seifert, handed the winners several unearned tallies. Bob Ford paced the winners with three innings while Lou Wurm clouded a lead twice.

In the other game, Sha Tee Nook defeated Little's Base 10-5. The game was a free-hitting affair with Sha Tee Nook scoring six runs on 10 hits and Little's Base committing six errors.

DeWolfe Hurl Two-Hitter To Whitewash Blue

Bob De Wolfe continued to establish a reputation as one of Bergen County's outstanding scholastic pitchers when he set Ridgewood down with two hits in the second inning.

The victory was secured by Edgar Maroon, leading scorer in the match, who scored twice in the fourth inning.

De Wolfe was not to taste defeat this year as he pitched a shutout, giving up six hits but he was simply outpitched by the Maroon twirler.

Maroon Gets Two
Englewood got the game on ice in the very first inning, scoring two runs. Stan Wright drew a pass and Jimmy Tedesco sent him to third with a clean hit.

When Tedesco reached De Wolfe's mound, he was simply outpitched by the Maroon twirler.

Neither team was able to score until the seventh when the Raiders added another tallies, walks to Ernest Burns and Ed O'Neil and De Wolfe's single.

Woody Woyls, diminutive Englewood third baseman, was the only Englewood player to get more than one hit while Burns connected for a double. Kirkland led the game up for a short while in the seventh inning but umpire "Red" Gebhardt ordered the teams to resume play after a short respite.

Englewood Hits Hard To Defeat Cliffside, 14-6

Scoring six runs in the seventh inning, the Englewood High School baseball team clinched a free-hitting battle with Cliffside Park on Tuesday afternoon to win by a 14-6 score at the loser's diamond.

Morgan started his star hurler, Bob De Wolfe, and saw him knocked out of the box in the third inning when the home team scored three runs.

Fortunately, the Englewood boys had on their hitting clothes. The Morgan Maroon Raiders jumped on three Cliffside Park twirlers to rack up 15 hits, their greatest hitting display of the season.

Neither team was able to score until the third when the Cliff-dwellers racked up three tallies while knocking De Wolfe out of the box.

Cliffside Park came back to score twice in the last half of the fourth, bringing the score to 6-5. Undaunted, the Raiders sent two more runs across the platter in the fifth and followed it up with six in the final frame to put the game on ice.

Frank Powers led the Englewood attack with three hits, while Wright, Morrissey and De Wolfe each contributed two. Jorgensen, with two doubles and two singles, and McGrath and Ackerman with three hits apiece, passed the losses.

SPEAKING OF SPORTS

Maroon Raiders on Top

The Englewood High School baseball team is riding high. Still undefeated in eight Northern New Jersey Interscholastic League games, the Maroon Raiders share first place with the unbeaten Hackensack team and the main reason for the success of the Englewood nine has been the sound and competent coaching of Tom Morgan.

When Tom Morgan took over the coaching portfolio this spring, he was faced with the task of replacing five regulars, including Steve Bienkowski, an All-County pitcher. Only four members of Jim Kirkland's last team were due back for varsity duty and Morgan's work was apparently cut out for him.

The first move was to convert Bob De Wolfe, an All-League first baseman for two years, into a pitcher. De Wolfe, a southpaw, had never pitched a regular game but, under Morgan's expert coaching, he soon developed a good curve and a fine fast ball.

The second important move was to move Jimmy Tedesco, who had seen a little service as a shortstop last year, to second base to make room for Eddie Crum, who became eligible. Tedesco has taken to the new post and is also hitting well.

Dick Duden, a sophomore, was sent to left field and put in the cleanup spot in the batting order. He came through in fine style until injured about three weeks ago. Stan Wright, the colored basketball star, was given another outfield post while the veteran Warren Burns was sent to center field.

In his search for a No. 2 pitcher, Morgan uncovered Thornton "Sonny" Smith, who had hurried well for Abe Cohen's Junior High School club, Bob Morrissey and George Smith. Smith ranks a notch below De Wolfe but Morrissey and George Smith have also turned in well-pitched games.

Morrissey, because of his hitting, was sent to the outfield when Duden was injured but he is still available for pitching duty in the independent games. He is now on the ailing list, suffering from a severe case of shins, but is expected back momentarily. Duden is also expected to be in the lineup very shortly.

Despite the injuries incurred by Duden, Tedesco and Burns, who were out with sprained ankles, and Morrissey's illness, Morgan has kept his team in the thick of the fight. The toughest part of the season is ahead with two games scheduled with Hackensack, but De Wolfe and "Sonny" Smith will be primed for these contests and Englewood will be ready to bring the N. N. J. L. diamond title back to the Kniekerbocker Road school.

Yes sir, Morgan, in his quiet way, has done quite a job at Englewood. Jim Kirkland compiled an excellent record during his years as coach of the baseball team and the competent Tom Morgan is ready to step into the top spot in Bergen County's scholastic baseball coaching ranks.

Odds and Ends
Steve Duden will meet Patrick Edward Comiskey in Madison Square Garden June 6. Steve is the only lighter to light Comiskey and the return go should be a humdinger. Bill Patterson, former Englewood and Columbia University track captain, saw one of his records go by the boards last Saturday afternoon. Leslie MacMillan, N. Y. U.'s cinder hope, smashed Bill's six-year old half-mile mark of 1:56.1 in the eighth annual metropolitan track and field championship at Triborough Stadium. MacMillan covered the distance in 1:54.8. Heinie Reis, one-time Ridgefield Park star, gave Fordham a few points by placing third in the javelin throw. Saturday's Princeton Alumni track meet promises to be a dogfight between Englewood and Ridgewood.

Steve Duden will meet Patrick Edward Comiskey in Madison Square Garden June 6. Steve is the only lighter to light Comiskey and the return go should be a humdinger. Bill Patterson, former Englewood and Columbia University track captain, saw one of his records go by the boards last Saturday afternoon. Leslie MacMillan, N. Y. U.'s cinder hope, smashed Bill's six-year old half-mile mark of 1:56.1 in the eighth annual metropolitan track and field championship at Triborough Stadium. MacMillan covered the distance in 1:54.8. Heinie Reis, one-time Ridgefield Park star, gave Fordham a few points by placing third in the javelin throw. Saturday's Princeton Alumni track meet promises to be a dogfight between Englewood and Ridgewood.

Morgan Will Send Smith Against Scarlet; Palau Pitch Fred Schoenfelder

The Englewood High School track team battled Bloomfield tooth and nail Monday afternoon at White Stadium but a victory in the half-mile relay enabled the Essex County under stars to take out a 66-48 victory. The defeat was the first of the season for Coach Burt Smith's squad. Last Friday, the locals completed their N.N.J.L. domination by swamping Rutherford, 61-48.

Coming down the final event of the afternoon, the half-mile relay, Englewood trailed by three points. A victory in the relay would have given the Maroon Raiders another triumph but the Bloomfield quartet of Young, Marzuffi, Markowitz and Garmen outdistanced the Englewood runners to clinch the outcome of the meet.

Englewood, with Captain Lou Blackwell playing the outstanding role, chalked up five first place victories only to disappoint in the broad jump and pole vault. Blackwell, underdog of the discus and the shot put, won both events, tossing the disc 120 feet, 6 inches, and the shot 46 feet, 14 inches.

Whitely Berg, in the 200-yard hurdles; Ed Toomer, in the 100-yard dash, and Norm Conklin, in the high jump, were other first place winners for the Maroon.

The summaries:

100-yard hurdles—Won by Berg, Ed Toomer (B); third, Barrett (E).
200-yard dash—Won by Toomer (B); second, Zukoewski (B); third, Carman (E).
400-yard dash—Won by Toomer (B); second, Zukoewski (B); third, Carman (E).
800-yard dash—Won by Marzuffi (B); second, Zukoewski (B); third, Toomer (B).
1,600-yard dash—Won by Marzuffi (B); second, Zukoewski (B); third, Toomer (B).
3,200-yard dash—Won by Marzuffi (B); second, Zukoewski (B); third, Toomer (B).
5,000-yard dash—Won by Marzuffi (B); second, Zukoewski (B); third, Toomer (B).
10,000-yard dash—Won by Marzuffi (B); second, Zukoewski (B); third, Toomer (B).
20,000-yard dash—Won by Marzuffi (B); second, Zukoewski (B); third, Toomer (B).

100,000-yard dash—Won by Marzuffi (B); second, Zukoewski (B); third, Toomer (B).

Bloomfield Hands Maroon First Setback

In an effort to get back into the victory column tomorrow afternoon, Andy Palau, St. Cecilia coach, will send Fred Schoenfelder to the mound against St. Mary's of Rutherford at Mackay Park. Next Monday the Saints travel to Union City to meet St. Michael's while next Wednesday St. Joseph's will be played at Englewood Cliffs.

Schoenfelder, who has been St. Cecilia's second best pitcher to date, may be able to turn back the invaders tomorrow. The big fellow has a good fast ball and a wicked curve. He was hit hard at Ridge-wood last week but Palau thinks that he may be able to turn the trick tomorrow.

Little is known of the Rutherford Saints because they have not played many games. However, the rivalry between St. Cecilia and St. Mary's has always been a bitter one and the game may be close. This is the first time that the two schools have ever met on the diamond, mainly because St. Mary's was not in existence ten years ago when the Englewood Saints last fielded a baseball team.

Supple Against St. Mike's

The Blue and Gold will be seeking revenge in next Monday's game with St. Michael's. Earlier in the season, the Union City team tagged the Saints with a defeat and the local fans are anxious to reverse that score. Coach Palau will send star sophomore righthander, Dave Supple, against the Hudson County team. Supple has tamped in a four-hitter and a three-hitter in his last two efforts, accounting for two of St. Cecilia's victories. He now ranks as the ace of staff.

St. Michael's is expected to use Frank Lanzetta on the mound with Johnny Cox, All-State football star, behind the bat. Cox was the regular hurler for the Hudson County team until he developed an arm injury. Broderick Early, Anderson and Smith will cover the infield with Bruhl, Regan and Grogan protecting the outfield.

One of St. Cecilia's few victories this year was scored over St. Joseph's Home and the Saints should repeat next Wednesday. Two weeks ago the locals smashed out a 16-3 victory over the Englewood Cliffs boys and there is no reason to believe that St. Joe's will be any stronger.

Either Lefty George Gambon or Cy Moore will be the starting pitcher against St. Joseph's. Gambon has displayed great potentialities but lacks experience which he should be able to pick up this year. Moore has been an in-and-out-er but may be able to turn the trick against St. Joe's.

The remainder of the St. Cecilia lineup will remain the same with Fred Clark catching, Tom Woods, Joe Hunt, Walter Standish and John Moon in the infield and Warren Putter, Bill Hammar and Bob Zuberger in the outer gardens. Woods, Hammar and Putter have been the most consistent batters to date but the other bats have not been hitting well at all.

If the Saints can come through to victory in these three contests they will have a fairly good record for the season. Only three victories have been registered to date but with several games yet to be played, the Blue and Gold can still come through with a good mark.

George Smith Gives 4 Hits As Maroon Whips Saints, 8-3

Nine St. Cecilia Errors Help Englewood Gain Fifth Straight And 13 in 14 Starts

Taking advantage of nine St. Cecilia errors, Englewood High School yesterday afternoon chalked up its fifth straight victory and thirteenth in fourteen starts this season. The Maroon Raiders clinched the city championship, defeating Andy Palau's Saints, 8-3, at White Stadium.

Backing up the four-hit pitching of George Smith with eight timely hits and making the most of the nine St. Cecilia misplays and seven bases on balls by three Blue and Gold pitchers, the Maroon came from behind to win.

Smith, making his second start of the season, was off to a rocky start, giving up three runs and two hits in the first frame but he settled down and trimmed the Saints to two hits during the remainder of the contest. He also fanned eight batters while walking four.

The Saints scored all of their runs in the first inning after the first two batters had been retired. John Moon and Bill Hammar drew free passes and both men advanced a base on a wild pitch. Tom Woods laced a two-bagger to right field, scoring both runners, and a moment later scored on Joe Diemar's single.

Maroon Tim Score

Four St. Cecilia errors enabled Englewood to come back to tie the score. Lucas was safe on Hunt's bobbie and he advanced to second on a passed ball after Tedesco had fied out. Wright was retired but then the comedy of errors started. Mar-

St. Cecilia Loses To St. Agnes By 8-1 Score

Held to two hits by Loop Veloz, St. Agnes' fastball hurler, St. Cecilia was forced to accept an 8-1 defeat from the New Yorkers last Thursday afternoon at the victor's diamond. The defeat snapped the short two-game winning streak compiled by Coach Andy Palau's team.

While Veloz was giving up only two blows and fanning six batters, St. Agnes clubbed Cy Moore and his relief twirler, Lefty George Gambon, for 10 hits, including two doubles. After the first inning when the score was tied at one-all, the New York Saints went on to tally in every inning but the third.

The losers posted one run in the first frame but St. Agnes came back in its half of the same inning to tie the score and then pounded Moore at will in the second inning to score two times. Moore gave up five hits before he was relieved by Gambon, who succeeded in restringing the side. The portender went the remaining distance, giving up five hits and as many runs. Four misplays by St. Cecilia aided the St. Agnes cause.

John Moon and Bob Hemberger were the only St. Cecilia batters to hit safely while Joe Andrews led the St. Agnes attack with a double and two singles.

Right Vs. Might Says Schroeder In Statement

"The fight that the Good Government candidates are waging in this primary election is that of 'Right Against Might,' was declared today in a statement by the Good Government candidates, running by Assemblyman Lloyd L. Schroeder for county and state offices.

The candidates include Schroeder for State Senator, John Stottiers of Rutherford, Dr. Stephen Lesko of Wallington, C. Fremont Kuykendall of Leonia, and Charles M. Bogart of Cresskill, all for General Assembly; Mayor Walter G. deBera of Old Tappan and Kenneth P. Fisher of Alendale, for Freeholders; and Harold V. Kelly for Republican State Committee.

The question to be decided on May 21 is whether or not Bergen County wants the continuance of the power-politics that is now turning our county into a machine-crowded group of towns like those of Hudson County.

"Independent Republicans will not be dictated to, but the insidious

and gradual injection of the right by might in Bergen County bids fair to bring about that dictation unless something is done about it immediately.

"That is the fight the Good Government candidates are waging. This party dictation already has resulted in an exorbitant increase in the costs of county government—an increase that can be curbed by militant legislation and administration of public affairs.

"Because we have taken up the cudgels in the interest of Good Government—with no thought of personal gain and with no axes to grind—the so-called 'Organization' already has labeled us 'rebels' and 'insurgents.' And this because we are attempting to break the stranglehold on the party exerted by a group of self-appointed leaders who are interested, only in personal gain.

"The people of this county are gradually awakening to this pressure of party dictation. And we can only hope that these same clear-thinking Republicans who are now beginning to realize the deplorable condition into which the county is falling, will mark their ballot straight down the Good Government ticket on May 21."

Statements As Issued By Various Candidates

Holmes, Alexander Laud County

"The lowest per capita cost of government of any county its size in New Jersey is the reason why Bergen County enjoyed the biggest building boom in the State, last year," said Freeholders Samuel Alexander and A. Theodore Holmes in a statement today.

"People do not invest their hard-earned money in places where taxation and debt are putting burdens upon them which they are unable to bear," continued the two Freeholder candidates. "Bergen County, according to the latest Dodge report, had more than \$18,000,000 in new construction during 1939. This is the highest record for any county of the State.

"The reason for this low cost of government is mainly because the Freeholders foresaw what was happening early in the depression. They curtailed other expense, and directed their attention to the more vital needs of the people. Vast welfare services, including old age assistance, children's guardians, hospitalization, public health services, and many others, were gradually developed. The result is that today the system of welfare is the greatest and most humane in the east.

"Besides being successful in the pay-as-you-go program, the Freeholders have reduced the bonded debt of the county from \$12,000,000 to approximately \$8,000,000—a record that is also without a parallel in the State.

"The work is only started. Great projects lie in the future. Meadow reclamation, rapid transit, vocational schools and other vital needs are problems which concern every citizen and every office holder of the county. Studies are now being made as to the best ways to finance such huge undertakings without adding heavy burden upon those who have to pay the bill.

"Remember the slogan on Primary Day, May 21—Organization Republican—Economy—Lower Taxes. Look for the names bearing that slogan."

ST. CECILIA YOUNG PEOPLE MEET
The Young People's Club of St. Cecilia Church will meet tonight in the high school gymnasium to complete plans for the club picnic to be held on Sunday, May 19, at Lak-Tiorati, Bear Mountain Park. John Flanagan is chairman of arrangements for the picnic.
Special entertainment and dancing will be enjoyed following the business session. New members elected to the club are Marie Manning, Gertrude Schueller and Mary Massaro.

Van Winkle Out For Good Government

Supported by the New Jersey taxpayers associations, chambers of commerce, and more than 40 independent Bergen County newspapers, Senator Winant Van Winkle and his Organization Republican running mates for Assembly, Freeholders and State Committee today were confident that their campaign "to keep good government" would result in an overwhelming victory at the polls on Primary Day, Tuesday, May 21.

"The anti-Organization faction led by such discredited leaders as Ralph W. Chandlee, who was expelled from the New Jersey Senate in 1930, will once more be repudiated by the people," declared Senator Winant Van Winkle.

Van Winkle emphasized that not a single valid criticism has been made in the campaign of his long record in the New Jersey Senate. He pointed out that he has consistently voted against new taxes and bond issues and has aided the people of Bergen County nearly a quarter of a million dollars through bills he has sponsored.

"The fact that I am being supported by taxpayer units, chambers of commerce, civic leaders and more than fifty independent newspapers proves that the only opposition to my re-election comes from the personal trouble makers in the party who are making their last desperate bid to grab control of the Republican party and set up a machine. But the people don't want a return to that kind of government when Senators were expelled, Prosecutors removed and jury commissioners dismissed."

Hoffman Has Many Noted Backers

Supported by thirty-two Republican mayors, more than sixty former or present office holders, 268 lawyers and scores of leading businessmen, Harold G. Hoffman today expressed confidence that he would carry Bergen County in the Republican gubernatorial contest next Tuesday, May 21.

"Bergen County people see eye to eye with me on many governmental policies," said Hoffman. "I did not authorize a single bond to be issued when I last served as Governor and in addition I reduced the bonded indebtedness of the State by \$22,000,000. Bergen's opposition to bond issues was demonstrated at the last General Election. Bergen is known throughout the State for its demands for economy in our State government. The fact that I cut the over-all costs of State government by \$40,000,000 from 1935 to 1938 again proves that our views coincide.

"During my recent visits to Bergen County, I heard a great deal about the serious transportation problem facing the people of the Northern, Hackensack, and Passaic Valleys. I have studied the situation sufficiently to realize that the partial construction of Routes No. 100, and the construction of Routes No. 85 and 101 with a shuttle bus service to New York over all of the Port Authority facilities, and a complete unification of all transportation in that area will be a large measure toward solving this serious problem.
"I am going to do everything within my power to bring about a solution within the near future."

205 Achieve Drivers Licenses

Out of 227 applicants for driving licenses at the Englewood City Building during the month of April a total of 205 were awarded their cards, according to information released by J. J. Fitzpatrick, local motor vehicle officer in charge of the examinations.

The number was almost evenly divided between the two days when the bureau was open at the Municipal Building, with 114 applicants on April 9 and 123 applicants on April 23.

Eighty-eight men received their licenses on April 9, and 12 women as compared with 66 men and 27 women for April 23, revealing a total of 102 for the first date and 103 for the second.

Of those who passed the tests successfully, there were 12 licenses conditional upon use of eye glasses on April 9 and 14 conditional licenses on the later date.

Hendrickson Says This Is A Crisis Year

Robert C. Hendrickson, Republican Clean-Government candidate for governor, foe of Harold G. Hoffman, states today that this is a year of crisis in America. "New Jersey may decide the election of a Republican President of the United States. This is no year, in my opinion, to go into a vital Presidential campaign with our party in New Jersey led by my opponent, Harold G. Hoffman, whose record shows that he is loyal only to himself, his personal machine and to his ally Hague, the Democratic State leader.

"The record shows that we have no two-party system in New Jersey. While our citizens vote Republican by overwhelming majorities, our party does not function as a single entity. It is an appendage to a sinister Democratic State organization, ruled by the Jersey City gang that controls state government through the subservience of a small group of selfish Hague Republicans.

"While these Hague Republicans receive their mandate from Republican voters, they work with Democratic Hague because they have found this politically profitable. The leader of this group is Harold Hoffman. He is the working Republican head of the Hague-Hoffman combination. This combination scuttles election reform, packs our courts with political appointees, and threatens the integrity of our judiciary, our homes, our schools, and democratic processes of government.

"This combine constitutes a definite threat to popular government. Hague is its boss, Hoffman its high priest. They work together. Between them, the taxpayer is helpless. They control legislation, state departments, government.

I ask New Jersey Republicans whether Hoffman, who publicly defends Hague's methods and who obviously is out to build a personal machine along the lines of the notorious Long and Pendergast organizations, is the man to whom we should entrust the leadership of the Republican party in this Presidential year.

"Now, let's examine Hoffman's record as Governor from 1935 to 1937. He promised no new taxes, no horsetrading with Hague. We believed him and elected him. What happened then?

"He broke his pledges against new taxes. He sponsored sales, income and business taxes, to raise \$40,000,000 annually. These taxes were not needed, but Hoffman wanted them so he could put more henchmen on the payroll. His aim was to build a superpolitical machine.

"The Republican party refused to support his tax. He then rigged his deal with Hague, who supplied the necessary vote. Some Republicans went blindly along, too. Almost immediately after the sales tax passed, several legislators who had supported Hoffman's tax were appointed to our highest courts."

Omens for Hendrickson
The powerful support of Representative Frank C. Omers Jr. of Ninth New Jersey District was thrown into the Bergen County campaign on behalf of Robert C. Hendrickson for the Republican nomination for Governor today. Congressman Omers endorsed Hendrickson at the annual candidates' meeting of the Bergen County Women's Republican Club at Hackensack yesterday.

Addition of Omers to the list of Hendrickson supporters in Bergen gives this formidable array of voters' backs to him in the county: Mrs. Edna B. Conklin, state and national committee woman; Senator Winant Van Winkle, Assemblyman Walter J. Freund, Assembly Candidates Harry L. Towe, and Freeholder Dr. Charles B. Bleasby. All of them have demonstrated their ability to produce votes while running for public office.

The Reasons Why You Should Become A Member Of The Improved Order Of Red Men

- 1-It is one of the largest American Fraternities.
- 2-It preserves American traditions.
- 3-It admits only AMERICAN CITIZENS.
- 4-It requires you to take no obligation that will interfere with your RELIGIOUS or POLITICAL belief.
- 5-Its ceremonies are original, dramatic, historical and interesting.
- 6-It is original, patriotic and charitable.
- 7-It is humanitarian, educational, beneficial and social.
- 8-It eliminates class distinction and brings its members into closest bonds of fraternal co-operation.
- 9-It numbers in its membership the President of the United States, ex-Presidents, U. S. Senators, Congressmen, Governors, Judges, Army and Navy Officers and men, bankers, lawyers, clergymen, mechanics, clerks, salesmen, and all other classes of self-supporting and respectable citizens.
- 10-It is good enough for ANY AMERICAN, NO AMERICAN IS TOO GOOD FOR IT.
- 12-No candidate is subjected to any discourteous treatment or to any indignity whatsoever.

AMERICAN CITIZENS ARE SEEKING MEMBERSHIP IN AN AMERICAN FRATERNITY AND IT RESTS WITH ALL GOOD AMERICANS TO JOIN TENAPE TRIBE NO. 289 IMPROVED ORDER OF RED MEN
We Seek To Unite Good-Feeling, Liberty-Loving Americans; To Teach No Other 'ism' But Americanism

BECAUSE LaSalle alone in its field is built by Cadillac, you cannot expect to find its equal for performance and economy—nor can you find another car as uniformly fine as LaSalle's low price. It can't be done. Only Cadillac engineering could produce such superlative results. See LaSalle first. You'll find there's no use looking further!
