The City Directory

— I AM —

I sit in the castles of business and at the hearthstones
of many homes, mighty in my power to serve.

Through me is the power to make people talk with intel-
ligence concerning their communities.

With extended hand I guide the wearied traveler, and
to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side
is found all nationalities, rich and poor alike.

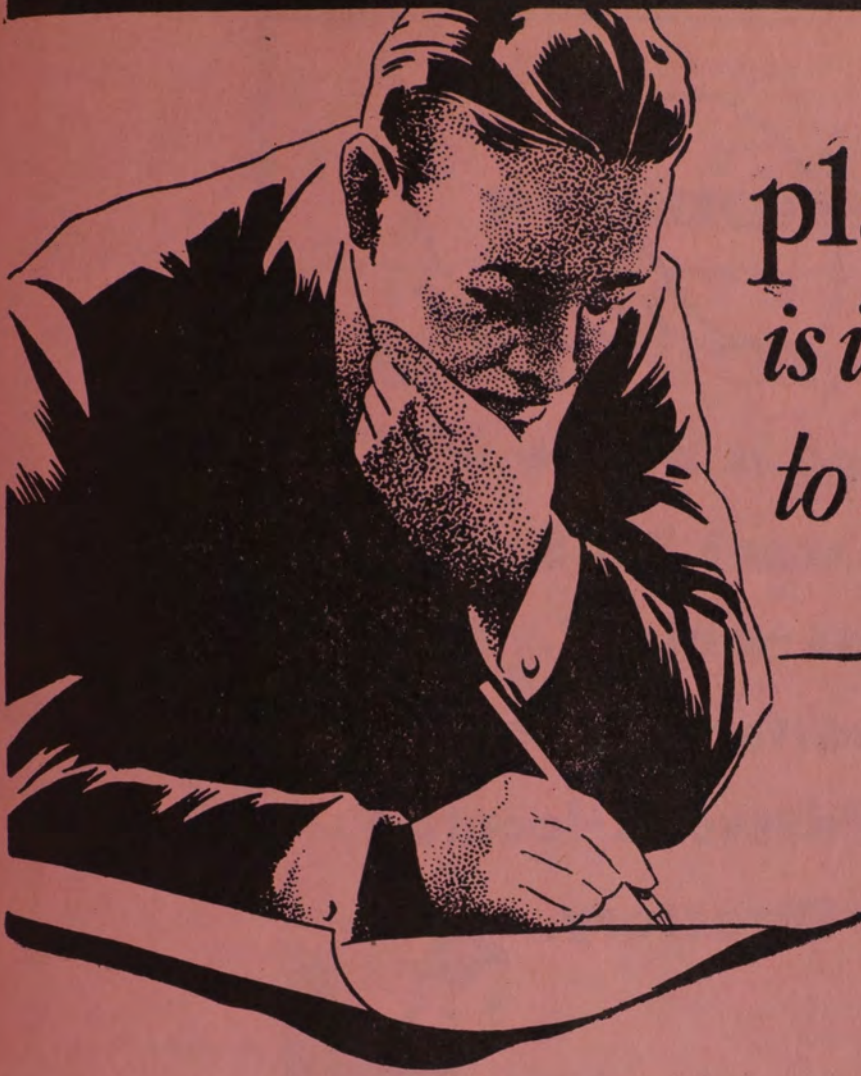

With uncanny certainty I unite long-lost friends and make
glad the missing heirs.

Through me are protected the law-abiding by tracing the
criminal to his hiding place.

Through me, in the friendliest way, new trade channels
are opened.

I am the key that unlocks the gate to what your com-
munity is, for all who would pass its portals.

“What You Should Know About Your City”

“The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government, and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women.”

—John Cotton Dana.

High Hurdles. . . .

In business as well as in sports there are High Hurdles to overcome. Your ad in the Directory, where multitudes will see it, will help to overcome many of the business hurdles.

THE TOWNSHIP OF LIVINGSTON

Complementary for Livingston Chamber of Commerce

The Township of Livingston, second largest community in area in Essex County, lies at the westerly edge of the county. Bounded on the east by West Orange and a portion of South Orange; on the south by Millburn, on the north by Roseland, and on the west by the Passaic River, the Township contains 13.75 square miles.

Originally, Livingston was settled by lumberjacks and hunters who cleared many acres along the banks of Canoe Brook. As the area around Newark developed, it became a community of farmers—a characteristic which it maintained until the late 1920's.

The Township was formally organized and chartered in 1813, being composed of parts of the Townships of Springfield and Caldwell. At that time, the area now known as the Borough of Roseland was included. This area broke off as a separate entity in 1908.

Livingston's population remained curiously static during the first 100 years of its existence. The population was slightly less than 1,000 when the Township was organized. It varied up and down for a full century, being less than 1,500 during this whole time.

As the pressure of growth in Newark and the Oranges began to be felt, the developmental possibilities of Livingston were seen. Aided by improved highways and the motor

car, more and more persons settled in Livingston during the boom period of the late 1920's. The depression period put a halt to this development, but it started in full swing in 1936, continuing until the second World War. Resumed again, it has resulted in a total of 2,750 homes at the present time, with an estimated population of 10,000.

The modern community is served by State Highway 10, approximately 12 miles of county highways, and over 60 miles of fully paved Township roads. It boasts a thoroughly modern police department equipped with the most modern aids including two-way radio; a volunteer fire department; a fully equipped rescue squad with a modern ambulance; a school system with five major buildings and two annexes; a municipally owned water system and sanitary sewer system; and most of its area is served by city gas. Work is now being pushed on a civic center.

Its government is set up to meet the problems of rapid growth. It is the first community of the area to adopt a complete master plan, and it has an active planning board and zoning board. Livingston is being designed as the home community of the future.
