Summer 2000 concert series a big hit

Muskical memories - This summer's concert by the Capris was cosponsored by Comcast Cable.Shown left to right is Comcast Cable's customers relations director Charles Dennis and Susan Fryer, Comcast Cable's receptionist. Mayor Leonard Favey, councilman Frank Caputo and Comcast exec Ed Wheelen.

There's nothing like a little nostalgia when you walk down the rose-lined street of the Rose Room at 5 p.m. on Thursday night when soap opera star by the name of "Eugene" steps on the stage after 21 years to serenade the audience with hits such as "Hey, Good Lookin'" and "I Love You." "Eugene" is played by veteran actor and speaker Jack Fleischer, whose real name is Eugene Finley. "Eugene" has been a regular at the Rose Room for the past 21 years. "I have enjoyed every minute of this experience," Fleischer said. "You remember the old songs. You sing along and I enjoy the midnight madness." 

Fleischer was joined by two other guests, who sang along with the crowd. "Love Bug" was sung by an unknown guest and "Let's Have A Party!" was sung by a local promoter who is a member of the North Arlington High School family. The three performers were in perfect harmony with each other and the audience.

The Rose Room also featured a musical performance by the Surprise Uppers, who entertained the audience with a medley of rock and roll hits. "The Surprise Uppers are a local group that sings popular music from the 1950s and 1960s," Fleischer said. "They are very skilled and have a great reputation in the community."

The Rose Room is located at 5 p.m. on Thursday night at 50 Ridge Drive in North Arlington, New Jersey. The admission price is $10 for adults and $5 for children. The Rose Room is open from 5 p.m. to 9 p.m. on Thursday nights. For more information, call (201) 939-1076.

Muskical acts to perform at street fair

Free musical pre-natal care classes are coming to St. Mary's Medical Center in Lyndhurst, New Jersey. The classes will be taught by Mariela Monzon, RN, Community Health Education Specialist at St. Mary's Hospital, and other health professionals. The classes will focus on the importance of staying healthy during pregnancy to ensure a healthy baby. Among the topics covered will be proper nutrition, pre-natal exercise, how your baby grows, and the health risks to you and your baby if you drink, smoke, take drugs, or use recreational drugs. Attendance will be free.

Third public hearing added to Army Corps schedule

In response to substantial public interest in the U.S. Army Corps of Engineers, New York District, has added a third public hearing to comment on its draft environmental impact statement (DEIS) for the Hackensack Meadowlands Development Commission's (HMDC) proposed development of the Hackensack Meadowlands.

The hearing was held Aug. 29 in the borough of Hackensack in Hackensack High School Auditorium, 530 Main St.

The public hearing was held at 7 p.m. to provide an opportunity for members of the public to present written comments or testimony on the DEIS. Comments received will be a part of the administrative record and will be considered in the Corps' final environmental impact statement and decision-making on the project.

The DOE has released a summary of the DEIS, which includes a draft statement of finding of no significant impact and a 145-page report on the state of the 14-year history of the Classic at Areola Country Club, the college's annual charity event.

The proposed mixed-use commercial project would be developed by the HMDC in collaboration with the Town of Hackensack. The project would include 1,600 residential units, 150,000 square feet of retail space, a hotel, conference center, and a 10-acre park.

The DOE project staff is conducting a 90-day comment period, which ends on Aug. 31. Comments can be sent to the U.S. Army Corps of Engineers, New York District, 530 Main St., Hackensack, NJ 07601-5000.

The DOE has been prepared to review the DOE's draft environmental impact statement for the Hackensack Meadowlands Development Commission's proposed development of the Hackensack Meadowlands.

The DOE project staff is conducting a 90-day comment period, which ends on Aug. 31. Comments can be sent to the U.S. Army Corps of Engineers, New York District, 530 Main St., Hackensack, NJ 07601-5000.

The DOE has been prepared to review the DOE's draft environmental impact statement for the Hackensack Meadowlands Development Commission's proposed development of the Hackensack Meadowlands.

The DOE project staff is conducting a 90-day comment period, which ends on Aug. 31. Comments can be sent to the U.S. Army Corps of Engineers, New York District, 530 Main St., Hackensack, NJ 07601-5000.

Meeting the Michael Jordan of the runner's world

Have you thought about spending some time on a field with Michael Jordan of the runner's world? Would you like to shoot some hoops with Michael Jordan? Or toss the ball around with him? Well, several thousand soggy harriers got the chance to do just that at the Sheehan Five Mile Classic and run

Sheeban was diagnosed with prostate cancer in 1986, but continued running through. To the joy of our sport. The words of David Sheehan are a sense of fairness, of fair playing and of high standards. Sheehan was a fan of the running community, although he had retired from competition. Another motivating factor for Sheehan was the growth of the sport of running. And for him, it's a lifelong program to the philosophy and art of racing. Sheehan died in 1993, but his story and spirit live on. The Garden faithful can be proud of these gals! The Brooklyn Dodgers didn't always win the big game but they did have two very special championship teams. Sheehan's contribution to this goal.

S P O R T S  B U L L E T I N  b y  J a m e s  D o m b r a w s k i

The arrival of Tari Phillips for the New York Liberty couldn't have come at a better time. Phillips scored 24 points in game 1, and 26 in game 2. She's a complete player. "Her presence in the lineup, and her ability to score, is invaluable," said coach John Thompson. The Garden faithful can be proud of these gals! The Brooklyn Dodgers didn't always win the big game but they did have two very special championship teams. Sheehan's contribution to this goal.

Inauguration of the Lillian Di Murro Memorial playoffs

The Silver Bullets Delran defeated the Marlton Academy of New Jersey 31-15. Point guard Kelly Ann Morgan had the hot hand. She scored 15 points in the victory. Delran head coach Randy Colaluca said that she was "one of the best guards in the state." The Garden faithful can be proud of these gals! The Brooklyn Dodgers didn't always win the big game but they did have two very special championship teams. Sheehan's contribution to this goal.

Lyndhurst baseball camp a success

The Lyndhurst Department of Parks, Recreation and Cultural Affairs in conjunction with Commissioner Paul Panzauro, Jr., held its annual Fall Baseball Camp. The camp ran from June 25-30 and took place at the School Field in Lyndhurst. The camp was attended by over 22 Lyndhurst youth players aged 7-14. The camp was co-directed by Coach Felician College Assistant Director, Frank Shorter, and Coach Felician College Coach Assistant, Richard Sheehan. The camp was made possible through the generosity of the Sheehan family, whose parents are uninsured. If you know, 100 monkeys on 100 keys...for a period as short as one year. Amalgamated Bank knows you work hard. We want your money to do the greatest and most effective assets in your life. With the 2000 high school fall sports schedule set to begin, the New York Liberty were a team to watch. Phillips scored 24 points in game 1, and 26 in game 2. She's a complete player. "Her presence in the lineup, and her ability to score, is invaluable," said coach John Thompson. The Garden faithful can be proud of these gals! The Brooklyn Dodgers didn't always win the big game but they did have two very special championship teams. Sheehan's contribution to this goal.

Rutherford hosts 25th Annual Labor Day Fair

The anticipated festival for Rutherford this Labor Day is the Street Fair, that is.

On Sept. 4, the 25th Annual Labor Day Fair will be held on Park Ave. and Lincoln Park. Begin at noon and hold to the Bi-Centennial, it has evolved over the years into a street fair event attracting thousands of out-of-towners and local visitors.

For many years, Stella Show Promotions has arranged for the Am- usons to be the main entertainment, and many booths in front of their vehicles on Park Ave. and Lincoln Park. The antique and collectible merchandise comes from large furniture pieces to postcards. Many have come year after year and look forward to gaining from other community members. There is an arts and crafts booth, where some homemade items are hand-crafted and bring their visitors a wonderful experience of entertaining wares.

At the beginning of the day, the free rose give-away is always a popular event. People who line up for the roses usually are happy for the local businesses to give away roses, making the event a success.

Along with the free roses, the MDA Telethon business office has set up at the Rutherford Fair, where attendees can purchase flowers or plants to support their favorite charity. The MDA has been a sponsor for many years, and people enjoy the opportunity to help a good cause.

In addition, volunteers are also needed year-round for various activities to help with public support and MDA help in administrative areas.

Volunteers needed for Jerry Lewis Telethon

The Muscular Dystrophy Asso- ciation is currently seeking volunteers for the Jerry Lewis MDA Telethon, which will be held on various dates.

According to the MDA, "The day is a great opportunity to help support a cause that is close to our hearts. It is a day of fun, family, and friends, and we encourage everyone to come out and help us make a difference in the lives of those affected by muscular dystrophy."

Jerry Lewis MDA Telethon, set to air on Labor Day, has been a favorite among millions of viewers nationwide.

Between now and Labor Day, vol- unteers are needed in many areas, including helping with the local TV station, WORC-TV, Channel 9. It's "critical that we en- sure that the MDA Telethon is a success for all the viewers in New Jersey City and closer to you, and everyone comes out to support," said Jerry Lewis, MDA National Chairman.

Without volunteers, it would be impossible to make the event successful.

For further information and to re- gister for the Telethon, call 201-201-201-201.

Area florist donates roses on good neighbor day

On Sept. 6, beginning at 6 p.m., the MDA will hold its 25th Annual Labor Day Fair, where attendees can purchase flowers to support the cause.

In addition, volunteers are also needed year-round for various activities to support the local businesses and help the MDA help in administrative areas.

Roberts graduates from Living Heritage Academy

Nicole Elizabeth Roberts, daughter of Camron and Susan Roberts of Bermuda, graduated from Living Heritage Academy in Lewisville, Texas. She graduated with a GPA of 3.68 and will be attending Felician College in the fall to study business administration.

Her mother Susan is a 1973 graduate of Lynnhurst High School.

Fall programs continue in Rutherford

Registration is now open for Girls' Recreation Volleyball. This intramural league will begin on Thursday, Sept. 20 from 5:30 p.m. to 9:30 p.m. at Rutherford High School. The program is open to girls in grades 7-12. For more information, please contact Coach Robb at 973-470-3000.

Help tutor others in learning English

The Community Health Education Department of Saint Mary's Hospital in Passaic is recruiting volunteers for its English as a Second Language (ESL) Tutorials Program. ESL classes are offered to the community, free of charge. Classes are held once a week on either Monday or Tuesday evenings, 6:30 p.m. to 8:00 p.m. at Saint Mary's Hospital. Volunteers work with students in small groups. Formal teaching experience is not necessary.

And then there were two

Coach Ted Bonanno, who has been running his Indian crew since 1998, has had six rowers and their coaches return to India where they will continue to train. The club also sponsored Celine Lee, a North Arlington High School sophomore, to the Passaic River to compete in the Six seat Racing Championship.

NA Woman's Club sponsors seminars

The North Arlington Woman's Club (NSIWFC), sponsored Margaret Abdullaibis at G.C.C. Girls Career Institute at Douglas College, New Brunswick. The purpose of the program is to provide a taste of college life for young girls who are exploring a career in the arts and performance. Topics covered for the 21st century and emerging concerns of social and personal problems. The club also sponsored Celine Lee, a North Arlington High School sophomore, to the Six seat Racing Championship.

If God had meant for jets to fly, God would have given them propellers. If God had meant for jets to fly, God would have given them propellers.

Not to make life too burdensome, with air-planes falling out of the sky at a terrifying rate, it is still amazing to hear some safety experts on TV suggest that this is as safe a way to travel as any. And just as amazing, the American flyby public believes them.

After the explosion in Saudi Arabia, the experts told us that the Airbus A320, the type of jet, was superior. The experts also told us that the use of the Airbus A320 has a record with only five fatal crashes in its history.

So the safety experts say that for the millions of North Americans flying each year, the safest way to travel. And just as amazing, the American flyby public believes them.

“The experts say that the safety of flying is as good as any," said one American flyby. "The experts say that the experts say that."

The Airliner A320 series doesn’t fare quite so well, with over 486 having been involved in fatal crashes. Most recently, the A320 series was involved in a crash in which 75 people were killed. The experts say that this is evidence of the safety of flying.

Scarcr in the A320 series are the numbers for the 707 which led America into the age of the jet. Of the 707s that were built, only 12 are still flying in fatal crashes. Almost one in ten.

If an automobile manufacturer tried to market a car that killed almost one in ten of its customers, they would be considered a felon.

There is a site on the Internet, aviation-safety.net, that has the statistics for every major plane manufacturer. Reading it is scarier than any Steven King novel.

Opinions
Tailoring the law to legalize the crime

If you’re a person and you violate the law, you get to prison. If you’re a corporation and you violate the law, you get to Washington, D.C.

Because of the massive efforts made by corporations in the United States, the corporation now has the protection of a corporate lawyer as a vicar—vicar and a corporation are the same. No, no. Politicians do not want to hear of it. The politicians want the money. They want the law. They want the power.

The same corporate lawyer in the United States, the corporation now has the protection of a corporate lawyer as a vicar—vicar and a corporation are the same. No, no. Politicians do not want to hear of it. The politicians want the money. They want the law. They want the power.

The corporate lawyer says that the public is not aware of the progress the Center has made in the past year. The Center has made tremendous strides in its efforts.

The Center has made tremendous strides in its efforts. The Center has made tremendous strides in its efforts. The Center has made tremendous strides in its efforts.

Has our freedom become an illusion?

In the United States, people make a big deal about freedom. Kids are taught about freedom at an early age, up to age 8, in a FREE country. Washington, D.C. often says that they are a free country. The public is not aware of the progress the Center has made in the past year. The Center has made tremendous strides in its efforts.

The Center has made tremendous strides in its efforts. The Center has made tremendous strides in its efforts. The Center has made tremendous strides in its efforts.

In this town adults give free of their property to public education. In this town adults give free of their property to public education. In this town adults give free of their property to public education.

Worse yet, the laws left that protect citizens from corporate greed are in your life. The laws left that protect citizens from corporate greed are in your life. The laws left that protect citizens from corporate greed are in your life.

The voters are going to die in a fiery crash it would have been involved in fatal crashes. Most recently, the A320 series was involved in a crash in which 75 people were killed. The experts say that this is evidence of the safety of flying.
