Vice-President.....DOROTHY COLEMAN
Treasurer.....JAMES WILEY
Secretary.....CLARA KITCHELL

All aboard! Step lively! Change here from Silly Sophomore Local to Busy Junior Express, bound west for a successful year.

So with President Murray at the throttle, and our invaluable sponsor, Miss Low, helping us to keep on the right track, we're off.

We pass green fields and cheering crowds where Junior boys and girls are doing their bit for Columbia in football and soccer.

We reluctantly pass this stirring spectacle, and our attention is focused on the plans and preparations for the annual Junior Prom which proves to be a huge social success.

Now there is borne to our ears the sound of a harmonious boys' chorus. It is the Junior Melody Boys, entertaining the school in a Junior assembly with the rendering of college songs, old and new.

Now at last the grand climax of the Junior social season—Junior Night! We see Juniors putting on a peppy program for our entertainment. The Junior Night of 1929 is well worthy of its predecessors.

Well folks, here's where we get off, but we'll be seein' you next year as bigger and better—Seniors.

SOPHOMORE CLASS

President.....KARL KREITLER
Vice-President.....KENNETH SANDBACH
Secretary.....MARY O'NEIL
Treasurer.....JEANNE ADAMS

"Hello everybody! We're glad we're here and we mean business." And they did. The Sophomore Class has started off on its upward climb in high.

A little before Christmas they furnished the school with a most interesting speaker, a real native of India. He told us of his own life and of some very unusual customs of his country.

On an afternoon in February all studious minded persons were sadly disturbed by strange sounds which seemed to come from the region of the gym. There the Sophomores were again, and this time having a dance, with Al Rose's Columbians furnishing the music. "A good time was had by all."

However, the greatest event in the history of the Sophomore Class took place in the spring. Every Sophomore did his best to make "The Travelers," a play by Booth Tarkington, a success.

Blue and silver have been chosen as the colors under which the class of '31 will reach the summit.

THE FRESHMAN CLASS

THE Freshman group conducted official business this year through a new type of organization known as the Freshman Executive Council. This Council was made up of two members from each home-room, the home-room chairman and one other pupil selected from each home-room group. The Council met during the year to discuss problems common to all Freshman home-rooms. The purpose of the Council was to give more pupils a chance to take active part in leadership.

Members of the Freshman class participated during the year in many school activities. They were represented in the Student Council and its activities, in inter-class sports and contests, and in the assembly. The class also took charge of arrangements for an assembly program and tour of the building for the members of next year's incoming Sophomores who will join them in September as classmates.

THE P. G. CLASS

President.....JACK SHARKEY

Vice-President.....LAWRENCE WHITNEY

Secretary.....MARIAN SAUNDERS

The first public appearance of the P. G. class occurred in the assembly before Thanksgiving, when "Our Ollie" made a flying entrance to introduce a "pep skit" in which he was supported by an all-P. G. cast.

The next event in the social calendar of 323 was the ever-popular Christmas alumni banquet, the arrangements for which were made by several members of the class.

Then followed a play, "Washington at the Delaware," presented by the P. G.'s in assembly before February 22.

The post grads have been active in many ways during the year. They include members of the Parnassian, Aviation Club, Traffic Committee, Cercle Francais, Creative Writing Club, and the Columbian.

STUDENT COUNCIL

<i>President</i>	WILBUR SMITH
<i>Vice-President</i>	MAXINE PASCAL
<i>Secretary</i>	JEANNETTE ROSS
<i>Treasurer</i>	EZRA EBERHARDT

The Student Council of 1928-29 has carried on the work of the school government with decided success. Various developments have made it necessary to increase the scope of work of the Council in order to deal with the growth and progress of the school.

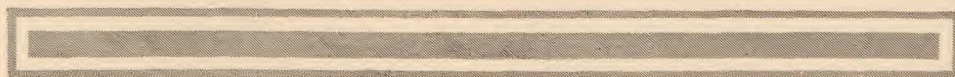

The system of home room representation which the Student Council of 1927-28 worked out has been put into effect and has proven its worth. By home room representation, the student body is kept in direct contact with its governing board and at all times is acquainted with the work of the Council.

This year's Student Council has produced another noteworthy piece of work in the inauguration of a new and efficient monitor system. This system was necessitated for the protection of personal school property and the direction of student traffic.

The Finance Committee of the Council has accomplished a piece of work which will undoubtedly be of great help to future Councils. A budget has been drawn up and various plans for financing the Council have been worked out.

In addition to these problems which the Student Council has helped to solve is a new point system. With the aid of the faculty and the Senior Class plans have been drawn up for determining the amount of extra-curricular activity one student should carry.

The Student Council of 1928-29 has accomplished many fine things and has carried on the excellent work of former Councils. The improvements which the Council has effected have been for the good of the school and it is to be hoped that the Councils of the future will be benefited by them.

The Deutsche Verein has completed the second year of its existence with several new features added to its activities. By these additions it has proceeded farther in its aim to provide opportunity for those students anxious to extend their knowledge of German beyond the classroom.

During the year a prominent part in the programs was given to talks of travel in Germany. These have proved both interesting and instructive.

The members of the Deutsche Verein availed themselves of an experience at once unique and enjoyable when they participated in an entertainment known as a "Kaffee Klatsch."

An amusing offering to the variety of the programs was afforded by an old friend in new disguise, a Punch and Judy show. This time the droll antics of the favorites were viewed in a skit called "Punch as Ocean Flyer." Perhaps the most distinctive feature of the year was a moving picture travelogue called "Beautiful Germany."

With German folk-songs and games forming an enriching part of every program, the meetings have been worth while and have been in accordance with the purpose of the club.

CERCLE FRANCAIS

President.....RICHARD HAIGH
Vice-President.....PEGGY CHAMBERLIN
Secretary.....DOROTHY JENKINS
Treasurer.....ELSA ASHWELL

One of Columbia's most interesting and successful organizations is le Cercle Francais. The purpose of the group is to help the French Students employ the language as a means of social intercourse and expression. New members are admitted into the club in the fall by try-outs. The monthly meetings are conducted entirely in French, but the regular procedure is made more enticing by devoting at least half the meeting to social activities. The members find much amusement in singing French songs, presenting short plays, and in relating personal experiences.

In the winter the club sponsored an assembly for all French students, when the usual form of opening was carried on in French, and films depicting the charm of France were shown. In April a gala night was held when, in collaboration with the French Clubs of Maplewood and South Orange Junior High, a program of French plays and songs was presented.

PARNASSIAN SOCIETY

<i>President</i>	MARGE WOODWARD
<i>Vice-President</i>	ARTHUR SIEGEL
<i>Secretary</i>	RUTH LEONARD
<i>Treasurer</i>	PHILIP BAERONCOPE

Who has not heard the word Parnassian? Columbia's largest club has already won a reputable name, although it has borne it for only two years. Out of a small debating group calling itself the Forum grew this new club, enlarging its scope until now it provides an outlet for those interested in dramatics, music, and other branches of art, such as stage setting, costume arranging, poster making, and play directing.

Under the lively sponsorship of Miss Ackerman, Miss Memory, and Miss Murphy, things have been happening in the club this year. At the first meeting of the season, a play, "Bimbo the Pirate," was presented for the club, and later for the enjoyment of the entire school. In October a jolly Hallowe'en dance was given, and in February the society displayed its dramatic ability before the community by the presentation of four one-act plays.

COLUMBIAN

THIS has been a banner year for the Columbian. It has flourished and grown until every member of the school cannot help being proud of it.

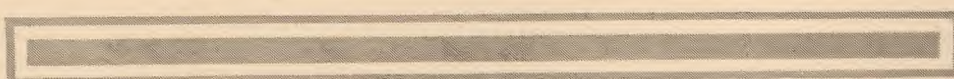

The idea of literary supplements to the paper has been carried out to some extent with the result that we have had a fine opportunity to enjoy the literary efforts of our fellow students.

One feature that proved very interesting this year was a collection of letters written by students and teachers concerning the assemblies and published for the benefit of the entire student body.

The high light of this year for the Columbian was the convention at Columbia University which was attended by representatives from the newspaper staffs of high schools all over the country, and at which the Columbian took third prize.

The staff, with the help of the students, has put over a really snappy paper with many improvements and many new features.

<i>Treasurer</i>	RUTH LEONARD
<i>Secretary</i>	VILLA LAIRD
<i>Faculty Advisor</i>	MR. PARSONS

The purpose of the Science Club is to promote general scientific knowledge among its members and to give them the accessibility to apparatus for experimentation.

It was through the efforts of the Science Club that we were given one of the most interesting assembly programs of the year, a lecture on liquid air.

The activities of the club include talks by members on divers subjects, experiments, and lectures by the faculty advisors.

Incorporated with the science club is the Aviation Club, a new organization in the school. It commands our attention, for it promises to be one of the most progressive organizations in the school. The program for this year included a trip to the aircraft show, exhibitions, and competition by the members. Its aim is to promote knowledge of aeronautics in Columbia and to work for the establishment of a course in aeronautics.

FOOTBALL

ONCE again the Red and Black of Columbia has enjoyed a successful season on the gridiron. The most difficult schedule ever arranged for a Columbia eleven confronted the team when it answered the referee's whistle early last October. Perhaps the most formidable aggregations Columbia faced were: East Orange, victors over Barringer for the first time in the last six years; New Brunswick, Columbia's stumbling block in '27, and champions of Central New Jersey for the past three years; Nutley, undefeated but tied by Ridgefield Park; and Red Bank, past victors of Columbia. Against such opposition the team secured an even break, winning four and losing a like number. If overwhelming victories were not gained, prestige surely was added to the reputation of Columbia, for the team displayed true sportsmanship and a hard-fighting spirit against the greatest teams in the state.

Early in September over one hundred enthusiastic athletes answered the call of the gridiron. Of that number only three veterans were available for the line, but only our great Conroy was absent from the backfield. From this group Coaches Marvel and Mahnken succeeded in forming a scrappy combination. Though the team was inexperienced, rather light and young, it was able to give a good account of itself against the stiffest opposition. No doubt if injuries had not handicapped the eleven so severely, the victories would have outnumbered the defeats.

In its first game Columbia's inexperienced team bowed to Nutley's heavier stalwarts 13—0. The following Saturday Coach Marvel's boys put up an exhibition which will long be remembered in school annals as the greatest display of grit ever shown by a Columbia eleven. The team held the highly favored East Orange aggregation scoreless during the first half, but the strain was too great and East Orange came through to win 15—0.

Undaunted by the two reverses, Columbia broke into the winning column by defeating the strong Red Bank eleven 13—6. Two more victories followed, the eleven winning over Battin 20—7 and over Orange 13—0. The team's winning streak was snapped the following Saturday by the strong New Brunswick eleven 12—2.

Returning to Underhill Field, Columbia took on the supposedly strong Morristown team, snowing them under by the score of 33—7. On Thanksgiving Day a strong West Orange team, led on by the elusive Itesta, succeeded in defeating Columbia before five thousand cheering fans, by the score of 13—0.

So another football season has passed, marked by a fighting team and a loyal student body.

BOYS' BASKETBALL

WITH only one letterman around whom to build a 1929 Columbia basketball team, Coach Harry A. Mahnken moulded together a combination of courtiers that improved with every game. The work of Coach Mahnken in turning out a speedy quintet from what was practically a green squad brought forth much deserving praise.

The popular Columbia "Chum," as he is known to many of the school athletes, built his combination around Joe Carter, pivot and only 1928 letterman available. Though Columbia's representatives on the court met reverses, they also were victors over some of the leading high school teams in the state.

Coach Mahnken will likely have a winning combination when school reopens, judging by the form displayed by the undergraduates who will return to their studies in September. The only members of this year's team who will be lost by graduation are Bill Kelly, Joe Carter and Cliff Ruth. On the other hand, the 1930 team will have Ed Skokna, Irving Blackwell, Nick Lombardy, Ken Sandbach and Henry Allen, all of whom, together with the three graduates mentioned, and Manager Henry Rumble, are possessors of the 1929 coveted C's.

Columbia's most notable victories were over West Orange, Central and Nutley. Several other games, which ended with Columbia's score on the wrong side of the ledger, were exceedingly close. A feature of all the games was Columbia's fighting spirit.

The team's record follows:

Columbia	26	Belleville	32
Columbia	17	Madison	13
Columbia	17	Nutley	16
Columbia	20	East Orange	24
Columbia	17	Orange	28

BASEBALL

IN the Spring a young man's fancy turns to thoughts of baseball. The evidences of the youthful season are scattered promiscuously over Underhill Field in the form of gloves, bats and balls. Hurrying individuals group themselves together, and, dressed in whatever sort of paraphernalia they get, proceed in unceremonious array to show their version of the great game and how it should be enjoyed. And out of these amateur attempts, the most thrilling contests are produced, and the best of future material discovered.

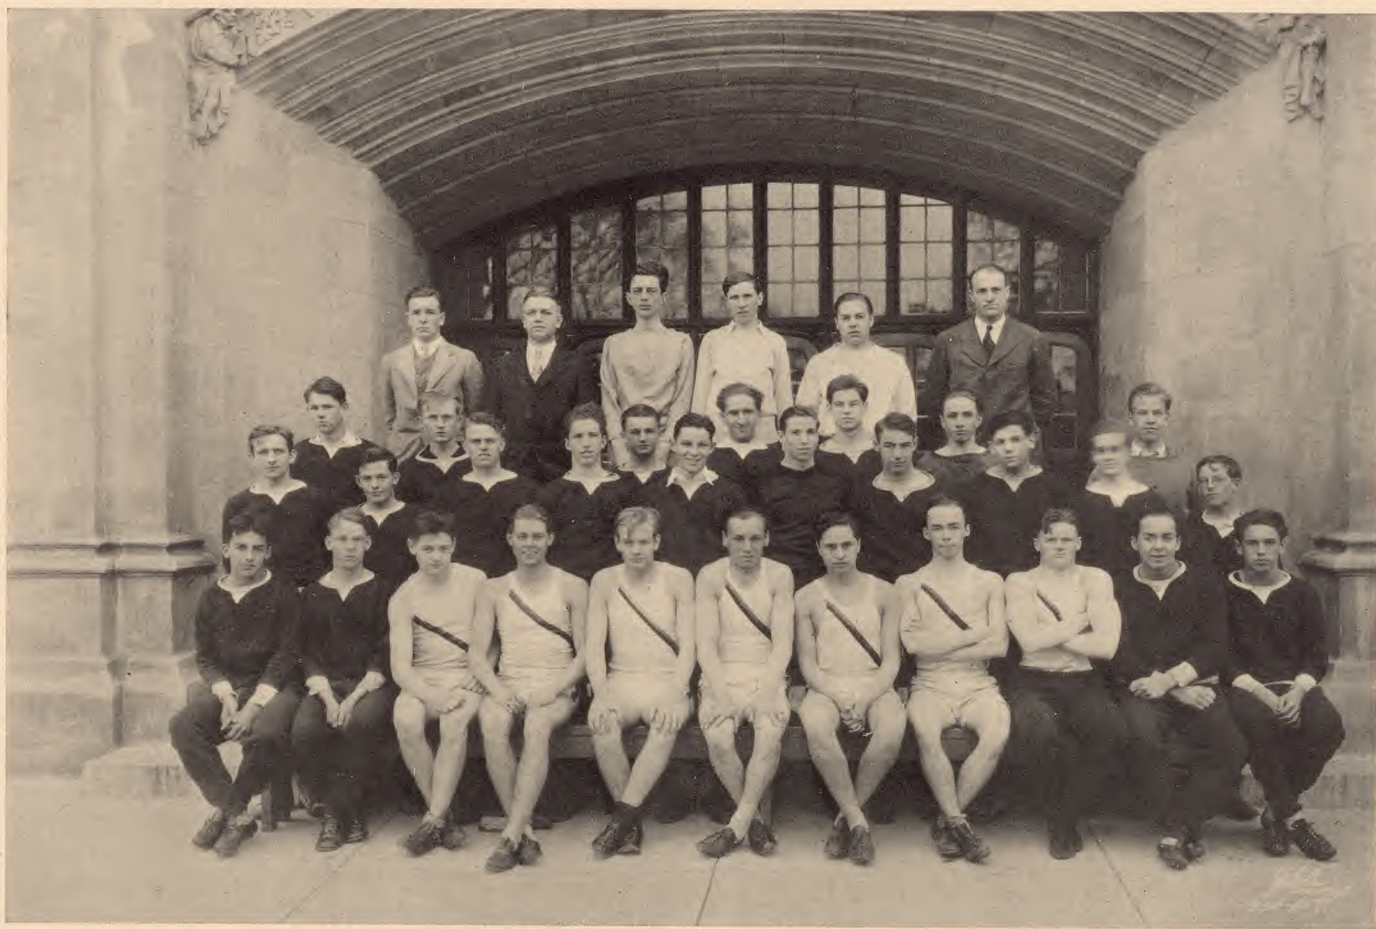

Making a way through the almost endless teams, such as the class nines, back to the official diamond, pass busy managers, earnest assistants, and wandering water-boys. On the front line the Varsity is engaged in strenuous practice under Coach Philip W. Marvel. Coach Marvel, after the usual few weeks of training in the first principles, essayed a comprehensive campaign toward perfecting the squad.

Some "old timers" are skirting the inner defence: Captain Bob Chrystie, the inimitable on first, Kenneth Sandbach, covering the middle sack, and Henry Allen scooping them up hot from the bat at short. Ray Bishoff, who is covering left field, is the only other letterman available. Nick Lombardy, Bill Shull, Pen Day and Roy Beh constitute the pitching staff. On the throw around we find Harvey Moore and Frank Weckerman having a merry battle for the right to guard the hot corner. In the other outfield positions are a host of stars including Ken Berger, Cliff Ruth, Harry Wadsworth and Dick Conradi. Joe Carter is behind the plate to catch the offerings of Columbia's twirlers with Sidney De Roner as his understudy.

The season got underway Saturday, April 13, with the Alumni nine as the opponent. The usual opening day ceremonies preceded the game, with Superintendent of Schools, John H. Bosshart, Principal Curtis C. Threlkeld, and Vice-Principal Fredric Creehan, taking part.

Manager Charles Pilgrim arranged the following schedule:

	April	East Orange	7
Alumni	13	Rutherford	11
Madison	16	Barringer	14
Paterson East Side	19	Nutley	18
Westfield	23	Orange	21
Bellville	25	New Brunswick	25
Barringer	27	Morristown	28
Orange	30	Bloomfield	30
	May		June
Plainfield	4	East Orange	4

TRACK

TRACK has ceased to be only a spring sport; it has become a full-fledged, all-year activity. With the termination of the football season fifteen enthusiastic track veterans of last year's squad answered Coach Mahnken's call for early training. Long jogs over the mountain roads and workouts in the school corridors constituted a major part of the early campaign program. During the winter season several of the group entered the local meets, gaining valuable experience against the best competition in the state.

It was not until late in March that the annual indoor inter-class meet could be held. This year's meet proved to be far more interesting than last year's inaugural, because last year's regulars were not eligible to compete, leaving the glory to the newcomers. Without the services of Captain Cliff Spedick and Jack Ogden, the Senior team was badly routed. The Juniors led the field with forty-one points, the Sophomores were second with fourteen points, Seniors third with eight points, and the Freshmen last with five points.

"Dink" Murray nosed out Bob Sickley to win the seventy-yard dash and five points for the Juniors. The Freshmen broke into the scoring next when Batt beat out Johnie Taft in the time of 2:33. The Juniors scored heavily again when Jim O'Donnell led Karl Kreidler over the tape in the mile event. In the next race Bill Kelly led "Dink" Murray to win the 220 and the only first place for the Seniors. Pat Stark led the field to score an easy victory in the 440-yard dash. In the field events Arnold Ambros won the broad jump, and Easton took the honors in the high jump event. To make a field day of it, the Juniors ran off with the relay race, winning by three quarters of a lap over the Sophomores.

At this writing the traditional outdoor interclass meet is just in the offing. With Captain Spedick, Jack Ogden, Al Baldwin, and Bill Kelly competing for the Seniors, the Juniors should have a hard fight repeating their indoor victory. After the interclass meet the team will tackle a difficult schedule arranged by Manager Charlie Ferguson. From latest indications, the Red and Black team of '29, lead by the versatile Cliff Spedick, will be a hard aggregation to beat once it gets going. It has made a good beginning. What the future holds time will tell.

The schedule:

April 10—Interclass Meet.....	Underhill Field
April 15—Ridgewood	Underhill Field
May 1—South Side.....	Newark
May 15—Morristown and Ridgewood.....	Morristown
May 18—East Orange.....	Ashland Stadium
June 1—State Meet.....	Newark

TENNIS

THE tennis team, organized two years ago, has progressed rapidly to a prominent place on Columbia's sport calendar.

Last year the team, playing an actual schedule for the first time, did not fare so well. However, the experience they gained should stand them in good stead in the coming campaign.

This year the services of lanky Ed Daily and Bob Siedler, mainstays of last year's team, will not be available. Still, their places should be well taken care of by Cliff Ruth, Bill Hibberd, and Dick Haeberle, the remaining veterans. The other places are to be chosen from the twenty or more applicants who have reported for practice.

Manager Arthur Siegel has arranged a difficult schedule of sixteen matches. Among the leading schools to be faced are East Orange, Montclair, Barringer, Westfield, and Battin.

BOYS' ATHLETIC ASSOCIATION COUNCIL

President.....ALBERT ROSE

Secretary.....BOWMAN ELLIS

Treasurer.....FLOYD COONS

THE Boys' Athletic Association Council for 1928-29 may look back upon its record with a feeling of satisfaction and assurance that it has accomplished its purpose.

This year the Association has not only sponsored various athletic events, but has also attempted, with a great deal of success, to sponsor other activities. Besides sponsoring interclass swimming and track meets, the Association organized this year for the first time the interclass basketball league. The teams were split into two groups, known respectively as the Red and Black leagues. The Seniors were highly successful, winning the crown in both leagues. As an added achievement the Council sponsored interclass baseball, which proved highly successful.

Under the competent leadership of Bowman Ellis, several committees have been working industriously to arrange a rating of the various sports. That is, the committees are endeavoring to decide fairly which sports shall be designated as major or minor activities. No doubt their decision will go a long way towards the advancement of Columbia's sports.

Though the Boys' Athletic Association has endeavored to accomplish the maintenance of school sports, their main objective has been to maintain the "old Columbia spirit."

GIRLS' BASKETBALL

Once again in the history of Columbia the girls have had a successful basketball season. They came through with flying colors, suffering only one defeat, that at Nutley. In a return game with Nutley, which was one of the most exciting in their schedule, the girls avenged their single defeat with a score of 34 to 14.

Under the excellent coaching of Miss Hurlbut and Miss Fisher, and the splendid management of Mil Woodruff, together with the conscientiousness of each member of the team in practicing, and the fine leadership of Dot Murphy, the team worked as one and piled up one victory on another.

The girls who upheld Columbia's standard are Mary Lee Beattie, center; Helen Wolcott and Kitty Krietler, side centers; Kay McCabe and Julia Bray, forwards; Dot Murphy, captain; Clara Kitchell and Helen Loubet, guards. The second team girls, who helped to make such a good record, deserve a great deal of credit and show great promise for next year's varsity. They are: Alma Marsh, Virginia King, Elizabeth Farrell, Dot Sauer, Muriel Windsor, Janet Brewster, and Ruth Lowes.

As a mark of appreciation for their fine work, the Student Council presented gold basketballs to the members of the team. The presentation of these basketballs was decided upon after a close victory over Millburn, by a score of 19 to 18. The two teams were very evenly matched. First Columbia gained the lead, then the advantage was on Millburn's score. Finally, in a last spurt of excellent playing, Columbia finished the game with the deciding basket and the girls had won their gold emblems.

The schedule was as follows:

Columbia	19	Millburn	7
Columbia	26	Nutley	34
Columbia	21	Millburn	19
Columbia	27	Orange	1
Columbia	34	Nutley	14

GIRLS' ATHLETIC ASSOCIATION

President.....DORIS GOLDSMITH
Vice-President.....MISS YOUNG
Secretary.....MARY LEE BEATTIE
Treasurer.....JULIETTE ROGERS

THE girls' athletic season opened this year with soccer. Inter-class games were played, resulting in a championship for the seniors.

Next followed the interclass and home-room swimming meets, which again made the seniors victors. Among those who scored for their respective classes were Alma Hardy, Helen Wolcott, Helen Girding, Clara Kitchell, Mary Lee Beattie, and Jane Taylor.

Life saving, another phase of aquatic activity, has become more popular this year. Twice a week after school hours girls have passed the requirements, and proudly wear their Senior Life Saving emblems.

Among the spring sports, volleyball was popular, and so many girls came out for practice that promise was given for an interesting battle for the class championship.

In track and tennis there was an abundance of fine new material and many stars were back from last year. Numerals will be given to the winners of the finals.

The Leaders' Club, which was started last year, has grown considerably. The four leaders in each class assist the gym teacher and at the same time receive training in student leadership.

THE SENIOR PLAY

LAST fall the class of 1929 presented "The Poor Nut" as their contribution to Columbia's theatrical efforts. Through the hard work of the cast and its committees, and through Miss Duff's enthusiastic coaching, the play was a complete success.

Johnny Kenyon played the part of the Poor Nut, a much abused, introspective hero who eventually won his reward in a spectacular race. Gertrude Ashwell ably portrayed the sweet yet clever heroine. The heavy villain of the play was Allen Gemberling. Evelyn Krauss played opposite him as a wild vamp who pursued the hapless hero from beginning to end. Dick Fryling led cheers in a collegiate manner, and, with pessimistic John Waterfield, provided a considerable number of hearty laughs. Henry Rumble as a storekeeper and Henry Buermann as an elderly professor were valuable assets to the cast. These two boys, with Len Zusi and Clifford Spedick, deserve much credit for their interpretations of difficult roles.

In the play there was one scene especially unusual in setting and action. It depicted a race, showing a stadium filled with wildly cheering collegians who, by their actions, portrayed the result of the race to the audience.

The remainder of the cast was made up of Ken Thomson, as track captain, Edward Earl, a freshman, and Byron Bell, the official starter. Betty Gwyer, Ruth Gleason, and Henriette Myers were guests at a dance. Those who ran in the race were Gilbert Baker, Paul Grierson, Dewey Ringle, William Towers, and Paul Weiss.

The entire performance was well done and provided as much amusement and interest to the people who helped put it on as to the audience.

CLASS HISTORY

FOR a long time the members of the Class of '29 have anticipated the reward of the years spent in old Columbia—graduation. We shall neither think nor act together again as a unit, for it is a large world which lures us on and our degrees of boldness vary.

Circumstance and time have dimmed but not obscured the memory of Sophomore days spent in the "little red school" in South Orange. Many valuable hours were used marching across the street to classes, and we had the greatest difficulty remembering which buildings to enter at the right time. Nevertheless, we welded our organization, supported our activities, both social and academic, and caught that Columbia spirit which has remained and grown with us to motivate whatever we have done since.

The beginning of our Junior year witnessed our transfer into the new and beautiful building on Parker Avenue, thus giving us a unique place in the progressive development of the school system. Here the wonderful stage on which we produced the Vaudeville and the impressive gym in which we danced the Prom made our Junior year fair with success.

Like all who reach the Senior year, we feel that we have attained our degree of merit in all that we have undertaken. We offer our Senior Play as an example of the standard of our work, and the Senior Banquet, we feel safe in saying, accomplished its purpose with distinction. This year more than in others we have had our share in school government, and we have lent our efforts to make successful the regime which we have enjoyed.

For some of us, Columbia High School has outlined a definite career; for all it has proved worth while. We deeply appreciate all that the school has so graciously done for us, and everyone of us aspires to future success with which we can honor the name of our alma mater. In parting we say but this: may our successes be a guide to others; may others profit by our mistakes.

EXCERPTS FROM ALUMNI ISSUE OF THE COLUMBIAN OF JUNE 1, 1940

OLD STUDENTS RETURN

South Orange and Maplewood have been very pleased to note that several of their former students have returned to begin teaching in the schools of these townships. Miss Julia Bray is now a kindergarten teacher in Marshall School and Miss Ruth Hawley has also become a kindergarten teacher in Jefferson School. The Misses Charlotte Ach and Elizabeth Fetcho have returned to their old Alma Mater to keep the students busy at Mathematics.

BOSSHART CONSTRUCTS BRIDGE

Mr. John Bosshart, Jr., civil engineer, is at present in South America where he is launching a project to reconstruct the bridge of San Luis Rey. Associate engineers with Mr. Bosshart are Messrs. Lambert Karch and Joseph Kenny.

SUIT WON

Yesterday Miss Evelynde Krauss, member of society's younger set, won a lawsuit for breach of promise against Mr. Blowhard, the millionaire. Her success was largely due to the persuasiveness of her promising young attorney, Mr. Allan Gemberling although a jury is usually susceptible to the wiles of a beautiful woman.

COX INVENTS PLANE

Mr. Ted D. Cox, aeronautical engineer, has just completed plans for a new type of aquaplane. These plans have been approved by Frederick Bockoven and Albert George, aviation experts. Messrs. Robert Stewart, Lewis Matyas and William Kelly, are considering the plan of financing a factory to be built solely for the purpose of manufacturing this new type of plane.

BOOKS

Last night at the meeting of the Thursday Literary Club Mr. Herman Licks,

literary critic, delivered an address on the following: William Palmer's book of poems, "Fads and Fancies"; Miss Elizabeth Gwyer's latest detective story, "The Gruen Murder Case"; and Miss Margaret Nichol's "Authentic Treatise on Latin and Greek Mythology."

LION REVIVED

Paul Grierson, keeper of the lions in the Bronx Zoo, very cleverly revived an unconscious lion who was prostrated by the heat. The method used by Grierson was artificial respiration.

DRIVER ARRESTED

Cliff Spedick, Newark taxi driver, was brought before Judge Wilbur Smith of the Court of Chancery this morning, accused by Miss Gilda Parlatore, of Maplewood, of having "run" the meter and making an exorbitant charge. Attorney Charles Pilgrim proved, however, that his client was innocent, much to the disappointment of Attorney Richard Fryling, who represented Miss Parlatore. It appeared that Spedick's cab was equipped with a defective meter.

EINSTEIN THEORY BETTERED

Mr. Matthew Krumholz has astounded the scientific world by his theories on the fourth, fifth and sixth dimensions. He expounded his theories before the Syndicated Society of Scientists, of which Mr. Alfred Mutchler and Milton Ward are active and outstanding members.

SIEGEL ARRANGES FOR BUILDING

Mr. Arthur Siegel, wealthy young New York financier, has completed arrangements for the construction of the Cottonworth Building. The building is to be seventy stories tall and has been designed by Mr. Kenneth Engler. Construction is in the hands of associate engineers, Earl, Warms & MacDougall.

YULE ACQUITTED

Courtenay Yule, senator from New Jersey, was arraigned before Judge Joseph Tedeschi on the charge of filibustering. Elmer Knoedler, lawyer for the defendant, succeeded in obtaining the acquittal of his client.

BAMBERGER'S ADD TO STAFF

L. Bamberger & Company have recently made several additions to their personnel staff. Miss Marion Dreher has been engaged as style expert on authoritative fashions. Miss Vivian Batzle is now buyer for the French Lingerie Department, and Miss Gertrude Baker is in charge of the Art Department.

PARKER & SEIDLER NEGOTIATE

Mr. Alfred Parker has just invented a new and different permanent fluid. Mr. Robert Seidler, president of the Nestle Company, has hailed this product with delight and has arranged for Mr. Parker to manufacture solely for his company.

GREAT INVENTION

Gordon Whittle and Holland Benedict have accomplished that which hitherto has seemed impossible. They have completed and perfected the mechanical man whose movements are almost as free as those of the human man.

BREMER MAKES KILLING

Professor K. Bremer of Columbia University has had the good fortune to make a great deal of money in the Stock Exchange, of which Mr. Raymond Supplee is a prominent member.

STEAMSHIP NEWS

The S.S. Aquimania docked this morning. Henry Rumble, Captain, and William Grant, First Mate, were in charge of the liner. Notables aboard included Senator Eberhardt of New Jersey, a close friend of Captain Rumble; Ambassador Ogden, U. S. Minister to Spain, and B. Ellis, Jr., president of the Ellis Importing Co. Mr. Ellis had with him his foreign representative, Mr. Julius Horwath. Miss Lois Gantert, foreign buyer for the Woolworth and Kresge interests, was also a passenger on the Aquimania.

SOCIETY NOTES

Mr. Ronald Clark has just been appointed editor of "Film Fun." He has been very fortunate in obtaining the services of Miss Alma Hardy as illustrator.

At the Friday meeting of the Women's Downtown Luncheon Club, Miss Barbara Walker, brilliant journalist, spoke on "Eating: a System." Miss Hazel Wacker, president of the Club, presided. The members are looking forward to the next meeting when Miss Bella Hohle, noted beauty expert, will speak on "Stylish Coiffures of the Day."

Miss Kathleen Maher, one of the foremost leaders of society, financed the flight of Kenneth Berger who in his plane "Columbian" endorsed the first air mail route between Florida and Alaska, two weeks ago.

Miss Elizabeth Mills, one of the deans of the famous Mills & Mills Girls School in Florida, sent the first letter with Berger over the route.

The Misses Marguerite Krahenbuhl, Leola Becker, and Eleanor Pippert have established a private school for children.

Our new night club, The Palais Regal, is under the management of Albert Rose, who leads his own orchestra. Mr. Rose

is indeed fortunate in having secured such a charming hostess in the person of Miss Mary Stoddard. Miss Elizabeth Smith is the star of the excellent revue.

Mrs. M—— P—— (nee Constance Lurich) entertained at bridge yesterday afternoon. The party was given in honor of Mrs. S—— G——, formerly Miss Henriette Myers.

It is rumored that Miss Jeanette Ross, popular member of the younger set, is very much interested in Mr. Kenneth Thomson, aviator, who has distinguished himself in South America. Perhaps we shall have another Lindbergh-Morrow romance!

Miss Isobel Drake, famous artist, who recently painted the portrait of Daniel Mudron, well-known banker of New York, will have many of her paintings on exhibition in Paris this summer.

Miss Gertrude Ashwell, editor of the Newark News, gave a very interesting talk on "Journalism: a Career" last Friday to the students of Columbia High School, her old Alma Mater.

Adolphus Pilger gave a party last night celebrating his appointment as head of the D. L. & W. Ferries. Among the prominent guests were Miss Ruth Curtiss, noted artist, and Mr. Harvey Johnston, M. D.

Misses Mildred Wurthmann, Kay Mohr and Nada Kilner are employed in Macy's as French, Spanish and German interpreters respectively.

SPORTS IN BITS

By JAY A. SEE, JR.

C. H. S. GRADUATES WIN FAME

The sport world was given a severe jolt today when several of the former champions were defeated in many events by hitherto unmentioned athletes. The renowned Robby Runaway was badly defeated in the half-mile by Gilbert Baker. After the outdoor events were finished the spectators went to the large pool room, where Miss Helen Wolcott broke the women's swimming record. Miss Marie Shubert was a close second.

Jack Dempsey is very much interested in the coming heavyweight champion bout between Bill Battler and Cliff Ruth. The bets are running four to one in favor of Ruth.

The new sharpshooting record was shattered by young Howard Engler. The champion was very modest when asked about his recent victory and replied, "All I am or ever hope to be, I owe to dear old Columbia, rah, rah, rah."

A young lady, Ruth Schilling by name, who has recently formed a baseball team for women, broke the record by making three home runs in succession.

Miss Doris Goldsmith has been appointed supervisor of Cameron Field.

Mr. Arthur Palmer, formerly associated with this paper, is now the sports writer for The Daily News.

Mr. Eivind Boe is now the supervisor of swimming at the Newark Y. M. C. A.

The basketball world was astounded last night by the brilliant performance of Miss Dorothy Murphy, star of the Woman's All-American Basketball Team.

Robert Chrystie and Francis Weckermann have starred again for the "Bears," more than fulfilling the expectations of the team and Coach Leonard Zusi.

THE WOMEN'S WORLD LECTURES

Tonight Miss Katherine Stanley will deliver a lecture in Carnegie Hall, on "Women's Rights." Her talk will be followed by Miss Caroline Young on "Women of Today."

DOMESTIC SCIENCE LECTURE

Miss Blanche Bunnell and Miss Doris Rolfe will give a program demonstrating the preparation of new and healthful foods in the demonstration room of the Home Bureau on October 17.

OFFICERS CHOSEN

The newly elected officers of the Women's Club of the Younger Set are Miss Martha Auten, president; Miss Elizabeth Lee, vice-president; and Miss Laura Heine, secretary-treasurer. The first meeting will be held October 5. The Program will consist of a series of dramatic readings by the Misses Charlotte Craig and Marion Abel.

The next program, on October 19, will be a fashion show. Miss Ruth Reinfelder and Miss Natalie Bechtlof will model gowns, several of which have been designed by Miss Katharine Hammond.

BUSINESS WOMEN'S CLUB CHOOSES OFFICERS

Miss Janet Lewis, Miss Thelma Pierce, and Miss Helen Smith have been elected president, vice-president and secretary-treasurer respectively of the Business Women's Club of New York City.

N. J. LIBRARIANS IN WASHINGTON

Miss Mildred Sills and Miss Elizabeth Sommer are now among the chief librarians in Congressional Library in Washington.

NOVEL ENTERPRISE

An attractive "hot dog" stand has been established on the corner of 42nd and Broadway, New York City, by the Misses Helen Cook and Jean Layton.

WELLESLEY ADDS TO FACULTY

Miss Bernice Patrick now occupies the post of Dean of Latin in Wellesley College. Miss Audis Mason is the librarian and Miss Mary Ellen Rankin has been made professor of Economics.

MEDICAL WORLD

Dewey Ringel, brilliant young surgeon, has been appointed chief-of-staff for the city's new hospital. Two of the floor nurses, we happen to know, are Miss Elsa Stumpf and Miss Helen Lawder.

Ruth Gleeson, clever and charming young doctor, has established a baby clinic in the city. Miss Beulah Durham and Miss Beryl Scrimgeour are the nurses in charge.

Henry Buermann, successful young New York doctor, has sailed for Vienna, where he will study for the next six months.

Do You Know That:

(By MARIE MEYLER, Reporter)

Miss Elizabeth Proehl has recently won the world championship for bridge?

Frank Howland has been appointed show manager for the George White Scandals?

Miss Estelle Cantor has been awarded the Paris Medal of Honor for one of her recent paintings?

Miss Gertrude Wachtel holds the world's speed record for typing?

Miss Anna Wolfert was the first woman to be an air mail pilot?

Miss Sophie Bamberger is now the radio announcer for Station CHS?

Miss Jane McDowell and Charles Hurdley are artists of promise?

Dorothy Gifford and Edith Morgan have become experts in costume designing? They are making the French dress-makers "sit up and take notice"!

Miss Jane Anderson has a chicken farm in Georgia? Her chickens are famous.

Albert Baldwin has established a Bachelors' Hall for women-haters?

Miss Isabel Newburger has established a taxi service between Maplewood and the Oranges?

The Misses Thelma Pierce, Dorothy Niemann, and Lisette Ganser have seats in the New York Stock Exchange?

STAGE AND SCREEN

At the George Badenoch Theatre Rosemary Baeky and Philip Baernkopf are playing in a delightful drama, entitled "Uncle Tom's Cabin." Floyd Coons, as master of ceremonies, introduces the vaudeville acts which are as follows: a specialty dance number by Frances Speer and Madeleine Maisenbacher; a group of banjo solos by William Towers; several Scotch songs sung by Everett Tyler; a skit entitled "Four Hoboes," with Edward Horter, Byron Bell, Alexander Florence and Theodore Main; and a tight rope walking act with John Hicks and Arthur Brandle.

Since the new opera house has been erected in Maplewood, the residents of that town have been able to be present at the display of talent which hitherto has honored only the largest cities. Miss Florence Aichele, renowned Metropolitan Opera star, has graciously consented to sing there next week. She refused our humble remuneration and declared that she was "doing it only for her Alma Mater."

Another big attraction will be the Symphony Orchestra of which the bass viol of Harold Beattie is an outstanding instrument.

Miss Isabel LeCount, pianist, will give a recital tonight in Steinway Hall, in conjunction with one to be given by Miss Hope Haney, conductor of the Women's Symphony Orchestra.

This week the Futurist Theatre presents a program calculated to meet the approval of the most critical talkie goers. The feature picture is a melodrama, "All For Love," starring John Kenyon and Mildred Woodruff. Laura Hinchman gives a convincing and natural portrayal of the "vamp" who attempts to lure Lord Percy (Mr. Kenyon) from Josephine (Miss Woodruff) with whom he has fallen in love. The comedy is truly spicy and humorous one which stars Theodore Grow and Elizabeth Balch. As an added attraction, Thornton Currier sings a group of mammy songs, with delightful pathos and feeling. Miss Helen Stillman, now the regular organist at The Futurist, accompanies him.
