## *Dedication*

*Hot flames reached into the sky.  
The tired building, old,  
Spit forth its core.  
Smoke consumed the routine  
That, broken by an outside force,  
Gave birth to awareness.*

*Three years are burning.  
Look! Crumbled stairways,  
Charred wood,  
Blistered bricks,  
Warped walls,  
Buckled floors.  
Yes, a big fire.*

*Three years are burning within us.  
A little fire, but big enough to,  
To what?  
Big enough to light the  
Path of Ignorance,  
To see the roads of  
Truth, Knowledge, Maturity.*

*Watch out! Don't let the inner fire die.  
Remember where it was born,  
Keep it alive as a tribute to three years.*

### NEIGHBORS SEND HELP

Flames and smoke roar through the upper floors of the Metuchen High School at the height of what Mayor Karl Metzger called "the worst fire in the history of the borough." Damage has been placed at \$500,000 with the replacement cost set at \$2 million. The building, started in 1905, had 38 rooms. Only 15 were left usable after the fire.

### "BOROUGH'S WORST FIRE"

The roof of the Metuchen High School is shown in flames as firemen arrive at the scene start pouring streams of water on the burning building. Fire companies from this city, Edison, New Brunswick and Highland Park joined in the battle before the blaze was extinguished. Metuchen Fire Chief Walter Du Dasko credited an aerial ladder truck from the Perth Amboy department with turning the flames back from the remainder of the old three-story brick structure.

Thomas Wolfe wrote this about one of his high school teachers: "Mrs. Roberts succeeded in getting under my skull with an appreciation of what is fine and altogether worthwhile in literature."

In a larger sense, I hope you can say: "Metuchen High School succeeded in getting under my skull with an appreciation of what is fine and altogether worthwhile in life."

What does one say when departure becomes inevitable?

A high school principal annually graduates seniors into what he hopes will be worthwhile experiences and hopes further that most will more than amply repay society's faith. Alas, this he cannot promise!

May I therefore, on this your commencement, simply presume that you are now able to stand on your own two feet and live the good life? May I presume also that you know the difference between right and wrong, that you will act only from the best of motives?

To that end, my best to each of you as you make to prove your point.

Sincerely,  
Paul W. Schmidtchen  
Principal

Sing the praise of old Metuchen High  
Alma Mater, tried and true;  
Emblem of our hopes, our fondest dreams,  
To these we pledge our love anew.  
Blue and White where honor leads the way.  
The foe shall ne'er thy fame deny,  
Loyal hearts forever to thy name shall sing  
Alma Mater, old Metuchen High.

Days of dreaming, days of work and play,  
Days of youth, of flowers in May;  
Cherished hopes may fade nor dreams come true,  
But memories of youth are gay.  
Strive we shall to win where honor calls,  
Nor let vain hopes our faith impair,  
Alma Mater, loyal hearts shall praise for aye,  
Old Metuchen, fairest of the fair.

Words and Music by Carl Galloway

This year the Student Council concentrated on three key projects: The revision of the M.H.S. Constitution, the consideration of a student activity card, and the continuation of P.T.A.-Student Council dances.

After two dances had been held, the Teen Canteen in Metuchen was established which alleviated the need for further dances.

The constitution committee, headed by Katherine Neely, completed the constitution for the new school and secured council approval. The constitution is slated to be voted upon in referendum by the entire student body in May. (Blue Letter publication deadline preceded election results.)

After considerable research, Larry Hutson's committee has set up a tentative program for the use of student activity cards in the new school.

This year's football team was considered by many as one of the best teams in Metuchen's history. When Coach George Conti and his crew took over in September, he found a well-conditioned squad of boys who had been working out on their own.

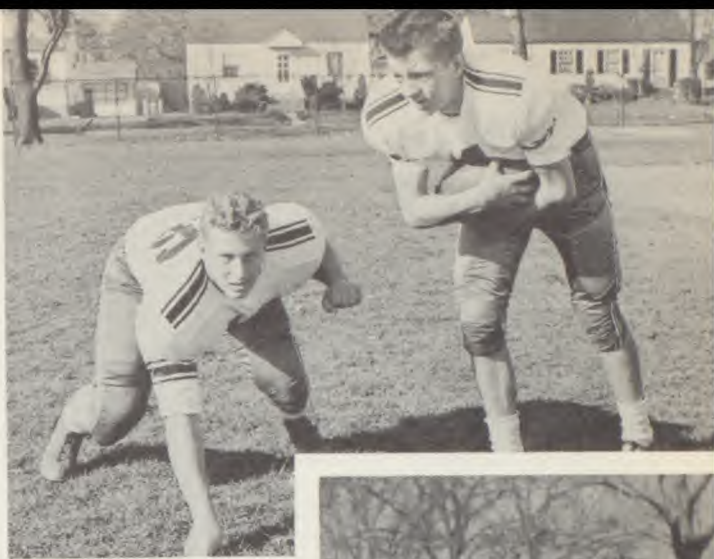

The flu hit the team in the first few weeks of the season, resulting in the loss of two of its first three games. From that point, the Bulldogs went on to win their remaining six games without too much difficulty. The win over Highland Park, our traditional Thanksgiving Day rival, made two successive victories over the Owls for the first time in the history of the rivalry.

Tup Perry, Joe Prehodka, and Dick Groben received all-state mention while Gordie Hoagland and Don Burns received all-county recognition. This was the first time that Metuchen has ever put so many players on these teams.

Perry, a senior, was a terrific lineman who was termed by Coach Conti as "the best line-

man I ever coached." Prehodka, a junior, played end and was one of the leading pass receivers and extra point kickers in Central Jersey. Groben, the county's outstanding passer and a formidable runner, was another sparkplug in the offense. Hoagland was the team's leading scorer and ground gainer. Burns was voted by his teammates as the most improved player on the squad, and he showed his ability in the Highland Park game.

Other players who did a noteworthy job in the line and played their last game on Thanksgiving Day were Leiss, James, Jackson, Grabenstetter, Williams, and Rasmussen. In the backfield were Lindquist, Molineux, Ammon, and Grushewsky.

The squad was coached by George Conti, Reno Zinzarella, and George Hartland who molded a squad of eager boys into a smooth-running gridiron machine. Metuchen need never be concerned about fielding a spirited, clean-playing eleven as long as such coaches supervise its teams.

## Varsity Club

The achievement of second place in the state meet at the end of the season changed an otherwise mediocre season for the cross country team into one to be proud of. Coached by Mr. John Cassell, the team consisted largely of sophomores and juniors and only one senior, Norman Dinnsen. The team finished with a five and seven record.

Jeff Martin was chosen as the most valuable runner to the team, while Dinnsen was pointed out as the most improved.

Coach Cassell said that lack of depth hurt the squad, but the boys' hard work and determination compensated for it. This year's experience, he said, should make next year's squad one to watch.

## *The Bulldog's Bark*

The Bulldog's Bark is Metuchen High School's student-run newspaper. To qualify for the staff, an applicant must take a journalism course which deals with essentials of the newspaper business. This course is offered each fall, after which an examination must be passed.

The new staff member has a choice of working on any of the four pages. Page one consists of news articles while page two deals with editorials and junior high news. Timeless features and humorous articles may be found on page three, and page four handles all sports news. Reporters work with one of four editors. They are the Editor-In-Chief, the Associate Editor, and the Feature and Sports Editors.

Other editors include the Exchange Editor who gathers news from other schools, and the Art Editor who is in charge of cartoons and any other art work. The Copy Editor reads material before and after the "Bark" goes to press; his job is to see that all errors are corrected before the final edition is released.

Since its organization in 1948 by Miss Lieber Anker, faculty adviser, the Bulldog's Bark has soared to new heights. Last year at the Columbia Scholastic Press Association Convention, it ranked with other first place entries for the fourth successive year.

In May 1957, an active chapter of the National Honor Society, sponsored by Miss Anne W. Hydo, was added to Metuchen High School's extra-curricular offerings. Previously, membership in the Society had consisted merely of having one's name read at graduation ceremonies and receiving a certificate and "key" at that time.

In its new capacity, N.H.S. expended considerable effort to prepare its first induction at which time juniors and additional seniors were

added to the original eleven members. Faculty, administration, and Board of Education members also participated in this impressive ceremony.

Students are elected to the Society by a faculty council on the basis of scholarship (juniors must be in upper 5% of class with a 90 or better average; seniors, in upper 10% of class with a minimum of 87), evidence of leadership, outstanding character, and service to others.

# Basketball

The best record in Metuchen High's basketball history was the result of the efforts of this year's squad. The regular season's performance of fifteen wins and two losses ranked among the better records in the state.

Another feat of Coach Jim Kelly's squad was to bestow the first defeat upon Highland Park's Owls in 23 years of basketball competition with that school.

With Adolph Grabenstetter, Joseph Leiss, and Jimmy James, seniors, and Robert Alexander and Joseph Prehodka, juniors, as team mainstays, the Bulldogs were able to win the last nine games on their schedule.

Metuchen won double victories over Sayreville, Scotch Plains, Dunellen, South Plainfield, St. Mary's and Carteret, and single victories over Woodbridge, South River, and Highland Park. The two early defeats were at the hands of Sayreville and Somerville.

Although Cecil Jackson was unable to play this year because of illness, it should be pointed out that his 910 points scored in two and a half years of varsity competition has set the all-time scoring record for M.H.S. Jackson made his presence felt on this year's squad by appearing on the floor with his former teammates and sitting on the bench during the games.

Adolph Grabenstetter, with 301 points, was high scorer for Metuchen and one of the leading scorers in Central Jersey. Alexander followed with 254 points; Leiss and James scored 220 and 170 points respectively.

(Editor's Note: As this book was going to press, the team was about to play in the state tournament.)

Under the expert guidance of Coach John Cassell, MHS's indoor track team performed in meritorious fashion at the New York University Meet in New York City in which the best high school athletes from the New York area competed.

Jeff Martin garnered 3rd place in a field of 141 runners in the Novice Mile while Mackenzie Davis finished sixth in the Novice 600-yard run. In the 1000-yarder, James Miller placed 11th. Jeff Martin also stood out by placing 4th in the mile run at the Middlesex County indoor championships.

Other notables in the Bulldog track picture were Gary Hager, Donald Eigenbauer, Robert Watson, and Henry Aubin, who was elected captain of next year's team.

Row 1, left to right: Jeff Martin, Mackenzie Davis. Row 2: Robert Watson, Gary Hager, James Miller. Row 3: Michael Botwinick, Henry Aubin, John Matuzza, Donald Eigenbauer. At right: Coach John Cassell.

## Indoor Track

## Baseball

Metuchen High's baseball team, under the able guidance of Coach George Hartland, is looking forward to a successful season.

Four of the five leading hitters of last year's team are returning. They are Robert Kossick and Joseph Leiss, seniors, and Richard Groben and Sal Puca, juniors. Kossick is considered one of the best outfielders in the area while Leiss and Puca either pitch or play the outfield. Groben guards third base.

With some able JV players coming up, the varsity squad should have balance and team strength.

Last year, Donald Burns did a laudable job on the mound while David Lapp was an excellent hitter. Other prospective squad members are John Uchrin, Richard McMillan, Nick Cherasaro, and Adolph Hanzl, all infielders. William Ammon should be an asset either on the mound or in the outfield.

(Editor's Note: The Blue Letter went to press before the season had begun.)

First row, left to right: Robert Watson, Sal Puca, William Ammon, John Uchrin, John Matuzza. Second row: David Lapp, George Perry, Adolph Hanzl, Robert Kossick, Robert Kelly. Third row: Donald Burns, Joseph Prehodka, Geoffrey Sisko (Manager), Richard Groben, Stephen Bonk.

# Teen Canteen

Recognizing the recreational needs of the youth of Metuchen, the Metuchen High School Parent-Teacher Association and the Junior Chamber of Commerce have jointly sponsored the formation of the newly organized Metuchen Teen Canteen. Mr. David Montgomery of Philip J. Levin Affiliates of North Plainfield arranged for the use of the former Acme Building as the location of the canteen.

Prior to the official grand opening on January 25, several months were spent by canteen members in scrubbing, plastering, sanding and painting in order to transform the building into a teen-age center. Donations from townspeople and various organizations have made possible the furniture and recreational facilities.

The governing body of the organization consists of a board of directors elected by the members. Dale Owens was elected president. Others elected were Bailey Molineux—first vice-president, Maryann Buckewicz—second vice-president, Gail Muccilli—secretary, and Robert Kelly—treasurer.

Class representatives include Eleanor Gotthardt, Larry Hutson, Trudie Poppendieck, Stacy Weeks, Bonnie Clarke, James Miller, Susan Buckewicz, and James Disario.

The board, which worked independently under advice from the Youth Advisory Council, prepared a constitution and by-laws.

The canteen has been maintained through various fund-raising projects, such as special dances, a performance of the Senior Play, and a Tag Day.

# SENIORS

Left to right: Class President Bailey Molineux, Vice-President Fred Kieser, Secretary Mollie Nestler, Treasurer Glenn Davis, Student Council President David Lapp.

# Class History

"Seeing those kids coming out of school now," a senior was saying, "I can't believe we were ever that young—reminds me of our Freshman Dance, our very first project."

"I don't think I'll ever forget 'Blue Heaven' with its glittering pink stars," said the other, "or the Latin Club initiation followed by the Roman banquet. I don't know if my toga resembled a Roman's, but my appetite sure did."

"How vulgar! Can you recall our class officers? I only remember David Lapp as president."

"Well, you'd better not let Gary Hager or Margaret Berry or Norman Dinnsen know that you forgot about their valiant efforts to improve our class."

"Ah, we were but frolicking freshmen then, ignorant of the cold, cruel world—carefree and young, oh, so young . . . but soon, we became sophisticated sophomores . . . then we'd show them!"

"Oh, did we show them! That was the year we were launched into double sessions—no more late hours to do those things that one always does . . . ah, what memories!"

"Do you remember those biology labs and Oscar? You know a rumor went around that Oscar was a modern sculptor's conception of Mr. Kilian."

"Really? Well, one never knows. Say, what was the theme of our Sophomore Dance?"

"Paris After Dark."

"I remember now. Boy, if *that* was Paris after dark, I'd hate to see it during the day!"

"Why must you always be so cynical? Don't you remember the beautiful murals Diana Wolf drew?"

"Well, if you must get aesthetic! Wasn't this the year Bailey Molineux took the presidency?"

"Uh-huh, and our other officers were Bruce Arbeiter, Margaret Berry, and Lynda D'Andre. Remember the excitement when Marsha Shapiro was elected vice-president of the Student Council and the new high school was approved for a mere \$1,930,000?"

"I hope you realize I could've bought a new car for that money. The nerve of some people!"

"That's quite enough. Don't you realize that the new high school will improve our education, our evaluation, our situation?"

"Hmmmmm, speaking of evaluation, remember last year, those new mats in the gym, new curtains on the windows, etc., etc., etc."

"Well, smarty, it just so happens that those things were ordered in advance. They just happened to arrive during that April week. Last year was a big year, though. We had our own cheerleaders: Kay Bohnsack, Ginny Holliday, Irene Loughman, Cathy Murphy, Barbara Serenska, and Phyllis Steidler. Lynda D'Andre was chosen captain of the twirlers and Christine Hahl drum majorette. The highlight of the year came, however, when we learned that David Lapp was elected President of the Student Council."

"Wasn't that the year we had a little gang trouble?"

"Shhh! The Junior-Senior prom, 'Moonlight and Roses' was so romantic, don't you think? Our editors were chosen around then too, Carol Gurshman of the Bulldog's Bark and Harriet Lehrer of the '58 Blue Letter. After basking in our glory all summer, we returned the following September to assume our long awaited role as the illustrious seniors of Metuchen High."

"By the way, didn't the school burn?"

"Stop it! The first induction ceremony of the National Honor Society was held this year . . . and Mr. Schmidtchen resigned after being in Metuchen for twenty-two years. And how could anyone forget the terrific job Bailey Molineux did as Sheridan Whiteside in 'The Man Who Came to Dinner,' not to mention the rest of the cast. I'm the last one to be biased or anything, but it was the best Senior Play ever."

"I must admit, it wasn't bad. While you're reminiscing, don't forget 'Operation Nostalgia,' our Senior Dance. You must have been all choked up when you saw all your old memories drawn on the wall."

"I think you're awful, you cold-hearted beast! You don't realize that these are the best years of your life."

"Maybe you're right, dear, maybe so. Come on, let's go down to the Teen Canteen. I'll treat you to a handkerchief."
