

Bob Turner Signs Pro Baseball Pact

The New Brunswick Baseball Club, which will play in the Colonial League this year, thus providing New Brunswick with its first professional ball team, announced the signing of Bob Turner, well-known South Bound Brook athlete, this week.

Turner, a 20-year old negro, is the fifth New Jersey resident to join the team and is now training with the club at its Lakewood training camp. His record, as given by sportswriter Les Shapiro in an exclusive New Brunswick Daily Home News interview, is as follows:

"Turner, hailed as one of the greatest catchers ever to emerge from this state when he made the 1944 All-State team while playing for Bound Brook High School. He fought for the Crusaders in four consecutive campaigns from 1942 to 1945, and during that time amassed a .352 batting average.

During his stay at Bound Brook, the Red and White rolled to four successive Somerset county championships, and in 1944 won the Group III Central Jersey title. Following that season, Turner was selected on the Group III All-State team.

Following his graduation, Turner entered N. Y. U. where he is a physical therapy major, and there played two years of varsity baseball and basketball. He is the captain-elect of the 1948 nine, but has decided to delay the completion of his education in order to play with New Brunswick.

In his first season at N. Y. U. under Coach Joe McCarthy, Turner batted .298, and in 1947 averaged a .308 clip. The rangy six-foot, 165-pounder played a major role in the Violet's march to two consecutive Metropolitan championships, and the eastern finals of the NCAA baseball tournament last year.

Turner's adroit work at N. Y. attracted major league scouts, among them representatives of the Brooklyn Dodgers. He has also been approached by the Newark Eagles of the Negro National League.

While conversing with him in the Turner living room, it became known that Bob's athletic prowess is not confined to baseball. He played football and basketball at Bound Brook, and won two letters with the powerful N. Y. U. squads of 1946 and '47. Included on Coach Howie Cann's teams in those years were Sid Annenbaum, Don Froman, Dolph Hayes and Frank Mangapani, who alternated at forward with DeBonis, and the toss of a coin often decided which would

1946 Turner saw action with the New Yorkers during the National Invitation Tournament, North Carolina, under Ben Carnevale, defeated N. Y. U. in the finals. Looking back on his basketball career, Turner's chief regret was a sprained ankle which kept him out of the Notre Dame game both years.

The Navy has taken over nearly 650,000 acres of public lands at Inyokern, California, as proving grounds for guided missiles and rocket research programs.

Two Fugitives Nabbed In March

The apprehension of two fugitives, one a car thief and the other a negro wanted since 1945, highlighted the police department's activities during March according to a report submitted to the Franklin Township Committee by Police Chief Edwin F. Voorhees. Voorhees lauded patrolmen Douglas Woltchek and Russell Pfeiffer for their alertness in the two cases.

The car thief, Archie D. Neirs, a Camp Kilmer soldier, was caught after he smashed into a tree at 70 miles per hour following a mile and a half chase. Wanted by Raritan Township officers for stealing a car the night before, Neirs was spotted by Pfeiffer and Woltchek at 2 a. m. March 21, when he turned out of Franklin Blvd. onto Hamilton Rd. and sped towards Middlebush. The two patrolmen gave chase and were close behind the fleeing soldier when he failed to round Wert's corner and crashed, injuring both himself and the car badly.

The negro, sought by Voorhees and his staff for jumping ball after a near-riot in the Black Diamond Bar during December, 1945, was spotted walking along a road by Woltchek and captured without a struggle. Voorhees did not reveal the fugitive's name, but said that he had sought refuge in the South during his three-year "hideout".

The chief reported that there had been one dog bite case during the month, but said that the dog involved had not been found rabid. Warning that the dog census will be started very soon, he advised that all township dog owners obtain licenses as quickly as possible. "Only about half of the dogs in the township are licensed at present. The owners of the other half will be subject to arrest unless they license their animals immediately," he said.

A total of eleven arrests were made; 3 for motor vehicle violations, 3 for disorderly conduct, 2 for juvenile delinquency, 1 for non-support, 1 for a Building Code violation, and 1 for fleeing justice.

Two accidents were investigated and a total of six warnings were issued.

The policemen covered 1090 miles during the month, 986 in the police car and 104 in private cars, and spent 146 hours on duty.

150 J-M Men See World of Future

Over 150 supervisors, engineers and research men of Johns-Manville lived in a world of tomorrow Friday in which atomic energy, jet propulsion, infra-red rays and other developments were commonplace in everyday life. They were guests of Previews of Progress, a General Motors presentation, shown by three members of the GM laboratory staff at Far Hills Inn.

The audience was awed as radio-active waves from a natural atomic bomb crackled loudly; amused as an egg was ceremoniously fried on a heatless stove and craned its collective neck as models of a pursuit plane and buzzbomb were driven the length of the hall at high speed by jet propulsion.

Douglas Herron, the narrator, demonstrated butyl rubber, saying that tires made from it would need air only once or twice a year. He then showed a pellet the size of a baseball, describing it as a natural atomic bomb. He explained there was no danger of disaster because the explosions were feeble and spontaneous, instead of forced and complete as in military bombs. A model engine, employing the principle which powered the German V-1 buzz bomb, and models of a p-80 jet-propelled pursuit plane were shown.

The march of artificial illumination from the first incandescent lamp to the new water-cooled mercury lamp and of sound recording was also shown. A heatless stove fried an egg by "irritating the iron molecules in a frying pan."

There are now more than 185 cancer detection centers in the United States. Three years ago there were less than a dozen.

In Safety Program Urges Parental Aid

SOUTH BOUND BROOK—Police Chief Martin Hermann has directed a plea to parents of children attending local schools and residing on the east side of Main street to instruct the youngsters to cross Main street at the guarded crossing at Cedar street.

A police officer is on duty at this crossing during school hours to assure the safety of the children. Chief Hermann stated, but the efforts of the department to safeguard the youngsters is defeated when they cross at other, unguarded intersections.

Baseball League Will Include 3 Township Teams

Three Franklin Township baseball teams will compete in a newly-organized league which will include teams from Finderne, Flagtown, and Belle Meade, Alex Dusky, organizer of the loop, announced this week.

The league, the brain-child of the East Millstone Athletic Club, is now completely organized and play will get under way sometime in May. Dusky said that complete 30-game schedules have been forwarded to each of the six entrants which include Middlebush, East Millstone, and the Franklin Eagles, all of this township.

Denying rumors that the league would be expanded to eight teams instead of the present six, Dusky admitted that he had been approached by many other teams requesting entrance, among them Franklin Park, Neshanic, Raritan, but said that they would not be admitted until next season.

Election Board Officers Named

The Somerset County Board of Elections has announced its appointments to the district boards of registry and election for the coming year.

Franklin Township appointees are: Dist. 1, Vance P. Dunn, Mrs. Grace Ewers, Rep.; John W. Lang, Mrs. Eleanor Batten, Dem.; Dist. 2, Gilbert Summers, Andrew M. Hardman, Rep.; Mrs. Louise Janson, Joseph Tanora, Dem.; Dist. 3, William E. Hart, Mrs. Marion T. Wade, Rep.; Eugene Paris, Richard Reilly, Dem.; Dist. 4, Mrs. Grace Scalletti, Mrs. Grace Edwards, Rep.; Emil Habib, Rose Radics, Dem.; Dist. 5, Joseph Teringer, William Ritchek, Rep.; Carmella Mangano, John S. Gresh, Dem.; Dem.; Dist. 6, Marvin M. Rule, Mrs. Curlista S. Hart, Rep.; John Greene, Mrs. Madge Dey, Dem.

Millstone appointees are: Mrs. Anna Cortleyou, Mrs. Francis Smith, Rep.; Mrs. Caroline Wycoff, Mrs. Wilhelmina Quick, Dem.

Did you know that cancer today presents the broadest and greatest challenge to the mind and spirit of man? And now that you do know, what are YOU going to do about it?

Ten township-owned plots were sold for a total of \$2775, and another road complaint was heard by the Franklin Township Committee at a meeting in the Township Hall, Middlebush, last night.

The plots went to the following: Mrs. Mary Ujvary of 156 Home street, three lots in Pine Grove Manor, \$350; Robert Bussey of RFD 4, New Brunswick, five lots in New Brunswick Estates, \$400; Stephen and Rose Toreky of Girard avenue, two lots in New Brunswick Park, Rivercrest, \$300; Louis and Mary Teringer of 39 Jersey avenue, New Brunswick, four lots in Hamilton terrace, \$400; Stephen and Helen Silwkax of 213 Hamilton street, two lots in Cedar Crest Heights, \$150; Steven and Rose Sur of Hamilton street, one lot in New Hamilton Heights, \$75; Pauline Didrick of RFD 3, New Brunswick, two lots in Roselawn Heights, \$200; Louis Csepl of 161 Baldwin street, New Brunswick; Michael and Joan Czuba of RFD 3, New Brunswick, three lots in Pine Grove Manor, \$350; Arthur and Christina Lattanzio of 164 Irvington Avenue, three lots in Elmore terrace, \$350.

The road complaint, made by four Canal Rd. residents, was the fourth in a series dating back to March 26. At that time, 150 Griggstown residents asked the immediate improvement of the Canal Rd., Walter Mancheski complained about the condition of the Weston School House Rd., and Joseph Batta wanted Howard Ave. repaired.

The latest complainees were led by Frank Smith who inquired how his group could get the conditions of the road and ditch repaired. Committeeman Joseph Staudt, chairman of the road department, told Smith that he expects the road to be repaired shortly. Committee chairman Russell E. Watson Jr. suggested that the group petition the state Department of Conservation and Development for quickest action on the matter. He said that that organization would probably offer aid since the present ditch conditions causes floods and breeds mosquitoes.

Treasurer Alice J. Hageman reported a March 31 balance of \$149,153.83. The month's receipts totaled \$27,187.55 and disbursements were \$57,141.78.

A resolution was adopted calling for the payment of \$189.10 to the City of New Brunswick for supplying water to the Veterans' Housing Cooperative, Inc., during the first quarter of the year. The committee will be reimbursed the amount by the Cooperative.

Township Clerk Fred L. Bascom reported that he had collected \$48.00 during March.

HELD FOR ASSAULT

Charles Shangle, 42, of Kingston was committed to jail early this week by New Brunswick Recorder Joseph J. Takacs and held for the Grand Jury on an assault complaint filed by Arthur Cook, 47, of Lansing Place, Edgebrook. The latter was treated at Middlesex Hospital at 1 a. m. Tuesday for a fractured nose, rib, and lacerations of the head. He was released after treatment.

Griggstown

The Ladies' Auxillary of the Fire Company held its regular monthly meeting on Tuesday at the home of Mrs. Kenneth Greene. Miss Olive Campbell, chairman of the dance committee, reported that the dance will be held May 1 in Schoenthal's Barn, River Road. After the business meeting, the group worked on some slippers they are making. It was decided to have a Sewing Meeting on Monday at the home of Miss Campbell, to continue with the making of the slippers. Refreshments were served.

The Griggstown Improvement Association held its regular monthly meeting in the school-house Thursday evening. In the absence of both the President and the Vice President, Mr. Charles Battle took charge. After the usual business meeting, a film entitled, "Parkways of New Jersey" was shown to the group. Refreshments were served.

Mr. and Mrs. George Drysten and children spent the week-end in New York, visiting relatives.

Mr. and Mrs. Skaar and children, Teddy and Arnold of Brooklyn, spent the week with Mrs. Skaar's parents, Mr. and Mrs.

Doctors say that unless cancer is checked, it will destroy approximately 193,000 Americans in 1950, 227,000 in 1960, 261,000 in 1970, 290,000 in 1980, 313,000 in 1990, and 324,000 in the year 2000!

FARM NOTES

Rolling a lawn may not always be necessary. This year, however, the permanent grasses have been heaved in many lawns, so rolling will help.

Do not roll when the soil is wet, and do not try to level a lawn by rolling. A power-driven roller would be needed, and then the roller would pack the lawn too hard. Rolling should merely settle the heaved grass plants so they can form new roots.

Tent caterpillars will soon be appearing. Although some persons burn these with a torch, this harms the plants by scorching the bark. A thumb in a heavy glove is a good instrument to crush the little worms while they are still in the nest, on a cool morning.

Cold storage lily bulbs should be planted as soon as possible. Stock lying around on store counters will be shriveled and not as productive as sound bulbs. Plant deep (cover six to eight inches) on a layer of sand or fine gravel for drainage and lay them on their sides.

Finish pruning shrubs. Climbing roses, the ramblers, produce their best bloom on long shoots that grew last summer. Cut out part of the older wood. Look over stored roots of such things as dahlias, canas, caladlums, etc. Dahlias and canas may now be divided to planting size. Get your order in for new varieties.
