It is an index to the best interests of the city, and stands for them and the city in reference libraries all over the country as well as on the desks of progressive business men. It is accessible to everybody and the logical place to look for specific information. This probably explains why in other form of publicity is so generally endorsed by business men as a glance at this department will show.

ALPHABETICAL SECTION Jersey City (page 159), Hoboken (page 1117), gives names, occupations and addresses of all men twenty years old or over, together with wife's name where married, also widows with given name of husband. Full copartnership and corporation information is contained in this department, together with complete business and professional information. Names in large type are those who realize the value of placing themselves where they may be speedily and conveniently found.

CLASSIFIED BUSINESS DIRECTORY (page 1291). All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses realize that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross indexed to a descriptive space in the "Buyers' Guide." More goods are bought and sold through classified Directories than through any other medium.

As the latest directories are issued, they will be added to the library, thereby keeping it up to date from year to year. MUNICIPAL PUBLICITY

Advertising Jersey City, Hoboken and Bayonne.

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers place copies of this issue of the Directory in Directory Libraries, which are maintained in all of the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of the three cities, for business men the country over realize that the City Directory represents the community as it really is.

Two books are allowed at once on the same card, only one of which may be fiction. A fine of two cents a day, including Sundays and holidays, must be paid on each volume kept overtime. Borrowers finding books pencil marked or otherwise injured, are requested to report the same to the Librarian.

Change of address must be promptly reported. On application, a book belonging to the Library, not in when called for, will be reserved, and notice sent when it may be obtained. A charge of two cents a volume is made for the reservation of fiction.

Most Every Kind of Business Has Need for All or Part of Polk Service

Mailing Lists

Whether you are Retailer, Jobber or Manufacturer you need, at some time or other, a mailing list—a GOOD mailing list. Such a list of possible customers properly worked and developed will pay its own way—and then some.

Hundreds of firms use Polk's Red Seal Mailing Lists to reduce waste of salesmen's time and effort—and to get their share of the business from towns off the beaten path or where it is too costly to travel a man. Let us suggest or compile to your order some lists which will produce for you.

Multigraph Service

If you are Retailer, Jobber or Manufacturer, you occasionally, frequently, or regularly have need for a multigraph service—dependable service. Ample mechanical equipment and expert workmanship and supervision make Polk facilities unsurpassed. Large numbers of Detroit business establishments use this service in conjunction with other parts of our service; others use the multigraph service only. Anything you wish duplicated in quantities—letters, post-cards, other forms—produced by Multigraph, Mimeograph or Ditto.

Let us handle your next order. It will be given that kind of attention which will hold and increase your patronage.

Retailer, Jobber, Manufacturer—all need at times extra or regular assistance in addressing and mailing work. Hundreds of customers use this Polk service to assure accuracy and promptness in getting letters and other mail campaigns off on scheduled time.

Many customers like our Economy Plan. This Plan includes addressing to Polk lists, multigraphing, filling-in and signing letters, sealing and mailing at a fixed rate per thousand in quantities of one thousand or more. Speed is sometimes a factor in mail work. Polk's large organization guarantees speed without sacrificing accuracy. Let Polk do it.

Special Service

Polk's is a business organization serving all other business organizations. Everything we do from publishing this and other Directories and Gazetters to compiling Mailing Lists and Automotive Statistics is done to make it easy for business men to do business with one another. Our Motor List Division specializes in automobile statistics and in motor car owner lists. Because they have the buying power, automobile owners are select prospects for many kinds of merchandise.

Quota

We conduct market investigations. Polk's quota service can assist you in establishing a proper and just quota for your sales department. Ask for complete details.

ADDRESSING AND MAILING

OUR Addressing and Mailing Departments are equipped for handling rapidly, orders of any size. We relieve our customers of all detail and they feel safe in making their consignments of postage and expensive enclosures to a house like ours so well known for its standing and responsibility.

We plan and execute Direct-Mail campaigns, supplementing and intensifying other forms of advertising and bringing the appeal direct to the prospect.

Where a client has worked out a general plan of Direct-Mail advertising to meet the particular needs of his business, we adopt his ideas and adapt them to the psychological as well as mechanical requirements of a successful campaign.

"Familiarity Breeds Contempt"

The City Directory is a familiar sight in any community. You see it here, there and everywhere; in stores, banks, real estate offices, railroad stations, etc. Usually it is tucked away in a corner. Mostly it is well thumbed, torn, evidencing its great utility and frequent use. It does not lend itself to beauty; in that particular it is plainly utilitarian. It is such an ordinary sight that its value is lost or hidden by its commonness.

IT is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The CITY DIRECTORY is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.

WE are complete outfitters for men, young men, youths and boys. Located in the busy heart of Jersey City, we have built up a notable business by adhering to these inflexible standards.

"THE BEST CLOTHES ALWAYS"—clothes that in fabric, style and tailoring leave nothing to be desired. Conservative styles for men of mature years—individual styles for younger men—boys' clothing that fit real boys' needs.

A LOW MARGIN OF PROFIT—Comparison with prices prevailing in high-rent districts will show surprisingly large economies here, due to vastly less overhead and our large volume of business.

SERVICE AND SATISFACTION—Our spacious day-light store, with its immense stocks and courteous salesmen, are links in a service that ends only in **COMPLETE SATISFACTION**.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. LIST OF NAMES**ANY BUSINESS—ANY LOCALITY**

Accurate and Up-to-the-minute

We publish over 500 Directories—City, County, State, National and Trade. We furnish real live up-to-date lists of all trades and professions.

As directory publishers we frequently have available for lists the manuscript copy from which directories are being compiled, and thus you may secure information in advance of publication, a service that cannot be had elsewhere.

We have no trade lists—our information is taken from the latest sources, and above all things is accurate.
