Avery, of South St. Miris, this month, but before the appointed day arrived Mr. Avery was obliged to undergo an operation for strabismus at a hospital at Newark Falls and as his condition was serious the marriage ceremony was postponed until after the operation, and he left for Newark on the morning of the following day, October 3.

BOARD OF HEALTH.
At a meeting of the board of health held Wednesday, October 4, the following resolutions were adopted: That the spitting on the sidewalks or upon the floors of any public building or in any public conveyance is a nuisance liable to a fine of \$2 for first offense and \$5 for each succeeding offense.

TIMELY WORDS.
Before his sermon by the Methodist church on last Sunday morning, Rev. Mr. Simpson took occasion to express his serious regret at the flagrant violation of the sanctity of the Sabbath, then going on in preparation for the fire department on the following Tuesday. He said that the fire department had no better friend than himself, and it deserved great credit for its valuable services. But coming holiday season might not be to the detriment by the public work of desecration then going on while the people were at church. Somebody is responsible. The town authorities should immediately make an ordinance to prevent its recurrence. In behalf of the children, many of whom were at the very time looking on as the workers' climbed their ladders to place the flags. He said we must have a higher sentiment in regard to these things if we expect good families to come here to live and rear their children. All needless Sunday secular employments must be ended or the time may come when unrighteous employers would require men to work on Sunday, as on other days.

CHURCH CHIMES.

SHERKINAH.
By Frederic Lawrence Knowles.
Ark that rode the Deluge wave
Found on Ararat her grave,
All her stalwart gonim-wood
Rotted in that solitude:
Ark that held the holy things,
Shattered by the golden wings,
Fallen to dust, is blown
Round the hills-where once it shone.
Yet the Covenant is true,
God hath kept His oath with you;
In the humbled heart, behold
Something costlier than gold—
Hark! within that quivering shrine
Broods the Immanent Divine.
—Love Triumphant.

FIREMEN'S DAY.
Everything was favorable on Tuesday and our firemen had high expectations full met, for their long-looked-for parade. The Eagles had their record of several years ago as managers and hosts, and the parade was one of which they may well be proud. The committee attended to their duties, the marshal and his aides were well up and the visiting companies with their bands of music all contributed to the beauty of the line and the success of the day.
There were twelve organizations in line, containing about six hundred men.
All along the march the business houses and the private residences were gaily decorated, and the firemen received an enthusiastic welcome. A majority of the companies to Newark and New York took a day off to take part in the festival. The parade was crowded. A feature of the afternoon was the concert given by Knoll's band.
The parade formed on Main street, the march route was Station place and Hillside avenue. The line formed on Main street to Middlesex avenue, to Grove street, counter-march to Rector street, to Hillside avenue, to New street, to Holly street, to Middlesex avenue, to Hillside avenue, to Perth Amboy, to Kempton place, to Amboy avenue, to Le Grande avenue, to Lake street, to Spring street, to Graham avenue, to High street, to Tloaas street, to Brunswick avenue, to Main street and dismarch.
The formation of the parade was as follows:
Marshal Richard H. Wilson and Aides. Invited Guests in Carriages.
Chief A. G. Smith and Aides, Chiefs and Ex-Chiefs of Visiting Companies.
Liberty Bell, British Engine and Hose Company No. 1 of New Brunswick.
Woodbridge Drum Corps.
Woodbridge Fire Companies.
Bullockwellier's Band.
Protection Hook and Ladder Company, of Perth Amboy.
Union Band.
Highland Park Hose Company.
Sayreville Fire and Drum Corps.
Washington Hose and Chemical Company, of Perth Amboy.
Knoll's Band.
Eagle Hook and Ladder Company.
After the parade the firemen went to Robbins hall where a banquet was held, and addresses were delivered by the different firemen. The committee in charge of the banquet was Nathan Robbins, chairman; D. L. Flower, secretary; W. A. Smith, treasurer; H. D. Oliver, H. T. Burbank, John Lehlein, Edward Busch, R. H. Willmont.
The Eagle Hook and Ladder company, under the auspices of which the parade and whole program was carried out, is among the oldest fire-fighting organizations in the state. The first home of the company was a little building near the Presbyterian church, and its first truck was built in this borough in May, 1832. The company was placed on a firm basis by reorganization, and it was incorporated in 1883. Then it moved its home to the present location on Main street.

NOTES.
New Brunswick sent about three hundred people to see the parade.
The company from Woodbridge made a fine appearance.
One hundred fifty hundred guests at the table in Robbins hall.
The concert on the lawn and the tests of speed and power added interest to the day.
A hot box interfered with the march of the British Engine company.
The Eagles were congratulated on the success of the day.

NOTES FROM NEARBY VILLAGES

THE WEEKLY CYCLES OF THE SUBURBAN RECORDEER.
PROF. G. H. LINSLEY.
The Jersey City Journal of Saturday last has an extended and interesting account of the farewell given to Principal Linsley at School No. 1 in that city after his fifty-seven years of service in the same school.
It was an affecting farewell and when the gray-haired old man, still erect and vigorous in spite of his eighty-four years, brought his address to an abrupt close, choked with emotion, there was scarcely a dry eye in the place.
Men prominent in the business life of this city and New York who went to "Old No. 1" and who were often called by Principal Linsley, but who had for all that, broken down and cried when the time came for saying good-bye. Little girls and boys of the present No. 1 school who knew Mr. Linsley but a few years ago, too, as they realized that their principal was about to leave the school never again to enter it as its head.
Principal Linsley's retirement dates from October 1, but yesterday was the last day of school and so the members of the board of education, the principals, vice-principals and a number of other "Linsley's boys" arranged for the ceremony yesterday afternoon. It was held in the large assembly room, beginning at 2 o'clock and all the school children were brought up from their class rooms to participate in the exercises.
After the school children rendered a song entitled "Just Like a Flower in Springtime," there came one of the pleasantest features of the ceremonies, when Principal Jolin of No. 12 school, on behalf of the school principals, presented Mr. Linsley with a handsome, gold-mounted case bearing the inscription "Presented to George H. Linsley, October 1, 1906, by the male principals of Jersey City."
In presenting this token Mr. Jolin said in time to come Mr. Linsley would grow old and less active and that he would need a "third leg." As he handed the case to Mr. Linsley the veteran pedagogue hobbled across the platform, just to let his friends see how he would look when he grew old, and everybody laughed.
Presentations being in order, Superintendent Snyder then, in behalf of the teachers of No. 1 school, presented Mr. Linsley with a set of resolutions, handsomely engrossed and bound in seal leather with the monogram "G. H. L." in solid silver and less active and that he would need a "third leg." As he handed the case to Mr. Linsley the veteran pedagogue hobbled across the platform, just to let his friends see how he would look when he grew old, and everybody laughed.
