HOW TO USE YOUR DIRECTORY

To get the most good from your Directory you must know what it contains and how to use it. You cannot get this knowledge by glancing hastily through the book, and assuming that your mind grasps a full idea of its contents from the name

SAID PAT TO O'MALLEY—"Sure it's to a jeweler and not to a glass dealer you should go when you want to buy a diamond." Likewise it's to a mailing list concern you should go when you want to get a **GOOD MAILING LIST**. Forty-seven years' experience makes Mailing Lists compiled in the POLKWAY desirable.

DIXON'S
ELDORADO
the master drawing pencil

For artists, draughtsmen, engineers
and for all who require the best in
pencils. Made in 17 perfect degrees
of hardness, uniformly graded. Hexagon
shape, yellow finish, stamped in gold.
Ask your stationer.

When your
advertising matter
goes out hit or miss to
any old sort of a list of
names, there's bound to be
tremendous waste.

Polk's lists are different—
because they are based on original
data—the data that goes into Polk's
400 City, County, State and National
Directories. Directory publishing is our
principal business.

98% delivery is guaranteed on our lists—
can you ask for any better proof of efficiency?

Form letters—well executed—command
attention. We do addressing, multi-type-
writing, filling in, folding, enclosing and
mailing.
