We, the class of 1971, would like to express our appreciation to a woman, who with great vitality has devoted her time and effort to the improvement of Metuchen High School. Most important, she has shown great sensitivity towards the needs of the students. Some of her innovations, which provide for new courses and the independent study program, instill initiative, incentive, and responsibility in the students. As a former advisor to the Bulldog's Bark and Scriblerian, she has contributed to the developments of the creative talents of those students under her guidance. It is with great pride that we dedicate the 1971 Blue Letter to Mrs. Marcia Holtzman.

The teacher who walks in the shadow of the temple, among his followers, gives not of his wisdom but rather of his faith...

For the vision of one man lends not its wings to another man.
