Strike at Cleary Firm Goes Into 12th Day; Talks Halted

The strike at the W. A. Cleary Corp. off Rt. 27 went into its twelfth day today with no bargaining talks in sight. Negotiations between W. A. Cleary, president of the chemical company, and the Local 43-488, Oil, Chemical and Smelter Workers International Union, AFL-CIO, which represents the strikers, were interrupted when vandalism was reported at the plant last Friday.

Police said an inflammable chemical, benzal peroxide, was used to spell out the warning, "We mean business," on the ground between two buildings.

THE TWELVE employees on strike have been picketing the plant's entrance 24-hours-a-day since last Friday. Cleary reported that the main issue was a union demand for guaranteed overtime. However, union officers denied that the guaranteed overtime is an issue. They charge the workers, who earn between \$1.20 and \$1.35 an hour, work long overtime hours and family budgets are adjusted to overtime pay.

The union proposes to have a sliding pay schedule reaching in a two-year contract. The rate range at the start would be \$1.55 to \$1.95. After 21 months, it would reach the top, \$1.82 to \$2.07.

THE DOORS of the plant reportedly were open at the time it was entered, and four barrels of another highly inflammable chemical, kerosene, were spilled inside the plant.

Ernest Toth, president of the union local, declared that the vandalism was not done by members of the local.

Cleary noted that a stranger could not be responsible for the damage since he would not have

Auto Flips Over; Two Youths Hurt

Two township youths were slightly injured Sunday night when the car in which they were riding skidded while rounding a curve in Blackwells Mills Road and flipped over.

Treated at St. Peter's Hospital, New Brunswick, for bruises and released were the driver, James E. Adams, 18, of 1 Poe Ave., and a passenger, George Kolsar, 18, of 21 Melster St. Two other passengers, Elmo Senkel, 18, of 18 Whitgr Ave., and Richard Edward of Hawthorne Dr. were unhurt.

ADAMS, who was charged with reckless driving, told police he was driving approximately 85-miles-an-hour when he lost control of the car as it rounded a curve, and the vehicle shot to the left and, hitting a soft shoulder, flipped over.

The youth told police he did not remember how many times the car rolled over.

Investigating the accident were Lt. Russell Pfeiffer and patrolmen Thomas J. Lee and Charles Smith.

Democrats Pick Greenberg to Fill Chairman Post

Hierbert M. Greenberg was elected Democratic municipal chairman Monday night in the Fairlawn.

A (Cald university professor, Greenberg teaches sociology at the Rutgers College of Nursing at Newark. He resides in the Pine Grove Manor Cooperative Apartments.

GREENBERG will succeed Frank E. Willard, who previously announced he would relinquish the post. Willard and Edward R. Rey are Democratic candidates to the Township Committee.

A Brooklyn native, the new chairman was graduated from City College of New York and received his doctorate from New York University. He is a newcomer to the township.

Other officers chosen were: Vice president, Thomas R. Reilly; vice chairman, Mrs. Ella Basteau; secretary, Mrs. Henrietta Napier; corresponding secretary, Miss Laura Glancia; and treasurer, Joseph Ganin.

Motorist Loses License

Paul P. Justewicz, 21, of Franklin Pkwy. and Jefferson Ave., Franklin Park, had his driver's license revoked for four months under the Point System, Frederick J. Gassert Jr., director of Motor Vehicles, announced yesterday.

School Evaluation Nears Vital Stage

Sampson G. Smith, incoming superintendent of schools, announced at the Board of Education meeting Monday night that the next two to six months will be a "critical time for decision" in the township school evaluation program.

The evaluation of schools in the entire United States was termed by Smith as one of the most controversial issues in the country.

THE SCHOOL BOARD had authorized Smith to make an examination of the current curriculum and to direct a survey to determine the school age population and to investigate the availability of high school facilities for township pupils.

Smith said the future of democratic society depends upon what is taught in the schools. He remarked that he felt the board, teaching staff and township citizens "can come out with an answer to what education in Franklin Township should be."

The census of school children will be completed within two weeks, Smith reported. PTA members now are finishing the census. Smith praised the census takers for doing "a good job."

The educator said he has asked each school principal to call meetings of the faculty to gather ideas "on what they think should be done to improve the quality of education in the schools."

Smith noted that the census could be a continuing one, making major canvasses unnecessary, if future homeowners could be required to furnish such information when applying for occupancy permits.

The new school superintendent soon will participate in a seminar on educational evaluation to be held in Washington, D. C.

THE BOARD established six polling places for the special school election May 20 between 4 and 9 p.m., when voters will decide whether to transport all pupils to school who live between two miles and one-half mile from school. Cost of the transportation has been estimated at 75,000.

Polling places are: Phillips School, which includes voters of District 1; Elizabeth Avenue School, voters of Districts 2 and 10; Middlebush School, voters of Districts 3, 8 and 14; Pine Grove Manor School, voters of Districts 7, 4, and 13; Hamilton School, voters of Districts 5 and 12, and

Sale of Record To Nash Chain Is Announced

Today marks the last issue of the RECORD. The newspaper has been sold to Nash Newspapers, publisher of the Franklin News, which will continue publishing under the name of the Franklin News-Record with its next issue on Thursday.

Negotiations for the sale were completed this week with the signing of contracts by Warren Glaser, publisher of the RECORD, and Edward Nash, editor and publisher of Nash Newspapers.

THE ANNOUNCEMENT of the sale of the RECORD, which was founded 24 years ago, was made in a joint statement issued by the publishers. Concerning present subscribers of the RECORD, the publishers declared:

"The News-Record will give paid subscribers of the RECORD full credit for any time still remaining with their paid subscriptions to that paper, and starting next Thursday they will receive the News-Record."

The contracts were signed in the law offices of Leon Gorfinsky, cop-

Former Police Chief Voorhees Feted on His Day

Former Police Chief Ed P. Voorhees was honored at a testimonial dinner last night at Far Hills Inn, Somerville.

A proclamation signed by Mayor Michael Peacos set yesterday aside as Ed Voorhees Day in the township. Voorhees was praised by the mayor for his many years of outstanding service to the community.

SAMPSON G. SMITH, newly appointed superintendent of schools, was a principal speaker at the dinner. Bob Eberly, radio and television personality, was master of ceremonies.

Other speakers were Township Clerk Fred L. Bascom, Tax Assessor Stephen C. Reid, Peacos, former-mayor James G. Maher and other officials.

Voorhees resigned from the police department's top post because he could not keep the job on a full time basis this year. A law enforcement officer for 20 years, he is still a special policeman.

POLICEMEN in charge of the dinner were Lawrence Collier, Rold Tjomssto and Charles Perrino, arrangements; Adolph Canavesio, Charles Smith, Carl Paul and Matthew Miller, tickets, and William Rbar, James Brown, Joseph Bekarian and Collier, publicity; Thomas Lee, John Burlin and Canavesio, gift; Lee, treasurer; Russell Pfeiffer and Tjomssto, speakers and Neeman Williams, John Lebed and Edward Nelson, entertainment.

WATCHDOGS—striking employees of the W. A. Cleary Corp. picket the plant's entrance off Route 27 24-hours-a-day. An officer patrolling the grounds reported that strikers occasionally attempted to stop trucks delivering material to the chemical firm.

A letter from Mrs. Colin Lancaster of Old Rocky Hill Rd. was read by Arthur Westcott, chairman, in which she complained about a health regulation requiring re-vaccinations against smallpox and charged educational instruction in township schools emphasized "trivia and detail."

THE REVACCINATION complaint was referred to the health and safety committee and the educational material complaint to the instruction and personnel committee.

Insurance contracts covering the Elizabeth Avenue and Franklin Park schools were awarded to Louis M. Fitch of 36 Emerson Rd., agent for Cambridge Mutual Insurance Co.

Bids on \$815,000 worth of permanent bonds to finance the two new schools will be received by the board June 9.

AFTER A FOUR-HOUR session, Westcott adjourned the board meeting until next Monday at 8 p.m.

Statewide CD Test May 6

New Jersey's population will be required to take shelter on the morning of May 6, when the air raid signals are sounded during the nation-wide "Operation Alert 1958." Thomas S. Dignan, Acting State Director of Civil Defense and Disaster Control, announced yesterday.

At the same time, he reported, New York and Pennsylvania will order their residents into shelter.

The Alert Signal, a three-minute steady blast on sirens or factory

whistles which means "Hasten to your radio for official civil defense instructions and information," will be sounded at 8:30 a.m., EDT. Approximately one hour later, the Take Cover Signal, meaning "seek immediate shelter," will be sent out from State Control in West Trenton, Dignan said. This signal is a three-minute wavering tone.

THE PUBLIC will be required to remain under cover for 10 minutes following the Take Cover Sig-

nal. The Alert Signal will be sounded indicating that the drill is ended and pedestrian and automotive traffic may resume.

Through the New Jersey Department of Education, all public and parochial school systems will be encouraged to participate during the Take Cover only.

Following the two public action signals, civil defense staffs will man their control centers, in all counties and municipalities to solve paper problems created by the mock attack. No planned local incidents are permitted during this exercise, Dignan explained.

because he wants full emphasis placed on resolving the staff problem.

SETTING the stage for this annual two-day exercise, the Federal Civil Defense Administration is assuming that this nation is being attacked by long-range bombers delivering nuclear bombs to assorted key areas in the country. A two to four hour warning of the attack was provided.

Through his Industrial Civil Defense section, Dignan has issued to plants, factories, public and private buildings, standing rules of behavior. Similar instructions have been sent to all public conveyance firms and agencies. The State Director pointed out that it is the plan to "stop everything" during the public participation phase of the test. However, it is not intended that production should stop in industries or plants engaged in operations which cannot be stopped and resumed again in a few minutes.

The ground zeros, as well as the bomb sizes and type of bursts, will not be revealed by Dignan until the morning of the first day of the exercise. This date is contained in sealed envelopes to be opened by all-level CD officials at a specified time.

Parkway Safest Road in Nation

The Garden State Parkway today had an official stamp on its record as the safest superhighway in the nation for the third successive year.

New Jersey's 173-mile Parkway was rated tops in a national survey of 1957 toll road safety statistics by the American Bridge, Tunnel and Turnpike Association.

EKO:—Gene Parsons, or "The Cactus Kid," has a wide radio following and rightly so for he is one of the top true-blue exponents of good country and western music, not to be confused with rockabilly or rock anything. . . . Gene has come out on Eko label with a gem of a side for country music lovers, "Cactus Kid's Talkin' Blues" . . . clever, it is. . . . Backed by an instrumental, "The Beautiful Texas Waltz."

Talky Teenagers are Telephone Bottlenecks

Ever try to telephone home and get a busy signal for a solid hour? If the answer is yes, you are the parent of a teen-ager. The teen-ager is probably, though not necessarily, of the female sex.

THE PARTY of the second part to the telephone talkathon almost certainly is a female, also. She lives next door. The parties have not seen each other for at least 15 minutes before the call is initiated and will not see each other again for perhaps five minutes after the call is terminated.

The male parent of the caller, during the course of frequent near-apoplectic seizures, has laid down "hard and fast" rules about use of the telephone in the home. These "rules" have at times remained in effect for as long as several hours.

A SURVEY of teen-age habits by the Gilbert Youth Foundation has revealed that teen-age girls consider a 45-minute telephone conversation "ideal," or just about par for the course.

The survey didn't indicate what other subscribers thought of such telephone tactics.

During the past two years, the New Jersey Bell Telephone Co. has offered relief to victims of the teen-age telephone monopoly. The company is selling "teen-age telephones," private lines at a reduced rate financed by resigned and realistic parents or by teen-agers themselves.

So-called teen-age phones are not to be confused with extensions. They are separate instruments, with separate lines and numbers and with a separate listing in the telephone directory if desired.

THEY ARE similar to regular telephones except that they are in near constant use during the late afternoon, early evening and weekend hours.

This means of combating teen-age telephone talkathons has proved popular with harassed subscribers and parents for a variety of reasons.

Parents feel that the telephone helps develop youngsters mentally and socially. They want their children to have full use of phones but not to the detriment of adults in the family. Others declare that by financing a telephone with part of their allowance or earnings in part-time jobs youngsters learn responsibility.

Scores of parents freely admit more selfish interests in financing a teen-age telephone. They say a private wire for teen-agers is the only way to avoid a prime cause of family conflict.

WHATEVER the reason, the idea is catching on. At the end of January, there were some 2,000 teen-age telephones in New Jer-

"ONE NICE THING ABOUT PATSY GETTING MARRIED SOMEDAY - WE MAY LOSE A DAUGHTER BUT WE'LL GAIN A TELEPHONE."

sey. Of these, 135 solved Christmas gift problems for parents last December. The company says the total will double this year.

Teen-agers are cognizant of the telephone problem. In a national survey, 84 per cent of teen-age girls admitted their group dominates the telephone. They claim a private phone is the only way to avoid conflict with the family.

Teen-agers say dating requires full use of the phone. Typical of the teen-age attitude

is a boy who commented: "The telephone is the most important thing in life."

AN OHIO STATE University psychologist agrees. "Telephone addicts develop personality," he says. "It indicates a lack of confidence and friendships if children don't talk on the telephone."

Studies have shown that teen-agers played records, exchanged home work and just plain "yakked" while would-be callers bristled.

Most popular subjects with girls are boys. Boys discuss girls. Parents talk to themselves.

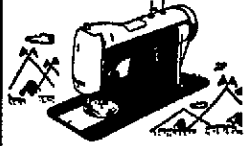

203,692 Own Du Pont

Du Pont was owned by 203,692 stockholders as of March 31, an increase of 2,812 over the number of holders recorded at the close of 1957. The total also was 31,731 over the number of March 31, 1957. Most of the increase was in employees who became stockholders for the first time under the company's thrift plan.

There were 188,627 holders of common stock, and 21,039 holders of preferred stock. Every state in the union is represented among the owners of the company.

Toll Freeloaders Pay the Price

Some 49 motorists paid the law's penalty for failing to pay their Garden State Parkway tolls to automatic collecting machines during the first quarter of this year. The New Jersey Highway Authority today reported that the 49 admitted or convicted toll evaders paid fines in local municipal courts ranging from \$5 to \$100. The latter fine resulted from a conviction as a disorderly person in the attempted use of a slug.

The automatic collecting devices, which augment the services of toll attendants, are installed in the extreme right lanes at most of the Parkway's across-the-road pay points. Providing no change, they accommodate only motorists who have the exact 25-cent fare handy in any amount of coins.

Attendants in nearby booths serve motorists needing information or change.

HARRY STEVENS

Wins Truck Unit Safety Contest

Harry Stevens of Franklin Park, safety supervisor attached to the Metuchen terminal of Eastern Express, Inc., last weekend was awarded a \$50 gift certificate for winning first place in a trailer-truck safety contest sponsored by the New Jersey Motor Truck Association.

The township resident received the award from Anthony G. Nappi, chairman of the annual convention of the truck association, which was held last Friday through Sunday in Asbury Park.

Scouts Schedule Parents' Night

Boy Scout Troop 100 of Franklin Park will hold its third annual parents' night and birthday party Tuesday evening at the Franklin Park School.

Featured in the evening's program will be the presentation of the troop's charter by council officials from New Brunswick, awards to the Scouts, movies and refreshments.

A special highlight will be a troop auction, in which used items of sporting, camping, and hobby equipment contributed by families are auctioned off to the highest bidder. A second feature will be a parent attendance contest, in which the patrol having the most parents present will win a special prize.

Troop 100, organized in 1955, is celebrating its third anniversary this month.

Stevens topped 74 other entrants in a contest to determine who could spot the most "bugs" in a trailer-truck that had been deliberately "rigged" with a high number of defects representing violations of Interstate Commerce regulations governing safety of truck operations.

The contest was designed to dramatize the importance of compliance with the ICC rules.

Disclaims Nuclear Weather Effects

A. Vaughn Havens, assistant professor of meteorology at Rutgers University, Wednesday night spoke on the question, "Does hydrogen and atomic bomb testing have any effect on weather?" at a meeting of the Lions Club in the Fairlawn, Rt. 67.

The speaker declared, "At the present time there is no evidence that nuclear testing changes the weather."

HAVEN EXAMINED four theories which attempt to explain his claims that nuclear testing does not alter weather conditions. The theories are: 1—Testing has cloud seeding effect; 2—nuclear testing disturbs the electrical balance in the atmosphere; 3—a reduction of the sun's radiation is caused, and 4—energy liberated effects the weather.

County PTA Unit Sets Spring Meet

The annual spring meeting of the Somerset County Council of Parent-Teacher Associations will be held at the Harlingen Church, Harlingen, Tuesday from 10 a. m. to 2:30 p. m. Registrations will start at 9:30 a. m.

Dr. Albert E. Jochen, assistant commissioner of vocational education, will report on the recent survey conducted by the State Department of Education on the need for a vocational school in Somerset County. The results of a county study of the survey will also be discussed.

A panel on "Are Our Children Under Organized or Over Organized?" is planned.

Reservations are to be made through Mrs. Frank LaVere of South Bound Brook, EL 6-2709, or Mrs. William Carknuff of Somerville, RA 5-0901. Publicity books are to be displayed to receive State Publicity Certificate. Three books will be chosen to be on exhibit at the state convention in October. All local units are urged to send as many delegates as possible.

representing Mr. Glaser. John Fritts of the Somerville law firm of Wharton, Stewart & Davis represented Mr. Nash.

Mr. Glaser, who heads the Spokesman Publishing Co., made the decision to sell the RECORD because of the pressure of his business activity in Middlesex County.

The Spokesman Publishing Co. publishes three newspapers in Middlesex County and conducts an extensive commercial printing business.

THE OFFICE of the News-Record will be located on Railroad Square, Middlebush, headquarters of the Franklin News since its inception in October, 1954.

The first publisher of the RECORD was Edward Rey of Kingston, who is the Democratic candidate for Township Committee in next November's election.

The RECORD for many years was published by the late John Van Middlesworth, member of one of Franklin Township's oldest families.

MR. GLASER purchased the RECORD in 1947 from J. W. Pierce of East Millstone. Mrs. Richard B. Farnham and Mrs. Frank Weisenborn were among its editors. Mrs. Weisenborn is now a member of the Board of Education.

Mr. Nash purchased the Manville News in 1946. A year after the founding of the Franklin News, he started the South Somerset News, which covers Hillsborough, Montgomery and Branchburg Townships.

ested in paying off political obligations and to even scores." Carlano charged, "cannot agree among themselves on a beneficial program for the township. The taxpayer is beginning to realize that he will not obtain relief from burdensome taxes and sketchy municipal services from the present Democratic regime."

LEONARD RUPPERT and Brandon Pusey, Republican candidates for the Township Committee, spoke on the forthcoming campaign.

Palmer To Give Talk

August G. Palmer, director of the Somerset County Park Commission, will describe the objections and achievements at the commission to the Somerset County Democratic Club at 8 p. m. in Somerville Inn. A brief business meeting will precede Palmer's talk.

MOMENTS TO REMEMBER—Dr. James M. Lynch, retiring superintendent of township schools, Tuesday night was presented a Parents and Teachers Association life membership certificate and pin by Mrs. Milton Stoll, president of the Pine Grove Manor School PTA. A program, "This Is Your Night," was held by the PTA in the school auditorium to honor Dr. Lynch.

Honor School Superintendent

"This Is Your Night," was the theme of the program honoring Dr. Thomas M. Lynch, retiring superintendent of township schools, held Tuesday night by the Pine Grove Manor PTA. The surprise element was the bringing together of many of the friends Dr. Lynch has made during the years.

Those attending, honoring Dr. Lynch and speaking briefly on their personal association with him, were: Mr. and Mrs. Herbert Colfer of Bound Brook, and Mr. and Mrs. Wilbur Hankinson, Mr. and Mrs. A. J. Mazza, Theodore Fitzee, William Denny, John Fitzpatrick, Tom Zehner, Joseph Hoffelder, Fred Williams, Mr. and Mrs. William Weis and Mr. and Mrs. Harry Froude, all of South River.

ALSO, Joseph Budd, a former student; George Cuddy; Mrs. Margaret V. D. Welch, principal of Pine Grove Manor School; Mrs. Florence Randolph, secretary of the Board of Education; Mrs. George Carr; Edmund Jenkins; Leonard J. Bardesly, former president of the Board of Education; Jack Rieur; Ernest L. Gilliland, Somerset County superintendent of schools; Dr. Sampson Smith, incoming superintendent of township schools, and Mrs. Lynch.

On behalf of the PTA, Mrs. Milton Stoll, president, presented Dr. Lynch with a life membership in the PTA.

James Loyacano of the Highland Park School of Dancing was accompanied for the program. Mrs. R. William Reiser was in charge of the affair. Mrs. William G. Pattison, a member of the Board of Education and a former president of the PTA, was mistress of ceremonies.

PRECEDING the program a regular business meeting was held. At the opening of the meeting Mrs. Stoll welcomed members of the Hamilton School PTA who were guests at the meeting.

A letter was read by Joseph Budd, safety chairman, that had been written to the Township Committee, urging construction of sidewalks in Highland Ave. and Franklin Blvd. The general PTA membership decided, upon the motion of the executive board, to favor construction of sidewalks leading to schools, rather than having bus transportation for children under the two mile limit.

Mrs. Joseph Horvath, chairman of the nominating committee presented the following slate of officers: Mrs. Milton Stoll, president; Mrs. Harry Martyn, first vice-president; Mrs. Wilbur McComas, second vice-president; Mrs. Ber-

Nathan, Mrs. Joseph Maimone, Mrs. Wilbur McComas, Mrs. Bernard Sobelsohn, Mrs. Norman Dell, Mrs. Joseph Luzzo and Mrs. Joseph Horvath.

The flag salute was led by Boy Scout Troop 56. Leaders are William Clampa and Theodore Williams. Scouts attending were Carl Burds, John Sampson, Nicky Williams, Charles Lenky and Albert Phillips.

The attendance award was won by Mrs. Bossow's second grade class.

Mrs. F. Amoroso is chairman of the graduation dance to be held June 6. Members of her committee are: Mrs. T. Icke, Mrs. J. Perisonotto, Mrs. S. M. Schneider, Mrs. J. Horvath, Mrs. N. Dell, Mrs. M. Gudnarick, Mrs. M. Steckel, Mrs. J. Luzzo, Mrs. C. Masters and Mrs. M. Beinstock. This year the PTA will sponsor a bus trip for the eighth grade class.

MEMBERS OF the executive board serving as hostesses were: Mrs. Harold Napear, Mrs. Kurt
