## Cranford PB hears report on areas possibly in need of redevelopment

By EmilyAnn Jackman  
Staff Writer

CRANFORD — Cranford is looking toward change as the township discusses certain areas in need of redevelopment. The scope of the Aug. 19 Planning Board hearing was solely to discuss which areas are in need of these changes; members were not making policy. The areas up for discussion are properties that would be designated as condemnation areas in need of redevelopment.

The presentation was made by Cranford Township Special Counsel of Redevelopment Michael Ash, along with the board's regular planning expert from Maser Consulting, Nick Dickerson, who was appointed to conduct the preliminary study.

With Ash, Dickerson discussed and presented testimony related to the potential designation of certain properties as condemnation redevelopment areas.

"The formal title of the report is 'Condemnation Area in need of Redevelopment Investigation: Cranford, New Jersey, Union County, Block 193 Lots 6.01, 10, 11, 12, 13, 14 dated July 2020,'" Ash said at the meeting, which was held via Facebook Live. "In addition to the two documents we've prepared for the board,

the redevelopment law also provides for written comments — written submissions to be available, considered and reviewed by the Planning Board in this type of redevelopment designation hearing."

Ash said he had received two correspondences from members of the public — one of which came from Cranford residents Barbara and Frank Krause.

At the meeting, Dickerson provided background for the redevelopment process.

"This Planning Board typically hears applications and applies a statute known throughout New Jersey as the Municipal Land-Use Law," Dickerson said. "Tonight, we're focused on a completely different law. It's a different statute, and it's known as the Local Redevelopment and Housing Law. It's in partnership with the municipal land-use law, but it's a separate body of law and there's a specific process identified in the redevelopment law that allows for municipalities, as they have throughout New Jersey, to unveil themselves as a planning tool. It's a planning tool that allows for the reconsideration, redevelopment and rehabilitation of properties in very specific and targeted areas in a municipality. Since it is separate from typical zoning processes, the procedure

Nick Dickerson, a planning expert from Maser Consulting, presents his report during the Cranford Planning Board meeting on Aug. 19 on Facebook Live.

and process flows from the powers in the redevelopment law."

According to Dickerson, the Redevelopment Process is an eight-step process starting with the governing body of the municipality. This process allows a township committee to authorize a municipal planning board to undertake a study and hire a planner, who prepares a report. The findings of that report are then presented in a public hearing, which is Step 2. The Aug. 19 meeting was that hearing.

According to Dickerson, based on a compilation of documents, reports, testimony, public comments and the written submissions, the Cranford Planning Board will now move to Step 3, which is to make a recommendation to the Township Committee as to whether or not the properties meet the criteria under the redevelopment law. ## Does NJ owe you unclaimed money?

If you have unclaimed money in the state of New Jersey — a forgotten deposit with the electric company, an interest-bearing bond you received that your mother tucked away for safekeeping or maybe an inheritance you never knew existed — the state's Unclaimed Property Administration is looking for you.

New Jersey law states that only you can claim that money; therefore, the state will hold that money in perpetuity if you never step forward. In its effort to find the owners of this unclaimed wealth, the Unclaimed Property Administration, a part of the N.J. Department of the Treasury, annually publishes the names of everyone with unclaimed money in the state.

Last week and this week are the UPA's 2020 publication weeks. As such, inside this issue of Union County LocalSource is approximately 80 pages containing the names of those with claims and their last known addresses.

Is the state trying to find you? Look inside and find out.

# County and Kean U. announce innovative initiative

UNION COUNTY — The county of Union will continue to operate its free COVID-19 testing site at Kean University throughout the fall semester under a first-of-its-kind partnership that will provide testing for the campus community as well as opportunities for research and student employment, Union County Freeholder Chairperson Alexander Mirabella and Kean President Lamont Repollet recently announced.

The county, which was the first in New Jersey to operate a COVID-19 testing site, will expand the partnership to provide a valuable public service for Union County residents and first responders from across the state while enhancing academic coursework, internships and employment for Kean students.

"The pandemic presents challenges on every front, but it also creates unique opportunities like this one for government and higher education to work together," Mirabella said. "Combining forces like this not only helps the county to fight the spread of COVID-19, but also provides Kean students with hands-on experience in fields ranging from data analysis to public health management to crisis communications."

Repollet said the decision to keep the testing site operating on campus throughout the fall semester was made in keeping with the university's longstanding commitment to public service and in response

to requests from the university community for efficient testing and contact tracing. The combination of significantly reduced campus density and continuous access to testing will help the Union campus to operate successfully throughout the semester, he said.

"This partnership is an opportunity for Kean to demonstrate its innovative nature as well as its strength in applied research and public service as it pursues a long-term goal of securing research university status," Repollet said. "Working together, this initiative can show immediate results to benefit not only the campus community but also the county and the state of New Jersey."

Gov. Phil Murphy acknowledged the "one of a kind" partnership between Union County and Kean University.

"I congratulate and thank Union County Freeholder Chairman Alexander Mirabella and Kean University President Dr. Lamont Repollet," Murphy said. "This is a unique opportunity for those in public office and in our higher education settings to work together to not only defeat this virus, but to train the next generation of virus-fighters."

Ada Morell, chairperson of the Kean board of trustees, also noted that the partnership moves the university forward in areas of research, public health and public service, and provides students with internship and job opportunities at a time

when such opportunities are scarce.

"It's good to see Kean and Union County taking a challenging situation and turning it around to benefit our students and faculty," Morell said. "This initiative will further enhance the world-class education we provide by expanding research and service where it is needed most."

The university and the county also are pursuing plans to create a unique and efficient one-stop COVID testing center by seeking certification for Kean University laboratories to process samples taken at the county testing site. Kean currently has the technical ability to process samples, but it requires federal approval to operate its labs for such a purpose. As demand grows for this type of processing, the university, with guidance from the state, hopes to secure the approvals later this year.

"With leadership and support from the state of New Jersey, this one-stop COVID-19 testing center would be the first of its kind on a New Jersey college campus and would enhance the county's ongoing efforts to stem the spread of the coronavirus," Repollet said.

Chairman Mirabella said the possibility of using Kean's labs to process nearly 2,500 to 3,000 samples each week would revolutionize the current operation by significantly reducing wait times for test results.

"This could be a game changer for county residents and really all of New Jersey,"

Mirabella said. "The faster we can provide people with test results, the more effective they can be in isolating and the more effective we can be in contact tracing."

State Sen. Joseph Cryan, whose district encompasses Kean University, said, "History will mark this moment with the observers and the doers. And while around the country, institutions of higher education are changing their fall semesters to remote instruction, Kean University is adapting its programming to move beyond classroom teaching and into a real-world practicum."

State Sen. Nicholas Scutari, a Kean alumnus, said, "The development of these services will be absolutely essential to managing the pandemic in Union County with the fall season fast approaching. We must be able to diagnose those who use the test center quickly, and it creates an opportunity to draw upon expertise of the Kean faculty and the energy of its students. Once again, Union County is leading the way in the battle against COVID-19, and I applaud the many partners who have come together."

Union County opened its COVID-19 testing site at Kean University on March 23 and has administered more than 43,000 tests since that date. The county also has expanded community testing and outreach. # Union BOE hears report about new virtual features

By EmilyAnn Jackman  
Staff Writer

UNION — In a detailed presentation, the Union Public Schools superintendent outlined the district's plans for reopening in September at an Aug. 18 Board of Education meeting held via Zoom.

Union Schools Superintendent Gregory Tatum discussed recent assessments surrounding a safe reopening of schools.

"Since our last meeting, a number of questions have arisen regarding the safety and opening of our schools in September," Tatum read during the meeting. "As I've reported in the past, the CDC and guidance from the state continues to change. As we all know, the governor announced that all school districts may elect to begin the school year in a virtual format. The following assessments having been conducted in our district facilitated discussion to reopen safely."

"Supervisor of buildings and grounds reported that all classrooms in the district have some form of proper ventilation," he continued, referring to Barry Loessel. "He has identified that all schools have three or more windows (per classroom) that now open. However, there are areas within the district that do not have windows in some office space areas. Mr. Loessel assessed the ventilation system in every school. He reported that all systems are working with the appropriate air flow. New filters have been installed and all rooftop air conditioning and heating units have HEPA filters and have been installed."

"Additionally, all window units have the proper filters installed. However, there are some areas in the district that will need renovation repairs. It was also reported that some of these repairs may be completed prior to the school's opening but he could not offer a guarantee that this will happen. I was also informed that he will have all the schools tested for air flow respective to COVID-19," he added.

Union Board of Education members hold a meeting via Zoom on Aug. 18. Superintendent Gregory Tatum details his assessment reports during the meeting.

Tatum also touched on staffing and supplies.

"At this time, approximately 300 staff members have initiated requests for a leave of absence or to teach remotely," Tatum read. "This will have a direct impact on the hybrid programs because of the difficulty to staff for class size for in-person instruction reflecting social distancing requirements of 6 feet. School supplies are arriving daily. However, some of the personal protection equipment happens to be on back order and will be required to start the school year in an in-person fashion. This is an issue many districts are facing around the state."

Tatum outlined his reopening recommendations for the school year.

"Therefore, I am recommending that our district begin the 2020-2021 school year in a virtual format," Tatum read. "I'd like to establish a benchmark date of Oct.

15, 2020, to assess our progress toward a possible reopening of the district with a hybrid program on Nov. 1, 2020. I must caution everyone that this date will be subjected to changes should the district not be ready with all of the requirements to restart the hybrid model."

"I'm also recommending a revised calendar that would begin instruction on Sept. 9," he continued. "It will provide additional preparation for our district's possible opening with the remote plan."

According to Tatum, the administration and board would further discuss virtual learning at each school in an Aug. 20 planning session.

Assistant Director of IT Craig Wojcik provided an overview of the virtual concept and what will be available for students and teachers.

"We've been working to bring some resources into the district to be able to pre-

pare us as we potentially move towards virtual instruction," Wojcik said during the meeting. "Over the summer, what we've been working on is the Teacher Technology Team, better known as the T3, which has been providing training throughout the district to our district staff. So far, we've done weekly training starting at the end of June and we've done three per week up until the end of July, and then starting in August, we've been doing six per week. We've done a total of 40 training sessions to date. We've been averaging around 200 teachers per week showing up to our trainings."

"The T3 is working towards creating consumable information for the teachers," Wojcik said. "Our YouTube page is available for teachers to go back and rewatch the videos that we've been posting. We're continuing to work now to prepare those same types of consumable content for our students and parents. When we do go to the virtual environment, they'll have some resources at their disposal to make sure that they're trained on what they need to do on their end."

According to Wojcik, the district brought in a new digital platform for the 2020-'21 school year.

"First, I want to start with G Suite, which seems like something we've had for a while. But one of the moves that we've made is to go to Enterprise for Education," Wojcik said. "What that will do is, as Google rolls out their new features, specifically on Google Meet, we will have those in-district. But this upgrade also provides a lot of other features to the district that will be valuable to us as we move forward."

This new platform provides teachers with better options to monitor students' work.

"This will provide all of the staff access to Plagiarism Checker," Wojcik said. "They can actually check students' work against the entirety of the internet, as well

# Freeholders celebrate 'county commissioner' name

UNION COUNTY — The Union County Board of Chosen Freeholders welcomes a new state law that changes the names "board of chosen freeholders" to "board of county commissioners" and "chosen freeholder" to "county commissioner" for all 21 counties in New Jersey. Gov. Phil Murphy signed legislation Aug. 21, and the changeover will take place in 2021.

The title "freeholder" dates back to the 1700s. It refers to white male property owners who had clear title to their land, reflecting laws that effectively prevented most women, and practically all black Americans, from holding public office in New Jersey.

"This freeholder board strongly supports the Black Lives Matter movement, and we support efforts to break down the barrier of structural racism in all its forms," Union County Freeholder Chairperson Alexander Mirabella said. "This change in title will finally put to rest a centuries-old concept of civic participation that is out of step with the diversity of our population and inconsistent with the principles of equality."

"County commissioner" is an inclusive title that celebrates and respects all citizens who seek to participate in the civic fabric of our community," said Freeholder

Union County Freeholders Rebecca Williams, Angela Garretson and Andrea Staten join Gov. Phil Murphy in a bill-signing ceremony in Trenton on Aug. 21 for a new state law that changes the title of 'freeholder' to 'commissioner.'

Angela Garretson, who sponsored a freeholder resolution in support of the name change and worked with colleagues at all levels of government throughout New Jersey to advocate for the change. "As one of five women on our nine-member freeholder board, I understand the historical significance and need for change. I am

especially proud of the transition to a title that fully embraces the contributions of all women, minorities and/or nonprivileged members into the democratic process in New Jersey."

"We continue to strive to represent our ever diversifying constituency," Freeholder Andrea Staten said. "As an African

American member of a majority female board, this new title is a positive and significant change for county freeholders throughout the state of New Jersey."

"As the late, great Toni Morrison noted, language is something that we 'do,' it is the action verb that we perform daily. With the change to county commissioner, the state of New Jersey acknowledges that the path toward an equitable and inclusive society requires that we pay attention to how we use language to represent both ourselves and the people — as commissioners, we are entrusted to serve the people with all the meaning with which that word is invested," Freeholder Rebecca Williams said.

Collective efforts to modernize the title have been undertaken periodically in recent years. These efforts gained momentum in recent months, following the murder of Minneapolis, Minn., resident George Floyd. The widespread actions, including many in New Jersey and Union County, challenged the persistence of institutional and structural racism in America and raised awareness of the Black Lives Matter movement and racial inequities, at a time when the COVID-19 crisis has underscored disproportionate impacts on health and food security.

## Fatal shooting in Plainfield is being investigated

PLAINFIELD — A shooting that left one man dead and another seriously injured in Plainfield on Aug. 20 is under active investigation, acting Union County Prosecutor Lyndsay Ruotolo and Plainfield Police Director Lisa Burgess jointly announced on Aug. 21.

The deceased victim has been identified as Cory Johnson, 30, of Plainfield.

Just before 8:30 p.m. on Thursday, Aug. 20, members of the Plainfield Police Division responded to a report of gunshots on the 400 block of Grant Avenue and found Johnson and a second adult male shooting victim, according to the preliminary investigation.

Johnson was subsequently pronounced dead, while the second victim

was rushed to a local hospital for emergency treatment, after which he was listed in critical but stable condition.

This investigation is being led by the Union County Homicide Task Force and assisted by members of the Plainfield Police Division, Union County Sheriff's Office Crime Scene Unit and Union County Police Department Ballistics Unit. Any-

one with information is urged to contact UCPO Detective Angela Concepcion at 908-341-5416.

Union County Crime Stoppers is also offering a reward of up to \$10,000 for information leading to an arrest and indictment in this case; tips can be given anonymously by phone at 908-654-8477 or online at [www.uctip.org](http://www.uctip.org).

## Rahway man indicted on public corruption charges

RAHWAY — A Union County man has been indicted on charges of making corrupt payments to a public official, wire fraud and using a facility in interstate commerce to facilitate bribery, U.S. Attorney Craig Carpenito announced Aug. 19.

Jeanmarie Zahore, 56, of Rahway, is charged in an indictment unsealed Aug. 19 with one count of making corrupt payments to an agent of a local government receiving federal funds, two counts of wire fraud and one count of violating the Travel Act to carry on bribery. Zahore made his initial appearance before U.S. Magistrate Judge Cathy Waldor and was released on \$100,000 unsecured bond. No date has been scheduled for Zahore's arraignment.

According to the indictment, Zahore was the sole owner of JZ Nettech, a computer consulting business that he operated out of his residence. On Sept. 15, 2015, the City Council of Orange Township

passed a resolution awarding JZ Nettech, without competitive bidding, a \$350,000 emergency contract to install a computer networking system at a municipal complex that housed the Orange Municipal Court and the Orange Police Department.

From August 2015 through at least Nov. 23, 2015, Zahore engaged in a scheme to offer and give corrupt cash payments to an unnamed Orange public official, called hereafter Individual 1, to influence and reward Individual 1 for using Individual 1's influence to arrange for Orange to award JZ Nettech the emergency contract and to facilitate payments from Orange to JZ Nettech.

After communications between Zahore and Individual 1, at a meeting at the Municipal Complex on Sept. 14, 2015, Individual 1 advised a senior court official of the Orange Municipal Court and a senior police official of the Orange Police Department that there was an urgent need

to address a potential security vulnerability in the Municipal Complex's computer network and that JZ Nettech had been selected as the vendor to fix the problem. Individual 1 caused Orange to issue a Certification of Funds, certifying that \$350,000 was available for the Municipal Complex Project and identifying the vendor as JZ Nettech.

On Sept. 15, 2015, Individual 1 spoke before the Orange City Council in support of allocating emergency funds for the Municipal Complex Project and awarding the Municipal Complex Project to JZ Nettech. At the meeting, during which Orange City Council members raised questions about the selection of JZ Nettech as the vendor for the Municipal Complex Project, Individual 1 did not disclose that Individual 1 had engaged in communications with Zahore since at least Aug. 31, 2015.

On Sept. 16, 2015, the day after the Orange City Council approved the

\$350,000 contract, Individual 1 approved the issuance of a blanket purchase order authorizing Orange to pay JZ Nettech \$350,000 in connection with the Municipal Complex Project.

On Sept. 17, 2015, after Zahore and Individual 1 texted about Zahore's invoice to Orange and meeting with each other, Zahore sent an email to Orange Employee 1, attached to which was a JZ Nettech "invoice related to the 1st stage of the project" seeking a payment of \$115,000. On the same date, Zahore sent a text message to Individual 1, stating that he had sent the invoice to the employee and asking if Individual 1 wanted a copy.

On Sept. 18, 2015, Zahore sent an email to Orange Employee 1, attached to which was a revised JZ Nettech invoice, still seeking a payment of \$115,000, but now indicating that \$34,460 of the \$115,000 was for the "Purchase of wiring

# Library, Theater Project partner for reading program

UNION — During the theater shutdown, how could actors who would normally be preparing to perform on stage use their skills and time to benefit the community? "Actors Reading with Kids," aka ARK, was piloted by the Theater Project and the Union Public Library on the premise that acting and teaching have much in common and that, as skilled, trained readers, actors could coach children in developing confidence and excitement for the vital exercise of reading aloud.

"We wanted to show the arts were relevant even during a pandemic," Theater Project Artistic Director Mark Spina said. "I know that actors have many of the qualities that make great teachers: creativity, improvisational skills, contagious energy and enthusiasm. What better way to demonstrate how we enliven a community than by having actors turn students on to reading?"

At a time when the building and the books were off limits to patrons due to the pandemic shutdown, Union Public Library and Director Karen O'Malley were eager to pilot the online program.

"The Union Public Library Youth Services Department was so excited to partner with the Theater Project this summer for this project," Youth Services librarian Jackie Hincapie said. "We knew this summer was going to be very different, and our main goal as a library was to continue

Some of the volunteer actor-teachers for ARK include Gary Glor, of Union; Angela Della Ventura, of Watchung; Deb Maclean, of Glen Ridge; and Lynn Marie Macy, of Cranford.

to provide engaging, educational and, perhaps most important of all, fun programs and activities for the kids we serve as a library. The ARK program checked all those boxes."

Hincapie guided the nine actor-volunteers in the use of the library's many online resources.

"I've been using libraries all my life, but I had no idea so much was available online — it's very exciting!" volunteer actor and playwright Lynn Marie Macy, of Cranford, said.

"It's great to have this resource not just for our students, but for ourselves, especially now with social distancing," volun-

teer actor Gary Glor, of Union, said.

Other Theater Project volunteer actors included Melissa Cox, of Summit; Noreen Farley, of Clinton; Deb Maclean, of Glen Ridge; Matt McCarthy, of Chatham; Angela Della Ventura, of Watchung; and Thomas Vorsteg, of New York City.

After a brief training and brainstorming session, each actor/teacher met with their student once or twice a week over the summer via Zoom to model and practice expressive reading and provide coaching in word recognition, vocabulary and comprehension.

"I am having so much fun," volunteer actor Deb Maclean said. "Do we have to stop? Can we do it again next summer?"

The Theater Project hopes to repeat the program next year, if not sooner.

"It was great hearing how much the kids enjoyed reading with the actors. I wholeheartedly believe the skills they developed during the ARK program will stay with them for years to come," Hincapie said.

"These actors have given the children an incredible gift: the message that reading, and the kids themselves, are so important that a stranger — an actor, no less! — would volunteer their time to focus on this project," Spina said.

# UC conducts user survey of free COVID-19 testing

UNION COUNTY — The Union County Freeholders COVID Response Team is conducting a text message survey of Union County residents who have received free COVID-19 tests at the county's COVID-19 Drive-Through Test Center and the Mobile Test Unit. First responders and front-line health workers who work in New Jersey are also eligible to receive free tests regardless of residence, and are included in the survey.

The test center and mobile test unit are initiatives of the freeholder board in response to the COVID-19 outbreak. The test center was the first county-based facility of its kind in New Jersey. It has conducted more than 40,000 COVID-19 tests since opening at the Kean University campus in Union Township on March 23.

The mobile test unit travels to various

locations in Union County and has conducted more than 2,000 tests for senior residences and other at-risk population groups on a walk-up basis, with no car required. The mobile test unit is also available to the general public on a walk-up basis.

"If you receive a text message from the Union County Freeholders COVID Response Team regarding the survey, please take a moment to answer a few brief questions," Freeholder Chairperson Alexander Mirabella said. "Your answers will help us ensure that these free services continue to play an instrumental role in preventing the spread of the COVID-19 virus in our community."

The survey is an official program of the Union County Division of Health in the Department of Public Safety. All responses are completely confidential.

## Anthony Salters indicted on tax and fraud charges

HILLSIDE — Hillside Democratic Committee Chairperson Anthony Salters was indicted Aug. 18 on charges of filing false tax returns, statements and other documents; failing to file a tax return; wire fraud; and student aid fraud, U.S. Attorney Craig Carpenito announced.

Salters, 58, of Hillside, was charged by indictment with one count of subscribing to a false tax return for tax year 2013; two counts of subscribing to false tax returns, statements, and other documents for tax years 2014 and 2015; one count of failing to file a tax return for tax year 2016; and four counts of wire fraud and three counts of student aid fraud in connection with student financial aid obtained for his

dependent child. No date has been scheduled for Salters' arraignment.

According to the indictment, Salters was a principal of Media Allies LLC, a company that purportedly provided public relations services. Salters signed, filed and caused to be filed with the IRS U.S. Individual Income Tax Returns, Forms 1040, for tax years 2013, 2014 and 2015, each of which contained a written declaration that it was filed under penalties of perjury. According to the indictment, each Form 1040 falsely stated that Salters' business income was zero and his total income was zero, when, in fact, Salters and Media Allies had substantial gross receipts in tax years 2013 to 2015, as well as tens of thou-

sands of dollars in gross income in 2016, the tax year for which Salters reportedly failed to file a tax return.

Salters allegedly reported false information about his income in connection with his dependent child's application for student financial aid. From January 2014 to May 2017, Salters reportedly engaged in a scheme to defraud the U.S. Department of Education, the New Jersey Higher Education Student Assistance Authority and a university in New Jersey where Salters' dependent child was an undergraduate, by submitting and causing to be submitted materially false information underreporting Salters' income, including the information provided in his depend-

ent child's Free Applications for Federal Student Aid, or FAFSAs.

The count of subscribing to a false tax return, statement or other document is punishable by a maximum of three years in prison; the count of wire fraud is punishable by a maximum of 20 years in prison; and the count of student loan fraud is punishable by a maximum of five years in prison. All three counts are also punishable by a fine of \$250,000. The count of failure to file a tax return is punishable by a maximum of one year in prison and a fine of \$100,000.

The charges and allegations contained in the indictment are merely accusations, and the defendant is presumed innocent unless and until proved guilty.

## County clerk answers questions about vote-by-mail

UNION COUNTY — Union County Clerk Joanne Rajoppi urges voters to familiarize themselves with vote-by-mail procedures in advance of receiving their vote-by-mail ballot for the Nov. 3 general election. By executive order of Gov. Phil Murphy, the General Election will be held mainly through vote-by-mail ballots.

"Although the July 7 primary election was conducted by mail, the process is still new to many Union County voters. It is important for every voter to understand how to fill out and return their vote-by-mail ballot, to ensure their voice is heard on Election Day," Rajoppi said. "Inaccurate information can easily travel across social media, which makes it all the more

important for voters to become familiar with vote-by-mail. Vote-by-mail is a reliable and accurate way to vote."

Vote-by-mail ballots will be mailed to voters beginning this September. The mailings will continue through the first week of October.

To help voters learn about voting in the general election, Rajoppi has posted frequently asked questions on the county clerk's elections website, unioncountytvotes.com, and on the free Union County Votes mobile app. Among the most frequently asked questions are:

**Who is going to automatically receive a vote-by-mail ballot?**

All active, registered voters will auto-

matically be mailed a vote-by-mail ballot. Be sure to read the instructions carefully before filling out the ballot.

**Do voters need to file an application to receive a vote-by-mail ballot?**

No. Vote-by-mail ballots will be sent automatically to all registered voters for the Nov. 3 election. Gov. Murphy's executive order acts as the application from the voter.

**Can I vote at a polling place?**

A limited number of polling places will be open on Nov. 3 for voters who are disabled and need to use a voting machine. Any other voter coming to the polling location to vote will be given a paper or provisional ballot.

**How can I return my VBM ballot?**

There are multiple ways to return a vote-by-mail ballot prior to Election Day and on Election Day. Use any one of the 13 ballot drop-off boxes that will be placed at various locations in Union County; the locations will be announced in September. Drop it off at the county clerk's offices in Elizabeth at 2 Broad St. and in Westfield at 300 North Ave. E., or at the Board of Elections office in Elizabeth at 271 N. Broad St. Send the ballot by U.S. mail; prepaid postage is provided on the ballot return envelope. On Election Day, voters can bring their vote-by-mail ballot to their designated polling place.

# Planning Board considers Block 193 downtown

(Continued from Page 1)

will consider the entire report and decide whether they agree with the conclusions that all, some or none of the properties meet the criteria under the redevelopment law.

According to Dickerson, Steps 4 through 8 can be implemented or not. Step 4 would be a determination of whether the Township Committee agrees with the Planning Board's recommendation. In Step 5, if a redevelopment area is established, the township may prepare a Redevelopment Plan. Step 6 describes the Redevelopment Plan, which is planning documents that includes new zoning for the redevelopment area. In Step 7, the Redevelopment Plan is introduced by the Township Committee, reviewed by the Planning Board and then returned to the Township Committee for public hearing and adoption. Finally, at Step 8, following the plan's adoption, redevelopers may be designated and development plans submitted for review and approval.

During the meeting, Dickerson presented a process timeline to date. On Feb. 11, the Township Committee adopted Resolution No. 2020-131, requesting investigation of Block 193, Lots 6.01, 10, 11, 12, 13 and 14, as a Condemnation Redevelopment Area. Days later, on Feb. 19, the Planning Board authorized Maser Consulting to conduct the investigation. And

on Aug. 19, the Planning Board held the public hearing on the investigation report.

According to Dickerson, who reviewed Block 193 in downtown Cranford, the area is a compilation of six properties.

Lot 6.01 is municipally owned. It contains the fire station, public parking lot No. 1 and a municipal fueling station. It measures approximately 1.38 acres and is the largest lot of the study area. According to Dickerson, the lot has clear signs of deterioration.

Lot 10 is a one-way driveway and parking lot. It measures 3,082 square feet and is entirely impervious. Lot 11 is the Cranford Animal Hospital, which is located between Lot 6.01 and Lot 10. It is just over 1,143 square feet, and only minor deterioration was observed.

Lot 12, at the corner of Springfield Avenue and North Avenue East, includes a gas and service station. It is 7,482 square feet. The lot has had a history of contamination and environmental incidents, according to Dickerson.

Lot 13 is a mixed-use retail/services and residential building measuring at 6,607 square feet. Minor signs of deterioration were observed. Lot 14, a vacant building, is township owned and has shown deterioration of the building over time. It measures 7,532 square feet.

Cranford Township Special Counsel of Redevelopment Michael Ash presents during the Cranford Planning Board meeting on Aug. 19 on Facebook Live.

According to Dickerson's findings, Lot 14 meets the requirements for Criterion "a," which describes buildings as substandard, unsafe, unsanitary, dilapidated or as lacking light, air or space. Lot 14 also

meets the requirements for Criterion "b," which refers to buildings previously used for retail/shopping or other uses that can fall into such a state of disrepair that they are untenable. Lot 6.01 meets the requirements for Criterion "c," which describes vacant land that is owned by the municipality, the county, etc., that has remained unimproved for 10 years prior to the adoption of the resolution.

Multiple lots 6.01, 10, 11, 12, 13 and 14 — met the requirements for Criterion "d," which are areas with buildings or improvements that are detrimental to the safety, health, morals and welfare of the community.

Lots 10, 11, 12 and 13 met the requirements for Criterion "e," which is described as a growing lack or total lack of proper utilization of areas caused by a number of conditions, resulting in stagnant or not fully productive conditions of the lands potentially serving useful and valuable for contributing to and serving the public health, safety and welfare.

The entire study area of downtown Cranford met the requirements for Criterion "h," which is described as the designation of the delineated areas, which is consistent with smart growth planning principles adopted pursuant to law or regulation.

## Summit police investigate thefts, criminal mischief

(Continued from Page 7)

on camera attempting to make entry into several other secured vehicles in other driveways on Ascot Way. At the time of the report, it was unknown what had been removed from the initial vehicle.

• Monday, Aug. 17: At 6:31 a.m., police took a report for an attempted motor vehicle burglary to several vehicles parked in driveways on Baltusrol Road. A witness saw a younger male attempt to gain entry to vehicles in several different driveways. At the time of the report, no damage was done to the vehicles and nothing had been removed, as the vehicles had been secure.

• Saturday, Aug. 15: At 10:29 a.m., police took a report for an attempted burglary to a parked, secured motor vehicle in an Oxbow Lane driveway. The victim reported that the incident occurred during the overnight hours. The vehicle's door lock appeared to have been tampered with, as none of the keys would work to unlock the vehicle, and the lock appeared to be loose.

• Friday, Aug. 14: At 3:26 p.m., a report was taken for a theft of packages from a Springfield Avenue residence. The victim reported that the incident occurred on Aug. 13, when an employee of a recycling company was witnessed examining the contents of the Amazon packages. When the witness returned a short time later, both boxes were gone. Taken were one pair of blue Sperry boat shoes valued at \$374.95 and one small,

white electric fan valued at \$106.61.

• Wednesday, Aug. 12: At 5:47 a.m., police took a report for a burglary to a Beekman Road residence. The victim reported that an unknown person entered the residence through an unsecured door between 10 p.m. and 12:30 a.m. Taken from a counter was one bright pink Valentino purse containing one pair of pink aviator-style Ray-Ban sunglasses, one pair of blue aviator-style Ray-Ban sunglasses, one Louis Vuitton credit card wallet, several credit cards, miscellaneous makeup and approximately \$200 in cash. Additionally, one white wicker shell shaped clutch purse with a gold chain was removed, as was one men's black Prada bifold wallet that contained several credit cards. The total value of the stolen items at the time of the report was \$3,058.

• Monday, Aug. 10: At 2:42 p.m., police took a report for the theft of a package from the front step of a Hillcrest Avenue residence. The victim reported that the incident occurred at approximately 11:22 p.m. on Aug. 9, when a male removed the package from the steps. Taken was a box containing pencils, valued at approximately \$35.

• Monday, Aug. 10: At 12:06 p.m., police took a report for the theft of a package from the front step of a Woodland Avenue residence. The victim reported that the incident occurred at approximately 11:40 p.m. on Aug. 9, when a male looked into the package and then removed

it from the steps. Taken was one case of Evian water, valued at approximately \$20.

• Monday, Aug. 10: At 7:08 a.m., police took a report for the theft of a television from a Valemont Way residence. The victim reported that the incident occurred between 2 and 7:08 a.m. Taken from the home was one 65-inch Hisense Roku TV, valued at approximately \$350.

• Sunday, Aug. 9: At 5:38 p.m., police took a report for the theft of two unsecured bicycles from the rear yard of a Morris Avenue residence. The first theft occurred approximately one month ago, when a child-sized Spider-Man bicycle was stolen from the backyard. The second theft occurred in the early morning hours of Aug. 7, when a green Trek mountain bicycle was stolen from the backyard. The two bicycles are valued at \$700 total.

• Saturday, Aug. 8: At 5:31 p.m., police took a report for a burglary to a Broad Street business. The victim reported that the incident occurred between 4:45 and 5:31 p.m., when an unknown individual gained entry to the business by prying open a window. At the time of the report, it was unknown whether anything had been stolen.

• Saturday, Aug. 8: At 1:30 p.m., police took a report for the theft of a package from a Dennis Place residence. The victim reported that the incident occurred between 12:07 and 2 p.m. on Aug. 7. Taken from the front steps was a FedEx delivery package containing one silver and

white Dyson Air Purifier. The value of the item at the time of the theft was approximately \$427.

• Saturday, Aug. 8: At 12:21 p.m., police took a report for the theft of an unsecured bicycle from a business on DeForest Avenue. The victim reported that the incident occurred approximately five minutes prior to the report being made, after the victim entered a business establishment and returned outside to discover the bicycle gone. Taken was a black Giant-brand bicycle with a white light on the front handlebar, a red rear light under the seat and an air pump in a storage bag under the seat. At the time of the report, the bicycle was valued at approximately \$1,000.

• Thursday, Aug. 6: At 10:46 p.m., police took a report for criminal mischief to a parked vehicle. The vehicle had been left in a rear lot behind a Maple Street office building between 6 and 9 p.m. The victim returned to the vehicle and discovered that an object had been dropped from the parking garage onto the vehicle, damaging the glass sunroof. At the time of the report, the victim was unsure of the cost to repair the sunroof.

# NJSIAA updates plan for returning to play this fall

It's game on! On Aug. 20, the New Jersey State Inter-scholastic Athletic Association's Sports Advisory Task Force released its Return-to-Sports Plan, which provides detailed schedules for fall and winter sports. The dates for the spring sports season will be announced at a later date; the task force recognizes the need to maximize the spring season, due to the loss of the season last school year.

The outdoor fall sports — football, cross country, field hockey, girls tennis and soccer — will begin practice on Sept. 14. Girls tennis will begin competition on Sept. 28. Cross country, field hockey and soccer will begin competition on Oct. 1, and opening day for the football season will be Friday, Oct. 2.

The indoor fall sports — gymnastics and girls volley-

ball — will be moved to a new, special season that will begin with practices on Feb. 16 and competition on March 3. If circumstances change, and NJSIAA is unable to have a fall season, the outdoor fall sports will also be played at this time.

Winter sports teams may begin practicing on Dec. 3. Winter sport competition will begin on Dec. 21.

All of these dates are subject to change based on guidance from the governor and the Department of Health.

"The Sports Advisory Task Force was guided by a set of principles that take into account the unique circumstances that we all are living through," the NJSIAA announcement read. "Their goals were to ensure health and safety; promote participation, not championships; limit travel; and

stay flexible in the face of changing circumstances."

With these principles in mind, schedules will be condensed, competition will be local, out-of-state competition will be prohibited unless a waiver is granted for exceptional circumstances, and postseason play will be limited and local, with no statewide championships.

"We're extremely appreciative of the support and guidance from Gov. Phil Murphy, Sen. Paul Sarlo and Assemblyman Benjie Wimberly," NJSIAA Chief Operation Officer Colleen Maguire said. "Our kids need structured activity, and we believe that education-based high school sports is the best way to provide it. Giving teenagers extra motivation to stay COVID-free promotes healthy outcomes for everyone."

## Summit Oaks Hospital named an Institute of Quality

SUMMIT — Summit Oaks Hospital has been designated an Aetna Institute of Quality for behavioral health and substance abuse.

Aetna makes information about the quality and cost of health care services available to its members to help them make informed decisions about their health care needs. In line with this goal, Aetna recognizes facilities in its network that offer specialized clinical services for certain health conditions. Facilities are selected for exemplifying excellence in care, commitment to continuous improvement, meeting certain standards of quality and cost efficiency. Aetna recognizes facilities that have earned this designation by identifying them in the

directory as an Institute of Quality provider. This designation helps members choose high-quality care.

"We are truly honored to be designated as an Aetna Institute of Quality," hospital CEO Ross Friedman said. "We make a difference in people's lives and create a culture of healing through our compassionate care. Our commitment is to deliver the highest-quality treatment. We instill hope every day, utilize best practices, and provide superior care that has become the heart and core of our mission. I am grateful to be a part of an organization composed of physicians, nurses, clinicians, staff and students that work in health care for the same reason that I do: to make a difference."

# New resources help Union schools teach remotely

(Continued from Page 3)  
as our local storage on Google Cloud. More importantly, it allows us to determine where our students' data is stored. Specifically, making sure that the data is stored in the United States. We want to ensure that we're keeping our students' safety and privacy a primary concern as we move forward.

"Nearpod is one of the new platforms that we brought in, which is an actual instructional delivery tool," he continued. "It allows the teachers to make every lesson interactive. It puts many functions like delivery instruction, informative assessment, video with teachers' designed assessments built into the videos, collaboration. It does all of that and it puts it in what we call in IT 'through one pane of

glass.' So, instead of the students and teachers having to move from one platform to the other, they're able to provide all of those features within one platform. It's an ease of design for teachers as well as students."

According to Wojcik, Nearpod also allows lessons to be applied in all potential environments. Using Nearpod, the teachers, as they prepare lessons, will be able to work in virtual, hybrid and traditional instructional environments. Nearpod also contains curated content across a variety of content areas and a shared library where teachers can curate content and share it within their building or within their district.

Other new features include GoGuardian Teacher and Newsela.

"GoGuardian Teacher is a difference maker when it comes to virtual instruction," Wojcik explained. "One of the things we tried to do when we were in the classroom was to break down the four walls of the classroom and create opportunities for the students that we couldn't provide inside the physical walls of the classroom without the technology. GoGuardian Teacher provides teachers real-time viewing to the students' activity. They can identify and correct students who are off task and they can communicate passively by sending a message through GoGuardian Teacher or they can do something more engaging and place a video call or a phone call directly to their district Chromebook. This builds an opportunity to see what students are doing within the class even though they're elsewhere."

"Newsela aligns with our existing ELA curriculum and has content across a variety of content areas," he continued. "It allows teachers to assign authentic articles for the students to read that can be catered to their individual levels. So, the teacher can assign an article to the entire class and each student can read that article at their level. The content will stay the same, but the sentence structure and the vocabulary will be leveled based on the student's needs. There's built-in assessment tools which determine student comprehension."

Remaining additional features are Flocabulary and Zoom.

"Flocabulary is more of a supplemental tool and is in the Nearpod family. It provides hip-hop videos and instructional activities that promote literacy and spark creativity," Wojcik said. "It's just a different way of delivering information, and it has curated content across a variety of content areas."

As for Zoom, Wojcik said the district is currently creating accounts for all staff.

"We're just waiting for the licensing to go through," he said. "The reason that we opted for Zoom in-district was because a lot of the tools that are relatively critical for delivering virtual instruction are not going to be released by Google until their earliest date, which is the end of September. They have dates that roll out all the way into November."

"The ability to 'mute all' and have breakout rooms, with all of these features, a lot of people are becoming familiar with in Zoom. They're not going to be in G Suite for quite some time, so we want to make sure our teachers have the ability to do what they need to do," he added.

Wojcik is confident in the new digital platform.

"We believe that the combination of these resources will provide opportunities for our teachers to deliver instruction that is at a very high level and is high quality for our students," he said.

for buildings." On the same date, at Individual 1's direction, the Police Department Official signed and approved a purchase order for the payment of \$115,000 to JZ Nettech for the "PURCH(ASE) OF WIRING/CABLE/SUPPLIES" for the Municipal Complex Project. Typically, vendors are not prepaid by Orange to purchase supplies for a project.

From Sept. 18, 2015, to Nov. 10, 2015, Zahore received and deposited

three Orange checks totaling \$350,000 in connection with the Municipal Complex Project into a bank account for him and JZ Nettech.

On Nov. 20, 2015, and Nov. 23, 2015, Zahore withdrew a total of approximately \$50,000 in cash from this bank account, which was obtained, in substantial part, from the funds paid by Orange. On each of those same dates, Zahore gave, and Individual 1 accepted,

## Door may soon close on past-due renters

Thanks to the number of businesses shut down or forced to furlough workers because of lockdowns as a result of COVID-19, many people are running out of money. They are forced to choose between feeding their families or paying utility bills or rent. And while many landlords have been understanding, they need money, too, which means eviction notices will soon be sent out.

New Jersey has specific rules with regard to eviction notices. To terminate a tenancy early, a landlord must have a cause, or a legal reason. The most common reasons are because a tenant fails to pay rent, violates the lease or rental agreement, or commits an illegal act on the premises. If evicted for failure to pay rent, a landlord is not required to give the tenant notice. The only way a landlord can remove a tenant from a rental unit is by winning an eviction lawsuit. Unfortunately, lawsuits cost money and, if a tenant can't afford to pay rent, paying for defense in a lawsuit will probably be beyond their means as well.

Gov. Phil Murphy suspended evictions in New Jersey on March 19. This eviction moratorium, however, only lasts for two months after the governor calls an end to the COVID-19 crisis in the Garden State; that statement of crisis currently expires Aug. 31. This means the eviction moratorium ends Oct. 31. At that point, rents will be due, and any rent you didn't pay will become back-rent and be owed as well. The Department of Community Affairs does have rental

### EDITORIAL

assistance programs and you can get financial counseling on meeting your rental obligations. You can even try speaking with your landlord to work out a payment plan to avoid having an eviction action filed against you. Executive Order No. 128 allows tenants to request in writing that their landlords apply their security deposits to rent they owe during a public health emergency.

Unfortunately, there is no magic solution to handle this problem. This is a financial problem few ever imagined facing. Other than court hearings, the only other assistance tenants can seek is the federal CARES Act, which prohibits covered landlords from filing an eviction complaint for nonpayment of rent between March 27 and July 25. That time has now lapsed. As of March 13, New Jersey's electrical and gas utilities voluntarily suspended utility shut-offs, and that suspension appears to be ongoing.

The DCA is encouraging subsidized tenants to use the online portal at [www.assistancecheck.com](http://www.assistancecheck.com) to submit documents or to send documents through the mail, making sure to keep copies. Subsidized tenants who have questions can contact the field offices or use the main customer service line at 609-292-4080 or [customer.service@dca.nj.gov](mailto:customer.service@dca.nj.gov). This is an especially difficult time for everyone, but our government can only offer assistance if it is contacted, so those in need should do so immediately.

## Losing all our marbles

Have you ever heard the expression "He lost his marbles?" Well pertaining to the game of marbles, you lose them only if you have a hole in your pocket or the sock in which you carry them.

One boring, stay-at-home day, when I asked Olivia, my 8-year-old grandchild, if she wanted to play a game of marbles, she had a blank expression on her face. "What are marbles and what are the rules?" she asked.

"It's a fun game," I answered, telling her that there were rules — life is full of rules — although I must admit I forgot them. As a child we made up our own

rules and broke them as many times as we could without getting caught. So, feeling foolish, I researched "how to play marbles" on the computer. It had been decades since I had last played. I was happy to note that the rules were simple, uncomplicated and designed for a child.

I dusted off the jar of marbles I had tucked away in the attic eons ago and brought it down for the old-fashioned game. As I held the jar tightly in my hand,

the memories flowed through the glass as though I were clairvoyant.

At Olivia's age, I played marbles on the dirt in our backyard. One of the older kids carved a large circle in the dirt with a stick, and that was our playing field. Each player contributed the same number of marbles, five or six, tossing them randomly into the circle. We all owned at least one special shooter, which was bigger than the other, smaller glass marbles. Kids carried marbles in a cloth bag, a sock or their pockets, which weighed them down. We treasured our shooters. The more colorful

## A response is warranted

### LEFT OUT

BY FRANK CAPECE

The campaign season is starting up with the conventions and the television ads. It's already time for some responses.

### Malinowski ties Kean into postal mess

In the hotly contested 7th Congressional District race, incumbent Tom Malinowski tied challenger Tom Kean Jr. with the GOP on the postal controversy, charging: "The only person Kean looks out for is himself." The connection to Kean is actually pretty thin. The tie is because Kean opposed the expanded vote-by-mail in the state Senate last year.

Not done, Malinowski charged: "Our state Republican Party has sided with Trump to make it harder and more dangerous for New Jerseyans to vote." This is a pretty serious charge with only some flimsy evidence. You can't help but wonder how nasty this campaign will become this fall.

### Kean goes on cable

The cable ads by Tom Kean Jr. include the less-than-modest statement by Kean that he "spent his career crossing party lines." The problem is there is zero chance if Kean gets elected that he will do anything but support Republican Kevin McCarthy for speaker of the house. Last week McCarthy proclaimed that the Democratic House leadership "is now run by socialists." So while Kean may claim he supports an end to the \$10,000 limit on state and local tax deductions, as well as the Gateway Rail construction — the reality is that a vote for McCarthy would help to sink any chance to help our state residents on these critical problems. It's called having it both ways.

### Hillary places the blame ... again

Speaking last week at the Democratic National Convention, Hillary Clinton said people often apologize for not voting for her four years ago. Clearly she sees this as their fault. Foolish are the rest of us who thought her failure to campaign in Wisconsin, which she lost, and the decision not to campaign in the older suburbs of Pennsylvania, which Joe Biden and others pleaded with her to do, were the reasons she lost those states and the election.

### Mrs. Lincoln and Mayor Mirabelli

Mayor Paul Mirabelli echoed the continued string of positive audits Mountain-side has received. It's understandable, but a lot like the fellow who asked: "Outside of that, how did you like the play, Mrs. Lincoln?" Missing by the mayor is any reference to the huge dollars spent in legal fees because of the controversy in the local

# Trinitas honored for excellence in women's care

ELIZABETH — Trinitas Regional Medical Center announced on Aug. 11 that it has been named the only hospital in New Jersey to receive all three Healthgrades Women's Care Excellence Awards for 2020. This distinction recognizes Trinitas for providing exceptional quality care to women and mothers, according to Healthgrades, the leading resource that connects consumers, physicians and health systems.

For 2020, Trinitas Regional Medical Center received the following Women's Care awards, each of which ranks the hospital as among the top 10 percent in the nation for that discipline:

- Healthgrades Obstetrics and Gynecology Excellence Award, for the second consecutive year.

- Healthgrades Labor and Delivery Excellence Award, for the fifth consecutive year. Trinitas is also a five-star recipient for both vaginal and cesarean-section delivery.

- Healthgrades Gynecologic Surgery Excellence Award. Trinitas is a five-star recipient for hysterectomy.

"For decades, Trinitas Regional Medical Center has recognized the importance of providing high-quality OB/GYN services

to the women of our communities," said Mary McTigue, chief nursing officer and vice president of patient care services. "Our physicians, certified nurse midwives and nursing staff are committed to giving excellent evidence-based care focused on

improving outcomes for the health and safety of our women and newborns."

"We congratulate Trinitas Regional Medical Center for receiving Healthgrades' Women's Care Excellence Awards for their commitment to providing superior care for the women within their communities," said Dr. Brad Bowman, chief medical officer at Healthgrades. "Information regarding hospital quality empowers consumers to take control of their own health care and make the right decisions as to where they will seek care."

"We're delighted with this recognition of our Women's Care Center of Excellence, and to also announce that Healthgrades has given awards of excellence to Trinitas in the areas of hip fracture treatment and cardiac pacemaker procedures," Trinitas President and CEO Gary Horan said. "We're humbled by these distinctions and excited to share them with the community we serve."

# Discover animal homes and hideouts in county

UNION COUNTY — Nature enthusiasts can visit Union County's Trailside Nature and Science Center website every week to participate in a virtual summer camp experience that includes original nature videos, activities, crafts and more. The program is part of a series of online activities offered by Trailside during the COVID-19 outbreak.

"The freeholder board knows how much children and families enjoy the summer programs and activities at Trailside," Freeholder Chairperson Alexander Mirabella said. "We are proud to offer this virtual summer camp opportunity and encourage residents of all ages to explore the natural world right in their own backyards and surrounding areas, including Union County parks."

The series features videos filmed around the Watchung Reservation and nearby locations, as well as activities and craft ideas selected by Trailside's team of professional naturalists. Each week, campers can "meet" Trailside's naturalists and follow along as they explore different nature-themed topics.

In the latest video, "Animal Homes and Hideouts," viewers discover what types of environments make ideal homes for different types of animals and learn to identify them in their own backyards. Go in search of animal hideouts such as bird nests and chipmunk burrows, and discover life under a log. Campers can have fun with a backyard animal scavenger hunt

and build an animal home using natural materials.

Other topics include "Turtle Time," "Pond and Stream," "Terrific Trees" and "Bugs & Beyond." Check in over the final weeks of summer for "Birds of a Feather" and "Pollinator Power." All virtual content can be viewed on the Trailside website at [ucnj.org/trailside](http://ucnj.org/trailside).

For more information about virtual summer camp and many other free online nature programs, call Trailside at 908-789-3670 or visit [ucnj.org/trailside](http://ucnj.org/trailside).

Organized activities in Union County Parks are limited during the COVID-19 outbreak in accordance with statewide public health guidelines, and Trailside is closed to the public until further notice.

## Playing for keeps

(Continued from Page 12)

they were, the more precious they became. Often we traded them like baseball cards until we accumulated our favorites.

A straight line, about 6 inches long, was drawn outside the circle. We stood behind it waiting to take our first shot. We played "odd finger in" to see who went first. The object of the game was to shoot all the small marbles out of the circle. Whoever had the most marbles at the end won the game. If we played for "keepsies" we kept all the marbles we knocked out. I am sure we made up some rules as we played. I am sure some of us cheated. I am sure it was fun because we played often.

At my shore house there is only grass and no dirt in the yard. Olivia and I improvised and played marbles on the concrete driveway. Our circle was made of chalk. We knelt down to shoot, and, I am happy to say, I sprung up and down many times with little effort. My antiquated body creaked at first, but after a while it felt like a form of exercise, perfect for the knees and legs.

Olivia became frustrated, as her fingers

couldn't adjust to the large shooter. She had difficulty holding it and shooting with her thumb. All of a sudden she got up and bolted from the driveway. A few minutes later she came running back carrying a golf ball in her hand.

"I'm using this as my shooter," she said, laughing. "I'll just bowl with it. This way I can knock all the small marbles out at once, the game will be over, and I'll win."

While it was a good attempt at humor and acquiring more marbles than I had, it was cheating and unacceptable. Besides, I wanted to win. Since she already beats me at bicycle racing, playing checkers and cards, I expected to win at the childhood game at which I once excelled.

In the end, I did teach Olivia to play marbles, and she taught me how to laugh on a boring, stay-at-home day. We had fun and didn't have to lose our marbles — except to each other.

# Morgan Toriello joins Imagine board of trustees

MOUNTAINSIDE — Morgan Toriello, of Westfield, has joined the board of trustees at Imagine, A Center for Coping with Loss in Mountainside, where she has served on the development committee for years and has been a Circle of Hope member since 2019. Toriello is an executive recruiter at Windham Management Group, a boutique placement firm focused on mechanical engineering. She graduated with honors from the University of New Hampshire with a Bachelor of Arts in communications and, before taking a hiatus to raise her three children, was in product development for major brands such as Levi's and UGG, focused on design and supply chain.

Toriello founded the charitable fundraising organization The Garden Gives, which hosts events to provide donations to Imagine, as well as local

community organizations such as the Westfield United Fund. Additionally, she has volunteered her time serving on the board of the Presbyterian Nursery School and Kindergarten as a Parent-Teacher Organization representative.

Toriello and her husband, John, have three children: John, Rosie and William. Toriello has seen firsthand the impact grief can have on children and families and has been drawn to the mission of Imagine since being introduced to the organization in 2017.

When asked about her reasons for joining Imagine's board of directors, Toriello said, "I was honored to be asked to join the Imagine board. I have tremendous respect and admiration for all that Mary Robinson and her team do to help grieving families in our communities. After attending one of Imagine's Seasons of

Hope breakfasts several years ago, I felt compelled to help in any way that I could. The Imagine team was there for my family recently when dealing with a tragic loss, and their guidance and support were paramount in helping us, and our young children, deal with the grief. The families that Imagine serves have taught me so much about strength and resiliency, and I am eager to get even more involved."

Imagine offers grief and loss education and training to the community and free year-round grief support groups for children ages 3 through 18 who have had a parent or sibling die, and for families caring for a family member living with a life-altering physical illness. Concurrent groups are available for parents and guardians, and young adults ages 18 to 30. For more information, contact Imagine at 908-264-3100 or [info@imaginenj.org](mailto:info@imaginenj.org).

### Holley and PSE&G perfect together

The State Assembly Telecommunications and Utilities Committee examined the job utilities did during the recent tropical storm. While there were various degrees of criticism, the utility serving our

area has a friend in Assemblyman Jamel Holley from Roselle.

Holley was quoted, "I have no complaints at all with PSE&G's efforts post-storm." But let's keep Holley's views secret from the residents of the northeast quadrant of Cranford and chunks of Kenilworth, who were left without power for more than four days while they waited for the repairs from PSE&G.

# 'The Fairy' visits my garden each year

## THE GARDENER'S APPRENTICE

BY ELISABETH GINSBURG

I love all kinds of roses and have as many in my garden as I can cram into the limited sunny space. My "favorite" is usually the one in bloom at the moment, though I do have a few that are especially dear to my heart. Rosa "The Fairy" is one of them.

You have probably seen "The Fairy," as it has enjoyed enduring popularity since it was introduced in England back at the height of the Great Depression in 1932. Everything about the shrub is small. It grows about 3 feet tall and wide, with arching canes that are home to small leaves and perfect, double pink flowers borne in sprays or clusters. Those blooms average about 1.5 inches wide, opening with soft pink petals that age to nearly white. The owner of a historic house in my neighborhood uses "The Fairy" as a low hedge, and it is gorgeous throughout the season, sporting flushes of new blooms regularly,

from mid-spring through late fall. In my garden, it is untroubled by black spot and powdery mildew, which is a bonus, since some of my other roses are not so lucky.

Every rose variety has a unique story, and the story of "The Fairy" is fascinating. It is grouped into a class of roses called "polyanthas," which comes from Latin and means "many flowers." These roses are characterized by a compact growth habit and clusters of the blooms. Polyanthas have a long history. Their most notable ancestor is probably Rosa multiflora, a white-flowered species rose native to Japan. These days, we see it everywhere, because it has become a naturalized invasive pest in American woodlands,

untenanted places and even the odd spot in home gardens. I have rooted it out of my own beds twice this year alone.

The flip side of the multiflora rose's extremely vigorous nature is that the vigor has carried over to roses like "The Fairy" that are descended from it. One parent rose of "The Fairy" was "Paul Crampel," an orange-flowered polyantha that was discovered in the Netherlands in 1930. "Paul Crampel," in turn, was a sport, or spontaneous genetic mutation, of "Superb," a red-flowered polyantha of unknown parentage, bred in the Netherlands sometime before 1927. How did the offspring of red and orange-red varieties turn up with pale pink flowers? Blame it on the way the genetic soup responds when stirred vigorously by breeders, or possibly on its other parent, a cluster-flowered rose called "Lady Gay," which is described as having

cherry-red flowers aging to blush.

The breeder responsible for "The Fairy" was Ann Bentall, the widow of another breeder, John Bentall. Prior to starting his own nursery, John Bentall had been a gardener for Anglican cleric and prolific rose breeder Joseph Pemberton. I have several of Pemberton's best roses, all in the fragrant, hybrid musk category, in my garden. The Pemberton roses also have Rosa multiflora in their family trees. Clearly both Pemberton and Bentall thought highly of Rosa multiflora as a breeding subject.

"The Fairy" made its way to America and was introduced here in 1941. Since then it has blazed a trail through gardens here and all over the world, loved for its hardiness, prolific repeat-blooming habit and overall beauty. These days, when smaller landscapes and container gardens

## LETTERS TO THE EDITOR

### Election questions

To the Editor:

The following is an open letter I wrote to to Union County Clerk Joanne Rajoppi:

My name is Carol Mysel. I am a resident of Cranford and I am very concerned about my vote, and those of all my fellow residents of Union County, being received on time to be counted, given the widely publicized mail delays with the U.S. Postal Service. I have a number of questions that, once answered, hopefully will allay my concerns. I am sending this letter via the press as an open letter, rather than directly to the county clerk, because I imagine that many residents have the same concerns and questions and will benefit from seeing the response.

1. Given the delays we all have been experiencing with mail deliveries by the U.S. Postal Service, as of now I intend to put my ballot in an official ballot box to ensure it is received on time and counted. Currently, there are only five ballot boxes in Union County. Is there a plan to distribute more ballot boxes prior to the general election, and, if so, how do you intend to communicate this information to residents?

2. How do I know the ballot box is secure and cannot be tampered with?

3. When it is time to empty the contents of the ballot boxes, will there be representatives of both parties present to ensure the counting of the ballots is done fairly?

4. Will ballot boxes be emptied periodically during the month of October or only once, on Nov. 3? If only once, what is the time by which ballots must be dropped in a ballot box to be counted? If periodically, please explain the process by which the ballots will be stored and counted.

5. For those who plan to vote in person on Nov. 3, please explain how the voting process will be different from years past due to COVID-19.

6. I know that Gov. Murphy issued an

order that all registered voters in New Jersey are to receive a mail-in ballot, but if I specifically requested a mail-in ballot and I decide to vote in person rather than with my mail-in ballot, can I go to my local polling location to vote on Nov. 3 or am I required to use my mail-in ballot because I specifically requested one?

7. If I prefer to personally hand in my ballot to a person, please let me know to which locations in Union County I can deliver my ballot.

### Shattering a glass ceiling

To the Editor:

In honor of the 100th anniversary of the adoption of the 19th amendment, I give you the following.

A name rarely heard in conversations about women's rights is that of Jeannette Rankin, a woman who was a lion in the women's rights movement. Her strength, courage and commitment was unbridled. Rankin was born in Montana in 1888. She attended the University of Montana and later enrolled in the School of Philanthropy in New York City.

Rankin was the driving force in the Northwest for the suffrage movement. She achieved the impossible. This woman ran for the U.S. House of Representatives as a Republican in 1916, a time when women were treated as inferiors by their male counterparts, which was socially accepted. Without her own right to vote, Rankin ran for the office of representative in Congress. She ran against all barriers of discrimination, hatred and violence and was elected to the U.S. House of Representatives in 1916 by Montana voters. Being the sole woman in Congress, she voted for the right of women to vote, and, four years later, the 19th Amendment was passed.

Rankin was active throughout her stay

This past weekend was bittersweet as I dropped my eldest child off for her junior year of college. Studying 100 percent remotely isn't what any of us bargained for, but at least she'll continue her semi-independent living experience in an apartment with four other young women.

As there will be no dining hall, she will be cooking for herself. I loaded her up with 800 recipes, all from my recipe blog. We checked out all the local international markets to get ingredients but I thought I'd get her a fancy, aka expensive, ready-made Japanese sesame dressing, to inspire salad eating. Right before paying, I read the ingredients and found sodium benzoate! This is an additive that is not something I want my daughter ingesting so I put it back on the shelf.

Two lessons were gained: Always read ingredients and it's healthier and less expensive to make your own. I went home and created this, which I hope will be tasty enough for her to eat salads without me standing over her shoulder pushing the issue.

## Soy Sesame Salad Dressing

### Ingredients

1/4 cup Tamari, gluten-free soy sauce  
1/4 cup avocado or canola oil, or any neutral oil  
2 Tbsp. toasted sesame oil  
1 Tbsp. apple cider vinegar, more to taste  
1 tsp. toasted sesame seeds  
1 Tbsp. honey

### Steps

Combine all ingredients with a whisk until fully combined.  
Adjust ingredients to make it saltier or sweeter to your liking.  
Store in fridge.  
Makes about 1 cup.

# Fairy roses add color

(Continued from Page 17)

have become important, "The Fairy" continues its hot streak. The shrub has won all kinds of awards and accolades, including the Royal Horticultural Society's Award of Garden Merit and the Earth Kind designation from the Texas A&M AgriLife Extension Service of Texas A&M University. The Earth Kind roses have undergone extensive trials under all kinds of climate conditions and proved themselves to be of outstanding landscape value. Longwood Gardens, in Kennett Square, Pa., also subjected "The Fairy" to its own 10-year rose trial. Needless to say, it came out of the Pennsylvania test smelling like a rose.

Most roses need lots of sun — about six hours of direct sunlight per day. Most gardeners I know wish they had more sunny space for roses, tomatoes and all the other plants that require a good dose of sunshine to flourish. Fortunately for all of us, "The Fairy" can get by with a little less and can even tolerate very light shade. It is also relatively unfussy about soil, and, once it is established, can survive some dry periods. Aphids may climb aboard

and attempt to suck vital fluids out of the buds, but they are easily dispatched with a spray from the garden hose.

For economically minded gardeners, "The Fairy" is an especially good investment. Use it as a low boundary hedge or to flank a walkway. It can also be a mid-border subject or the star of a large container. In my experience, the flowers last very well in cut arrangements and the plant will immediately start the process of replacing the sprays that you clip off. Deadheading also promotes new growth.

Sometimes good nurseries or garden centers carry "The Fairy," though right now it is somewhat late in the season and stocks of roses are generally low. Order it for fall delivery from Chamblee's Rose Nursery, 16807 CR 363, Winona, TX 75792; 903-882-5153; [www.chambleeroses.com](http://www.chambleeroses.com).

in Washington, promoting legislation benefiting women of America. She was a pacifist and active in that movement. In 1941 she was the only member in Congress to oppose the declaration of war against Japan. Could you imagine being a woman and standing up in front of the entire male Congress, a Congress angry and vengeful in their retribution for the attack on Pearl Harbor? What courage and commitment to a belief she possessed!

This is dedicated to all the brave and selfless women of our nation who give first to others in cause, in family and in patriotism. May the Lord bless and care for you.

# UC surrogate condemns postal service delays

UNION COUNTY — Union County Surrogate James S. LaCorte issued the following statement in response to actions reportedly taken by Postmaster General Louis DeJoy resulting in delays in the delivery of mail.

"If accurate, the reports of an intentional slowdown in mail delivery go beyond allegations of election interference to impact the emotional and financial well-being of our residents, who are already coping with the economic and social fallout of the COVID-19 crisis as they work

through the process of estate settlement," LaCorte said in an Aug. 19 statement. "Any delay in the normal course of procedure only adds to the stress and heartbreak of losing a loved one.

"Postmaster DeJoy has announced his intention to suspend his actions, but the damage has already been done. The postal service must be returned to normal operations as quickly as possible, and those responsible for this callous neglect of a vital, constitutionally mandated service must be called to account for their actions."

The Surrogate's Office has been experiencing delays of up to three weeks in mail delivery since June, even as the need for its services has increased significantly during the COVID-19 outbreak.

In July, the office conducted 64 administrations and 155 probates, an overall increase of almost 40 percent compared to July 2019.

The office of the Union County surrogate is responsible for probating wills and appointing administrators and trustees of decedents' estates. In order to help pre-

vent the spread of the COVID-19 virus, the office has been conducting transactions through the U.S. Postal Service as well as by phone, email and fax. The office also maintains a drop box for contactless delivery of paperwork.

For more information about the programs and services of the Union County surrogate, visit [ucnj.org/surrogate](http://ucnj.org/surrogate), email [sbadri@ucnj.org](mailto:sbadri@ucnj.org) or [lbrophy@ucnj.org](mailto:lbrophy@ucnj.org), or call 908-527-4280. Questions and concerns may also be faxed to the surrogate's office at 908-351-9212.

## Possible redevelopment

(Continued from Page 8)

Cranford resident Barbara Krause, who spoke during the Aug. 19 virtual meeting, is wondering what will be built on one of the lots. She has concerns.

"They're not making it public," Krause said on Aug. 21. "The problem is that they have a Redevelopment Plan and the municipal parking lot is included in that. The municipal parking lot is very important for the community to have a place to park, to shop or to go to the municipal building for meetings. They are not publicizing what their plan is for that lot, but they did put it in a Redevelopment Plan. There was information, although not made very public at the hearing they had Wednesday night."

Krause is concerned that a large apartment building could be built on that lot.

"There is another area, closer to North Avenue, which is behind the firehouse," she said. "That is an area they would also include in the redevelopment area. There is a building there that needs to be redeveloped. It's a vacant, boarded building. They should use that for affordable housing. My husband and I were mostly concerned about the parking lot being taken for a building of any kind, perhaps this four-story apartment building, which hasn't been made public but there is documentation. This is kind of a case of smoke and mirrors, because I'm seeing one thing but I'm hearing something else."

## Rahway man brought up on charges of corruption

(Continued from Page 11)

approximately \$10,000 in cash, which was intended to influence and reward Individual 1 for Individual 1's assistance in connection with the Municipal Complex Project. Zahore characterized those two cash payments to Individual 1, totaling approximately \$20,000, in a spreadsheet that Zahore maintained of expenses related to the Municipal Complex Project. Zahore noted each payment as a "gift."

Each of the following charges carries the following maximum potential penalties: The count of making corrupt pay-

ments to an agent of a local government receiving federal funds is punishable by a maximum of 10 years in prison; the count of wire fraud is punishable by a maximum of 20 years in prison; and the count of use of an interstate facility to facilitate bribery is punishable by a maximum of five years in prison. Each count also carries a potential fine of \$250,000.

The charges and allegations contained in the indictment are merely accusations, and the defendant is presumed innocent unless and until proved guilty.

## HOROSCOPES

## AQUARIUS, Jan. 20 to Feb. 18

Try not to worry so much about small, unimportant things. One of the skills you were born with is an ability to stand back from what is going on around you and recognize what the bigger picture looks like. You've been neglecting that skill lately.

## PISCES, Feb. 19 to March 20

Some of the more realistic areas of your chart are highlighted this week, which means you won't have much time for people who wander through life not knowing what they want.

## ARIES, March 21 to April 19

You won't find it hard to let your feelings show as the new week begins but be warned — there could be consequences. Others are more likely to respond in ways that benefit you if you make an effort to stay calm in trying situations. Stay calm.

## TAURUS, April 20 to May 20

There are so many things that need to be done and you may be tempted to throw yourself at them 100 percent until they are finished. You may succeed, but at what cost? Pace yourself!

## GEMINI, May 21 to June 20

Friends and colleagues could find you a bit pushy today, though you will be so wrapped up in what you are doing that you may not notice the effect you have on other people. You'll notice it later though if they refuse to back your efforts!

## CANCER, June 21 to July 22

Be careful not to come on too strong, especially on the work front where you could easily fall foul of people in positions of authority. Even if you are right in principle the important thing to remember is that they hold all the power. Show restraint.

## LEO, July 23 to Aug. 22

You will be in a positive frame of mind and that's good because the planets warn there could be one or two minor setbacks along the way. Take what happens in your considerable stride and remind yourself constantly that life is supposed to be fun.

## VIRGO, Aug. 23 to Sept. 22

If you get involved in a war of words this week the bad feeling could linger until the end of the week and beyond. No matter how stupid some of the things you hear, just let it pass.

## LIBRA, Sept. 23 to Oct. 22

Do not give up on a relationship just because it is causing you problems. If it was worth starting — and it was — then it is worth rescuing, and if you demonstrate how eager you are to improve things today the universe will make it happen for you.

## SCORPIO, Oct. 23 to Nov. 21

Resist the urge to change your daily routine. You may feel trapped and unable to make progress but that's just the surface situation. On a deeper level things are beginning to shift, and very soon you'll be speeding ahead again. Hang in there!

## SAGITTARIUS, Nov. 22 to Dec. 21

Moderation is essential this week because there is a very real danger that you could run smack bang into some kind of wall if you push too hard or move too fast. Play it safe this week.

## CAPRICORN, Dec. 22 to Jan. 19

Someone in a position of authority will encourage you to take on more responsibility and be more of a leader than a follower, but not everyone will be happy that you seem to be on the way up. Expect negative tactics from rivals and prepare.

The Refunding Bond Ordinance published herewith were introduced and passed upon first reading at a meeting of The Board of Education of the Township of Union in the County of Union, New Jersey on August 18, 2020 and will be further considered for final passage, after public hearing thereon, at a meeting of said Board of Education to be held via videoconference on Tuesday, September 15, 2020 at 7 p.m. Information regarding remote access to the meeting may be found on the Board of Education's website at [www.twpunionschools.org](http://www.twpunionschools.org).

ENERGY SAVINGS OBLIGATION REFUNDING BOND ORDINANCE OF THE BOARD OF EDUCATION OF THE TOWNSHIP OF UNION IN THE COUNTY OF UNION, NEW JERSEY, PROVIDING FOR ENERGY CONSERVATION IMPROVEMENTS AT SCHOOL DISTRICT FACILITIES, APPROPRIATING NOT TO EXCEED \$24,500,000 THEREFOR AND AUTHORIZING THE ISSUANCE OF NOT TO EXCEED \$24,500,000 ENERGY SAVINGS OBLIGATION REFUNDING NOTES AND BONDS TO FINANCE SUCH IMPROVEMENTS

WHEREAS, the Board of Education of the Township of Union in the County of Union, New Jersey (the "Board" when referring to the governing body and the "School District" when referring to the territorial boundaries governed thereby) has, pursuant to N.J.S.A. 18A:18A-4.6, (the "ESP Law"), determined to undertake an energy savings plan; and

WHEREAS, the Board has appointed Schneider Electric ("Schneider") to develop an Energy Savings Plan (the "ESP") pursuant to the ESP Law; and

WHEREAS, Schneider has developed a preliminary ESP based upon a scope of projects including individual energy conservation measures ("ECMs") and including annual energy and operational savings and a proposed cash flow pro forma (the "Preliminary Plan"); and

WHEREAS, in accordance with the ESP Law, the Board appointed DLB Engineering to act as a "third party verifier" in order to verify the savings set forth in the ESP; and

WHEREAS, DLB Engineering has verified the savings set forth in the ESP; and

WHEREAS, the ESP, as verified, has been submitted to and approved by the New Jersey Board of Public Utilities; and

WHEREAS, the Board has determined that the energy savings generated from ESP will be sufficient to cover the cost of the program's ECMs set forth in the ESP, and, therefore, has determined to implement the ESP pursuant to N.J.S.A. 18A:18A-4.6 et seq. and to finance the ESP through the issuance of energy savings obligations authorized as refunding bonds pursuant to N.J.S.A. 18A:18A-4.6(c); and

WHEREAS, the Board now desires to adopt and enact an Energy Savings Obligation Refunding Bond Ordinance (the "Refunding Bond Ordinance") authorizing the issuance of Energy Savings Obligation Refunding Bonds (the "Refunding Bonds") in an aggregate principal amount not to exceed \$24,500,000, to finance the ECMs; and

WHEREAS, in accordance with the requirements of N.J.S.A. 18A:24-61 through 62 and N.J.S.A. 18A:18A-4.6(1)(3), the Board has made the required application to the Local Finance Board within the Division of Local Government Services, New Jersey Department of Community Affairs (the "Local Finance Board") for approval to adopt this Energy Savings Obligation Refunding Bond Ordinance and to issue the Refunding Bonds authorized herein.

NOW THEREFORE, BE IT ORDAINED BY THE BOARD OF EDUCATION OF THE TOWNSHIP OF UNION IN THE COUNTY OF UNION, NEW JERSEY (not less than two-thirds of all members thereof affirmatively concurring) AS FOLLOWS:

Section 1. The Board is hereby authorized to undertake the ECMs, all as set forth in the ESP.

Section 3. An aggregate amount not exceeding \$250,000 for items of expense listed in and permitted under N.J.S.A. 18A:24-61.4 has been included in the aggregate principal amount of Refunding Bonds authorized herein.

Section 4. A supplemental debt statement of the Township of Union has been prepared and filed in the offices of the Township Clerk and the Business Administrator/Board Secretary, and in the office of the Director of the Division of Local Government Services in the New Jersey Department of Community Affairs as required by law. Such statement shows that the gross debt of the Township as defined in the Local Bond Law and the school debt of the Board is increased by the amounts of the Refunding Bond authorization set forth herein.

Section 5. A certified copy of this Energy Savings Obligation Refunding Bond Ordinance, as adopted on first reading, has been filed with the Director of the Division of Local Government Services in the New Jersey Department of Community Affairs prior to final adoption, together with a complete statement in the form prescribed by the Director and signed by the Business Administrator/Board Secretary or the Board President of the School District as to the indebtedness to be financed by the issuance of the obligations authorized herein.

Section 6. The Board President, the Superintendent, the Business Administrator/Board Secretary and other appropriate representatives of the School District are hereby authorized to prepare such documents, to publish such notices and to take such other actions as are necessary or desirable to enable the School District to prepare for the sale and the issuance of the Refunding Bonds authorized herein.

Section 7. The Board reasonably expects to reimburse any expenditures toward the costs of the improvements or purposes described in Section 1 hereof and paid prior to the issuance of any bonds or notes authorized by this Refunding Bond Ordinance with the proceeds of such bonds or notes. This Section 7 is intended to be and hereby is a declaration of the Board's official intent to reimburse any expenditures toward the costs of the improvements or purposes described in Section 1 hereof to be incurred and paid prior to the issuance of bonds or notes authorized herein in accordance with Treasury Regulations §1.150-2. No reimbursement allocation will employ an "abusive arbitrage device" under Treasury Regulations §1.148-10 to avoid the arbitrage restrictions or to avoid the restrictions under Sections 142 through 147, inclusive, of the Internal Revenue Code of 1986, as amended (the "Code"). The proceeds of any bonds or notes authorized herein used to reimburse the Board for costs of the improvements or purposes described in Section 1 hereof, or funds corresponding to such amounts, will not be used in a manner that results in the creation of "replacement proceeds", including "sinking funds", "pledged funds" or funds subject to a "negative pledge" (as such terms are defined in Treasury Regulations §1.148-1), of any bonds or notes authorized herein or another issue of debt obligations of the Board other than amounts deposited into a "bona fide debt service fund" (as defined in Treasury Regulations §1.148-1). The bonds or notes authorized herein to reimburse the Board for any expenditures toward the costs of the improvements or purposes described in Section 1 hereof will be issued in an amount not to exceed \$24,500,000. The costs to be reimbursed with the proceeds of the bonds or notes authorized herein will be "capital expenditures" in accordance with the meaning of section 150 of the Code. All reimbursement allocations will occur not later than eighteen (18) months after the later of (i) the date the expenditure from a source other than any bonds or notes authorized herein is paid, or (ii) the date the improvements or purposes described in Section 1 hereof is "placed in service" (within the meaning of Treasury Regulations §1.150-2) or abandoned, but in no event more than three (3) years after the expenditure is paid.

Section 8. The Board hereby covenants that it will comply with any conditions subsequently imposed by the Internal Revenue Code of 1986, as amended (the "Code"), in order to preserve the exemption from taxation of interest on the Refunding Bonds, including, if necessary, the requirement to rebate all net investment earnings on the gross proceeds above the yield on the Refunding Bonds.

Section 9. This Energy Savings Obligation Refunding Bond Ordinance shall take effect immediately after final adoption and endorsement of the consent of the Local Finance Board.

Administration, faculty and staff of Trinitas School of Nursing gather, prior to the COVID-19 pandemic.

## Trinitas School of Nursing recognized

ELIZABETH — Trinitas School of Nursing has been recognized as a 2020-2024 Center of Excellence in Nursing Education by the National League for Nursing; it is among 17 nursing programs from across the country to receive the recognition. This is the fourth consecutive time TSON has earned this distinction, the first time being in 2008, with redesignations in 2011 and 2015.

"The faculty of the School of Nursing deserves the lion's share of this award," TSON Dean Roseminda Santee said. "They make it happen. The administration, staff, advisory board and affiliated agencies provide the support and resources for faculty and students to do their good work."

Each year since 2004, the league has invited nursing schools to apply to become a Center of Excellence, based on their ability to demonstrate in concrete, measurable terms sustained excellence in

faculty development, nursing education research, or student learning and professional development.

"NLN Centers of Excellence help raise the bar for all nursing programs by role-modeling visionary leadership and environments of inclusive excellence," NLN CEO Beverly Malone said. "These environments help nurture the next generation of a strong and diverse nursing workforce to advance the health of the nation and the global community."

"This award is the culmination of decades of commitment and dedication by the faculty to the vision of excellence that focuses on the creation of learning environments designed to promote the nursing education and professional development of culturally diverse students," Santee added. "This could not have been accomplished without a plan that also values innovation, civility, integrity and ethical behavior in all professional activities."

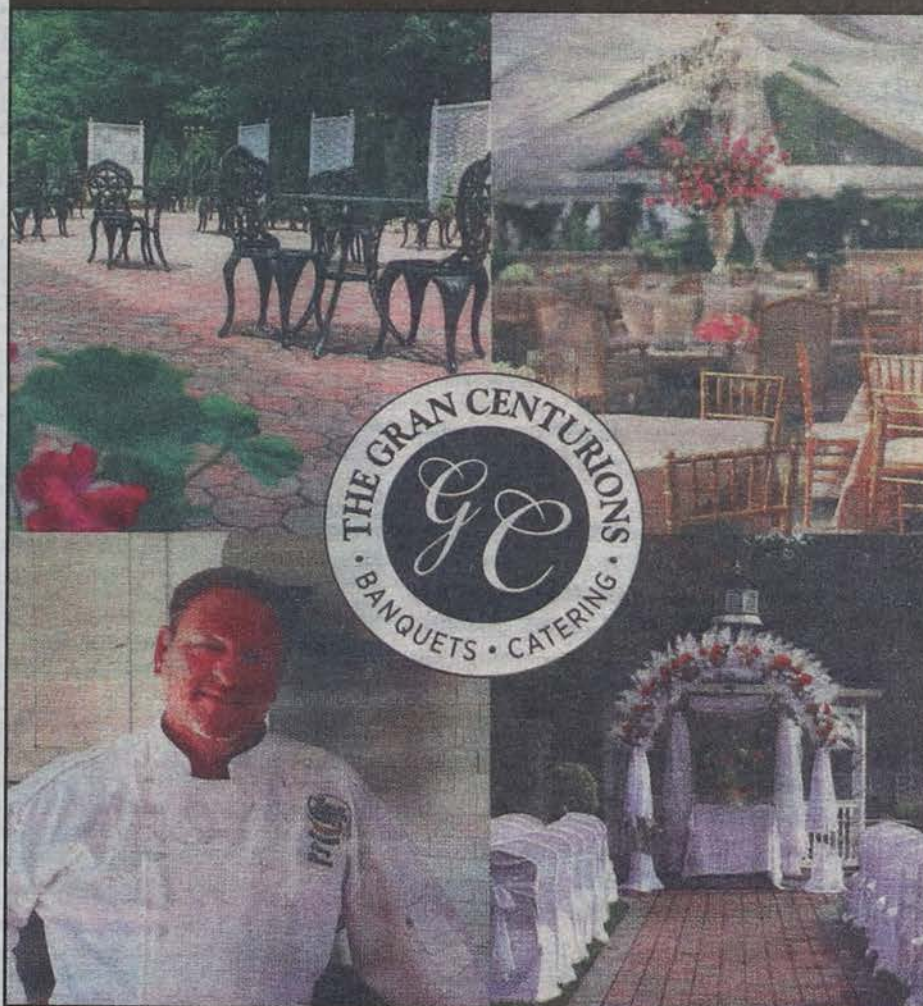

Nursing students at TSON practice their skills on a dummy, prior to the COVID-19 pandemic.

# Here's how we're keeping you

# SAFE

So you can get the  
healthcare you need.  
Welcome Back!

Temperature checks for all

Plexiglass and other barriers

Mandatory masking for all

Hand sanitizer

Social distancing

Screening questions

Outpatients seen by appointment,  
no indoor waiting

Testing on all inpatients and those  
undergoing invasive diagnostic  
testing and surgery

Telehealth/telemedicine options

Separate treatment areas in the ER and  
patient floor areas for COVID patients

Appropriate PPE for all staff

Infection control training for all staff

HEPA air purifying filters

Positive/negative pressure rooms

Cleaning/sanitizing process

- Disinfecting all surfaces
- Treating all floors with germicidal disinfectant
- Stripping and refinishing all patient rooms and floors
- Surfacing UVC treatment – the “knockout punch”

# Music is the key to the soul

Music is the key to the soul. *Plato said: "Music gives a soul to the universe, wings to the mind, flight to the imagination and life to everything."* While all music contains beauty, it is no secret that well-made instruments enhance even the plainest tune. Altenburg Piano House in Elizabeth has been making some of the best instruments for more than 150 years. Family-owned and -operated now in its seventh generation.

**Altenburg Piano House was founded in 1847 and is the oldest family-run piano house in the United States.** Through all the years that have passed, one thing that has stayed constant is the family's passion for great pianos. Altenburg Piano House traces its origins to the Otto Altenburg Piano Co., founded in 1847 in Germany. The Altenburg family immigrated to New York City in 1855 and opened a piano factory here in the United States.

The family moved to Elizabeth in 1906 and have been proud Elizabeth residents ever since. The company opened its first Elizabeth showroom in 1906 on East Jersey Street. Twenty-three years later, in 1929, the family business moved up the street to 1150 East Jersey St. to a custom-built, art-deco piano showroom.

Altenburg also offers; Ritmueller, Pearl River, Viscount Hybrid Pianos and Organs made in Italy; rebuilt Yamahas and choice pre-owned Yamaha pianos. Fine, rebuilt Steinway and Mason & Hamlin grands are also on hand. Along with new Mason & Hamlin grands and uprights.

Altenburg Piano is the exclusive authorized tri-state dealer for Mason & Hamlin which is still made in the USA. (Manufactured in Haverhill MA) Altenburg has also been selling the August Forster piano manufactured in Lobau, Germany since the early 1800's. Also operating in it's 7th or 8th family owned generation.

Both the Mason & Hamlin and August Forster are comparable to the Steinway in terms of quality, sound and musicians preference. Personally we feel the Mason or the Forster are the way to go.

The Altenburg family knows that purchasing a piano is not just about acquiring an instrument; to buy a quality piano, brings with it decades of music history, a legacy of music excellence and a continued commitment to enhancing the world around us with soul-discovering music.

**Had enough of Facebook?** So have more than 500 national brands that don't want their ads placed next to hateful, divisive or fake content.

These respected businesses have had an alternative all along:  
**The local newspaper.**

Local newspapers are focused on delivering the news fairly and accurately and have a proven track record of delivering results for advertisers. It's why they are trusted in their communities.

In print or in their many digital products and marketing strategies, advertising in a local newspaper works.

To file a claim on personal property listed in this advertisement, you must be either the property owner or a person who has the legal capacity to represent the property owner. Claims can be submitted online through the New Jersey Unclaimed Property Administration (UPA) website: [www.unclaimedproperty.nj.gov](http://www.unclaimedproperty.nj.gov).

- Once on the website, select 'Search for Unclaimed Property' to locate your property by entering either the name or property ID number listed in this advertisement.
- You can also complete a name search for any property that was previously advertised.
- Add any properties you believe belong to you (or whom you are representing) into your 'cart' and follow the claim submission steps.

If you located unclaimed property in this advertisement that belongs to you but do not have internet access to submit a claim online (the fastest way to get your property), please call the UPA at 609-292-9200 for further assistance.

If you have any questions or need assistance, please visit the Unclaimed Property Administration website to view FAQs, videos about unclaimed property, and other helpful tools. Any person not listed in this advertisement is also encouraged to search for unclaimed property through the 'Search for Unclaimed Property' link on our homepage.

**Important Note:** Per the state statute (N.J.S.A 46:30B-76.1), the Unclaimed Property Administration will not release confidential information regarding the property herein over the phone or through email request. The only way to acquire this information is through the submission of a qualified claim by either the reported property owner or a person who has the legal capacity (with documentation) to represent the reported property owner.
