

The Onlooker

By LEN RUPPERT

Well, another day, another dollar . . . That's how the saying used to go . . . Now, of course, it would be more appropriate if one more zero were added onto that figure and time shortened . . . "Another hour, another dollar", or "Another day, another 10 dollars" would fit today's conditions better . . . Everyone is at the top of his pay scale, receiving more, probably, than he ever received before.

One group which is finally getting its raise after some lean years, in comparison to their less skilled neighbors, is the township elementary school teachers . . . You all heard the fuss raised about low teachers' salaries in the past couple of years . . . Well, it's finally taking effect all over the nation and the school marms are getting what they deserve . . . Here too.

This week, the Board of Education decided that it will continue its present policy of giving the teachers a \$100 yearly raise until a maximum salary is reached . . . It also raised the minimum year's salary hereabouts to \$2,200 from \$2,000 in accordance with a new state law.

Swell . . . The teachers need to be paid well; their job is mighty important to the futures of our children . . . And we imagine that the extra money will be more than welcome when things begin slackening off all over . . . Which may be soon.

As I said before that most people have reached their maximum salaries . . . But the war boom is now all over and things are beginning to swing downward . . . Many people who should know, say a depression is in the offing . . . Latest to cry warning, we see, is Lewis H. Brown, chairman of the Johns-Manville board of directors . . . Mr. Brown is in a good position to know when a bust is coming . . . And according to him, "business has declined a great deal in the past few months" . . . What he terms "rapidly changing economic conditions" have moved him to estimate that by next fall his industry and others like it will need only about 60 per cent of the workers they employed just prior to the war . . . That sounds bad.

Gloomy forecasts are coming from everyone . . . Most claim that the depression we have will not be as big as the 1929 crash, but will be more like the 1921 depression . . . If so, it will still be enough to throw many local people out of work . . . Most local breadwinners are employed in large factories and would be hurt by anything larger than a mild recession.

Personally, we know too little about economics to go out on a limb either way . . . It seems to be the popular opinion that a new depression is as inevitable as a new war, whatever that means . . . The government experts, on the other hand, are pooch-pooching such talk and saying that we can avoid another set-back . . . They claim that the recession now in progress is both a natural and a desirable occurrence which will bring the cost of living back to earth.

We hope they're right . . . And we realize that nothing can bring doom faster than a panicky populace . . . If everyone keeps calm and keeps their money in circulation, things will be fine . . . But if they choose to get scared and hoard their money, look out . . . That'll do it.

And that's enough of that talk . . . We're too far ahead of ourselves perhaps . . . Let's switch the subject . . . Where to? . . . To the township Honor Rolls, set up

Those executing the form will be required to swear that they do not advocate overthrow or changes in the American form of government via any unconstitutional means, that they are not members of any subversive organization, advocating unconstitutional overthrow of the government, and that they are not bound by any allegiance to a foreign country.

\$35,000 Surplus Goes Into Bonds

The Board of Education decided Monday night that it will purchase government bonds with the \$35,000 surplus created when construction costs on the additions to Hamilton and Kingston schools, approved by the voters last year, fell far below expectations.

Estimates made last winter indicated that \$170,000 would be needed to finance the project and that amount was raised, but when construction was begun early this month, it became apparent that only about \$135,000 was necessary.

The board also adopted a suggestion by Ralph W. Thompson, chairman of the teachers' committee, that the present policy whereby township teachers are granted an automatic \$100 salary increase

yearly be continued. In accordance with a new state law passed this spring, which raises the teachers' minimum salary to \$2,200 yearly, the board upped its local schedule which formerly called for a flat \$2,000 minimum. The new ruling will become effective in September.

The action will not be a costly one according to supervising principal Dr. James Lynch, who reported that the increase will affect only six of the school system's thirty teachers and will amount to only about \$750.

It will mean that local teachers will be able, through the \$100 yearly raises, to reach the maximum local pay in their profession, \$400 annually, over a period of only 12 years. It formerly took them 14 years to reach their top pay here.

A recommendation that the state Board of Education's "Self Evaluation in the Elementary School" plan be adopted in local schools was deferred after President C. Rexford Davis and Thompson agreed that it would mean too much extra work for the already overburdened township teachers.

The recommendation was put before the board by Mr. Lyle E. Hagamann, representing the school education committee of the Middlebush P.T.A., at its last meeting.

Mrs. Fred Peters Jr. of Griggstown was employed as a teacher after the board announced its approval. Dr. Lynch recommended Mrs. Peters' employment, saying that she had served satisfactorily as a substitute and has 19 years teaching experience.

Washington Whispers

By J. E. JONES

WASHINGTON, D. C. — Harry Truman is the leading Executive in the Government of the United States.

Harry Flood Byrd of Virginia is close to the "top" in the Democratic membership of the Senate.

Imagine President Truman breaking loose at a press conference with the billous remark that "there are too many Byrds in Congress". Of course every one knows that there is only one Senator named Byrd and that is the name of the leading orchardist in Virginia, the ex-Governor of the State, and a 100 percent citizen.

One might well imagine that there are too many Harrys in the Government - - Harry is in the White House, and other Harrys are in Government offices. Harry Byrd answered Harry Truman when he said: "If the President means he will attempt to purge me from the Senate because I will not accept his dictatorship in legislation, then I will be on hand when the purging starts . . . I owe my allegiance to my constituency in Virginia. So long as I remain in the Senate I will vote as my conscience dictates, and to reflect the wishes of my constituents." The particular Harry who issued

that defiance is regarded as "a better man than you are President Harry, - - Gunga Din".

This isn't a very serious matter. It all began with Senator Byrd's activity in defeating the President's nomination of Mon C. Wallgren, to be Chairman of the National Security Resources Board. That's when the two Harrys split the Democratic ranks in the high places of the Government. Congress Hears from Senator Douglas

"To be a liberal one does not have to be a wastrel", declared the Democratic Senator from Illinois, who says that the Democrats are headed in the wrong direction.

There has been a drop of \$2,900,000,000 in consumer income in the first few months of 1949 and conditions have changed "for the worse", declared the Senator. Under present conditions, with business declining it would be extremely unwise to increase taxes further.

"Our first job is to fry the extra fat out of our Departments and agencies", declared the Senator. He said a mouthful when he proposed that the Government replace only half of its job vacancies

and drop the "drones".

Senator Martin Republican of Pennsylvania, has appealed to Congress to slash President Truman's spending proposals which are so enormous that this country can face bankruptcy.

Housing a Bulwark of Democracy

The American Veterans Committee, the Disabled and Paralyzed Veterans of America have been pushing legislation through Congress that will make it possible for veterans to own houses. During the last four years housing legislation has been virtually "kicked around" and the leaders of the veterans movement are making quite a noise about what they think is an injustice to our young men who gave up so much for their country in World Wars.

Senator Sparkman of Alabama spoke a mouthful the other day when he declared that decent housing is "a bulwark of Democracy". In his opinion "bad housing constitutes a threat to democratic ideals and institutions . . . People living in crowded slums and dilapidated country shacks with their children constantly exposed to disease and unsavory surroundings are more susceptible to visionary ideologies than those who are adequately housed."

Everybody knows that most of the real estate associations that have been building houses are still selling them for several times more than what they are worth. That's a point that should not be overlooked by the Congress of the United States.

Attorney General Tom Clark in an address at Oklahoma City said "the present picture of crime in the United States is far from good. In fact", he added, "I would say it is shocking - particularly so in regard to the percentage of juveniles involved in law-breaking".

In a recent FBI report by Director J. Edgar Hoover it was estimated that in 1948 the total number of major crimes reached 1,686,670.

Rockets Defeat Middlebush 3-2

Big George Wilmont hurled a beautiful five-hit ball game Sunday to give the East Millstone Rockets the first round in their yearly inter-township rivalry with the Middlebush A. C., 3-2, and bring their season's Interboro League record to an even 2-2. Middlebush has yet to win in league play.

The game, played at East Millstone, developed into an old-fashioned pitchers' duel between Wilmont and Middlebush's Roy Reynolds at the very outset and remained that way throughout.

Reynolds weakened first in the third inning when two successive hits, a single by Dick Lazicky and a double by Rocket manager George Paris brought the game's first run.

His mates got him back into the game on even terms in the next frame when Dunham walked, went to second on Cobby Reid's sacrifice, and scored on clean-up hitter George Wade's single to knot the count at 1-1.

But the Paris-Lazicky combination again came through in the fifth to put Wilmont back in front. This time it was Chet Lazicky who scored on a Paris single after walking and stealing second base.

The final Rocket run came in the sixth inning when "Lefty" Felauer blasted a towering home run over the right-centerfield fence to ice the decision.

Middlebush rallied for another tally in their half of the inning, Mickey Hauseman's pinch hit single scoring second baseman Goss, but Wilmont bore down the rest of the way, allowing no one to advance beyond first base.

Leading hitters for the winners were Paris and Felauer, each with two hits in three tries, and John Livak with a two-bagger. Dunham collected two safeties for Middlebush.

Wilmont fanned nine and walked only two in his nine inning stint while Reynolds struck out 8 and walked 4.

Mastricola Hurls Eagles To Victory

The Franklin Eagles, with ace Frank Mastricola at peak form, out-hit and out-ran the South River Gaels at Pine Grove Oval Sunday to emerge with a one-sided 14-1 win, their fourth straight of the season without defeat.

MMastricola was master in twirling a sparkling one-hitter, the finest township mound job of the year. He gave up his only safety and lost his shut-out in the first frame when South River backstop Mosdren lashed out a single to score shortstop Pich, but was invincible the remainder of the game, striking out 13 while walking 4.

His mates gave him more than enough support. Leading the attack were the Lukas brothers, Elmer and Al, who both collected four hits in as many at bats. Elmer connected for the only extra base blow of the fray, a run scoring triple in the fourth.

The Eagles' biggest inning was the seventh when they pounded relief pitcher Duchock for six runs. Every Eagle batter either hit safely or scored a run. Total hits for the winners was 15.

Gloria Keseleski Wed At St. Mary's

Miss Gloria Keseleski, daughter of Mr. and Mrs. Adam Keseleski, of 6 Franklin boulevard and James A. Vertes, son of Mr. and Mrs. John Vertes, of 125 Lexington avenue, Highland Park, were married Sunday at 11 a.m. in St. Mary's of Mount Virgin Church by the Rev. Pasquale Mugnano.

The church was decorated with snapdragons and Miss Helen Nagengast was soloist, while Miss Frances Santisi played the organ.

Given in marriage by her father, the bride wore a white moire faille dress with nylon chiffon skirt and lace inserts. Her fingertip veil fell from an orange blossom crown, and she carried an old fashioned bouquet of roses.

Miss Shirley Jane Keseleski, sister of the bride was maid of honor and wore a white nylon chiffon gown with a red sash and her bouquet was of red roses.

John Gridley was best man and John Vertes and Adam J. Keseleski were ushers.

After a reception at Fairlawn for 80 guests, the couple left on a wedding trip to Washington, D. C., and on their return will reside at 125 Lexington avenue, Highland Park.

Both the bride and her husband who served in the navy, are are New Brunswick High School graduates and are employed at New Brunswick Iron Works, Inc.

The Onlooker

(Continued from Page One)

during the war to honor those who fought . . . Last week we received a letter from Ralph Ahrens of Middlebush asking that something be done about cleaning up the memorial there . . . We looked at the spot ourselves, and was it in bad shape . . . Footprints were all over the walls, some of the name plates were damaged, and the place was generally dirty . . . We haven't seen it since, but we hope that it is cleaned up for Memorial Day . . . The same goes for the East Millstone structure and any others being neglected.

We don't need to lecture on this . . . We're sure everyone agrees that we should keep these tablets in good shape . . . Maybe everyone including the boys who came home wants to forget the war and therefore forgets the honor rolls . . . But it must be remembered that some of the boys whose names are inscribed there, are never coming back . . . In some cases, the honor roll gold star is the only public symbol of remembrance the families of these boys have . . . Must it be a dirty, unkept one or do we have more appreciation than that.

A final note . . . Let's not allow Memorial Day to become too festive of a holiday . . . That's not what it was meant for . . . Gosh knows, we like to have a good time too, but let's pause to remember those who aren't around to enjoy the weather . . . Be good.

of New Brunswick and George Higgins of Roselle Park.

The funeral will be held from the Higgins home on Easton avenue on this morning at 8:30 o'clock and from St. Peter's Roman Catholic Church at 9 o'clock. Interment will be in St. Peter's Cemetery under the direction of the Maher Funeral Home on Easton avenue.
