PRIZE WINNER—Choir novice John Maxwell, right, admires the silver cross awarded Easter Sunday to Bruce Hagmann for the best work as a singing boy in the choir of Christ Episcopal Church, New Brunswick. Bruce, who is the son of Mr. and Mrs. Lyle Hagmann of Amwell Road, is in his third year as a member of the all-male choir. John, son of Mr. and Mrs. Douglas Maxwell, 69 Hawthorne Drive, has recently started as a soprano in the choir. Franklin Township choir boys have won 10 awards in the past nine years, two hymnals for the best beginners, five silver crosses for intermediates, and three gold crosses for musicianship and leadership as senior chorists.

Planning Board OKs 67 Lot Project; Adopts New Policy

Final approval was given a 67 building lots development and a new policy was adopted by the Township Planning Board at a meeting Tuesday night.

Wendell W. Forbes, board chairman, announced that an outside engineer will be called on by the board to inspect any maps presented by applicants who retain a member of the same firm to which the township engineer belongs.

THE NEW POLICY is the result of a recent Grand Jury presentation after investigation of housing development complaints in Woodbridge Township. The Middlesex County jury at that time recommended that no municipal engineer be permitted to inspect his own work or the work of any

member of the firm with which he is connected. The former practice had been followed in most municipalities of Somerset and Middlesex counties.

The board voted to ask the Township Committee to provide a stenographer.

Township HA Elects Laird As Chairman

The newly created Franklin Township Housing Authority, at an organization meeting Wednesday night at Township Hall, elected W. Russell Laird chairman and Mrs. Elizabeth Hale Nelby, temporary secretary and executive director. Dr. Morgan Upton was named vice-chairman.

Authority Counsel Robert E. Gaylor administered the oath of office to members Rev. G. Clifton Woodling, Leonard H. Ruppert, John Carlino and Laird.

Township Talk

Our new magistrate, George Shamy, received a couple of beautiful big bouquets from friends in the township on the occasion of his being sworn in and conducting his first session of court Monday evening.

Evidently feeling the decoration out of keeping with the dignity of the court session, the judge carried the flowers into the police room following his installation, but it's a sure bet the Shamy home is quite well flowered this week.

It's good to know that the Lay Advisory Committee is going to follow up on its recommendations about safeguarding the children on the way to and from school.

One thing some people are sort of hoping they'll get to work on is the traffic situation around Pine Grove School. The traffic policeman is on duty at Highland Avenue and Park St., a block away from the school, but if a walkway were fixed up on Pine Grove Avenue to confine the one which goes part way, and if another could be made for the children who come through from the housing developments, to Highland Avenue, the one school traffic policeman could be stationed right at the school and cover the kids coming from the other direction, too. If this sounds confusing, just ride by there and look at the layout.

Our vote for the most dangerous spot in the township right now is the point where French and Somerset Streets come together on the Lincoln Highway. The new bakery is drawing crowds of customers, and there's no place for them to park except that steep shoulder in front of the bakery, or on the other side of the highway, from where it is as much as your life's worth to get across to the bakery. Isn't there something in the zoning ordinance about businesses having to provide some parking space?

Another new building several people have asked about is the one going up at the corner of Franklin Boulevard and Lincoln Highway. We aren't sufficiently hip to the technicalities of the zoning ordinance to know how it (Continued on Page 8)

Permission to build 100 low-rent dwelling units on land on the westerly side of Somerset St. near Franklin Blvd. and the obtaining of a \$20,000 preliminary loan for necessary investigation and planning will be sought by the Township Housing Authority. It was announced at the organization meeting of the authority Wednesday night in Township Hall.

The loan would be secured from the Public Housing Authority. The local authority made an agreement with the Township Committee for the committee to provide necessary municipal services in return for a share of the rents collected from tenants.

Mrs. Elizabeth Hale Nelby, who was appointed temporary secretary and executive director, said the 1950 census figures showed that there were 478 substandard housing units in the Somerset St. area at that time.

NO SURVEYS have been made since, she said, but it is evident that the total now is higher because of the increased population in that section since 1950.

She said it seems clear that the authority's application for 100 units can be sustained. Should the federal agency grant a lesser number of units, the authority could submit a second application, she said.

PELHAM STEWART

Stewart Heads Fire Chiefs' Association

Pelham Stewart, chief of the Franklin Park Fire Company, was elected chairman of the township fire chiefs' committee at its first regular meeting Monday evening at Township Hall.

John A. Currey, chief of Second District Fire Company, who had served as temporary chairman of the group, was elected secretary.

The firemen of the township have formed a joint organization. Stewart told the RECORD, in order to pool their resources in manpower and equipment, get the most efficient coverage for the entire township in both fire prevention and fire fighting, and prevent duplication of effort.

At Tuesday's meeting the chiefs discussed the new fire ordinance, to be introduced at the next Township Committee meeting. It was drawn up in consultation with them. They plan to make a master list of equipment available in the nine fire companies in the township, so that any special equipment needed may be called out by radio at any time. They discussed ways of educating firemen in saving time and equipment, and ways of enforcing fire prevention rules among the (Continued on Page 8)

SWORN IN—Magistrate George Shamy takes the oath of office from Township Clerk Fred Bascom Monday evening before presiding at his first session of Municipal Court. The new judge is slated to handle court duties here during the leave of absence granted Vernon Hagmann. Hagmann's leave extends through July 15. The 28-year-old Shamy is a partner in the New Brunswick law firm of Pinchus and Shamy.

Vandals Wreck, Fire Camp Of Brooklyn Boy Scouts Here

Seven Brooklyn Boy Scouts, here on a camping trip, were the victims of vandals Tuesday night. Police are investigating the destruction of the boys' camping equipment and personal effects by some juveniles.

THE ACTS of vandalism occurred late Tuesday at a camp site occupied by members of Explorer Post 238 of Brooklyn. The boys had their tents set up on the Rubin farm between Davidson and Elizabeth Aves.

While they were away from the camp for a few hours, someone entered the area. The culprits systematically went through the three tents and then poured coal oil on the equipment and set it ablaze. Burned in the fire were the boys' sleeping bags, blankets, uniforms,

shoes, three tents, a camera, food and personal items. The boys put the loss at \$411.

A PASSERBY noticed the fire and called the Second District Volunteer Fire Company. Firemen in turn called the police and Patrolman Lawrence Culler and Reserve Officer Joseph Bekiarlan responded.

Police Lt. Russell Pfeiffer and Patrolman Carl Erbacher continued the investigation yesterday and will carry out further investigation today.

The Scouts reporting the losses were Arnold Flakowitz, Jander; Kenneth Wisotsky, Stanley Chinsky, Michael Engle, Paul Josephson, Marty Abrams and Paul Jos. All live in Brooklyn.

Big Haul

SHARPSHOOTER—Brer Fox, Mrs. Fox and all nine little foxes were brought in to Township Hall last Tuesday by Ezra Helyar of Zarephath, to have their ears snipped off and collect the state bounty. This is the largest single haul in several years. Helyar says he thinks he has a line on some more.

 ographer to take the minutes of all meetings following a discussion brought on by a resolution which logically altered the minutes of a previous meeting.

The resolution provided for a change in the minutes of a meeting on Nov. 2, 1955. At that time the board heard an application for approval of Section 2 of Middlebush Estates, a development off South Middlebush Road.

NO MENTION was made in the minutes of an approval, pending certain restrictions. However, representatives of the developer claimed that the conditional approval had

been given and that the stipulated conditions had been later met.
 Township Attorney Robert E. Gaynor was asked by Forbes to investigate the problem. He did and reported that in his opinion the approval had been given.

QUESTIONED BY Christo DeLar of Franklin Park. Gaynor said he had gone over the minutes and questioned the engineer and members of the board in arriving at his decision.

It was after DeLar suggested hiring a stenographer that Forbes and Township Clerk Fred L. Bascom said they had been discussing the matter with members of the Township Committee who looked with favor on such a move.

The board took under advisement a suggestion by DeLar that appli-

cants be required to publish the outcome of their applications to the Planning Board as they are required to publish notices of hearings.

SOMERSET HILLS Development Inc. of Plainfield received final approval of its map of Section 1 for 67 building lots on a 82-acre tract south of Easton Ave. and east of Elizabeth Ave.

The developer met several requirements imposed by the board, including a deed to the Board of Education of 8.5 acres of land which adjoins the site of the new Elizabeth Ave. School.

The board reserved decision on an application presented by Roy Brookes of Route 27 who was seeking a subdivision to be used for a 48-home development off Route 27 at Cortelyou Lane.

It was in a discussion of this application that Forbes mentioned the change in policy concerning engineers' inspections.

THE BOARD TOLD a Bound Brook builder, H. L. Schindelar,

that he will be required to submit a new map on his proposed 197-acre subdivision off Easton Ave. and Lakeside Drive.

Schindelar will be required to relocate some of the 32 building lots in the development to comply with restrictions recommended.

Mrs. Catherine McClure of South Middlebush Rd. was given approval for a minor subdivision providing she deeds a right-of-way to the township.

She sought to subdivide one lot, 250 by 260 feet, from her farm which fronts on the road.

The board turned over to Gaynor an application by Mrs. Elizabeth Darby of Girard Ave. who wants to subdivide three lots with 40-foot frontages into two lots with 60-foot frontages.

Action on several applications will be taken at an adjourned meeting of the board Tuesday at 8:30 p. m. in the Township Hall, Middlebush.

It should be ready to submit its application to the PHA by April 18. He recommended an early meeting of the Township Committee which must adopt a resolution favoring the cooperative agreement with the authority.

He outlined the steps through which the application must pass, including its approval by the Philadelphia and Washington, D. C. offices of the PHA, retaining an architect and final contract between the authority and the PHA, prior to letting the project for construction bids.

THE AUTHORITY also adopted a resolution declaring its intentions to submit an application for slum clearance and redevelopment of the blighted section of the municipality.

Joseph Hertz, executive director of the New Brunswick Housing Authority, was present at the meeting and offered authority members any aid he and members of the New Brunswick agency can extend.

He pointed out that the local authority has the power to set residence restrictions on persons applying for the dwelling units in the proposed project.

Hertz offered the authority assistance in setting up a committee system similar to that used by the New Brunswick group.

He also agreed with John Carlano, an authority member, that the group must seek public support for its plans. Hertz was in agreement with Carlano and Leonard H. Ruppert, member, that authority members should be prepared to speak to local organizations to publicize their work.

The authority will hold a special meeting, the first of many in the months to come, on Tuesday at 8 p. m. in the Township Hall, Middlebush.

staff of the New York Regional Office of the PHA, warned the authority members that they must move swiftly to clear away the necessary steps prior to approval of the project.

He said, however, that it would be entirely possible to have the project completed next April.

Mrs. Neihyl expressed the opinion that if the authority and its attorney, Robert E. Gaynor, work diligently, the project can be at the construction stage by July 1. Perricelli told the authority that

Your Garden

BY CHARLES H. CONNORS
Rutgers University, the
State University of New Jersey

A cold frame is a desirable piece of equipment where much gardening is done. If one is available, the hardy annuals—those that can be sown out-of-doors as soon as the soil is ready to be worked—can be started now, as well as many of the perennials.

For the one who has a place for annuals and who feels the desire to be at gardening, some annuals can be sown in the open now. Some of them belong to a group of annuals that require a long season to grow to flower production and most are difficult to transplant.

These will germinate and grow with only simple garden preparation. The garden area where they are to go should be raked to clear it of fallen leaves and other trash. Raking should be light, in order not to disturb the soil too much while it lies wet. In a few days, wind and sunshine will have dried out the area enough so that the surface can be raked lightly.

THEN BROADCAST the seeds, sparsely. The natural movement of the soil and the action of late frost will settle them enough. Large seeds can be pressed lightly into the soil with a board.

In a few weeks they will germinate. As soon as the seedlings are large enough they should be thinned to the necessary distance for good production.

Among the annuals that can be handled in this way are cornflower (*Centaurea cyanus*) and the annual larkspurs. Both of these are

likely to self-sow, and if this is allowed to take place, there will be a gradual degeneration, so it is better to start fresh each year.

Others that respond to this treatment are several kinds of poppy, California poppy, annual chrysanthemums (very fine for cut flowers), annual cape-marigold (*Dimorphotheca*), mignonette.

Roy L. Rotz of Cedar Grove Rd., Franklin Township, made a successful boxing debut in the ring at Paterson last Friday night.

Fighting in the Novice class of the New Jersey State Championships, Rotz moved into the finals after putting Angelo Romano, Clinton middleweight boxer, down in the closing seconds of the first round. Hurt by a smashing left to the mid-section, Romano was unable to continue at the start of the second round.

Roy was forced to fight hard against a difficult boxer. His opponent went in for a lot of in-fighting forcing the Cedar Grove Rd. boy to back pedal. Only on occasion was Rotz able to land telling blows.

During a close exchange in the

opening seconds Romano wrestled Rotz to the canvas for a count of eight. Rotz received a "mouse" under his left eye when his foe bit him with his head while going into a clinch.

With only a few seconds left, Rotz caught his opponent with the final combination on the ropes near Romano's corner.

Roy held himself well throughout despite the wild battling in the clinches. He shows great promise of becoming a well-coordinated fighting machine.

Adriar Bailey of Fair Haven worked the boy's corner. The manager feels that his boy will make the grade if he chooses to continue on the fistie road. At ringside, also, was Cliff Higgins, who has aided the boy in his ring interests.

Township Talk

(Continued from Page One)
stands legally, but it's so close to the road that if the area ever gets civilized enough to call for a sidewalk, there won't be room for one, and when the building is finished, motorists coming out of Franklin Boulevard won't be able to look south on the highway and see what's bearing down on them.

All those foxes that Ezra Helyer brought into the township hall Tuesday brought him \$35 in bounties alone, not to mention the pelts.

Reminds us of something that happened in Middlebush a few years ago. It was just before Smith Road began to be built up, and there was a big snow storm. When it quit snowing, one of the gals in the neighborhood took her dog walking along Smith Road.

Everything was quiet, and the dog was racing back and forth when suddenly a big red fox appeared in the field. He and the dog sniffed at one another as if they were both dogs, then started romping around the field. After about ten minutes of this, the fox evidently figured he had had enough and took off over the hill.

You'll never get a better fifty cents' worth than by going to the Pine Grove PTA square dance next Friday night. You'll also get enough exercise to last you a couple of weeks, if you take your square dancing seriously.

Lewis Stryker, an old Franklin Township boy who now lives in Deans but still comes back to Middlebush to church, is in Rochester this week competing in the National Bowling Tournament. Lewis bowls for Hercules Company where he is employed. While in Rochester, he will visit his nephew, Dr. Ken Thomson and his family at Penfield, N. Y., just outside Rochester.
