

## New Jersey Gets Value For Money Spent On School

New Jersey schools compare favorably with those of other states, Eugene G. Wilkins, dean of instruction at Newark State Teachers College said at Trenton Wednesday. Dr. Wilkins, who is chairman of the Research Committee of the New Jersey Education Association, reported on data assembled by the Research Division of the National Education Association.

"No comprehensive comparison of the states in all phases of education has ever been made," Dr. Wilkins says. "The facts which the National Association has assembled, however, do provide a number of clues to the kind of job the states are doing. On the basis of these clues we can be reasonably proud of New Jersey, except for the way in which it passes the burden of school support back to local school districts. "Of its children between the ages of five and seventeen, it has a high percentage in average daily attendance, over 70 per cent, as compared with a national average of 68 per cent. A very high proportion of these are in high school, well over 27 per cent, as compared with a national average of less than 24 per cent.

"Classes here are not so large as in many states; there are 24 pupils for each New Jersey teacher, as compared with a national average of 28. We are slightly under the national average, however, in our proportion of men teachers—14.4 per cent as compared with 15.4."

"New Jersey has gone further than most states in eliminating one-room schools and in consolidating its pupils into efficient instructional units. Its schools average 328 pupils and nearly 14 teachers; these are the highest averages in the country. While over half the elementary schools in the United States are of the one-room variety, barely one in twenty in New Jersey is one-room. It leads all the states in this respect.

"Both this and the high building costs in the metropolitan New York area are reflected in the value of its school buildings. Its sites, buildings and equipment are worth \$580 per pupil. It is second only to New York. The national average is \$341.

"None of these items is conclusive proof of merit or lack of it. A state which is above average on most or all of them, however, would appear to be giving its citizens value for the money they spend."

## First Aiders Get \$90 Gift

The East Millstone First Aid Squad has announced the receipt of a check for \$90 from the Millstone Relief Fund to aid the squad in its drive to raise funds to pay for its recently acquired ambulance.

Alex Dusky, president of the squad, made the contribution known and explained that the Millstone Relief Fund has accumulated a surplus from moneys collected during the war and is now making contributions to worthy civic projects.

The letter which accompanied the check listed C. D. Erdley as treasurer of the Fund and E. Harry W. Hoff and Harry Young as members and wished the squad success in its undertaking.

## 2nd Dist. Fire Election Sat.

Second District voters, who approved a plan to make the sector into an organized fire district at the November general elections, will again go to the polls on Saturday to select a five-man Board of Fire Commissioners from a ballot listing six aspirants.

Leading the slate is Fire Chief J. H. Braimman, who will be bracketed with two other firemen, Joseph Tanora and Emil Hoerler. The other candidates are Alfred E. Lee, Anthony Baumeister, and Ezra Heyler, who is affiliated with the Pillar of Fire.

The petitions of candidacy were filed with a Second District Fire Dept. committee which is arranging the Fire Board organization. The election will take place in the firehouse on Elizabeth St. between the hours of 4 and 8 p. m.

## Franklin Park Man Aired Over Station WJZ

Transcripts of the recordings made by Mr. H. Malcolm Adams of Old Farm, Franklin Park, were broadcast over the Farm Reporter program of Station WJZ recently.

"Apple Pruning" was the subject of the February 11 broadcast, and "Peach Pruning" was discussed on the Feb. 18 program.

The recordings were made when Mr. Adams visited Trenton during Farmers' Week, at which time he was interviewed by Phil Alampi producer of the Farm Reporter program, which is broadcast over Station WJZ from 6 - 6:30 a. m. every week-day morning.

## Founder's Day Feted

The Franklin Park P. T. A. celebrated Founders' Day at its meeting Tuesday afternoon, Feb. 10. All past presidents of the organization had been invited to attend but, unfortunately, all were unable to be present.

Mrs. Ralph Beekman, the first president of the organization, who held office 30 years ago, told the members of the vast changes that have been made since she held office. Mrs. Emma Ten Eyck, who was president in 1923, and Mrs. Augustus B. Vliet, who served in 1933, entertained the members by recalling some of the amusing incidents during their terms of office. Mrs. C. E. McClure, another past president, also gave a brief talk. Mrs. Hans Hartmann, who held office five years ago, spoke on the subject, "A Great Caring", which deals with the problem of sending our youth to war.

Mrs. Peter Schomaker was appointed chairman of the Annual Membership Supper, which will be held in the school Tuesday evening, March 9.

Previous to the meeting, Somerset Juvenile Grange conducted a bake sale under the direction of their matron, Mrs. Joseph Patko.

## VA To Cut Staff

It was announced by the Newark Regional Office of the Veterans Administration that instructions have been received to decrease its rolls throughout the State by 188 personnel. This will reduce the state-wide total to 1658 employees.

The largest cut will be in the Vocational Rehabilitation and Education Division where 99 employees will take place in other activities will be reduced by 30 while the Adjudication Division will release 45 employees. Smaller cuts will take place in other administrative services.

## Outlines Armory Plans

Lt. Louis F. Balabas of Franklin Park, has announced that Company E, 214th Infantry, of the National Guard, of which he is Commander, is currently conducting a drive for South River recruits to add to the personnel of the Guard Company. He stated that, if a large enough contingent can be recruited, a temporary armory will be erected in South River, provided a suitable piece of land is available.

Brig. Gen. Donald W. McGowan, Deputy Chief of Staff of the State Guard, officially confirmed the proposal and made the statement that the only obstacle to the realization of the plans would be the failure to obtain enough recruits from the South River area.

Mayor Matthew A. Maliszewski of the borough, commended the project and expressed the belief that suitable land could and would be made available at the proper time, but that the plots will not be centrally located.

Those in charge of the campaign to sign up new members are: T. Sgt. Kalman Kish and M. Sgt. Dominic Chiavarini of the recruiting service. They will be at the New Brunswick Armory every Wednesday evening from 8 to 10 p. m. and at the American Legion Hall, George St., South River, on Thursdays at the same hours.

Lt. Balabas stated that men between the ages of 17 and 34, with no previous military experience, and older men with sufficient military training, who can

meet the required physical and mental requirements, are eligible for enlistment. He added that men and officers joining the company can do so at the same rating they held when discharged from the army, and that those who enlist early and prove their ability, may avail themselves of the key positions which are still open.

The New Brunswick Armory on Codwise Ave. and Handy Street is at present being used as a drill hall until facilities are provided at South River. Lt. Balabas advises that drills are being held one night a week for a two hour period and that enlisted men are entitled to the social and recreational facilities. He also mentioned that, included among the attractions offered are parties, dances, basketball games, and a game room containing ping-pong and dart sets. Guard members interested in firing on the rifle and pistol ranges will find the premises available every Thursday night.

Commander Balabas plans to have the company fully formed by July so that it can participate in the summer field activities at Pine Camp, N. Y., for 15 days, along with other units of the Guard.

Lt. Balabas was born in South River, but is now a resident of Franklin Park. He is married to the former Elsie Wegner, daughter of Mr. and Mrs. Albert Wegner of Franklin Park. The couple have two children, a boy and a girl. The young man has been serving as manager of the dairy which his father-in-law operates since his discharge from the army.

## Card Party Delayed

The card party, sponsored by the Franklin Club of East Millstone, which was to be held at Colonial Farms on Friday evening, Feb. 13, was cancelled because of the bad weather. No new date has been set.

# Hasbrouck Named School Bd. Head

Louis P. Hasbrouck was elected president and Fred L. Bascom was named vice-president at a special executive meeting of the Franklin Township Board of Education, held in conjunction with the regular reorganization meeting in Middlebush School Monday night. At present, Hasbrouck is in Europe on business.

C. Rexford Davis, Vendell J. Horvath, and Ralph W. Thompson, last year's president, were installed as board members as a result of their victory in the recent public election.

Wm. R. T. Laird, clerk of the board, disclosed the outcome of the executive meeting vote after the installation of new members had taken place, and when he had finished, the board heard Supervising Principal James Lynch's report and discussed other back business.

Mrs. C. E. McClure of Middlebush stated that teenagers were meeting in the Middlebush School under the sponsorship of the re-

cently-formed Youth Guidance Council, and that the Council was paying the salary of the supervisor at these meetings. She asked the board to assist the teen agers by paying the school custodian's fee. A motion was unanimously carried to pay \$3.50 to the custodian of any school in the township for each evening devoted to youth movements approved by the council.

### Principal's Report

Dr. James Lynch, supervising principal of the township schools, submitted his report as follows:

**School lunch program:** The cafeteria in the Middlebush School served a total of 4,269 lunches in Jan. and showed a net profit of \$64.19. The Franklin Park cafeteria served 2,494 lunches last month, and had a profit of \$2.33.

**Building and grounds:** emergency repairs were required on Jan. 29 for the pump in the Pine Grove Manor School. The boiler in the Middlebush School was repaired, and the sink in the cafeteria will require immediate attention in order that the cafeteria can function properly.

**Transportation:** The route of bus No. 5 has been altered to discharge the greatest number of pupils at the first few stops.

**Visual aid:** Educational films were shown in all the schools during the month of January. Dr. Lynch stated that these films are selected by the teachers and are obtained without any charge. Custodians: Mr. Johnson of Pine Grove Manor School was injured while on duty, and Mr. Zeitinger of Franklin Park has requested that he be paid a bonus.

Dr. Lynch stated that 17 of the township's teachers are now taking educational courses. He also stated that the January 1948 issue of the "Educational Bulletin of the State of New Jersey" has a full page report on the recent township census and that the next issue of the "Exchange," which is the publication of the Metropolitan School Study Council, will carry a similar article.

Concluding his report, Dr. Lynch stated that the Metropolitan School Study Council will hold a dinner at Columbia University in the near future and that members of the Board were invited to attend. Mr. Thompson suggested that all members of the Board try to attend the dinner because it will be interesting and educational.

The board authorized the purchase of six spare lamps for the movie projector. Mr. Bascom announced that advertisements had been published requesting bids on the alterations to the Middlebush and Pine Grove Manor Schools, but only one bid had been submitted and that was \$11,976. Inasmuch as the balance in the repair fund was only \$1,040.13, Mr. Thompson suggested that a committee be appointed to contact Mr. Connolly, the contractor, to get a break-down of the bid with the intention of completing that portion of the work for which sufficient funds are on hand, and defer the balance until additional repair funds are available. A representative of the contractor who was at the meeting stated that they would be willing to cooperate with the board in this respect. Mr. Bascom appointed the following:

(Continued on Page Two)

## Eagles Outlast Boys' Club, 55-51

Having clinched the league title and with it the championship of Franklin Township, the Franklin Eagles added another scalp to their belt Wednesday when they went out to an early lead and held off a determined band of Boys' Club cagers the rest of the way to win 55-51.

Coach Charlie Gobac's charges, beaten but once this year, were again led by Elmer Lucas, whose fine under-the-boards work has enabled him to virtually clinch second place honors in the season's league scoring race. But Lucas, while he stood out, was definitely not the whole show, for the other Eagles were "on" too and kept the rapid pace thruout the game without a let-up.

Much can be said for the losers also. The game was in reality as close as the score indicates and could have gone either way in the closing quarter. The Boys' Clubbers shot-making was something to see, particularly Stan Potonski's corner hoists, and they clearly demonstrated just why they are assured of second place in the final league standings.

Scoring honors went to Lucas, as is usually the case when he plays, who tallied an even 20 points. Runner-up for the winners was play-maker Tony Pritz who garnered 12. Potonski was high for the losers with 12, while Ed Shirley and "Pip" Yetzko also scored in double figures.

**Kingston**

The Kingston Parent-Teacher Association will hold a public Card Party on Friday evening, Feb. 20, in the grammar grade school. The following committee will be in charge: Mrs. Ruth Reynolds, chairman; Mrs. Vincent Liptak, Mrs. Herbert Hutchinson, Mrs. Joseph Ostrowski, Mrs. Mathew Moran and Mrs. B. B. Scasserra.

At the regular February meeting of the Kingston Rod and Gun Club the following officers were elected for the coming year: Thomas W. Brian, President; Charles Van Note, Vice President; Frederick Marx, Secretary; Robert D. Brian, Treasurer; Trustees: Nicholas Briggs for three-year term and Frank Hart for two-year term.

The club also voted to give \$5.00 to the March of Dimes. Robert Brian, chairman of the wild game feeding during the heavy snows reported several bushels of corn on the cob had been distributed weekly at various feeding stations. The club has decided to continue buying corn and distributing it until the weather permits wild game to find their own food. Plans are being made to build a clay pigeon trap for trap shooting when weather permits. The trap shoots will be in charge of Edward (Bud) Hingher, chairman.

Earl Mortz, Jr., son of Mr. and Mrs. Earl Metz Sr. of Laurel Avenue, entertained a number of guests Wednesday evening in honor of his 17th birthday. Guests were: Averil Duncan, Nancy Mertz, Betty Van Note, Estelle Rayhon, Gladys and Eva Claire Brian, Howard Niehaus, Russell Shangle, Norman Luck, William Bueck and Edward Busch.

A Leap Year dance was held Friday night in the Princeton High School gymnasium. The following local students who attended were as follows: Gloria Hamer, Eva Brian, Averil Duncan, Betty Van Note, Joan Benson, Rita and Evelyn Taglioli, Betty Underwood, Becky Conover, Howard and Norman Niehaus, Charles Benson, George Lollis, Edward Mehl, Dominic Procaccino and William Bueck.

Mrs. Boyd Sellers and children have returned after several months visit with relatives in Sidney, Ohio.

Mr. and Mrs. Benjamin Stewart and son Tommy left Friday for Revere Beach, Fla., where they will remain for the remainder of the winter.

Mrs. Ellsworth Penwell of Ro-

**East Millstone**

The Ladies' Auxiliary of the Millstone Valley Fire Dept. has announced plans for a Card Party to be held in the Grange Hall March 10 at 8 p. m.

Mr. and Mrs. Eugene Hohn are the parents of a son, born in Somerset Hospital Feb. 11.

The Millstone Valley Grange will meet Friday Eve., at 8 p. m. when candidates for the 3rd and 4th Degrees will be put through their paces.

The Middlesex-Somerset Pomona Grange No. 13 met in the Grange Hall Wednesday.

Chester, N. Y., is spending several days with her brother and sister-in-law, Mr. and Mrs. Henry Jones.

Mrs. Howard Smith and daughters and Miss Patricia Cushing were Trenton visitors Saturday.

Charles Van Note Jr., of the U. S. Marines spent the weekend with parents, Mr. and Mrs. Charles Van Note, Sr.

Mrs. Wilbert Shinn will be hostess to a Stanley demonstration at her home Tuesday evening.

Mr. and Mrs. James O'Donnell Sr., have left for Miami, Fla., where they will spend a month.

Miss Ella Smith underwent a major operation in the Princeton Hospital last week.

Mr. and Mrs. Herbert Hutchinson entertained a number of guests on Sunday.

**Griggstown**

Mr. and Mrs. William Shoppe and children, Walter and Robert, of Trenton, were guests of Mr. and Mrs. Ludwig Waiver on Sunday. Mrs. Shoppe is the former Mildred Waiver.

The card party sponsored by the Women's Auxiliary of the Fire Company, held on Saturday evening at the Battle residence, was a great success. The door prize, which was a cake baked by Mrs. Kenneth Greene, was won by Mrs. Raymond Peters. Another door prize, a box of groceries donated by Mr. Edward Tornquist, was won by Miss Olive Campbell. Prizes were awarded for the highest score at each table. Refreshments were served and all extra cakes and cookies were sold.

The Griggstown Sportsmen's Club held its regular meeting at the home of Raymond Peters Friday evening. The newly elected officers are: Royal Carroll, President; Frank Galick, Vice-President; Eivan Nilsen, Secretary-Treasurer. Those present were Frank Galick, Arthur Carroll, John Wallek, Lloyd Van Doren, Roy Carroll, John Rightmire, Fred Carroll, Sr., Eivan Nilsen, and Fred Carroll, Jr. Refreshments were served.

The Griggstown Volunteer Fire Company held its regular monthly meeting in the schoolhouse on Wednesday with President Greene taking charge.

members to confer with the contractor and submit a report at the next meeting: Mr. Thomson, Mr. George Cuddy, and Mr. Edwards.

Among the communications read by Mr. Laird, was a report from the State Board of Health, Trenton, that the water samples from the five township schools had been approved. A letter from the State architect stated that, with respect to the new classroom being constructed in the basement of the Middlebush School, the State Board of Education had granted permission to use it as a classroom for a period of two years. At the end of that time, upon request, approval would be given for an additional year. Another letter from the State architect read by Mr. Laird mentioned that approval was not necessary for the work to be done in the Pine Grove Manor School because it was in the nature of repairs rather than alterations.

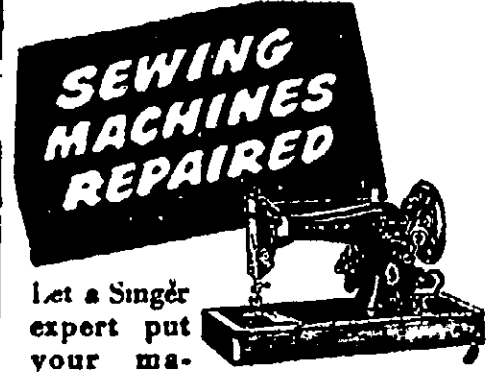

The truant officer's report was read to the effect that two cases of truancy had occurred last month which necessitated visits to the homes of the pupils.

The clerk also reported that an estimate of approximately \$25,000 had been received for the work necessary to convert the auditorium in the Middlebush School into a gymnasium, including the removal of the seats, the installation of lockers and showers, and changing the heating system from coal to oil.

Dr. Lynch presented a request

he had received from the Franklin Park Post of the Veterans of Foreign Wars for the use of the cafeteria room in the Franklin Park School without charge, they to use their own utensils in place of the equipment in the cafeteria. He stated that a regulation in force provided that, whenever a cafeteria of a school was used by an outside organization, a cafeteria worker must be present and paid \$5.00 for the evening. After considerable discussion, it was decided that an exception could not be made to the regulation because if an exception were granted, the same concession would have to be made available to all other civic organizations.

The next meeting will be held in the Pine Grove Manor School the third Monday in March.

**Lazicky Leads In Millstone Romp**

East Millstone, league door mat throughout the season, finally came to life Wednesday night and displayed the form that many have believed them capable of while dumping the rapidly improving Middlebush five, 50-38.

The Millstoners do not have a nickname, but if they ever do decide to choose one, the "Bears" would be perfect for like that animal, they came out of "hibernation" on the first warm weather day in months.

It is impossible, so they say, to credit a victory to one man, but anyone who saw the game would disagree with that statement completely for if any basketball player ever had a "night" when he couldn't miss, Rich Lazicky did on Wednesday. He scored the first basket of the game and after that personally put the Millstoners out to a commanding lead in the first half which they held the rest of the way. His shot-making was fantastic and his team-mates, who know how to take advantage of a good thing when they see it, fed him all night.

For Middlebush, playing most of the way without the services of Johnny McGuffey and Mel Thompson, the outcome was a surprise after the success they had recently enjoyed. Reid and Dunham, however, managed to keep the game interesting with an assortment of shots that could be termed unbelievable, to say the least.

Lazicky's final total was 29 points, second highest individual game total of the season. Most of the remaining East Millstone outers were divided up by big George Wilmot and Vic Jensen, set shot artist, who collected 9 and 8 respectively.

Reid led Middlebush with 15 points followed by Dunham who connected for 12.

**Swishers Dump Sportsmen, 42-35**

The in and out South Bound Brook Swishes had one of their good nights Wednesday and as a result they downed the equally unpredictable Sportsmen, 42-35.

Walt Muzurak, who is making a run-away out of the individual scoring race, again paced the Swishers, but this time he did not have to carry the load himself. On the contrary, for once his team-mates managed to band together to outscore him. Frank Kemp in particular, stood out for the winners, but even he did not outshine by far the fine floor work of George Lebedz or the timely shooting of Seymour Dolobowsky. In fact, to call this one a team victory would be hitting the proverbial nail right on its proverbial head.

The Sportsmen always manage to make the game a close one, no matter who they are facing, and this night was no exception. "Hol-

lywood" Dunaenko, by now famed for his shooting barrages and rules debates, hit for 13 points to keep his charges in the game all the way. He was assisted by Erickson and Newkirk, two of the Sportsmen "youngsters" who wound up with identical 8 point totals.

Mazurak's efforts were good enough for 17 points, five of which he collected on free throws, while Kemp tossed in 11.

**Telephone Service is Equipment plus People**

TODAY it's a simple matter for you to call almost anyone, anywhere. But it requires a lot of telephone equipment of many kinds to make it possible—at any hour of the day or night.

- And it requires a lot of people too. Maintaining and operating this equipment takes 25,000 telephone men and women here in New Jersey, all highly trained.
- Good equipment and trained people assure good telephone service that grows in convenience and usefulness as the telephone system is enlarged.

# Buried Treasures

## from New Jersey

Look under the soil on which you live!

What's under the crust of New Jersey? What lies below the surface of the state which ranks sixth in the country in the value of manufactured products?

You will find New Jersey is well stocked in mineral wealth. Iron ore has been mined here since the Revolutionary War. Our state ranks first in the country in zinc production. New Jersey is first in the production of silica sand, greensand and peat. Clay deposits are abundant. Trap rock, which is widely used on our modern highways, is plentiful. They're all part of the valued minerals which comprise New Jersey's "buried treasure".

Electricity and gas are used in many mining operations.

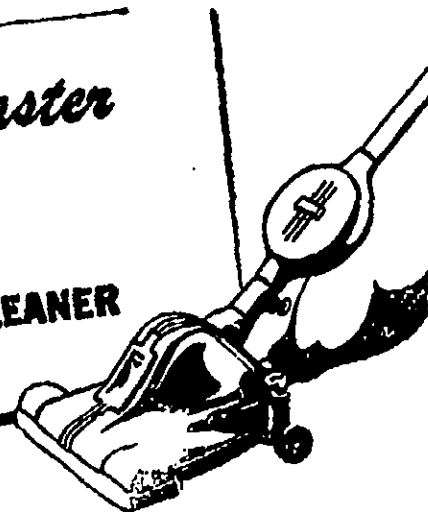

Public Service Electric and Gas Company, public servant of a great state, believes you will be interested in the mineral wealth of New Jersey.
