"Who is the mayor of this town?
"Who founded it, and when?
"What is it gives it most renown?
"Who are its Councilmen?
"How has the population grown?
"And will you tell me, please,
"Some of the facts that are best known
"About its industries?
"Where shall I find the City Hall
"And those who office hold?
"Please name the nearest market stall
"Where sauerkraut is sold.
"Does Baxter Street run east or north?
"Where is the City Jail?
"And where does Uncle Sam hold forth,
"As guardian of the mail?
"Where are the magistrates and courts?
"When do the lodges meet?
"Who keeps a file of stock reports?
"Where's Kosciuszko Street?
"Know of a man whose name is Burch,
"Who paints and plasters walls?
"Who preaches in the Baptist Church?
"Who sells good overalls?
"Where can I get an oyster stew,
"Where buy imported rugs?
"Who renovates the carpets? Who
"Exterminates the bugs?
"What car will take me to the zoo,
"And public library?
"How can I find my friend, Carew,
"I've traveled miles to see?
"Now, if you'll kindly put me wise,
"And think me not a bore,
"I shall esteem it very nice—
"And ask you something more."

"Now, listen, friend, you'll ask no more
"Of me, a tired cop;
"I'm busy, and my semaphore
"Is set, you see, at 'STOP'.
"To find the folks you want to meet,
"And every place and street,
"Please look in the DIRECTORY—
"You'll find it there, complete;
"That book's compiled with greatest care
"For those who want to know;—
"You'll find one in the drug store, there:
"Now, when I signal, GO."

ORANGES NUMERICAL DIRECTORY

(INCLUDING MAPLEWOOD)

EXPLANATORY NOTES

The streets are arranged alphabetically with their description, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, store or office at that number was vacant when canvass was made.

*Denotes householders and places of business having telephones.

"(1-A)" indicates marginal index for locating street on the map.

"(Right odd)" after street description indicates odd numbers on right side of street.
