P. ROLLHAUS & CO'S

PATENT

Elevated Oven Range!

We offer the above to our customers and the public generally, relying entirely on its merits.

It is neat in design, substantially constructed, and with an improved Self-Closing Dust Damper attached. It is very **SIMPLE and ECONOMICAL** in its operation.

The capacity of Fire-Chamber is small, flues large, and the ovens so readily heated that the consumption of fuel is comparatively less than any other Range in use.

Waterbacks can be attached by which a large supply of Hot Water can be kept constantly on hand.

Knickerbocker Range,

SUITABLE FOR

PRIVATE AND PUBLIC HOUSES.

Above cut shows the ***KNICKERBOCKER RANGE,*** (so well and favorably known) in an entirely new dress, retaining its many excellent qualities, with the addition of such improvements as have suggested themselves to us, making the range

HEAVIER, MORE DURABLE, AND EASIER KEPT CLEAN.

A Heating Shelf or an Elevated Hot Closet can be attached to each size.

We have 8 sizes, each Range having 3 different Waterbacks to correspond with capacity of Boiler.

MANHATTAN ILLUMINATING

FIRE-PLACE HEATER!

The above represents our newly constructed

FIRE-PLACE HEATER.

Besides experience and practical knowledge, no time or expense have been spared to make it as the above cut represents, externally a

NEAT AND TASTEFUL PIECE OF FURNITURE.

The Internal arrangement in its different departments is such, that it has introduced itself the same as the Knickerbocker Range into general use. It can be put up with or without a self-feeder (Magazine,) and with a round or square frame.

Cold air may be admitted from without or direct from the room it occupies, according to circumstances.

It is a well known fact that the

STECK PIANOS

stand unrivalled in regard to fine sympathetic tone.

SHEPARD'S SUPERIOR RANGE.

New Heater Superior Ovens.

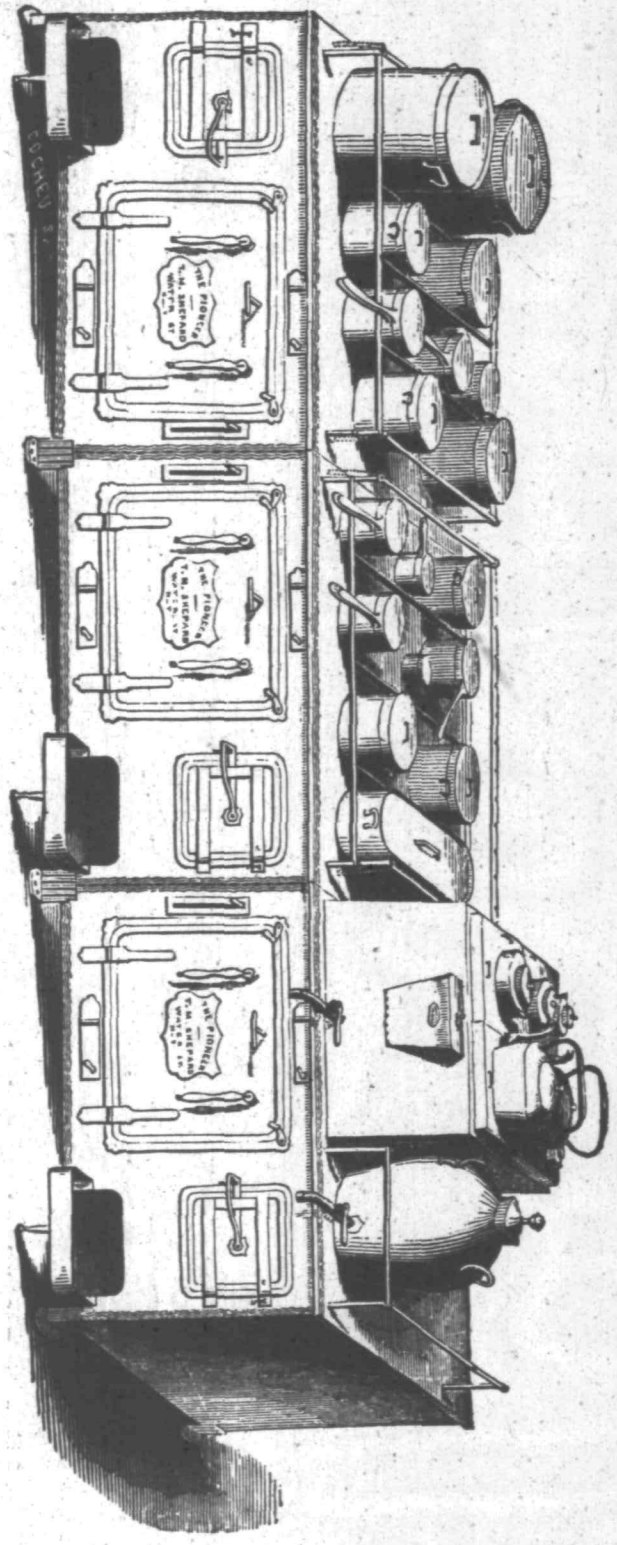

Good Bakers—Nothing superior in baking qualities can be desired. **Good Roasters**—Unexceptionable in completeness, with tin roasters. **Broiling**—Without smoking the meats. **Boiling**—Quickly over the entire top. **Hot Water**—An unbounded supply. **Economical**—Using very little fuel. **Durable**—Standing even hard usage with little wear. **Strong**—The proper metal *in the right place makes them strong and serviceable.* **Easily Managed**—No person can fail to successfully operate one of these ranges on their first trial.

The great popularity and unprecedented sale of these Ranges prove conclusively that the public have met the introduction of a first-class article as it merits.

No range has been offered which so succesfully and completely fills all the requirements of superior finished cooking, and which at the same time proves so economical in fuel as to excite surprise.

With facilities for heating water unsurpassed, arrangements for roasting of the most complete kind, and two extra large ovens for baking, no family can fail to be pleased with its operation.

The Pioneer—Cunard Pattern.

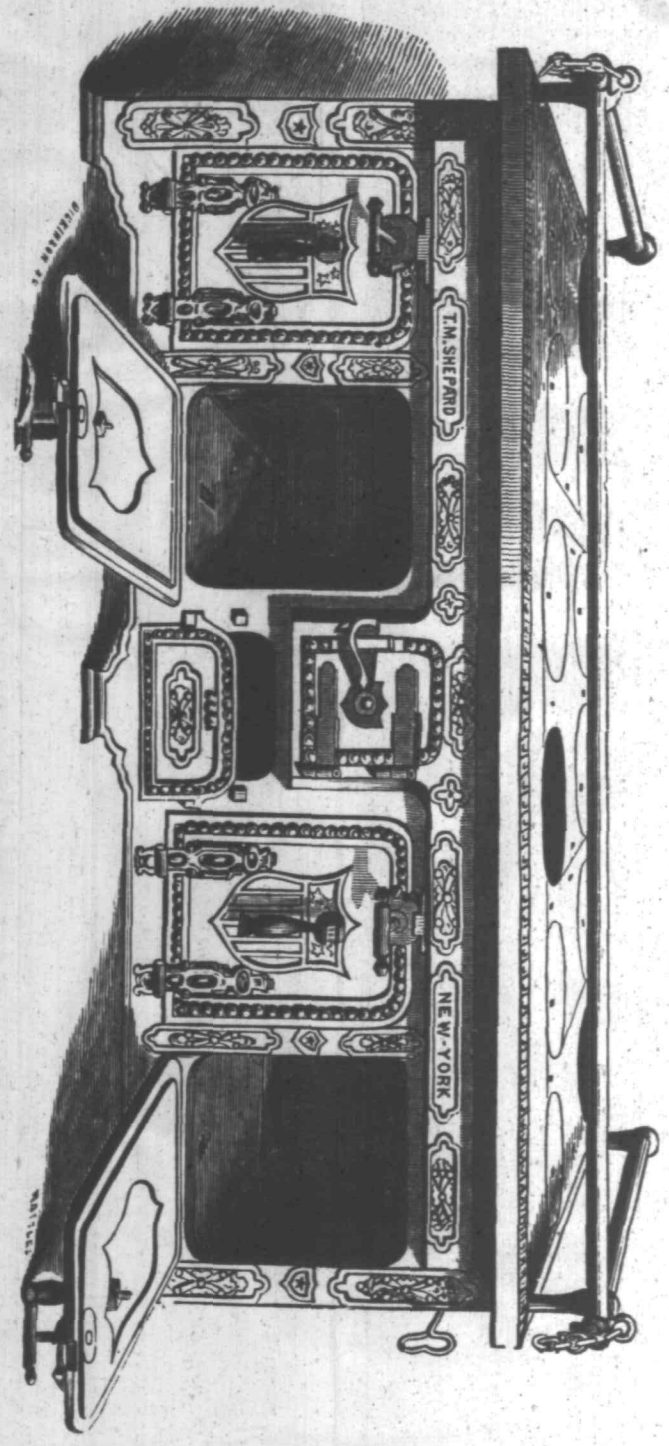

A splendid outfit for Steamships. This style of GALLEY RANGE has ever been in use on the "CUNARD" Steamships. Its success is evidence of its usefulness. LARGE OVENS, AND SUPERIOR BOILING AND STEWING CAPACITY.

Baker's Ovens—Three sizes for Steamships. **Cabin Heating Stoves**—Various patterns.

SHEPARD'S STEAMSHIP & SHIP CABOOSES,

ALSO, ALL SIZES FOR SMALLER VESSELS.

Twenty sizes of superior cabooses. The best article for Ship's Cooking ever manufactured. Their success on the Pacific Mail, Collins, Charleston, Savannah, and other lines, attest their merit. They never fail.

Copper, Tin and Iron Wares, well manufactured and strong, suitable for Ship use, furnished with despatch.

Pantry and Galley Outfits complete, to order. ***Copper, Sheet Iron and Tin Work*** made to order.

Repairs attended to on Ship-board of all Galley and Pantry Fixtures.
