

CAMDEN SLAYER IS TAKEN

One of Two Prisoners Who Escaped from Jail There After Killing One Guard and Wounding Another Is Caught in Chester, Pa.—Other Still Free.

CAMDEN, July 18.—The capture of Wilson Ashbridge, who, together with George Thomson, escaped from the county jail here last night after killing one keeper and wounding another, was reported to the local police today by officials at Chester, Pennsylvania. Ashbridge was recognized at once from the description that had been wired throughout Pennsylvania and New Jersey.

Armed posses are still scouring the woods and swamps in this section in search of Thomson who is believed to have hidden here while Ashbridge made good his escape. The two men killed Isaac Hibbs, 65 years old, outright, in their flight, and Joseph Ellis, another guard of the same age, was so badly wounded that he is expected to die.

The shooting and escape bore a striking resemblance to the attempt recently made by Oreste Shillanti, a Sing Sing convict, who fled after mortally wounding one keeper and shooting another, but was recaptured and later executed.

Two women, according to the jail authorities, recently visited Ashbridge.

(CONTINUED ON PAGE NINE.)

SECOND BOY IN FAMILY YIELDS TO WANDERLUST

Tony White, eighteen years old, of this city, a brother of Patsy White, who ran away with the circus that was here in early May and was found at Paterson by his father and brought back here, is missing from his home, and his parents have asked the aid of the police and the local newspapers in looking for him. It is thought that he may have enlisted in the army for service in Mexico, and the War Department will be communicated with to see if it has any record of his enlistment. He left here on June 11 with other boys, and the only word at has been received from him was then was a picture post card on Chester, Pa.

Tony was employed by the Meyer Rubber Company, of this city, at the time of his disappearance. He appeared to be thoroughly satisfied with his position and gave no hint of leaving home. On the day of his disappearance he merely said that he was going out with some friends, and he never returned.

One of the other boys who left with him was George Gray, nineteen years old, who lived on Livingston street near the brook. The third member of the party is believed to be a boy who had just escaped from Jamesburg Reformatory School. At the time that Tony left New Brunswick he was wearing a blue shirt and a checked cap. He was tall, well built and good looking.

Paralysis Makes Gain in New York Today

NEW YORK, July 18.—The infantile paralysis epidemic showed a marked increase today in the reports received, proving unfounded the hope that the crisis of the epidemic had been passed. Reports of 121 new cases and 26 deaths, as compared with 95 cases and 14 deaths yesterday, were made.

There have been 426 deaths so far and 2,175 cases. As has been the case previously, Brooklyn reports the greatest ravages by the disease.

NOTIFICATION OF WILSON TO BE A STAR HAPPENING

Event Will Be Managed by Committee of 42 Jersey Democrats, Representing Every County—Scheduled for August 5.

TRENTON, July 18.—The ceremony of notifying President Woodrow Wilson of his re-nomination will be managed by a committee of New Jersey Democrats to be composed of two from each county in the State, or forty-two in all. The official notification will take place at Shadow Lawn, the President's summer home at Long Branch, on Saturday, August 5, unless international complications at Washington shall necessitate changing the date. The committee of two from each county will be chosen by the Democratic State Committee at a meeting to be held next Saturday in connection with a shore dinner to be tendered to the members by State Chairman Edward K. Grosscup.

The Democrats will make this notification more of an event than usual, in fact it is to be one of the star happenings of the campaign. The notification will be formally made by the committee of one from each state named at the national convention in St. Louis. The New Jersey member of this committee is Prosecutor Robert S. Hudspeth, of Jersey City, who is also the New Jersey member of the National Committee.

The notification committee will journey to Shadow Lawn, where it will be met by the New Jersey Committee and other notable Democrats. Following the notification speech,

Dismiss Appeal Of Casement

LONDON, July 18.—The appeal of Sir Roger Casement from his conviction for high treason was dismissed today by the Court of Criminal Appeals. Casement now must die unless King George intervenes in his behalf.

Argument in Casement's behalf was concluded this morning by Alexander Sullivan. He argued that the offense charged under the statute could not exist because it was committed outside the realm.

The chief points brought out were not taken by the court, and when the argument was in, the court took little time in making a decision.

U-BOAT DEUTSCHLAND IN TOWN TO-DAY

The under-sea boat, Deutschland, which rode into Baltimore, Md., port recently, and which is scheduled to leave some time to-day, will be seen at the Bijou to-day, showing for the first time since the war began a cargo of merchandise reaching America from Germany, the cargo consisting of \$1,000,000 of dye stuffs.

The vessel is a wonderful one, and all who can should by all means see this marvel of the sea.

Repaving Program Put Through With City Rulers Silent on Plans for Financing Work

YOUTH KILLS MAN AND SELF AT FREEHOLD

FREEHOLD, July 18.—Because he had been forbidden to court fifteen-year-old Florence Hopkins, John Solax, 21, today shot the girl's father, James P. Hopkins, to death, wounded her mother and young brother, and then committed suicide.

Solax was an Armenian. He had apparently planned to destroy the entire Hopkins family as he was armed with an automatic pistol and a sharp butcher knife. In his pocket were 91 cartridges.

Solax was a shoemaker, living at 40 Mechanic street.

After committing the crimes, Solax shot himself three times in the bathroom of the Hopkins home. Mrs. Hopkins, and her son, Leslie, aged 9, were rushed to the Long Branch hospital where slight hopes are entertained for their recovery. Two other members of the Hopkins family, Albert, 18, and Cecelia, as well as Florence, ran from the house and escaped.

"KIDDING" THE POLICE WAS GIRL'S HOBBY

Martha Conover, Who Ran Away from Piscataway Home, Sends Philadelphia Police on a Wild Goose Chase.

If Martha Conover, of Piscataway, had her way, the police of all the cities in the country would be searching for her home and her parents.

Martha, who is 16 years of age, was picked up by the police on the street at 12 o'clock on Sunday night. She was wandering around with apparently no place to go, and when she failed to give a satisfactory explanation to the police officer she was taken to police headquarters and kept there, occupying the chief's office. On Monday morning she was questioned by Chief O'Connell.

The girl said her name was Mary Allen and that she lived in Philadelphia. She gave an address on the outskirts of the city. It developed that the girl had once before been in Philadelphia and she knew some of the streets. The local department requested the Philadelphia police to locate her parents, and furnished the address the girl gave.

The police investigated, but found no one by the name of Allen at the address given. This information was sent back to the local police.

When questioned again the girl

By Vote of 4 to 1, Oliver Ordinance is Adopted—“Finances Have Nothing to Do With It,” Says Houghton—New Paving Next.

By a vote of four to one, the City Commission this morning adopted on third and final reading Commissioner Oliver's ordinance for the repaving of ten streets. Mayor Farrington, with Commissioners Oliver, Houghton and Merston voted for the ordinance. Commissioner Morrison voted against it.

As on previous occasions when the repaving plan came up, Mr. Morrison expressed the conviction that the plan was unwise and said he felt the public was entitled to know how it was to be financed. Mr. Morrison's remarks brought the statement from Mr. Oliver that a director of the People's National Bank had told him a few days ago that that bank was ready to take a hand in financing the work.

To this Mr. Morrison replied: "We don't usually run after the directors of the banks when we want to finance public work. It's only natural to go to the cashier or president of a bank, and leave it to such officials to submit it to the directors. I saw Mr. Schanck, of the Peoples' Bank, and Mr. Jones, of the Trust Company, and neither could give me any assurance of financial support. We've been told over and over again that the finances for this work have been arranged, but I don't know where the money is coming from. If it's no secret, why are we

(CONTINUED ON PAGE SEVEN.)

LEWIS NIXON TELLS HOW DEUTSCHLAND WILL ELUDE ALLIES

By LEWIS NIXON, Builder of the First Submarine Carried in the American Navy Lists, and Head of the Nixon Nitration Works at Millville.

The Deutschland will steam down Chesapeake Bay, fill her tanks and run to such point as she may desire, and will then doubtless rest on the bottom till weather and darkness suit her purposes, when she will steam on out under the surface.

She will go about fifty feet below the surface and twenty feet from the bottom, requiring approximately 100 feet of depth of water.

With the sloping character of our ocean bottom she will have greater and greater freedom as she goes to the east.

She can make, I assume, six miles an hour below water, so in ten hours can be sixty miles in almost any direction, east of north and south.

DEUTSCHLAND IS PLANNING FOR A QUICK DASH TO SEA

BALTIMORE, July 18.—Although the German super-submarine Deutschland has not yet obtained clearance papers, there are many reasons for believing it may leave today. Certain it is the big submersible will be ready by noon.

Off the coast are several British and French warships, and somewhere not far away are American destroyers, said to have been sent to sea there is no violation of American neutrality. The Deutschland has been painted to resemble the ocean, even to apologetic representing whitecaps. The last of her nickel and rubber cargo will be stored early today.

According to one theory, the Deutschland will leave her pier flanked by tugs enough to conceal her. These tugs will proceed to sea. Somewhere the Deutschland will drop from this hollow square and be swallowed up by the waves. The tugs will continue, and nobody can tell the submarine is not still with them. But there is no official sanction for this story.

An elaborate guard is over the Deutschland for her last hours here. There are lookouts and sentinels. All night searchlights played about the waters and kept off other vessels. No more visitors will be permitted after one party leaves this morning. The tug Timming, that met the Deutschland on her arrival, has freshly coaled and is standing by to carry out the program, whatever it is.

VILLA RAID ON BORDER IS EXPECTED

EL PASO, July 18.—Francisco Villa's advance guard is riding on a raid north of Chihuahua City to-day and is less than 150 miles from the American border. They are said to have sent forward scouting parties within twenty miles of the boundary. These Villistas, traveling in small groups, skirted Chihuahua City and to the number of 200, have reassembled at Tanjias and Las Escobas, with Ojinaga as their main objective. At the latter place they will be joined by other bandits and dashes on several border town will follow.

This news was received here to-day by General Jacinto Trevino from Santa Rosalia, one of Villa's strongholds. He at once notified the American authorities and urged them to take precautions to prevent contemplated raids.

At the same time he issued orders to the commanders of the garrison at Ojinaga and Piedras Negras to use every soldier at their disposal in an attempt to head off the bandits.

JUDGE LYON MAY QUIT BULL MOOSE TO BACK HUGHES

Likely to Resign from State Committee Because of Refusal to Endorse Republican Nominee—Local Men Stand by Committee's Action.

The action of the Progressive State Committee at Newark on Saturday in refusing to endorse Chas. E. Hughes, the Republican nominee for the Presidency, is likely to find considerable disaffection in the ranks of the Middlesex Progressives.

Former Judge Adrian Lyon, of Perth Amboy, one of the leaders of the Jersey Bull Moose and a member of the state committee, declared today that he is seriously considering resigning from the committee as a result of the action that was taken. He is for Hughes, and he believes that the Progressive Party should also support Hughes.

It is expected that Judge Lyon's example will have a big influence on the members of the party in Middlesex county, particularly in Perth Amboy, and it is probable that they will endorse Hughes and possibly break away altogether from the Progressive organization.

Calls It Act of Passion. Mr. Lyon was among those who became disgusted with the action of the handful of Bull Moose committeemen who met Saturday. There were about fifty at the gathering, but as only twelve were committeemen only that number could vote according to a decree of the chair. There was much lively discussion on the several issues that arose.

Mr. Lyon said he considered the action of the state committee unreasonable and characterized it as an act of passion. He stood for Hughes, was going to vote for him and was considering his resignation from the Progressive state committee. He

Start Removal of Old House on Y. M. C. A. Site

Work was begun to-day on the removal of the old Janeway house from the site of the new Y. M. C. A. building on Livingston avenue. The frame building was sold by the trustees of the Y. M. C. A. to Antonio Caffaro, of this city, for the sum of \$300. It is expected that the work will be completed within a week.

98,000 State Troops Now on Way to Border

SAN ANTONIO, July 18.—Nearly 98,000 State troops are on the border or are bound for border points, according to official figures issued today. They come from 39 different States. Owing to the War Department's order that the present force mobilized is sufficient and that no incomplete units be sent, Gen. Funston said it was probable no more would be called.

ALLEGED FRAME-UP EXPOSED IN POLICE COURT

Fred Suchko Charged Jacob Conover With Being a Thief, But Accuser Goes to Jail—Man Who Exposed Plot Also Jailed.

A clever scheme to "frame up" Jacob Conover was spoiled last night at the police headquarters by the confession of John Kreidick who couldn't bear seeing an innocent man persecuted for a crime with which he hadn't the slightest connection. A dramatic story was told at the hearing conducted by Recorder Joseph Feaster.

Jacob Conover, is a young man twenty-five years of age who works at the Neverslip. He resides at 13 Commercial avenue. His domestic affairs were very pleasant until several months ago when Fred Suchko, age 50 years, came between him and his wife, after he had played the part of a good Samaritan toward Suchko.

Yesterday afternoon Suchko dashed into the police headquarters and told Sergeant Campbell that he knew the thief who broke into the home of Myron Cummings of the College Farm last Saturday and stole a 38-calibre revolver owned by Cummings. He further informed the Sergeant that he knew where the thief was and if he would detail an officer immediately the man could be caught.

Suchko further declared that he worked at the College Farm and that he saw the robbery. Officer

7 Die as Negro Battles Police

CHICAGO, July 18.—Seven persons are dead and five hurt as the result of a battle between 150 policemen and Bob McIntosh, a negro, and his wife, barricaded in a house in the west side today.

The battle was ended only when the police dynamited the building in which the negroes were quartered after hundreds of shots had been fired.

The two negroes were both killed. A policeman and four bystanders, one of them a woman, were also killed.

Early today, Edwin Knox, who lives next door, heard firing and went outside. He dropped instantly and Mrs. Knox went out. She was wounded. The police appeared and Mrs. McIntosh opened fire.

The shooting resulted from a feud between Mrs. McIntosh and Mrs. John Bedford, a neighbor. She said that when she went out this morning Mrs. McIntosh fired at her. It was this firing that attracted Knox.

MAY TELL THE GRAND JURY ABOUT TRACKS

City Commission Gives the Public Service Ten Days in Which to Begin Repairs—Other Business at Today's Meet.

By resolution of Commissioner Oliver, it was decided at to-day's meeting of the City Commission to give the Public Service Railway Company ten days in which to start work toward remedying the present condition of their tracks, which the resolution referred to as dangerous to all who use the streets, whether in vehicles or on foot.

Failure to comply with the demand of the City Commission will result in the matter being brought to the attention of the Grand Jury. The resolution directed attention to the fact that the trolley company is required to keep in repair the roadbed between the tracks and two feet on each side, and reitected that the company has failed to heed previous request to make needed repairs.

All of the Commissioners voted for the resolution, a certified copy of which is to be sent to the Public Service Railway Company. A petition was received asking that a public sewer be laid on Burnet street, between New and Schureman streets. It stated that the property owners, for the most part, have private sewer connections, but there is no public sewer on the block mentioned. Referred to Mr. Oliver.

A protest was received against pay-

(CONTINUED ON PAGE 7.)

SIMPLEX MEN ARE ARRESTED FOR DEFRAUDING

Attempting to defraud the Simplex Automobile Company by trick manipulation of the time-clocks seems to have become a popular pastime among some of the 2,000 employees at the plant, judging from the number of arrests that have been made recently. During the past several weeks, numerous arrests have been made by the police guard at the plant and the offenders brought before Recorder Feaster.

Yesterday one employee was caught ringing up for another employee, who had not reported at all, and he not only lost his job, but a complaint was made against him. He was released on bail.

This morning two more offenders were caught and hauled before Recorder Feaster this morning on the same charge. They were committed to the county jail in default of bail. Through very few get away with the trick of crediting an employee's day's work when that employee has been off to the shore or some other place, the number of attempts doesn't seem to be decreasing any. The Simplex officials, however, are determined to break up the practice, and complaints will be made against all employees who are caught in the act.

Elkus to Be Named as Envoy to Turkey

WASHINGTON, July 18.—The President will send the nomination of Abram I. Elkus, of New York, to succeed Henry Morgenthau as Ambassador to Turkey to the Senate to-day, it was announced at the White House. Morgenthau resigned his post to aid in the President's campaign.

Hundreds See Trenton Lineman Killed

TRENTON, N. J., July 18.—Half a thousand persons yesterday afternoon witnessed the death of Lawrence Swain, twenty-three years old, who was killed by electricity as he clung to the crest of a pole in the business section.

The pole stands at the corner of Bridge and Center streets. For a quarter of an hour before the arrival of Swain and George Asbury, another lineman, a score of short circuited wires had been wrapped in blue flame. Swain, despite the warning of firemen and the police, insisted on ascending the pole before the current had been turned off.

At the top, he straddled the uppermost cross arm and worked in silence for a minute. Then a hoarse cry rang out. The throng saw the lineman reel dizzily, a dart of flame running up his sleeve, then saw him drop limply to the cross arm five feet below. Here his body hung until it was removed by firemen.

Peter A. Sward Goes to His Reward

Peter A. Sward, for many years an employee of the Waldron Machine Plant, died at his home, 159 Church street, this morning, after ailing for some time.

Mr. Sward, who had many friends, is survived by a widow and one son. The funeral will be held on Thursday afternoon, from his late home, and will be under the direction of Undertaker J. V. Hubbard.

PLAINFIELD CITIZENS TO AID GUARDSMEN'S FAMILIES

A committee of 100 citizens of Plainfield and North Plainfield, N. J., recently appointed by Mayor Leigh-ton Calkins, of Plainfield to organize plans for relief of the families of National Guardsmen called to border, will meet this week to select active and honorary officers, and a small steering committee, as well as to determine further upon its course of action. Pending permanent organization, Mayor Calkins is acting as Chairman, and R. S. Rowland as Secretary to the committee. It has been suggested that the name of the organization be the Volunteers' Auxiliary of Plainfield and North Plainfield.

"Contributions will be invited," said Mayor Calkins yesterday, "and whoever contributes in whatever amount will thereby become a member of the auxiliary. We shall make a survey of the families of men who have answered the call to arms and see to it that nobody suffers who has been deprived of means of support."

CLOSE MOTT MUNITION PLANT AT TRENTON

TRENTON, July 18.—Having completed about \$8,000,000 worth of orders for shells and shrapnel for the Allies, the Mott Iron Works Company has closed down its munitions plant, throwing out of work about 500 men. The officials of the company, however, say the closing down of this part of the plant will be temporary, as they expect more orders between now and the first of August, when the plant will be opened up again.

"KIDDING" THE POLICE WAS GIRL'S HOBBY

(Continued from Page One.)

admitted she did not live in the Quaker City, but said her home was in Trenton. The chief caught her in a trap, however, and she promptly changed her address to Kingston. The police knew she was not telling the truth, and sent no more police on wild chases to find her home, but kept her at police headquarters.

The girl persistently refused to give a straightforward account of herself, and last night she was sent to the witness department of the county jail.

This morning a little boy trooped into police headquarters. He had a worried look on his face, and said: "Say, Mr. Policeman, have you seen my sister? She's been lost since Saturday night."

The boy said he was Johnny Conover, of Piscataway, and that his sister's name was Martha. "We've been looking all over for her," he volunteered.

The youngster was taken to the sheriff's office, where he first was shown some jewelry the girl wore, and which had been taken in charge. "Yep, that belongs to my sister," Johnny said. There was a happy meeting a minute later between brother and sister, but the boy seemed the more happy.

It developed that Martha Conover had left home on Saturday night, saying she was coming to New Brunswick, and had failed to return home.

IT'S TWO YEARS OLD.

But Mrs. Brower Says It's Just as Good Today as When It Was First Made.

Seven years ago Mrs. Brower testified to complete relief from kidney trouble.

Later she said that there had not been the slightest return of the trouble.

New Brunswick sufferers will take a deal of comfort in Mrs. Brower's statement.

Read what she says: "Mrs. Charles Brower, 206 Suydam street, New Brunswick, says: 'I suffered from an attack of backache, pains in my sides and joints and severe headaches. I also had frequent dizzy spells and was often faint. I procured a box of Doan's Kidney Pills at Van Felt's Drug Store and used them with such good results that I continued taking them and was cured.'"

(Statement given July 27, 1908.) OVER TWO YEARS LATER, Mrs. Brower said: "I haven't had a sign of kidney trouble for years and all the credit is due Doan's Kidney Pills."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Brower has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

WILLIAM H. VAN SICKLE IS BURIED IN ELMWOOD

The funeral of William H. Van Sickle, who died at his home, 55 Paterson street, on Saturday morning, was held from his late residence this afternoon, at 2:30 o'clock. The service was conducted by Rev. Paul Hayne, pastor of the Livingston Avenue Baptist Church. There was a large attendance at the service, delegations being present from Relief Council, No. 40, O. U. A. M., and from the P. O. S. of A. The interment was in Elmwood Cemetery, under direction of Undertakers Herbert & Moke.

DIED.

SWARD—In this city, on July 18, 1916, Peter A. Sward.

Relatives and friends are respectfully invited to attend the funeral from his late residence, 159 Church street, on Thursday afternoon, at 2 o'clock.

75 Take Alfalfa Tour in Cumberland County

BRIDGETON, N. J., July 18.—Seventy-five persons in eighteen automobiles participated yesterday in the "Alfalfa and Potato Run" which was given under the auspices of the county farms demonstrator, Warren W. Oley, with the Cumberland county board of agriculture cooperating. The splendid potato and alfalfa crops of the Minch brothers, Seabrook Farms Company, Samuel An-sink and William H. Shute were inspected, and also the big apple and peach orchards of the Minch brothers.

Among the well-known guests on the run were President Joseph S. Frelinghuysen, Vice President F. W. Jeffers, Edward Mecheling and L. Willard Minch, of the new state board of agriculture, Senator W. F. Gantt, Prof. Alva Ages, of the state experimental station; C. Fleming Stanger, of Glassboro, and Edward Douglass, the Atlantic county farm demonstrator.

TEXAS MAN PREACHES SUBMARINE SERMON

DALLAS, Texas, July 18.—Standing in water in the baptistry, the Rev. John H. Moore, pastor of the McKinney avenue Baptist Church, preached a sermon on "The Significance of Baptism," on Sunday. Every light in the church except the one illuminating the baptistry was extinguished. The minister delivered a forceful sermon to the audience seated in the dark auditorium. His head, arms and shoulders were outlined sharply against the white enamel background of the baptistry. The church auditorium was filled, practically the entire congregation being present. Mr. Moore has been planning for some time to hold this novel service, which is said to be the first of the kind ever conducted.

ARTHUR HOE ASSAILS WOMAN'S SUIT

NEW YORK, July 18.—Arthur I. Hoe, who has been defending suits brought against him by Miss Mae A. Sullivan for the last few years, took steps to bring to an end the latest suit for \$150,000 for alleged breach of promise, when he got an order from Supreme Court Justice Gierlich directing Miss Sullivan to show cause today why her action should not be dismissed. Edward G. Pringle, counsel for Hoe, said the plaintiff had sued three times on practically the same grounds, and in two of the cases had failed to pay the costs imposed when the actions were dismissed. Attorney Pringle said the newest action did not differ materially from the others and alleged that Miss Sullivan had "vehemently" pursued the defendant with unnecessary litigation.

NOTICE

The public will please take notice that C. W. Sedam Jr., is no longer in my employ and that he has no authority to furnish any male or female help for me.

ALLEGED FRAME-UP EXPOSED IN POLICE COURT

(Continued from Page One.)

John Coleman Sr., accompanied Suchko to the Nevadslip Manufacturing plant on Neilson street and the latter pointed out Conover as the man who stole the gun. Conover was arrested and taken to police headquarters. Suchko accompanied the officer and Conover back to the station and stated that he would appear as a witness against him when arraigned.

Officer John Manley learned of the case and kept on the alert to run down any new clues. Following the arrest he overheard a conversation which proved damaging to Suchko and which landed him behind the bars. The officer overheard John Kreidit, aged 33 years, tell a fellow countryman that Conover was not guilty of the crime, but he knew who was. The officer told Kreidit he was just the person they were looking for, as he possessed to be so well acquainted with the case.

At 7 o'clock the case was aired in Recorder Feaster's court. Kreidit then told the whole story. He told Sergeant Campbell that Suchko had broke into the Cummings' home and stole the revolver on Saturday while he acted as a "stool pigeon." He confessed that he didn't receive anything for the part he had played. "It's a shame to see a man put in jail when he didn't do anything," declared Kreidit.

Suchko when he entered the station was nabbed by the police and held on the charge which he had preferred against Conover. Arraigned before Recorder Feaster, jointly with Kreidit, on a charge of breaking and entering and grand larceny he pleaded not guilty and was held for the grand jury. Bail was fixed at \$500.

Conover declared that several months ago he met Suchko by chance. Suchko had just gotten out of prison and was wearing prison-made apparel. He told the police that Suchko had served 4 years of a 1-2 to 7 year sentence and that he had only been out but a short time. After meeting Suchko he lent him some money and bought him a suit

of clothes, as he felt sorry for him. He took him to his home, fed him and gave him a place to sleep.

Conover left the station a happy man last night. He told the police that he was going to help the man who had saved him from jail and was going to raise the necessary bonds to secure his release.

Since Suchko crossed their paths the Conovers haven't been living very happily. It was only Sunday that the police were called to the Conover home to quell two fights that had broken out there. Suchko started a fight with Conover in his own home and when he told him to vacate he refused. A fight occurred and Suchko was the aggressor until the police arrived. No arrests were made. Suchko charged Conover with attempting to stab him.

Fusion of Moose and Prohibitionists Possible

ST. PAUL, Minn., July 18.—Coalition between the Prohibitionists and Col. John M. Parker of the Progressives was a strong probability here today. It was so strong that it overshadowed interest in the various candidates for the presidency.

In a letter to Chairman Hinshaw of the Prohibitionists Col. Parker made a bid for the support of the cold water party. This letter found the Prohibitionists in a receptive mood. Col. Parker has called a convention for August 5.

The indications were that Col. Parker was not alone in the fight. Matthew Hale, chairman of the Massachusetts Progressives has asked to be advised as to the action taken.

The platform suggested is for prohibition, peace, prosperity and preparedness. The Prohibition convention opens Wednesday.

Former Governor William Sulzer of New York, was the leader today in the choice for the presidential nomination.

Dr. James G. Mason, of New Jersey, has also been mentioned for the nomination.

WOMAN AND WAR

A western woman doctor declares that women are physically fit for service at the battle-front. Probably some exceptional women may be, but are not the majority prone to ailments which make even household cares a burden? Hence the necessity for that great remedy which during forty years has done more than any other to relieve such ailments and mitigate the suffering of American Women—Lydia E. Pinkham's Vegetable Compound.

STOMACH MISERY QUICKLY VANISHES

Your money back if you want it is the way in which J. J. Monigan, the popular druggist, is selling Mi-o-na, the great dyspepsia remedy.

This is an unusual plan, but Mi-o-na has so much merit and is so almost invariably successful in relieving all forms of indigestion that he runs but little risk in selling under a guarantee of this kind.

Do not be miserable or make your friends miserable with your dyspepsia. Mi-o-na will help you. I fit doesn't tell J. J. Monigan that you want your money back and she will cheerfully refund it.

A change for the better will be seen from the first few doses of Mi-o-na and its continued use will soon start you on the road to perfect digestion and enjoyment of food.

Mi-o-na has been so uniformly successful that every box is sold under a positive guarantee to refund the money if it does not relieve. What fairer proposition could be made?

J. J. Monigan gives his personal guarantee of "money back" if you want it with every box of Mi-o-na that he sells. A guarantee like this speaks volumes for the merit of the remedy.

Prudential Gives Free Life Insurance to All of Its Employees

NEWARK, July 18.—Involving a total of more than \$16,000,000, the Prudential Insurance Co. yesterday announced the institution of a system of insuring every one of its more than 16,000 employees. This is the largest single amount of life insurance ever covered by any company in the world.

Every employee in this country and Canada comes under the plan. It includes the field force and the men and women who work in the home office. Officers and directors of the company, however, are not provided for.

The amount placed on the life of each man and woman has been determined according to length of service. Employment of a year or less entitles the person to \$500, and from that the scale advances to \$2,000 for those members of the Prudential Old Guard who have been twenty years or more in the company's service.

No actual policies are to be issued. Instead, the risks are merely carried on the company's books and the company pledges itself to pay the insurance in case of death. In this way the scheme is radically different from the group insurance plan carried on by some of the country's largest employers of labor.

Costs Employees Nothing. The insurance is to be carried at absolutely no expense to the insured. The employees will not be asked to share the expense of carrying the risk.

The largest insurance scheme carried heretofore was placed by the Brooklyn Rapid Transit Company on its 10,000 employees. This was a group insurance plan, with policies issued by a New York company calling for a total of approximately \$10,000,000.

Those on the company's retired list, as well as those in active duty, are included in the insurance plan. It applies only to those persons whose whole time is employed in the company's service.

This is another of the company's welfare moves. For some time it has carried on a service disability insurance and its service retirement allowance plans. For a long time the company directors have been working out details of the plans. As announced by President Forrest F. Dryden, the plan goes into effect immediately.

New Jersey Has Not Declared Quarantine Against N. Y. Children

TRENTON, July 18.—That the New Jersey State Department of Health has not declared quarantine against persons coming from New York is made clear in a letter from Dr. J. C. Price, director of health, to Dr. Haven Emerson, New York commissioner of health. This letter was given out at the office of the State Department of Health this afternoon, and reads as follows:

"As a result of the present outbreak of poliomyelitis, we are receiving numerous telegrams and letters from individuals and from persons representing benevolent organizations in New York city asking if the department of health of the State of New Jersey has declared quarantine against persons coming from New York. While stating in replies to these inquiries that no such action has been taken nor contemplated by this department, we have suggested to those desiring to bring groups of children from New York city into New Jersey that they first procure a certificate from the New York city department of health and also communicate with the local authorities in the district to which they desire to come in this State.

"This advice seemed advisable in view of the fact that I am informed local health officials in a few localities in this State have taken what appears to be extreme measures against all persons coming from New York city. While it is possible for your department to furnish such certificates, it will be glad to co-operate with you in any way possible to limit the spread of the disease, and will consider any suggestions you have to offer in this respect."

"I will be glad to co-operate with you in any way possible to limit the spread of the disease, and will consider any suggestions you have to offer in this respect."

Money Needed for Screen Fund at the Home

The windows of the Children's Industrial Home, on Somerset street, were recently screened at a big expense, the managers of the Home realizing that every precaution is to be taken at the present time for the children's health on account of the epidemic of infantile paralysis, when flies and other insects carry the deadly germs.

The managers could not afford to spend the money, which is needed for so many other wants in the Home, but believed that in doing so their friends would come to their aid and help to raise the amount. The managers need about \$150 yet to pay off the debt on the work.

All last year the Home went screenless for the lack of funds. Any gift no matter how small will be gratefully received as these in charge are anxious that the debt be paid off as early as possible.

County Coal Estimates to Be Received Aug. 3

A resolution was adopted by the Board of Freeholders yesterday providing for the advertising for bids for the annual supply of coal to the county buildings. The bids will be received August 3.

Freeholder A. T. Kerr also had a resolution adopted for the laying of one hundred feet of pipe across the upper end of Codwige avenue in this city to drain a brook. County Engineer Fox will get bids as to the cost of the work. The expense will be about \$350.

ON THE POLICE BLOTTER

Joseph Craigley was arrested and given 30 days for being drunk and disorderly on Church street yesterday. Officer Wilcox made the charge.

John Steve was drunk on Paterson street and went to sleep in the yard of Nicholas Rutgers. He was arrested by Officer Wilcox and was sentenced to 15 days in jail by Recorder Feaster.

McAdoo May Quit to Take Federal Reserve Post

WASHINGTON, July 18.—Official circles were interested today in the report that Secretary of the Treasury McAdoo was to resign and become governor of the Federal Reserve board succeeding Charles Hamlin.

Secretary McAdoo could not be reached last night and Governor Hamlin was out of the city so that the report could not be verified. The term of Governor Hamlin expires August 1. He was appointed for the two-year term. His successor under the law will be appointed for a term of ten years.

MONTMARTRE AT MIDNIGHT

Doraldina, queen of all Hawaiian dances, is the feature of Montmartre at Midnight. Now in summer dress, Montmartre offers new opportunities for those who demand a dining place of distinction, and the surroundings as well as the entertainment are out of the usual run of things especially as seen through the eyes of Broadway. In addition to Doraldina and her band there are Lucette Valsey, Mons, Rigler, Frisco and others.

Tepper's Brimful of Bargains For All

Saturday, July 22nd, will be a red letter day at the Tepper store, because it is the fifth anniversary of the store and will also see the beginning of a week's sale of stock at prices half the regular price. There will be a sacrifice sale in every department and the bargain hunter will find more bargains than she ever imagined.

Extra saleswomen will be on hand to attend to patrons so that no one will have to wait any length of time for attention. The store will open at eight o'clock and those who come early will get the choice pickings. The best feature of this sale is that all sizes may be found in waists, dresses, suit, etc., not a few limited sizes.

Suits will be sold as low as five dollars, while children's dresses may be obtained from 35 cents up; silk dresses for women at \$9.95; Spring coats at half price and sport dresses at \$1.49.

Even the men have been looked after and there will be cool cloth suits from \$6.50 up, with sizes running from 34 to 42, also a half price sale on silk and linen shirts, and many other articles too numerous to mention.

Not only in the wear department have reductions been made, but in Summer furniture, etc. Don't miss

this sale if you are looking for a way to save money for a vacation trip. Tepper's is the place, and July 22nd is the date.

Your Nickels Now Worth Six Cents Apiece

NEW YORK, July 18.—The European war which has been held responsible for any number of things, has caused the value of the five cent piece to go up to six cents. The value of nickel has risen because of the great demand for the metal for ammunition and weapons.

A big cargo of nickel is to be carried by the German submarine Deutschland. It would have been cheaper for Germany to have melted up United States five cent pieces rather than purchase the raw metal.

THROWN OUT OF MACHINE

M. A. Biles, his son, M. Biles, 2-1/2 years old, and his father, A. M. Biles, of this city, were slightly injured besides being shaken up, when the former's side-car motorcycle ran into a hole in North Willow street, Trenton, and threw them out of the machine.

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN

A Certain Relief for Eczema, Itch, Stomach Troubles, Teething Disorders, and all other Skin Affections. Try it on your child. It is the only powder that is safe for the face. Sample mailed FREE. Address: MOTHER GRAY CO., Le Roy, N. Y.

Dayton.

DAYTON, July 18.—Mr. and Mrs. E. W. Groves, of Brooklyn, spent the week-end with Mr. and Mrs. I. B. Rowland.

Frederick L. Evans returned from Ocean City for the week-end.

Mr. and Mrs. William Cox, of Cranbury, were visitors with Mr. and Mrs. J. W. Erickson.

Rev. and Mrs. James B. Clark are spending their vacation in New York State.

Miss Henrietta M. Osborn and Miss Anna Lettelt, of Rutgers' Summer School, spent the week-end at the former's home here.

Mr. Petty, of Easton, Pa., occupied the pulpit in the Presbyterian Church Sunday morning. A good sized congregation came out to hear his sermon.

Mrs. John S. Dey is entertaining her nephew and family from Georgia for a season.

A. L. Shreve who broke his ankle some time ago is able to walk quite well with the aid of crutches.

Mrs. George F. Dey of Bloomfield, has returned to her home after a week's stay at the home of Mr. and Mrs. Nehemiah Dey.

Mrs. R. Jenkins, of Jersey City, a former resident of this place, has been boarding with Miss E. Babbitt the past week.

D. D. Stults has been ill at his home for a few days.

A meeting of committees and solicitors for the Dayton Harvest Home, August 9, 1916 was held in chapel Monday evening.

Middlebush.

MIDDLEBUSH, July 18.—The regular consecration meeting of the Christian Endeavor Society was held in the chapel Sunday evening. Miss Sara Totten was in charge. The monthly business meeting was held at the close of the services. Several new members were elected: Active Mr. and Mrs. William Sylvester, Misses Katherine Campbell and Helen Baird, Associates, Miss Anna Campbell and Messrs. Charles Mortimore and Edgar Van Middlesworth.

Miss Henrietta Dougherty has been entertaining an out-of-town friend for a few days.

Frederick F. Fueso of Brooklyn, was a recent visitor in this place.

Miss Cornelia Wilson has been spending sometime at Belmar.

Mrs. Isaac Hoagland is visiting at the home of the Misses Hoagland at South Middlebush.

Mrs. Edward Koos, of Newark was a recent visitor at the summer home of Mr. and Mrs. Charles Koos in this place.

A number of the young people of this vicinity have been engaged in picking cherries on the McCracken farm during the past week.

Mrs. Arthur Smalley, who has been ill at the home of her parents in this place for the past week, is much improved.

Miss Anna Brunson, has been visiting her cousin, Miss Manning at South Plainfield.

Garrett Baird is spending sometime with his grandparents at Belle Mead.

JOHN WANAMAKER

Broadway at Ninth, New York

The Newest Blouses Are of Sheer White Batiste, \$3.90

Pin tucks are the last word in blouse modes! All of these new blouses have so many tiny tucks that it is a difficult task to count them. But this is why these blouses are such adorable and simple creations.

The cluster of tucks in some of the sleeves are continued to the neck. Another new note!

One model has the graceful frill, another has tiny ruffles, another has a large cape collar of organdie, and several are trimmed with lace, embroidered motifs or dainty hemstitching.

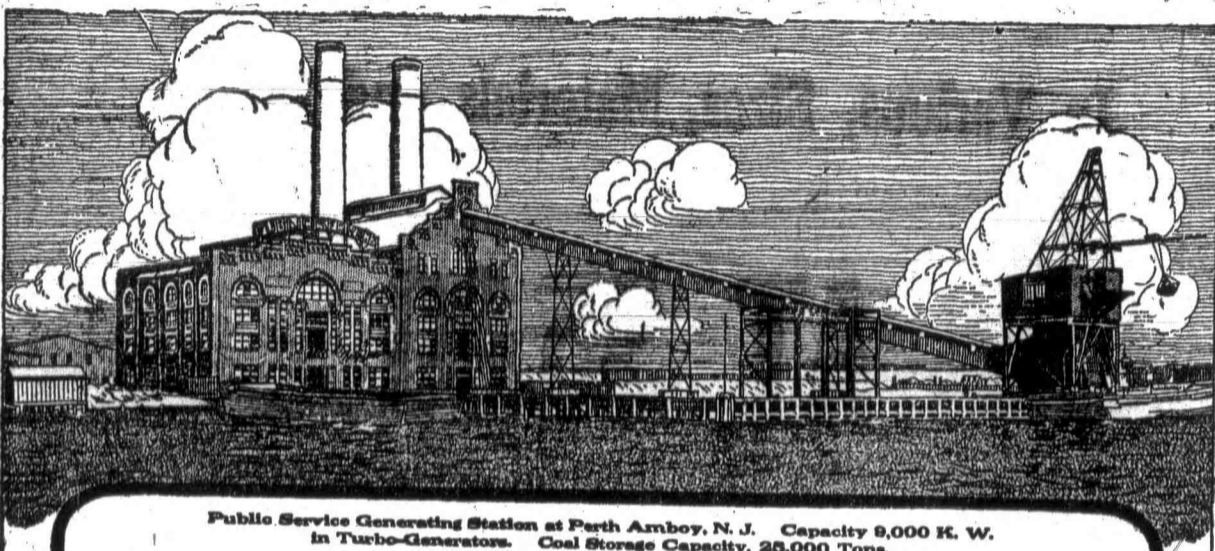

Also—Organdie Blouses at \$2—Six New Models

Women's Cotton Dresses \$3, \$5

These are the clearaway prices which have been put on several hundred cotton dresses. There are three or more styles at each price. Simple dresses of flowered voile with ruffled skirts are \$3. Colored voile dresses trimmed with white, at \$5. Tunic dresses with large organdie collars, at \$5. Coated dresses of striped voile trimmed with plain color, at \$5. Flowered voile dresses with white collar and vest, \$5.

Summer Silks 48c Yard

An unusual clearaway is now in progress. All short length silks and silk mixtures—many of the latter in dress lengths—regardless of former prices or their present market value, are marked at the extraordinarily low price of 48c yard.

Public Service Generating Station at Perth Amboy, N. J. Capacity 9,000 K. W. in Turbo-Generators. Coal Storage Capacity, 25,000 Tons.

Power Costs—Determined by Tests—Not Guesses

TALKS ON POWER—No. 10

Cheaper to Buy Power

Public Service Electric Co., Camden, N. J. Gentlemen:

In reply to your communication, asking whether we are getting satisfactory results from buying electric power from your company, rather than maintaining an engine.

We would relate the following: At the time we started using your power, rather than generate our own, we had under consideration the advisability of building a new powerhouse; we had had advice from competent engineers and it was very hard for us to decide whether to install a new engine and boiler and generate our own current, or buy from your company.

This was in 1910, and during these six years' experience I am very pleased to report to you that we have had entire satisfaction and we no longer contemplate installing our own power plant, and further than that, we believe we have saved considerable money by buying our current, rather than generating it ourselves.

Assuring you of our entire satisfaction, we are,

Yours truly,
THOMAS MADDOCK'S SONS' COMPANY.

(Sgd.) A. M. MADDOCK, President.

There is no "guesswork" in determining the present cost of power in a factory.

—Nor in estimating the future cost of operating a factory with Public Service Power.

Nearly all of our power salesmen are graduate engineers who are devoting all their time to the study of factory drive and power costs.

These engineers determine the present cost of power with the aid of a steam engine indicator, a steam flow meter, a tachometer or speed indicator, a graphic recording watt meter, and other necessary instruments.

With these instruments the friction load, the minimum, maximum and average loads, and the amount of steam used for any special purpose is determined with a high degree of accuracy.

With this information

—And judgment guided by a large fund of data obtained from carefully made tests in similar factories

—Our engineers are able to closely estimate the cost of operating a factory with Public Service power.

The accuracy with which our engineers estimate the future cost of Public Service power is illustrated by a case in which the estimated monthly cost was within 3 per cent. of the actual monthly cost.

We shall be glad to submit proof that this was not an exceptional case.

The care with which our engineers estimate the cost of power is another reason why we supply power to more than 10,000 power users from our great system of 22 generating stations and 61 sub-stations.

Let us make tests in your factory. We may be able to reduce your power costs.

PUBLIC SERVICE

New Brunswick

Perth Amboy

NOTICE OF INTENTION.

NOTICE OF INTENTION OF THE BOARD OF REGulating, GRADING, PAVING AND CURBING OF WASHINGTON STREET, HARTWELL STREET, COMMERCIAL AVENUE, BISHOP STREET, BALDWIN STREET, REMSEN AVENUE, REDMOND STREET, FRENCH STREET AND SANDFORD STREET.

Notice is hereby given in pursuance of a resolution of the Board of Commissioners of the City of New Brunswick, adopted on June 27, 1916, of the intention of the Board of Commissioners of the City of New Brunswick, to cause to be made certain public improvements in the city of New Brunswick, as follows, to wit:

That Washington street, from the East line of George street to the West line of Nelson street, shall be regulated and graded, in conformity with the legal lines of said street and the legal and established grade of said street; that said street shall be paved with vitrified brick, asphalt block or warrentite, to be laid on a concrete base; and that said street shall be curbed by the re-setting of the present old curbing or where said old curbing cannot be efficiently reset by the replacing of new blue stone curbing.

That Hartwell street, from the north line of Hamilton street to the south line of Commercial avenue, shall be regulated and graded, in conformity with the legal lines of said street and the legal and established grade of said street; that said street shall be paved with vitrified brick, asphalt block or warrentite, to be laid on a concrete base; and that said street shall be curbed by the re-setting of the present old curbing or where said old curbing cannot be efficiently reset by the replacing of new blue stone curbing.

That Commercial avenue, from the west line of Burnett street to the east line of George street, shall be regulated and graded, in conformity with the legal lines of said street and the legal and established grade of said street; that said street shall be paved with vitrified brick, asphalt block or warrentite, to be laid on a concrete base; and that said street shall be curbed by the re-setting of the present old curbing or where said old curbing cannot be efficiently reset by the replacing of new blue stone curbing.

That Hamilton street, from the east line of George street, to the city line, shall be regulated and graded, in conformity with the legal lines of said street and the legal and established grade of said street; that said street shall be paved with vitrified brick, asphalt block or warrentite, to be laid on a concrete base; and that said street shall be curbed by the re-setting of the present old curbing or where said old curbing cannot be efficiently reset by the replacing of new blue stone curbing.

That Bishop street, from the west line of Burnett street to the east line of George street, shall be regulated and graded, in conformity with the legal lines of said street and the legal and established grade of said street; that said street shall be paved with vitrified brick, asphalt block or warrentite, to be laid on a concrete base; and that said street shall be curbed by the re-setting of the present old curbing or where said old curbing cannot be efficiently reset by the replacing of new blue stone curbing.

That Sandford street, from the north side of Throop avenue to the south side of Livingston avenue, shall be regulated and graded, in conformity with the legal lines of said street and the legal and established grade of said street; that said street shall be paved with vitrified brick, asphalt block or warrentite, to be laid on a concrete base; and that said street shall be curbed by the re-setting of the present old curbing or where said old curbing cannot be efficiently reset by the replacing of new blue stone curbing.

Plans and specifications as prepared by Asher Atkinson, city engineer, for curbing of the above enumerated streets can be seen at the office of said Asher Atkinson, city engineer, room 1, No. 40 Paterson street, New Brunswick, N. J., between the hours of 9 a. m. and 5 p. m., each and every Sunday excepted, from June 29, 1916, to July 20, 1916, both inclusive.

Plans and specifications can also be seen at the Commissioners' Council Chambers, District Court room, Court House building, Paterson street, New Brunswick, N. J., on July 20, next at 3 p. m., at which time the Board of Commissioners of the City of New Brunswick will consider and act upon said proposed improvements and hear objections, if any there be, offered or filed, by any person interested in said improvements.

Notice is hereby given that the kind of pavement to be used on said streets will be vitrified brick, asphalt block or warrentite and that said streets will be curbed by the re-setting of the present old curbing or where said old curbing cannot be efficiently reset by the replacing of new blue stone curbing, and that all persons who may be interested in said public improvements and having objections to all or any of them, or to any particular kind of pavement to be used on all or any of them, shall be required to present their objections to all or any of said improvements and to be present and make their objections known to the Board of Commissioners of the City of New Brunswick, who shall meet in the Commissioners' Council Chambers, District Court room, Court House building, Paterson street, New Brunswick, N. J., on the twentieth day of

curbing cannot be efficiently reset by the replacing of new blue stone curbing.

That Remsen avenue, from the west line of Sandford street, shall be regulated and graded, in conformity with the legal lines of said street and the legal and established grade of said street; that said street shall be paved with vitrified brick, asphalt block or warrentite, to be laid on a concrete base; and that said street shall be curbed by the re-setting of the present old curbing or where said old curbing cannot be efficiently reset by the replacing of new blue stone curbing.

ROCKEFELLER INST. NEW BUILDINGS NEARLY READY

Medical Research Plant on Carnegie Lake Will Be Operated in September—To Be Model Plant—Part of Staff Announced.

PRINCETON, N. J., July 18.—The Rockefeller Institute for Medical Research on the east side of Lake Carnegie, near Princeton, will be completed and operated, as expected in September. This is especially gratifying just at this time, in so much as the work accomplished by the other Rockefeller institutions combating the infantile paralysis disease has been noteworthy. The institute comprises about 400 acres of land, and the department of animal pathology has been organized under the personal supervision of Dr. Theobald Smith. There will also be accommodations for the serum houses and other animals which hitherto have been kept at Clyde, near New Brunswick, N. J. Besides the laboratory, etc., there are several auxiliary buildings.

Collidge & Shattuck, of Boston, are the architects and the Matthews Construction Company of Princeton the general contractors. All the designing has been governed by certain general considerations. Low buildings seemed most suitable to the Princeton landscape, thus the laboratory building, the principal structure, consists of two and a half stories and a basement. It is the institute's policy to build as economically as is consistent with a good appearance and fire protection. Hollow tile walls covered with stucco and a green tile roof are the construction of the laboratory building.

Appearance of Buildings Subordinated to Get Convenience. As the summer season is apt to be the most active of the year in any animal work, the buildings have been placed on the highest part of the land and are so disposed and arranged inside, as to take advantage of the prevalent summer winds. The power house will supply steam, refrigeration and electric current and air pressure and vacuum when needed. Pipes and ducts, which are the veins and arteries of a laboratory are everywhere run in easily accessible conduits and are exposed inside the buildings, appearances be-

AT THE BIJOU TO-DAY

In the "Red Widow," a thoroughly amusing photo-production of the celebrated comedy by Channing Pollock and Renold Wolf, John Barrymore possesses the greatest opportunity he has ever had since becoming a photoplay star for demonstrating beyond all doubt his right to be called the foremost comedian of the screen to-day. In the role of Cleo Hannibal Butts, the distinguished comest salesman, who seeks to combine his honeymoon and a business trip to Russia, and who as a result finds himself inextricably caught in a number of comic predicaments involving the Russian secret police and innumerable Nihilists, including the fascinating Red Widow, to whom he is introduced as the greatest living King-Killer, John Bar-

ing subordinated in this particular to convenience in inspection, repair and alteration.

Inside the laboratory building will be arranged and equipped to enable bacteriologists, protozoologists, biologists, etc., to carry on their work, and will also contain a general office and working library. The buildings for the isolation of animals will be the only ones of novel character. An attempt has been made to arrange them in such fashion that a considerable number of groups of animals may be kept, cared for and observed without danger in infective material being transmitted from one group to the other.

To Be Completely Isolated.

"A very prevalent and serious defect in the equipment of experimental stations and other institutions in which animal diseases are studied," said one of the institute doctors, "has been the inadequacy of their facilities for the complete isolation of animals. Economics and makeshifts in this particular are really wasteful. Exact observations are dependent upon a control of the conditions under which an infected

animal is kept and studied, which should be no less complete than the control of conditions in the wards of a modern hospital. "It is the aim of the institute in this department, as in those already organized in New York, to study fundamental biological and medical problems. Such problems as are presented by animals and their diseases are usually fundamentally the same as those presented by the human animal. Animal medicine and research has given to the practitioner who treats men no less than it has borrowed from him. The labors of Pasteur, who did not deal with human patients until near the end of his career, but who revolutionized medical science by his studies of the diseases of silk worms, sheep, poultry, swine and dogs, may be cited in illustration.

A Fortunate Location.

"Thus it is to be hoped that the work of the department of the animal pathology may not only some day benefit the economically important animal industries of the State and country, but may also help along the general advance of medical and biological science. For this reason the institute deems itself particularly fortunate in being able to establish its department of animal pathology in close proximity to Princeton University and within easy reach of the Agricultural Experiment Station at New Brunswick, N. J. Important biological and other scientific research is already being carried on under the auspices of Princeton University and will undoubtedly be developed on a more and more considerable scale as time goes on. This promises a congenial and stimulating atmosphere to the institute's new department."

Members of the staff of the department who have thus far been appointed are: Theobald Smith, Ph. D., A. M., M. D., Sc. D., LL. D., director; Carl Ten Broeck, A. B., M. D.; Werner Marchand, Ph. D.

N. J. ORDER OF EAGLES MEET IN NEWARK

PASSAIC, July 18.—The first State convention of the Fraternal Order of Eagles in New Jersey was held yesterday at Newark, when delegates from twenty-six of the thirty states in the State formed the New Jersey State association. The following officers were elected: President, Joseph Marks, Millville; chaplain, John C. Coffey, Passaic; secretary, James Mahoney, Plainfield; treasurer, Fred C. Stiles, Newark; and William Van Bunt, Camden, State deputies. The next convention will be in Wildwood in June, 1917.

LOCAL MAN LOSES HIS BANK ROLL IN NEW YORK HOTEL

Justice of Peace Charles J. Zimmerly Has Experience in New York City—Coney Island Trip Is Spoiled.

In Chatham Square Hotel, New York, peacefully reposed Justice of the Peace Charles J. Zimmerly, when the First Ward on Saturday evening when some mean sneak thief entered his room and relieved him of the bank roll in a pocketbook concealed in the inside pocket of his coat which he hung upon the bedpost. Valuable papers including his authorization to perform the duties of a Justice of the Peace, several contracts, together with a gold watch and chain and his return ticket on the Pennsylvania railroad were taken by the thief.

Zimmerly was going to Coney Island on Sunday. He went to New York Saturday night so as to reach the resort bright and early. The Chatham Square Hotel was recommended to him. After much hunting he finally located it and secured accommodations at a very low rate, much to his surprise, so he says. He was very tired after his wandering about the Metropolis and was soon asleep.

He dreamt of the fine day's outing at Coney Island. Between midnight and the next morning at 8 o'clock, someone entered his room and made the haul. Who it was he knows not. How they effected an entrance he knows not. He found the door securely locked, just as he had left it when he retired. His clothes were where he had left them but his valuables were missing.

He hurriedly dressed and reported the thief to the hotel clerk and to the police. He started back for this city and it was not until he reached the Pennsylvania station that he realized that his railroad ticket was missing also. He was without funds and didn't have a friend in the whole city. He applied for aid but none was given him, so he took to the road and walked all the way back to this city and now he is telling his friends of his one night's experience in the metropolis.

LETTERS UNCALLED FOR

The following letters remain uncalled for in the New Brunswick, N. J. post office for the week ending July 15, 1916. If not called for they will be sent to the dead letter office on July 31, 1916.

Ladies—Mrs. Laura Bartow, Mrs. Jac. Allen, Mrs. Ed. Cole, Mrs. M. Davidson Layton, Mrs. J. De Lury, Mrs. Isaac Furlington, Mrs. Gordon, Mrs. R. W. Lathrop, Mrs. E. A. Murphy, Mrs. Ella Ober, Mrs. George Sanders, Mrs. J. Savage, Mrs. Wright C. Stout.

Miss Mary Burke, Frances Clevan, Clara Mann, Kari Olkah, Maurice Smith, May Washington, M. Weinberg Catherine White.

Gentlemen—E. T. Bloom, Stanley Brown, Edward Buntin, John Case, Edwin J. Bimer, Giovanni Elia, George Fader, Raymond Gannis, Joseph Gagar, Clifford Hebert, LeRoy Hess, G. A. Johnson, W. H. Mackey, W. McComier, A. Pries, H. Powers, Raddin, A. Ratne and Sons, Fort Rie, Chase Terry, Louis Tuttleon, Peter Tedics, Oscar Trondsen, Jozsa Vilma, J. W. West, Raymond Williamson, R. Spencer Young, Andrew L. Zern, Master Ray G. Rue.

How you can get rid of eczema with Resinol

Resinol Ointment, with Resinol Soap, usually stops itching instantly. It quickly and easily heals the most distressing cases of eczema, rash or similar tormenting skin or scalp eruptions, not due to serious internal disorders. Sold by all druggists.

THE HOME NEWS GUARANTEES ITS CIRCULATION

President Wilson every now and then quotes a little something from the Baltimore platform, but it is noticeable and significant that he carefully avoids any reference to the single-term plank in that not altogether forgotten instrument.

Having discovered that 80 per cent. of the total income tax is paid by four Republican States in the North, the Southern Democrats, who control Congress, are enthusiastically in favor of doubling the tax.

Heaven ne'er helps the men who will not act.—Sophocles.

GETTING "WORKING PAPERS."

The Hudson Dispatch refers to Hoboken as having about as elaborate a payroll in connection with its public school system as any city in the State, and remarks that there are secretaries galore, truant officers aplenty, janitors and assistant janitors—and then some more.

But in spite of all this, there will be no way of a boy getting "working papers" in Hoboken for the balance of the summer; everybody will be on a vacation. In New Brunswick arrangements have been made by City School Superintendent Eckels to take care of such work every Friday during the summer, but in Hoboken everybody will be having a good time.

The contrast is all in favor of the New Brunswick plan.

Ambition is no cure for love.—Scott.

REVOKE THIS ORDER.

The order to discontinue street sprinkling, issued for the purpose of conserving the city water supply, is one that should be revoked at once. It would be hard to find a more complete case of mistaken economy and, in view of the prevalence of the infantile paralysis scourge which now numbers nearly 150 cases in this State, the order is one that endangers the public health to a measurable extent.

The water department is right in urging all householders not to waste the city water. Disregarding this advice may bring serious results and the experience of two summers ago should convince all citizens of this fact.

But the health of the city requires that the streets be sprinkled and also that measures be taken to have them flushed occasionally. The use of the city water for such purposes is not to be put in the category of wastefulness—it is a demand of common sense and should be heeded forthwith.

Attention should also be given to the cleaning and flushing of manholes, of which there are any number about town that are clogged up and in a condition inimical to the health of our residents. Let us use the city water to aid in giving us a clean city and we will have a more healthful one at the same time.

THE SOLDIER VOTE.

Governor Fielder evidently dislikes to "take the bull by the horns" in the matter of guardsmen's votes, and it is strongly suspected that he has political reasons for his hesitancy. Should Attorney General Westcott coincide with the decision of Secretary of State Martin that Jersey's soldiers now on the Mexican border are barred from participation in the coming primaries and general election, no time should be lost in calling a special session of the Legislature to pass an enabling act—and it is just this that Mr. Fielder appears anxious to avoid.

Back of the Governor's hesitancy it believed to be solicitude for his appointees in three political jobs, the county judge of Ocean, prosecutor in Gloucester and the keeper of the State prison. Under the constitution it would be incumbent upon the Governor, in the event of a special session, to submit the names of the men whom he has selected to the Senate for confirmation. Rejected there, as it is practically certain they would be, it would then be impossible for the Governor to reappoint them at interim, and he must needs make other appointments.

Possibly the Mexican situation may clear up to the extent that the men of the three regiments of infantry, the cavalry troops, battery and other detachments will be back home before election day. But this is by no means certain.

In the meantime the Governor and his advisers are notified that if election time finds the guardsmen still in the field and with no provision made for them to vote, this

sin of omission will be visited upon the Democratic party. There is little time to spare if action is to be taken—and action is the only thing that will be accepted as an earnest of the attitude of Fielder's party on the soldier vote.

GIVING THE SUPREME COURT A RADICAL FLAVOR.

President Wilson's appointment of Justice John H. Clarke, of Ohio, to the United States Supreme Court is significant of the purpose to lend a more radical flavor to that tribunal's decisions, already emphasized so sharply by the appointment of Louis D. Brandeis to that august body. As a politician Clarke was an associate of the late Tom L. Johnson and was interested in the two-cent fare movement and other issues styled as progressive. As in so many previous instances, the President settled upon one who had received no mention among persons generally regarded as possibilities for the appointment.

Mr. Wilson has displayed a penchant for selecting justices without previous judicial experience, but in this instance the appointee has the advantage by two years of service in the United States District Court, over Brandeis and McReynolds, whom he had previously given to our highest tribunal. The new appointee will be regarded as a personal "find" of Mr. Wilson, who appointed him to the District Court, and was personally acquainted with him in the short ballot and other political movements. At the same time, the choice stands as an added evidence of the influence wielded by that recent accession to the President's official household, Secretary Baker.

Naturally, the political effect of the appointment will be discussed, and the judgments advanced in this regard will differ widely. Some will argue that political expediency as well as general fairness should have actuated the President to appoint a New Yorker. Others will regard New York as lost to the President and will believe it not a bad move to strengthen his position with the radical elements of the Middle West. So far as the general public can judge, the appointee possesses no qualifications over hundreds of other men who could be mentioned without any extended thought. His reputation is yet to be made.

WORK ADVANCING SLOWLY ON AMBOY-KEYPORT ROAD

(From the Newark Call)

Hopes that the South Amboy-Keypoint road would be ready for use this summer are dwindling. Examination of this route last week indicated that it would be fortunate if the work were completed in a year. Much remains to be done, notably the approaches to the new bridge structure. There is a chance that efforts will be made to open the highway to traffic this summer, but it will be an unsatisfactory endeavor at best.

This work is the best example extant of county or local development of trunk routes and illustrates how unsatisfactorily the present system works. No matter how road appropriations are obtained or how big these appropriations are, New Jersey will not have satisfactory highways until they are developed as a unit by a single body responsible for all through routes. The State of New Jersey is the natural administrator of these powers and not counties, townships or municipalities. Any survey of our roads will do as argument for this fact.

CIVIL SERVICE EXAMINATIONS FOR POSITIONS IN THIS CITY

Civil service examinations will be conducted Wednesday, July 26 for the positions of field assistant in horticulture at the local experiment station, the salary being \$75 a month, and also assistant chemist in the fertilizer department at a salary of \$85 a month.

The Successful Investor

realizes that keeping certain securities tightly locked in his safe deposit box year in year out, awaiting their maturity, is sometimes highly unprofitable. Shifting his investments with the changes in financial conditions may be a far wiser and more remunerative course to pursue.

Write for our new circular No. AN-187 on the Investment Situation, which offers some suggestions.

NOTICE.

Notice is hereby given that on Friday the twenty-first day of July, in the year of our Lord one thousand nine hundred and sixteen, at the hour of ten o'clock in the forenoon of that day or as soon thereafter as the court can attend to the same, I will apply to the Court of Common Pleas of Middlesex County at the court house in the City of New Brunswick, for the appointment of three commissioners (freeholders and residents of the City of New Brunswick), to estimate and assess benefits to lands in the vicinity of the new pavements laid on the following streets to wit:

Albany street, between Somerset street and the line of the Pennsylvania Railroad; Paterson street, from the westerly side of Kirkpatrick street to the southerly side of French street; Oliver street, from the easterly line of George street to the westerly line of Burnet street; Hasbrouck street, from the easterly line of Welton street to the westerly line of Burnet street; Carman street, from the easterly line of Welton street to the westerly line of Burnet street; John street, from the northerly line of Commercial avenue to the southerly line of Oliver street; Welton street from the southerly side of Remsen avenue to the northerly side of Throop avenue.

All of said streets being in the City of New Brunswick, county of Middlesex and State of New Jersey.

Dated July 7th, 1916.

THOMAS HAGERTY, City Attorney.

PROPOSALS FOR THE FURNISHING OF THE LIGHTING OF THE BRUNSWICK.

Sealed proposals will be received by the Board of Commissioners of the City of New Brunswick, at the Commissioners' Council Chambers, District Court Room, in the Court House Building, Paterson street, New Brunswick, N. J., on Tuesday, July 25, 1916, at 10 a. m., for the furnishing of the lighting of the streets of the City of New Brunswick, for the term of two years and five years, with the following lights:

397, more or less, regular commercial standard, 2,000 c. p. arc lamps.
 227, more or less, regular commercial standard, 82 c. p. incandescent lamps.

12, more or less, Westinghouse gas lamps, to be located on the streets of the City of New Brunswick, and said lights to burn under normal conditions every night, continuously from dusk to dawn.

Bids will also be received by said Commissioners for the following lights, 61-20 ampers (compensator) Type "C" Mazda, 600 c. p. 300 W.
 406-15 ampers (compensator) Type "C" Mazda, 400 c. p. 216 W.

The Commissioners reserve the right to reject any and all bids.
 JAMES MERSHON, Director of the Department of Parks and Public Property.

Attorney: EUGENE J. McLAUGHLIN, City Clerk.

YOU have read this series of advertisements and you now know some of the money making features of International motor trucks. You know that money invested in an International truck pays a high rate of interest—that a truck keeps your customers satisfied by giving them prompt, regular service—and that, with a truck, you can extend your business to its widest limit. There is one other important point.

The International motor truck is sold by a Company whose success depends upon the service it gives.

We employ expert truck men and carry a full stock of repair parts. Both men and repairs are at your command instantly in case of accident. We make it our business to keep our customers satisfied, just as you do. We hope you never have an accident, but if you do, we do not allow it to interfere with your business for one minute longer than is absolutely necessary.

Four Models—Four Low Prices

New Monterey Hotel
 ASBURY PARK NEW JERSEY

One of the finest hotels on the North Jersey Coast, in one of the most wonderful seashore resorts on account of its marvelous combination of seaside and country; and where abound high class cottages and beautiful estates.

This hotel is a modern six-story structure, with 350 guest rooms. Every one is an outside room, supplied with hot and cold water, and commands a view of the ocean, lake or country.

It has a unique reputation for the comfort of its guests and every facility for golf, tennis, etc., is offered its patrons.

A handsome ballroom, where there is dancing every night, is another feature of this splendid hotel. The beautiful palm room adjoins the dance hall, with its artistic fountains and genuine comfort. More for your money may be had here than elsewhere in the shape of comfort and enjoyment, or complete rest if you wish it.

ALLIES CONTINUE TO PRESS HARD ON BOTH WAR FRONTS

Russians Force General Retirement of Teutons in East—British and French Push Forward on Somme and in Champagne.

(By International News Wire to the Daily Home News.)

LONDON, July 18.—The steady pressure of the Entente allies continued to-day with success on both eastern and western fronts.

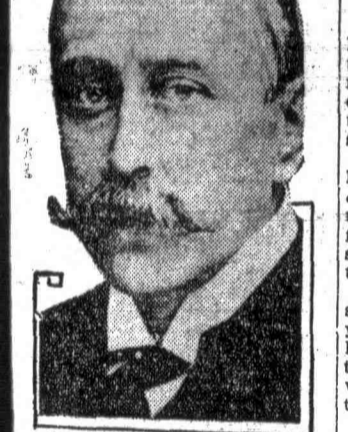

Emperor William is reported at the front in the Somme sector, where the allied armies are forcing a deeper salient into the German line.

By capturing by assault 1,500 yards of German second line positions north of the Bazentin-le-Petit wood, a strong German position at the Waterlot farm, and completing the capture of the whole village of Ovillers la Rivelle, the British are almost at the crest of the Albert plateau, where stretches the German third line, and are in easy striking distance.

On the eastern front General Kuro-patkin, Russian commander, has launched an offensive against Field Marshal von Hindenburg on the Dvina River, and General von Linsinger's forces have been forced to retire southwest of Lutsik, a great Russian tactical success.

The French have been on the aggressive in the Verdun region, and in gaining additional ground west of the Meuse, the British are forcing Russian troops in France, inflicting heavy casualties on the Germans in a full raid by Germans on their trench in the Champagne. Paris reports the landing of more Russian troops in France, this time at Brest.

SUBSEA LINER IDEA BORN HERE

ALFRED LOHMANN
In the brain of Herr Lohmann was born the daring idea of building submarine merchantmen of the Deutschland type. He personally organized and founded the German Ocean Shipping company, owner of the pioneer subsea liner, and is directing the organization of a submarine fleet.

That Lively Family of Van Loons

Whose adventures have amused newspaper readers all over the United States, are appearing regularly in the SUNDAY TIMES. There is a whole page of their doings every week, and this family is so popular that lots of people want to know what the Van Loons are up to before they read what is going on in Mexico.

Order the SUNDAY TIMES from your newsdealer, or call up 1180, and the TIMES will be sent you regularly, Sunday included, for ten cents a week.

LYNN SPRINGS WOMAN WRITES OF HER SISTER

Truly Remarkable Story of What Wonderful Remedy Did for Her.

Mrs. Margie Granger, Silver Springs, Y. tells in the following letter to George H. May of the terrible sufferings of her sister who was troubled with how she recovered her health. She writes: "My sister went to a hospital at Buffalo. They called it intestinal trouble. She got relief for a time and then it came back. It would not let her have her health. She could not eat and her flesh dropped off. Since she took your medicine (May's Wonderful Remedy) she can eat anything and do work that she has been able to do in two years."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and eat what you like. No more distress or eating, pressure of gas in the stomach and around the heart. Get one of your druggists now and try it on an absolute guarantee—if not satisfied your money will be returned.

REPAVING PROGRAM PUT THROUGH

(Continued from Page One.)

not told who is to advance the funds. I think it is only right that all of us should know the facts."

Houghton on Finance
Mr. Houghton, who stated at last week's meeting that he wanted to be fully informed regarding the finances before he voted to adopt the repaving ordinance, sprung a surprise at this point by announcing: "It seems to me that the discussion is out of order. While I don't want to be discourteous to either of the Commissioners, I might state that the finances have nothing to do with the matter at this time."

"I think Mr. Morrison will bear me out that we should get estimates and find out the cost of the work before we go into the financial side of the matter. But the money will be secured all right, and not through any corporation. I hope we will give credit for brains enough to raise the money in the local banks and keep the city's credit in a shape."

In answer to a question by Mr. Houghton the information was given by City Engineer Atkinson that he thought the work of repaving the ten streets could be done for \$75,000, exclusive of \$1,500 which had been offered by Johnson & Johnson toward defraying the cost of George street between the Pennsylvania railroad and Hamilton street.

Commissioner Oliver had prepared a list from which he read to the effect that the present pavements had been laid for the number of years given next to each street in the following list:

Commercial avenue, between George and Sandford streets, 38 years.

Carroll Place, between George street and Livingston avenue, 18 years.

George street, between Commercial and Throop avenues, 38 years.

Bayard street, between George street and P. R. R., 38 years.

Elm Row, between Bayard and Paterson streets, 17 years.

Redmond street, between Livingston and Lee avenues, 26 years.

Union street, between Mine and Hamilton streets, 26 years.

George street, between the P. R. R. and Hamilton street, 19 years.

Spring street, between Albany and Church streets, 18 years.

Burnet street, between Commerce Square and Sonoman's Hill, 23 years.

It was stated by City Engineer Atkinson that his estimate of cost was based on the use of Warrentite, of a thickness of two inches, on seven of the ten streets, and either vitrified brick or asphalt on the other three streets.

Shuts Out Competition
This brought the remark from Mr. Morrison: "It is getting down to that patented pavement again. Pavements of that kind don't allow much chance of competitive bidding, and the city is put at the mercy of a single contractor."

The only answer to this was from Mr. Oliver to the effect that Johnson & Johnson's offer of \$1,500 on the repaving of George street, near their factory, was with the distinct understanding that vitrified brick be used there.

Mr. Houghton said the Commissioners went over the ten streets yesterday and that "all were in a horrible shape." He said the life of the present pavements had been worn out and there was no question that repaving was required.

The vote on the ordinance, as given, also prevailed on a resolution by Mr. Oliver for the adoption of plans and specifications for the repaving prepared by City Engineer Atkinson, and on a further resolution authorizing Mr. Oliver to advertise for bids for the repaving.

By the terms of the ordinance the cost of the repaving is to be paid by the city at large. It is stipulated that vitrified brick be laid on George street, between the P. R. R. and Hamilton street; on Spring street, between Albany and Church streets, and on Burnet street, between Commerce Square and Sonoman's Hill. On the other streets either vitrified brick, asphalt block or Warrentite may be used, but the statements at today's meeting make it plain that there is little likelihood of using asphalt block on any of the streets.

The New Paving Work
Mr. Oliver's resolution giving notice of intention to regulate, grade, pave and curb ten more streets, is to be given a hearing before the City Commission in their rooms at the county court house tomorrow evening, when objections thereto may be voiced.

The following streets are embraced in this resolution:

Washington street, from George to Neilson streets.

Hartwell street, from Hamilton street to Central avenue.

Hamilton street, from George street to the City line.

Commercial avenue, from Burnet to George streets.

Bishop street, from Burnet to George streets.

Baldwin street, from Livingston to Codwise avenues.

Remsen avenue, from Handy to Sandford streets.

Redmond street, from Lee to Remsen avenues.

French street, from Alexander street to the City line.

Sandford street, from Throop to Livingston avenues.

Gerard Asked to Report on Submarine Situation

WASHINGTON, July 18.—Persistent rumors which are circulating here to the effect that the German Government is planning to resume its submarine campaign against enemy merchantmen in an unrestricted manner have so alarmed the State Department officials that they have asked Ambassador Gerard at Berlin for a report.

The State Department made it plain that the German government has not been approached. Gerard has simply been asked to send any information he can get in regard to the source of rumors and the state of feeling in Germany in regard to a resumption of the submarine war.

NEW YACHT CLUB IS INCORPORATED IN THIS CITY

Papers of incorporation were filed at the county clerk's office this morning for the Middlesex Yacht Club, of this city. The Middlesex Yacht Club is the club known in the past as the New Brunswick Boat Club, with the house on the Conover property on the River Road, in Highland Park. The new club will temporarily use the home of the old club for meetings until arrangements now being made to obtain a location further down the river, are settled to the satisfaction of the membership.

Several very desirable locations are under consideration and it seems that New Brunswick will, by next summer, have another wide-awake yachting organization situated where the water is of a depth to accommodate boats of all ordinary draft. The present location of the club is not desirable because of the very shallow water at and above the club street bridge.

The new club starts with the majority of the owners of the larger power boats and yachts belonging in New Brunswick and new members with boats are joining at each meeting. The club has doubled its membership in the last three months and organization in this section.

The new club—incorporates with Lester A. Voorhees as commodore; Southard V. Frost, vice commodore; Richard D. Caldwell, fleet captain; Herbert J. Miller, treasurer; Irwin S. Kellogg, secretary.

The trustees elected for the first year are Andrew Conover, Carl Hoffman and Nathan N. Wolfe. The papers were drawn by Attorney Howard A. Reynolds.

James Johnson, of Sayreville, has gone to England, where he will spend some time with his grandfather there.

Mrs. Rudolph Reige, of Montclair, is the guest of town friends.

The condition of Joseph Dunn, the New York boy, who is at St. Peter's Hospital for treatment for a shark bite, continues to improve daily.

JUDGE LYON MAY QUIT BULL MOOSE

(Continued from page one.)

contended that Progressives should be satisfied with Hughes; they could not get their favorite, Roosevelt, so they should accept Hughes as the next best, so far as they were concerned, he contended. Mr. Lyon believes that the Progressive party has since its inception in 1912, done much to clean up the Republican party. He contends there has been a general cleansing process, with the result that old guard politics have been wiped aside to a large extent, the South has come improvement among conventional delegates.

It is the belief of Mr. Lyon that the nomination of Hughes was brought about largely in an indirect manner by the pressure which the Bull Moose party has brought to bear. He contends that if the matter of selection had been controlled by the so-called old guard and stand-patters, the nominee would have been Root or one of the other aspirants. With the Republicans in convention it appeared to be a case of choosing the lesser of two evils, so they selected Hughes, Mr. Lyon states. While it is true that the Progressives wanted Roosevelt, Hughes was their next best choice, and they should now support him, he contends.

As far as the Progressives are concerned now, Mr. Lyon states, they should work as an element and not as a party, should they wish to continue their good work. Although having in mind that a majority of the Progressives were Republicans, Mr. Lyon states the Bull Moose contingent as an element could go on with their progressive ideas and cleanse politically.

Local Men Against Endorsing
Local Progressive leaders declared today that they would stand by the action of the state committee in refusing to endorse Hughes. Both James A. Edgar and J. Brognard White declared that while they were not opposed to the support of Hughes by individual Progressives they do not believe that the party should endorse him.

Mr. Edgar said that the Progressive National Committee had exceeded his authority in endorsing Hughes when Roosevelt declined the Bull Moose nomination. He said that they had been empowered to fill vacancies but that they had failed to do so.

Mr. Wright declared that there would have been no objection to the nomination of Hughes by the National Committee. He could then have run on the Progressive ticket as well as on the Republican and the Progressives would not have been forced to abandon their principles. But when the committee merely endorsed Hughes, he said, it made it necessary for the Progressives, if they supported him, to support the Republican Party.

Neither would make a definite statement as to what the future course would be, but they indicated that they would stand by the action of the State Committee at Newark.

Mr. Edgar, in commenting on Newark, said that he would not support anyone who went only half way.

OWNERS OF HOLMDEL INN
DIE ON SAME DAY

Within three hours Mr. and Mrs. E. W. Perrine, of Holmdel, N. J., died early Sunday morning. Mrs. Perrine, forty-four years old, died at 1 o'clock of tumor on the brain. About 4 o'clock Mr. Perrine, fifty-five years old, was found dead in bed. Dr. Harry Neale, County Physician, said Mr. Perrine died from heart disease.

Mr. Perrine had conducted the Holmdel for twenty years. It was well known as a road house to New York motorists. Mr. Perrine leaves a large estate. His daughter, Mrs. William Gordon, of Philadelphia, a brother, William H. Perrine, of Newark, survive him. Mrs. Perrine leaves her parents, Mr. and Mrs. Pearson Bennett, of Woodbridge, and a brother and sister. She married Mr. Perrine three years ago. Their funerals will be held Wednesday afternoon.

Runaway Victims Are Both Reported Better

Mrs. Rose O'Connor, of South Amboy, who sustained a fractured skull when she was thrown out of a buggy on Saturday night by a runaway horse, was reported to be improving at the Perth Amboy City Hospital today, and it is now expected that she will recover. For a time it was feared that her injuries would result in death. John Kelly, who was injured at the same time, is also improving rapidly. His injuries were not serious.

PERSONALS

Samuel Mandel, of Schureman street, visited friends at South Amboy.

Mrs. William De Freest, of Schureman street, has returned from a visit with friends at Fairview, N. J.

William Swan, of Philadelphia, formerly of this city, spent the weekend with friends here.

Marion Tallman, of Schureman street, who has been a patient at St. Peter's Hospital, suffering from bruises caused by being struck by an automobile, has sufficiently recovered to be removed to her home.

Miss Mabel E. Bray, of Westfield, is spending the summer with town friends.

Linn Corey Morris, of this city, attended a picnic of the Morris family of the State of New Jersey at Cadwalader Park, Trenton, on Saturday afternoon, at which time the Morris family, one of the oldest in the State, effected a permanent organization to perpetuate the memory of their distinguished forefather.

James Johnson, of Sayreville, has gone to England, where he will spend some time with his grandfather there.

Mrs. Rudolph Reige, of Montclair, is the guest of town friends.

The condition of Joseph Dunn, the New York boy, who is at St. Peter's Hospital for treatment for a shark bite, continues to improve daily.

Mrs. Perrine leaves her parents, Mr. and Mrs. Pearson Bennett, of Woodbridge, and a brother and sister. She married Mr. Perrine three years ago. Their funerals will be held Wednesday afternoon.

DRIVER OF THE AUTO SHOULD DO SIGNALLING

The question of signalling is one that every motorist considers seriously because upon this will often depend whether a collision will result. But who should do the signalling? The driver only or those who may accompany him either in the front seat or the tonneau?

Let the driver do the signalling, is the advice of one authority on motoring.

This rule, if followed and enforced by all automobile owners and drivers, will simplify the driving conditions on all the highways, he declares. Numerous collisions have been caused by the mere thrusting of a hand into the air by a person who does not know the usual methods employed by the man at the wheel. The result has been in many cases that the automobile following has received a signal to go in one direction when the operator of the car ahead was preparing to turn in the opposite highway.

The sane motorist declares that this is the psychological moment to bring to the attention of the drivers in general the nuisance that arises through the frantic waving of arms or hands by persons who do not know the intentions of the driver, thus making the situation more difficult for the operator of their own automobile and of the cars following.

Practically every man who drives knows the simple rules or signalling or learns them speedily if he is a careful and painstaking operator. But many persons riding either in front or back at times forget that they are not driving and relegate to themselves the duty of giving signals. This is dangerous to themselves and a crying nuisance to the man who is driving the car behind.

There are three basic signals that all drivers must employ—for stopping, turning right and turning left. The drivers soon learn them, but there are scarcely half a dozen persons out of a thousand who ride in automobiles who know how and when to give these simple signals. And right there is where all the trouble arises. These signals are the same whether the automobile be the regular approved right side drive or the left side drive, and persons in the automobiles would do well to refrain from trying to give these signals themselves. They should be asked or told to let the driver do the signalling.

So many persons are ignorant of the simple rules that they frequently poke out their hands and indicate a right turn when the chauffeur is going to make a left turn, or they give erratic directions when the driver is going to halt. It is no uncommon sight to see three or four arms in the air all giving different signs. Any day in the crowded traffic of New York's Fifth avenue or on the highways one may see numerous hands or arms stuck suddenly out of the cars.

Some will indicate one direction and some will designate another, with the result that it is worse than if no signal had been given. It is impossible for the operator of the automobile behind to know which is the hand that is to be obeyed. The worst nuisance to the operators of the automobiles trailing is the hysterical thrusting of hands into the air or to the side, indicating a stop when the driver is merely easing up and no signal is needed.

Signalling by numerous persons, and persons ignorant of proper signals, is as useless as it is confusing. No matter whether the automobile be a right drive or left drive, the chauffeur of the car following can always see the hand of the chauffeur ahead, if he is a car length in the rear. The line of vision is perfectly clear even if the first car should happen to be a left drive limousine and the following car a right drive. The chauffeurs, drivers or owners are far more capable of giving correct signals than the persons in the tonneau.

Observance of the plea could not be put into effect at a better time than the present, just on the eve of the summer touring and the summer crowding to the seashore in the hot nights. By allowing the driver, who knows always which way he wants to go, to give the signals, more lives or very many dollars in smashing fenders, gasoline tanks, lamps or other parts of the rear of the automobile.

Senior Title Games Taken from Newark

The senior track and field meet will be held at Brooklyn instead of at Newark. The championship committee met last night at A. A. U. headquarters and reconsidered its decision to hold the senior title games at Newark. It accepted instead, the offer of the New York American to take over the holding of the games and conduct them free to the public. The games will be held at the Brooklyn athletic field on Saturday, August 26, which is the date originally scheduled.

MARRIED IN JERSEY CITY

L. H. Leonard of Jersey City, formerly of New Brunswick, was married on Sunday afternoon at St. Patrick's Cathedral, Jersey City to Mrs. Margaret Maun. The attendants were William Wilson of this city and Miss Elizabeth Dugan. Following the ceremony Mr. and Mrs. Leonard held a reception at their cozy home on West-avert street, Jersey City. Many guests were present from this city.

CAPTAIN BLACK MAKES STATEMENT

Clinton R. Black, Yale football captain has issued a statement denying reports that he advised members of the Yale squad not to enter military service, and to stick to the team. He says he does not entertain that sentiment, but feels the interests of the country are paramount.

"Rudy" Propst Has Been Selected for Coach at Rutgers Prep

As forecasted in the Home News, Rudolph W. Propst, former All-American tackle of the Syracuse University eleven, has been selected for the position of coach and director of athletics at Rutgers Prep. School, and will assume the new post in September, when he will take charge of the football squad.

Announcement has been made by Headmaster W. P. Kelly that Propst will fill the position vacated by Clifford E. Goes, also a Syracuse man, who is now connected with the Goodrich Tire Company at Akron, Pa. The appointment was made on the recommendation of Mr. Goes, who is a close friend of the new coach.

Propst had a splendid record at Syracuse, both as a student and an athlete. He won his letter in football and crew, and the block letter in track and basketball. Having played in all branches of intercollegiate sports, he is especially well qualified to take the position of athletic director at the fast growing school. His football career brought him the most fame, and in 1913 was selected by Walter Camp as an All-American tackle. He captained the Syracuse eleven that year. Standing six feet in height he is a powerfully built man and weighs close to 200 pounds.

He also rowed on Syracuse's championship crew. He's a hustler and is clean-cut and impresses one as a man to handle boys and teach them to play a clean, hard game.

Every one at Syracuse from Chancellor Day down recommended him as the right man for the position in every respect.

His home is in Archbald, Pa., and since graduation he has been one of the valued assistant coaches at Syracuse. In addition to coaching duties, "Rudy," as he is known, will also be the teacher of science at Prep. He was an apt student and completed a four years' course at Syracuse in three years.

Why Not?

A suggestion has been advanced to the Home News that a course in football instruction should be inaugurated at the Rutgers Summer Session, an innovation that has been established at the summer sessions at Penn State, Harvard and the University of Illinois. With George Foster Sanford in charge, such a course would undoubtedly prove popular to football coaches throughout the country. There is no better man fitted for just such a position than G. F. S., and many would welcome the opportunity to study under this master of football. But it may be forgotten that Mr. Sanford is strongly opposed to football coaching as a profession, and a summer course such as has been suggested, would be most beneficial to those who wish to take up professional coaching. Mr. Sanford has gone on record as opposing professionalism in coaching, and the idea of a summer course would likely not be to his liking.

The idea has been very successful at Harvard. The first week's course concluded Saturday, when Prof. Howard R. Ritter put his thirty scholars through a stiff lesson of tackling the dummy. The class has football men from all over the country, and before its conclusion, Percy Haughton, the Harvard coach, is expected to give a lecture. Football

Milkown

New Building Loan to Be Organized This Evening

MILKTOWN, July 18.—The organization meeting of a new Building & Loan Association to be known as the Citizens' Building and Loan Association, will be held at the Post Office Building this evening at eight o'clock. Officers will be elected.

Other Town Topics.

To-morrow afternoon and evening the annual picnic of the German Reformed Sunday school will be held at Parsons' Grove, Milktown.

Officers of Rescue Council, No. 4, O. U. A. M., were installed last evening by District Deputy J. H. Junker, as follows:

Councilor, Charles Fahrenholz; vice councilor, Herbert Root; instructor, Theodore Snedeker; examiner, Howard Reeves; inside protector, Ralph Reeves; outside protector, Jas. A. Se-lover; recording secretary, A. L. Lins; assistant recording secretary, Charles Wolf; financial secretary, Harold J. Schlosser; treasurer, Chas. Sevenhair; trustee, Robert Patterson. Henry Hartlander has just completed his term of office as councilor, and will be presented with a year's councilor's jewel. After the installation ceremony the first degree was conferred upon Fred Hermann. Mr. Hermann will receive his second at next Monday's meeting.

Prayer service will be held at the Methodist Church this evening. Rev. Barny, of the German Reformed Church, will read from the Scriptures and comment on the same.

E. F. Sayre is offering a reward for the return of his brindle bull dog.

Screens have been placed in the windows of the Red House Lodge room, which has greatly improved the conditions of the chamber.

Miss Maude Weimer, of Pottstown, Pa., was a recent visitor with friends in the borough.

Mr. and Mrs. Martin Wagner, of New York City, were Sunday visitors at the home of Mr. and Mrs. Conrad Wagner.

Thomas Perkins, of Spotswood, and Miss Marguerite Clark, of Dunham's Corner, were entertained at the home of Mr. and Mrs. Jos. Applegate, of Richter avenue, the week-end.

DUCK FIN BOWLERS FINISH TONIGHT

The Hopkins two man duck pin tournament will be finished tonight, and the first place rests on the results of the matches to be rolled by Smith and Van Deuren and Adams and Brannigan. The latter team is but one game behind Smith and Van Deuren, the leaders.

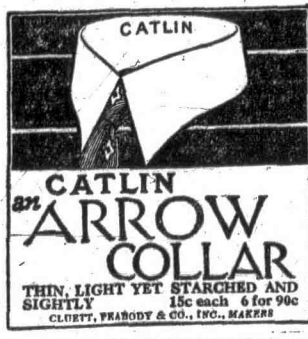

officials are expected to drop in during the final week, when knotty problems will be thrashed out. Among the students are Jim Baldwin, coach at Rhode Island State; Alfred Broadbeck, coach at Univ. of Cincinnati; and T. C. Hudson, former star fullback at Trinity.

At the Univ. of Illinois, similar instruction is given. Last year there were 195 registrations, and the number this year exceeds that. They are being tutored by the Illinois coaching staff. The school for coaches is a regular part of the annual summer session and its presence on the curriculum demonstrates that the old days when the professional coach was looked on with disfavour by faculties have passed, in the opinion of Director Huff, who originated the school. Coaches Zupke, Jones and Gill are his assistants. Huff reports that there is a constant and increasing demand for competent men to direct athletics and to coach and that the state university is often asked to recommend men capable of filling these positions.

Herbert Vollmer, the Columbia swimming marvel will attempt to make a new record in the 500 meter race swim in the New York A. C. pool tonight. Vollmer failed in his attempt for a new mark at this distance in the Rutgers pool last winter. Zimmoch and Teddy Cann will be his opponents tonight.

L. INGELBRAND MAY RESIGN

It is reported that Lenny Ingelbrand, the third baseman and captain of the Johnson-Neverslip team will resign the captaincy. He declared he would take this action after the defeat by Union last Saturday, but his teammates are trying to get him to stick.

VOLLMER AFTER NEW RECORD

Herbert Vollmer, the Columbia swimming marvel will attempt to make a new record in the 500 meter race swim in the New York A. C. pool tonight. Vollmer failed in his attempt for a new mark at this distance in the Rutgers pool last winter. Zimmoch and Teddy Cann will be his opponents tonight.

L. INGELBRAND MAY RESIGN

It is reported that Lenny Ingelbrand, the third baseman and captain of the Johnson-Neverslip team will resign the captaincy. He declared he would take this action after the defeat by Union last Saturday, but his teammates are trying to get him to stick.

Thirteen Events Are On Michelin's Labor Day Meet Program

The program of events, thirteen in all, was arranged at the first meeting of the committee in charge of the Michelin A. A. Labor Day meet, held at the club house in Milltown last night. Of this number three events will be open to Middlesex county residents only—the one mile run, the 100 yard handicap and the 440 yard handicap. In addition the popular five mile road race is also on the program, which always attracts many of the local athletes. In these four events, the athletes of Middlesex county will have plenty of opportunity to show their ability.

The open events were arranged with care in order that some of the best of the Western athletes may contest. A new event for Michelin meet is the 120 yard high hurdles, and the committee will endeavor to get some of the great western hurdlers. The complete list of events follows:

100 yard dash handicap, open to Middlesex county only.
440 yard run handicap, open to Middlesex county only.
One mile run, open to Middlesex county only.

Five mile road, open handicap.
100 yard dash, handicap.
1,000 yard run, handicap.
300 yard run, handicap.
One mile run, handicap.
One mile walk, handicap.
120 yard high hurdles.
Pole vault, handicap.
Running high jump, handicap.
One mile relay, handicap.
A solid gold watch will be first prize in each event with the exception of the five mile road and the relay. Gold fountain pens and gold penknives will be second and third prizes respectively. In the road race loving cups will be first prizes, while cuff links and stick pins will be the prizes in the relay. Costly sets of prizes have been offered in each event.

Henry C. Young, president of the Michelin Association was made chairman of the committee, with C. V. L. Booraem secretary and Charles Grabel, treasurer. Chairman Young appointed the following sub-committees:

Prizes—T. P. Lyons, J. Grabel, George Grabel, W. R. Evans, and John P. Wall.
Publicity—Harold E. O'Neill, Lester C. Stevens, W. C. Kuhlthau, H. R. B. Meyers, and C. V. L. Booraem.
Entertainment—A. L. P. Kuhlthau, James Clelland (John Dorn, C. N. Kuhlthau, and H. R. Meyers.

Deinzer Is Doing Iron Man Job

"Jake" Deinzer is attempting to prove himself the iron-man. That may be all right now, but looking to the future, Deinzer is taking a radically wrong step. His movements are being closely watched and it has found that he is pitching double-headers over the week-ends.

No matter how strong physically a man may be, he can't hold up pitching double-headers. Deinzer has the makings of a star hurler. Pitching two games within a very few hours, he has the makings of a failure.

To date, he has taken his place on the mound in twenty one games. He has captured nineteen and has lost two. He has pitched for Rutgers Prep, Knights of St. Peter and Simplex. His opponents in most cases were exceptionally strong and he had to use every ounce of strength to win.

It was only last week that Deinzer pitched two games. On Saturday he pitched a hard game against Michelin. He allowed the Tiretowers down with eight hits, but, nevertheless he had to pitch hard. It was more than surprising to learn that on Sunday, he again pitched and this time he was pitted against Warry McLoughlin, a veteran of many years.

Deinzer is only a youth. He hasn't grown to his full strength. And what is more he has much to learn about the game.

ANOTHER MANAGER RESIGNS.

HELMETTA, July 18.—James Petrie has decided that he has had enough honor in managing a baseball team and after the schedule he has arranged is played, he will resign the post of honor in favor of another local "angel" if one can be found. He will play the Jamesburg and freehold games as scheduled.

FACTORY LEAGUE GAMES

The following games are scheduled for the week-end in the factory league:

Simplex vs. India Rubber at New Brunswick.
Union vs. DuPont at Gillespie.
Nixon vs. Johnson-Neverslip at Millville.
Michelin will have a vacation Saturday.

Begin to patch up thine old body for Heaven.—Henry IV.

BROOKLYN IS NOW AFTER CHARLES HERZOG

CHICAGO, July 18.—C. H. Ebbets, owner of the Brooklyn National League Club is planning to go to Cincinnati to try to put through a deal whereby Charlie Herzog, present manager of the Reds, will become a Dodger.

It is understood that the proposed deal between the Giants and the Reds, whereby Christy Mathewson will go to the Reds as manager, has struck a snag.

It was reported here that the deal was gummed because, Ebbets had made a big cash offer for Herzog. Ebbets said he understood that the Giants-Reds deal was at a standstill because the Giants insisted on the right to call Mathewson at the end of the 1917 season if they so desired.

CINCINNATI, July 18.—President Herman of the Reds said today that an unexpected hitch had developed in the deal. "There are several points we can't agree on," said Hermann, but refused to give out any further information.

BOUND BROOK NOW HAS NEW SPORT CENTER

BOUND BROOK, July 18.—Mayor J. T. Robinson and Senator W. W. Smalley were the prominent figures at the ceremonies in connection with the opening of George Effinger's new bowling alleys Saturday night. The Mayor rolled the first ball, and to make it auspicious made a strike—clean and clear.

Hundreds of lovers of the indoor sport were on hand to give their well wishes to Proprietor George and shake hands with the borough's chief executive and the county's representative in the upper house of the Legislature.

Out-of-town sports, as well as the local boys, were positive in their statements that the local alleys are of the top notch variety and will attract bowlers from all parts of the State.

Mr. Effinger has just completed improvements to his place, which ranks the local sporting goods house as the equal, if not superior, of any establishment in the State.

Ten of the most modern billiard and pocket billiard tables occupy one corner of the building. The opposite side is taken up by the bowling alleys and the front is occupied by the cigar stands, rifles, revolvers, baseball and fishing paraphernalia.

It has been the boast of Somerset county fishermen for many years that people of this vicinity did not have to go farther than George Effinger's to get any and all kinds of fishing material.

The patrons of the place who were present Saturday night gave Effinger a rousing cheer. He was congratulated for the confidence he is manifesting in the borough by his huge investment in the sporting establishment.

FOR HIGH CLASS LAUNDRY WORK

Ring up 1493 and have the wagon call for your package. Laundering in all its branches. Shirts, collars, lace curtains, blankets, hotel work, restaurants, boarding houses and family work by the pound. AN ORDINANCE.

AN ORDINANCE TO ESTABLISH, EQUIP AND REGULATE A POLICE DEPARTMENT, IN THE BOROUGH OF SOUTH RIVER, TO ADOPT RULES FOR ITS GOVERNMENT AND FIX AND ENFORCE PENALTIES FOR THE VIOLATION OF SAID RULES.

BE IT ORDAINED by the Council of the Borough of South River:

Section I. That a Police Department and the same is hereby established in the BOROUGH OF SOUTH RIVER under the name of "Police Department of the Borough of South River."

Sec. II. Said Department shall consist of as many policemen or patrolmen as shall be authorized by the Borough Council from time to time,

mand of such writ shall be liable a penalty of twenty-five dollars, to be sued for in the corporate name of the Borough in any court of complete jurisdiction, and the penalty, when collected, shall be paid into the treasury of the Borough.

Sec X. The Borough Council shall from time to time adopt rules and regulations for the government of the Department and the members thereof as may in their judgment be needed for the proper efficiency of said Department and the enforcement of the ordinances of the Borough and the laws of the State and of the United States, and to fix and enforce penalties for the violation of such rules and regulations, and the members of said department shall be subject to such rules, regulations and penalties as the said Borough Council may from time to time adopt.

Sec. XI. Every member of the Police Department appointed as aforesaid shall be a Marshal of the Borough, and shall have all the powers

shall not receive from the Borough any compensation as such Borough marshal in addition to the compensation or salaries paid them as such

The number of members of the Police Department to be appointed upon the adoption of this ordinance shall not exceed seven, but the number of members of said Police Department may hereafter be increased from time to time by resolution of the Borough Council introduced at a regular meeting of the Council and adopted at a regular meeting subsequent to the regular meeting at which it had been introduced.

Sec. III. Said Police Department shall conduct the immediate charge and control of the Police Force under the direction of the Mayor and Police Committee of the Borough Council; subject, however, to the ultimate control of the Borough Council.

Members of the Police Department hereinafter fixed.

Sec. XII. Before entering upon the duties of their office and within three days after their appointment, as members of the Police Department of the Borough of South Plainfield, New Jersey, each member thereof shall faithfully and impartially discharge the duties of the office of a member of the Police Department and also take and subscribe an oath or affirmation partially to discharge the duties of the office of a Fire Marshal, and shall file such oath or affirmation with the Borough Clerk, and upon failure to do so the office shall be deemed vacant.

the chief executive of the Police Department, but shall obey, and shall cause the members of the Police Department under him to obey the rules and regulations of the Department.

Sec. V. The Mayor shall nominate and, with the advice and consent of the Council, shall appoint all members of the Police Department.

Sec. VI. The members of the Police Department shall receive a salary of Eight Hundred Dollars per year for each year of service dating from the time of appointment, with an increase of Fifty Dollars per year for each year of service thereafter until such salary or compensation shall reach the sum of Twelve Hundred Dollars per annum.

Sec. XV. Each member of the Police Department shall devote his whole time to the service of the City of New York.

respective offices as municipal officers during good behavior, efficiency and residence in the Borough, and no person shall be removed from office in the Borough except for cause.

Police Department for political reasons, or for any other cause than incapacity, mis-conduct, non-residence or disobedience of just rules and regulations established or which may be established for the Police Department of the Borough; provided, that any member of the Police Department of the Borough shall be absent from duty without just cause for the term of five days-shall, at the expiration of said five days, cease to be a member of such Police Department.

Sec. VII. Each member of the Police Department shall be immediately on notice that their services are required.

Sec. XVI. The Mayor, under duty to see that the laws of the State and the ordinances of the Borough are faithfully executed, to maintain peace and good order, and to suppress all riots and tumultuous assemblies, shall have the authority to appoint special and temporary officers in time to time whenever the necessity in his judgment for so doing arises, and such special and temporary officers shall enjoy the same powers and

States and a resident citizen for two years of the Borough, able to read and write the English language understandingly, and he must be of good reputation and of sufficient qualifications as to age and residence to have the same powers, duties and obligations as the regular members of the Police Department, and shall

Sec. VIII. No person shall be appointed an officer or member of the Police Department in the Borough who is less than twenty-five years or over thirty-five years of age at the time of his appointment, provided, however that

Sec. IX. No member of the Police

Department shall be removed from office, except for just cause, then only for written charge or charges of just cause or causes. Complaints shall be preferred against any such officer, signed by the person or persons making such charge or charges, and filed with the Borough Clerk, and the said charges shall be examined and been publicly examined into by the

notice to the person charged, it being the intent of this Ordinance to give every person against whom charges for any cause may be preferred under

NOTIFICATION OF WILSON TO BE A STAR HAPPENING

(Continued From Page One.)

President Wilson will accept in an address that will be the keynote of the campaign. Advice from Washington state that the President is now preparing his acceptance speech and is giving unusual care to it. Its delivery is being awaited with great interest because of the expectation that the President will utter significant statements with reference to the European and Mexican situations, as well as on the live issues local to this country.

The suggestion that Jersey men should be in charge of the exercises at Shadow Lawn came from the Democratic National Committee through Mr. Hudspeeth. He communicated with State Chairman Groscup regarding the wishes of the National Committee, and it was decided to comply therewith. Chairman Groscup has called a meeting of the State Committee for next Saturday at Spring Lake, at which the committee on arrangements will be selected and the chairman designated. This committee will get together next week and complete the arrangements for the ceremony.

State Chairman Groscup's dinner to the members of the State Committee will be given at Simonson's Hotel, Spring Lake, next Saturday at noon. In connection with the dinner and the State Committee meeting, there will be an important campaign conference. It will be the most important meeting of the State Committee since the last campaign. The plans for this campaign will be taken up and discussed and the details laid for what the members of the State Committee say will be the most aggressive fight the party has ever waged in New Jersey.

Besides the members of the State Committee at the dinner and conference, State Chairman Groscup will have as his guests several prominent Democratic leaders. The list will include Governor Fielder, Naval Officer H. Otto Wittmann, of Jersey City, candidate for Governor; Joseph P. Tumulty, secretary to the President; National Committeeman Robert S. Hudspeeth; Henry Morganthau, treasurer of the National Committee and former Ambassador to Turkey; Secretary of the Treasury William G. McAdoo; and Vance McCormack, chairman of the National Committee.

Troopers Honor Colonel.

Colonel Foreman of an Illinois regiment was the recipient of a mark of appreciation from his troopers. The first sergeant of the troop presented him with a testimonial signed by every soldier of the first section. It read:

"Realizing that we have been given exceptional accommodations on our journey and knowing that it is to you chiefly that we owe the comforts of this trip, we, the enlisted men of the first section of the First Illinois cavalry, desire to express to you, our colonel, our most sincere appreciation of your efforts in our behalf."

Didn't Eat the Chocolate.

Josephus Jackson, the porter in charge of the line officers' car on a New York train, has a powerful respect for "army chocolate." The kind they have been eating day after day, his passengers have told him, is treated to make them fight.

Lieutenant George B. Hall of Company B offered a piece of the chocolate to Josephus. The porter reached out his hand, then thought of the terrible possibilities should he yield to the influence of the fighting drug and join in the impending engagement at Brownsville.

"No, sah; no, sah," he cried. "Ah don't want to get mean 'er now."

CALIFORNIA MAN ROBBED BUT WON BRIDE

LIVE OAK, July 18.—Starting out from Seattle, bent on an automobile trip that would include Yosemite Valley, Harold Fitzgerald, a lumber dealer, has met in four weeks' travel some thrilling adventures.

Fitzgerald began his trip alone, but he is taking on passengers and may be overruled before he is ready to take on a partner.

When near Akima, Wash., he was held up by two highwaymen and relieved of a rifle and \$40. The road agents got into the car and rode sixty miles, thanking him for his courtesy and sportsmanlike spirit as they left to strike off into the hills.

A few miles out from Salem Fitzgerald came upon an automobile going north. In the party was a young woman, Miss Jeannette Darrer, driver of the car. It was a case of love at first sight. Fitzgerald discovered that it was necessary for him to return as far as Salem. It was a whirlwind courtship that in four days ended in Miss Darrer becoming Mrs. Fitzgerald. Father and mother continued north, bride and bridegroom coming south.

While crossing the Slaklyou range the Fitzgeralds came upon an old mountaineer and his our-year-old granddaughter. The man told a story of how the child's mother had died and he was leaving for the county seat to place the little one in an orphan's home.

The beauty of the child and the pathetic story appealed to the newly wedded couple. The next day little Mabel Hines was riding in the big automobile. She had found a new father and mother.

Board of Commerce and Navigation Re-elects Its Officers; Riparian Grants

TRENTON, July 18.—Besides re-electing J. Spencer Smith, of Tenafly, Bergen county, president, and Richard C. Jenkinson, of Newark, vice president, for the ensuing year, the State Board of Commerce and Navigation, at its meeting yesterday afternoon, considered applications for several important riparian grants.

One of the riparian grants involved the plan of Jersey City to develop its water front along the Hackensack river. This came before the board upon the application of Jersey City for a grant to it of the riparian rights of five tracts of land along the Hackensack river, in front of uplands owned by the estate of the late Judge James B. Vredenburg; R. Louise Flaack, George F. Gantz; New York Transit Company or Standard Oil Company of New Jersey, and the estate of L. I. Vander Beek. The City of Jersey City not being the upland owner, it has not the first claim upon the riparian rights. The board decided to notify the upland owners that they may have six months, dating from yesterday, in which to acquire the riparian rights and plan for the water front development, and if they do not take the grants within that time, they will be granted to the city.

The question arose as to whether the Central Railroad Company of New Jersey is wrongfully occupying riparian lands at Caven Point under a grant of 1874. The land involved is 90 acres, valued at \$450,000. It is claimed that the company occupies the land through an unwarranted drawing of the lines under the grant. If this be upheld, this valuable property will revert to the State. The board ordered the matter referred to the attorney general and will itself also conduct an examination.

The board granted a valuable riparian right on Petty's Island, in the Delaware river, opposite Philadelphia, to the William Cramp & Sons Ship and Engine Building Company. It is understood that the Cramp company is to extend its huge shipbuilding plant by establishing a branch on the island.

The West Jersey & Seashore Railroad Company obtained a grant of riparian lands on Grassy Sound, Cape May county, for the purpose of improving its line there.

Pass Tests for Motor Vehicle Inspector

TRENTON, July 18.—The list of those who passed the recent tests for motor vehicle inspector has just been announced by the State Civil Service Commission. The examinations covered six of the Motor Vehicle Department districts, and in each case the three candidates with the highest standing will be certified, and from these, Motor Vehicle Commissioner Dill will make his appointments. Those who will be certified, with their ratings, are as follows:

- Seventh District, Middlesex county—Robert L. Eaton, Linden, 89.25; Joseph E. Stevenson, Trenton, 80.81; Courtlandt E. Parker, Trenton, 76.42.
- Eleventh District, Camden county—George L. Heck, West Collingswood, 79.04; Gilbert A. Jones, Camden, 78.6; Leroy Lanning, Burlington, 75.99.
- Thirteenth District, Atlantic county—Joseph E. Stevenson, Trenton, 81.58; Henry Kuehne, Jr., Atlantic City, 76.20; George L. Heck, Collingswood, 76.11.
- Fourteenth District, Ocean county—Frank F. Palmer, Trenton, 78.94; Thomas B. Reid, Point Pleasant, 76.33; William M. J. Wood, Trenton, 74.34.
- Sixteenth District, Hunterdon county—Rufus B. Mathews, Rosemont, 80.18; Harold B. Wintermute, Newton, 74.91; Harry P. Downs, Madison, 74.6.
- Seventeenth District, Somerset county—Robert L. Eaton, Linden, 88.71; Alexander J. Dinneen, Princeton, 78.70; Frank E. Snyder, Newark, 78.22.

IN CHANCERY OF NEW JERSEY.

To Max Kigler and Gittel Kigler: By virtue of an order of the Court of Chancery of New Jersey, made on the seventeenth day of June, 1916, in a cause wherein Nathan Weltzman and Max D. Weltzman are complainants, and you are defendants, you are required to appear, plead, answer or demur to the bill of said complainants on or before the eighteenth day of August next, or that in default thereof such decree will be made against you as the Chancellor shall think equitable and just.

The said bill is filed in order to show that a certain bond and mortgage made by Samuel Weltzman and Sarah Weltzman his wife, to you, Max Kigler and Gittel Kigler, dated July 22, 1914, to secure the payment of the sum of \$3,566.63—said mortgage covering lands in the Township of East Brunswick, in the County of Middlesex and State of New Jersey, and recorded in the Middlesex County Clerk's Office in Book 280 of Mortgages on pages 354, etc., have been fully paid and satisfaction obtained and an order from said Court for the cancellation of said bond and the cancellation and discharge of record of said mortgage.

The complainants in said bill allege that the said bond and mortgage have been fully paid and satisfied, and you are defendants in this suit because you are the holders of said bond and mortgage and decline to cancel the said bond and decline to cancel and discharge the said mortgage of record.

Dated June 27, 1916.
