Expansion Plans Not Yet Ready For Unveiling

ENGLEWOOD—Pending further study by the Board of Education, the Common Council and the Board of School Estimate, the long-range school expansion program will not be made public. The Board of Education told questioning residents in attendance at Monday's meeting that they have no intention of keeping residents in the dark, and would make public its plans as soon as possible.

Board of Education President John H. Perry indicated that the School Board has gone as far as it can for the present, and did not know how long it would take before the plan could be released. Mr. Perry said, "We are now at the point of awaiting the Council's pleasure."

Mr. Perry did give some indication of what the expansion program would entail when he acknowledged that the fact sheet compiled by the Liberty School P.T.A. was essentially correct in its evaluation of the program.

The P.T.A.'s Educational Needs Committee said the expansion program would include the addition of classrooms to Dwight Morrow High School, the closing of Central and Liberty Schools and more classrooms for Cleveland, Quarles and Roosevelt schools.

"I see some elements of our thinking in the plan, but they are not yet in final form," Mr. Perry said, when shown a copy of the fact sheet.

The Edgewater-Creech property on Central ave. was still considered by the Board to be the best site available for expansion even though it has been sold to a private developer. The Planning Board has already approved the use of the site for private development but the School Board's attorney still feels the property is obtainable for school use. "The Council can still reject the Planning Board's recommendation," he said.

6-Town School Parley Slated On Visual Art

ENGLEWOOD — A conference on visual art was scheduled to be held by Interchange, the Council of Independent and Public Schools in the Englewood area, today (Thursday) at Elisabeth Morrow School. More than 100 faculty members are expected to attend from Dwight School, the Englewood School for Boys and Elisabeth Morrow, the three private schools on the council, and from the public schools of Tenafly, Teaneck, Bergenfield, Leonia, Englewood and Englewood Cliffs.

Bartlett Hayes, chairman of the department of Phillips Andover Academy, Andover, Mass., will be the principal speaker. The meeting was to start at 4 p.m. and will be broken up into discussion groups before the dinner portion of the meeting. After dinner, the discussion group leaders will make reports.

This will mark the third conference held by Interchange. Previous sessions were devoted to English and social studies.

Interchange was formed to enlist the cooperative talents and efforts of the Three School Development Foundation, which includes the three private schools in Englewood, with those of the nearby public schools. State Holds Off Approval Change Back To 2-Way

ENGLEWOOD—A rush of activity on the part of City officials and workmen to prepare for return of two-way traffic on three main thoroughfares presently one-way came to a sudden standstill Wednesday when word was received from the State Motor Vehicle Department that it was "not prepared at this time" to approve the change.

The Mayor, City Solicitor William V. Breslin and others conferred immediately after receipt of the communication from Trenton, after which this brief statement was issued:

"Mayor Francis J. Donovan announced today that the State Motor Vehicle Department has advised the Englewood City Solicitor that the Motor Vehicle Department is not prepared at this time to approve the recent repeal of the one-way traffic ordinance.

"The City Solicitor has taken the position that the Motor Vehicle Department has no jurisdiction over local street traffic regulation.

State Holds Off Approval Change Back To 2-Way

The City Solicitor will attempt with the Motor Vehicle Department at the earliest possible moment.

The officials declined to elaborate on the statement. Mr. Breslin indicated that he would probably seek a joint statement with Motor Vehicle Department officials in Trenton but said he could make no further comment at this time.

The ordinance to return to two-way on Engle and Dean streets and Grand ave. was adopted by the Mayor and Council following a public hearing on Sept. 17. Formal approval was necessary from both the State and County but this had been regarded as little more than a formality.

City officials, department heads and workmen had been busy making preparations for the change-over, with a target date tentatively set for a Sunday in November; a day when traffic is lightest.

Case Attends Local Party To Back Shanley

TENAFLY — Senator Clifford P. Case was a surprise guest at a pre-election garden party held at the home of Mr. and Mrs. Milton Piroff in Tenafly last Sunday. Over 100 residents of the Northern Valley area attended the meeting to advance the candidacy of Bernard M. Shanley for Senator.

Sen. Case urged support of all present for Mr. Shanley's candidacy.

Congressman Frank C. Osmer, Jr. attacked the present administration on two basic grounds; what he termed its "failure to face the issues" and its "policy, particularly in the area of 'wheeler-dealers' to prosecute the domestic economic scene."

Mr. Case urged support of the Republican ticket from "top to bottom."

Candidate Shanley, just finished with a strong attack on what he called the "no-win" policy of the Johnson government on television with respect to the war in Vietnam, urged support for the Republican ticket in November. He presented his qualifications for office and urged voters to consider his debates with his opponent.

Tenafly councilman candidates Calvin MacCracken and Charles L. Gray introduced themselves. Sheriff Martin Ferber urged support of the Freeholder candidates. The remainder of the afternoon was spent in discussion between the gathering and the candidates.

The Rains Came; Reservoirs Gain 2 Billion Gallons

Tuesday brought the rains, which ordinarily would be as noteworthy as youngsters who didn't wash behind their ears.

After the prolonged drought, which lasted more than two months, the more-than-an-inch rain which fell in Bergen County has eased the fire danger in wooded areas along the Palisades in northern Bergen County.

George Buck, president of Hackensack Water Co., said the rain would add about two billion gallons of water to their Bergen and Rockland County reservoirs. Before the rain the reservoirs were at 35 to 45 per cent of capacity, not an alarming low level for this time of year, Mr. Buck added.

The rain was a welcome relief to residents who have increased their use of water in recent weeks to sprinkle parched lawns. Water usage now will be somewhat lessened, thanks to the rains.

O'Connell Asks Many Questions To Learn Third Ward's Opinions

ENGLEWOOD — "How would you vote on such matters as Urban Renewal, busing children to school at taxpayers' expense, building more elementary schools, more bus shelters, a library, more downtown parking areas..." asks Edmund Pat O'Connell, Republican candidate for Third Ward Councilman in a broadside questionnaire.

The questionnaire, submitted to all voters in the Third Ward last week, covers a wide range of subjects which Mr. O'Connell feels are of vital interest to the people of his ward and the city-at-large.

In his letter of transmittal Mr. O'Connell, a resident of the Third Ward for many years, living at 38 James st., said he is seeking the frank and honest opinions of Third Ward residents as a guide to his own position on important matters. "I can assure you that if I am elected I will use your answers, opinions and comments as a guide to my conduct in office, as a guide in helping me determine what the people of the Third Ward want,

Fire Prevention Being Stressed In City Schools

ENGLEWOOD — Fire Chief Francis Caulfield, in cooperation with the Board of Education, will bring to homes the message of fire prevention during Fire Prevention Week, Oct. 4 to 11.

The fourth and fifth graders at Roosevelt, Liberty, Cleveland and Donald Quarles schools will receive a comic book and other pamphlets reminding parents of the dangers and fire hazards in the home.

More persons die in fires in the United States than in any other single type of accident. More than one-half of the deaths resulting from fire occur in the home and 50 per cent of the fatalities are among children. Some 6,000 persons perish in 550,000 U.S. home fires annually, according to the National Board of Fire Underwriters.

Firemen To Speak Fire Chief Caulfield will assign firemen to the schools to speak on fire prevention to the youngsters. Parents have been requested to go over the reading material distributed to the children and follow the list of safety rules contained in the literature.

Prevention of fires is a job which the whole community should join in and keep aware of all through the year. "Fire Prevention Week should be a reminder to one and all that fire prevention is an all-year-round task."

FOR IMPROVED MEAT QUALITY — Many Englewood housewives, and their spouses who preside over the outdoor grill, prouly have had the experience of seeing the portion of meat shrivel to half their original size as the fat came oozing out as grease. The Englewood Board of Health is now doing something about that situation. Under state law, chopped meat cannot have more than 30 per cent fat content. The Health Board has acquired a fat indicator and has started using it to make periodic checks at local meat counters. Broiling a sample of meat under an electric hot plate, it oozes the fat into a test tube, on which an indicator has been set to show a 30 per cent reading. RALLY FOR THE RAIDERS — Using the slogan "Mess Teaneck" as they staged a rally before last Saturday's grid tilt, Englewood High School students pummeled the daylight out of an old car. The pep rally was a success but the game wasn't from the standpoint of the Raiders — they lost. This Saturday they take on the Bergenfield Mustangs. (Staff Photo by Russo)

ENGLEWOOD — During the summer vacation period the local public school system's maintenance department accomplished major repairs at the Engle and Cleveland schools, Dwight Morrow High School and the Winton White Stadium, according to a recapitulation made by Dr. Mark R. Chedd, superintendent of schools. Under the supervision of Fred Maniscalco, supervisor of buildings and grounds, this work was done by the 10 regular members of the department plus six part-time workers in addition to the annual painting and repairs done in each school. Six union painters were employed to help with the painting and, in one or two instances, jobs were done on a contractual basis. Two new bathrooms were prepared on the third floor of the Engle School and a new water main service line and metal covers for ventilator stalls were installed. An automatic gas water heater was put in; areas were provided for drying out uniforms. Shower and toilet rooms were re-decorated and grass seed planted on the oval. Americans, thank goodness, are generally healthy and there are not enough prescriptions to keep all drugstores going. Thus, we sell a variety of merchandise. By so doing we are able to stay open and render assistance whenever and wherever it is needed. Chest Support Helps Program For Boys

It takes a lot of doing to make a boy a Scout. Aside from each boy giving of himself, there are the continuing efforts of the volunteers who guide him, the work of the imaginative and knowledgeable program makers, and of all who contribute through the Community Chest Drive to assure the continuity of Boy Scouts — our Citizens of Tomorrow.

In Englewood alone there are six Cub Packs, seven Scout Troops and four Explorer Posts totaling some 942 members. For these boys — as for the youngsters in the 58 other Bergen County communities serviced by the North Bergen County Council of the Boy Scouts of America — there are uplifting programs geared to give the guidance, training and leadership they need as future responsible citizens.

START AT AGE 8
Cub Scouts are mostly home-oriented. So Cub Scouting takes place in the home and backyard or playground with occasional excursions. This is a program of action, achievement, health and helpfulness for boys from ages 8 to 11.

Boy Scouting is a man's life "cut down to boy size." These youngsters need more elbow room, more independence, more challenging situations. The rugged outdoors is where most boys of this age-group head, given a chance. Acquired Scouting knowledge yields them self-reliance and sound judgement, both strong factors in citizenship training.

The Explorer Scouts are tomorrow's leaders. Now, they may need all outdoors for their growth—the sea, the air, a mountain to climb. But in reality, Exploring is a state of mind and later it may turn out that a library, a lab, a shop or a ship is THE place to grow.

Allocation Of Funds
The funds contributed to the North Bergen Council are used for Scouting right here in Englewood and Bergen County. Percentage-wise, 41 per cent is for training, guidance and service for the over 6,200 volunteer leaders who bring the Scouting Program to some 23,000 boys in the 425 Scout

Purse-Snatching Trio Go To Jail; Can't Raise Bail

ENGLEWOOD — Magistrate Sheldon M. Liebowitz referred to the Grand Jury the cases of Diana Jackson of 22 West Forest ave., James Clinton Jackson and Anacleto G. Sr. The trio were charged with robbery by the police for allegedly snatching a pocketbook from a pedestrian at the intersection of Grand ave. and Garret pl.

Diana Jackson and G. Sr. were ordered to Bergen County Jail in lieu of \$500 bail and James Jackson in lieu of \$2,500.

Judge Liebowitz found Junior Lee Callis of 195 William st. guilty of assault and battery of Dorothy Foster of 304 1/2 Edwin ave., Fort Lee. Callis was fined \$50, given a suspended six-month sentence and two years probation.

The case of Henry Goodwin of 118 Hampshire st., was referred to the Grand Jury. Goodwin was charged with atrocious assault and battery and assault without battery, and is on \$1,000 bail.

In the traffic portion of the court, Melvin Sisco of 191 First st., paid a fine of \$55 for permitting an unlicensed driver to operate his car. Curtis L. Graves Jr., of 55 Piermont rd., Tenafly, was found guilty of careless driving and fined \$50.

Community Booklet Lists Service Needs

ENGLEWOOD — First Presbyterian Church is offering to the community a new booklet entitled, "The Church in the Community: Opportunities to Serve."

Although prepared by the church for its members, the booklet is designed to be of interest for a wider public; all who are concerned with the unmet human needs of the community.

"Opportunities to Serve" presents a wide variety of opportunities, of skills, needed, and of genuine human needs. Fifteen organizations, all serving residents of Englewood and nearby towns, are included from among the many voluntary organizations that render valuable service to the life of the community. They are selected for two reasons: the value of the service they render, and their critical unfulfilled need for volunteer help.

Each listing of an organization includes a general description of the kind of community service rendered. Then the types of volunteer jobs to be filled are given, with details as to the amount of time required, and special skills needed, if any. An effort is made to indicate where the help of high school youth and men are especially needed.

People of the Northern Valley towns are a group rich in the skills, experience, creativity and concern that match the needs of the 15 agencies listed. Many who read it will recognize within the pages of the booklet the place where they can best serve. All who live in the Northern Valley community will benefit from the response of those who answer this call to serve.

Copies of the booklet "Opportunities to Serve" will be sent on request to individuals or organizations. Those desiring it may call the church office, 568-7373, or send Church, Englewood.

Our grand business undoubtedly is, not to see what lies dimly at a distance, but to do what lies clearly under their jobs to be filled are given, at hand. — Thomas Carlyle

Community Chest Drives Vital To Us All

Community Chest drives that three... Englewood... campaigns in

doesn't have to pluck the heart strings with pathetic pictures and stories. The people in these towns realize that their towns are excellent because they have fine institutions and agencies—good health and welfare programs, good recreational facilities and projects, active Boy and Girl Scout troops, and social agencies that are alive and purposeful—all because they are adequately supported.

We suggest that when the Community Chest appeal is made in your town that you give as much as you can. If all of us do that we cannot fail to have good towns; and our town is where we live.

Help Wanted At the Hospital

Englewood Hospital is eating up a progrened to aiting paid with the and other me time, when onnel does come and there have been a num of applicants—the problem of ing arises.

the Nursing Department, need resonantly by the Hospital Administration, is urging all nurses who have been enjoying domesticity to come back to work. Mrs. Loew points out that nurses are vitally needed as new rooms are opening up. The need for beds has been critical, which is the main reason why the Board of Trustees has gone

all out in its effort to meet the needs of the people. But patients need nursing care plus the services of other kinds of personnel. (Englewood Hospital is a city-within-a-city and operating a city-within-a-city takes hundreds of persons that the patient never sees.)

We hope the call to service brings results. It would be a shame if the hard-fought-for new accommodations could not be used for lack of help.

And while we're about it, those who have living accommodations for nurses and other hospital personnel would be doing the cause a service and themselves as well if they would notify the hospital of the availability of rooms.

The problem of nursing shortage and the related problem of housing is serious.

Traffic Woes Still Increasing

Charles Kraus hits the nail on head when he points out that Englewood County can't keep pace with its own growth.

The dynamic county road supervisor says he is now told that the Expressway will open for traffic on or about Oct. 15. The Expressway will be a big help. It will also be difficult for Englewood, because it will dump some extra traffic on Broad avenue which won't be good for Roosevelt School. For this, of

course, the county is not to blame. Mr. Kraus himself takes note of this kind of difficulty in pointing out that Bergen needs more county highways that by-pass heavily trafficked local streets. Specifically, he cited the need for extending Knickerbocker Road south to Route 4 because it is now Knickerbocker Road merely delivers south-bound motorists in Englewood with a puzzling choice of various routes leading eventually to Route 4.

Post For Bob Williamson

It's rather nice to see Bob Williamson on the Republican County Committee.

He made an excellent try in the last election to be nominated as candidate for Councilman of the Third Ward, and since he is anxious to serve his community it would be a shame not to employ his services. Membership on the County Committee is a good beginning for anybody, for in that post one learns

a great deal about local problems. Bob Williamson already has a fine record of public service as a youth worker in Boy Scouting, church work, and baseball. He knows a great deal about recreation, parks, playgrounds, and related matters and who knows but that at some time he may want to make the try again for public office. He'll be better prepared next time.

Traffic Vote Scored

Editor, The Press-Journal

What makes politicians tick? At the public hearing on the subject of one-way streets vs. two-way traffic in Englewood, several conclusions were obvious:

- 1. The retail business interests favored two way streets and the residential community favored one way streets.
2. Statements by local merchants were in direct contradiction to the facts issued by the State Traffic Bureau...
3. The Englewood Council was obviously hiding the actual facts from the community and the audience because no mention of the above data was made by any of the councilmen.
4. The petition alluded to by Councilman Ticknor did not state that the signees were in favor of two way traffic; it merely requested a public hearing of the proposal...
5. The majority of speakers were business people. They had brought their sales clerks with them. These groups provided the claque, to applaud the merchants.

lot be purchased by the City Council for the merchants? Residents will have to pay for this facility out of proportion to the benefits we derive, when its main purpose is to provide easier access to local shops. On the other hand, sidewalks provided for the benefit of the entire community must be paid for by the local homeowner. Requests from many speakers to postpone a decision until more facts were obtained fell on deaf ears. The Council, under the leadership of Mr. Ticknor, obviously had made up its mind long before this hearing. The hearing was merely a sop to the public—an exercise in democratic form without democratic action. Now, don't these politicians realize that this year, next year or the following year, the voters will rise up in righteous wrath? How long can we tolerate abuse of power, indifference to public opinion, and disregard for safety and progress?

Hits Goldwater Record

Editor, The Press-Journal

In the area of civil rights, Senator Barry Goldwater is not as vague as he is in most other areas. In fact, he has made some very definite statements and these statements have remained consistent, a rather surprising feat for the Senator in view of his constantly shifting position. For example, he claims that his department store in Phoenix "always hired Negroes," that the first official act that he accomplished as a member of the city council was "the desegregation of the restaurant at the local airport" and that he integrated the Arizona Air National Guard.

The facts show that it is true that Goldwater's Department Store did hire Negroes, but only as menials, never as sales persons, at least not until very recently. There were two other stores in Phoenix which did have Negro sales people at that time: McDougall-Cassou Ltd. and Korriks, just across the alley from what was then down the town Goldwater's.

The facts also show that the restaurant matter came up when

Louie Jordan, the Negro band-leader, was refused service. He protested to then Mayor Hohen Poster who passed it on to acting city attorney Jack D. Hays. Hays pro- that the restaurant was legally wrong and the city council directed the mayor to notify the management to cease discriminating. Six days after this event, the council proceedings for September 23, 1952 show Mr. Goldwater as saying: "Mr. Mayor, because of occasional absences from the city, I would like to ask the attorney what is the status of the Sky Chief segregation situation." Nowhere in the council records nor in the newspaper accounts of the incident is there any statement by Goldwater that the restaurant should be integrated.

As for the Arizona Air National Guard, the facts show that again Senator Goldwater grossly exaggerated the part he played. Frank Fraser, then executive officer of the Guard, says flatly that "never did Goldwater" intercept anything favorable or unfavorable to integration. No documents are on file with the Guard ordering or advocating integration nor was there anything in the newspaper. It is because of these facts and Senator Goldwater's stand on states rights versus human rights that Strom Thurmond feels he has found a home in the Republican Party. These are sad days in the annals of the G.O.P.

Sees Two Flags Served

Editor, The Press-Journal

When Barry Goldwater spoke at Albany, New York, he stood under the American flag. Addressing an all white meeting at Knoxville, Tennessee, last week he stood beneath the Confederate flag! In the North Barry's pet theme is Civil Rights, in the South his subject is State's rights. This is a sketch of the man who has captured the party of Abraham Lincoln, who intends to renounce it with racists like Strom Thurmond. How will you vote?

H. S. Service Squad Begins Patrol Duty

LEONIA — The Leonia High School Service Squad made up of 29 junior and senior boys has begun helping in the supervision of the school corridors. Members of the group will be on duty before school, during lunch periods, and between all class and lunch periods.

Their main purpose is to help maintain order within the school, although their services may and will be utilized in many other ways. Each boy insists on the observance of safety measures and sees that students use the proper stairway going up and down, avoid congregating in the hallways, avoid shouting and help maintain clean corridors.

Maroon and grey arm bands were made for each member by the girls in Mrs. Majorie Winter's classes. The members of the Service Squad are James Antzize, Dave Barudin, Darryl Bauer, Steven Buckle, Steven Cohen, Tim Gould, Hank Helmick, Jeff Hill, Edwin Hoffman, Mike Keys, Richard Kay, Bob Leary, Peter Lammia, Joe Mitchell, Joe Mitchell, Neil Craig, Eamon Nelson, John Procopio, Bill Paul, Rose Even, Jon Shapiro, David Sheldar, Martin Shedd, Vic Timmuck, Dick Toomyan, Evan Williams, and Dan Zeidner. Their advisor is Wilbur Selander.

Eight junior and senior boys were also appointed to the Fire Squad. Their advisor is also Mr. Selander.

Leonina Club Has Contingent At Fall Conference

LEONIA — Five members of the Leonina Junior Woman's Club joined approximately 800 other young women from 135 Junior Women's Clubs throughout the state Saturday, Sept. 26th at the Essex House in Newark for the 1964 State Fall Conference of the N. J. State Federation of Women's Clubs. The Leonina Juniors included president Mrs. Sal Giardina, Mrs. Leonard DeFaso, Mrs. Noel Scalfa, Mrs. Harry Gudenber, and Mrs. Edward Plunkett.

Workshops were held with the State Department Chairmen presiding. Special guest speakers for the day were Mrs. S. Herbert Taylor, President of the N.J. State Federation of Women's Clubs. She asked the Juniors to participate in the drive for new headquarters, for which a site has been selected on the Rutgers University campus.

Reception For Williams

ENGLEWOOD — A talk on party harmony and the importance of voting for the candidate of one's choice by Joseph T. Carney, Republican municipal campaign manager, highlighted a reception for James Williams, 4th Ward councilman candidate. The affair was held at the home of Mr. and Mrs. Whitte English, Jr., at 204 Green Street.

Story Hours For Tots Wednesdays At Public Library

ENGLEWOOD — The first picture story-hour for children, from three to five years, was held in the children's room of the Englewood Public Library last Wednesday.

Since the Englewood Public Library feels it is important that children begin at an early age to learn to listen to stories and share in the enjoyment of books, a series of story-hours will be held each Wednesday 10 a.m. until Dec. 16. The children's room will be closed during that time.

Parents who wish their children to attend the story hours may confer with the librarian in the children's room.

V.O.T.E. Group Hears Mettler Praise Its Effort

ENGLEWOOD — The first local organization meeting of Voters Opposed to Extremism (V.O.T.E.), with attendance from both Englewood and Tenafly, heard William K. Mettler, Englewood Republican, declare that group is the "only truly non-partisan group, opposing the election of Senator Goldwater."

Mr. Mettler said other organizations existed for the same purpose as V.O.T.E. but that most of them were "closely associated with party machines and even controlled from behind the scenes by regular party politicians."

"We are a grassroots movement of political amateurs. We are willing to cooperate with any group toward the defeat of Senator Goldwater but we will also maintain our independent identity. We do not care to get involved in party politics. Our only purpose is to give Goldwater such a resounding defeat that the Republican Party will be returned to more moderate leaders after the election. We encourage all who feel as we do to join our group."

Candidate's Daughter Is Campaigner at 11

ENGLEWOOD — One of the most enthusiastic supporters of Charles W. Jorgensen, Democratic candidate for the Englewood City Council from the 3rd Ward, is his only daughter, Beth. While her three brothers perform various campaign chores, Beth, who will be 11 in October, is going directly to the voters.

On a recent Saturday Beth Jorgensen and her friend Jessica Brody, daughter of Drs. Claire and Alexander Brody, electioneered on midtown parking lots. They first asked shoppers which ward they live in and were surprised to "find so many who didn't even know." After establishing that a prospective voter resided in the 3rd ward, the young ladies handed him a circular containing Mr. Jorgensen's outline of qualifications for the councilmanic post.

Beth is a loyal alumna of Cleveland School where she played the flute in the school band and her father was president of the P. T. A. But she is as enthusiastic about her first two weeks at Engle School as she is about her father's political activities. She enjoys everything about her school day from the bus-ride in the morning to the team-teaching of reading and arithmetic. Being in a home room with boys

and girls from all four of Englewood's elementary schools has broadened her horizons — and, she hopes, made her a more effective campaigner for her father. Although Beth Jorgensen is serious about her flute playing and her modern dance class at Memorial House, she is unwavering in her lifelong ambition to be an elementary school teacher. Running for office is something she is content to leave to her father and her brothers, though they can count on her for active support.

Sen. Williams Is Rally Speaker For Young Democrats

ENGLEWOOD — United States Senator Harrison A. Williams, Jr., candidate for reelection spoke to the Englewood Democrats Tuesday night at their headquarters, 33 West Palisade Ave. Senator Williams was taking a campaign tour of Bergen County.

Fifty persons attended a picnic of the Young Democrats Sunday at Allison Park. Eugene Walsh, candidate for freeholder, and Charles W. Jorgensen, Third Ward council candidate, were guests of honor.

Mr. Jorgensen charged that his GOP opponent in the Third Ward is "desperately trying to disassociate himself from the rest of the Republican ticket." Also, Mr. Jorgensen declared: "My opponent has been a professional Republican for years and even was head of the National Young Republican Club."

The Peoples Trust Co. of Bergen County bought vocational school and improvement bonds valued at \$8,070,000 from the Bergen County Board of Freeholders last week. The award, for \$6,527 more than face value, was made at public sale in Hackensack. Six other bids for the bonds were received by the Board.

New Jersey will not take over from the Port of New York Authority the operation of Teterboro Airport. Governor Richard J. Hughes said last week, because there is no money in the state treasury for new operations. The Federal Aviation Agency wants the Port Authority to assume responsibility for non-airline, general aviation services in the Metropolitan area. Teterboro Airport, which handles private and corporate aircraft, loses \$400,000 annually. Speculation is that if no one wants the "hot-potato" airport, it may end up being closed.

Outhouses were made a political issue by Democratic Freeholder candidate D. Bennett Mazur. Mr. Mazur charged that the County Freeholders built illegal outhouses in Dunkerhook County Park in

Paramus and in Wallington County Park. The facilities, he said, violate local health ordinances and show a contempt on the part of the Freeholders for "local authority," "home rule," and the health of people who use the parks. The candidate charged that the plywood houses are "only a stone's throw from residential areas."

This county's 1964 tax rate of 33.4 cents per \$100 of assessed valuation is the lowest, for the fourth consecutive year, of all 21 state counties. The state average is 55.4 cents per \$100 of assessed value. Last year's rate was almost identical, 33.5 cents per \$100 assessed value.

River Edge detectives, working in cooperation with Paramus police, cracked a ring of 11 juveniles from River Edge, Paramus and Oradell who confessed stealing 13 cars over the past nine months. Some of the boys told police officers they had been drunk at the time of the thefts. The boys, unorganized casual acquaintances, 16 and 17 years of age, were released in the custody of their parents while they await hearings in Freeholders Court on delinquency charges.

Of Special Note In New Jersey

New Jersey braced itself for Hurricane Gladys last week; and it braced itself and it braced itself. But, the Hurricane never came. Abnormal waves battered the exposed South Jersey coast, but did little else damage. North Jersey waited for the sunshine to turn to grey, something which never came. No one will ever ascertain the tentative plans of Jerseyans that Gladys' expected arrival spoiled.

Secretary of Agriculture Orville Freeman last week declared five more New Jersey counties for drought relief. Senator Harrison Williams said farmers in Hunterdon, Middlesex, Morris, Sussex and Warren counties are now eligible for Farmers Home Administration loans. This action brought to 16 the number of state counties declared eligible for drought relief.

The Port of New York Authority, a joint New York-New Jersey agency, may add a wing in the near future to the Bus Terminal on 42nd st. and Eighth ave. in New York City. Austin J. Tobin, executive director, announced last week that the bus terminal just expanded at a cost of \$30 million, already needs construction. The structure is already four levels high, so any expansion will have to be horizontally. Property to the north of the terminal between 41st and 42nd sts.

on Eighth ave is now parking lots, and any expansion should be in that direction.

Six major corporations announced a pilot program last week to allow 100 high school dropouts to enroll in a special high school in downtown Newark while employed by one of the participating companies. Dr. Frederick Raubing, of the state Education Commission has also recommended that his department grant \$50,000 from its emergency fund to help support the project. The corporations supporting the special curriculum in the high school are: Standard Oil of New Jersey, Prudential Insurance Co. of America, Bantam-Western Electric, Westinghouse and N. J. Bell Telephone Co.

New Jersey beer-lovers favor 21, that is received some lip-smacking news last week. Joseph Lordi, State Director of Alcoholic Beverage Control, is thinking of abolishing that regulation which prohibits people from buying bottled beer on Sundays. In case you're not up on the subject, beer may only be sold in paper containers or in the customer's own container under present law. Mr. Lordi is considering holding the mandatory public hearing necessary to abolish the regulation.

Englewood Adult School Registers Now For Its 17th Year Of Service

ENGLEWOOD — With registration now open for the 17th year for the Adult School of Englewood, an announcement was made that the program of art studies will be expanded this season to 14 classes. Painting in various media will be given during the day at Lincoln School and at Dwight Morrow High School on the regular Monday and Thursday evenings.

Included among the eight painting classes will be landscape painting on Saturday mornings, led by Paul Jones, Leonia artist and teacher, whose work is included in many well known museum and private collections. He will also teach art for beginners at Dwight Morrow on Monday evenings, and introduction to painting on Monday mornings at Lincoln School. The other painting classes for beginners and advanced students will again meet with David Boyd, Roy Perham, Lia Nickson and Barbara Moore who are familiar to students of art throughout the area.

Also coming back will be Motor Club, a widely recognized member of the Sumie Society of New York, author of the definite work, Brush Strokes in Sumie Painting, who will again teach Oriental brush painting.

Other classes to be repeated are water color painting taught by Margaret Ward, whose works were recently seen at the Bergen Mall exhibit; sculpture by John Calabro, famous for his execution of busts of Einstein, Eisenhower, Churchill, George Bernard Shaw, Mme. Curie and others; figure drawing by Lia Nickson of Englewood; stained glass by Shirley

the coming year. Schwartz of the Shaw Studios of River Edge, and sketching in pencil and charcoal by Ann Strube. Supplementing these practical classes will be two discussion groups under the direction of the NYU Liberal Arts program. Contemporary Painting Since 1940 will be led by Ben Wilson, a well known Ridgefield artist. Current shows in New York galleries and museums, when students will tour exhibits currently showing, will be led by Theodore Schapiro.

The Adult School cultural program also features two music classes. Organ instruction given by Alfred Mayer, a graduate of Juillard School of Music, will be divided into classes for beginning and advanced students and for children. Accordion lessons will be included if desired. Another favorite perennial will be guitar classes given by Kermit Suits.

OUR Editors Report

Once again the fall season has arrived and with it everything gets back into high gear.

Nearly every club or group has a publicity man whose job it is to inform the public about the activities of this organization.

Perhaps a few words are in order for the publicity men. No one likes to write publicity for an organization only to see that it does not get into the paper.

An editor's pet peeve is the use of only last names with the title "Mr., Mrs. or Miss" in front.

Be sure that your release tells the full story. Be sure that it contains the who, what, when, where, why and how in as few words as possible.

Pictures always help any paper's appearance and every editor welcomes them. But here again there are several criteria which must be met.

"Bergen Plurality Can Carry State," Edwin Emrich Says

HACKENSACK—Bergen County can carry 100,000 plurality and that will be the difference in New Jersey's 34 electoral votes tipping the balance of power in favor of the Republican Party.

These were the words of Edwin Emrich, County campaign manager, spoken at a meeting of the Bergen County Young Republican club last week.

"It is everyone's job," he continued, "to see that each and every person gets the Republican message and gets it straight."

After hearing the campaign manager, the Club approved a resolution welcoming Sen. J. Strom Thurmond into the Republican party.

Edward J. Connolly, club chairman, said the group will offer its help to all County and local Republican chairmen and campaign managers.

something so that they are not just looking at the camera in rows. Be sure that all the people in the picture are identified and that what they are doing is clear.

From time to time we get an opportunity to test a new product before it becomes available to the public. We received flyers from nearly 20 companies offering what they call a TR-Sonic Fish Call.

We have tried the Fish Call and have found it attracts both salt and fresh water fish. In fact, the fish crowd around it after about 10 minutes.

At a recent football game it was the half with the score tied at 14 points. Both teams got their touchdowns on passes and both looked evenly matched.

TAKING A LOOK AT FOUR OF THEM:

Area Towns Boast Fine Dance Schools

By ED GIOFFI

The Northern Valley area resident is very fortunate in having as a part of the high caliber dance studios that are found in Englewood, Tenafly, Teaneck and the surrounding towns.

Four of the schools are the Rafferty Dance Studio, Dokoudovsky School of Classic Ballet, Jane Stribling Shafter School of Ballet and the Helen Bettis School of Dance.

DOKOUDOVSKY SCHOOL

The Dokoudovsky School is located at 12 Engle st., Englewood, and is operated by Nadia Dokoudovska and her daughter Miss Tatiana Dokoudovska. Madame Dokoudovska received her early training in a Paris studio of world famous teacher, Madame Proobrajenska, who was a star ballerina of the Imperial Theater of Petrograd. Madame Dokoudovska was a member of the Ballet Russe de l'Opera Comique and the Russian Opera of Paris.

The Dokoudovska has appeared with the City Center Ballet, and the National Ballet Russe at Covent Garden. Madame Dokoudovska and her daughter bring to Englewood a vast amount of experience and training for teaching the youngsters.

HELEN BETTIS SCHOOL

The Helen Bettis School of Dance is located at 107 East Lawn road, Teaneck, and offers toe and ballet dance. Helen Bettis, who was with the Metropolitan Opera Ballet and toured the United States and Canada with the group. One of her students, Miss Rosalind Ricci, has with the Ballet Theater Company now touring South America. Mrs. Bettis is herself studying at the Ballet Theater School and in her own classes stresses small classes run on a classical basis.

JANE STRIBLING SHAFTER SCHOOL

The Jane Stribling Shafter School of Ballet is sponsored by the Education Commission at the Mackay school in Tenafly, on Mondays at the Maughan School on Fridays. In Demarest she teaches the American Legion Building on Tuesdays and Thursdays. Mrs. Shafter appeared with the St. Louis Grand Opera Ballet and the Municipal Opera Ballet as well as the Radio City Music Hall group.

RAFFERTY DANCE STUDIO

The Rafferty Dance Studio is located at 15 West Palisade ave., Englewood, and is operated by Ruth and Tom Rafferty, who as husband and wife team danced their way around the world three times before settling in Englewood and opening their studio. Prior to their Englewood studio, they taught in New York City and have seen many of their students go on to successful careers in Broadway shows and TV. The Raffertys have danced in the Palace Theatre, Roxy, and Radio City Music Hall and their professional experience has taught them the correct and thorough technical training of the child is of the most importance, whether they intend to become professionals or to use the dance as an activity.

Residents of the area can be proud and boastful of the time and effort dance teachers available to them. They can place their children in the hands of these professionals and be assured of the best instruction and teaching found anywhere.

IN WORLD OF MAKE BELIEVE — Rafferty Dance studio, at upper left, Shafter studio at right, Bettis group lower left and at right Dokoudovsky School. The mixed emotions of the kids—tenseness, eagerness, happiness and exuberance—is as varied as the youngsters' ages.

The Lance M. Parsons Celebrate Their 62nd Wedding Anniversary

By Freda Axt. A most interesting and rewarding experience was mine last week when I had the good fortune and pleasure of interviewing Mr. and Mrs. Lance M. Parsons of Winthrop Place South, Englewood, on the occasion of their 62nd wedding anniversary which they celebrated on Saturday, September 26, at a family party at the home of their son and daughter-in-law, Mr. and Mrs. Hugh W. Parsons in Wayne, New Jersey.

Another son, Neale E. Parsons, and his wife, who were among the guests, reside in Kinderhook, New York. The Parsons have four grandchildren: Gerald Parsons and Mrs. Sherman Clough (Suzane), children of the Neale Parsons, and Mrs. Thomas Mooney (Cynthia) and Miss Katherine Parsons, children of the Hugh Parsons. They also have nine great-grandchildren.

Mr. and Mrs. Parsons were married on September 24, 1902 in Greenwich, New York. They have resided approximately fifty years in Englewood, coming here from Plattsburg, New York. During this time, Mr. Parsons has taken a most active part in Scouting for 44 years, both on the local and County level, having held every office but President of the North Bergen Council. He is a life member of the Executive Board and is a member of the Board of Trustees of Boy Scout Camp No-Be-Bo-See, near Newton.

Mr. Parsons is one of the few who have been honored by receiving the Silver Beaver Award. Mrs. Parsons has been very active with the First Presbyterian Church and their Woman's Association, the League of Women Voters, the Thrift Shop, Memorial House and the Englewood Woman's Club.

The Parsons live in a delightful cottage at the end of a secluded

lane off Church street, which has a beautiful pine room — virtually a museum, filled with mementos of his busy, happy days of scouting.

The walls are covered with many valuable Indian relics, some of them over 80 years old and priceless Navajo rugs on the floor, several from the Indian Reservation in Montana and others from New Mexico and Arizona, some of them gifts and some gathered by the Parsons on their many trips.

There are interesting small copper silhouettes decorating the fire screen and forming a frieze along the room and window cornices, all the handiwork of Mr. Parsons, as well as a number of woodcarvings of birds, a rainbow trout, and an authentic model of a Mediterranean pirate ship with colored sails. As may be imagined, Mr. Parsons has a cabinet enclosed in one end of the room, completely stocked with every kind of tool.

Their many friends extend good wishes for continued happiness and good health for many years to come.

Tigers Roaring; River Dell Wins

TENAFLY — There's still another week to go before Tenafly High's football team starts play in the Bergen County Scholastic Football League, but the Tigers of coach Buzz Firkser figure to be really roaring in this Saturday's independent game against Teaneck.

The reason for the roaring will be a stingline 20-13 setback at the hands of River Dell Regional last week in the opening game for both squads.

Halfback Dan Wigart scored twice for the Tigers, but it wasn't enough as Jim Hains busted over with the deciding score for River Dell with just six seconds left on the clock.

It was a stinging loss, indeed. Nonetheless, the Tigers have a chance to redeem themselves against a stubborn Teaneck team that showed it means business when it outbattled Englewood, 14-7, over the week-end.

Teaneck is led by a pair of quarterbacks, Ken Alexander and Ken Lingham. The Blues also boast a very creditable defense and it is this facet of the visitors' game that Tenafly will have to solve if

Mets Seek NJL Admission, Aim for 50-Game Slate

TENAFLY — A considerable expansion plan — aimed at establishing a 50-game schedule by next season — has been announced by the Tenafly Mets, who competed last season in the Bergen County Baseball League.

The Mets have applied for membership in the North Jersey League, a twilight league. If accepted, the local nine would continue to play week-end games in the BCBL and thus increase its schedule to some 50 games per season.

The Met executive board, in announcing the move, said it feels the young team molded by head coach Warren Ullrich needs to see more action if it is to win a championship.

If accepted, the Mets will match the number of games played by only one semi professional team in the area, the Paterson Phillies, who have placed second three straight years in the BCBL.

Next season the Mets will not doubt be guided again by Ullrich, pending the decision of the executive board which meets next week. Ullrich has pioneered the move of rebuilding the present squad.

Heading the squad next season will be Lennie Grebla, a standout for the past three years; Kipp Gaynor, a top-flight pitcher; Paul Simko, who this year came into the season; Richie Pierson, who is in his first year in the league.

Also returning will be Bill Lally from Montclair State; Pete Quinn, from Columbia; Bill Grohmann, from Cornell; Ken Miller, from Rutgers; Tom Harlowe from Penn; Bill Cobb, from Harvard; Jim Carovillano, from Montclair State; Bill Parmer, from Clemson; Al Mantz, from Rutgers; Jim Phillips, from Millersville State Teachers; Bill Kiley and Andy Corrietti, from Boston College; and Joe Purcell, from Columbia.

Hilltoppers Seek Initial Victory After 13-12 Loss

ENGLEWOOD — Englewood School for boys will try again for its first victory tomorrow when it travels to Long Island to play Woodmere Academy. The Hilltoppers were 13-12 losers to Montclair in a thriller last weekend.

Tony Pisani raced 74 yards for one touchdown and scored the other on a 1-yard plunge, but Englewood had no kicker and missed both extra points.

Bob Ferrara scored all 13 points for Montclair as he caught a three-yard pass from Kerry Brown, ran nine yards for the winning point on a run after his first six-pointer.

Pisani was outstanding for Englewood as he ran for 128 yards and completed two passes from his quarterback position.

Frosh, Jayvees Win for Raiders

ENGLEWOOD — Having picked up two wins in three games over last weekend Englewood High School's junior varsity, sophomore and freshmen football elevens will return to action in the next four days seeking to improve their records.

The freshmen unit, a 6-0 winner in its first contest with Rutherford, will be looking for victory number two Saturday morning at Pasack Valley.

Parker Emory was the hero in the opening win for the first year players last week scoring on a 15-yard end run. The freshmen are coached by Joe Spilevski and Carl Marcolini.

Monday the junior varsity team, coached by Jack Musterman and Frank Sabach, travel to Bergenfield while the sophomore eleven plays host to the mighty mites at Winton White Stadium.

The junior varsity team won its first game over Teaneck, 12-7. George Durham tallied on an 11-yard run while Bill Walker dashed 60 yards for the second TD. Both scores came in the first period. Teaneck's fourth period touchdown came on a pass from Ken Lingham to end Jim Deaver. The play covered 20 yards.

Teaneck's sophomores took the measure of the young Maroon Raiders, 13-6. Highwaymen touchdowns were scored by Joe Taste and Bob Willman in the first half. Roger King scored Englewood's one score on a 76 yard run.

Englewood Out To Avenge Opening Loss To Teaneck

ENGLEWOOD — With a full week to work out the mistakes that proved their undoing in the opener against Teaneck, Coach George Baldwin's Englewood High School football eleven opens its home season at Winton White Stadium Saturday afternoon in a Northern New Jersey Interscholastic League clash with Bergenfield.

Bergenfield, a 7-6 loser to a highly rated Dumont in an independent opener, invades White Stadium with a football team that is rated one of the best to represent the Mighty Mites in a number of seasons.

Coach Bob Alvord's eleven showed a lot of class in the one point defeat by Dumont. The Mighty Mites showed a fine ground game headed by fullback Phil Marlbert and a classy field general in quarterback Al Tannaz.

Baldwin's scouts rate the two Bergenfield backs as real scoring threats. Marlbert connected on six of 16 passes for 111 yards while Marlbert sparked the ground game that picked up 136 net yards.

Englewood made the typical mistakes of an inexperienced eleven in the loss to Teaneck. Fumbles and penalties cost the Maroon Raiders dearly in the game.

Baldwin, far from disappointed choose to look at the brighter side of the picture. "Our passing game was excellent and I believe our running attack will improve with a full game under our belts", the Englewood mentor said.

The team as a whole came through the game without any injuries with the exception of halfback George Dacey and fullback Arnold Clark.

Dacey sprained an ankle in the first half and may not be ready

Saturday for Bergenfield. Clark injured an ankle but is expected to be ready.

Baldwin, figuring that Dacey will not be ready, is planning on starting speedy Bill Walker or Walt Brerion. Walker, tabbed "Englewood's fastest human", will be a definite threat. The dashman has developed well in his first year playing football and exploded for a 70 yard TD in Monday's junior varsity game against Teaneck that prompted his promotion to the varsity squad.

Francis Burns was a real bright spot in the Teaneck game for Englewood. The Englewood field general handled the offense well and threw the football with real authority. His three completed passes gained 95 yards.

The Englewood line will be the same unit that got the call against Teaneck.

Saturday's game between Englewood and Bergenfield will be the fifth contest between the two neighborhood schools. Englewood has won three contests with Bergenfield scoring its only win last year, 13-6.

The series to date:
1943—Englewood 12, Bergenfield 0
1944—Englewood 6, Bergenfield 0
1962—Englewood 38, Bergenfield 6
1963—Bergenfield 13, Englewood 0

Tigers Roaring; River Dell Wins

TENAFLY — There's still another week to go before Tenafly High's football team starts play in the Bergen County Scholastic Football League, but the Tigers of coach Buzz Firkser figure to be really roaring in this Saturday's independent game against Teaneck.

The reason for the roaring will be a stinging 20-13 setback at the hands of River Dell Regional last week in the opening game for both squads.

Halfback Dan Wigart scored twice for the Tigers, but it wasn't enough as Jim Hains busted over with the deciding score for River Dell with just six seconds left on the clock.

It was a stinging loss, indeed. Nonetheless, the Tigers have a chance to redeem themselves against a stubborn Teaneck team that showed it means business when it outbattled Englewood, 14-7, over the week-end.

Teaneck is led by a pair of quarterbacks, Ken Alexander and Ken Lingham. The Blues also boast a very credible defense and it is this facet of the visitors' game that Tenafly will have to solve if

the first local victory of the year is on the horizon.

HAWKS-RAMSEY
River Dell, meanwhile, is basking in the glory of its final second triumph as it prepares for this Saturday's game with Ramsey.

Jim and John Hains set the pace for the Golden Hawks, each scoring a touchdown in the victory over Tenafly. It was Jim's TD that was the clincher coming in the final six seconds from a yard out.

Ramsey features the antics of backfield ace Pete Schafer, one of the top backs in the County.

Hilltoppers Seek Initial Victory After 13-12 Loss

ENGLEWOOD — Englewood School for boys will try again for its first victory tomorrow when it travels to Long Island to play Woodmere Academy. The Hilltoppers were 13-12 losers to Montclair in a thriller last weekend.

Tony Pisani raced 74 yards for one touchdown and scored the other on a 1-yard plunge, but Englewood had no kicker and missed both extra points.

Bob Ferrara scored all 13 points for Montclair as he caught a three-yard pass from Kerry Brown, ran nine yards for his second touchdown, and scored the winning point on a run after his first six-pointer.

Pisani was outstanding for Englewood as he ran for 126 yards and completed two passes from his quarterback position.

ERRICHELIO SHINES
BERGENFIELD — Phil Errichello scored two touchdowns and the Bergenfield High sophomore football team went down to defeat, 34-13, at the hands of Hackensack Monday.

70-YARD PASS PLAY
TENAFLY — Paul DeMaistro of Tenafly hauled down a long pass and romped home with the only touchdown of the game Monday as the Tenafly High junior varsity football squad nipped River Dell, 6-0. The key play covered 70 yards.

SPORTS DEADLINE
Monday at 9 p.m. is the deadline for the receipt of all sports news to appear the following Thursday in all the papers of the Palisades Newspaper Group. Items may be mailed or delivered. Phoned items will be accepted Monday through Friday after 6:30 p.m. at LO 8-1700.

DEMAREST SCORES
DEMAREST — Demarest toppled River Dell in junior varsity football Monday afternoon, 26-6, as Tom Bamback posted a pair of touchdowns for the winners.

Frosh, Jayvees Win for Raiders

ENGLEWOOD — Having picked up two wins in three games over last weekend Englewood High School's junior varsity, sophomore and freshmen football elevens will return to action in the next four days seeking to improve their records.

The freshmen unit, a 6-0 winner in its first contest with Rutherford, will be looking for victory number two Saturday morning at Pascaek Valley.

Parker Emory was the hero in the opening win for the first year players last week scoring on a 13-yard end run. The freshmen are coached by Joe Spilewski and Carl Marcolini.

Monday the junior varsity team, coached by Jack Musterman and Frank Sabach, travel to Bergenfield while the sophomore eleven plays host to the mighty mites at Winton White Stadium.

The junior varsity team won its first game over Teaneck, 12-7. George Durham tallied on an 11-yard run while Bill Walker dashed 60 yards for the second TD. Both scores came in the first period. Teaneck's fourth period touchdown came on a pass from Ken Lingham to end Jim Deaver. The play covered 20 yards.

Teaneck's sophomores took the measure of the young Maroon Raiders, 13-6. Highwaymen touchdowns were scored by Joe Taste and Bob Willman in the first half. Roter King scored Englewood's one score on a 76 yard run.

GANGBUSTERS — Bergenfield's Phil Malberti is surrounded by Dumont tacklers as he picks up a few yards in game against Dumont Saturday. Huskie tackler is Tom Karrenberg (27) Dumont won, 7-6. (PNP Staff Photo by Frank Russo.)

Mets Seek NJL Admission, Aim for 50-Game Slate

TENAFLY — A considerable expansion plan — aimed at establishing a 50-game schedule by next season — has been announced by the Tenafly Mets, who competed last season in the Bergen County Baseball League.

The Mets have applied for membership in the North Jersey League, a twilight league. If accepted, the local nine would continue to play weekend games in the BCBL and thus increase its schedule to some 50 games per season.

The Met executive board, in announcing the move, said it feels the young team molded by head coach Warren Ullrich needs to see more action if it is to win a championship.

If accepted, the Mets will match the number of games played by only one semi-professional team in the area, the Paterson Phillies, who have placed second three straight years in the BCBL.

Down To Business For Demarest, OT

Now it's down to business. That's the feeling this week in the football camps of both Demarest and Old Tappan, the two arch-rivals that opened their schedules against each other last week-end, Old Tappan winning the do or die game, 20-6.

Both teams will play their second game in the Northern Bergen interscholastic league this week. Demarest is hosting a tough Ramapo club and Old Tappan hitting the road to meet Hawthorne. Eddie Arneemann of Old Tappan was the key man in the game last week-end. He scored twice, on a 51-yard end run and 10-yard caper,

ENGLEWOOD — Lou Oberman, competition director for the Englewood "Punt, Pass & Kick" competition for boys 8 to 13 has warned that only a few days remain for boys to register for the event.

Top performers may win a trip to Washington, D.C. and a trip to the National Football League championship game.

Bartoletta Tribute Dinner Attracts 800

TAX BOARD MEMBERS PAY TRIBUTE — Joining almost 800 friends and admirers of both parties honoring Samuel P. Bartoletta at a dinner Sunday at the Tammy Brook Country Club, his fellow members of the Bergen County Tax Commission lauded the Teaneck Councilman, who was recently appointed by Governor Richard Hughes. The occasion brought smiles from back row, left to right: Ben Green of Fort Lee and Frank C. L. Merritt, former mayor of Oradell; front row: Werner Klemmer, former Paramus Councilman, Mr. Bartoletta, and Louis D'Agostino of Teaneck, chairman of the dinner and of the county tax board.

Some 800 persons from all over the county, and of both political parties, gathered Sunday evening at Tammy Brook Country Club to pay tribute to Samuel P. Bartoletta, Teaneck councilman who was appointed in May by Gov. Richard J. Hughes as Republican member of the Bergen County Tax Commission.

Joseph F. Carlino, speaker of the New York State House of Assembly, was chief speaker. Mr. Carlino, a class-mate of Mr. Bartoletta at Fordham Law School, praised him for his service to the community. The speaker was introduced by Congressman Frank C. Osmers, Jr., D-R, Bklyn.

Senators Wayne Dumont, Jr. of Warren County and Robert C. Sarcone of Essex County added their praise to the Teaneck legislator, as did Teaneck's Mayor, Matthew Feldman.

Letter From Deamer
A letter of congratulations from the Hon. Pierce H. Deamer, Jr. was read. Mr. Deamer is recuperating from recent surgery. Mrs. Gill C. Job extended the good wishes of her husband the county surrogate, who is hospitalized.

Louis D'Agostino of Teaneck, Democratic chairman of the Tax Commission, was chairman of the dinner and toastmaster. James J. Pecorella was co-chairman. Also serving on the committee were Joseph L. Kramer, Dante Leodori, Dr. Fred J. Cresente, Mayor Feldman, Louis Ruggiero, Albert Marchini, Francis Bartoletta, Joseph Marotta, T. J. E. Brown, Mr. Job, Joseph M. Yarnette, Alfred P. Levin and Michael Rendine.

Gifts Presented
The guest of honor received an engraved watch from the dinner committee, and a set of golf clubs from his family. Among the honored guests was a surprise visitor, Mr. Bartoletta's mother, who flew in from Pittsburgh for the occasion. Other awards made to him were a "Pro Bono Publico" plaque presented on behalf of the Teaneck Lower Taxes League by Vincent Maher, president, and a "Defender of Democracy" plaque of the Neighborhood Schools Association of Teaneck by Dr. Harry Warner, member of the Teaneck Board of Education.

In his acceptance speech, Mr. Bartoletta announced that State Attorney-General Arthur J. Sills had been questioned as to his council status, and that a ruling on a possible conflict of interest was expected soon.

In any event, Mr. Bartoletta asserted that he would continue his interest in Teaneck affairs, and that no matter what future positions he may hold he will continue to work for the town that he loves, that has been good to me and my family.

FOCUS
By FRANK RUSSO

Damn it another timer mark on the negative. Remember saying that to yourself after taking a roll of negatives from the tank. How can we avoid this? Sometimes we are rushed, we don't think. When you enter your darkroom, cover your troubles, and concentrate on your developing. A good cook watches her timer so she doesn't burn the cake. A golfer keeps his eye on the ball. A good photographer concentrates on his developing. Don't try and do too many things at once. Remember in most cases it just takes about five minutes to develop a roll of film. Make sure your tank is handy and clean, your developer is at the right temperature and that you have fresh hypo. Try and avoid using the same hypo over and over especially if you're not using a short stop. Passing prints and negatives through your hypo leaves a certain amount of developer. This acts as a developing agent after a period of time. Are you the type of person who tries to make prints and develop negatives at the same time? The bell goes off you stop printing to remove the negatives from the tank, you forget about the print in the developer. What do you do now, your print is over exposed and your negative has been developed one minute or so longer than you planned. Remember what you went into the darkroom for, after all the news you are about to develop are going to give you pleasure, so why not be pleasant when you enter your darkroom.

No matter how much you paid for your camera, or what type of film you use, or how accurate your exposure, your picture will only be as good as they are developed. Seems I read this somewhere and it always stayed with me.

The Tenafly adult school which operates from the Tenafly Senior High School offers many subjects, one of them is photography. This class is headed by Mr. Sol Feinstein who was recently appointed director of the Audio Visual Education for the Tenafly Public Schools. Mr. Feinstein who owned and operated his own photo studio and taught photography at N.Y.U., has many years in the field of photography.

This workshop will teach you the down-to-earth manner of photography. You will learn to develop, print and enlarge your own film. In addition the course will include: proper use of individual equipment, use of speed-lights, floodlights and film.

We are not all still photographers, some of us are movie-makers. For those people I have some news about a new type light called the Ultrabright-Bauer Cine-Jet. It is a very practical lightweight portable light. One of its features is the introduction of interchangeable, rechargeable batteries. The Cine-Jet provides a steady, powerful light that can never run out with the interchangeable battery on hand. The two piece unit is designed that the 16-ounce lamp head is the only part attached to the camera. The rest of the unit is carried at the side in a handy, over the shoulder carrying case. With this portable light, there's no squinting about fending, an electric outlet and no concern about recharging wires. Batteries are fully rechargeable overnight in 12 hours.

So all next week keep your eye on your subject and STAY IN FOCUS. Hear's Academy in Washington Township. Principals of the various Catholic high schools in the area will take part in the program.
